Santa Anna Is The Best Cotton Market This Side of Temple

The following is a little story about our cotton market. Monday this week Archie Sharp, a truck driver in Coleman, came to this city with three bales of cotton and sold them to one of our livewire cotton buyers, J. O. Martin, for 22.10. He was offered 19 cents in Coleman, so the story goes. The cotton belonged to D. G. Glasson and W. T. Simpson of the Coleman country. Mr. Archer made them this proposition, I will take this cotton to Santa Anna, if you will give me one half of all the money I receive over 19c, the deal was made and Mr. Archer was in Santa Anna in a short time calling for bids on the cotton. He received a bid better than \$15 per bale than he was offered in the other city. Several other Coleman cotton men were here this week, marketing cotton.

FRESHMAN REPORT

As you notice we are late with our report, but we freshman have been so busy we have not had time, but anyway if we do not know any more than the majority of the school think we can't be held responsible.

They may be green but the saying goes, "Every dog has his day" and as it happened we were just a little behind the rest of S. A. H. S.

Some of us were present at the game Friday and more wanted to go but we didn't feel physically able to walk but our hearts were with the team.

The class met Wednesday afternoon of the second week of school and the following officers were elected: President, Thady Caton, Secretary, Thelma Martin, Treasurer, Sam Polk.

If you want to know what a quiet bunch we are, first ask Miss Undine, she can tell you.

Do not be surprised if we do not have a report every week because we have lots of work to do being as we are just starting our career in life.

Some of the Freshman and Sophs that did not get to go to Brownwood Friday visited the future Freshman Friday afternoon.

A few of the pupils in our class are noted for asking foolish questions, especially Pat in Algebra class.

What was the excitement in the study hall Monday morning about the foot ball? We have forgotten. Ask Miss Poole and Frank, perhaps they know.

E. P. EWING SERIOUSLY INJURED IN GIN

E. P. Ewing, one of the ginners at the Turner Gin is suffering from the loss of an arm. Mr. Ewing's arm was caught in the saws of a gin stand, while he was operating at a stand last Monday morning. He was rushed to the local Hospital and the arm was amputated just above the elbow. Several minor scratches were reported on the face and neck of his body. At this time

COTTON GOODS MILL CUTS PRICES THIRD ON ENTIRE OUTPUT

Manchester, N. H.—A reduction of 33 1-3 per cent in the price of manufactured cotton goods was announced by the Amoskeag Manufacturing company of this city. The present weekly production of the company, which employs 10,000 operatives in its cotton department, is 4,000,000 yards. Fear that the cotton market, already unsettled because of heavy cancellation orders, might reach a condition similar to that which has forced the closing of the company's woolen department, is given in the announcement, as the reason for the price reduction.

HIGH SCHOOL BOX SUPPER SUCCESS SATURDAY NIGHT

The box supper given for the benefit of the foot ball team of Santa Anna High School on last Saturday night was a grand success in every detail. Seventy-five dollars was taken in and the grand prize, a big box of candy to the prettiest girl, was awarded to Miss Lois Harkey.

A splendid musical program was also rendered, using some of the talent from the school.

The boys are trying to make a record for Santa Anna in the foot ball department. It is the duty of us all to help them in every way.

AMERICAN LEGION

Confidence that the drive of the American Legion for \$350,000 to complete the Kerrville Hospital for tuberculous soldiers will be made a smashing success by the American Legion Posts of Texas, is held by Legionnaires throughout the state. This campaign was originally handled by a committee appointed from the War Risk Tubercular Hospital Association headed by Dr. C. W. Goddard, former State Health Officer and now University of Texas physician for men. At a meeting this week in Austin with members of Travis Post No. 76 of Austin, and Charles W. Scruggs, State Adjutant, the Legionnaires took over the campaign to complete the construction of this Hospital for former service men who are now victims of the white plague, and are already waging an aggressive campaign.

The drive for the Tubercular Hospital will conclude at eleven o'clock on November 11th, at which time the quota obtained by each and every Post in the state of Texas must be in the office of the campaign headquarters at Austin. The minimum amount which each Post is asked to raise in its community, is \$200.00. The Beaumont Post has already raised \$1,000.00 as its contribution to this worthy cause.

The names of all Posts contributing to this project will be placed on a bronze tablet upon the Administration Building of the Tubercular Hospital at Kerrville, and the Post names will appear in the order in which they received that is, the

AROUND THE WORLD WITH THE AMERICAN RED CROSS. Repatriating Prisoners.

When hostilities ceased there were in the hands of their German captors millions of prisoners of war of all Allied countries, the terrible plight of whom is well known to all the world. Red Cross workers, carrying relief supplies of clothing, medicines and supplementary foodstuffs, penetrated the Central Powers as soon after the armistice as the military authorities would permit, and the work of getting the prisoners started back to their own countries was soon begun. In this photograph a group of these men are seen packed up and restored to something like normal health, awaiting the train that will carry them out of bondage.

The Christian Endeavors met at the home of Mr. and Mrs. Chas. Oakes on last Thursday evening for their Sept. social, and if you would judge one's good time by the noise they make, well they had one ripping time. They played many and varied games dear to the "fun" age, interspersed with piano music. The hostess assisted by Louise Boyd and Yeva Oakes served sandwiches, cake and tea. At a late hour they bid the hostess good night and thanked her for such a lovely time.

DONATIONS

Thousands of country merchants actually believe that when they give the country printer an advertisement, or an order for a lot of sale bills they are just donating that much money to the printer.

Wrong again.

The man who figures that he has "donated" all he can afford to the printer, and decides he "won't have anything this week" is just losing sales and profits that he might have. It doesn't pay to try to do work yourself that others can do for you better and cheaper. No one can reach the customers of the merchant better or cheaper than can the printer and publisher of a country newspaper.

Post first to send in its quota will be first, and so on down the line.

Presentation of Victory Medals to all service men and women will be made with formal ceremony on Armistice Day, Nov. 11th, and will, according to plans now being worked out, mark the biggest Legion day of this year. Every service man is urged by Department Commander Guy O. Shirey to obtain at once through his nearest recruiting officer, Red Cross Chapter, or American Legion Post, the necessary forms which must be forwarded to Philadelphia for the issuance of the Victory Medal.

This ordinarily takes three or four weeks, and all men who have not yet obtained their medal, should take immediate action to see that they obtain this acknowledgement of a grateful nation for their splendid service during the Great War.

The hostess served a dainty refreshment plate of potato chips, nut sandwiches and ice tea to the following: Mesdames Nettie Mitchell, L. O. Garrett, C. W. Woodruff, A. R. Brown, W. F. Kirkpatrick, Ed Baxter, Sam Childers, G. W. Faulkner, Will Collier, Ross Kelley, Virgil Kelley, J. O. Martin, A. U. Weaver, L. W. Hunter, J. W. Robertson, Ben Parker, L. B. Baker, Roger Hunter, Chas. Ervin and W. I. Mitchell.

Fred Turner was in Ft. Worth this week, on business.

Santa Anna High School Loses Game To Brownwood High

EARL DRUMOND GREATLY IMPROVED

Earl Drumond, who happened to a near serious accident, last Saturday is doing fine at the local Hospital, and is expected to be out and at work in a few days.

Earl Drumond, his wife and her brother William Perry, were all living at the same house, a few miles from here. Last Saturday morning William Perry lost his mind and made an attack on Drumond, stabbing him in several places over the body, before he could get away. Perry then left the house and ran over to a neighbor's house, stating that he was in trouble. The neighbor could see there was something wrong and talked to Perry, in this way holding him until W. D. Taylor and Chas. Holt arrived to take charge of him. He was taken to Coleman and turned over to the proper authorities.

There had never been any trouble whatever between the two boys, prior to this.

The cause of Perry losing his mind is not known. There was never a case of this kind in the family history, so the boy's father stated.

WILLIAMSON WELL STEADY FLOW OF OIL AS DRILLING WAS RESUMED ON MONDAY

Drilling was resumed in the Williamson well Monday afternoon; the intention now being to go down a few feet further, after which the well will be left alone or shot. All day Monday there was a steady flow of oil from the well into the large receiving tank and this kept going at a steady gait to day. It is believed the flow will increase as the depth of the well is increased. Those who claim to be posted on such things say the well is the best producer yet found in this territory.

AUTO RAN OVER SMALL BOY HERE SATURDAY

Last Saturday during the rush of the afternoon, while the traffic was the heaviest, Mrs. Bob Jones and children of near Coleman Junction, were crossing the street in front of the State Bank. Mrs. Jones looked up and saw Lavel Alford and another boy, both about 16 years old, on them with an auto, her little son Robert, not seeing the auto stepped forward about a couple of steps and was struck with the front wheel, the rear wheel passing over him. Medical aid was given him at once. At this writing he is doing nicely.

The Merry Wives Club, with a few invited guests, were very delightfully entertained at the home of Mrs. Dennis Kelley last Thursday afternoon. The home was decorated for the occasion with beautiful cut roses and dahlias. As usual the ladies had plenty of hand work and the hostess served the most delicious ice cream and cake.

Misses Lydia and Marjorie Grésham and Norman Locks, of Brownwood, were guests in the home of Be u Vinson and family.

Santa Anna High Eleven journeyed to Brownwood via auto, accompanied by a crowd of boosters. There were some ten or twelve cars of boosters, to meet the Brownwood Eleven. Santa Anna played a good football game in spite of the fact that the opponents having much fresh material to run in every few minutes. Miss Marie Looney, Senior Sponsor, kicked the opening kick of the game. The Brownwood Eleven did not out play the locals, but had fresh men to put new life into the team. The penalties on Brownwood were greater by a large mark than on the Santa Anna team. Brownwood being penalized one time half the distance of the field for unsportsmanlike playing on part of one of the Brownwood boys who kicked and roughed Chaney after he had made a pass. Santa Anna practically had the game won until last quarter when a fumble and two forward passes of Santa Anna's were intercepted by Brownwood. At end of third quarter the score stood 7 to 6 in favor of Santa Anna and then Brownwood thru luck began their fireworks for three more touch-downs, making the score 27 to 7 in favor of Brownwood. High Watson and Gray were the stars of the B. H. S. While Chaney, who made the only touch-down for S. A. H. Lowe, Allen and Crenshaw did great work. Santa Anna should be proud of the showing the boys are making and come out and support them. Gipson, McClelland and John Raney did splendid work in the line. The team was somewhat hindered in the line on account of absence of the big tackle, Bowers who has been out of the line-up on account of having to assist in farm work. The team will be strengthened greatly for the next game as there are two or three old men coming back to school, and some changes in the team positions. Coaches Burleson and Madden expect to put Chaney in quarter-back position and Lowe, former quarter-back, at full.

Santa Anna's line-up was Chaney, F. B., Lowe, C. E. Crenshaw, R. H., Allen, E. H. E. Raney, L. E., McClelland, E. E., W. Gassett, L. T., R. Gassett, R. T., Raney, L. G., Jones, R. G., Gipson, C.

SANTA ANNA THE LEADING COTTON MARKETING CENTER

For years Santa Anna has enjoyed the reputation of being the best cotton selling center of the county. . . Her reputation is so well established that none in the county will dispute this claim.

This year as in years past she is sustaining this well earned honor. Santa Anna business men and bankers believe in the rule of live and let live. . . They stand for the square deal to the farmer and prove by their acts that they are the friends of the producer.

You will find no cotton buyers ring in Santa Anna. . . Here the merchants buy the cotton and work independently and competition is strong. They are willing for the farmer to have the full value of his products and they believe under these conditions the farmer will buy his supplies from them and pay the merchant a reasonable profit thereby making the transaction to the mutual benefit of all interested.

As a ginning center Santa Anna is surpassed by no place in Texas. Four big modern gins running night and day are well able to handle the ginning of all who come to the town. Their cotton, quickly and satisfactorily. . . The merchants of the town are pleasant, sociable, courteous gentlemen. Their stocks are large and they have the seasons best selections and they may well be proud of their offer.

Lots of Money

More Money coming to Santa Anna Banks than ever before and more to come.

It's the correct system. . . Bank the money and draw checks.

We appreciate the Good Will of our friends. . . Old friends and new are coming in every day.

We are always open for Reciprocal relations—we always try to be as good to any man as he is to us, and Then Some.

TAKING A CHANCE

"I always did play in luck," declared a friend to the writer the other day.
 "Well, what's happened now we asked.
 "O, nothing happened at all," he said, "and that's the trouble! It was this way. I went in to buy a dime worth of cheese the other day and I paid the grocer a man my dime but didn't get an cheese."
 "You don't say so."
 "Yes, I do say so. He put the dime in the drawer, lifted up the lever and whacked down but didn't clip any of the cheese. I looked up at him and he said 'jes' unlucky, my friend, jes' unlucky!'"

When I called for an explanation he said, "It's this here way, cheese is so high that you have to set the gauge mighty thin and it won't clip anything only about every other time. You didn't get anything this time, but a fellow just has to take his chance you know."
 A man can swig a quart of liquor out of a jug without spilling a drop, but he can't pour a dipper of water in the tea kettle without putting out the fire.

Now and then you will find a dear old soul who had rather patch trousers than to try and mend the ills of the government.

If wearing the yoke of an oppressor is any worse than having to wear a jagged-edged collar like the laundryman always wears back, every man ought to be a revolutionist under the automatic flag.

There are two sides to every question—the one you are on and the wrong side.

A man's best friend is the one who gets mad at him before borrowing anything.

Drinking water killed a man a few days ago, but advocates of this "beverage" are going to offer a pitiable excuse just because the fellow swigged down a few drops of wood alcohol with it.

Every time you see a man with long chin whiskers and another with a bald head, we are reminded of the fact that the distribution of hair must have been undertaken without any thought of personal appearance.

Mother might not always be particular about the habits of the girl she picks as a chum for her daughter but she will always see to it that she isn't good looking.

Another reason why it is better for a woman to buy a sack of rotten potatoes than to marry a sorry man, is that it is whole lot easier to get rid of the potatoes

Some women love cats, some love dogs and now and then you will find one that can tolerate a man.

Grand Mamma: "Oh, Papa, did you know that the church ladies were here this afternoon and asked Marjorie to sing where the River Shannon flows?"

Grandpa Dad: "No, I didn't know it, but she has my consent, I'd rather she would sing it there than at home."

Some crops might not need fertilizing, but you'll notice that hair grows better on a man's chin than on his head.

MEXICAN PAPERS STRONG FOR FAIR

Herald Texas Exposition as Great Trade Opening.

Heralded by newspapers throughout Mexico as an event of national importance, the Mexican National Exhibit at the State Fair of Texas—October 9 to 24—promises to be a revelation to those who have overlooked the art, the romance and the beautiful traditions of the land of our southern neighbors. For the exhibit will abound not only with examples of Mexico's industrial and agricultural progress, but will contain relics and works of art that will be the center of attraction to hundreds of art lovers who will visit the Fair. In fact, one of the big features of the entire State Fair program will be the band of the Estado Mayor. This band ranks high among the musical organizations of the entire world and is well known to readers of musical journals. Nearly a hundred highly trained musicians comprise this band.

From a standpoint of commerce, the papers of Mexico have devoted page after page to impress upon their readers the importance of this exhibit. It is pointed out that this is an opportunity which must not be overlooked to establish better relations with business men of the United States. A typical newspaper story devoted to this exhibit appeared in a recent issue of "Excelsior" of Mexico City. The article, in part, follows:

"The Mexican exhibition of natural and manufacturing products, to be shown in Dallas, Texas, at the State Fair this year will be more complete and interesting than any other shown in any foreign country.

"At present the Texas State Fair is one of the most important in the American Union. All producers of the United States, and merchants in general, exhibit their products, without omitting any effort to enlarge the market for their products. Every available space, where this great State Fair is going to take place, has already been taken and every indication is that this exposition will surpass all previously shown.

"The city of Dallas has become the large distributing center of great importance in the Southwestern section of the United States. Nearly all the leading American enterprises have branches in Dallas and transactions are conducted on the same line as at headquarters."

The paper urges that Mexico send its very best products to the Fair paying particular attention to the art collection which will be brought here.

The importance of the exhibit to American industry can be readily seen when one realizes that it is through the medium of the Texas Jobbing house that the majority of trade will be conducted with Mexico and it is expected that this alone will bring hundreds of Eastern manufacturers and industrial heads here during the Fair.

THE RETORT COURTEOUS.

"I'm not in business for my health," he sneered.

"I guess not. If you were taking on flesh the way you're grabbing off profits you'd be able to give Sandow a battle in a week."

THE CASE STATED.

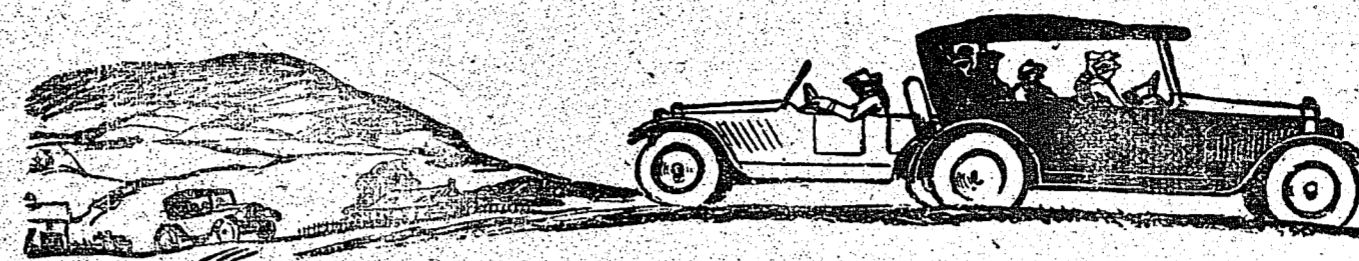

"Some of our troubles are paradoxical."

"Such as what?"
 "We're in a pickle through the sugar shortage."

STAYING OVER FOR A YEAR.

"Wife wanted to move May 1, as usual."

"Did you?"
 "No, had good luck for once. She couldn't find a place to move to."

Look at the roads for twenty miles around on a Sunday

THERE isn't any "country" any more. The automobile has brought the most remote settlement almost as close to the center of things as the next county was in the old days.

II

To hear some tire dealers talk you might think that nobody knew anything about tires except the fellow from Broadway.

That's not the basis we go on.

We give every man credit for knowing *what he is spending his money on*, whether he drives up here in his small car from ten miles out in the country or is passing through from the capital in his limousine.

III

That's one thing we like about U. S. Tires.

They make no distinction between the *small car owner* and the owner of the *biggest car in the country*.

It's all the same to them. So long as a man owns an automobile—large or small—he's entitled to the very *best tire* they can give him.

Quality has always been the *outstanding feature* of U. S. Tires. There's no *limit* on the U. S. guarantee. All U. S. Tires are guaranteed *for the life of the tire*.

IV

We have given a lot of thought to this tire proposition. There is some advantage in being the representative of the oldest and largest rubber concern in the world.

Drop in the next time you're down this way and let us tell you some interesting facts about tires.

STORK SIDED WITH ITALIANS

Famous Bird Seemed to Play Favorites in Race for Supremacy in French Colony.

A seeming discrimination by the stork is responsible for Tunisia, in North Africa, remaining a French protectorate instead of becoming a French colony. The French occupied it in 1881, but when they entered the district it already was sparsely settled by Italians. These were vexed at the French attempt at colonization and sent back home for more recruits. And then they called upon their ally, the stork.

The French families were slow to grow. The expansion of the Italian families knew no limits. Their children increased as the leaves on the trees. More Italian immigrants came; more Italian babies were born. Where the stork visited a French home once, it visited that of the Italian neighbor five times, until finally the French gave up the struggle. They sold their lands and returned to France. The Italians remained and continued to multiply. And so it is that today the French protectorate is virtually an Italian colony.

ALL THE SIGNS

"The rich elderly wife of that young man pampers her husband, pets him, won't let him out of her sight, takes him in her carriage, feeds him up—"

"Yes, he must lead a dog's life of it."

THE PROSPECTS.

"Do you think you will have a successful war garden this year?"
 "Well, between one neighbor's dogs and the other one's chickens, I think we have a fighting chance."

"In Silk Attire My Lady Goes"

FORTUNE and Fashion we know are alike, but they are too wise to turn the cold shoulder on a very good thing, and so those new weaves in silk and fiber silk that made their first success in sports apparel have departed from the main traveled road in several directions. They are counted upon for handsome afternoon dresses, for formal suits and especially for new evening gowns and coats. Their high luster and their suppleness, together with the great variety of weaves and beautiful colorings, make them unusually effective in evening dress.

Two new creations as pictured above show their adaptability to formal dress. A handsome afternoon gown at the left shows a crossbar pattern in two colors made by a plain and crepe weave. In a one-piece garment with a wide, crushed girde of plain baronet satin. The design is distinctly new with a drop skirt of the same material as the overdress and a panel of plain satin like the girde, set in at each side. It opens at the left side where a double row

of small satin-covered buttons do their make-believe part while the real work is done by snap fasteners. The opening discloses a narrow panel of plain satin and edges are piped with satin. The long, straight sleeves have deep cuffs that flare a little and a single row of buttons proclaims this novelty. The crossbar pattern is less pronounced in the frock itself than in the photograph, the colors illusive and beautiful, making a changeable effect in the silk.

A brocaded and crossbar pattern, in lighter colors (American beauty and natter blue in this particular coat) is employed in the handsome evening coat at the right of the picture. The big collar and side panels are of plain blue satin, and the same color appears in the lining. Evening coats furnish a promising field for these colorful and lustrous silk weaves and it has only begun to be exploited.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable, of
Coleman County—Greeting:

You are hereby Commanded to summon Mrs. E. J. Marcus, a widow, Floyd Marcus and Melvin Marcus, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Coleman County, to be holden at the Court House thereof, in Coleman, on the 24th day of November A. D. 1920, then and there to answer a petition filed in said Court on the 24th day of September A. D. 1920 in a suit, numbered on the docket of said Court No. 2438, wherein Mrs. V. A. Marcus, a widow, is Plaintiff, and W. A. Marcus, Abe Hood, Walter Hood, Ralph Hood, Mrs. Willie Heine and husband, Heine, whose initials to Plaintiff are unknown, Mrs. Dollie Phillips and her husband, Phillips, whose initials to Plaintiff are unknown, Mrs. E. J. Marcus, a widow, Floyd Marcus and Melvin Marcus, are Defendants, and said petition alleging in substance:

That heretofore, to-wit: On, or about the 1st day of September, 1920, she was lawfully seized and possessed of the following described land and premises in Coleman County, Texas, holding and claiming the same in her own separate right and as her sole and separate property and in fee simple, to-wit:

All that certain tract of land described as follows: 64.66 acres, Beginning at the N. E. cor. of said block No. 1 on North line of Survey No. 719, in name of James Diell, a stone mound from which a L. O. bears S. 49 1/2 degrees W. 84 1/2 vrs. Thence West with North line of said survey No. 719 200 vrs. to the N. W. cor. on East line of G. H. No. 24, Section No. 4 a stone mound from which a cluster of L. O. stumps (burned) bears N. 17 degrees W. 52 vrs. a L. O. tree N. 71 degrees E. 290 vrs. Thence South with West line of Survey No. 719 at 360 vrs. cross branch at 994 vrs. in all to a corner in channel of Indian Creek. Thence down said creek with its meanders to a corner from which an elm tree on South bank of said creek bears S. 45 degrees E. 4 vrs. Thence South

87 1/2 degrees E. 149 4-10 vrs. to the E. line of said Block No. 1, a stone mound from which a Mesq. bears N. N. 35 degrees W. 17 3-10 vrs. Thence North at about 100 varas cross Indian or Hog Creek 812 vrs. to the place of beginning. Bearings marked X.

That on the day and year last aforesaid, the Defendants unlawfully entered upon said premises and ejected this Plaintiff therefrom and unlawfully with-hold from her the possession thereof.

That the Defendants and each of them are asserting some right, title, claim or interest in and to said land and premises and Plaintiff alleges they have no right, title or interest therein.

Wherefore, This Plaintiff prays judgement of the Court that Plaintiff be cited to appear and answer this petition and upon a hearing hereof that she have judgment recovering the title and possession of said land above-described vesting in her the fee simple title thereto, cancelling and annulling any and all pretended or asserted claims of Defendants. That he have her writ of restitution, judgment for all costs of suit, and for such other and further relief, both special and general, at law and in equity, to which she may be entitled.

Given Under My Hand and the Seal of said Court, at office in Coleman, Texas, this the 24th day of September A. D. 1920.

You Are Cordially Invited

To visit our interesting and instructive exhibit at the Dallas State Fair, Oklahoma State Fair, Oklahoma City, Cotton Palace, Waco. We invite all our thirty thousand former students, their friends, and those interested in America's largest business Training School to visit our booth in the Exposition Building, and see our splendid exhibit which has won first honors at state fairs, in four different states. Our exhibit will be interesting and educational to old and young. We will have demonstrations on some of the most modern office appliances which are taught in our school, exhibit of student's work in Bookkeeping, Business training, Short-hand, Typewriting, Business Finance, Penmanship, Cotton Classing and Telegraphy. A visit to our exhibit will show you why we have the largest school of the kind in America, you will see clearly why it is that we can make you a more practical and thorough stenographer in three and one-half months with the famous Byrne Shorthand than other schools teaching other systems can in seven months, and why it is with our original copyrighted system of Bookkeeping and Business Training we can give you a course of both Bookkeeping and Business Training in less time than other schools teaching other systems can give you a mere theoretical course of Bookkeeping, and why it is that our practical department of Telegraphy, the largest in the United States, with a loop of the Cotton Belt train wires, giving every message to our students every station blank and record book that is used by the Western Union or the Cotton Belt Railroad, turns out practical operators and station men; and why is it that we can place our graduates in good positions and have more calls than we can fill; also investigate the practical manner in which we teach cotton classing.

Write today for catalogue and read what we guarantee to give you, what our former students say we have given them, and what their employers say of their efficiency. Get facts and you will decide at once the kind of education you want and the place to get it.

Mayor of Dallas Invites All Texas Children and Teachers to State Fair

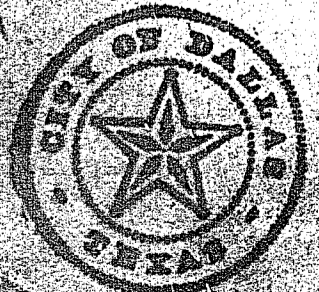

MUNICIPAL BUILDING
CITY OF DALLAS
FRANK W. WOZENCRAFT, MAYOR

To the Children of Texas and Their Teachers: September 9, 1920

As a firm believer in, and friend of, education, I want every pupil and every teacher in Texas to visit the State Fair. I want them to learn the lessons it teaches and to have the fun a visit will afford. I have asked Honorable E. J. Klost, President of the State Fair, to let me invite all the children of Texas and their teachers to visit the Fair as my guests and Mr. Klost, with his ever-present desire to help accomplish worthwhile projects, has granted my request. I take this means of extending you an invitation and I am going to be disappointed unless all of you accept.

The day set aside is Friday, October 15. If you will write to Mr. W. H. Stratton, Secretary of the Fair, Dallas, Texas, and tell him how many tickets your school can use, he will send tickets admitting you to the grounds and to the afternoon performances at the Coliseum and the grand stand. Tell you have to do is to write to Mr. Stratton for the tickets. Of course, the tickets will not be good any day except Friday, October 15, and I am going to look forward to meeting all of you personally at the Fair that day.

Frank W. Wozencraft
Mayor of Dallas

"THE DEVIL'S PASS KEY"

"The Devil's Pass Key," a Universal-Jewel production by Erich von Stroheim, the directing genius of "Blind Husbands," generally pronounced to be one of the greatest photoplays of several years, comes to the Best Theatre on Oct. 6th and 7th.

Von Stroheim's latest screen production is founded upon the story "Clothes and Treachery," by Baroness DeMeyer. The scenario was prepared by von Stroheim himself and the drama has been produced with unusual realism.

Sam de Grasse, who played the husband in "Blind Husbands," has in "The Devil's Pass Key" the part of a talented American author living in Paris with his young wife, who gets deeply in debt to an unscrupulous modiste. This woman expects the girl to get a rich lover to pay her bills and introduces her to a wealthy young American army officer. The American realizes the young wife is unsophisticated and helps her out of her difficulties.

The husband, unaware that his wife is the principal figure in this scandal, which has reached the columns of a society newspaper, bases a play on the story and has it produced in Paris. Then the plot takes on several situations not dreamed of by the innocent author.

Others in the cast are Clyde Fillmore, Una Trevelyn, Maude George, Leo White, Ruth King, Mae Busch, Jack Mathews and many others.

WOMEN HAVE CONDEMNED LEAGUE OF NATIONS, SAYS GORE

Washington, Sept. 15.—The votes of mothers have gone against the League of Nations, as indicated in the Maine elections, is the opinion voiced today by Senator Thomas P. Gore of Oklahoma.

"The paramount issue is to draft disaster. Nobody favors the league that understands it," said the Senator.

"The women of Maine have read it. It is no wonder about the women. It is no marvel about the mothers. They are not willing to mortgage the pound of flesh nearest their hearts.

"They are not willing to sign this bloody bond which is a first lien upon the life of every boy beneath the Stars and Stripes.

"He was blind indeed who had not already seen the black shadow of the Maine elections visioned upon the horizon."

County School Superintendent J. C. Griffin, who had planned to go to Jayton, Texas, to become superintendent of Jayton schools, has declined the position and will go to Lampasas to engage in the work of county agricultural agent. His family will remain in Coleman.—Coleman Democrat-Voice.

"TERROR ISLAND"

A succession of hair-raising stunts, declared to be beyond belief until seen with your own eyes, feature "Terror Island" the Paramount Aircraft screen melodrama starring Houdini, which will be shown at the Theatre for 2 days commencing Oct. 13th next. The exploits of the famous self-liberator before the camera are said to be even more baffling than those which he demonstrated on the vaudeville stage.

A well developed story has been written around Houdini's feats by Arthur B. Reeve and John W. Grey. It presents Houdini as the inventor of a secret submarine device with which he hopes to salvage the cargoes of wrecked ships. However, thru his meeting with a girl whose father is a captive on a South Sea island, Houdini is forced to put his invention to work sooner than he anticipated. Clashes with the native islanders, in which Houdini makes all sorts of unbelievable escapes while under water from safes and packing boxes, a fight with a diver on the ocean bottom, as well as several feats of magic that mystify the audience as much as they do the South Sea natives on the screen are only a part of the program of thrills.

Lila Lee is the leading woman, and the picture is directed by James Cruze.

Miss Lizzie Walters, who is attending Howard Payne in Brownwood, was up visiting home folks.
