

English Royal Couple To Fly To Bermuda

By HAL COOPER
LONDON (AP)—Flying weather fit for a queen was forecast for the start tonight of the six-month round-the-world Commonwealth tour by Elizabeth II and her husband, the Duke of Edinburgh.

Security guards at London airport kept a 24-hour watch over the American-built Stratocruiser Canopus before its takeoff for Bermuda, by way of Gander, Nfld.

20 Die Violently During Weekend

At least 20 persons died violently in Texas over the weekend, 11 in traffic mishaps.

Six were shot to death, two drowned and one was fatally stabbed. Latest deaths included: Leonardo Rivera, 23, was killed Sunday night when his car went off a highway near El Paso.

Two Dallas duck hunters, Maurice Young, 36, and Amos Baril, 47, were drowned late Saturday when their boat overturned in Lake Dallas.

Howard County commissioners this morning were planning final steps for securing right-of-way for improvement and extension of Fourth Street east and west of the city limits.

Ralph Proctor, commissioner of Precinct No. 1, said that 13 property owners have signed deeds for right-of-way in the west end. He said two others are expected to complete trades shortly, and that three owners of property may or may not sign.

Extraordinary precautions were taken to safeguard the flight. Eight destroyers of the British and Canadian navies were spaced out across the North Atlantic for a radio watch of the 2,400-mile flight to Gander.

Two Royal Canadian Air Force bombers will provide a flying escort for the last 90 miles of the Atlantic hop and will accompany the Canopus for the rest of the way to Bermuda, where it is scheduled to land tomorrow morning.

The Queen will make her annual Christmas day broadcast from New Zealand. She and her husband will keep in touch with their children, Prince Charles and Princess Anne, by means of voice recordings flown to London every few days.

The party will cover a total of about 50,000 miles. The Queen will make her annual Christmas day broadcast from New Zealand. She and her husband will keep in touch with their children, Prince Charles and Princess Anne, by means of voice recordings flown to London every few days.

Czechs Flee in Plane

FRANKFURT (U)—Two Communist-baiting Czechs who flew a tiny plane over the Iron Curtain to freedom were safe in American hands in West Germany today. They landed southeast of Regensburg yesterday after a 2 1/2-hour flight from Prague. Czechoslovakia guards opened fire as it swooped into West Germany. Neither the plane nor the men was hit.

Munich Becomes Haven For Jews Leaving Israel

MUNICH, Germany (U)—This Bavarian city, a chief center of anti-Semitism in the Hitler era, today is an unwilling haven for hundreds of Jews.

In little more than a year, almost a thousand East European Jews have come here from Israel—dissatisfied with life in what they once regarded as the Promised Land.

They hope Munich is only a temporary stopover on the way to North or South America.

The refugees, most of them Polish-born, say they were unable to fit in with Israel's present-day "pioneer conditions" and couldn't find jobs in Israel or adapt themselves to the climate.

They came to Munich because the one remaining camp for displaced Jews in Germany is at nearby Foenrenwald. Almost all of them entered Germany illegally. They're in for rough times here. German authorities plan to close down Foenrenwald by next spring.

Jewish aid organizations here hope the refugees can be resettled in the United States, Canada or Brazil before then.

The situation became worse a couple of weeks ago when 163 refugees arrived from Israel via France. Sixty-seven of them were promptly arrested by German police on charges of illegal entry. All were refused admission to Foenrenwald, where 650 "illegal" immigrants already were living.

The new arrivals finally were granted sanctuary in Munich's Orthodox Jewish synagogue and community center building.

Then German police raided the building and arrested 65 men and two women. Other women and all the children were left where they were, although German authorities said all were guilty of illegal entry.

Those arrested were given short jail sentences—14 days or less—and warned they faced deportation.

In the meantime, the Hebrew Immigrant Aid Society is working around the clock to resettle the homeless Jews in the Western Hemisphere while providing them with food and shelter.

A&M Head Says Ouster Closed

COLLEGE STATION (U)—Texas A&M President David Morgan says the case of a student, told to leave the campus by cadets who didn't like a letter he wrote to the college paper, has been investigated and is closed.

The Odessa student can come back, Morgan said yesterday, and "no further action is contemplated."

Morgan described the student's letter as "highly inflammatory." He said cadets who told the youth to leave exhibited "understandable indignation, but improper procedure."

John M. Clark, 20, pre-law student, said Friday 25 to 40 students had told him to leave school because of remarks about A&M he had made in a letter published in the Battalion.

Clark said he'd criticized "childish actions" of A&M students.

The threatening group intimated if he didn't leave he might get "shoved around, more or less," Clark said.

He said they packed his belongings, put them in his car and gave him gas money to "get home." A group of students followed him in cars to make sure he went, Clark added.

Morgan said in party: "The student wrote a highly inflammatory letter. The letter aroused other students who have a high regard for the college and for its rich heritage."

"With understandable indignation, but improper procedure, certain students decided that they were morally obligated to ask him to leave. He was therefore asked to leave and readily did so with their assistance in packing and loading his possessions into his car. Their monetary contribution was accepted. The entire procedure was orderly."

"The student may return at any time since he is still enrolled at the college."

21 Hurt As Town Struck By Tornado

PANAMA CITY, Fla. (U)—Residents of Woodville, a small north-west Florida community, cleared up debris today after a roaring Sunday morning tornado which smashed six homes and left 21 injured.

Another twister ripped across two south Louisiana parishes (counties) a few hours earlier, destroying 28 homes and injuring one person.

Most of Woodville's 100 residents were at home when the storm hit at 8:40 a.m.

Many of those whose homes were leveled by the Louisiana twister escaped injury because they were attending a church fair. The narrow twister raced across Lafayette and St. Martin parishes, striking heaviest near Broussard, a small farming town.

1,000 Philadelphia Gang Members Jailed

PHILADELPHIA (U)—Determined Philadelphia police—deluged with complaints of rowdiness by youthful mobs in recent weeks—drove ahead with a crackdown on teen-age gangs today after rounding up more than 1,000 youngsters over the weekend.

Capt. Howard E. Leary of the Juvenile Aid Bureau and Police Commissioner Thomas J. Gibbons said the police will "harass and hunt these gangs until they make up their mind to settle down, be good citizens and stop bothering others."

The comments came in the wake of the unprecedented weekend roundup which saw 625 youngsters taken into custody from one police division in the northern section of the city while raiding squads in other parts of Philadelphia brought in more than 400 boys and girls.

Gibbons said increasing complaints of beatings, holdups, and robberies by young toughs "who hang around sleazy poolrooms, taprooms and all-night diners in-

stead of staying at home and doing something constructive" prompted the crackdown.

Inspector John F. Driscoll headed a special detail of 90 policemen and 24 policewomen who picked up the teen-agers.

Even as the raid was going on, Gibbons disclosed, four youths mugged a 45-year-old woman, held her prisoner and criminally assaulted her. Found walking barefoot on a dead-end street three hours later, she was admitted to the Einstein Medical Center suffering from shock and bruises.

Driscoll said a large quantity of guns and switch-blade knives were scooped up by police. The City Council recently passed an ordinance outlawing the knives.

Fifty policemen were used to herd the teen-agers into patrol wagons for trips to one precinct station and then to another until available cells were found to lodge them.

Leary said 250 youths "whose acts were not in good taste" were processed by his unit and then released in their parents' custody. Most of the others also were released in their parents' custody, he said, after a stern warning to stop assembling in gangs.

Bus Incident Held Reason In Dismissal

WASHINGTON (U)—The Air Force says it is dismissing a Philadelphia Negro along with 6,500 other airmen because of budgetary limitations—not because he refused to sit in a segregated section of a Southern bus.

The National Assn. for the Advancement of Colored People (NAACP) cited the case of Lt. Thomas Williams of Philadelphia in charging the Air Force is reprimanding Negro officers who ignore "Southern Jim Crow practices."

Clarence Mitchell, NAACP director here, said in a statement yesterday that this amounts to disobedience of Supreme Court decisions outlawing segregation in interstate travel.

But an Air Force spokesman said last night the bus incident had nothing to do with Williams' dismissal. The spokesman said he was among 6,500 airmen being let out because of budget cuts. He said the 6,500 were chosen because it was felt their release would least disrupt the effectiveness of the Air Force.

Mitchell said Williams, a pilot in training at Craig Air Force Base, Ala., refused to sit in a segregated section of a bus en route from Florida to Alabama.

He said Williams' dismissal was approved at a Pentagon meeting last Thursday despite a request by the NAACP for a review.

Expensive Bracelet Found In Taxicab

ST. LOUIS (U)—Taxi driver Joseph Koser found a bracelet wedged between the side and back seat of his cab.

He took it home and tossed it in a dresser drawer. Mrs. Koser wore it around the house while cleaning, both thinking it was a piece of costume jewelry.

But yesterday Koser read a newspaper story about the loss of a \$10,000 platinum and diamond bracelet. He called the owner, Mrs. Albert Greenburg of Tulsa, Okla., who identified the bracelet and gave Koser a \$100 reward.

"I can sure use the money," Koser said. "Santa Claus will get it." He was off work seven weeks in a cab strike here.

Peru, Colombia Squabble On Asylum Given Revolutionist

By CARL HARTMAN
WASHINGTON (U)—A kind of a bush league cold war, between Peru and the Colombian Embassy at Lima, has been laid in the lap of the Inter-American Peace Committee.

In a diplomatic note incorporating details, Colombian Foreign Minister Evaristo Bourdila asked the five-nation committee—the United States, Cuba, Argentina, Mexico and Brazil—to do something about it.

The trouble, said Bourdila, all started on Jan. 2, 1948, when Victor Raul Haya de la Torre, a Peruvian political leader known as a left-winger but not a Communist, sought and gained asylum at the embassy.

The Peruvian Police were after him for his part in a revolution that failed—a predicament most Latin Americans sympathize with. The Colombians did, but not Peru.

All sorts of things, said Bourdila, began to happen:

Workmen came, saying they had to make sewer repairs, dug a ditch around the embassy and went away. But the ditches are still there. One diplomat's car got stuck behind them for months.

Searchlights illuminate the building all night, making sleep-difficult enough, what with motorcycle patrols roaming around—practically impossible. Not long ago some men entered the garden and trimmed the trees. The branches interfered with the searchlights, they said.

Nobody goes in or out—they can't drive up because of the ditches—unless he identifies himself to the Peruvian police, who occupy neighboring houses.

Colombia says it will take any solution that would guarantee Haya's safe exit from Peru and bring peace to its diplomatic corps. But Peru won't grant a safe-conduct.

The International Court of Justice at the Hague, says Peru, ruled the asylum has no legal standing. On the other hand, reports from Colombia, it also ruled Haya does not have to be surrendered.

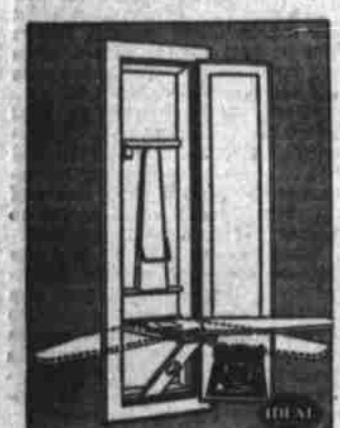

That was two years ago. Attempts to work out a compromise since have failed, the most recent only last week. It was suggested that the two countries agree to turn Haya over to Brazil, Colombia consented, Peru wouldn't.

The peace committee has agreed

to consider the case, asking both Washington. This much progress sides to appoint representatives in has taken nearly three weeks.

Recipes For Varying Thanksgiving Food

"My family insists on a traditional main course for Thanksgiving dinner. But they enjoy starting with something different, and they do like a light dessert. What would you suggest for the beginning and ending?"

So many times we get this request!

Quick as a bunny, we offer our answer. Make the first course a tray of pretzels and a dip. Serve it in the living room with the family's favorite holiday punch. Try our recipe for a simple cream cheese dip and get yourself an assortment of pretzels. Pretzels come in all sizes and shapes these days, from rings to sticks. They'll keep everyone busy munching while you're left in peace and quiet in the kitchen to take that grand and glorious turkey out of the oven and make the gravy.

For Dessert, Orange Pumpkin Chiffon Tarts made with evaporated milk instead of rich cream. Traditional in flavor, but airy as a cloud, delicate and delectable.

CREAM CHEESE DUNK

Ingredients:
2 3-ounce packages cream cheese
Light cream
3 tablespoons chopped chives
1 tablespoon Worcestershire sauce
Salt to taste

Method:
Mash cream cheese with a fork. Blend gradually with enough light cream to make dunking consistency. Beat in chives, Worcestershire and salt. If chives are not available season the cream cheese mixture with finely grated onion (pulp and juice) and add a little

finely chopped parsley.

ORANGE PUMPKIN CHIFFON TARTS

... for meal's end

Ingredients:
1 envelope unflavored gelatin
¼ cup cold water
3 eggs (separated)
1 cup sugar
1½ cups canned solid-pack pumpkin

½ cup evaporated milk (undiluted)
2 tablespoons orange juice
½ teaspoon salt
¼ teaspoon ginger
¼ teaspoon nutmeg
¼ teaspoon cinnamon
2½ tablespoons grated orange rind

6 tart shells (baked in pans about ¾ by 1½ inches),
8 orange candy slices (if desired)

Method:
Soften gelatin in cold water in large mixing bowl. Blend egg yolks with ¼ cup of the sugar in top of double boiler; now blend in pumpkin, evaporated milk, orange juice, salt, ginger, nutmeg, cinnamon and orange rind. Cook over boiling water, stirring constantly and vigorously, until thickened—about 8 minutes. Remove from heat. Add to gelatin and stir until gelatin is dissolved. Chill until mixture begins to thicken. Beat egg whites until they hold a soft peak. Add remaining ¼ cup sugar gradually; continue beating until soft and glossy. Fold into pumpkin mixture lightly but thoroughly. Spoon into baked tart shells. Chill until set—4 to 5 hours. If orange slices are used, garnish tarts with them at serving time.

Chocolate Crisps Are Just Right For The Cookie Jar

Your kids will love these chocolate cookies. They're the nearest thing we know to the chocolate candy bar with crisp crunchy rice cereal in it that small fry adore. And they're so easy to make!

In our directions for preparing the cookies, we suggest that you drop the cookie batter by level

teaspoonfuls; this way you get a really substantial-sized cookie. But on the occasions when you're not putting them in the cookie jar for the kids' after-school snacks, but are serving them to the grownups with evening coffee, you might want to make them a little smaller.

Another tip: oldsters will like a pecan garnish on the cookies, but for the younger generation, you can leave them plain or decorate with pieces of semi-sweet chocolate or bits of cherry.

CHOCOLATE CRISPS

Ingredients:
1 cup sifted flour
2 teaspoons baking powder
¼ teaspoon salt
2 squares (2 ounces) unsweetened chocolate
½ cup butter or margarine
½ cup sugar
1 egg
1 teaspoon vanilla
1 cup oven-popped rice cereal
Pecan halves

Method:
Sift together the flour, baking powder and salt. Melt chocolate and butter over hot water. Remove from heat; cool slightly. Beat in sugar thoroughly. Beat in egg and vanilla. Add to sifted flour

mixture with rice cereal; mix well. Drop by level teaspoonfuls onto greased baking sheets, a few inches apart. Place a pecan half in the center of each cookie. Bake in moderate (350°F) oven about 12 minutes. Cool slightly before removing from sheets with wide spatula. Makes 34 cookies.

Spark Waffles With Cranberry Toppings

Waffle irons were not made to leave standing on a shelf! Every time we go into a kitchen and find a waffle iron or some other electric appliance beyond reach in a high cupboard, we feel like starting a crusade. Our goal would be to inspire, encourage or browbeat women into keeping such sensational meal-getting aids right where they may be seen and used.

So if you are one of the ladies who has her waffle iron hidden away, here's persuasion. Waffles are such versatile morsels of golden-brown goodness. Bracing for breakfast. Lovely for lunch. Delectable for dinner. Use a mix for their batter; or start from scratch. Then go to town in the way you serve them. Just to start you off, here's what you can do by teaming waffles with that unusually fine product—canned cranberry sauce.

Let's start with breakfast. It's Sunday morning? Hashers of crisp bacon, slices of ham or rich sausage links browned in a skillet—nothing, to our mind, tastes quite as good for breakfast with waffles. Accompany this combination with glistening Cranberry Orange Topping—prepared in a minute, heated slowly so flavors blend lovingly. Bring on the strong hot coffee—and taste, taste, taste!

But now it's luncheon. The girls coming for bridge? The family usually home on Saturday? Then start this noon meal with a chowder and pilot crackers; go on to salad; end with gingerbread waffles. On these molasses-and-spice tempters spoon a taste trio of cranberry

sauce, applesauce and raisins enlivened with a dash of cinnamon and silvered toasted almonds. Enrapture your audience still more, if you like, by adding a drift of whipped cream.

And so to dinner. Make the menu that All-American favorite—fried chicken, green peas and waffles. This time top the waffles with Hot Cranberry Butter. Good? Simply scrumptious!

CRANBERRY ORANGE TOPPING

Ingredients:
One 1-pound can jellied cranberry sauce
¼ cup orange marmalade

Method:
Crush cranberry sauce in the can with a fork by inserting fork through center of sauce in the can and slowly stirring until texture becomes saucy. Spoon into saucepan. Stir in orange marmalade. Heat slowly until hot. Spoon over crisp buttered breakfast waffles.

HARVEST TOPPING

Ingredients:
One 1-pound can jellied cranberry sauce
½ cup canned applesauce
¼ cup seedless raisins (rinsed in hot water and drained)
¼ cup silvered, blanched toasted almonds
¼ teaspoon cinnamon

Method:
Crush cranberry sauce with a fork by inserting fork through center of sauce in the can and slowly stirring until texture becomes saucy. Stir in applesauce, raisins, almonds and cinnamon. Chill several hours before serving. Spoon over hot gingerbread waffles for dessert.

HOT CRANBERRY BUTTER

Ingredients:
One 1-pound can whole cranberry sauce
½ cup butter or margarine
¼ cup brown sugar

Method:
Put cranberry sauce, butter and brown sugar in a saucepan. Heat to boiling, stirring to blend ingredients. Serve piping hot over waffles served with fried chicken.

Make Sugar Cookies With A New Twist

Here is a recipe for sugar cookies that have a different twist, these are brown sugar cookies. For a taste change, try them.

BROWN SUGAR COOKIES

Ingredients:
2 cups sifted flour
¼ teaspoon baking soda
1 teaspoon salt
1 teaspoon cinnamon
¼ teaspoon allspice
½ cup shortening
1½ cups firmly packed brown sugar
1 egg
¼ cup light corn syrup
1½ teaspoon vanilla
½ cup buttermilk
1½ cups ready-to-eat bran
¼ cup coarsely chopped walnuts

Method:
Sift together flour, baking soda, salt, cinnamon and allspice. Cream shortening and sugar. Add egg, corn syrup and vanilla; beat well. Stir in sifted dry ingredients alternately with buttermilk. Stir in bran and walnuts. Drop by level teaspoonfuls, a few inches apart, onto greased baking sheet. Bake in moderate 375 degrees F. oven 12 to 15 minutes. Makes about five dozen cookies.

MINCEMEAT COOKIES

This cookie recipe can be varied to make mincemeat cookies with little fuss and lots of good taste in the result. Simply add 2-3 cup moist mincemeat with bran and walnuts.

A chunky slice of a good quick bread makes a nutritious snack for children and is a nice change from cookies. This honey bread with raisins is simple to mix and tastes wonderful with spread cream cheese.

Use Reheated Rice

Serve reheated rice as a vegetable and have plenty of gravy or butter or margarine to go along with it. Or top the reheated rice with creamed food.

Make The Holidays Gay With Apples

Make the most of apples at holiday time. Such a crisp, crunchy, comfortable fruit!

Serve apples our top-favorite way when guests drop in—or for just the family. Shine the rosy red fruit until it gleams, place it on a lazy susan or a tray and offer it with Basic Roquefort Spread or Dip.

To make the Roquefort accompaniment we allow a quarter to a half pound of Roquefort and a half pound of cream cheese to stand at room temperature to soften. Next we work them together with a wooden spoon and then force smooth. After that we thin with cream or mayonnaise—the amount depends on whether we are making a spread or a dip—and add dashes of Worcestershire sauce and celery salt. We serve our best fruit knives with the apples and let everyone cut his own slices to spread or dip into the luscious Roquefort mixture. Our eaters are always mad about this combination! We think yours will be, too.

Another delicious way to use apples is to put them in a relish, ladle it into small jars, decorate gaily and pack into Christmas boxes for your best friends. Make

the relish now and give it time to set so you'll have time to sit during the holiday rush!

APPLE RELISH

Ingredients:
4 cups prepared apples (about 3 pounds ripe apples)
7 cups sugar
¼ cup vinegar
¼ cup finely chopped nut meats
¼ cup seedless raisins (rinsed in hot water and drained)
¼ bottle liquid fruit pectin

Method:
First, prepare the apples: Core and grind about 3 pounds fully ripe apples. Measure 4 cups into a very large saucepan. Then make the relish: Add sugar, vinegar, nuts and raisins to fruit in saucepan; mix well. Place over high heat; bring to a full rolling boil constantly. Remove from heat and at once stir in liquid fruit pectin. Skim off foam with metal spoon; then stir and skim by turns for 5 minutes to cool slightly, to prevent floating fruit. Ladle quickly into hot sterilized glasses; cover relish at once with ¼ inch hot paraffin. Makes 11 medium glasses.

Giblet Gravy Inevitable With Turkey

For some it isn't Thanksgiving without giblet gravy. Here's a good recipe for making it:

GIBLET GRAVY

Ingredients:
3 tablespoons pan drippings
3 tablespoons flour
2 cups water, broth or milk
Salt and pepper
Chopped giblets
Sliced hard cooked eggs if desired

Cover giblets with water and simmer in a covered saucepan until tender. Drain the giblets and chop. Pour the pan drippings into a bowl leaving the brown residue in the roasting pan. Let the fat rise to the

top and skim off. The meat juice under the fat should be used as part of the liquid. Place 3 tablespoons of the fat back in the roasting pan. Add flour and blend well. If desired, brown the fat and flour slightly to give additional color and flavor. Add liquid all at once. Cook constantly until uniformly thickened. Season to taste. Add chopped giblets and sliced hard cooked eggs.

Brunch Suggestion

Here's something pretty and good-to-eat for Sunday brunch. Line individual baking dishes with thin slices of broiled ham; fill with Creamed chicken and heat in the oven. For a golden-brown top, put the dishes under the broiler for a minute. Garnish with sprigs of parsley.

Pedestrians May Applaud This Woman's Defense Of Their Rights

One thing a great many motorists apparently do not know or care about is the fact that when a pedestrian makes a fair start across an intersection and the light changes against him in mid-career, he retains the right of way until he reaches the safety of the opposite curb.

Criticism Might Well Go Beyond Individuals And Inanimate Things

Nobody in Soviet lands may criticize the government or its acts, or question the wisdom or fitness of any policy the government may promulgate. Rank and file party members may be criticized for individual shortcomings, or for deviation from the party line, and bureaucrats may catch it hot and heavy for any malfunction.

press and speech. It provides an outlet for anger that would be directed straight at the government if criticizing the government itself wasn't forbidden under pain of exile or death.

White Case May Be Merely A Beginning Of Sensational Play

WASHINGTON — The case of Harry Dexter White as revived by Attorney General Herbert Brownell Jr., may in spite of all the sensational headlines of recent days be only in its beginning phase.

Parts of the memorandum opposing forced labor as reparations were, in the fashion of the time, leaked to a favored columnist and quoted. The author of the memorandum was accused of being "soft" to Nazism and the Germans, a crime then more or less equivalent to being "soft" to communism today.

Women Praising Men; Could It Be Chivalry?

A Mother's Kiss

Clutching her son with both arms, Mrs. Dickenson kisses Cpl. Ed Dickenson on a plane ramp as the repatriated prisoner of war reaches Washington on his way home to Cracker's Neck, Va. "My Son! My Son! Bless the Lord," the mother cried as she held him in her arms. The father, Van Buren Dickenson, and a sister, Rose Helen, 17, were also at Andrews Air Force Base to greet the corporal. He had once decided to stay with the Communists in Korea, but later ask for repatriation. This picture was made by AP staff photographer Harvey Georges. (AP Wirephoto).

Celebration Greets Dickenson At Home

By DON WHITEHEAD
CRACKER'S NECK, Va. (AP)—Cpl. Ed Dickenson was greeted and happy today after a homecoming celebration that continued into the wee hours and swept away any doubts he might have had about how his people would welcome him. There was a forgive-and-forget air around the little hillside cabin where his family and friends greeted him with a warm affection which bewildered even young Dickenson. He could only grin when asked how he felt about it. He planned to sleep, eat the home-cooked dishes he likes best, and map his future that has been fuzzy ever since he decided he preferred life in his homeland to life among the Communists. Dickenson was one of 23 American soldiers who were listed as having refused repatriation in Korea. But then he left the other 22 and hailed to freedom a month ago, saying he hadn't acted sooner because of death threats. Dickenson 23, said he would re-enlist in the Army after his present 30-day furlough. But last night he hinted he might stay in the hills he left three years ago to enter the Army. "I've got a lot of thinking to do about it," he said. A neighbor commented: "When he sees how we feel, I think he'll stay." His 73-year-old father, Van Buren Dickenson, said: "I'm going to knock it out of him his going back into the Army. We need him at home and I don't think it would be right for him to leave again." Dickenson ended his 10,000-mile journey from a Korean prison camp last night and walked straight into a rousing, almost hysterical welcome from brothers, sisters, in-laws and friends who had trudged up the hillside to the family home. He stepped from a car into a

Anslinger Says New Penalties Pay Off In Drug Sale Cuts

WASHINGTON (AP)—The chief of the Federal Narcotics Bureau said today stiffer penalties for suppliers is paying off in decreased narcotics addition among teen-agers. Commissioner Harry J. Anslinger told a Senate subcommittee investigating juvenile delinquency that the former average prison sentence given to the seller of narcotics of 18 months now is 42 months.

Anslinger gave this summation of present conditions: "As a result of our intensified efforts... we are now able to report positive proof of a decrease in the availability of drugs and a consequent drop in addition of youths under 21. The number of juvenile patients being treated for addiction has declined and fewer juvenile users are coming to the attention of the authorities. The problem remains serious, of course, as long as there are any youthful addicts."

Out of 250,000 cases of juvenile delinquency of all kinds in 1952—robbery, sex crimes, and all other—between one and two per cent were narcotic offenses, Anslinger said. The subcommittee is headed by Sen. Hendrickson (R-N.J.), but Sen. Keftauer (D-Tenn.) acted as chairman as today's session started.

pouring rain after a 15-hour automobile trip from Washington. Men, women and children streamed out of the cabin into the rain to embrace and kiss him and to shake his hand and pound his back.

Neighbors began gathering at the house at 5 p.m. The crowd had grown to around 100 by the time he arrived five hours later. They were jammed into the four-room house so thickly it appeared the floors might collapse under the weight.

Ed's sister, Mrs. Oma Wells, and other members of the family had worked in the kitchen all day preparing food. There was a fresh-baked country ham and sandwiches, cakes and pies.

"I haven't got a turkey yet, but we'll find one for Thanksgiving," the elder Dickenson said.

Perhaps the happiest two people in all the throng were the father and mother, Van Buren and Bessie Dickenson.

"I haven't been able to sleep or eat good for three years, worrying about that boy," Van Buren said. "But feel fine now. I think this coming home has done me more good than a bushel of medicine."

And Mrs. Dickenson said: "I guess this is the happiest day of my life."

The father and mother went to Washington as guests of the Bristol Herald Courier to meet their boy. They left Washington early Sunday after he had received a quick medical clearance at Walter Reed Hospital.

Local Students To Attend Session On Traffic Safety

Thirteen student and adult representatives from Big Spring will attend a conference Tuesday in Snyder on youth traffic safety. Delegates will attend the meeting from cities over the West Texas area. The session is for District 10, which includes cities between Abilene and Odessa and between Brownfield and San Angelo.

Students attending the meeting will join in panel discussions on traffic safety. Purpose is to study specific ways to encourage sound traffic practices in each school and community.

The local group will leave Big Spring about 7:30 a.m. in four automobiles. The conference, which will be directed by Charles Romine, principal of Abilene High School, will last all day.

Local adult representatives will be Roy Worley, Mayron Shieles, Trust Johnson, Jack Everett, George Oldham, F. D. (Red) Williams, and Alton Underwood. Students include Tom Henry Guin, Anne Gray, Glenn Rogers, Donnie Bryant, Tommy Pickle and Don Anderson.

Ear Is Injured

K. K. Coffman, Coahoma, suffered an ear injury in a fall at the Ace of Clubs about 12:10 a.m. Sunday, sheriff's officers reported. He was treated for the injury at Cowper Hospital.

One Army source pointed out that "crimes such as this against children are very rare in the area. It was a veiled indication that investigators may be searching for an American youth or man as the killer."

A former Japanese houseboy in the Rothchild home was picked up by CID agents in the housing area Saturday night and questioned until about noon yesterday. Then, after establishing an alibi which was considered "virtually airtight."

One theory of investigators was that Susan was killed by someone she knew and trusted. They pointed out that her bicycle was found upright on its own parking stand about 10 feet down the path from where her body was found.

They believed it possible that she got off the bicycle, parked it, and then walked down the path with the killer. Investigators admitted, however, that it was possible that the killer may have set up the bicycle.

Mrs. Rothchild was confined to her bed today and both parents were described as "completely broken up by the tragedy."

Dawson
Beal and associates No. 1 J. H. Adkins, 1,980 from south and east lines, 20-35-5n, T&P survey, is a new rotary wildcat about three miles southeast of Lamesa. It will be drilled to depth of 9,500 feet and is located on a 120 acre lease. Operations are scheduled to start Friday.

Glascock
Strawn Drilling Company of San Angelo No. 1 Harvey Keys, 338 from south and west lines, 56-30-W&NW survey, is a wildcat location about 15 miles northeast of Garden City. It is on a 160 acre lease and will be drilled by cable tools to 3,000 feet, starting Dec. 15.

Howard
Texas Pacific Coal and Oil No. 1 Helen Virgil Little, C SW NW, 11-32-2n, T&P survey, was unofficially reported as having unloaded from 7,000 to 8,000 feet of free oil with no water on a drillstem test between 9,285 and 9,950 feet. Observers said the tool was opened at 3 a.m. this morning and gas surfaced in 10 minutes. Tool was immediately closed to avoid danger of ignition. At daylight the tool was reportedly reopened and oil was unloaded. There was no flow. Test unofficially proved out an additional 38 feet of pay section. Previous test between 9,275 and 9,900 feet had recovery of free oil. The No. 1 Little is about a mile north of the same firm's No. 1-A Spencer, which was the Silurian-Devonian discovery well.

Georgia Tech Is Reported Invited To Cotton Bowl
KNOXVILLE, Tenn. (AP)—The Knoxville News-Sentinel said today the Georgia Tech football team has been invited to play in the Cotton Bowl at Dallas Jan. 1.

The story said the Tech squad voted in Atlanta today on whether to accept the invitation. In Atlanta, Tech Coach Bobby Dodd declined the offer.

Tech has a 7-2-1 record, losing to Notre Dame and Alabama after battling Florida to a scoreless tie in an early season game. The Yellow Jackets close their campaign Saturday at Atlanta against Georgia.

It would be Tech's second appearance in the Dallas classic. Texas beat Tech, 14-7, in 1943. Three Southwest Conference teams still are in the running for the host team berth. They are Rice, Texas and Baylor with identical 4-1 conference records.

This would be Tech's third straight bowl junket. Tech defeated Baylor, 17-14, in the 1952 Orange Bowl at Miami and crashed Mississippi, 24-7, last Jan. 1 in the Sugar Bowl at New Orleans.

High Award Goes To Local Scout
Pat Hussey, son of Mr. and Mrs. Pat Hussey, 403 Westover, Sunday evening received one of the highest awards in Scouting.

His mother pinned on him the God and Country award which his pastor, Dr. P. D. O'Brien, had presented.

Dr. O'Brien, in his presentation talk, highlighted a few of the many things which Pat had done to earn the award won by few in Scouting. Although provided by the Boy Scouts of America, the badge may be given only by the Scout's own church for work done in conjunction with the pastor.

A number of fellow Scouts were on hand to share in the brief ceremony at evening worship services at the First Baptist Church.

Two Are Hospitalized Following Accidents
A man injured while working and a woman who broke her arm at home were hospitalized here over the weekend. They were T. D. Tyler, who suffered a burn while working for Johnson Oil Company, about 11 p.m. Sunday, and Mrs. Kate Legate of Vealmore, who fell and fractured her arm. Mrs. Legate, 84, is at Malone and Hogan Hospital. Tyler, who resides at Trailer Inn, is being treated at Big Spring Hospital.

Opening Day Event Establishes Record
A state record, and possibly a new national mark, was established Saturday at formal opening of the new Conoco Service station operated by Jimmie and Jarrell Jones at 18th and Gregg.

Conoco officials reported that "gallons" of gasoline sold during the opening day event far surpassed the previous record in Texas, and there is a possibility that a new nation-wide mark was established, with the total exceeding 12,000 gallons for the day.

\$100 Fine Assessed
Roy M. Hubbard pleaded guilty to charges of driving while intoxicated and has been assessed a \$100 fine and three days in the county jail.

CRASH
(Continued From Page One) p.m. in the 1200 block of West 3rd, a car driven by Tom H. Stephens, 802 San Antonio, was in collision with another driven by Ferman Boyde Steadman, Box 628.

Two cars were hauled off by wreckers Sunday night following a collision in the 2400 block of Gregg Street about 2:10 p.m. Drivers involved were William Penrod, San Antonio, and Willie McKeenan, 1500 Scurry.

Around midnight Sunday an International Truck ran into a cement post on Gregg Street near Donald's Drive In. Report was made by William Ray Bethany.

WHITE

(Continued From Page One)

tending the investigation, Jenner asked Brownell to summarize FBI reports on some of White's associates in government, giving the dates these reports were sent to top officials.

At today's hearing the subcommittee planned to put in its record data along these lines about V. Frank Cox, Harold Glasser, Victor Perlo, Solomon Adler and possibly others.

Cox, Glasser, Perlo and Adler all are former employees of the Treasury Department's Monetary Research Division, once headed by White. Cox and Glasser later succeeded White as director of the division.

The subcommittee said at a hearing last week that Adler is one of the country and efforts to question him have been fruitless. Morris said Adler was "an important Treasury official" until May 11, 1950, when he resigned "after several clearances on loyalty."

Information requested from the Justice Department about White's former associates may help to bring a decision on whether the subcommittee will seek testimony from Supreme Court Justice Tom C. Clark, who was attorney general in 1946.

Comment continued to roll over the weekend in the wake of the investigation.

Americans for Democratic Action (ADA), which describes itself as a "liberal" anti-Communist organization, urged President Eisenhower in a letter to appoint a non-partisan citizens group to study the whole problem of national security and civil liberties. ADA said the White case threatens to make America "the laughing stock and the despair of the entire free world."

Sen. McCarthy (R-Wis) will reply in a radio-TV broadcast tomorrow night to Truman's attack, during his return to Brownell, on what he called "McCarthyism" and defined as: "the corruption of truth... the 'big lie' and the unadmitted accusation against any citizen in the name of Americanism or security."

Morris told television interviewers there is a chance the Senate investigation could lead to convictions, and that two spy rings may still be in existence.

While the subcommittee's aim is to gather facts, rather than convict spies, he said, it is "very definitely" possible that testimony could lead to espionage convictions—especially that testimony taken in closed session.

He also said Miss Bentley had testified four spy rings were operating in Washington and she was able to identify members of only two rings. She had fragmentary evidence of the other two rings, he said, and it is possible they are still operating.

"That's not saying there are two rings in the government," Morris added, "but it certainly raises the possibility that they are still in government."

Sen. Dirksen (R-Ill), told an audience in Highland Park, a Chicago suburb, "you haven't heard the worst yet" about Communists in government. He predicted the information from the subcommittee would be fully as startling as that about White.

"We knew all along about Harry Dexter White," Dirksen told a meeting of Republican clubs. "I was able to give the people an inkling in the 1950 campaign, but because Mr. Truman was sitting on the evidence and kept it from being made public, you knew little or nothing about it."

First Equipment Is In New Building
First equipment was moved into Howard County's new courthouse this morning.

A stove and refrigerator were transferred to the new building from the Home Demonstration Cottage at 311 Scurry. No date has been set for moving any other equipment or for the transfer of county activities from the old to the new courthouse.

Standard First Aid Course Starts At Hospital Here Today

A standard Red Cross first aid course was started this afternoon for nursing trainees at Medical Arts Hospital.

Mrs. Fred Brodt, Red Cross first aid instructor, in conducting the classes which will be held daily from 2 to 4 p.m. until the 22-hour course is completed. The 18-hour first aid course is being supplemented by four hours of civil defense instruction.

An advanced first aid class will be started at 7 p.m. Dec. 1, Mrs. Moore Sawtelle, executive secretary of the Howard-Glascock Red Cross chapter, announced today.

Leslie Snow will instruct the course which is open to all Red Cross first aid instructors as well as persons who have completed the standard course.

The advanced classes will be held at Red Cross headquarters, 108 W. 4th.

Mrs. Sawtelle also announced that the junior Red Cross roll call is being held this week in schools of Howard and Glascock counties. Dixie Boyd, junior Red Cross chairman, is conducting the roll calls, and materials will be taken to Garden City Tuesday for the program.

Service Is A Trademark Of Nalley Concern

Vigilance, combined with helpfulness and good service, has served to keep the Nalley Funeral Home, located at 908 Gregg Street, a going and growing concern in Big Spring.

The vigilance is, of course, required of such a concern because a 24-hour alert must be maintained by some of its personnel. Emergencies can, and often do, happen at any time of the day or night.

The faculty for helping others, for which personnel of the Nalley Funeral Home is famous, comes into sharp focus at a time it is needed most, in times of distress.

Good service, of course, is and always has been a trademark of the establishment.

Coy Nalley, owner and manager of the concern, has been in business in Big Spring since 1938.

He is one of two licensed morticians and funeral directors with the concern. The other is Joe Bunch, associated with the business since 1949. Bunch graduated from the Landig College of Mortuary Science in Houston in 1948.

It requires a great deal of working hours on the part of more than a few people to keep such a business operating at peak efficiency.

Others in the employ of Nalley's Funeral Home are Mrs. Coy Nalley, who concerns herself with working with bereaved families after tragedy strikes; Mrs. Joe Bunch, bookkeeper; and Marvin Cooper, ambulance driver.

Nalley's Funeral Home maintains a fleet of ambulances, including two Pontiacs, a Cadillac and a Buick.

In addition, the concern has a chapel, equipped with an organ.

Remodelling Work Is Builder's Specialty

Chances are that if you are planning to do any major repair or remodelling work on your home or business, the man to see is Charles Campbell.

For Campbell, a local contractor, deals with phases of construction and beautification that concerns both the outside and inside of buildings. He will tackle "face-lifting" jobs or start from the beginning, whichever the customer desires.

Concrete, plaster, stucco and stone work are all within the realm of Campbell's operations.

A veteran contractor, Campbell has been operating in the Big Spring area for the past 17 years. He has maintained his own business for the past 11 years and points with pride at his various work accomplishments.

A good percentage of Campbell's time now is devoted to his new stone facings. He handles both brick and murel stone in the Howard County building area, and is kept quite busy by people adding

stone facings to their frame structures.

A recent job of Campbell's in which brick facing was used can be viewed at 8th and Main Streets on the northwest corner, present offices of Dr. H. M. Jarratt. Although laid in stone slabs, the finished product looks just like brick.

The murel stone is a stucco product which resembles Austin stone, and Campbell says it is becoming more and more popular. Stone facings can be laid much quicker than individual bricks or Austin stone blocks, he said.

Specialty of Campbell is concrete work. He lays slab flooring in garages, driveways and similar projects. Foundation work is also contracted, and any color desired can be added to the concrete.

Plaster and stucco work is done by skilled labor, and the finished product is made to please whoever is having the work done. Long

years of experience are behind all of Campbell's employes.

Listed in the phone book simply as Charles Campbell, contractor, his services can be obtained by calling 4-2407 or visiting 400 Abrams. Free estimates are gladly given.

Johnson Calls For Early Consideration Of Farm Proposals

By The Associated Press

Sen. Lyndon Johnson had a call out Monday for early congressional consideration of farm legislation to stall off what he called "troubles ahead."

Johnson said in a broadcast Sunday night farmers have always been the first to be caught in the "wringing" of falling income and rising prices.

"What is happening to the farmer is just the first economic red light telling us of troubles ahead," he said.

In a radio program sponsored by the Republican State Executive Committee, one of the few women members of Congress asked more Southern Democrats to join forces with the GOP.

Mrs. Katharine St. George (R-TX) said it would be a great thing for the Republican party "if we can get more Southern conservative Democrats to come along with us."

Mrs. St. George, a relative of the late President Franklin D. Roosevelt but opposed to many of his political beliefs, said her visit convinced her that big strides had been made toward making Texas a two-party state.

She had high praise for women's organizations which she said had done more for the Republican party than any other one thing.

French Police Catch Fugitive Red Leader

PARIS (U)—French police have finally arrested Benoit Franchon, secretary general of the big Communist-dominated General Labor confederation (CGT) and a fugitive since last March.

The 60-year-old metal worker was nabbed yesterday as he left a meeting hall where, in defiance of the eight-month-old warrant, he presided over a union meeting.

He is charged with endangering the security of the state. His arrest was ordered March 24 after police raids on Red offices and the arrest of several other CGT officials.

Tax Office Cuts Urged

WASHINGTON (U)—House tax fraud investigators, tacitly admitting they expect political opposition, have recommended eliminating some of the 64 federal district tax collection offices.

The House Ways and Means subcommittee, in a third of a series of reports yesterday, said the recent reorganization of the Internal Revenue Service was "a major accomplishment."

But it said the plan, submitted by then President Truman in 1951 when tax scandals shook the bureau, was "evidently drafted in haste." As a result there were imperfections, it said, adding: "There is little need for 64 such offices."

The reorganization, approved in 1952, decentralized authority, abolished the politically appointed offices of revenue collector and created nonpolitical offices of district collector under 17 regional administrators—later reduced to nine in the Eisenhower administration.

Congressional approval came after many members of Congress raised objections to any step which would deprive them of a local revenue headquarters. There is at least one district collection office in each state, with some states having several.

Insects Are A Nuisance, But They Can Be Repelled

Nothing dampens a woman's spirit more than the sight of cockroaches swarming about her kitchen.

For so many years, they've asked, "Can't something be done to rid us of these repulsive pests?"

Something could be—and was—done about it. An amazing new product called Johnson's No-Roach now kills these crawling pests in any home, easily, effortlessly, in a matter of hours. Roaches and ants, pests that they are, are usually found near food and cooking utensils where you should not use bombs or sprays. And no need to either, when you can crush Johnson's No-Roach just where you want it around cabinets, sinks, baseboards, or wherever these bugs are found.

Johnson's No-Roach is colorless, odorless, and stainless. Insects that walk across the invisible coating become paralyzed and die within three hours. Then the coating still remains effective for months to prevent re-infestation.

If you brush Johnson's No-Roach across window sills and door sills, ants will not cross it. You may also control silverfish, spiders, and the big black bugs in your base-

ment with No-Roach. You can keep your home free of crawling insects all season long.

And for reducing fly and mosquito population, apply No-Roach to outside portions of residence such as around windows, doors, and screens.

One important point to remember, however, No-Roach is a unique formula, made only by Johnson. It cannot be duplicated.

No-Roach is available in Big Spring at Safeway, Furr Food Store, Piggly Wiggly, Red & White Stores, Cunningham & Phillips, Collins Brothers Drugs and Big Spring Drug.

Cleveland, Detroit Retain League Lead

By ORLO ROBERTSON

NEW YORK (AP)—Cleveland's unbeaten Browns, winner of nine games, can clinch the Eastern Conference title Sunday for their fifth divisional championship in the National Football League but the Western Conference race could well go right down to the final day of the season on Dec. 13.

The Browns moved within one victory of the title yesterday by edging the Pittsburgh Steelers, 20-16, and there's nothing in the books to indicate they won't chalk up No. 10 at the expense of the winless Chicago Cardinals Sunday. Detroit's Lions still held to a half-game lead over the Los Angeles Rams in the Western division after beating the Chicago Bears, 20-16. The Rams stayed within striking distance with a 21-13 win over the Baltimore Colts. And the San Francisco 49ers remained only a game off the lead after downing the Green Bay Packers, 37-7.

All three face what figures to be comparatively easy opposition this week. The Lions take on the Packers Thursday while the Rams meet the Chicago Bears and the 49ers tangle with the Colts at Baltimore. Washington defeated the New York Giants, 24-21, in the only game yesterday that had no bearing on the upper strata of the standings. On Saturday night the high-scoring Philadelphia Eagles won their sixth straight to retain a mathematical chance of catching the Browns. They defeated the Cardinals, 38-0.

The Browns had a tussle with the Steelers but, as usual, combined the pitching arm of Otto Graham and Lou Groza's toe for victory. The veteran Cleveland quarterback tossed two touchdown passes—one for 54 yards to Ray Renfro and the other for 31 yards to Darrell Brewster—and Groza kicked two field goals. The Lions came from behind for their victory with Doak Walker scoring one touchdown, kicking two field goals and adding the extra points after both tallies. Bobby Lano completed 21 passes out of 43 attempts for 241 yards.

The Rams trailed, 13-7, going into the final period. Norm Van Brocklin tied it with a 26-yard drive to Vitamin Smith. And then Herb Rich ran an intercepted pass back 44 yards for the winning touchdown.

Cage Tickets Selling Fast

Reserve seat tickets for Howard County Junior College home basketball games have been returned by the printer and are available at Dibrell's Sporting Goods Store downtown. Persons who have already purchased the season ducaats and those interested in buying them can call at Dibrell's. In the present allotment, only 19 seats in the special section remain unsold. If the demand increases, and college officials are sure it will, another area in the stands will be converted to a reserve seat section. The season ticket for 13 home games sells for \$7. In buying the ducaat, the fan not only assures himself of a choice seat for all home games of the Jayhawks but saves himself \$2.10, as well.

The coach of the winning team in the Dec. 31-Jan. 1-2 Howard College Basketball Tournament will be given a Baylor wrist watch by Dale's Jewelers, Big Spring. Watches have been given to players in tournaments in the past but this is believed to be the first time in any tournament in the southwest a coach will have been so honored. Cook's Appliance Store is donating the consolation trophy, valued at \$15. The fourth place award is being furnished by W. D. Berry and the SCVAK Telephone Company.

Davidson All But Sews Up Honors

DALLAS (AP)—When Baylor quarterback Francis Davidson threw for 198 yards against SMU Saturday he won an important game and just about sewed up the passing championship of the Southwest Conference.

It shot him to first place with a margin of 194 yards over Lamar McHan of Arkansas. Each has one more game. Davidson has thrown 134 passes and completed 65 for 993 yards and nine touchdowns. McHan has connected on 63 of 124 for 889 and five scores. Kossie Johnson of Rice appears to have clinched full-carrying honors. The Owl fullback roamed for 126 yards against TCU, bringing his total to 807 yards in 166 carries. It is 114 yards better than runner-up Dicky Moegle of Rice. McHan still is the total offense leader with small prospect of being dislodged. The Arkansas tailback has gained 1,267 yards on 259 plays and is almost 250 yards ahead of Don Ellis of Texas A&M, who has 1,019 on 274 plays. McHan also leads punters with an average of 39.6 yards on 45 kicks. Rice is the leading offensive

Finals Are Set
SAN ANTONIO (AP)—Defending state champion Texas Military Institute meets San Marcos Academy Friday night in the Southwest Academic League football finals.

Light Schedule Of Schoolboy Games Upcoming This Week

Paschal Thursday and Poly meets Arlington Heights Friday. But even though North side won and tied Poly for first place, Poly would get the title since in a 20-20 tie Poly played with North Side it led in first downs. However, if Poly should lose and North Side win, North Side would be champion.

Already in the Class AAAA playoff are Odessa, Bowie (El Paso), Woodrow Wilson (Dallas), Waco, Ray (Corpus Christi), Lamar (Houston) and Port Arthur. Odessa and Bowie will decide the site and date of their bi-district game probably Monday by flipping a coin. Whoever is Fort Worth champion will play Woodrow Wilson at Port Worth Dec. 4. Waco and Ray will clash at Waco Dec. 5 and Lamar and Port Arthur play at Port Arthur Dec. 4.

Dibrell's Builds Lead In Circuit
Dibrell's Sporting Goods nudged Big Mike's Liquor, 2-1, to increase its lead in Women's Bowling League standings last week to five games.

In the other match, Pinkie's Liquor turned back Team 1, 2-1. Dibrell's has now won 19 and lost eight games. Team 1 is second with a 14-13 mark, and Big Mike's and Pinkie's are tied for third, at 12-15 each. Dibrell's posted high team game with a 63.

LOOKING 'EM OVER

With Tommy Hart

The outlook for District 1-AAA next year is for continued good football, perhaps as rugged as any conference in the state will offer.

By school, here's the way it shapes up:
BIG SPRING — Probably as good as this year, although the team will be hard hit by graduation. The club won't have the depth it has this year but prospects are better than good.

BRECKENRIDGE — Perhaps not as strong as it has been in recent years. Kenny Ford and Bill Dendy, bellwethers of the team, will be gone.

SWEETWATER — Good. Pat Gerald loses nine lettermen, including Co-Captain Jack Leonard, Co-Captain John C. Morris, Angel Olivera, Freddie Armstrong, Glen Parish, Harold Green and Ken Young. Harold Hobbs, Frank Smith and Gerald Pullig will be among the fine backs returning. Gerald won't benefit from a fine B team, as he did this year, however.

SNYDER — Fair to good. The new coach must develop a line. He'll have veteran backs but his ends and tackles threaten not to be a par with other years.

VERNON — Fair. The Lions lose heavily in the line and the backfield, but Spot Collins always develops rugged eleven.

LAMESA — Fair. Coach O. W. Hollis must find replacements for Johnny Jones and 17 other seniors. Jones has been the heart and soul of the Tornado attack.

PLAINVIEW — Very good. Next year may be Don Mouser's year. His backfield, with Lonnie Holland as his quarterback, looks very good and his line may be on a par with any other in the conference.

LEVELLAND — Of unknown strength. The team will probably have its troubles, after stepping up from AA to AAA for a year or two. The Lobos had 19 lettermen back the past season, including eight regulars, and still fared poorly against 1-AAA teams.

Willie Walls, the former TCU grid star turned coach, says Maryland will handle Oklahoma's way two touchdowns in the Orange Bowl New Year's Day. That'll believe when I read it.

Never let it be said Big Spring and Howard County doesn't have some charitable people. I'm referring to the parties who have been giving as much as three touchdowns in the Big Spring-Sweetwater game, and taking the Steers.

It's foolish to bet on football games anytime but two fierce rivals like Big Spring and Sweetwater shouldn't be handicapped like that any year, much less this.

The reasons are many. Here are a few:
1. Sweetwater has one of the best AAAA teams in the state, bar none, one that tied a fine Abilene club at home, determined to be recognized as the team that beat the district playoff representative.

2. The Mustangs will be playing at home, determined to be recognized as the team that beat the district playoff representative.

3. The Steers may not be 'up' for this one, and couldn't be blamed, if they aren't, what with important playoff games coming up.

4. Even if they are fired up, the local team may be so crippled Coach Carl Coleman cannot afford to take chances, because the Steers' season extends beyond this game.

Need any more reasons? Better keep your money in your pocket.

Bucs Boast Best Offense, Longhorns Top Defense

Big Spring shoots for a perfect conference season and sole possession of first place in an afternoon game at Sweetwater Thursday of this week.

Though the Ponies are 'down' this year, they boast a potentially dangerous ball club and one that has been especially good on its home field.

Big Spring has beaten Sweetwater only once in the last 13 seasons and the Cayuses hold a big edge in the overall series.

Breckenridge, the only team which can tie Big Spring in the standings, has already completed its season. The Buckles have the best overall record in the circuit, with eight wins in ten starts. The Greenies lost only to Class AAAA Abilene and Big Spring.

In ten games, the Buckaroos have scored 271 points to 118 for the opposition.

They are one of three teams to count more than 200 points. The other two are Big Spring and Snyder.

The Bucs have the best offensive record, Big Spring the best defensive mark. The Steers have yielded only 73 points in nine games. Every other team has given up at least 100 points.

Bill Dendy, Breckenridge halfback, has just about sewed up individual scoring honors. He has counted 112 for the year. Second is Big Spring's Carlisle (Frosty) Robinson, with 78.

The two are tied for the lead in conference scoring, each with 60 points.

IN BROWNWOOD

Steer-Lion Game Set For Dec. 5

The Big Spring-Brownwood bi-district football game will take place in Brownwood at 2 p.m. Saturday, Dec. 5.

The matter was decided at a meeting between officials of the two schools at the Windsor Hotel in Abilene Sunday afternoon.

Adult reserve seat ticket prices were pegged at \$1.50 for the game. General admission will sell for \$1.25 and student tickets, if purchased at school, will cost 50 cents.

Big Spring will be allotted 970 reserve seats and 700 student tickets. There will also be an undetermined number of general admission ducaats available to local fans.

Supt. W. C. Blankenship, one of Big Spring's representatives at the Sunday conclave, said he had been informed space for between 8,000 and 10,000 people can be made available in the Brownwood stadium.

Last year, when Breckenridge and Brownwood played for the District 2-AAA title there, an estimated 10,000 people were on hand, he said.

If students wait until the day of the game, they must pay \$1.25 for gate admission. The student ducaats will remain on sale at both schools until 4 p.m. the Friday preceding the game.

Officials for the contest will be appointed by Harry Taylor of Fort Worth. A statistician will be appointed, along with four other officials.

Winner of the game will be decided on statistics, in event the score is tied.

Winner of the game enters the semi-final round of the AAA playoffs and becomes eligible to meet the District 3-AAA-4-AAA survivor.

In addition to Blankenship, Coach Carl Coleman, Business Manager Pat Murphy and Principal Roy Worley represented Big Spring at the session.

Representing Brownwood were Supt. J. D. King, Coaches Roland Warren and Bob Wright, Business Manager Roger Sweeney and Principal Guy T. Smith.

AA, A Playoffs Get Underway This Weekend

The fight for state championships begins this week in the lower divisions of Texas schoolboy football with Terrell a strong favorite to repeat with the title in Class AA, and McCamey and Deer Park most prominently mentioned to fight it out for the crown won by Wink last season in Class A.

Thirty-one district representatives go into the playoffs in Class AA, eight boasting undefeated, untied records. They are Stamford, Spur, Jasper, Del Rio and Refugio. In only one instance, however, do two of these teams with unblemished records meet. They are Del Rio and Refugio. They clash at Del Rio Friday night. Jasper gets a bye in the first round but Stamford plays Childress, Spur gets Andrews, Comanche battles Handley, Huntsville engages Waxahachie and Terrell plays Mt. Vernon.

Terrell could have trouble with Mt. Vernon, which has a 9-1 record. Mt. Vernon beat Mineola 24-6 and Terrell downed Mineola 24-6, to offer a comparison of the two teams.

Class A has seven unbeaten, untied teams—Springlake, Elgin, Luling, A&M Consolidated, Deer Park, Lyford and Clifton. A&M Consolidated and Luling are matched in the first round while Lyford plays a team that is unbeaten but has been tied—Hebbronville.

McCamey dethroned Wink last week, 12-6, to become a favorite in Class A. McCamey is unbeaten but has been tied by Fort Stockton in Class AA. Deer Park was a finalist last year, losing to Wink in the championship game. The Deer are back looking just as strong but A&M Consolidated is probably the toughest team they'll meet in a drive back toward the finals. A&M Consolidated scored 421 points in winning 10 games during the district campaign.

The playoff schedule:
CLASS AAAA
1. Thursday: Odessa at Midland, San Angelo at Abilene, Pampa at Borger, Lubbock at Amarillo, Lufkin at Rockwall.
2. Thursday: Austin (El Paso) vs El Paso High.
3. Thursday: Pechell Fort Worth vs North Side (Fort Worth); Friday: Poly (Fort Worth) vs Arlington Heights (Fort Worth).

Klondike Cougars To Drill In Lamesa For Game Here

KLONDIKE (SC) — The Klondike Cougars, who do not have grass on their home field, will work out today and Tuesday in the Lamesa park in preparation for their bi-district football game with Fort Davis in Big Spring Wednesday evening.

Coach Adrian Huckabee wants his District Six six-man champions to get used to turf, before they square off with Fort Davis.

Huckabee has indicated his team will not be in top shape for the contest, since several of the players are recovering from injuries. He said he'd probably find it impossible to keep any of them out of action, however.

Winner of the contest meets the survivors of the Forsan-Lohn engagement in Regional finals. Forsan and Lohn play in Brady Thursday afternoon.

Kickoff time of the Klondike-Fort Davis engagement is 7:30 p.m. Steer Stadium in Big Spring, site of the Klondike-Fort Davis struggle, will have to be reined for the engagement.

Marciano Is Ready For Trip To East

OAKLAND, Calif. (AP) — Heavyweight champion Rocky Marciano headlines a fight program tonight with four rounds of exhibition punching with two sparring partners, Bob Golden and Togie Hall.

Marciano is scheduled to leave Tuesday for exhibitions in Honolulu and Hong Kong and other Asian ports.

Bowl Lineup Is Partially Set

NEW YORK (AP)—Here is how the major bowls shaped up today: Rose—Michigan State vs UCLA. Orange—Oklahoma vs Maryland. Cotton—Rice, Baylor or Texas vs any of several teams, with Georgia Tech favored.

Sugar—Mississippi (if it defeats Mississippi State) probably vs Rice, Baylor or Texas.

U. N. Assembly Might Be
Given Balkers Stalemate

By A. I. GOLDBERG
UNITED NATIONS, N. Y. (AP)—A
diplomatic informant in the U.N.
disclosed today that Lt. Gen. K. S.
Thimayya is preparing to ask the
U.N. General Assembly to step into
the Korean prisoner repatriation
stalemate.
The source said that the Indian
chief of the Neutral Nations Re-
patriation Commission in Korea
has completed a lengthy report,
giving all sides of the repatriation
deadlock. The report is expected
here late this week.
One copy is going to Secretary
General Dag Hammarskjold. He
will circulate it to all U. N. mem-
bers, opening up the question for
another heated debate.
The informant said it is under-
stood Thimayya's report will make
no judgment on the deadlock, which
in its latest phase has halted prisoner
repatriation negotiations.
The Communists failed to con-
vince 97 per cent of the Chinese
and North Korean prisoners they
have interviewed that they should
return to Red territory. They halted
the explanations on a technicality.

Mossadegh Changes
Mind, Will Speak
In His Own Defense

TEHRAN, Iran (AP)—Ex-Premier
Mohammed Mossadegh said today
he had changed his mind and
would speak in his own defense.
He added he would keep on speak-
ing until the court-martial trying
him on treason charges gags him.
In an interview the ex-dictator
declared: "I will go on speaking
as long as they let me. If they
give me a month, then I will speak
a month."
Asked about reports that he al-
ready had prepared a 100-page
statement, Mossadegh chuckled
and said "Certainly Dr. Moham-
med Mossadegh can talk more
than 100 pages in a month."
Mossadegh has been shifting his
trial tactics in recent days. For-
merly he buried his head on his
folded arms as prosecutor Brig.
Hossein Azemede read the in-
dictment and expanded on the
charges. From time to time the
73-year-old politician nodded,
yawned, and even slept.
In the last two of three days,
however, he has been carefully
scribbling his own notes and di-
recting his lawyer also to make
notes. His attitude has been
marked by alert attention instead
of disinterest and boredom.

Tenor Fired After
Abandoning Carmen

CHICAGO (AP)—Tenor David Po-
lieri has been fired for his unex-
pected exit Thursday night from
the death scene in the New York City
Opera Co.'s performance of "Carmen."
Polieri was officially fired Satur-
day after manager Joseph Rosen-
stock said "he simply eliminated
himself," when he flung his hat
to the floor and strode out telling
Rosenstock, "finish it yourself."
The tenor apologized, citing emo-
tional stress and physical ailments.
Polieri's premature departure
from the stage in the role of Don
Jose left Gloria Lane, playing the
title role, the necessity of "dying"
by her own hand instead of by the
jealous toreador's dagger.

Benson Adviser Says
Food To Decide Wars

DALLAS (AP)—A member of Agri-
culture Secretary Benson's live-
stock advisory committee says
food, not A-bombs, will be the decid-
ing factor in any third world war.
Chauncey Watson, who farms in
DeKalb County, Ill., said yesterday
the consumer ought to wake up to
his responsibility in saving land
and water. Watson spoke to the
Texas-Oklahoma District of Kiwanis
officers.
"Let's see what we are doing too little
about soil erosion, that crop and
pasture lands that have been wash-
ing away for 100 years must feed
a growing population and provide
enough surplus for any future war."

Man Jailed In Cattle
Breed Smuggling Case

DEL RIO (AP)—William Babb, one
of three charged with smuggling
valuable Charolaise cattle into the
United States from Mexico, was
jailed here yesterday.
Indictments returned several
days ago in Waco alleged the cat-
tle were brought to this country in
violation of the foot-and-mouth dis-
ease embargo. The 18 head, the
indictment said, were shipped to
Alphe A. Broussard of Lafayette,
La., about a year ago.
Broussard recently posted bond
in Waco and returned to his Loui-
siana ranch.

City Detective Shot;
Steelworker Charged

HOUSTON (AP)—A city detective
was shot and his partner clubbed
over the head here yesterday. A
steelworker, was charged with
assault to murder.
The charge was filed against
Ozell Brooks, 42, who was held
under guard in a hospital.
Det. J. J. O'Rourke, 46, was shot
in the lower left thigh. Det. E. A.
Wegner, 30, received a heel cut.
Wegner said the shootings oc-
curred after he and O'Rourke
stopped a car carrying a man and
two women for a traffic violation.

Ex-Convict Suspected
In Robbery Of Couple

HOUSTON (AP)—A former convict
was expected to be charged here
today with the robbery of an elder-
ly couple who were tied up all
night after the crime. Mr. and
Mrs. O. B. Jones said they were
watching television when the man
knocked at the door.
Jones was struck over the head
with a revolver and the couple,
73 and 64, were tied up. The thug
took \$104.
Sheriff C. V. Kern said the sus-
pect was a relative of the woman
who had worked for Mr. and Mrs.

Garner Stuffs Self
With Venison After
His Birthday Hunt

UVALDE, TEX. (AP)—Former Vice
President John Nance (Cactus
Jack) Garner, a white-haired
sprightly old Democrat, clumped
into his home from his 85th birth-
day deer hunt yesterday, stuffed
himself with fresh venison, then
got in bed for an afternoon snooze.
Garner wouldn't say whether he
shot the deer himself. For 35 years
he and Uvalde auto dealer Ross
Brumfield have made the birthday
hunt at a secret spot in southwest
Texas hill country near here.
But Garner said to Uvalde news-
paperman J. A. Scarborough: "I've
had the best dinner today that I've
ever eaten."
Garner waved a hand toward a
quarter of venison still on a table
and insisted Scarborough take some
with him.
Then, indicating he was ready
for his daily siesta, he said, "I'm
going to bed when you leave."

600 At Sterling
4-H Turkey Shoot

STERLING CITY (SC) — The
4-H Club-sponsored turkey shoot
here Sunday afternoon was attend-
ed by more than 600 persons with
more than 250 targets being fired,
in some cases several of them by
the same shooter.
A frozen turkey was awarded on
each string of 10 targets. There
were divisions for .22 rimfires,
shotguns, pistols and high power
rifles. In the class both open and
scope sights were permitted. The
shooting, which commenced at 2
p.m. at the caliche pit two miles
west of here on Highway 87, con-
tinued until dark.
Another turkey shoot, also 4-H
sponsored, has been scheduled for
the afternoon of Dec. 20, the last
Sunday before Christmas, accord-
ing to Fred Campbell, Sterling
County agricultural agent.

Five Persons Die
In Air Accident

NEW YORK (AP)—Five persons
were found dead today in a private
plane that crashed in the fog dur-
ing the night at LaGuardia field.
The wreckage was not discovered
until about 9 a.m.
Police said the plane was be-
lieved to be one reported missing
late yesterday on a short flight
between two towns on Long Island
—East Hampton, about 100 miles
from here, and Babylon, 40 miles
away.
Airport authorities listed the
dead as:
Alfred LaBorde, pilot, of New
York City.
Mrs. William Niffim and her two
children, William Jr., and Cornia.
William Beckett.

Britain, Iran Move
Some Closer Together

LONDON (AP)—Britain and Iran
were reported today moving closer
to diplomatic reconciliation and a
new effort to settle their 30-month-
old oil dispute.
British informants said this coun-
try has formally advised the Iran
government she is ready to
resume the diplomatic relations
which former Prime Minister Moham-
med Mossadegh ended.
Resumption of relations, Britain
reportedly advised Iran, would
clear the way for direct negotia-
tions on the question of the huge
British-owned oil installations
which Iran nationalized in 1951.

Bible Class Quota No
Trouble To Sheriff

RIPLEY, Tenn. (AP)—When the
men's Bible class at the First
Baptist church launched a cam-
paign to increase attendance one
member had little trouble filling
his quota.
Sheriff Willard Norvell reported
to class yesterday with three
prisoners in tow. Frodded by the
sheriff, the men said they were
glad to be there. They were es-
corted back to jail afterwards.

Legion Safety
Seal Sale Is On

The annual pre-Christmas sale of
safety seals has been launched
here by the American Legion.
There are 46 different illustrated
suggestions for safety on the seals
which are designed for use on
Christmas mail. The suggestions
deal with accidents which may hap-
pen in the home, on the farm, in
places of business and on the
streets and highways.
Safety has been of primary con-
cern to the American Legion for
the past 35 years, Ed Fisher, com-
mander of the local post, remind-
ed.
The Legion is now concentrating
on funds for a new hall. However,
the post depends upon its safety
seal sale to provide funds for its
welfare work in the city and coun-
ty.
"We will appreciate the same
fine spirit of cooperation which Big
Spring citizens have always given
to this two-fold worthy effort," said
Fisher.

Tax Reallocation
Okayed In Martin

STANTON (SC) — Martin County
taxpayers Saturday by a vote
of 81 to 33 approved the proposal
to reallocate county tax funds so
as to reduce that portion going into
the general fund from 40 cents to
35 cents and to add the five cents
difference to the permanent im-
provement fund, increasing it from
10 cents to 15 cents.
The election result neither in-
creased nor reduced the tax rate
which remains at \$1.80 on the \$100
valuation.
Voters will again go to the polls
on Dec. 12 to vote on a proposed
\$75,000 bond issue which, if ap-
proved, will enable the county to
pay off the indebtedness on the
Martin County Memorial Hospital
and take it over as a county institu-
tion.
If the hospital bonds are ap-
proved the membership associa-
tion which now owns the hospital
will be dissolved and the property
will be immediately transferred to
the county.

Italy's Acceptance Of Meet 'Complete'

ROME (AP)—The Italian Foreign Ministry said today that Italy has agreed unconditionally to the Big Three proposal for a five-power conference on the future of disputed Trieste.

Previously foreign diplomatic sources had indicated that Italy's assent to the conference proposal had been taken into consideration by the Allies and the Allies' suggestion for a five-power conference was accepted.

In Belgrade, the official Yugoslav news agency Tanjug said yesterday that the conditional acceptance attributed earlier to Italy appeared to be along lines laid down previously by Rome. Tanjug said any proposal for a conference taking for granted that part of the territory would be turned over to Italy was "completely unacceptable" to President Tito's government.

The Italian spokesman said the United States, Britain and France on Nov. 13 had suggested that Italy and Yugoslavia meet with them on Trieste and that Italy had accepted the Western suggestions "in bloc."

The details of the Western proposals have not been made public. Previously Italy had suggested that before a conference, Italy and Yugoslavia should be put on the same footing with regard to Trieste by either Italian occupation of Zone A, now occupied by British and American troops, or Yugoslav withdrawal from Zone B. Yugoslavia turned down that suggestion flatly.

Italy's spokesman said today: "Insofar as Italy is concerned, there is a green light for the five-power conference."

June Haver Appears At Dinner To Honor Fox Studio Official

HOLLYWOOD (AP)—A dinner honoring Darryl F. Zanuck provided the occasion for June Haver's first public appearance since she left a Kansas convent.

The Screen Producers Guild presented its Milestone award last night to Zanuck, production head of Twentieth Century-Fox studios. Miss Haver returned earlier this year from a Catholic convent at Xavier, Kan., saying ill health forced her to give up religious life.

She was attired in a smart evening gown and her hair was again the platinum hue she wore in films. During her stay at the convent she had allowed her hair to return to its natural brown. She has no present plans to resume her film career, she told a reporter.

Foester Rites Held

PORT LAVACA (AP)—Services for Curtis Foester Sr., 48, Port Lavaca rancher and businessman, were held today. Foester died in Houston last night from an accidental gun wound received at his home Thursday. Foester was a director of the First State Bank here, the Guadalupe-Blanco River Authority and the Victoria Rural Electrification Assn.

Parole Application Of Hiss To Come Up During This Week

WASHINGTON (AP)—Alger Hiss' application for parole from Lewisburg (Pa.) Federal Prison comes up before the U. S. Parole Board again this week, possibly today or tomorrow.

Under board procedure, the application—turned down when first considered last November—automatically reappears on the agenda for a further look one year later.

Hiss, 48, onetime State Department official, has now served two years and eight months of the five-year sentence given him on a perjury conviction in early 1950. The conviction was based on his denials to a grand jury that he had ever turned over government secrets to Whittaker Chambers, admitted Soviet espionage agent, as Chambers charged.

Torch Missing From Statue At Statehouse

PHOENIX, Ariz. (AP)—The torch was gone today from the hand of liberty, 16-foot winged lady atop the Arizona Capitol.

Its disappearance has puzzled Thurston Scott, Capitol custodian. He's looked in vain over the sprawling grounds. "Why would anyone want a concrete flame, a busted light?" asked Scott. "Guess we'll have to make a new one."

Wanted Man Held

HOUSTON (AP)—Houston police were holding without bond today a man whom New York City officers said was wanted on charges of grand larceny and forgery. The man is Herman Strongson, 59. A telegram from New York police said \$100,000 was involved in the charges against Strongson.

Senators Disagree Over Troop Commitments In Europe Issue

By JACK BELL

WASHINGTON (AP)—Senators Hickenlooper (R-Iowa) and Humphrey (D-Minn) disagreed today on whether the United States should make any commitment to retain its troops in Europe as a spur to approval of a European Defense Community.

Both members of the Senate Foreign Relations Committee said they expect the issue to come before Congress in some form. They said there are obvious indications it will be brought up by the French at the Big Three conference in Bermuda early next month.

Hickenlooper said he was opposed to binding this country to what might turn out to be indefinite maintenance of troops in Germany. He emphasized he was not talking about the manning of U. S. bases abroad.

"I wouldn't support any commitment to leave American forces in Europe for any specified length of time," the Iowa senator said. "I think we must preserve our own discretion in this matter."

"I'd like to see some clear-cut demonstration of more vigor on the part of the European nations themselves," Humphrey agreed that he doesn't like the idea of having American troops tied down indefinitely in Europe. But he said he recognizes that Western European nations want some assurance that this

country is standing firmly behind the European army project.

"We need the European Defense Community and until Western European rearmament can be completed, I believe we will have to make some commitments," he said.

Humphrey said he wasn't contending that any specified number of U. S. divisions should be kept abroad. He said new weapons coming off the assembly lines should permit re-valuation of the size of the forces later on.

This was the tack taken by Secretary of Defense Wilson when he said recently that an eventual reduction of U. S. forces abroad might be in sight. Wilson's statement caused such a furor abroad that President Eisenhower and Secretary of State Dulles made reassuring statements that there are

no plans for such a reduction. Wilson thereupon said he was not talking about the present—but of sometime in the future.

The Army-Navy-Air Force Journal, an unofficial publication, said in its edition published Saturday that a 10 per cent cut in military manpower is under discussion at the Pentagon. The proposal, it said, would save at least a billion dollars in direct personnel costs plus hundreds of millions more in facilities and equipment.

Man Stops After Accident, Receives Beating By Witness

SAN ANTONIO (AP)—Deputy Sheriff Harold Posey said a man who stopped after his car struck and killed a woman was beaten by one witness and apparently shot at by another.

Miss Maria Avila, 22, of Atascosa was hit yesterday as she started to cross a highway south of here with a brother and sister and two girl friends.

Posey said the driver skidded to a stop and ran back to where the girl lay. A crowd gathered, the deputy said, and one witness struck the driver several times with his fist.

Another apparently shot at the driver as he ran from the first. The driver was booked for investigation of negligent homicide.

Four Students Die In Ruidoso Accident

RUIDOSO, N.M. (AP)—Four Texas Western College students were "horribly mangled" and died instantly in a truck-car collision eight miles southwest of Ruidoso on Highway 70 last night.

State Police said the Texas Western dean at El Paso identified the four as: John Meyer, 24, San Antonio; Stuart Cunningham, 24, Coos Bay, Ore.; Clyde Brittan, 23, El Paso; and Robert Hawke, 21, Colon, Panama.

Tafaya said their car was struck by the left rear dual wheels of a semi-trailer tank truck "with such a terrific impact" it knocked off the truck's wheels.

Tafaya said the road was icy. The accident was on a steep hill. Truck driver Gaines Hodges of Amarillo was unhurt.

The bodies were taken to Alamo-gordo. An inquest was scheduled today.

Blonde Is Charged

GARFENWOEHR, Germany (AP)—American agents said today that a pretty German blonde arrested when she tried to pay a U.S. soldier \$238 for military data was a Czech secret service agent. She is Margarete Pfeiffer, 24, a former model. She was charged with espionage.
