SANTA ANNA NEWS

VOLUME 34

SANTA ANNA, GOLEMAN COUNTY, TEXAS, July 2nd 1920

NUMBER 26

C. C. HAD INTERESTING MEETING MONDAY NIGHT

The Chamber of Commerce held their regular meeting Monday night with a good crowd present. W. J. Johnson, vice president, called the house to order and a report from the various committees were given.

W. F. Robinson, county agricultural agent, was present also J. E. Boog-Scott, both of Coleman. They made some interesting talks, and the Chamber went into the Texas Farm Boys Club work with Mr. Robinson. We will guarantee the fare for one boy to take the trip touring the United States in connection with the Agricultural College. The fund must be \$300 to take care of this lucky boy, and every one is expected to help out on this proposition. See the Secretary at once, and save the committee looking you up.

A committee was also appointed to solicit funds for the County Fair, which will be held in September.

Mr. Greg from Comanche, also made an interesting talk. We want you to be sure to attend the next meeting.

We want you to join. Let's build a city out of Santa Anna.

A GREAT DAY FOR METHODISM

Last Sunday the Methodist dedicated their new church. Everything had been arranged for the occasion. The choir had prepared special music. Casper S. Wright, D. D., Pastor of the First Church, Austin, preached the sermon and it was a sermon worthy of the great occasion. Dr. Wright is a man of fine personality, of fine educational ability, and is known to be one of the great men of the church. Dr. Lee introducing him said that he was worthy and well qualified to be a bishop of the Methodist church and after listening to the great sermon he preached others were of the same opinion. The church was presented for dedication by J. Frank Turner, representing all the officials of the church who were standing at the Chancel. The sentence of dedication was read by Dr. Lee, the pastor. The dedication prayer was offered by E. v. J. B. Curry. The Santa Anna News joins the people in saying to Dr. Wright come again, we are always glad to welcome such men to our city.

Jack Laughlin Meets Saturday.

The Jack Laughlin Post meets at the Stockard Hall Saturday night, all the members are requested to be present. And all ex-soldiers, marines and sailors that do not belong are invited to be present.

NEWS FROM THE SANTA ANNA OIL FIELD

To see the amount of oil that is going out of Santa Anna by the carload would be enough to convince the most skeptical that we are some oil town. The Gladys Belle Oil Company are expecting their big 55,000 storage tank any time. The present number of wells are enough to keep it full and then some.

The Santana Chief Oil Incorporation has received a car of their big casing this week and it will be hauled to the Henderson lease to go in Henderson No. 1. Mr. Garner is spending a few days in Plainview with the good wife and family. Garner is going to make his home in Santa Anna in the near future.

We understand there is to be a rig moved to the Mathews tract this week. This lease is located east of the famous R. F. Campbell tract, that is attracting the public from far and near. This part of the field is making great improvements, and fast becoming one of the leading oil fields of the great oil state.

William Cameron Company are placing a standard rig on their holdings east of Kingsberry No. 1 and are going to be doing business right away. Several other rigs are in transit. And royalties are changing hands at a very fancy price in this particular locality.

Dodwell, Whitting and Teatsorth, in conjunction with the Ohio Fuel Oil Company, are rigging on the Melton tract. The location is on H. T. & B. survey 59, 1500 feet east of west line of Melton tract, 150 feet north of railroad right of way, and approximately one mile north of Pope No. 5.

Still in The Race

W. D. Taylor, candidate for commissioner of Precinct 2, is still in the race, and will continue in same.

Mrs. Mary Agee Carver of Coleman was the guest of Miss Josie Baxter the past week.

NOTICE TO WATER USERS, IMPORTANT!

A recent order passed by the city Commission provides that all water bills not paid on or before the 7th day of each month must have added to them a ten per cent penalty and that where bills are not paid on or before the tenth of each month water will be cut off and a charge of \$1.00 will be made for turning on again.

Read your water card and you cannot fail to understand the change. Please comply with this ordinance because I have no authority to change it. By order of the Board of Commissioners.

W. E. Baxter, City Clerk.

CONGRESSMAN BLANTON SPEAKS TO FULL HOUSE

Congressman Blanton said in his speech Saturday:

"I gladly report my stewardship to my constituents. I come with a clear conscience knowing that I have left no stone unturned in doing everything within my power in their behalf.

"In my platform I pledged the following: Untrammelled service and constant attention to business; condemnation of the prevalent inactivity and absence of Congressmen from Washington; strict public economy and a clean up of useless, wasteful departments; merit rather than the spoils system; national prohibition; national woman suffrage; rural farm credits; real help rather than the usual camouflage for the farmer, bringing him and the spinner closer together so as to eliminate the gambler and middleman; a strong merchant marine to insure prompt transportation of all farm and industrial products; tariff for revenue only; restricted immigration; a fair, square deal alike for labor and capital; an uncompromising fight against all pork barrel, garden seed and other graft; maximum government assistance for education, for the eradication of tuberculosis and other menacing diseases, boll weevil, tick, blackleg, and hog cholera; and a real partnership between all the people and the Federal government instead of between special interests and the Federal Government.

I have faithfully kept every campaign pledge. My record in Congress shows favorable results on every promise. No other member has been in more constant attendance on the house floor or given more active and pains-taking attention than I have to all public business. I have participated in every debate of importance during my membership. Of the Texas delegation of 18 members, I was the only congressman who made a speech for national prohibition.

Through exhaustive personal investigations made at my own expense, I have succeeded in having several thousand useless employees discharged, and several departments cleaned up. The graft best known to the public is the Rivers and Harbors ap-

JENNING'S BIG TENT THEATRE DRAWS CROWDS

The Jennings Tent Theatre has given us a good show every night this week. They opened up Monday night to a good house and the crowd became larger as the word was spread about the splendid actors and the good music. Every actor is an artist in its various line and the people are flocking out every night. Plenty of good, clean vaudeville between acts, and good selections of music, both classical and popular. Friday night they will put on the play entitled "Under Cover." Saturday afternoon at three o'clock the big Irish Comedy, "Karney From Killarney." This play was built for laughing purposes, mostly. Don't fail to see this play if you enjoy a good laugh.

Saturday night they are going to put on a play dealing with the steam boat life on the Old Mississippi river. This play will be one of the best of the week. Tell all the folks and be on hand.

We have plenty of royalty contracts, assignments of oil and gas leases and oil and gas lease blanks the short and long forms. Call at the News office.

Mrs. C. A. Hemphill of Houston has been visiting with Mrs. Jack Woodward.

appropriation and the Public Buildings appropriation. Since I have been in Congress only one small Rivers and Harbors appropriation and no Public Buildings appropriation has been made. By investigating and filing minority reports against unmeritorious private claims, I have saved over \$100,000,000. By making points of order against improper appropriations, which were sustained by the chair, I have saved about \$200,000,000, proof of which is shown in the excerpts from the Record sent you, entitled "Let the Record Speak."

In refusing to obey orders and wear a yoke, in forcing members to stay in Washington and attend to business by recording their absence, in opposing and defeating their private bills, involving millions, in trying to reduce mileage to actual expenses, in denouncing the giving to each member every session a cedar chest, a pine chest and an oak chest, in blocking all efforts to raise member's salary from \$7,500 to \$10,000, in denouncing frequent and expensive junketing trips, in fighting garden seed and other graft, in making points of order against appropriations for special interests, I very naturally made some enemies, but I survived their side-jabs and under-cuts, and I now enjoy the respect and personal friendship of every member worth while in the house of Representatives.

GREAT EVENT IN THE METHODIST CHURCH

Last Sunday was the greatest event in the history of the Methodist church at Santa Anna, it was the dedication of our new church. There was a large congregation and no one disappointed. Dr. Wright preached a great sermon, it will take the unfolding of the leaves of the book of life in the last day to tell the good the sermon has done for Santa Anna. I feel a profound sympathy for any one who failed to hear that sermon. The sermon was indeed a great one, preached by a great man. Dr. Wright while in the parsonage made many complimentary remarks about our choir, the officials of our church and the general outlook for us. I was indeed proud of our choir, the solo by Miss Sybil Simpson is worthy of special notice. The officials of our church responded in a most hearty manner in presenting themselves at the chancel where J. Frank Turner presented the church for dedication.

We were delighted to have with us Rev. J. B. Curry, who offered the prayer of dedication. Our Sunday school is growing we numbered 179 last Sunday and will try to number 200 next Sunday. There are some amusing things that we notice. Some people make Sunday their visiting day. Do you know why the preachers friends do not visit him on Sunday morning to stay all day? They know he and his family go to church on Sunday and when they learn that about you they will not come to see you on Sunday—unless they intend going to church. Another funny thing is to see a man while the morning offering is being taken, dig and hunt for a penny or nickel and then throw his head back and sing: "I Love thy Kingdom Lord, the House of Thy abode, the church our blessed redeemer saved, with his own precious blood," with his mouth opened like a cat fish and his eyes walled up like a dying calf. Paul was not mistaken when he said "The love of Money is the root of all kinds of evil." And I am free to tell you that my honest belief is that the love of money is going to sink more souls into torment than any one thing known. Whether you be saint or sinner you owe God one tenth of your income, and somewhere down the road God will meet you and demand a settlement.

While God is blessing us with needed blessings let us be loyal and prove our appreciation. I hope to meet you next Sunday at Sunday school and preaching. Josephus Lee, Pastor.

Mr. and Mrs. S. M. Polk and Miss Virgie Brown have returned from a very interesting trip over Texas, Arizona and Colorado.

Send the News to the folks.

SOME RECORD.

More than 14,000 miles in 10 months on the original tire equipment is the record made by six sedans now in operation by the Fifty-Fifty Taxi Service Company at Rockford, Ill. The cars were bought and placed in commission in March, 1919, and on January 20, 1920, L. B. Paulette, secretary-treasurer of the company, made the following observations regarding the excellent service given by the 24 Fisk tires:

"Last spring we bought six Willys-Knight sedans equipped with Fisk Cord Tires, size 35x5. These cars have been constantly on the go since that time and at present each one has been driven over 14,000 miles. The 24 Fisk tires that came on these cars as a standard equipment are still running, and are good for considerable more mileage. It would not be so surprising to have a few of these tires run to exceed 14,000 miles and still be going, but to have every one of them coming up to that high mileage is certainly unusual and proves to us that mileage is built into each and every one of your tires.

Ode to the Girl.

(By one of the Boys.)

Little girl, you are so small,
Don't you wear no clothes at all?
Don't you wear no shimmy shirt?
Don't you wear no "pett" skirt?

Just your corsets and your hose
Are those all your underclothes?
Little girl, you look so slight
When I see you in the light.

With your skirts cut rather high,
Won't you catch a cold and die?
Aren't you 'fraid to show your calf?
It must make the fellows laugh!

Little girl, what is the cause?
Why your clothes all made of gauze?
Don't you wear no undervest
When you go out fully dressed?

Do you like those peek-a-boos,
Stead of normal underclothes?
Little girl, your 'spenders show
When the sunshine plays just so.

I can see your tinted flesh
Through your thinnest gown of mesh;
Is it modest, do you s'pose.
Not to wear no underclothes?

I can see way past your throat
To a region most remote;
Taint my fault, now, don't suppose,
Why not wear some underclothes!

Little girl, your socks have shoals
Of those tiny little holes;
Why you want to show your limb
I do not know; is it a whim?

Do you want to catch the eye
Of each fellow passing by?
Little girl, where is the charm
In your long, uncovered arm?

And the "V" behind your neck—
Is it for the birds to peck?
Little girl, I tell you those
Are not as nice as underclothes.

Little girl, now listen here:
You would be just twice as dear
If you'd cover up your charms—
Neck, back, legs and both your arms.

I would take you to some shows
If you'd wear some underclothes
But no lover—goodness knows—
Wants a girl "sans" underclothes.

Little girl, your mystery,
Loving charms and modesty
Are what make us fellows keen
To possess a little queen.

S'pose I wore some harem pants,
Or no shirt like all my aunts,
Or a ringlet through my nose—
They'd arrest me, don't you 'pose?

I must wear a coat of mail,
Clothed from head to big toe nail
I must cover up my form,
Even when the weather's warm.
—Hartford (Mich.) Day Spring.

Our friend Sam Hammond said "that you could feel safe when you had three good friends back of you," and that they were God of Mighty, Joe Bailey and Sears & Roe Buck. There is nothing like having a good friend.

Mr. and Mrs. Harry Woolridge of Coleman were guests of Mrs. Jack Woodward Sunday.

Mrs. Edward Buery and son, George, left this week for Marlin.

ATTENTION FARMERS.

A meeting of the stockholders of the Farmers Gin Company will be held in Santa Anna, Saturday July 3rd, at 4 p. m. all members are requested to be present, and all who might be interested are invited. Farmers' Gin Company.

Miss Erma White of Bovina, is visiting friends and relatives in our city. She was among the graduating class of 1916 and is a popular young lady.

Why Dr. PRICE'S "Cream" Baking Powder

is made with
pure Phosphate

—Because our scientific methods of production make Dr. Price's Baking Powder the "Cream" of Phosphate Baking Powders.

—Because the use of this pure phosphate makes it possible to sell Dr. Price's "Cream" Baking Powder at about HALF the price charged when the powder contained Cream of Tartar.

—Because we knew there were thousands of women who would welcome, at this low price, a good, pure, wholesome baking powder, guaranteed by a name famous for quality for 60 years.

Contains no alum. Leaves no bitter taste. Never disturbs digestion. Here are the prices:

25c for 12 oz.
15c for 6 oz.
10c for 4 oz.

PERSONAL AND SOCIAL

By Miss Ozellma Standly -- Phone 57

A very merry party of about eight cars met one evening last week at the Corner Drug Store and motored to Milligan's Crossing for a swim and lunch. A very enjoyable evening was spent, the party later came back to town to the home of Mr. and Mrs. Childers, the chaperons for the evening, and danced until late. Those who did not dance formed a party and went to the picture show.

The Thursday Thimble Club was entertained in a most novel fashion on last Thursday afternoon at the home of Mrs. A. R. Brown. The time was spent very enjoyable in handwork and chatting, the setting of the enjoyment being arranged very elaborately throughout the reception suite with golden sunflowers, pink roses and sweet peas placed in novel places which added greatly to the effect.

Besides the club members, Mrs. Brown invited several friends. Later in the afternoon the hostess served sandwiches and ice cream.

Mrs. R. C. Gay left for Temple last week in response to a message that Miss Trixie Gay, who was en route home from State University, was very ill. Later was operated on for appendicitis and is reported doing nicely.

Rev. and Mrs. J. B. Curry and children of Ballinger were in Santa Anna last Sunday for the dedication of the Methodist church, also Mr. and Mrs. A. D. H. H.

numerous friends regret her leaving very much but wish her many kind wishes in the future.

B. Y. P. U. Lawn Party.

More than sixty young people met at the home of Mr. and Mrs. Campbell on last Thursday evening for the lawn party given to the Junior and Senior B. Y. P. U. of the Baptist church.

Contests for the Seniors and various out of door games for the Juniors afforded amusement for all.

Later ice cream and cake were served.

Mr. Moodie Polk and family and Miss Virgie Brown have just returned from a two weeks trip up thru New Mexico, Colorado and the Panhandle going all the way in his Ford. They visited Pikes Peak and took in everything that was to be seen. He stated the trip was one of the best they had ever had.

Mrs. Kate Bowden, who for some time has been connected with dry goods firm in Brownwood, has returned to Santa Anna and taken back her position at the Texas Mercantile Co.

C. B. Verner and James L. White, both of Brownwood, were here Saturday visiting in the Verner home. They all have to come to a good town once in a while.

J. Fox Casey and son, Jack, have returned from a months visit to south Texas points and they were glad to get back to a real town once more.

J. E. Newton from Quay county, N. M., was here last week visiting W. T. Verner and looking over the oil field. He was very much impressed and will probably make some heavy investments in this locality.

Mrs. J. F. Casey, who has been visiting her sisters at Grand Cane, La., returned home last week.

N. C. Henedon is in Santa Anna this week from West Texas.

J. Boyd Rainbolt of Dallas is spending a vacation here with his parents.

Mrs. Chas. Eack and little daughter have returned from a months visit over the state.

Mrs. W. R. Doran of San Saba, Mrs. T. D. Abernathy of Coleman, are the guests of Mrs. Harman Van Heuver of this city.

Mrs. Lancaster and daughter of Mullin have been visiting with Rev. Lee and wife.

Mrs. D. G. Penchoff of Menard is the guest of her daughter, Mrs. Ben Parker, this week.

Miss Grace Ewing was shopping in Brownwood last week.

Miss Etoile Thomas of Eastland is the guest of Miss Ozellma Standley for a few weeks.

Miss Peri Winger of Mineral Wells, is visiting with her sister, Mrs. Will Parker, this week.

Miss Earnestine Atwood of Comanche is visiting Miss Sybil Simpson this week.

Hubert Turner and Maurice Barnes spent last Sunday in Bangs.

Dr. and Mrs. Gaines of Coleman spent Sunday with Dr. Gaines' mother.

Mr. and Mrs. Eugene Simpson of Stamford are visiting with Mr. and Mrs. J. D. Simpson.

Miss Jane Caton left last week to attend a business school in Ft. Worth.

Mrs. T. W. Caton was in Coleman last week on business.

Comer and Hardy Blue left last week to join a party on the Concho river.

Maurice Barnes went to Coleman to visit his parents last week.

Lee Woodward and Arch Hunter made a business trip to Ft. Worth last week.

Frank Pierce and wife of Shields were in town last week on business.

Ralph Mathews of Brownwood was here Sunday visiting his parents.

Dr. Pope of Coleman was here Sunday for the service at the Methodist church.

Ed Sewell spent Sunday with his parents in Talpa.

Miss Sammie Lee Stewardson of El Dorado is visiting with friends here this week.

Geo. Green of Rockwood, accompanied by Misses Lilly and Artie Mae Stewardson, were in Santa Anna last week.

Cecil Verner of Brownwood is in Santa Anna.

COLD DRINKS!

Are the most essential drinks a person can take these hot days. We serve the best made from the purest food products we can get.

We call your attention to the fact that we carry in stock fancy box candies, made by the finest candy makers in the world. These candies are just about the right thing for a present for the girl who loves to eat the pure sweets.

G. W. PRICE.

G. W. Price, one of our prominent and old-time citizens passed away at the home of his daughter, Mrs. Rothermel, on Sunday afternoon. This death came sudden to the people of this city and the home folks and regret, and sympathize with the bereaved ones in the loss. Mr. Price was 82 years old and had lived in Santa Anna 34 years. His wife went on before him eleven years ago. To this happy union three children were born. Mrs. Rothermel of this city, a son of Dublin and a daughter in California. The funeral services were conducted by Rev. Reynolds.

Cecil Verner of Brownwood spent Sunday in Santa Anna.

WHAT THE TEMPLE TELEGRAM SAID ABOUT SANTA ANNA

Santa Anna today represents greater opportunities in greater numbers, than any other single place in west Texas. When the Temple trade tripper nears this town the second well to the great pool of oil just east of town will be almost finished. It is possible that this well will come in on the day that the Temple boosters arrive.

The first gusher, Pope No. 5, has proven that the Santa Anna oil field is the real thing. The steady climb in lease values since this well came in is evidence that the general public shares the opinion of oil experts that one of the finest oil fields in Texas is in the process of the making. The coming of people to the town who are seeking business and oil investments, is another evidence that the town is due to a big business boom as well as much profit from the oil development.

Santa Anna is making full preparations to eliminate the objections found in most oil boom towns. One of the first acts of the city council was to elect a city marshal, charged with strict enforcement of the law. The officer got busy at once and enforced the parking ordinance, with some difficulty at first it is true, but in a thorough manner. The sanitary laws were being openly violated and this was the next work of the marshal. Here he is doing everything possible to make Santa Anna live up to a reputation earned several years ago when Santa Anna won first place in Texas in a contest for the cleanest town in the state.

Industrial agents of big corporations have been making surveys of the town and its opportunities. Cheap gas, an abundance of coal in nearby mines, plenty of crude oil, a refinery going into construction, the finest glass sand in Texas or in the south for that matter, and other mineral advantages have caused the investing public to sit up and take notice of Santa Anna and its opportunities.

Why, there is a mountain of glass behind the town and shipments are being made regularly to the big glass factories of the country and right in Santa Anna is an abundance of cheap fuel and everything necessary for the manufacture of the finest glass. The Ball Glass company makes fruit jars today out of sand dug out of the side of the mountain—Santa Anna mountain.

Cotton gins in some sections of the county dig coal out of the mine in the back yard and fire up the engine and gin cotton in the fall—no fuel famine here. Gas in Santa Anna costs 50 cents while other towns pay 90 cents to \$1.50. There's cheap fuel. Factories can get gas at the wells for ten cents. Can you beat that? One Coleman county gasser flows 26,000,000 feet and the gas is not being used. This is not one of the wells near Santa Anna, but it merely shows the presence of big producers in this field which extends from Brownwood clear to beyond Coleman. Santa Anna is in the middle of this territory which is being developed.

Santa Anna is lousy with them. You have to push them out of the way to get through town. They almost knock you down if you don't notice. Some one has

make ready to sell well drilling machinery and oil supplies. Some one must put in a swell restaurant. Some one must build more movie palaces. Some one must build new business buildings. Santa Anna is going to want pavement. Concrete work is going to be done. Builders, carpenters, contractors, oil field workers, policemen—Santa Anna is going to need a raft of workers. This is not all in the future either, but a large part of Santa Anna's growth is yet to come. That is where the opportunity knocks you down and hands you money—in the town of Santa Anna.—Temple Telegram.

We have been informed that William Cameron of Waco, has leased 160 acres with a drilling contract, adjoining Kingsberry on the east. The location is to be made 3/4 of a mile east of Kingsberry No. 1. Operation to begin at once.

This part of the county was visited with another good rain Tuesday night. This puts the crops in the prime condition. Better keep your eye on Santa Anna from now on.

Big development For Trickham

C. A. Cook who has just moved a combination rig into the Trickham field was in town Wednesday and called at the News office and made us a visit. He stated that with his new combination rig he expected to be able to make about 100 feet a day. This rig is being watched with much interest as it is the only one of its kind in this part of the state. Mr. Cook is very much impressed with this oil field and predicts great future for Santa Anna.

Mrs. C. M. Wood and son, Ray, and little granddaughter, Freda Brusenhan, have returned from visiting her daughter, Mrs. C. A. White and family at Farwell, Texas. They were accompanied by Mrs. R. W. Douglass. They report everything flourishing in the plains country but in need of rain.

Mr. and Mrs. Curran Pieratt of Brady are visiting with relatives this week.

KODAKERS

Beautiful War Pictures and Enlargements Free

We want you to try us once with an order for Kodak Finishing and let us show you the best work you ever saw. Also tell you how you can get Enlargements from your films free, also beautiful 16x20 "Honor Roll" Souvenir picture of the Great World War. Has place for photo, and complete record of service. Any boy who has seen service will want one; will frame it and keep it forever.

We develop films for 10c a roll, and make prints at 1c and up. Just mail us a roll and ask for information.

Eye Trouble
 Dr. Hales of Brownwood, will be at Comer Blue's Jewelry store Monday, July 5th. Remember that Dr. Hales comes to us highly recommended and has a wonderful record as to his ability as an eye specialist. If you are in need of treatment or glasses be sure to call on the 5th, of July, at Comer Blue's Jewelry Store.

There's An OilPull For Every Size Farm

WITH four sizes—from the small 12-20 up to the giant 30-60—the OilPull line of tractors conform to the needs of every farm and power job. No matter whether you want a tractor to plow big acreages of tough wild sod, operate a small size feed grinder, or any job in between, there is an OilPull of the correct size.

The OilPull line includes the 12-20, 16-30, 20-40 and 30-60 H. P.—all standard in design. For over eleven years OilPulls have proved their unequalled economy of operation—but, as if this were not enough, every OilPull owner is given a written guarantee that it will successfully operate on all grades of kerosene under all conditions and at all loads up to its full rated brake horsepower.

Choose the OilPull that fits your farm—they'll all deliver the most in economy and stay "on the job".

HAS ODD ENDOWMENT FUND

Texas College Profits From Descendants of Buffaloes Which Woman Saved From Extinction.

Goodnight college, near Clarendon, Tex., boasts of the most unusual endowment fund in the world, consisting of a herd of American bison, the descendants of a few starving buffalo calves that Mrs. Charles Goodnight, wife of a pioneer west Texas ranchman, saved from starvation, says the Detroit News. By 1878 the buffaloes were nearly extinguished, except for a small bunch of wild ones or a few calves occasionally seen wandering about or fleeing from the wolves.

Colonel Goodnight was then ranching on the Quitaque and had no facilities for corralling and handling even buffalo calves, but Mrs. Goodnight determined to save some of the animals. Her husband's men captured a few calves and put them with milk cows. The herd now numbers several hundred and is worth many thousands of dollars. From time to time buffaloes have been sold from this herd to parks and zoological gardens and the money they brought went to Goodnight college.

THE WAY OF POLITICS

"There is only one way the boys can elect the straight ticket."
"How is that?"
"By doing the crooked work."

ASTONISHING.

A recent issue of Notes and Queries prints a correspondent's inquiry as to where he can get further information concerning an "amazing feat of engineering," related in Harry de Windt's "Russia As I Know It." In this author's account of Petrograd is a description of the monument to Peter the Great, whereby it appears that the base of the "colossal bronze statue" is an "enormous block of granite which, weighing over 15,000 tons, was dragged from the marsh where it was unearthed, five miles away, by primitive machinery and 80,000 horses."

Mr. and Mrs. Baxter and daughter, Dorothy, and Miss Lula Volentine motored to Brownwood Sunday to attend church.

Price Crum of Pecos City was here last week, en route to Whom where he is having his gin remodeled.

Rex B. Wilkes, a prominent oil operator, was in Santa Anna one day this week and called at the News office. He is very much impressed with the outlook of the field. He is making his home in Brownwood, but may move to this place in the near future.

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved
After a Few Doses of Black-Draught.

Meadorsville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak... I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few doses of Black-Draught." Seventy years of successful use has made Thedford's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose. All druggists. J. 69

Faith in Strangers

The days have not yet come when the unsophisticated countryman ceases to be hoodwinked by smooth-tongued sharpers. Every day we hear of some one being duped, all because of innocent faith in strangers.

If we would confine our dealings as much as possible to people we know, we would fare much better. Instead of sending our money away to people we never saw and never expect to see, let's spend it where we know who gets it.

The biggest reason is that the fellow we know has to face us daily and he can't afford to "sting" us. He has a reputation for square dealing that he wants to keep. He's your local merchant—your friend. Learn to know him better. It pays you because he has to make it do so.

A special invitation to one and all to come and bring your friends with you.

Respectfully,

SAM BERRY

COLEMAN, TEXAS

50% More Mileage

In Boston, Green & Swett Co. watched the Miller records on some hundreds of large cars. They found that Millers increased the former tire mileage from 50% to 75%. They eliminated blow-out troubles. And only six tires in each 1,000 proved disappointing to the users.

\$1,000 Daily To Reduce Your Tire Cost

The Miller Tire mileage, now discussed everywhere, is not an accident.

Over \$1,000 daily is spent in tests and inspections. Fifty inspectors guard against defects.

Every lot of tread stock is first vulcanized and tested in the laboratory.

Over 1,000 tires yearly are worn out in factory mileage tests.

Every tire is signed by maker and inspector, and both are penalized if a tire falls down.

Highly-paid experts spend their years in making betterments.

Mark the results

The Miller Tire is now talked everywhere. It is today's sensation.

It is winning countless contests where a score of makes are brought into comparison.

In the factory tests—radical rear-wheel

tests—Miller cords last year averaged 15,000 miles.

The new Miller treads, in these tests, outwear the best of others by 25%.

Defective Miller Tires are a rarity. Some large Miller dealers last year had not a single adjustment.

If you don't know these new-day tires you should find them out. They are saving millions of dollars to motorists.

Get one and watch it. It will give you new conceptions of a modern tire.

Tread Patented

Center Tread smooth with suction cup, for firm hold on wet asphalt. Geared-to-the-Road side treads mesh like cogs in dirt.

Santa Anna the Town for Factories.

When we see a little boy as he plays building railroads if he does it well we say he will be a civil engineer some day, if he plays with toy machinery we say he will be a good mechanic.

So why not apply this idea to the young town, what it shows to be in its youth we expect it to be when it is a grown up city.

When Santa Anna was a little thing it was the home of the lime factory, the products of which was used in building the city of Coleman and other neighboring villages. Santa Anna was also the proud owner of a good flour mill that spoke well for her energy at that time and now as our town has grown up and this is her graduating year, we are expecting her to soon loom out before the business world as the home of the great Glass Factory, the cement factory, the oil refinery and other industries not mentioned here.

In my mind I see my parents when I was a baby, 34 years ago, standing in the door of their little cottage looking out over the prairie where the city of Santa Anna now stands, abundantly supplied with water, natural gas and crude oil, talking of what would be in the future for their children and the little town as it has been for me. I have never gathered much of this world's goods but the ray of light in a financial way is growing brighter as I am the proud owner of shares in the Texas Best Oil Refinery and hope to own shares in the glass factory.

I am a citizen of Santa Anna so why not be a booster?

A Reader.

TEXAS BAPTIST ASSEMBLY.

The second annual summer encampment of the Texas Baptist Assembly, July 7 to 15, is to be even larger than last year. Many reservations have been made ahead. A tent city, similar to the tent cities on the California coast last year, is being laid out in streets among the trees in the thirty acre Municipal Park at Teague, Texas. Mr. J. Wedd Davis, President of the Commercial Club, working with the assembly Ground Committee under Rev. L. B. Jenkins of Forney, Texas, has announced that the Cafeteria, Athletic Field, Lecture Auditorium and Tent accommodations are believed to be now enlarged sufficient to guarantee convenience to all.

One of the feature speakers of the Texas Baptist Assembly at Teague this year is S. M. Brown, D. D. of Kansas City, Missouri.

Dr. Brown for years has been editor in chief of the "Word and Way," one of the oldest and strongest Baptist papers in the world. His Chautauqua, Lecture and Pulpit ability is recognized internationally. The first half of each day is divided into study periods. The

afternoons are filled with items of recreation and athletics, such as tennis, volley ball, kodaking, etc. All young men and women are asked to bring every kodak and piece of athletic equipment possible. A strong address and a musical program each evening closes each day's full program.

Hats Going Below Cost
Don't fail to attend the big price slaughtering hat sale. These hats will be sold at a great sacrifice. You will be surprised. A few days only. Vogue Hat Shop.

Jenning's Big Tent Theatre Co.

The Coolest Place in Town.

18 People, Music, Vaudeville, Comedy & Drama Under the Big Semi-Air Dome Tent.

Are offering for your pleasure Friday night the Great Play entitled "UNDER COVER." Saturday afternoon, at 3 o'clock, the big Irish Comedy Play entitled "KARNEY FROM KILLARNEY." This play is hard to beat, full of Irish comedy. We know this one will knock you double. Put on for laughing purposes, mostly.

Saturday night the wonderful play "THE GAMBLER AND THE LADY." This is a dandy good play, dealing with the gamblers of the Old Mississippi steam boat days.

ADMISSION: 25c for children under 10 years, 35c for everybody over 10 years of age. These prices include all war taxes. Tent north of Postoffice.

NATIONAL ADVERTISING.

The News wishes to call attention of our readers, especially the local business men to the splendid run of national advertising in the paper this week, showing that the big national advertisers and manufacturers are coming more and more to realize the value of weekly newspaper space. Following are the nationally advertised lines shown in display in the News this week:

- Fisk Rubber Co.
- United States Tires.
- Miller Tires.
- Dr. Prices Baking Powder.
- Daylo Flash Lights.
- Sheaffers Pens and Pencils.
- Hunts Salve.
- The Mayo Studio.
- Wichita Mill & Elevator Co.
- G. B. R. Milling Co.

All these goods are sold in Santa Anna and the business man who fails to display and push the sale of these goods is standing in his own light. Our advice to our readers is to insist on advertised goods, and if your dealer tries to sell you "something that is just as good," but which is not advertised, pass it by. Advertised goods must stand up. The manufacturers cannot afford to spend hundreds of thousands of dollars building up a reputation for an article that does not come up to the claim. Advertising is your protection against inferior goods, stick to the advertised trademarked article.

In connection with the above we wish to point out to the local business men the absolute truth that advertising pays. If it pays the national advertiser to spend money in your home paper for advertising it should be an example for you. If it pays him can you question the fact that it pays you? Think it over.

For Sale.

I am offering for sale lots 17, 18, 19 and 20 out of the John R. Banister addition to the town of Santa Anna, lots 17 and 18 are each 75 feet by 183 feet east fronts; west end of these lots sit on a 30 feet alley. Lots 19 and 20 are each 91 1-2 by 120 feet, on a north front and the other a north and east front. Am having all streets bounding this addition graded. Lots are just south of the College Level, and perfect drainage. Must sell this week. Am offering these at prices that will move them.
