

SANTA ANNA NEWS

VOLUME 34

SANTA ANNA, COLEMAN COUNTY, TEXAS, June 4th 1920

NUMBER 22

POPE NO. 5 HOLD- ING UP AROUND 800 BARRELS

Pope No. 5 on the Gladys Belle holdings is looking fine. We have been told that the well is making all the way from 750 to 1000 barrels per day. Leases are changing hands rapidly and some are bringing fancy prices.

Royalties are taking the lead for this week. One-half the royalty of the R. M. Campbell Estate sold for \$10,000 one day this week.

Rah! Rah! Rah! for S. A. H. S.

In the Annual Oratorical Contest held at Howard Payne College this year, three graduates from S. A. H. S. won honors. Glenn Gill, of the class of 1916, won second place, his subject being "Statesmanship versus Partisanship". Orin Newman, also of the class of 1916, won third place in the same contest, his subject being "The call for Service; in it he reviewed the great calls that had come from nations and made the application of a personal call to every young man to use his life where it would count for most in blessing humanity. Orin has also starred several times in the Intersociety Debates, having won the medal in 1918 for the best individual speaker of either team. He tied for this place in 1920 at the mid-winter debate at Simmons College and ran Mr. Rogers a close second for the same honor in the spring Debate. Charles Gill, of the class of 1918, won fourth place in the contest, speaking of the "League of Nations".

To these boys we extend our hearty congratulations and appreciation for their having made such record for themselves, for S. A. H. S., and their home town, Santa Anna.

C. A. Beaucamp of Atlanta, Ga., was here this week looking after his oil interests and scouting over the field for a number of his southern friends. He stated that this field was sure to be a lasting one, as there has been wells on the pump for the past ten years and they are getting stronger all the time.

At the last meeting of the Board of City Directors, the Petition from the Gas Company was temporarily rejected. The Gas Company has asked for a fifty percent raise, on account of the high prices of material and help. This matter will be taken up later, we have been informed.

FOR RENT—Nicely furnished bedroom, close in, single beds, one or two gentlemen, phone 49 or 45.

CHAMBER OF COMMERCE STILL ON JOB

Monday night was the regular meeting of the Chamber of Commerce, and a good crowd was out to help keep Santa Anna on the map. The house was called to order by Vice-President W. J. Johnson and reports were given by the various committees. Suggestions were offered that would help make our city the cleanest and most pleasant place to live. Some good ideas were brought out and will be put into effect. Next Monday night is regular meeting night and the roll will be called. If you have donated to the Chamber you are a member in good standing, please come out and help make Santa Anna the kind of a town you want to live in. That will also be the regular meeting night of the fire company, don't fail to answer to your name when it is called.

Memorial Service.

The Jack Laughlin Post, held a memorial service at the Methodist church Sunday afternoon in honor of the boys who paid the supreme sacrifice in the war. Diplomas were given to the nearest of kin to G. L. Heilman, and S. E. Fryar. These Diplomas were the gift of the French Nation. The Memorial address was delivered by Chaplain Pearce of San Antonio. Mr. Pearce was at the front and in the trenches for quite a while. His address was one of the greatest of its kind the writer ever heard.

The Chaplain said that the nation was founded on three great institutions and any thing that worked in any way to destroy these institutions was an enemy to our government. First, the home, and he paid a glowing tribute to the right kind of a home. He hit some terrific blows at the enemy of our homes, showing that our boys, now in the homeland, in the hour of peace had to fight an enemy as great as the German nation. Then next the church, he showed how the church had always backed up the right kind of a home, and he put in a strong plea that our boys remember that the churches had stood true to the home and to our boys who went to the front from those homes. Then 3rd, the school where the children went from the homes and were taught to love our country. It was a great address and the writer truly wishes that all the people of Santa Anna could have heard this Chaplain of our nation's army as he told of the carnage of war and how he had assisted in closing the eyes of over 8000 of our nation's sons, and listened to the last whisper of a message to mother or wife, or sweetheart and never a time did he hear one say he was sorry to give life for the cause he was dying for. If Chaplain Pearce ever comes this way again (and I hope he will) you hear him.

J. M. R.

AT THE BAPTIST CHURCH

The Pastor will preach both morning and evening on subject of the "World War." A look at the past, both profectically and historically. Then profectically at the future. The public invited to hear both sermons.

J. M. Reynolds.

JAMES O. GOOD- SON KILLED; CONNER SHOT

James O. Goodson of Santa Anna was instantly killed and J. W. Conner of Santa Anna was probably fatally wounded Sunday morning at the farm home of John Wallace, about ten miles southeast of Santa Anna, a single shot from a 30.30 Winchester in the hands of Wallace passing through the bodies of both men as they sat in an automobile in front of the farm home. Wallace was taken into custody without protest by a Santa Anna peace officer and today was held in the Coleman county jail pending an examining trial.

The death of Goodson was instantaneous, the rifle bullet passing through his heart. Conner, sitting beside Goodson in an automobile, was wounded by the same bullet, which broke his arm and then passed through his chest from left to right, causing a dangerous wound through the lungs. Conner today was in a sanitarium at Santa Anna, with little prospect of recovery, according to a Santa Anna dispatch at noon.

Family Trouble.

Sheriff Hamilton of Coleman county said this afternoon, over long distance telephone, that the shooting of Goodson and the accidental wounding of Conner apparently was caused by family trouble of long duration. Goodson and his wife, Wallace's sister, were separated and divorced some time ago, according to the Bulletin's information, but about last Christmas were remarried. Wallace cherished an extreme dislike of his brother-in-law it is alleged, and had threatened him in case he came about the Wallace homestead.

Sunday morning Mrs. Goodson, it is claimed, telephoned her husband, at Santa Anna, to come and take her to town so that she could leave for Temple for a visit. Goodson arranged with Conner for the latter to take him to the house, Wallace appeared at an upstairs window or porch, and fired with a high powered rifle, the first shot having fatal results. A second shot broke the windshield of the car, and a third went wild.

Goodson was a man of middle age, and devoted most of his time to the barber business. More recently he had become interested in oil propositions. Conner is said to have been connected with the oil industry also. —Brownwood Bulletin, June 1st.

BEN PARKER GOES INTO TAILOR BUSINESS

One of the newest firms in our city is the Parker Brothers Tailor shop. Ben Parker purchased a half interest in the J. W. Parker shop, and severed his relations from the News, where he has spent a number of years. The News regrets very much to lose him from its staff, and wishes him much success in his business career. He has made many friends and will do a rushing business of his own. Mr. Parker has been spending his spare time at the tailor business for the past few years, and is no beginner at the trade. Parker Brothers will keep the same stand and continue the same standard of high grade work. We wish them well. Mr. Ervin of Big Springs, will take Parker's position at the News office.

SAW POSSIBILITIES IN SANTA ANNA OIL FIELD

How the breath of life was given to the town of Santa Anna is a wonderful story. C. P. Guess, W. J. Johnson and Frank H. Jackisch can tell some interesting history of the days before the coming in of the famous Pope well No. 5. It's a story of faith, judgment, energy and ability.

The price received for Santa Anna oil was \$1.10 a barrel. Secretary Johnson of the Texas Best Refinery said that his refinery would either pay a much higher price for oil or force the other refineries to go higher. The present price is \$3.50 a barrel.

Then came the Gladys Belle Pope No. 5 with its gusher oil. Guess, Johnson and Jackisch knew that if the world did not know about this well it might just as well not exist as far as local profits were concerned. They conferred with a number of other live wires who were interested in the spreading of the news, and in the reorganization of the Chamber of Commerce and within forty-five minutes after the call was issued on Saturday morning, a fund of \$3,600 had been pledged.

With practically every business man in Santa Anna present and enthusiastic, the Chamber of Commerce was reorganized and C. P. Guess was elected president, and E. M. Raney secretary. Raney was another man with a vision, and had been working with the others.

The new board of directors named were the most solid, substantial business men in Santa Anna. They felt the flow of enthusiasm: A campaign was outlined and the news began to flitter out to the world that Santa Anna was in the center of a brand new oil field.

Good deeds always come back to you. With acreage holdings on all sides of the now famous Pope No. 5 the discovery well of the Santa Anna big pool, the Texas Best Refining Company will perhaps prove to be the chief beneficiary of the Gladys Belle's biggest producer in the Santa Anna field.

The total holdings of this company in close proximity to the Pope are 360 acres. It is no trouble now to let drilling contracts on their acreage, and some fancy prices have been offered for their holdings.

Texas Best furnishes gas for the city of Coleman, nine miles from the city of Santa Anna, and owns the only oil pipe line to the new oil field where the Pope well began to spout. The oil from the Pope goes to Santa Anna through this pipe line, and is loaded into the tanks on the Texas Best Company's loading rack.

The Texas Best Company owns five producing gas and oil wells, besides the acreage surrounding the Pope No. 5. From one gas well alone the income is \$27,000 a year.

The refinery site, consisting of 71 acres, is just south of Santa Anna. A two-story office building is completed and the equipment of the refinery is on the way. It is planned to have a 10,000 barrel refinery and the contract for the first two units has already been let. A beautiful park is being finished in front of the refinery building for civic use.

C. W. Woodruff, formerly a bank clerk in Santa Anna, saw the wonderful possibilities in the future of Santa Anna before the big boom started.

BATTERY OF TANKS GO TO KINGSBERRY NO. 1

Four large tanks were hauled to the Kingsberry no. 1. Mr. Garner has sold his business in Plainview and has moved here to make his future home and to see after his oil interests. This well came in a short time ago good for 240 barrels. It will be put on the pump right away. There is quite an interest being taken in this new field. They have made a new location on the Henderson lease.

1600 Barrels of Oil Leave Santa Anna for Refinery

Santa Anna oil is very much in demand at present. Several concerns have been here for the past few days trying to secure the Liquid gold from the many wells that are on the pump. We understand the Gladys Belle Company shipped 1600 barrels to a refinery this week.

Texas Best Refinery Installed Lightplant

The Texas Best oil refinery Co. have installed their own Electric light system, purchasing a delco light plant from Brownwood, Texas. The main office is beautifully lighted and well furnished. They are still making good improvements. We understand that the engineer will be on the job real soon and the people will see some real work going on in the near future.

When the oil development began to look good he took a lease on a corner where everybody in Santa Anna had to pass in coming from the train, and together with his partners installed a modern drug store, newsstand and general meeting place for those interested in oil.

Now everybody goes there to drink before trading leases, after the trade is consummated, and during the time that the trade is being made—in fact, it is general headquarters. The Corner Drug Store is headquarters for the distribution of information on the field. Woodruff and his associates keep posted on everything pertaining to oil.

When a newspaper man was running around like a chicken with his head chopped off, trying to find a way to get a dispatch to his paper in a far away city, it was Woodruff that phoned the station agent and persuaded him to get down after night and send a special message. The station agent spent four hours overtime trying to get the Dallas office to answer, so he could send out the first news to the world regarding the coming in of the new well.

Now Woodruff is coining money hand over fist because of his foresight when he was still working in a bank with little future. His store is one of the leading business houses in Santa Anna, although it is one of the youngest. —Temple Telegram.

REFINERIES CRYING FOR OIL; TIMELY FIGURES.

Notwithstanding an increasing crude production, the highest in the history of the oil industry, it is insufficient to meet the enormous demands of refiners to meet those of consumers for larger and ever larger quantities of refined products. With the automobile industry back to its full production, after a greatly restricted output incident to the war, the day is not far distant when refiners in this country will be called upon to supply the gasoline to keep 10,000,000 motor vehicles going, in addition to the increasing number of tractors to serve the farmers and others.

And gasoline is by no means the only refined product which is needed in increasing quantities. The demand for kerosene, especially for foreign account, was never so insistent. The shortage in fuel oil, even for our navy, is of serious consequence. A lack of gas oil is embarrassing to the public utility companies supplying gas to our large municipalities. Plants that had found it profitable to install oil-burning equipment in place of coal are now just as anxious to return to coal.

Only a large augmented supply of crude petroleum will solve the problem confronting users of crude oil. As shown by the government's summary of the crude oil movement, production for the first two months of 1920 fell short by 2,325,000 barrels of meeting the needs of refiners, an amount which is equal to approximately all the oil brought to the surface in the entire state of Louisiana during February. In face of these figures it is unfair to charge that the present record high prices of crude oil to any other factor than the law of supply and demand. And the oil industry cannot be charged with any lack of effort to ameliorate these conditions. Production of crude in January 1920 was 5,650,000 barrels greater than of the same month of 1918, an amount nearly equal to the production for February of this year of the states of Louisiana, Wyoming, Illinois, West Virginia and Pennsylvania combined. Producing interests are gradually falling behind notwithstanding the stimulus of high crude prices. The available stocks of crude above ground on February 29th, 1920, amounted to 125,542,000 barrels, a supply sufficient to last only from three to four months at the present rate of consumption.

Nor can Mexico be looked to, for the present at least, to make up the crude oil shortage. Imports of crude from Mexico during February, according to government figures, were 4,939,913 barrels, as against 6,293,353 barrels in January, a decrease of 1,353,440 barrels. And Mexico is the only country from which we get crude oil in quantity. Judging from all the evidence at hand, crude oil will neither be cheap nor adequate for some years to come.—Brownwood Bulletin.

The misery and depression caused by a bilious and constipated condition of the system can be quickly removed by using Herbine. It purifies, strengthens and invigorates. Price 60c. Sold by Corner Drug Store.

NEW EYES

Can be made from old by correct glasses. Overstrain, even blindness can be prevented. It is simply a question of the right glasses. Our service can provide them. *Come in to-day.*

Optometrist
Corner Drug Store, Thursday, July 10th

What's become of the prejudice against automobiles because they frightened the horses

NOW cars are everywhere. The horses have gotten used to them—and so has everybody else. Think of it! This year the American people will spend *nearly a billion dollars* on tires alone.

Tires are one of the *biggest items* on the car owner's bills.

Hardly a Saturday, when you motorists drop in to "tune up" for a Sunday trip, that one or more of you doesn't tell us something of value to our business. Sooner or later it comes back to you in *Service*.

Service is what the car owners of this community are looking for nowadays.

And especially the *small car owners*, who put service

first in figuring their motoring expenditures.

III

Just because a man has a moderate-price car is no reason why he should get any *less service* out of his tires.

We believe that the man with the small car is entitled to *just as good* tire service as the man with the big car—and both are entitled to the *best tire service* they can get.

That's why we represent U. S. Tires in this community.

And why more car owners—*large and small*—are coming to us every day for U. S. Tires.

IV

Come in and talk to us about tires. We're here to help you get the kind of tires you want.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.

ROYAL CORD—NOBBY—CHAIN—USCO—PLAIN

JOHN H. BURMA, D. D. SUCCEEDS DR. S. L. HORNBEAK

Waxahachie, Texas.—Effective on June 9th, Rev. John H. Burma, D. D., will succeed Dr. S. L. Hornbeak as president of Trinity University, the denominational college supported by the Synod of Texas of the Presbyterian church, U. S. A., located here.

Dr. Burma comes from Dubuque, Iowa, where he leaves the post of vice president of the University of Dubuque. His work there has been of an administrative character. He will not enter upon the duties of his new position in Texas as a stranger, having served in Dallas, Texas, for eight years as Pastor of the Second Presbyterian church. He

has been prominent for many years in the State Christian Endeavor Work and in the general work of the Synod of Texas.

Dr. Hornbeak, whom he succeeds, becomes President Emeritus of the University and Professor of Economics and Social Science. His term of service with the University extends over a period of twenty-eight years, twelve of which he has served the institution as president. During this period the school has made great advancement.

Dr. Burma's first big task in his new field of endeavor will be the completion of the one million dollar semi-centennial endowment fund for Trinity University. Approximately \$449,000 of this amount has already been pledged.

"How we Cleared our Summer Home of Rats," by Mrs. Perry.

"When we opened our seaside home last May, it was alive with rats. They'd gnawed all the upholstery. We cleaned them out in a week with RAT SNAP. I prefer this rat killer because it comes in cake form, no mixing. Saves dirtying hands and plates. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Corner Drug Store and Adams Mercantile Co.

Miss Kitty Baxter was shopping in Brownwood Thursday.

Cases of oak or ivy poisoning should be treated with Ballard's Snow Liniment. It is antiseptic and healing and a splendid remedy for such troubles. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Corner Drug Store.

W. F. Garner has sold his furniture store in Plainview, and will make his future home in our little city. Mr. Garner will start to work on his new location, on the Henderson tract right away. He has received a car of material and is waiting on his pump to put Kingsberry No. 1 on the pipe line. This well is in the 240 barrel class.

Little Francis Louise Adams of Brownwood is visiting in the home of her grandparents, Mr. and Mrs. Henry Volentine.

A. J. Brown of Childress, Texas, is visiting his brother, A. R. Brown, in interest of the Santa Anna oil.

Pinkney Woodruff of Comanche, was here this week on business.

PERSONAL AND SOCIAL

By Miss Ozellma Standly Phone 57

Memorial Day May 30th. 1920.

"Under the roses the blue
Under the lillies the gray."
O, the roses we plucked for the
blue,
And the lillies we twined for the
gray,
We have bound in a wreath,
And in silence beneath
Slumber our heroes today.

Over the new-turned sod
The sons of our fathers stand,
And fierce old fight
Slips out of sight
In the clasp of a brother's hand.

For the old blood left a stain
That the new has washed away,
And the souls of those
That have faced as foes
Are marching together today.
Oh, the blood that our father's
gave!

Oh, the tide of mothers' tears!
And the flow of red,
And the tears they shed;
Embittered a sea of years

But the roses we plucked for the
the blue,
And the lillies we twined for the
gray,

We have bound in a wreath,
And in glory beneath
Slumber our heroes today.

—Albert Bigelow Caine.

Mrs. Karl Wallace was hostess on last Thursday afternoon to the Thursday Thimble Club and an added number of invited guests, entertaining in a very pleasing and attractive manner, the leading diversion of the afternoon being needlework. Later in the afternoon the hostess served a delicious refreshment course service making this an unusually delightful. The invited guests outside the club included: Mmes. Ed Wallace, Madge Terry, Kingsberry, J. D. Simpson, Sybil Simpson and Lula Volentine.

Miss Flossy Wilson left Monday for Temple to take up a three years nursing course. She had the home paper to make her a visit each week.

G. W. Faulkner and wife, S. W. Childers and wife, have returned from a trip to Houston, Galveston and Dallas, where they have been on a business and pleasure trip. They attended the conventions in Dallas while there last week.

S. H. Phillips is able to be out and look after his business, after a near serious accident of some few weeks ago.

R. W. O'Keith of Plainview, was here last Friday looking after his oil interests. He was very favorably impressed with our progressive little city.

We are glad to report L. L. Shield is out on the streets again after a severe spell of sickness. D. R. Holland is up after a few weeks illness.

Leon Shield was down from Coleman Monday looking after his oil interests.

Miss Mildres Pearce has returned from Denton, where she has been attending C. I. A.

T. H. McGregor, candidate for Governor, will speak in Coleman June 12th, at 2 p. m. Hear him.

L. F. Wade, publicity manager for the Brinkley Brick & Tile Co. of Coleman, and John Collins were down from the Capital city this week.

O. L. Sims of Paint Rock, candidate for State Representative, was in our busy city last Saturday, giving it the once over.

Mr. Erp is back on the job with the Texas Best Oil Refinery after being laid up from the effects of a car turning over with him.

Mrs. Dennis spent the week end in Brownwood, looking after business and visiting friends.

E. E. Reynolds of Hutchens, was here last week visiting in the home of his parents, Rev. Reynolds and wife.

W. E. Hodges of Lampasas, was up the first of the week visiting in the home of H. H. Brown. Mr. Hodges is the son-in-law of Mr. Brown and is a prominent furniture man of the above stated city.

C. L. South, candidate for County Superintendent, was in our city Saturday meeting old friends and making new ones.

The following relatives came last week to attend the bedside of Mrs. N. C. Baxter, who was very low but is reported much better: Mrs. Snodgrass of Stacey, J. J. and Oscar Lockett of Frankston, Texas; Mr. and Mrs. Wyatt Lockett, Mrs. Lizzie Lockett of Eden, Mr. and Mrs. N. R. Baxter and daughters, Mrs. Olga Harkey of San Saba.

Miss Lillian Dalton, who has been in Dallas for several months, came home last week on a visit to her parents.

Masters Joe Christie and Billie Ford Barnes spent last week-end visiting in Brownwood and were accompanied home by their wee cousin, Miss Willie Maud Boler, of Brownwood.

Mrs. Eck and little daughter left Wednesday for San Antonio to spend a few weeks.

Miss Annie Boggus left last Wednesday for a visit to relatives in Eastland.

B. Y. P. U. Program.

Subject: Living in two Worlds. Leader: Miss Lena McCorkle. Drill on daily bible reading—Mrs. Karr.

Scripture Lesson, Psalms 19, Martha Ella McCreary.

R. B. BOYLE, Editor and Owner

Friday, June 4, 1920

Entered at the post office of Santa Anna as second class mail

We had a dandy rain over this part of the county, and everything looking good.

The Sweetwater Reporter reports that a man was found in that city without money or friends. Of course he had no friends if he was without money.

What this town really needs now is some "for rent" signs stuck around. People are being kept away from here because they can't get a place to cook, eat and sleep.

In regard to the trash and garbage in the residence district, we have been requested to inform the public to leave same where the haulers can see it.

Santa Anna needs about 50 good houses, and there was never a town that offers a better location for a modern hotel, or a large rooming house. In ordinary times the present hotels and rooming houses are full. The people are opening up their homes to take care of the many visitors and the new operators.

Some one has said that opportunity knocks at every man's door, but that it only raps once. False. Opportunity raps continuously on the door of the wide awakes. The sleeper hears it not. The progressive hear the rap, opens the door, and listens to the message. Opportunity may come in many disguises, and does not always appear to the same man in the same garb. Opportunity has few favorites, and abhors the idea of luck. Santa Anna offers opportunities to the rich and poor alike. Now is the time to get in on the ground floor while leases are in your reach. Catch the first train and get off at the next real oil town in the state.

Card of Thanks.

We wish to extend to our friends who assisted us in caring for the body of our husband and father, our hearts most thanks. Without your sympathy and love our already great sorrow would have been two-fold greater. Remember us in your prayers. May God in his own way, bless each one of you. Mrs. J. O. Goodson and girls.

Itching diseases can be controlled and cause removed by applying Ballard's Snow Liniment. The relief is prompt and permanent. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Corner Drug Store.

C. F. Freeman left Wednesday morning for Temple, where he will have an X-Ray examination

This Miller Cord Tire has run 22,000 Miles On a Heavy Truck

22,000-Mile Tread And Why They Are Exceptions

Worn Miller Tires are often exhibited with some sign-like above. Countless letters also reach us telling such mileage tales.

These are very pleasing. But we don't want users in general to expect miracles from Millers.

Service to Expect

Expect from Millers greater service than from any like-type tire. And 19 times in 20 you will get it.

Expect it to outserve any tire you put opposite, and it almost invariably will. Expect twice the mileage tires gave a few years ago, and they will doubtless do still better.

Expect tread wear 25 per cent better than from others and you'll not be disappointed.

But don't expect that Millers, under all conditions, can match some exceptional mileage.

Why Mileage Varies

A Cord Tire gives vastly greater service than a Fabric Tire.

An oversize tire will vastly excel a tire that is undersize. Care, load and roads affect tire service greatly.

Millers are uniform tires. That is a major reason for their supremacy. But uniform tires will vary with conditions.

Tread Patented

Center Tread smooth with suction cup, for firm hold on wet asphalt. Geared-to-the-Road side treads, mesh like cogs in dirt.

With 3-Ton Loads

Miller Cord Tires were tested by Ray C. Carpenter on a 22-passenger bus, averaging a 3-ton load each trip. The first tire on a rear wheel ran 23,700 miles without a blow-out, and was never removed from the wheel. The second was punctured by railroad spike at 6,000 miles, but when repaired ran 12,000 miles more without a blowout. On a front wheel the Miller ran 22,000 miles without a blowout. All were passenger-type tires.

What Our Tests Show

We run tires at our factory ten million miles a year to make these service tests.

These are radical tests. Tires are run constantly, night and day, and under heavy load. We want quick comparisons.

On our testing machines Miller Cords average 15,000 miles, and Fabrics about half that.

But these are not mileage records. We are running Miller Tires against high-grade rivals to prove that Millers last best.

Be Satisfied With This

You will get on a Miller an exceptional tread. It is by 25 per cent the best tread made.

Not one Miller Tire, made under present methods, has ever come back with the tread gone.

You will get uniform tires. Every Miller Tire is signed, both by maker and inspector. Every man knows that a faulty tire means a penalty for him. And faults are extremely rare.

You will get greater mileage than from any tire you put on the opposite wheel. That is so nearly universal that we will stake your favor on any single test.

But you will get the best tire built today. There are hundreds of thousands who know that.

When you buy a new car insist on Miller Tires. Twenty car makers now supply them and there is no extra charge.

A very healthful sign of the new life Santa Anna is putting on, is the action taken by the Chamber of Commerce and the City Officials, with reference to cleaning up Santa Anna, and placing her back on her former pedestal where she stood when she was justly pronounced one of the cleanest towns in Texas. At the regular meeting of the Chamber of Commerce, held Monday night May 24th, where there was an attendance of about 40 to 50 members, one of the newcomers, W. J. Johnson, made a very strong address in calling the attention of the Chamber and city officials who were present to the fact that while the U. S. Government has spent millions of dollars in a campaign of education to eradicate the disease carrying fly, that Santa Anna seemed to have put on a campaign for breeding flies, and that the condition of her streets and alleys, particularly the alleys of the business district, were unmistakable signs of this fact. Dr. Sealy, City Health Officer, who has always been an advocate of a cleaner Santa Anna, immediately followed Mr. Johnson with very strong remarks concerning his attitude in the matter and stated that he had been over the town with the new marshal, calling his attention to the serious unhealthful conditions in the business district, and that it was the purpose of the City Officials, including the marshal, to strictly enforce the health ordinance of Santa Anna, allowing the various property owners and tenants until June 1st to get their premises in such condition that charges will not be filed against them. Their remarks were received with applause on the part of the members of the Chamber of Commerce. Following Dr. Sealy's remarks the Chamber of Commerce unanimously adopted a resolution placing itself on record as being heartily in favor of the clean-up of the town, and pledging itself unqualifiedly to support the City Officials in their efforts along this line. Let's clean our front and back door-steps. The Santa Anna shut down.

The Elite Restaurant will be run under new management in the future. Messers Meadows and Hoover of Abeline have bought the business and will open for business Saturday. These men are old fellows at the trade and expect to change the business around entirely giving the public the very best of service and everything that is obtainable in the way of eats serving meals any time of the day or night.

LOST—Bundle of clothing, between Santa Anna and Fisk. Finder leave with A. Field at Adams Mercantile Company.

Comer Blue was in Dallas this week on business.

One of the interesting features of the week was the entertainment Wednesday afternoon in the parlors of the Presbyterian Church, given by the ladies of that denomination in honor of their missionary, Miss Lena Boyd, who has just returned from India. Those on the receiving line were Mrs. Druvidson, Miss Blanche Boyd, Mrs. F. C. Woodward, Mrs. J. E. McClennan, Mrs. W. R. Kelley and Miss Lena Boyd. Mrs. Linn Phillips sang a beautiful solo and Miss Eudora Garrett gave a reading entitled "If." Then Mrs. Davidson presented Miss Boyd who was very attractive in India native costume, with whom the guests enjoyed a very interesting conversation. Refreshments of ice tea and sandwiches was served.

If you have reason to think your child is suffering from worms, take the safe course—use White's Cream Vermifuge. Worms can not resist its expelling influences. Price 35c. Sold by Corner Drug Store.

Sufferers From

Eye Troubles

Or those wanting glasses made for their individual case and guaranteed to FIT THEIR EYES will have the golden opportunity to be served by an expert in this specialty.

Dr. J. Harris Hales of Brownwood will be in Santa Anna, Monday, June 7th, at COMER BLUE'S Jewelry Store.

Dr. Hales is well known to many citizens of Santa Anna and Coleman county, whom he has served during his ten years as owner and manager of the Brownwood Optical Co. Dr. Hales has never, before, traveled, his practice at home has always been so heavy he has never had time to travel; the close confinement impaired his health and a season of out door life was determined, for this reason he sold and abandoned the Brownwood Optical Co. last year and after six months rest he finds an object in his outdoor life as necessary as is the open air; to have both he has decided to visit a few towns near Brownwood offering his services to those whom he can help, during the present summer; Regaining his health fully, he proposes again to open an office and regular manufacturing Optical plant in Brownwood the last of the present year, meantime those who would like a superior service in his specialty will do well to see him during one of his visits to Santa Anna.

Dr. Hales especially courts difficult cases, those who have despaired of having their eyes benefitted; sufferers of any of the many eye-strain discomforts or reflexes are invited to consult him. His experience is very broad in his specialty and his skill in eye-work is acknowledged to be second to none in Texas.

See Dr. Hales early on this visit; better an appointment for date.

IT IS BETTER TO BE SAFE THAN SORRY.

The Standard Abstract Co. is in position to give you first class service and if you are going to need abstract to your land, it will be wise for you to put in your order now before the rush, if you want prompt service. Our office is third door east of First National Bank, we are here for your service and will gladly give you any information as to your land.

For Weak Women

In use for over 40 years! Thousands of voluntary letters from women, telling of the good Cardui has done them. This is the best proof of the value of Cardui. It proves that Cardui is a good medicine for women.

There are no harmful or habit-forming drugs in Cardui. It is composed only of mild, medicinal ingredients, with no bad after-effects.

TAKE

CARDUI The Woman's Tonic

You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help. "I was taken sick, seemed to be . . ." writes Mrs. Mary E. Veste, of Madison Heights, Va. "I got down so weak, could hardly walk . . . just staggered around. . . I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when run-down. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.

COUNTY EXTENSION WORK. (W. F. Robinson, County Agent)

High Bred Hogs Coming to Coleman County.

Co-operating with the First National bank of Coleman a car load of the highest bred hogs to be had have been bought at St. Joseph, Mo. These hogs have been personally selected by Mr. J. E. Boog-Scott and are now enroute Coleman to be put out among the club members and farmers of the county who want the very best.

The car consists of Poland China yearling gilts, sow and boar pigs of the same breed, also a number of six month old Hampshire pigs.

These are good ones and papers furnished with all, it is not a cheap lot of hogs—but comes from the highest pedigreed herds of the north. We are very anxious for you to see them whether you will be interested in securing foundation animals from this herd or not.

We expect them to be at Coleman Saturday June 5th, all club members and farmers who want good stuff and have not secured it yet are asked to come and see these hogs on the date mentioned.

It is not our intention to overstock the county with stock that will have to be sacrificed at a great loss in case of drought, yet it is our intention to assist in getting the county essentially stocked with animals for which there is a continuous demand among recognized breeders.

They Took It.

Moss, Sheridan, Ind.

Decides That Pill Rolling is Not As Good as Oil Game.

It's a long ways from rolling pills to operating in the oil industry, but that's what Frank H. Jacklisch of the Hotel Lease Exchange, Santa Anna, Texas, decided was the best thing years ago. Jacklisch had a license to practice pharmacy in twenty-seven states. He was in Kansas when the oil discoveries opened up new vistas for him and his.

He quit the drug business, entered the "oil game" and promptly proved that the nice discrimination demanded of a mixer of potions was a decided asset in determining the right course in the handling of his oil interests.

That was years ago. Jacklisch has been operating in the oil game so long that few of his friends know today that he is licensed to practice in twenty-seven states. He is known as an oil man, and looks the part. Big, strong, commanding in figure, and quick to perceive the desires of his customers, he makes it a point to see that all parties to the deal are satisfied. He says that a trade that does not allow both buyer and seller to profit is a one-sided affair, and he wants nothing to do with it. That is the secret of his success.—Temple Telegram.

A bad taste in the mouth comes from a disordered stomach and sluggish state of the bowels. Herbine corrects the trouble immediately. It purifies the bowels, helps digestion, and sweetens the breath. Price 60c. Sold by Corner Drug Store.

A ROYAL CORD RECORD.

Three years on United States Royal Cord tires is a record reported by Frank McComb of Stafford, Kansas.

"During this time," says Mr. McComb, "I have made two trips to Colorado Springs, going up Pike's Peak and taking in all the mountain drives around there and Denver. I then went to Cheyenne and back over the Lincoln Highway through Nebraska. Last fall I drove to San Francisco, going out by way of the Santa Fe trail, and returning over the Borderland trail. The road as a whole was very rough and rocky."

How a Noted Vet. Gets Rid of Rats—Farmers' Head.

Dr. H. H. Butler says, "I use RAT-SNAP around my hospitals every three months, whether I see rats or not. It does the work—RAT-SNAP gets them every time. I recommend it to everybody having rats." Don't wait until there is a brood of rats, act immediately you see the first one. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Corner Drug Store and Adams Mercantile Co.

PERSONAL & LOCAL

Miss Grace Ewing was shopping in Coleman last Wednesday. Latham Ryan of Moran, Texas, is here this week visiting his brother, B. W. Ryan and children.

Lester Lockett of Eden, Texas, spent last Sunday and Monday here visiting in the Baxter home.

G. L. Sapp, a member of a film corporation of Dallas, was here on business last week.

Robert Campbell of Marlin, Texas, is visiting relatives here this week.

Mrs. M. V. Boggus and daughter, Annie, have returned from Temple, where Mrs. Boggus has been for several weeks for treatment in a local sanitarium.

Mr. and Mrs. K. I. Davis of Coleman, spent last week in the Perry home.

Miss Ethel Nuckols of Pecos City, is visiting her parents here this week.

Mr. Jackson, salesman for the Texas Best Refinery Co., was here on business from Bangs this week.

E. P. Rendleman is making some extensive improvements out on his country home.

The Meador freight line demonstrated its hauling capacity one day last week, when he loaded a car of lumber on his wagons, and with his splendid teams and expert teamsters, placed a car load of lumber at the country home of E. P. Rendleman, in one trip. This goes to show the public that he has one of the best bunches of draft teams anywhere in the state. If Meador can't more it you might as well lay off of it.

"I Got Real Mad When I Lost My Setting Hen," Mrs. Hannan.

"I went into the hen house one morning and found my favorite setter dead. I got real mad. Went to the store, bought some RAT-SNAP and in a week I got six dead rats. Everybody who raises poultry should keep RAT-SNAP." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Corner Drug Store and Adams Mercantile Co.

LUMBER PRICES AT DALLAS DROP.

Dallas, May 27.—Prices of lumber have dropped from \$10 to \$15, per thousand feet here during the past few days. The reduction is caused by a deflection of lumber from St. Louis, Kansas City and other points, it was said, and will not be sufficient to reduce building prices.

Dallas contractors declare cost of building is likely to aviate rather than decrease. They say nails and cement are now being rationed like sugar and that other building material prices would preclude a general reduction in building unless lumber prices are reduced considerably more.

Sees Future For Santa Anna.

Dear Editor I am a resident of Santa Anna and like most every one I love my home town and everything that will make it a more pleasant town to live in. We all know we need a park or play ground here. Would it not be nice if we could buy 50 acres beginning at the east crossing on the railroad on the north side and extending east, the land is along a ravine and has a growth of mesquite trees also some live oak, hackberry and willow, which goes to prove that forest trees would grow there if set out, roads could be made, a tank could be built with very little expense and a swimming pool also. It is near enough and not too close to town. If this could be done no other expenditure of the same amount of money would give the pleasure this would. Just see our people going away to the creeks and woods every day. In ten years we could boast of a lovely park and our children would rise up and call us "blessed."

James O. Goodson.

The funeral of James O. Goodson was held at the city cemetery Monday afternoon at 3 p. m., Rev. Reynolds officiating. Mr. Goodson was born December 25, 1875 and died May 30, 1920. He and his wife and two daughters moved here in December 1919. He leaves a mother, two brothers, wife and two daughters and a host of friends to mourn his death. One of his brothers was present for the funeral.

Brownwood, Texas

(Mention name of paper when answering this ad.)

1,000,000 tons of the cane product is stored in Cuba for a higher price, were cardinal facts in the testimony of witnesses yesterday before the Lusk joint executive committee determining the influence of high prices on social unrest.

A flat statement that American banks lent \$250,000,000 to Cuban sugar concerns for "holding sugar" made by one of the witnesses lost much of its force when the testifier admitted he could not swear to the loan as a fact.

S. W. CHILDERS & CO. BUILDING WAREHOUSE.

S. W. Childers & Co., one of our wide awake merchants are getting ready for the real oil boom, by building a large warehouse at the rear end of their splendid establishment. The building is constructed of galvanized iron and is a credit to any large firm. This wide awake firm sees the coming of a great future for Santa Anna, and are placing every thing in readiness for big day.

Miss Maggie Woodruff came in from Cisco Saturday to visit home folks and friends for a few days.

Keep this in mind, Santa Anna needs one or more new houses every day to take care of the new citizens.

Blacksmithing and Woodwork
