GLADYS BELLE POPE NO. 5 LOOKS GOOD; OIL NEWS

Gladys Belle Pope No. 5, is being swabbed out following recent shots, it flowed 700 bbls. of oil in twelve hours one day this week, according to information regarded as authoritative. The well looks good, it is said, for at least 500 barrels and the well is still flowing by heads.

Drillers are pulling the casing to locate a fault which prevents the swabber from going below the 900 foot level. Two more offset wells to the Gladys Belle have been started and they will be drilled as rapidly as possible.

The Pippin well on Burke which was shot at 2,300 feet with 180 quarts one day this week and bridged over at the 1,000 mark, is catching the eye of real oil men. Oil is said to be standing 1,300 feet above the bridge. This well is expected to come in, in the gusher class, when cleaned out.

Offset To Be Drilled.

A. L. Jones, local rig builder, has the contract for building standard rig on the R. F. Campbell tract, which will be an offset of the Pope No. 5 and to be drilled by the Gladys Belle Company. The location is approximately 600 feet north of Pope No. 5. Work will be started Monday on the offset rig, which will be standard and equipped for deep test.

The Gladys Belle Company is operating a star machine on Fuller tract.

Prairie Operations on Miller.

A. L. Jones, local rig builder, has the contract for building standard rig for the Prairie Company on the Miller tract in the southwestern part of the county. The location is reported to be about three-fourths of a mile north and east of the Prairie Miller No. 1, which was abandoned around 1500 feet. The Prairie No. 2 is to be started with a 24 inch hole and equipped for a depth of 5000 feet.

Simms-Dibrell Showing.

The Simms Company, Dibrell 2, is reported showing oil; depth not announced but supposedly around 3150.

Jim Ned Company Dibrell, drilling by tools.

Texas Company, Creswell, underreaming 1250.

Magnolia, Morris 10, drilling around 400 feet.

Magnolia Robertson, Woodward 1, drilling around 2200.

Roth Fourot, Overall, underreaming depth reported around 1400 feet.

Dodwell & Teatsonth, Candler, shut down.

Gulf States Co., Babington, timbers.

Seamans Company, Parker, drilling around 1400.

Texas-Arizona Co., Adams, no report.

Gladys Belle, Garrett 6, drilling around 500.—Democrat-Voice.

TEXAS BEST PEOPLE BEAUTIFY THEIR OFFICE GROUNDS

One of the prettiest spots in Santa Anna is going to be the home office of the Texas Best Oil Refining Company, out at the Refinery site, which joins the city on the south western corner. They have just completed their two story office building and are grading up the grounds and beautifying the property.

Drive out and look it over.

Santa Anna Gas Company Reported By Inspector Best In State.

Mr. Hoffer, Railroad Commissioner and State Inspector of gas lines, was here last week inspecting our local Gas Company. After looking over the system he stated that he had never seen anything like it before. He was well pleased and had no suggestions to make, but took a few notes to offer other concerns. He left our city with information he did not know was in existence. We should feel proud of our local Gas Company.

At The Baptist Church.

The Pastor has returned from Washington and will be glad to meet the members at both morning and evening services. Pastor will attend the 5th Sunday meeting Friday and Saturday, but will return for Sunday. Remember our rally for June the 18, 19 and 20. Make your arrangements to be at all these services. Public are invited to worship with us.

J. M. Reynolds, Pastor.

For Commissioner.

To the voters of precinct No. 2. I had thought that I would not be in the race again for County Commissioner, but as numerous friends have insisted that I make the race, I have decided to do so. After serving you four years I am better qualified to fill the office and if you elect me for another term I will try to give each and every one a square deal. And will try to use the funds that comes into my hands to the very best advantage possible. Yours for an honest administration.

C. L. Curry.

Miss Erien Yants and Miss Dolly Ogden, both of Brady, left Monday after spending some time in the home of Rev. Reynolds.

Several new houses are going up, but the people are coming in fast. We notice the tent residence is being turned to. In a short time the city will be a sure enough tent town.

CHAMBER OF COMMERCE HAVE LIVE MEETING

Santa Anna Chamber of Commerce held their regular meeting on Monday night, at the regular meeting hall. A large and enthusiastic crowd was present. The hall was crowded to capacity and a number were standing on the outside. The various committees were called on to report, and every one was there with their work pushing forward to the desired goal. New business was brought before the meeting, and was dispatched with great rapidity, showing the style of the clubs spirit. A big clean up campaign was launched. The new City Marshall Mr. Edwards was assured by the City Commission and the Chamber of Commerce, that they will stand behind him in every phase of the laws and the old city has already taken on airs of progressiveness. You must take last look at filthy streets and alleys for we are on the road to perfection.

There is only one way to do in Santa Anna and that is fall in line or go with the rest of the junk and filth, for we are going to "go some." Get in the swim or get out of town.

STEPHENS COUNTY LEADS LIME PRODUCING AREAS

Fort Worth, May 17.—Stephens County is now leading all other fields in the oil producing areas of the North Central Texas oil fields. This county is now at the record figure of 42,135 barrels average daily production the highest in the history of the county. This figure is surpassed only by the production of the Burk Burnett field, which is now turning out around 88,000 barrels of oil daily.

Nearly all the fields are either maintaining a steady output or are showing increases lately. Ranger is holding steady at more than 30,000 barrels daily, while there is a slight increase at Desdemona. Electra also shows some increase, while Strawn and Iowa Park are about normal.

Following is the average daily production from each of the fields: Desdemona 15,425, Brown County 295, Coleman County 70, Ranger 30,395, Moran 140, Stephens County 42,135, Strawn 2,450, Electra 10,035, Burk Burnett 87,960, Iowa Park 1,320, Holiday 210, and Petrolia 450, total for the entire North Central Texas fields 190,880 barrels.—Brownwood News.

In regard to the above article from the Brownwood News, and particularly the Coleman County daily oil production who ever the author of the story is, surely forget to include the production of the Santa Anna field. I can safely say we have half a dozen wells on one farm that are pumping that much each. With the Kingsbury No. 1 good for 240 barrels, Pope No. 5 good for 250 at least and Fuller No. 1 and Garrett No. 1 both flowing, the above statement sounds like a joke.

If it is groceries you want go to Marshall's.

Mrs. Howard Brummer of Desdemona, is visiting with her mother, Mrs. Harrod, this week.

Those famous Huntingburg buggies have arrived, better come on in and get yours before are all sold out. C. E. Welch.

COMMENCEMENT EXERCISES CLOSED MONDAY

The closing exercises of the Santa Anna schools was held at the Methodist church last Friday night, when the church was crowded from the balcony to the doors, and numbers were forced to leave on account of not even having standing room. The girls' Glee Club welcomed the audience with a very appropriate song. The salutatory was delivered by Miss Eudora Garrett and the valedictory by Miss Nettie Turner. Selections by the quartette and Glee Club accompanied by Miss Sarah Ramsauer, and a piano solo by Miss Nettie Turner were features of the evening showing much skill and talent.

The commencement address was delivered by Dr. C. W. Thompson, president of Daniel Baker College of Brownwood. Dr. Thompson told the class that education could be made a success or a failure. He stated that an education was not useful to a man in life who spent his time and money in acquiring an education for nothing. "An education which stirs up the human brain and causes a man to do something for humanity and the world" said the speaker, "is the education which is worth something."

Dr. Thompson called to mind men who had been given college education, who had thrown their opportunity away and were on a level with the uneducated man, and compared these men with men who had been educated under similar circumstances who were higher up in the world and filling places of usefulness. He appealed to the thirteen young men and ladies to use the opportunity given them to make good in the world, and counted with them the cost which their parents had been paying for their education.

Following the address of Dr. Thompson, Supt. Eaves presented the graduates with diplomas from the school, showing that they had completed their work in the local school. Prof. Eaves expressed his appreciation of the co-operation of the patrons, faculty and school board and stated that it had been a great pleasure for him to work with the class. He also brought out the importance of a new and modern school house to meet the already urgent need of Santa Anna.

Thus brings to a close a very successful term of the Santa Anna schools, notwithstanding that the board has had financial problems to fight out from time to time, and suffered the loss of several teachers during the term.

DELEGATES ATTEND STATE CONVENTION AT DALLAS

The Democratic state convention meets in Dallas Tuesday for the purpose of selecting delegates to the national Democratic convention that meets in San Francisco, June 28th, at which time candidates for president and vice-president of the United States will be nominated and a national platform of party principles adopted. Texas will be entitled to forty delegates and the convention which met in Dallas Tuesday will select these delegates. In the state convention Coleman county will be entitled to nine delegates, when it comes to voting, although eighteen were elected when the county convention was held May 4th.

The delegates are: S. W. Childers, G. W. Faulkner, W. H. Garrett, Mrs. S. H. Phillips, J. D. Simpson and H. W. Kingsbery.

MISS LENA BOYD HOME FROM NORTH INDIA

Miss Lena Boyd was born and reared at Santa Anna, received her education at Trinity University, Waxahachie and her training as a missionary at White's Bible School, New York City. India was the field of her choice and she was sent to the Royal Mission in North India in 1912. Her first year was at Ambala, a city of 80,000 population, where she was studying the language and teaching English. Later she was sent to the station Seharanfur, a city of 78,600, where she was given charge of the Girl's School and Zenana visiting of the district, which work she holds at present time.

One of the happiest occasions of years occurred Sunday night, May 23rd, when all the churches united in a service at the Presbyterian church, giving a "welcome home" to Miss Lena Boyd, who has been a missionary of the Presbyterian church in India for the past seven and a half years. Rev. T. W. Davidson spoke on the part of her church, and as her former pastor, giving her a most hearty welcome home for her own sake, for she is loved in Santa Anna and her church, and for her work's sake, Mr. V. L. Stockard spoke as a life-long friend of the family and extended to her a welcome back to her home and associations, saying that with pride and gratitude she was received safe home again after the toil of the years. Mr. Frank Turner also spoke as a life-long friend, saying the Boyd family were here a few years before the Turner family and both were pioneers of this section. He spoke of the great work missionaries were doing and said he was glad one of our town had "been called into this great work," that she was the only representative Santa Anna had on the foreign field. He, too, in fitting words gave her a most cordial welcome home. Miss Boyd responded to these greetings in a few well chosen words and then gave us some idea of her routine work as a Missionary. We all realized as she spoke that each day was filled to the utmost as principal of the Girl's School with five teachers under her, as Zenana visitor with two Bible Women as helpers, as working among the lepers, as working with various organizations on Sunday, as teaching the language to new Missionaries of all denominations in summer time, we all realized her hands were very full of the Master's work, work which is a joy because it is His work.

After a request for some personal experience from Mr. Turner, she told of the girl whom she rescued from slavery and took into her own home. Having been given the girl by the authorities after she had been taken from two "holymen," who were trying to sell her. On request, too, she sang a song in Hindustani, translating it as she sang it verse by verse. We heard her gladly and will hear her gladly again when she comes before us with a message from India and her work there, as we hope she will do a number of times before she returns to India again.

The Santa Anna Mercantile has a display of the various articles Miss Lena reached home with. It is the largest collection ever brought home by one person.

Entered at the post office of Santa Anna as second class mail

Texas Best Refinery has made some wonderful improvements—go out and see.

Swat the fly, they are getting too numerous about the city.

The City is looking after the streets now and they are making good improvements. Look around and see what your place needs—then do it!

J. R. Edwards, the new city Marshal, has the right idea on the job of helping to make the city look clean—get together and help him out—it is to your interest to do so.

After you read the News this week send it to one of your friends; they will be glad to read what a wonderful little city we have here and may move to a good town.

Men either go backward or forward—let's all get together and go ahead. When a man comes to town tell him we have the best little town of its size in the south. If everyone does it they will think so and you will soon be of the same opinion yourself. Boost, it does not cost anything.

If you have a friend or neighbor who does not know the way to the oil field take him out in your car so the next time a stranger comes to town that they do not have to ask three men before they can get the right direction.

W. C. Hill, sales manager for Butler Bros., and among the Dallas visitors, Wednesday, of last week, made the following statement. He was here five years ago, and when he arrived in our city, was greatly surprised at the wonderful improvements. He looked over the display of our natural resources with great pleasure. He stated that he had not seen anything as fine on the entire trip. He left our little

city a booster for us. They all find it out after they see for themselves.

It will be to your interest to read ordinance No. 59, 60 and 61 in last week's paper. The ordinances are in effect and you are to be blamed if you break them.

We must clean up this city. Swat the fly, and get ready for the summer months.

We have always been a believer in buying at home. I think we should trade with each other, as long as we can supply the demand. And then there will be an excuse for sending away for goods and supplies. We have at all times a good stock of bond papers, second sheets, both yel-

low and pink, envelopes, cards and bill heads. Not a week passes that don't bring to our city, material that could be bought in your local newspaper office. Let's work and pull together. Neither of us can ever make a success if we send our money out of town for articles we can buy in Santa Anna. Let's trade at home from now on.

Newspaper men in west Texas are raising subscription and advertising rates materially. They find this necessary so they will not be called on to travel "over the hill to the poor house."—Canton Herald.

UTILIZE YOUR SPARE MOMENTS.

Why not use your leisure time wisely? What have you gained from your spare time the past year? In every city, town and community in our great union, some ambitious persons are studying by correspondence, are climbing upward, while their associates are standing around the foot of the ladder of success. Already thousands too busy or too poor to attend college are finding education at their door; already they are studying, mastering, succeeding. We are as near to you as your mail box. An hour a day for three months devoted to one of our courses will make you stronger, wiser, better fitted to cope with the world and wrest success from her hands, success which can be won only by those who are trained in their work.

The demand for trained office assistants, bookkeepers, stenographers, telegraph operators, is now greater than ever before, and salaries are in proportion to the demand. We are teaching, under our Money Back guarantee plan, and have for years successfully taught by correspondence, thorough courses of bookkeeping, shorthand, typewriting, telegraphy, grammar, spelling, arithmetic, business law, penmanship, salesmanship, advertising, etc. In a few months time, without interfering at all with our present employment, we can equip you for a position as a trained office worker, and your income need never cease during the period of

Blacksmithing and Woodwork

training. When you have completed a course of business training with us you will be able to accept a position at a far better salary than you are now receiving. This is the age of specialization; the trained man gets the big salary.

The advantages of a correspondence course are in part as follows: Less cost, not one-sixth of that required to attend school. No lost time or salary. Your "earn while you learn," save your leisure time that would otherwise be wasted. Make just as much salary as if you were not studying at odd times.

You study at home—the education comes to you. Three months free use of a standard typewriter is given with full shorthand course. If you decide when partly finished to enter for personal work you may do so without paying additional tuition.

"Same Goods for Less Money"

At The Best Theatre Monday And Tuesday.

What good woman has not been distressed at the thought that some day she might have to make a better choice between two evils? None, perhaps. That is the situation that confronted Joan Gray within a few moments after her arrival in the iniquitous mining town of Dawson City, Klondike, during the gold-mad days in the Yukon. Enticed to the town by the proprietor of the notorious dive, Joan is compelled to choose between him and the wicked crowd which infest the place.

Abhorring Gold Dust Baker, the proprietor, Joan chooses the crowd and offers herself in marriage to the highest bidder. And she is won by Jim Blood, the Cur, so called because he is despised by his associates as a drunken brute. But his heart is pure gold.

The story of "Paid in Advance" gets into the blood, it arouses once more the fire that impelled people to rush headlong into the Klondike seeking for gold—and to find—as most of them did—misery, wickedness and heartbreaks that were a part of a man's world.

With an all-star cast of players, including such notable artists as Dorothy Phillips, Priscilla Dean, William Stowell and Lon Chaney, there has been produced a photodrama of the Canadian wilds and the bleak, snow-blanketed wastes of the Yukon that will live long in your mem-

ory. From a story by James Oliver Curwood, America's foremost writer of Klondike and Canadian tales, has been created an epic of the frozen lands. You can not afford to miss it when it is shown at this theatre.

The Methodist Church, Santa Anna.

The outlook is brighter, last Sunday the people were on time. The children are becoming more interested in remaining for preaching, there are very few who leave before preaching. There is no question now that Santa Anna is the center of a great oil field, and the churches must keep moving upward in her work if she retains her prestige. Any town is dead without good churches, good schools and a good newspaper. Santa Anna has all, but to keep them good you must give them the same care you do farm, store, shop or office. It takes work to build a great city, and the churches, schools and newspaper are the greatest assets any people ever had for building.

Quite a number of strangers have been coming to the Methodist church and we take this means of saying "we are glad to have you come, be at home with us."

Next Sunday (May 30th) our subject for the morning hour will be "The Unpardonable Sin." Come and hear this explained from a bible investigation. Josephus Lee, Pastor.

THE STATE OF TEXAS To the Sheriff or any Constable of Coleman County—Greeting:

You are hereby commanded to be published once each week for a period of twenty days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Coleman County, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the estate of Joe Akes, deceased. Fred W. Turner, administrator, has filed in the County Court of Coleman County an application for an order to sell the following property of said estate, situated in Coleman County, Texas, to-wit: Lot No. 12, Block No. 23 Bradford's Addition to the City of Sweetwater and the south-half of Lot No. 2 in Block No. 69 of the City of Santa Anna, Texas, according to the map plan thereof, which will be heard at the next term of said Court, commencing on the first Monday in June, A. D. 1920, the same being the 7th day of June, A. D. 1920, at the Court House thereof, in Coleman, Texas, at which time all persons interested in said estate are required to appear and show cause why such sale should not be made, should they choose to do so.

Herein fail not, but have you before said Court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court at office in Coleman, Texas, this 6th day of March, A. D. 1920.

Editor Santa Anna News:
As a member of the Chamber of Commerce and therefore one who is interested in the welfare of Santa Anna, even as I know you are, I wish to offer this suggestion to the citizens of Santa Anna, through your good paper.

Would it not be wise to apply the same principal to the Chamber of Commerce and Santa Anna, that we do to our daily work, that is employ for our publicity work a person who is a publicity expert and make him the active secretary of the Chamber of Commerce and pay him a salary so that we can demand his entire time, commensurate with the salary paid him. I believe a fairly competent man can be procured at an expense within our means. Pass this along through your paper so that it may be thought over by the people.

Very truly yours,
Interested Citizen.

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadersville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak."

I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few

doses of Black-Draught."

Seventy years of successful use has made Thedford's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose. All druggists. J. 69

PERSONAL AND SOCIAL

By Miss Ozellma Standly Phone 57

Miss Lois Harkey was hostess to one of the most enjoyable affairs last week, when she very graciously entertained her classmates. The rooms for entertaining were very effectively arranged with the class colors of black and gold streaming here and there, with lovely bunches of roses mingled in, in appropriate nooks.

Much merriment was gained from the numerous games played during the entire evening of pleasure. Later the hostess served delicious grape-juice and cake.

The members of the class to enjoy this merry affair were: Misses Ederyn Tyson, Bessie Watkins, Kathleen Taylor, Lois Harkey, Messrs Tom McClellan, Reuben Howington, Hugh Blair, Paul Rothermel, Leonard Gippson, Albert Lowe and Wiley Smith.

Mrs. Burgess Weaver was hostess to the Merry Wives and Thursday Thimble Club on last Thursday afternoon, honoring Mrs. Michelson, who is to leave soon.

The home was exquisitely decorated in lovely pink and white rambling roses with big bowls of the roses giving an enchanted air and grace to the rooms.

An advertising contest afforded much amusement for the members and guests, Mrs. Grady Adams and A. U. Weaver winning a big bowl of pink and white roses as the prize.

The hostess served delicious pink and white brick cream and angle food cake and individual molds of devil's food to a large number of club members and invited guests.

Mrs. R. M. Stephenson is visiting her parents, J. H. Roach and wife of Lometa. Mrs. Stephenson has been in poor health for some time and the change is made in hopes it will be for her betterment.

The Santa Anna Rebecca team entertained the Coleman Rebecca's on last Monday evening in a very delightful fashion in the rooms of the Woodmen Hall. The reception hall was very artistically adorned with spring blossoms. The lights were shaded with pink shades and the pink and green theme was carried out throughout the evening. Big pink and green bowls being tied here and there. At intermissions, refreshing punch was served. A class of thirteen were invited and as a conclusion delicious cake and cream was served. Outside guests numbered about thirty.

Capt. J. A. Robertson of Galveston was here last week looking after his local business. The city Gas Co.

Judge J. A. Humphries is an out of town visitor this week looking after the oil business and visiting friends and relatives.

Joe Ayers of Dallas was here this week visiting W. J. Hosch of this city and making some oil investments.

Will Ayers and wife of San Francisco, Cal., were here this week visiting W. J. Hosch and family and looking into the oil business.

Walter Ransberger made a business trip to Ft. Worth and Dallas last week.

Rev. Reynolds has returned from a business trip to Washington, D. C.

Miss Minnie McClvain has returned to her home at Rockwood after spending the school year in Santa Anna.

Mrs. Ransberger is visiting in Coleman this week-end.

Miss Catherine La Velle of Denver, Colo., has arrived to make Santa Anna her home while doing stenographic work for the Texas, Best Oil Refinery.

Best Motor Oils

CORRECT lubricants are the most economical—sometimes in the beginning—always in the end. The engine of your car is the propelling power. It is the most important single part. And it is highly probable that the oils you use exert a larger influence on your engine than any other feature.

Protection for Your Engine

Keep your car out of the repair shop by keeping the right oil in your engine.

The right oil need not be the most expensive. But it is oil that has been tested. It has been proved by its action on many cars in many kinds of service. That is the kind of oil we sell. You can make no mistake in filling up here always.

Prompt Service—Certain Satisfaction
