SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY JULY 22, 1938

NUMBER 29

"He Profits Most Who Serves Best"

SMOKE FROM THE MOUNTAIN

The weather man got the laugh after all at the Donkey Baseball game, but no one was sorry about the results because the rain made all of us plenty happy. Someone asked if the game was insured against rain and the local Athletic Association informed them that it wasn't. Well, no one here thought of such a thing. We had just about resigned ourselves to a dry summer and no rain until about November. But the donkeys are coming back July 27 and the crowd will probably be lighter hearted and bigger because of the delay. And if it rains the next game out—we'll know who to call on when we get another dry spell.

Johnny Little hit the town last week and left Tuesday firmly denying that he came to play on the donkeys, but we are suspicious nevertheless. He went home with an armful of cardboard for football records and with big plans to attend the coaching school at Lubbock before he returns to Santa Anna about August 10. We are kinda wondering though if he won't sneak back July 27—so the donkeys won't be disappointed.

A. D. Pettit and Hubert Turner were certainly dolled up and lonesome looking last Wednesday at the Coleman Rodeo parade. They stood by the Bower Drug Store anxiously looking around, but when last observed apparently all the cowgirls were spoken for or not interested in the city variety of cowboys.

Politics is on the last lap of the first race now and the voters are just about as anxious as the candidates to get it over with and know the best—or worst. Although speculations on county races are picking up some, most of the guessing and arguments center on the governor's race which has been in the spotlight particularly in the last few weeks. Your guess is as good as ours, but we are certain of one thing. We'll be with the crowd that listens to the returns in Santa Anna at Spencer Pharmacy where the election board will be placed as in years past. Results from all boxes in the county will be phoned in there and posted. Easy, folks, don't get jammed in the crowd.

Looks as if it wasn't meant for the Whon folks to have that ice cream and pie supper. Called off twice, once for a donkey game, which was cancelled, and again for rain Wednesday, the women are having hard luck in getting the candidates to sample their cooking. However, we have sampled some of it and it is well worth a trip, even in the mud.

Dr. Sealy Arrives Home Wednesday

Dr. T. Richard Sealy arrived in Santa Anna on the early train Wednesday morning in company with his friend, Albert Shaw of Christoval, who made the trip with Dr. Sealy who has been at Mayo Clinic, Rochester, Minn. for several weeks.

Dr. Sealy stood the return trip very well and his condition seems much improved, reports from his family to this office state. Many friends met him at the station when he arrived, but he will see few visitors at home until he is more rested.

Dr. Burgess Sealy, who accompanied him to Rochester remained at Mayo Clinic to continue advanced study.

Charlie Bruce Is Contest Winner At Recent Rodeo

Charlie Bruce of Santa Anna won first place in the wild cow belling contest at the Coleman Rodeo last week for the four day event and was the only Santa Anna man who rated a first place for the four day schedule. Others who placed in this event were Slim Whaley of Petrolia, second, Ted Powers of Coleman, third, and Frank Hoslick of Cameron, fourth.

Winners in all events were announced Saturday night when the rodeo closed before a crowd of about 6,500.

Milt Moore of Comanche, Okla. was named champion bronc rider and winner for Friday-Saturday day money. In the day money Frank Griffin of Coleman was second and Eddie Cameron of Houston and Texas Kid Jr. of Fort Worth tied for third and fourth.

Moore, Tack Bolton of Red Rock, Cameron and Foster Parish of Wolfe City turned in the best four nights averages in the order named.

Mrs. J. F. Taylor of Loraine won the sponsors' barrel riding contest. Mrs. Kenneth Snyder of Melvin was second, with Mrs. Babb Taylor of Doole third.

Flag race winners were Curley Seale of Baird, 40.8; Joe Morris of Coleman, 41.2; Lucille Daniels of Jayton, 42; Billie Marie Miller of Echo and Mrs. Jack DeBusk of Burkett tied with 43.2.

Day money in calf roping was taken by Clyde Burke, Comanche, Okla., 19.2; Amye Gamblin, Petrolia, 19.6; Charley Burke, Sanderson, 23.2; and Wesley Jay, Brady, 23.8.

Best calf roping averages for the four days were held by Gamblin, 39.8; Jay, 52.6; Burke, 54.4; James Kinney of Encinal, 67.

Champions for the four day steer riding event were Eddie Cameron of Houston, Whig Colbert of Byers, Runt Norman of Belton and Tack Bolton of Red Rock.

Clyde Burke of Comanche, Okla. won the match calf roping contest with Jack Sellers of Del Rio with a total of 284.2 seconds. Sellers ended with 355.1 seconds.

James R. Gipson Is Honor Student At Texas University

AUSTIN, Texas, July 21.—James R. Gipson of Santa Anna qualified for the honor roll of the College of Engineering, University of Texas, during the second semester of 1937-1938 and was commended by W. R. Woolrich, dean of the college.

Mr. and Mrs. Jud Porter visited in Kerrville Sunday and brought back with them their daughters, Jessie and Gladys, who had visited there, for a week. The Porter family also visited down there two weeks ago.

Miss Elsie Haynes is visiting her cousin, Miss Clara Ruth Matthews at Brooksmith.

Misses Mary Jo Gregg and Ruby Fletcher are visiting this week in the Sam Lowe home at Brooksmith.

Maurice Kirkpatrick is spending the first week of her vacation at home.

Museum Plans Approved; Need More Local Funds

Plans for the Ranger Museum for Santa Anna have been approved and everything is ready for the final blue prints, according to Mrs. R. C. Gay, who has been working continuously on the building project.

It is necessary for Santa Anna to complete the raising of the \$500 fund started some time ago. The Ex-Rangers are also raising \$500 and have raised over \$100 more than has Santa Anna. Rangers will have their fund completed within a few weeks. Mrs. Gay stated, and it is hoped that Santa Anna will be prompt in raising the other portion needed before work orders can be let out.

In order that everyone who can will have part in erecting the building, Mrs. Gay states that the committee asks any one who has a beautiful rock suitable for one of the fireplaces in the building to leave it at the Leeper-Curd Lumber Co. These rocks will be used in the two fireplaces planned for the building.

Initiation Held Monday Night At O. E. S. Chapter

Mrs. Hettie Fae George was initiated into the Order of the Eastern Star Monday night at the regular meeting at 7:30. At this meeting Mrs. Lillian Pettit was installed as Martha for the ensuing year, with Mrs. Berdie Gehrett acting as Installing Officer and Mrs. Retta Bartlett served as Marshal.

Officers assisting in the initiation were Mrs. Edith Gols-ton, Worthy Matron; J. Ed Bartlett, Worthy Patron; Mrs. R. L. Todd, Associate Matron pro tem; Mrs. Elizabeth Gregg, Conductress; Jettie Kirkpatrick, Associate Conductress; Mrs. Annie Childers, Secretary; Grace Mitchell, Treasurer; Mrs. Retta Bartlett, Marshal; Mrs. Emma Penny, Sentinel; Mrs. Eudora Garrett, Warder pro tem; Mrs. Berdie Gehrett, Chaplain; Bettie Blue, Organist; Mrs. Dora Bell, Adah; Mrs. Tina Wheeler, Ruth; Mrs. Emma Penny, Esther pro tem; Mrs. Lillian Pettit, Martha pro tem; Mrs. Dick Teague, Electa.

Refreshments were served at the close of the meeting. Several members plan to attend the Robert Morris Memorial program banquet to be given by the Brownwood Chapter sometime in August, when the Brownwood group is inviting members of about seven neighboring chapters to participate in the program honoring the founder of the order.

BAPTIST LAYMEN WILL HAVE BROTHERHOOD MEET

Baptist Laymen Brotherhood meeting will be held Tuesday, July 26 at 8 p. m. at the Baptist Church in Santa Anna, according to L. J. Smith, president. All members are urged to attend.

Lions Club To Begin Drive For Membership Soon

J. C. Scarborough, Claud Reid and R. L. Hunter were appointed on a committee to make plans for a membership drive for the Lions Club at the regular meeting Tuesday.

Plans were also discussed concerning the District Group meeting of Lions Clubs to be held here in September, when Santa Anna club will be host to other clubs in the group.

Members present were D. L. Pieratt, F. C. Woodward, Hardy Blue, Calvin Campbell, W. H. Thate, Claud Reid, W. R. Murray, Geo. Johnson, W. B. Griffin, E. L. Hunter, R. H. Spencer, R. R. Lovelady, W. H. Jack Gregg will leave the first of next week for Henderson after a two weeks vacation with his family.

Election Results To Be Posted At Spencer Pharmacy

Official election board for Santa Anna will be on the east side of Spencer Pharmacy Saturday and as soon as ballot boxes are closed and returns begin to come in, results will be posted, according to R. H. Spencer.

Results of all county, district and the principal state races will be announced. The public is invited to "gather round" and learn the results as they are phoned in and posted.

Over 4,000 Can Vote Saturday In Coleman County

Over 4,000 voters in Coleman County are eligible to go to the polls Saturday to cast their ballot. A total of 4,022 paid poll taxes this year. This does not count those who will vote under the exemption law—those who are first time voters or those over 60.

Personal Mention

Mr. and Mrs. T. K. Martin of Abilene spent Wednesday and Thursday with Mr. and Mrs. Chap Eeds.

Mickie Marie Parker left Tuesday for a month's vacation with friends and relatives in Okmulgee, Okla.

Paul Oder left Monday for Stamford where he is now on duty after visiting in Dallas, Santa Anna and San Antonio during his vacation. He and his brother, Harry, went to San Antonio last week-end and brought their mother, Mrs. A. L. Oder, back on Saturday. She has been visiting there several weeks.

Mrs. Glenn Williamson and son, J. G. Jr. visited in San Angelo last week with Mrs. Williamson's sisters. They returned home Monday.

Mrs. Cora McKee of Dallas is visiting in the home of her daughter and family, Dr. and Mrs. J. Paul Board and son.

Mrs. Jim Bob Gregg left last night for Bryan for a visit of several days with her parents, Mr. and Mrs. Fred L. Sloop.

Mr. and Mrs. Leroy Stockard and children went to Stephenville last Tuesday, July 12 to visit relatives. Mr. Stockard returned shortly afterward, Mrs. Stockard and the children returning Sunday.

Mrs. E. W. Morrow and two children of Stanton are visiting her parents, Mr. and Mrs. E. L. Woodard.

Erwin and Russell Wilson of Dallas visited with friends and relatives here this week.

Mrs. J. W. Kirkpatrick returned Thursday from a visit to Fort Stockton.

Rain has slowed progress on the new City playground where a wading pool and rock wall are to be constructed. NYA boys are doing the work. Jo Mae Payne will leave in a few days for Houston to visit friends.

Mrs. C. A. Walker visited her aunt and uncle, Mr. and Mrs. E. W. Marshall last Saturday.

Rain Postpones Donkey Ball Game; To Be Wednesday

Despite postponement of the Texas Ranger Donkey Baseball game scheduled Monday night, the donkeys and players will meet here at the Athletic Field next Wednesday night, July 27, according to announcement by the Athletic Association officials who are sponsoring the event.

A much needed rain called the game off Monday and since the donkey team was dated up for engagements for the next several days, the game had to be delayed until next Wednesday. However, all the attractions scheduled for the original date will be included and the parade of donkeys and business men and farmers will begin Wednesday afternoon at 5 o'clock and will be climaxed that night with the game at 8 o'clock.

The programs printed last week will be followed with the same players, master of ceremonies and team managers taking part.

Contractor Will Begin CCEC Work By First of Month

Work on the construction of electric power lines for the Coleman County Electric Cooperative will begin work August 1, Charles Pitts, president has announced.

Two crews are helping engineers stake the lines. By the first of next month 94 miles will be ready for the contractor.

Good Rains Cheer Farmers This Week

Rain beginning Sunday and continuing through Thursday in Coleman and Brown Counties and other sections of Central West Texas brightened the outlook for farmers, who needed rain badly for row grains, cotton and range land.

In some sections east of Brownwood the rain did quite a lot of damage to roads, fences and fields in the southern section of the county and seriously threatened the Brownwood Country Club dam and the Coggin Ranch Dam.

Reports Tuesday from communities near Santa Anna stated that approximately 2 inches fell at Shield, 3.2 at Gouldbush, over 4 inches at Rockwood. Buffalo community received only about 1-2 inch rain Sunday afternoon. Santa Anna received 1.50 inches.

Southwestern States Telephone Company reported rain in this section Tuesday as follows: Abilene, good rain; Austin, none; Ballinger, 25 inch; Bangs 1 inch; Blanket, none; Brady, good rain; Coleman, 45 inch; Cisco, good rain; Comanche, 38 inch; Dallas, shower; Ft. Worth, none; Fry, shower; Goldthwaite, good rain; Grosvenor, good rain; Lampassas, good rain; May, shower; Mercury, 2 inches; San Angelo, 50 inch; Santa Anna, 1.50 inches; Waco, good rain; and Zephyr, good rain.

FOURTH GENERATION OF LOCAL FAMILY IS BORN FRIDAY

Three generations on each side of the family are welcoming the infant daughter of Mr. and Mrs. Everett Kirkpatrick. What is more unusual, all of the representatives of these three generations live in Santa Anna and all are on the roll of the local Methodist Church.

On the paternal side, the three generations include S. D. Harper, the great-grandfather; Mrs. J. J. Kirkpatrick, the grandmother; and the father, Everett Kirkpatrick.

On the mother's side, are Mrs. J. W. Coiler, great-grandmother; Mrs. W. A. Hall, grandmother, and the mother, the former Helen Hall.

On Friday, July 15, the day of her birth, Angela was placed on the cradle roll of the Methodist Church.

Earl Sellers Will Direct Rodeo For Second Year For 3-Day August Event

Revival Leader

REV. JESSE L. YELVINGTON

Baptist Church Plans Revival

Rev. Jesse L. Yelvington, Baptist State Evangelist, will arrive Monday, August 1 to carry on the two weeks revival which begins at the Baptist Church Sunday, July 31. Services will be held each morning at 10 o'clock and each evening at 8 o'clock.

A man of vast experience, he was pastor for more than ten years at the Baptist Temple Church in San Antonio, in which time it grew from a very small church to the second largest in the city, receiving hundreds of members each year. He was for several years engaged in newspaper work and was also on the Board of Civil Service Examiners for San Antonio's firemen and policemen. He has been state chaplain of the National Guard for several years as well as a high ranking Boy Scout executive.

He is known as a great organizer and prodigious worker and is popular with all ages of people with whom he works. The song service will be under the direction of Coleman Davis, a local singer with several years training and experience as a student in music at both Oklahoma Baptist University and Southwestern Seminary of Fort Worth. The local church invites all the community to participate in the services lasting two weeks.

Recreation Dept. Buys New Equipment

New equipment for the recreation department has been purchased, including a croquet set, checker boards, chinker chex and dummy bean bag boards, which are now being constructed. The equipment will be particularly used during the hot part of the afternoons when quiet games are needed. The croquet set will be used twice a week in each park.

O'DANIEL IS STRAW VOTE FAVORITE AT CROSS PLAINS

A straw vote on the gubernatorial race taken this week by two Cross Plains business houses, showed W. Lee O'Daniel, Fort Worth flour distributor, to be an overwhelming favorite.

The poll was taken at Sims Drug Company and the Motor Inn. 409 ballots were cast. O'Daniel got 268, Tom F. Hunter 54, William McCraw 51, Ernest O. Thompson 18, Earl A. Crowley 6, Clarence E. Farmer 4, Thomas Self 2, and Jas. A. Ferguson and Marvin P. McCoy one each. S. T. Brogdon and Clarence R. Miller failed to scratch.—Cross Plains Review.

Ross K. Prescott, candidate for State Senator, spoke in Santa Anna Wednesday evening in interest of his candidacy.

Visitors in the home of Mr. and Mrs. R. H. Spencer Sunday were her brother, Mr. and Mrs. W. F. Eales and family of Elgin, Ga.

Earl Sellers of Del Rio has been selected again as the arena director for the Santa Anna Annual Rodeo to be held this year on August 25, 26 and 27. Sellers was the arena director last year and has accepted again by invitation of the Rodeo officials.

Sellers last year brought with him much of his own rodeo stock and will do the same this year. Many of the same riders who were here last year will in all probability participate in this year's event.

Added attractions will be included this year also, including some type of clown acts, which have not yet been decided upon. Jack Heey of San Antonio will announce. A parade has been scheduled tentatively for the first two days of the rodeo and on the third, which is second primary election day, results will be announced at the rodeo performance.

Booster trips will begin about August 1. Posters and stickers are being distributed in town and in neighboring cities now.

Presiding over the rodeo will be Miss Carolyn Kingsbery, daughter of Mr. and Mrs. C. E. Kingsbery, who was elected several months ago as the 1938 rodeo sponsor.

A larger crowd will be accommodated this year because seats will be constructed on the east side of the arena, officials state.

Five Groups Are Barred From Voting

Five classes of people will be barred from casting their votes in Texas elections July 23, election laws show.

These are persons: under 21 years of age, idiots and lunatics, all paupers supported by the county, all persons convicted of any felony unless they have been restored to full citizenship and all soldiers, marines, and seamen employed in the army or navy of the United States.

Those who can vote must have paid their poll taxes, must be citizens of the United States, must have resided in Texas one year and must have resided in the county for at least six months prior to election day.

The term "citizen" means any person born in the United States or naturalized by process of our federal courts.

BOXES PLACED AT CITY HALL SHIELD BUILDING SATURDAY

E. P. Ewing will be in charge of the box at the South side in Santa Anna Saturday and A. R. Brown will be in charge of the north side box. Assisting Mr. Brown as judge will be Mrs. Leman Brown, and S. W. Childers. Clerks on the north side will be J. T. Garrett, Mrs. J. T. Garrett, Mrs. Glenn Williamson and Mrs. Burgess Weaver. North side voters will go to the City Hall.

On the South side, where the voting will take place in the vacant Shield building on the post office block, J. C. Scarborough will assist. Other assistants' names could not be obtained.

It's Up to the Voters Now

It won't be long now until the candidates—and the voters—learn their fates. Usually on election years, the voters let most of the election day worries fall into the hands of the candidates themselves and although the voter had a preference, he seldom felt such a personal interest as he does this year.

This year, with the ballot so long and scattered with names, which, until this year had received little or no political recognition, the voters are getting about as panicky as the candidates themselves. Speculation is running high particularly on the race for governor and voters are anxious for Saturday to be over.

Because of the fact that the ballot is so long the voter should take his voting privilege and duty most seriously. It is as great a risk to be a voter this year as it is to be a candidate, because upon the good judgment of the voter this year depends more than usual the government of our state. Because the voter should study the ballot carefully before he goes to the polls, a sample ballot has been printed for your convenience. An office holder should not be selected because of some unusual characteristic or trait that has caught your fancy or because he or she is good looking or has a nice sounding name. Get the facts about the candidates and vote for the candidate who you sincerely believe will govern most efficiently, economically and honorably.

TO THE VOTERS OF COLEMAN COUNTY:

When I made my announcement as a candidate for the office of Assessor-Collector of Taxes for Coleman County the second week in April, I hoped to be able to see the voters and tax payers of the County personally. This being impossible in the length of time since announcing, I am placing this article in this paper trusting that you will consider it a solicitation for your vote July 23rd.

I am asking that you elect me to this very important office on the grounds that I have had the experience of actual work in each department of the office. Being familiar with the Surveys and Land Titles of the County and knowing the many problems which face tax payers, if elected I will be able to give you an economical and efficient administration.

I have no outside interests or business affiliation which might take any part of my time from the duties connected with the office.

Thanking you for your vote and influence, I am

Very truly yours,
Mrs. E. K. Thomson.

Recently organized waterworks group at Gouldbusk is preparing an application for a loan and grant of from \$12,000 to \$15,000 to be used in the construction of a waterworks system, if the grant is approved. A pipe line would be built from

Lake Gouldbusk to the town. The application will be presented to the Public Works Administration office at Fort Worth.

Citizens of Gouldbusk recently organized a non-profit corporation under the act of 1935.

Mrs. Norville Wylie and daughter, Nancy Ann of Lubbock are visiting relatives and friends here.

Child Training Is Discussed Thursday By Shield H. D. Club

An interesting program was given on Child Training by the Shield Home Demonstration Club members when they met Thursday evening, July 14 at the home of Mrs. John Dillingham.

"Three things are essential when a little child learns, heredity, environment and training," said Mrs. Tom Stewardson in her talk.

The hostess served sliced peaches, cookies and iced drinks to three visitors and eleven club members at the close of the afternoon.

Weldon Clark Weds California Girl

Recent word from Mr. and Mrs. Porter Clark of Delano, Cal., formerly of Santa Anna, includes the announcement of the marriage of their son, Weldon Wilson Clark of Miss Irene May Mead on Saturday, July 9 at Delano.

The following story from the Delano Record, Delano, Cal. was enclosed:

A happy wedding took place

at the Baptist Parsonage at Delano Saturday evening at 8 o'clock when Irene May Mead became the bride of Weldon Wilson Clark, Rev. C. E. Flanagan performing the ceremony. The bride was attended by her sister, Miss Opal Mead, and is the charming daughter of Mr. and Mrs. R. L. Mead and a graduate of the high school at Delano of the recent class of 1938. The bride has resided with her parents north of Delano for the past 4 years. The groom is a resident of Delano and vicinity having come to Delano some 3 years ago and is employed by the Sierra Vista Ranch. The happy young couple will make their home at Delano and are tendered the best wishes of their friends.

Local H. D. Club Will Meet July 22

"House Cleaning Made Easier" will be demonstrated by Mrs. R. C. West, bedroom demonstrator Friday, July 22 at 3 p. m. at the City Hall when the Santa Anna Home Demonstration Club has its regular meeting. Roll call will be answered by "My biggest problem in house cleaning."

A report will be given on the

Short Course by the club's delegate, Mrs. Fred Rollins. Plans will be made for the annual encampment at Edmondson park August 2 and 3.

A full attendance is requested for this demonstration. Visitors and new members are cordially invited.

Two Recent Brides Honored At Shower

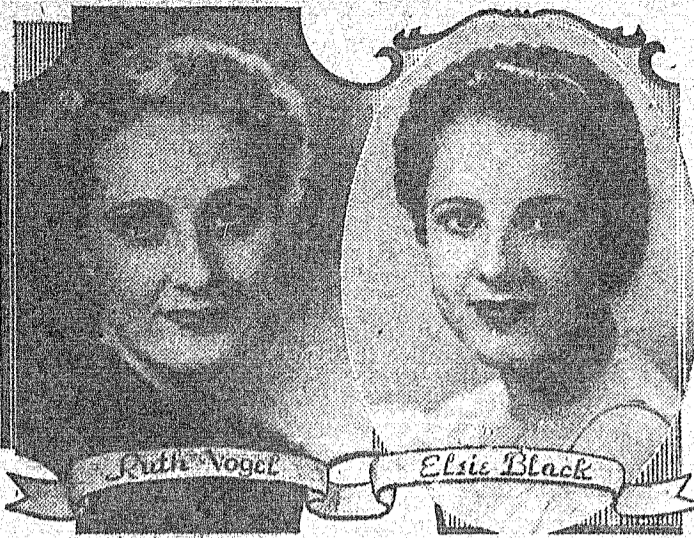

Miss Jewell Heallen and Miss Dorothy Rowe entertained Tuesday evening with a miscellaneous shower for two recent brides, Mrs. Leroy Carpenter and Mrs. E. W. Bible at the home of Mrs. Paul Rowe.

Miss Heallen presided over the bride's book in which guests registered.

Various games were played. The color scheme was carried out in pink and white. After the gifts were opened, cake and punch were served.

Those who brought or sent gifts were Misses Una Mae Farris, Edna Harold Fowler, Freddie Rowe, Ruth Blanton, Lolette and Glynda Myrl Gopher, Reba Griffin, Dorothy Lee Taylor, Ernestine England, Vera Horner, Veta Myrl and Patty Joyce Watson, Mesdames O. AN APPRECIATION

I wish to express my very sincere thanks to my fine friends in the Santa Anna area for the encouragement they have given me in my race for County Clerk and the help they have given me.

Please keep up the good work through the primary and urge your friends to give me their support.

It has been impossible for me to visit every home in the County but I want to assure those whom I have missed that I will be most grateful for their votes and support.

Due to lack of time, and inexperience in canvassing it has been impossible for me to see each of you in person. So, I would like for you to consider this your personal message.

I am not a new-comer, having lived here the past eleven and a half years. Before coming here I taught school in two adjoining counties.

I feel that I am capable of handling the job that I am asking for, and I assure you that should you select me for this position that I will do the best that I can to give you the kind of service that you expect — economical, efficient, and courteous.

If you as voters are willing that a new person be given a chance to prove their worth, then I earnestly solicit your vote and influence in the coming Primary July 23.

Only Four Children Have Been Born In Governor's Mansion

One of the most famous old buildings in Texas is the Governor's Mansion at Austin, erected in 1853, and still occupied at the home of the Chief Executive of Texas. Although the home has been occupied by 27 different governors during the 85 years of its existence, only four children have been born in the Mansion.

There is a doubt in the public's mind as to how many children of governors or their relatives have been born in the Mansion. The first child born in the Mansion was Wm. Roger Houston, son of Governor and Mrs. Sam Houston; the second was Anne Marshall Pease, daughter of Governor and Mrs. E. M. Pease; the third was Sam Houston Allred, third son of Governor and Mrs. James V. Allred. Sam Houston Allred was born in the same bed and room used by Sam Houston. A fourth child, born in the Mansion, was a son of Mrs. Carpenter, daughter of Governor John Ireland. Although a son, Dan Moody Jr., was born to Governor and Mrs. Dan Moody while he was Governor, the baby was born in a hospital.

Ernest O. Thompson Runs For Governor

Col. Ernest O. Thompson of Amarillo, member of the Railroad Commission and candidate for Governor, spoke to a large crowd in Santa Anna several weeks back. He is the only man in the governor's race from the extreme western part of the state. Thompson is an ex-Mayor of Amarillo. His wife is the former Mae Peterson, grand opera and concert singer.

Hereford Ass'n. To Hold Field Meet

The Highland Hereford Association will hold a three day field day meeting at Marfa, on August 3, 4 and 5, it has been announced by W. B. Mitchell, one of the organizers of the association, and one of the outstanding breeders of Hereford cattle in America.

Invitations to persons throughout the South will be sent according to the announcement. Officials of Texas A. & M. College will act as hosts to visitors in conjunction with the Highland Hereford Association. Among these who have signified their intention of attending the three day field meet are President Walton of A. & M., Dean Kyle, O. B. Conner of the Extension Department and D. W. Williams of the Animal Husbandry Department.

Purpose of the meeting is to give information first hand to those interested in the breeding feeding of Hereford cattle in Texas and the Southern States. Visits will be made to ranches and cost of production and marketing as well as other features of livestock raising will be discussed.

A general round table discussion of the livestock situation will be held on the night of August 5th, and several prominent breeders as well as others will lead in the discussions.

"It is pretty easy to discuss and encourage expansion in any commodity," Mr. Mitchell said, "but with increased production there must be increased consumption. Our meat consumption fell off considerably last year, due to the high cost of beef. Our consumption is about 64 pounds, whereas some years ago it was 68 pounds. Three pounds per capita increase among 130,000,000 people would mean an increase of several million cattle. As a nation, America does not consume as much meat as Australia."

Native of Arkansas Runs for Governor

Thomas Self, candidate for Governor, is a native of Arkansas and was born in a backwoods country log house. Because he had so little schooling when he wished to enter the University of Arkansas, he had to have special permission to enter the college classes. He is 69 years old, the oldest man in the race.

A total of 890,781 acres of land was terraced in Texas in 1937, and 2,166,898 acres was contoured in the state, which means that practically 3,000,000 acres of land will hold its own in 1938 and the highest portion will not wash gulfward, or help to fill-up some lake or pond.

**Salt In Water
Helps Prevent
Heat Cramps**

Austin, Texas, July 21.—If your work is such that it causes excessive perspiration, add a pinch of ordinary table salt to each drink of water you take to help prevent heat cramps. This is advised by Dr. Geo. W. Cox, State Health Officer, to prevent a possible increase in the number of heat victims as the Texas thermometer hits 95 degrees and above.

Laborers, mechanics, farmers and white collar workers whose work causes them to sweat profusely, are in danger of having their body salt content become deficient with resulting heat cramps or heat fag. Salt is a prominent constituent of sweat; the body may lose as high as 40 to 50 grams of salt during hot days.

In industry, a method of preventing heat cramps is to take a tablet of pure salt or a mixture of salt and dextrose with each drink of water. Workmen whose duties require muscular exertion should be especially careful to add more than the usual amount of salt to what they eat and drink.

Salt deficiency may be prevented by taking salt in various ways. Where prepared tablets are not available, table salt may be added to each drink of water. Milk is a source of salt and will help to make up for the deficiency caused by sweating. Alcoholic drinks should be avoided.

Heat cramp is characterized by pains (cramps) in the abdominal region, headache, and in severe cases, by nausea and vomiting. The body temperature remains about normal, likewise the pulse rate. Body

and This Newspaper
Offered at Bargain**

A double-barreled bargain in good reading has been made available to present and future subscribers of this newspaper through an arrangement with the editors of Popular Mechanics Magazine.

Readers now can obtain a year's subscription to this nationally known magazine and a year's subscription to this newspaper at a special low price quoted elsewhere in this issue.

Popular Mechanics, virtually a month-by-month record of human progress, needs no introduction to most readers, but some of the facts about its contents may be surprising even to those who read it regularly. For instance, it prints each year more than 6,000 interesting photographs and other illustrations, many of them in beautiful colors, and more than 3,000 articles, including about 150 big, full-length feature stories dealing with the latest achievements in science, mechanics, industry and a wide variety of other subjects.

There are hundreds of money-making and labor-saving ideas, farm aids and household hints. For the home craftsman there are tips about the care of tools and scores of stories telling how to build furniture, boats, radios, toys and models. In addition, the home mechanic will find practical suggestions for taking care of his car, his radio, his boat and his household and farm equipment.

Last, but not least, you'll find in this fascinating magazine photographs and explanations of hundreds of inventions, devices so new you have never seen them or anything like them, but so practical that you will be using many of them in the near future.

And every article, whether it describes an invention, a great scientific achievement or explains the construction of some simple piece of furniture is "written so you can understand it."

Member 41st, 42nd, 43rd and 45th Legislatures, 1929 to 1934-1937 to 1938. He has been trained for this office by actual experience in business and agriculture throughout his life; is actively engaged in farming and ranching, and has first-hand knowledge and personal sympathy for the needs of these industries; he has an unblemished record of four terms of real and constructive accomplishment, in behalf of the people.

The measure allocating the largest amount of funds ever made for the aid of rural schools, passed at the last session, bears his name.
Led successful fight to repay farmers for losses due to bollworm quarantine.
Sponsor of the state-wide measure for eradication of cattle fever ticks.
Joint author of measure to prevent transportation of stolen livestock.
Sponsor of State Livestock Sanitary Code.
Sponsor in House of measure creating Children's Tubercular Hospital.
Assisted in passage through House of measure reducing number of bureaus and departments by more than four-fifths.
Supported measures to raise sufficient revenue to provide for needy aged, blind, dependent children, and teacher retirement.
Supported measure authorizing state to carry workmen's compensation on its employees.
Sponsor of gasoline tax law eliminating evasions, preventing increase of this tax, and netting the State more than \$10,000,000.00, additional annually without adding to the tax burden.
Led economy group in House Committee on Appropriations in effort to hold State expenditures down.
Led to a successful conclusion fight to restore water rights to West Texas people, thereby making possible their future development for municipal, domestic, irrigation and other purposes.
Supported measures designed to set up system of control of erosion to protect the soil of the farms of Texas.

WHON GIRL WRITES OF TOMATO PROJECT

(By Elouise Calloway, Whon 4-H Garden Demonstrator)

Why eat imports or do without when vine-ripened tomatoes are better? Is it logical for a physically fit person to sit idly by and have no fresh tomatoes from the garden to eat with his first fresh beans and peas when a little knowledge and work will solve the problem? Early shipped tomatoes are rather expensive and they are

always grainy than the ones ripened on the vine. Besides it is fun to feel that you have assisted your Dad with his grocery expenditures. Even if the expense side of the idea is abandoned, we feel that appetizing nutritious food is worth all of its trouble and care.

Imogene Featherston, the original garden demonstrator, gave up her responsibility the day before Miss Trowbridge, Coleman County Agent was to give her demonstration on the building of hot-beds. I volunteered

to take Imogene's place because I thought that the ability to be a good gardener might be of benefit to me some future time. That very afternoon Daddy helped me dig a pit three feet wide, six feet long, and eighteen inches deep for my hot-bed. As Miss Trowbridge was to meet with the club girls the next day I had to collect all the material for the hot-bed demonstration. The scraps of lumber, worn-out cotton sacks, canvas, and manure that I had collected were used for the demonstration are of value. Now that should be another idea for the use of "thrown aways" that are around every home.

The "next day" came and the 4-H club met at my house. We girls built the plank frame for the hot-bed under the supervision of Miss Trowbridge. The eighteen inch back wall of the frame extended out a little distance from the edge of the pit, and the end walls gradually sloped to the front twelve-inch wall. The smoke house on the north side of the hot-bed helped the eighteen inch wall keep the plants from freezing. Our dwelling house gave protection from the east and a hill from the west. Water had been piped within a few feet of the location that I chose for the hot-bed, it was here the third of February that the club meeting was held. The frame was soon completed and in place, and don't you ever think for a minute that we were not proud of our first piece of carpentry work.

After I had spread manure in the pit the day following the club meeting I tacked the three by six canvas to a two by three board six feet long, rolled it within a few inches of the opposite edge, and then tacked this edge to the top of the eighteen inch wall. This was for the convenience sake, for, when time would come for me to work in my hot-bed I could roll back the canvas, and there I would be ready to work with no lifting at all. As soon as the manure had heated two or three days, I covered it with two or three inches of garden soil. Then the bed was completely prepared for the next demonstration, planting of the seed.

One month from the time of the building of the frame, we planted the seed that started my first tomato crop. Miss Trowbridge was there to see that the rows were spaced two or three inches apart, that the seed were planted four or five to the inch, and that the seed were covered with about one-fourth inch of soil. We felt as if we had practically graduated in gardening of tomatoes, but to my pleasure, we had only begun, it was every morning after this until they came up that I rolled back the canvas and sprinkled the bed with warm water. Then they just drank medium temperature water and chanced to peep at the sky during the warmer part of the day. They grew so fast that I could hardly believe my eyes.

The club started planning some methods I could water the plants when the time would come to set them out. The sponsor, Mrs. Tisdell, came to our rescue by demonstrating a sub-irrigation project. The garden rows for the one-hundred plants I was to set out was located and trenches, for the bottomless cans were dug eighteen inches on each side of the plant row. The ten-inch deep trenches were lined with newspapers before the cans were laid on them. After the placing of the cans they were covered with paper and dirt. At the end of each irrigation row was an old worthless zinc bucket with a hole out in the bottom in order that the water might run into the cans. Water was piped within a few feet of the garden. Daddy extended the piping to the buckets. His enthusiasm almost as great as mine.

About ten days before time to set out the plants, I reduced the amount of water that I sprinkled on them and gave them more sunshine, I wanted their tender bodies to be hardened to the sunshine and weather outside.

The plants were turned out in the world before Easter. It was then that I started using my irrigation project. I kept the underground around the plants moist, hence the water just run into the cans lined often enough to do this.

When the late spring freeze came I covered the plants and protected them from the cold with glass jars. I did this every time the wind blew high and was cold. At the time of the last freeze the plants were blooming and only a few leaves were frozen.

The only care necessary then besides the watering was picking off of tomato worms until

about the first of June. You won't believe me when I tell you that I found my first ripe tomatoes one day when I was hunting worms on this part of June. A wind storm and a light hail damaged the plants some, but I carefully trimmed the drooping limbs with a pair of old scissors.

I am so very proud of my first tomato crop that I wish I could show it to all of you. I am sure that it would be an inspiration to everyone of you. If you could eat some of my tomatoes, I know you would be shouting: "Tomatoes are better! Tomatoes are better!"

Many Voters Mark Ballots Incorrectly

Ballots which are improperly marked can not be accepted. A large number of ballots cast each election year are not marked correctly due to careless oversight or ignorance of the proper methods of voting. Here are the wrong and right ways of casting a ballot: "Some voters mark a ballot

by simply placing a check mark, while others place an X beside the name of the candidate for whom they wish to vote, leaving the rest of the names on the ballot. Under the law a ballot marked in either of these two ways cannot be counted.

Legal Method
"The law provides that a voter shall draw a line through the names of the persons he does not want to vote for, or to erase the names, leaving the name of the one he wants to vote for unmarked. In other words, if there were six candidates in a race, you would

draw a straight line through five names, and the name not marked would be that of the candidate you wished to vote for.
"It is unlawful to bring a sample ballot to the polls and strike or check the official ballot from the sample. Such a vote cannot be counted.
"It is not permissible for an election judge to assist a voter unless that voter can speak the English language and can advise the election judge in English the persons for whom he intends to vote. It is not permissible for the voter to sign his name on the ballot."

Terrell Graves

Candidate for
County School Superintendent

I wish to briefly submit the following qualifications for your consideration: I have a Bachelor of Science degree from the North Texas State Teachers College. A double major in Business Economics and Public School Supervision. Twelve years experience in the rural and city schools.

The office of County School Superintendent is one of the most important within the gift of the people. If the law is correctly interpreted and impartially administered, many of the vexing school problems may be avoided. I have made a special study of the laws that govern our schools. If you choose me to be your County School Superintendent, I shall in a courteous manner do all in my power to cooperate with the teachers and patrons in advancing the best interest of the schools.

Your support and vote will be greatly appreciated.

Elect
GEO. ROBEY
SHERIFF

I solicit and will appreciate your vote and influence in Saturday's election for Sheriff of Coleman County.

As you know, I was appointed to fill the vacancy created by Frank Mills' resignation and have never asked for election as a public official before. As your sheriff I have tried to enforce the law to the best of my ability without fear or favor, have tried to be reasonable and just to all offenders who have come into my custody.

If elected I promise to continue to discharge my duty to the best of my ability and want to solicit the continued cooperation of the good Citizens of Coleman County.

RE-ELECT W. B. "BILLY" BAKER FOR COUNTY ATTORNEY

Crowley Resigned Job To Run For Governor

Hon. Karl A. Crowley is one of the three candidates for Governor from Fort Worth. He resigned a \$9,000 job as solicitor of the Post Office Department to return to Texas and campaign for Governor. He is aroused over the foreign corporations holding sway over Texas' economic and political affairs.

TEXAS WILDLIFE

Austin, Texas, July 13.—A game preserve established in Limestone county in 1926 produced some tangible results, according to a survey conducted recently by J. B. Burr, one of the field men of the Game Department.

The county had few Quail when the preserve was established, but now they are found virtually in all sections, Burr reported. The birds came from a foundation stock of 200 Quail

placed in the preserve by the Department. The preserve also was stocked with about 30 Deer, a few Wild Turkeys and 200 Pheasants, the latter brought from Oregon. A few deer survive along the Navasota. The Wild Turkeys have disappeared. So also have the Pheasants. Through experiments in various parts of the State the Department has learned that Pheasants, while they do well in captivity, seldom survive in the wild over most of Texas because of adverse environmental conditions.

Although Texas is not listed in the breeding range of the Woodcock, a school teacher, C. M. Ferguson, of LaSalle, reported to the Game Department that the birds had been seen in the vicinity of both LaSalle and Kosse in Limestone county. Ferguson said a few Woodcocks nested near LaSalle. The Game Department will investigate the report.

If you plan a vacation trip to the Guadalupe Mountains in extreme western Texas, watch out for porcupines.

Few people have seen porcupines in Texas, for they are very rare in this State. The other day, however, Bob Snow, field naturalist of the Game Department, killed one in the Guadalupe north of Van Horn. They are not protected by law.

The needle-skinned animal and his companions, if any, were believed to have migrated south from Arizona and northern New Mexico, where they are common.

Snow also reported seeing several black bears.

The problem of keeping deer out of gardens and fields is being tackled by some Hill country ranchers with an electric deer-proof fence, according to reports to the Game Department.

The electric fence is yet an experiment and will not be recommended until additional tests are made, officials said.

One in Kerr county, near Kerrville, is said to work to perfection. An electric wire was strung inside the regular stock fence on three sides of a large grain and truck field. During a period of one week, no deer molested crops from the three sides. Deer entered from the fourth and unprotected side, however, and had their fill.

The experiments are being watched with interest by many ranchers who have suffered heavy crop losses while conserving their deer.

This Isn't The Democratic Donkey

It is just another picture of a member of the Texas Ranger Baseball Club who will play Wednesday night, July 27 at the Santa Anna Athletic Field. Rained out last week, they will be here Wednesday and the same program scheduled for the first game will be followed.

Real Estate Man From Belton Is In Governor's Race

James A. Ferguson, Belton, cousin of Ex-Governor James E. Ferguson, is the second oldest man in the Governor's

race. He is a farmer and real estate man. He is called by his campaign manager "Farmer Jim" the nickname used by James E. Ferguson for many years. The Belton candidate's political experience consists of serving on the Belton School Board.

A MERITED EULOGY

When I pass out and my time is spent

I hope for no lofty monument,

No splendid procession marching slow

Along the last long road I go;

No pomp and glory I care for then

When I depart from the world of men.

But I'd like to think, when my race is through,

That there will be in the world a few

Who'll say, "Well, there is a good man gone!"

I am sorry to see him passing on,

For he was a sort that's fair and square,

The kind of a fellow it's hard to spare.

He hadn't money, he hadn't fame,

But he kept the rules and played the game,

His eyes were true and his laugh was clear,

He held his truth and his honor dear;

And now that his work is at an end,

I know how much I shall miss my friend."

If my life shall earn such words as those

I shall smile in peace as my eyelids close,

I shall rest in quiet, and be content,

With the words of a friend for my monument!

Tom Hunter Runs For Fourth Time For Governorship

The veteran candidate for the Governor's race, considering the number of races entered, is Tom Hunter, Wichita Falls oil man, who is also licensed to practice law. He has run for Governor three times but is still in the battle strong this year.

LET'S ELECT

O'NEAL DENDY

An All-Round Citizen

For

DISTRICT ATTORNEY

O'Neal Dendy has depended on ALL the people, especially the 75 Lawyers of San Angelo to inform the people of the District of his ABILITY to properly fill the Office of District Attorney, and has NOT relied on the Written ENDORSEMENT of some Few-Criminal Lawyers to put him in office.

His REASON is sound and merits Consideration.

DENDY SAYS:

I consider a public office a public trust; that as District Attorney of the 119th Judicial District I owe the poorest and least influential citizen the same consideration that I owe the most influential citizen. That if I had SINGLED OUT some two or three Prominent Attorneys, had them Highly endorse me and Compliment my ability, then there MIGHT come a time when one or more of those Lawyers would imagine he Needed a favor from the District Attorney that would not be to the best interest of the State of Texas; and I would dislike very much to refuse to return such favor. Therefore, I have failed and refused to procure and distribute among the voters any such endorsements in order that I might always feel free to represent ALL people alike; and in order that ALL the people in my District will always feel that I have NO REASON to treat one of them any different to another.

I want to thank my friends for the assistance and recommendations they have carried to all corners of the district, and assure all of you that I will devote all of my time, efforts and legal training to so handle the affairs of the office as to never disappoint you.

O'NEAL DENDY

SATURDAY - - -

the people will meet at the polls to select a man to handle affairs of this county. If you voters think that I am qualified to get this job done in a business like manner, I will appreciate your vote. Thanking you in advance, I beg to remain

While Still Opposed to Beer Advertising, We Make the Following Statement:

"Whereas we believe that we were led by the Holy Spirit and God's Word, to oppose beer advertising, but whereas the opposition that has developed to such advertising has been of such a one-sided nature as in our opinion would be harder on one paper than others in the county which would be lightly affected,

"Therefore, be it resolved that we suggest that the 98 signers of the petition regarding it exercise the option which the petition gave of 'Standing ready,' yet now withholding the withdrawal of our support from such papers, in a spirit of fairness to all concerned."

Done by Vote of the Church On Recommendation of Board of Deacons and Pastor, First Baptist Church.

BE SAFE RE-ELECT

W. A. "Bill" STROMAN DISTRICT ATTORNEY

119TH DISTRICT

"He has kept Faith with the People"

Mr. Stroman says:

As promised I have given constant attention to the duties of the office of District Attorney with the desire at all times to honestly, fairly and impartially discharge those duties without fear or favor.

In working with Grand Juries it has been my policy to present all the available facts concerning infractions of the law, and to give all persons the privilege of appearing before that body.

I have endeavored to try all cases as soon after the indictments have been presented as possible, and many expensive delays have thereby been prevented. Cases have been speedily and vigorously prosecuted with the result of very few acquittals. The District Clerk's

offices of the District reveal that there have been convictions in an excess of 85% of the cases brought up for trial before the district court, and in Coleman County in this court there have been only four acquittals in eight terms of court.

I am asking to be re-elected and assure you a continuance of my policies. The experience and knowledge that I have gained will be of real benefit to me in better serving as District Attorney.

I am thankful to all for the co-operation and assistance I have received and will be very grateful for a continuance of same.

Respectfully

W. A. STROMAN

An optimist is any man who believes that the future will be different from the past.

In running the government it's not the overhead that counts as much as it is the underhand.

It's a wonder high prices don't come down once in a while to get on speaking terms with the country they are raised in.

Wonder why some of those Hollywood movie actresses never thought to hold home-coming reunions for their former husbands.

The school of experience can also boast that its students wear a uniform. It's a pair of overalls.

TO THE VOTERS OF PRECINCT NO. 7

Dear Friends:

I take this method of coming before you in behalf of my candidacy for Public Weigher. I regret very much not being able to see all of you in person. In tending my crop I waited until the latter part of the campaign to see you personally. Then I was forced to have an operation which has kept me from seeing each of you.

But, if you will give me your vote on next Saturday, July 23, I will deeply appreciate it.

Yours truly,

More than 1,000,000 white-faced calves are shipped from the highlands area of the Big Bend country each year to Iowa and other of the corn belt states to be fattened, finished and shipped back to Texas in the form of fancy beef, and still many Texas farmers sell their corn, oats and other feedstuffs on the open market.

12 Men Seeking State's Highest Office Saturday

One million Texas voters will select on July 23, from a list of twelve candidates for governor, one man who will govern this state for the next two years and live in the executive mansion and draw a salary of \$12,000 per year plus other sums allowed for expenses.

From this group of 12, the voter can select from a wide variety of professions. Seven are licensed to practice law, but they can also choose from a tourist camp operator, a farmer, a real estate man, a flour salesman, an architect and a commercial salesman.

Not long ago, the governor's salary was increased from \$4,000 a year to \$12,000 a year in the hopes that the increase would attract a higher class of men to seek the office. Whether this is true or not remains to be seen. The field this year is larger than ever before. However, some do not believe that the large number of candidates this year is due to the increase in salary, but because the present incumbent is not seeking election and has not given his support to any candidate.

SOME FISHING DOS AND DONT'S

DO wet your hands carefully before handling undersized fish that are to be returned to the water. A dry hand will remove a protective covering of lubricant, making the fish susceptible to attacks by bacteria.

DO handle undersized fish gently and return them to the water carefully, so they will survive uninjured and provide better sport and more food for some other angler—even if it isn't you.

DO use barbless hooks whenever you can. Such hooks provide better sport and make it possible to return undersized fish to the water with their mouths uninjured.

DO observe creel and size limits.

DO watch for tagged fish and report them to the agency doing the tagging. Only in this way can movements and growth rates be checked to help improve your sport.

DO watch your footing while wading. Even the best of swimmers are sometimes at a loss when hampered by heavy boots and clothing in swift streams.

DO study fishing streams and urge improvements.

DO take a militant part in the fight against pollution.

DO cooperate with your local game and fish agency in every way possible.

DON'T venture into the woods without a first aid kit and a knowledge of first aid in the outdoors.

DON'T be careless with fires or cigarettes. More than 90 per cent of all forest fires in the United States are man-caused and, therefore, preventable.—From the American Wildlife Institute.

A second term, as a reward for a deserving public servant's service, is an established custom in Texas.

Senator Davis has served one term. He has been a faithful public servant. Let's give him a second term.

He has fought valiantly for Old Age Assistance, for Soil Erosion measures, for Texas Blue Sky Law, for a liberal policy favoring Public Schools and teachers. He opposes the legalizing of race horse gambling, sale of liquor by the drink, and all exorbitant tax measures. He is fair minded and deserving. Let's give him a SECOND TERM.

Fifty-Two Candidates In State Race Have Opponents, One Doesn't

The 1938 ballot in the July primaries carries 52 State candidates with contests. In only one office—that of F. L. Hawkins, Judge of the Court of Criminal Appeals—is the incumbent unopposed. Two years ago there were only thirty State candidates with contests in the first primary.

The official total ballots cast in the 1936 election was 1,053,117.

SMOKE FROM THE MOUNTAIN

Two examples of heroic cheerfulness were displayed this past week by flood stricken groups and by defeated political candidates, who despite tragedy and hard luck are making the best of both situations.

We visited Brady this week and despite terrible financial losses in business property and homes, the citizens are unusually cheerful and are digging into the work of reconstruction. In fact the lack of grumbling and the feeling that they were thankful for the safety of the citizens were some of the most noticeable things at Brady. We feel sure that Santa Anna citizens are willing and eager to assist the flood stricken areas as much as possible through Red Cross headquarters.

NOTICE TO BALL MANAGERS

In order that an accurate check may be made on all baseball scores for the season, the News is asking all ball club managers to stop by the office this next week, any time before Tuesday, to inform us about the number of games your team has played and the scores on those games.

Standing of all teams will be published next week and we want your assistance in making it accurate. Rainy day schedule will be worked out soon.

Funeral Services For D. W. Curry Conducted Here

Funeral services for David Webster Curry, who died at the home of his daughter, Mrs. W. L. Mills, Monday, July 25 after a long illness were held Tuesday afternoon at 2:30 at the Methodist Church. Rev. J. Virgil Davis, pastor of the local church, and Rev. Frank Turner, pastor of the Methodist Church in Ballinger, officiated at the services.

Words of highest tribute to the long and Christian life of the deceased comforted family and friends and the beautiful floral offerings expressed the love of a host of friends.

Born Nov. 15, 1846 in Lawrence County, Tennessee near Henryville, Mr. Curry was 91 years, 8 months and 10 days old at his death. A devout Christian, he joined the Methodist Church at an early age and since had lived a faithful and loyal Christian life.

On Dec. 28, 1865 he was married to Miss Mary McAnally. To this union eleven children were born, seven of whom are living. Four children, Bettie, Cora, John and Joe preceded him as did his companion who died April 5, 1907.

He moved with his family to Texas in 1874, first settling in Ellis County. He moved to Brown county in 1877 and since that time has made his home in Brown and Coleman Counties.

Surviving him are three sons and four daughters: S. O. Curry of Fort Worth; M. O. Curry of Brownwood; C. A. Curry of Santa Anna; Mrs. H. E. Jackson of Brownwood; Mrs. M. L. Graves of Bangs; Mrs. George Spencer of Waxahachie; and Mrs. W. L. Mills of Santa Anna; a sister, Mrs. E. N. Voss of Santa Anna; 26 grandchildren and 28 great-grandchildren and a host of nieces and nephews.

Burial services were held at 10:30 a. m. at the home of Mrs. Mary Bell, Robert Curry, Maurice Curry, Brownie Jackson, Lewin Jackson, Rolland Curry, Claude Bell and Curry Jackson, all grandsons of Mr. Curry.

Flower ladies were Miss May Blue, Miss Bettie Blue, Mrs. Tom Mills, Mrs. Hardy Blue, Mrs. Bud Archer, Mrs. William Curry and Mrs. Lawrence Wilson, all nieces of the deceased.

Among those from out-of-town who attended the funeral were Mr. and Mrs. Roy Anderson and Mrs. Newby of Brownwood, Mr. and Mrs. Hamp Byler of Ballinger, Mr. and Mrs. Arda Brewer, Mr. and Mrs. Hubert Shore, Mr. and Mrs. Will McCullough, Neal Shore, all of Coleman, Mr. and Mrs. Tommie Bell, Mrs. Amos Hall, Mrs. Eugene Turley, Mr. and Mrs. Hugh Lee Alcorn, all of

Election Returns Show Upsets In Political Races

Election returns phoned into Santa Anna election board at Spencer Pharmacy Saturday night revealed many surprises in state and county races and definitely settled the majority of county races without benefit of many run-offs.

W. Lee O'Daniel received an overwhelming majority in this county over the other three high candidates, Ernest O. Thompson, Tom Hunter and William McCraw. Totals for the county on the governor's race for the four high candidates were, according to the local report: O'Daniel 2471; Thompson 2322; Hunter 262; McCraw 213.

Curtis Collins and John A. Williams will enter the run-off campaign for Commissioner Precinct 2 since election results of the first primary merited these the top places in a race in which six entered. Collins received 331 votes, Williams receiving 240.

Other candidates for the office received votes as follows: W. Ford Barnes, 204; Carl B. Ashmore, 200; J. Frank Turner, 108; W. I. Mitchell, 83.

J. S. Gilmore will return to the office of Justice of the Peace, Precinct 7 for the next term as a result of election returns in the first primary when he totaled 504 votes as compared with his opponent, J. W. Jordan, who polled 322.

Joe B. Flores was elected the new Public Weigher of Precinct No. 2 in one of the closest races ever held in this precinct. He won over his opponent, J. C. Morris, by only 14 votes. Flores polled 566 votes, Morris 552.

Flores will succeed Carl B. Ashmore as Public Weigher. W. B. "Billy" Baker was returned to the office of County Attorney in Saturday's primary, winning over his opponent, John T. Williamson. Unofficial reports sent to Santa Anna from county boxes Saturday night show Baker polled 2607 votes, Williamson 1668.

Neighboring counties of San Saba, McCulloch and Menard have suffered extreme property loss within the last few days due to floods. Appeals have been sent to all Texas Red Cross Chapters asking aid for the destitute families in these areas. The following telegram was received Wednesday by the Coleman County Chapter from headquarters. You will be doing a charitable service if you respond.

J. B. HOUGH Chairman Coleman County Chapter American Red Cross

Reports received from Red Cross representatives confirm major disaster in San Saba McCulloch Menard and other counties along Colorado River and tributaries. Incomplete survey shows 970 families now affected 127 homes destroyed 650 homes damaged. Minimum relief fund \$100,000 required to meet need reported to date. Am issuing appeal to all Texas Chapters. Your chapter should make immediate and vigorous appeal with full publicity to secure quota. Report and transmit collections promptly to this office.

Citizens Donate To Wading Pool; About \$25 Needed

Seventeen local citizens and business firms have donated \$1.00 each to aid in building the wading pool which is now being built at the new city park near the Church of Christ in south Santa Anna.

A total of at least \$40 is needed, however, and donors are asked to leave their contributions, in any amount with D. L. Pieratt at the Santa Anna National Bank. Work has progressed rapidly on the pool.

Supervisor of the project is Harry Oder of Santa Anna. Dedication ceremonies will be conducted when the pool is opened.

Contributors thus far include Roger Hunter, Jim Bob Gregg, R. H. Spencer, O. A. Etheredge, W. H. Thate, Thos. F. Wallis, Geo. M. Johnson, Claud Reid, A. D. Pettit, F. C. Woodward, Maurice Bell, J. F. Turner, D. L. Pieratt, R. E. Dunham, Hardy Blue, Banner Ice Co. and R. R. Lovelady, the latter having two loads of sand hauled.

Fire Department Asks Cooperation In Buying Flags

Local fire department officials have announced that, with cooperation of local business men, the fire department will purchase flags if at least 35 merchants will definitely promise to rent the flags this year and next, when the cost of the flags will be paid. Cost of rental will be about the same as last year, but lease of flags after two years time will be considerably cheaper, stated George Johnson, and would cover only cost of upkeep.

Last year merchants rented flags from out of town for the rodeo decorations. This year, the fire department wishes to purchase flags if at least 35 merchants will definitely promise to rent the flags this year and next, when the cost of the flags will be paid. Cost of rental will be about the same as last year, but lease of flags after two years time will be considerably cheaper, stated George Johnson, and would cover only cost of upkeep.

Dr. Burgess Sealy Takes Over Work At Local Hospital

Dr. Burgess Sealy arrived in Santa Anna Friday from Mayo Clinic at Rochester, Minn. to take over the duties of the Sealy Hospital as director until his father, Dr. T. Richard Sealy, is able to resume his work.

Dr. Burgess Sealy will be assisted by Dr. R. R. Lovelady and Dr. J. Paul Board in management and in surgery. He has an indefinite leave of absence from the Mayo Clinic where he has a scholarship for advanced study and will remain in Santa Anna until his father has recuperated from a recent illness, due to overwork.

Reports from the family of Dr. T. Richard Sealy state that he is very much improved.

Negro Minstrel To Aid Museum Fund; Will Be Monday

"The Dixie Blackbirds," negro minstrel sponsored by the Santa Anna Self Culture Club, will be staged Monday night, August 1 at 8:15 o'clock at the high school auditorium. Fifty local persons are in the cast and choruses under the direction of Miss Celeste Vause of Wayne P. Sewell Co. of Atlanta, Ga. Proceeds from the old time minstrel show will be used for the Ranger Museum to be built here.

The show consists of five skits, juvenile minstrel, adult minstrel, a womanless fashion show, divorce scene and a negro sermon and wedding.

Juveniles include Bobby Joe Cheaney, Earl Irick, Bill Ross, Webb Golston, Leon Oakes, Dixie Ann West and Gloria Ann Hensley. Pickaninny chorus includes Beverly Stockard, Joy Bland, Patsy Fulton, Virginia Stockard, Jo Dean Owen, Jeanine Stockard, Belle Fern Bland and Joyce Moredock.

Claude Reid, as interlocutor, with Glenn Williamson, John Franklin Turner, Johnny Payne and John William Burden as end men, supported by Dewey Pieratt, John L. Harris, Garland Close, Buddy Lovelady, C. W. Tierney, L. A. Berryman, Sam Everett and H. L. Lackey in the circle promise thirty minutes of fun.

Mrs. R. R. Lovelady, as Manly, seeks a divorce through Dewey Pieratt, negro lawyer.

Highly entertaining will be the fashion parade where latest styles in women's wear are to be paraded by business men of Santa Anna.

James L. Harris preaches a typical negro sermon uniting Garland Close and Mary Lee Ford in a negro ceremony.

A chorus of thirteen girls in colorful costumes pep up the show with their dancing. Choruses are Dorothy Ross, Ruth Lovelady, Lorraine Parsons, Kathryn Williamson, Mary Jean Bishop, Elisabeth Morris, Ruth Irick, Jo Mae Payne, Alice Jane Lovelady, Zella Ruth Moseley, Charlotte Moseley, Gene Adams and Gale Collier.

A baby popularity contest between acts, with the babies sponsored by chorus girls, will be held. A prize will go to the winning baby.

Local Red Cross Begins Drive For Flood Sufferers

American Red Cross headquarters wired J. B. Hough, Coleman County chairman, Wednesday requesting the Red Cross to put on a drive to raise funds for the relief of the flood sufferers in McCulloch, Menard and San Saba and other counties affected by the recent floods. Coleman chapter immediately got in touch with the Santa Anna Chapter to organize an intensive drive over the entire county.

At a meeting at 1:30 p. m. Wednesday, it was voted that the county should immediately forward the sum of \$200 out of the funds held in the treasury with the understanding that this sum should be replaced by the drive. Santa Anna's portion of this was \$66.66. A check for this amount was forwarded at once, Coleman also sending \$133.33. All contributions in excess of these amounts will be forwarded later.

Chairman J. C. Scarborough of Santa Anna has appointed the following committee to plan the details of the drive: Mrs. J. R. Gibson and Mrs. A. U. Weaver. This committee will select persons to solicit contributions in Santa Anna, the drive to begin Friday afternoon.

The following are being asked to act as chairman of drives in their respective communities: Rockwood, Boss, Estes; Buffalo, W. J. Curry; Liberty, Howard, Norris; Whon, Doss Smith; Tricham, A. J. Martin; and Shield, Chester McDonald.

Everyone is asked to respond generously to this worthy cause for our stricken neighbors. Mr. Scarborough stated.

Wallis Resigns As Band Director To Accept Bryan Job

Thomas F. Wallis, for the past two years band director of the local High School band, Wednesday announced his resignation to accept the position as band director of Allen Military Academy at Bryan, Texas. Mr. Wallis will leave immediately to begin work in preparation to school opening in the fall.

Many learn of his resignation with regret. He has been director of the local band since its beginning two years ago, Mr. Wallis at that time being a student at Daniel Baker College in Brownwood. He has developed the band into a 40 piece band since his work here and has seen the group uniformed and recognized by other bands as unusually efficient for the size of the town sponsoring it.

Mr. and Mrs. W. D. Robertson of Electra visited his sisters, Mrs. F. A. Rollins and Mrs. Hallie Bissett of Santa Anna last week-end.

Captain Morris U. Lively and Lieutenant Jack K. Walker of the Veteran CCC Camp, Brownwood, were visitors in town on Thursday.

The O'Daniel Landslide

Texas has experienced many strange and unprecedented occurrences in the hectic political history of the state, but a brand new chapter has been written during the past six weeks. The overwhelming support given the gubernatorial candidacy of W. Lee O'Daniel has amazed not only the experienced politicians of Texas, who thought they knew all the tricks and were masters of the situation, but has amazed all the people of Texas, including Mr. O'Daniel's own supporters.

Perhaps Mr. O'Daniel himself is also surprised by the success of his first venture into the treacherous business of politics. He entered the campaign with little to lose and much to gain. Although he had been urged by thousands of admirers to become a candidate, he undoubtedly recognized the fact that he would have to smash many precedents and overcome great obstacles before his objective could be achieved; but he had the certainty that his campaign activities would give him value received, because he is a salesman and while attempting to sell himself to Texas voters would sell his product to Texas consumers.

The new Governor-elect has yet to demonstrate his statecraft, but he certainly has proved that he is a master of applied psychology. He learned what the people wanted in the campaign and gave it to them. He learned what they wanted in the Governor's office, and promised it to them. His next task is to deliver what he has promised—and in spite of all the clowning accompanying his campaign, and all the psychological legerdemain he employed in enticing a normally apathetic public to rally enthusiastically under his banner, there is reason to believe that he will at least make a serious effort to be as good a Governor as he has promised to be. Back of all that was so readily apparent on the surface of his campaigning, Mr. O'Daniel is a business man of demonstrated ability, and if there was ever a Governor with inspiration for exceptional service he should be that man. His talent as a salesman will be employed in the service of the state, and unless half a million Texans are entirely wrong this state will profit immeasurably as a result.

THANK YOU, VOTERS FOR YOUR SUPPORT

I wish to thank my friends of Santa Anna for the splendid vote given me in the primary last Saturday. I would like to have the opportunity of thanking each one of you individually but it will be impossible at this time. I appreciate all the splendid support given me and hope that I can have your continued friendship.
Congratulations to my opponent, Mr. Chambers, on his victory and it was only deserving for him to have the support of so many people in the district he will represent. He ran a good clean race and is deserving of all my praise.
I am a bit disappointed in not winning the race but feel that I did exceptionally well in view of the fact that it was my first step in politics.

Cotton Association Beginning Payments To 1923-32 Shippers

Texas Cotton Cooperative Association has announced the beginning of partial payments on the one per cent reserve deducted from cotton shipped by its members between 1923 and 1932. Checks will be distributed by J. L. Wilkinson and Byron Curb, representatives of the West Texas Cotton Growers Association at the following places:

Coleman, Saturday, July 30, 10 a. m. at County Agent's office.

Brownwood, Monday, August 1, 10 a. m. at County Agent's office.

Brady, Tuesday, August 2, 10 a. m. at County Agent's office.

Those who have shipped cotton to either the Texas Cotton Cooperative Association or the old Texas Farm Bureau may call for their check on the above dates.

John David Harper has returned from Ireland, Texas where he visited his former college roommate.

Funeral Services For John Thomas Held Wednesday

Funeral services for John W. Thomas, long time resident of this county, who died Tuesday at the home of P. H. Williams of Santa Anna, were held Wednesday at 3 o'clock at the Shield Baptist Church with Rev. J. Virgil Davis, pastor of the Santa Anna Methodist Church, officiating.

Many friends attended last rites for the 75-year old resident, who up until his death kept up an active interest in all civic and community affairs. Born Feb. 5, 1863 he moved to this vicinity when he was 13 years of age and has made his home in Brown and Coleman counties since that time, farming and ranching while his health permitted.

Mr. Thomas never married and in late years resided with his friends, the Milligan families of Rockwood until about three years ago when he moved to town to the home of Mr. Williams.

Only surviving relative present for the funeral was Joe Boone of El Paso, a nephew. Several other nephews and nieces also survive.

Pall bearers were Eugene Richardson, Roy Richardson, Edgar Shelton, H. E. Stewardson, George Stewardson Jr. and Ted Stewardson.

Flower girls were Mary Ola Milligan, Edith Richardson, Mrs. Eugene Richardson, Mrs. Edgar Shelton, Loyce Richardson and Joyce Richardson.

Interment was in the Shield Cemetery, Hosh, Undertakers were in charge.

TO THE VOTERS OF PRECINCT NO. 2:

I wish to express my thanks and appreciation to you for your support in my race for Commissioner of this Precinct.

Richards and Woods Go To Lometa Meet of Primitive Baptists

C. H. Richards returned Sunday afternoon from the Primitive Baptist association south of Lometa where he was moderator of the meeting continuing from Thursday through Sunday.

Mr. Richards said that in spite of heavy rains visitors were present from Floyd and Knox County and from the state of Alabama. However the weather decreased the usual good attendance.

Elder M. H. Woods of Santa Anna accompanied Mr. Richards to the association.

The State of Texas now ranks fourth in milk production and dairy cattle, according to the latest figures. Out-ranking Texas is Wisconsin, Minnesota, and Iowa. The United States Department of Agriculture census shows that the number of dairy cattle has increased from 1,202,000 in 1930 to 1,322,000 in 1938.

W. R. Chambers Wins Legislature Seat

W. R. Chambers of May, Brown County, was elected representative of the 125th legislative district, composed of Brown and Coleman Counties in an easy victory over two opponents, W. R. "Bill" Murphy, and J. G. Harwell, both of Coleman, in the July 23 primary. He had a majority over both opponents.

Totals for the two counties are: Chambers 5,335; Murphy 3,580; Harwell 1,515.

Votes by counties were: Coleman: Chambers 1,610; Murphy 1,706; Harwell 1,050.

Brown: Chambers 3,725; Murphy 1,974; Harwell 465.

Chambers is a farmer and educator. This is his first time to be elected representative. He will fill the place now filled by Representative Ross K. Prescott, who is in the run-off with Penrose B. Metcalfe for State Senator.

Whom H. D. Club Meets Tuesday

"Daily orderly housekeeping practices make cleaning much less of a weekly task," Mrs. G. L. Gill told the Whom Home Demonstration Club when it met with Mrs. John Lovelady at 3:30 Tuesday afternoon.

Having a convenient place for every thing and keeping things in place is the story of "House-Cleaning Made Easier." Windows may be washed by adding a few drops of ammonia or washing soda to water and drying with a cloth that does not leave dust or lint.

The most important thing is to plan your work to save steps. Mrs. Jimmie Gill told the club

some new things about what to wear and how to make the most of our advantages in a report on Jane Alder's talk on "Style," which she heard at Short Course.

The members were told to "keep their chin up" to avoid double chin. Standing straight, avoiding nervous gestures and smiling aid in keeping up a good appearance.

Building the farm to last for generations to come was stressed by Mrs. Glenn Gill in her report on Short Course. She emphasized that everyday things should be made a source of pleasure and beauty and everyone must cooperate to get the most enjoyment from life.

Refreshments were served to eight club members. The club will meet again on August 9 at 3:30 o'clock at Mrs. O. C. Lovelady's home for a demonstration on a "Vegetable Parade."

Dorothy Ross Is Hostess Recently To High School Band

Miss Dorothy Ross entertained the high school band last Wednesday evening with a watermelon feast at her home. After the party several of the guests enjoyed a theatre party.

Those present were J. Cecil Grantham, Thomas Myron Hays, Tom Robin, Billy Ross, Jake Barnes, Ruth Lovelady, Mary Felid Mathews, Jane Calvert of San Angelo, Rebecca Harris, Ruth Irick, Gene Adams, Jo Mae Payne, Gale Collier, Opal Stockard, Betty Sue Turner, Ruth Morris, Doris Belle Turner, Alice Jane Lovelady, Mr. and Mrs. Tom Wallis and the hostess.

Local H. D. Club To Meet August 5

Santa Anna Home Demonstration Club met in called meeting July 27 at 3 p. m. at the City Hall to make final plans for the Encampment.

A vote carried to donate \$5.00 to the Ex-Ranger Museum Fund.

The next regular meeting will be August 5 at 3 p. m. at the City Hall. Mrs. Fred Rollins will discuss her trip to the Short Course at that time.

Pet Show Planned Soon for Activity Of Recreation Dept.

The Santa Anna Recreation Department has resumed all activities on the different playgrounds since the rain has ceased, Mrs. Reuben Fulton informed this office.

One of the principal activities of the mid summer program will be a pet show which will be held at Weaver Park soon. A definite date will be announced later. The pet show will be one of the most attractive features during the summer, Mrs. Fulton stated. A parade will be staged on main street and each child entering a pet will display it during the parade. Judges will be selected by council members.

Those interested in entering their pet for the show should contact Mrs. Fulton at Weaver Park.

Local Supervisors of FSA To Attend Conference Soon

The offices of the Farm Security Administration in Brownwood and Coleman will be closed the week of August 1 and opened again August 8, R. K. French, county rural supervisor, announced today. The entire county personnel will be in College Station during the week for the annual state meeting of FSA employees, he said.

The keynote of the conference will be "Farm security means work for every member of the family every day in the year," Mr. French said. "The Farm Security Administration is concentrating its attack upon the one-crop system," the supervisor went on. "All farm and home plans accepted by FSA must show several sources of cash income. It is not only desirable that there be several sources of income, but also that the income be received at frequent intervals, instead of the old one pay day a year."

The rural supervisor and Cricket B. Shankle, county home management supervisor, have been appointed on special committees to make recommendations based on their work in Brown and Coleman Counties concerning the future policies and procedures of the Farm Security Administration. These recommendations will be presented at the meeting and passed through the state and regional offices to the national executives in Washington.

Final details of procedure for the 1939 program will be ironed out at the meeting, and steps to get next year's loans planned and approved well in advance of the new crop year will be taken immediately upon the reopening of the office, Mr. French indicated.

These two will try for Senate in August election. A third candidate, E. M. Davis of Brownwood, was eliminated in the election Saturday.

Farm Security To Aid County In Tenant Loans

Coleman County has been designated as one of 56 in Texas where Federal loans will be made to tenant farmers for purchase of land, it was announced by R. K. French, county supervisor of Farm Security Administration. Only five to ten loans will be made in the county, the supervisor said.

Applications will be received at the Farm Security Administration office in Coleman, Texas from August 10 to September 10. A committee of three farmers actually living upon the land will select those to receive loans and will appraise farms to be bought.

All tenants or farm laborers are eligible, if actually engaged in farming at this time, and if they are not able to obtain purchase loans on reasonable terms from other agencies.

Farms to be bought must be "family-size." Acreage will depend upon type of farming, nature of the land, and size of the family.

No down payment will be required, and payments will be extended over forty years with three percent interest. Annual installments on purchase price will in most cases be no more than the amount which has usually been paid as rent. Value of the land to be bought will be appraised strictly upon the basis of crops it has produced in the past.

Counties were selected upon a basis of tenant population, availability of good farms, and territorial location. Selection was made by the Secretary of Agriculture from recommendations of a State Advisory Committee which met recently in Dallas. Thirty-five new counties were selected in addition to 21 in which loans have been made during the fiscal year which ended June 30.

TO THE CITIZENS OF BROWN AND COLEMAN COUNTIES:

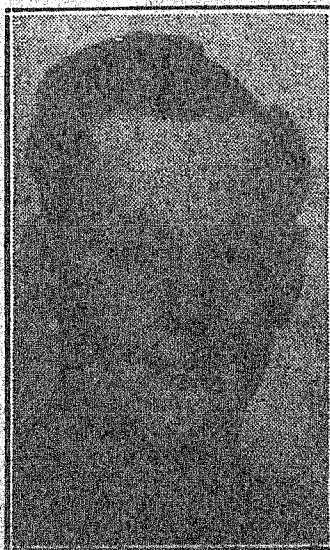

I desire to express to you my profound appreciation for the very fine vote given me in Saturday's election for the office of Representative of the 125th district. FOR RE-ELECTION

DISTRICT ATTORNEY 119th DISTRICT

TO THE PEOPLE OF COLEMAN COUNTY:

I greatly appreciate the splendid support and vote given me by citizens of Coleman and other counties of this district in the election last Saturday. I now have a substantial lead and hope, with the aid of my supporters throughout this district, to maintain this throughout the Second Primary, and will be very pleased to be elected your Senator.

County Schools Show Vast Improvement and Progress During Last Five Years

COLEMAN — Progress is the watchword of Coleman County schools.

One gleans that without being told in scanning a summary of activities of rural schools of the county, as compiled by County Superintendent J. L. Baker.

Presented in condensed form, these pertinent figures tell the story of Coleman county rural school progress during the last five years.

38 School Buses

Five years ago there were 56 schools in the county exclusive of independent schools; today, consolidations have reduced the number to 36. Six buses served 325 students five years ago; the past year, 38 buses served 2,315 children of the county.

Five years ago there were two home economic departments in the county; today there are eight. There were 102 home economic students five years ago, compared to 864 today. Vocational agriculture was not included in the curricula of any schools five years ago; today it is taught in six schools, with 300 youths enrolled.

There were no affiliated rural schools five years ago; today there are six. There were no units of affiliation then, today there are 135 units.

Five schools were equipped with auditoriums, and none had gymnasiums five years ago; now there are 10 auditoriums and five gymnasiums.

Consolidated Schools

Consolidated schools of the county are Talpa, Novice, Burkett, Buffalo, Mozelle and Centennial. Largest in the area is the Mozelle district which embraces 134 square miles. Last year it enrolled 537 students and employed 26 teachers. W. T. Bowers is superintendent. It was consolidated in 1935, and

gained affiliation the same year. It boasts 22 units of affiliation, according to Baker.

A fine \$57,000 building was completed at Mozelle in 1935, one of the most modern school edifices in the county. Mozelle is located in the southwest part of the county.

Centennial district was consolidated in 1935, comprising 119 square miles. The school has affiliated 18 units, has a faculty of 12, and 287 students. Mr. Dyer, who is completing work on his masters degree at Sul Ross college this summer, is coming to the school as new superintendent this fall. Centennial is 16 miles west of Coleman.

New Talpa Building

Talpa, near the Runnels-Coleman county line, has a new \$18,000 school building, accommodating 253 students. Ten teachers were employed last year. Superintendent Glen Mitchell has developed the school into a 22-unit system. The district covers 104 square miles.

Novice draws 225 students from an area of 57 square miles. Superintendent Toombs heads a faculty of 9 instructors, who have earned 18 units for the school. Vocational agriculture and home economic buildings are recent additions to its physical plant.

Burkett, 17 miles northeast of Coleman on the Cisco highway, centers a consolidated district of 64 square miles. There are 303 students and a faculty of 12, headed by Superintendent W. R. Chambers. The school has 20 units of affiliation. A \$35,000 building was completed there in 1936.

At Buffalo, Superintendent Carl Shannon and his eight instructors taught 206 students

New Representative

W. R. CHAMBERS of May, Brown County; who won his race for State Representative of 125th District without necessity of a run-off. He won over Wm. R. Murphy and J. G. Harwell, both of Coleman.

last year. They come from a 57-square mile district. Eighteen units are affiliated. A new school building, erected at a cost of \$25,000, was dedicated there in January of this year.

Of the 30 other rural schools of the county, three are standardized and a half-dozen or more are expecting standardization, awaiting verdict of state education heads this summer. Standardized schools are Junction, Shield and Cross Roads.

Metcalfe and Prescott In Run-off Campaign For State Senator

Penrose Metcalfe of San Angelo and Ross K. Prescott of Brownwood will fight for the office of State Senator in the August run-off election after eliminating the third candidate, Sen. E. M. Davis of Brownwood who was running for re-election for his second term.

Latest reports from the race showed Metcalfe 14,592; Davis 9,139; and Prescott 10,327. Kimble, Menard and McCulloch counties had only fragmentary reports due to floods raging there during election day and citizens forgot election returns in efforts to save their lives and homes from the water.

Tabulated summary of the race is as follows, from unofficial reports turned in:

County Metcalfe	Davis	Prescott
Comanche	1423	1215
Mills	380	396
Brown	1191	2450
Coleman	1440	1207

TO THE CITIZENS OF PRECINCT NO. 2:

To the citizens of Precinct No. 2, I wish to extend my deepest appreciation for the fine vote cast for me in the primary Saturday and earnestly solicit your continued support in the coming run-off primary August 27.

I also wish to offer a word of praise to all five of my opponents in the recent race, for the fair and clean manner in which they conducted their race. In the campaign I have never heard any of these men offer criticism of his opponents in any way.

Yours sincerely,
CURTIS COLLINS
Candidate for Commissioner, Precinct No. 2

TO THE VOTERS OF PRECINCT NO. 7:

I wish to express my thanks and appreciation to the people and voters of Public Weighing Precinct No. 7 for their votes that gave me majority in the election. Especially do I thank the voters of the local boxes which gave me majority in each local box.

Food Poisoning Prevalent Now

Austin, Texas, July 31.—“Recent outbreaks of food poisoning show very strikingly the need for special care in handling and refrigerating any food that must be prepared some time in advance of serving,” states Dr. Geo. W. Cox, State Health Officer.

“Prevention of food poisoning requires clean food handled as little as possible and consumed while it is fresh. Foods prepared hours before serving, and allowed to stand at warm temperatures become good culture media for bacteria. Cooked products of a perishable nature are readily subject to decomposition, and must be kept well refrigerated.

“Most food poisoning is caused by infection by certain types of bacteria which grow rapidly under favorable conditions, such as high temperature and high humidity. The infection may come from dirty hands, utensils, flies, rodents, contaminated water, infected food materials and in some cases in certain types of bacteria, which are rapidly spread and not necessarily associated with filthy conditions.

“Picnic food is particularly susceptible to transmitting food poisoning to the members of the picnic party. Be sure you have sound, fresh, foods clean, free from stagnant odors, slime, etc. Require all who prepare the food for use to wash their hands thoroughly before handling it. Avoid excessive hand contacts with the food. See that clean containers are used

and that special care is exercised in wrapping foods and in protecting them from contamination.

“If food must be prepared much in advance of use, cook it thoroughly, keep it refrigerated and otherwise protected at a temperature under 50 degrees F. until you are ready to use it. Avoid serving foods that are readily infected, such as certain salads, and cream-filled pastries. Any foods that are not to be served immediately should be kept on ice. Milk, ice cream and dairy products in general should be from approved sources.

“Digestive upsets cannot always be blamed on the food served or eaten at an outing. Sometimes excessive heat and humidity combined with over-exertion and over-heating, as well as over-heating, help to bring them about. Remember this, and don't indulge in too strenuous exercise when the days are hot and muggy. Don't over-indulge, either, in unwise combinations of foods.”

Whon News

By Mrs. Warren Gill

Everyone seems happy to see the sun shine again after nine days of rain. Reports are from nineteen to twenty-four inches of rain for the nine days. Measures couldn't be accurate for they persisted in running over. Feed is sprouting in the fields before it was cut, but we can't complain that we have a drought.

A wedding of interest to Whon occurred last week. Mr. Phillip “Beans” Raddle and Ethel Winn Stewart were married in Brownwood and are living on the Ford Barnes place.

Mr. and Mrs. E. W. Gill of Brownwood, Mrs. J. M. Gill and Mr. N. B. Wright returned Wednesday from a ten days visit in Ellis Co.

Mrs. N. E. Blackwell and Miss Billie Fay Featherston spent last week with Mr. and Mrs. Woodrow Blackwell.

Miss Maxie Gene Black is visiting Mr. W. C. Black and Miss Tyna Black.

Mrs. Woodrow Blackwell and son Wayne of Coleman are visiting relatives at Whon this week.

The Nazarene meeting is in progress and everyone is urged to attend.

SCHOLARSHIPS from Byrne Commercial College, Dallas, and Brownwood Business College, Brownwood, are for sale at the News Office. If interested see Jim Bob Gregg.

TO THE PEOPLE OF

PRECINCT NO. 2:

I wish to thank you for the good support you gave me in last Saturday's election.

I will make every effort possible to see each of you before the second primary in August, but should I fail to see you and talk with you, I would like for you to consider this as a personal solicitation of your support and influence in my behalf for the run-off campaign for Commissioner.

Respectfully,

JOHN A. WILLIAMS

THANKS TO THE VOTERS OF COLEMAN COUNTY:

I want to express my sincere thanks to the people of Coleman County for your vote, support and influence in last Saturday's primary.

Even though I did not get in the run-off, I received a nice vote which I feel is an expression of friendship from Coleman countians for which I am most appreciative.

LON LOVE

Fifty-five cars of fun, amusement and rides will be unloaded in Dallas by the Hennies Brothers and will furnish the State Fair of Texas the best lighted and “fronted” carnival

of any on the road.
 The Capon Show to be held as a feature of the Poultry Department of the State Fair of Texas will open on October 4th and will close on Oct. 13th, at which time all entries will be sold to the highest bidder. The show opens early so that each bird entered will have the same time for finishing.

Poultry records of 6,202 home girls in Texas show an increase of 33,437 hens in home blocks, even though records for the country as a whole show a decrease. They produced 114,635 fowls for home use and 79,302 for market. 826,789 dozen eggs were produced for home use and 596,669 dozen were sold.

I SINCERELY THANK . . .

the voters of Coleman County for having selected me to be your County School Superintendent. With the help and cooperation of the teachers, patrons and trustees of our schools, I hope to make you an efficient school superintendent.

Terrell Graves

MY MOST SINCERE THANKS

I am deeply grateful to the people of Coleman County for your generous support in the First Primary.

Your support in the Run-off Primary is respectfully and earnestly solicited.

Mrs. John David Davis of Mt Vernon, Ill. is visiting her sister, Mrs. Preston Bailey. Mrs. Davis, who is remembered here as the former Miss Edrine Taylor, will be here for several weeks.

Mr. and Mrs. Maurice Bell are leaving this week-end to make their home in Brady, where Mr. Bell will be pharmacist at the Cobb Drug Store. He has been connected with Phillips Drug Co. here for over five years.

Friends of Mrs. Tom M. Hay will be glad to learn that she has been removed to her home from the Sealy Hospital and is recuperating from a very serious illness of several weeks duration.

Anna Maude White, daughter of Mr. and Mrs. R. O. White of Rankin, Texas will return home this week after visiting since June 4 with her grandparents, Mr. and Mrs. H. M. Smith and other relatives.

Mr. and Mrs. M. R. Martin visited in the home of her sisters, Mrs. F. A. Rollins and Mrs. Hallie Bissett this week. Mr. and Mrs. Martin were en route to Oklahoma where Mr. Martin has accepted a position as engineer on the Santa Fe line. He formerly had the route from Eden to Lometa.

Demonstrator

Demonstration of Canning To Be Held At W. R. Kelley & Co.

Miss Eugenia French, well known Home Economist of the Ball Brothers Company, will be in Santa Anna on August 1 and 2 at 2 p. m., at which time she will give a free demonstration of meat, fruit and vegetable preserving at Kelley Hardware Company.

Miss French attended Texas State College for Women where she was awarded special prizes in recognition of her Home Demonstration work. She also was on the special honor roll and did demonstrations in food classes. Miss French, because of her special training and study in Home Economics, is not only perfectly prepared technically for her work but she also has a charming personality which claims her audience's attention and admiration. Having had considerable practical experience, she is able to explain all the latest and most economical methods of canning foods in glass con-

Revival Singer

Coleman Davis To Lead Singing At Baptist Revival

Coleman Davis of Santa Anna will direct the music for the revival services at the Baptist Church, beginning Sunday, July 31. He is an experienced and well trained singer, having studied for a church musical and educational career at both Oklahoma Baptist University and Southwestern Seminary at Fort Worth. He has held positions in various churches in his chosen field and is well known locally as a good soloist.

The Men's Brotherhood met Tuesday night at the church to plan their part in making the revival a success. Under the leadership of their president, L. J. Smith, they have worked out transportation committees for all who would like to attend but who have no way to come, especially the aged and shut-ins. They will have a lawn prayer meeting for men each evening a half hour ahead of the preaching services which will begin at 8 p. m.

Rev. Jesse L. Yelvington, formerly of Baptist Temple, San Antonio, and now a State Board Evangelist, will arrive Monday, Aug. 1 in time for the evening services. He is known as one of the outstanding preachers of South Texas.

The whole community is invited to attend. Large, high speed fans will keep the auditorium cool, and "Coats Off" will be the style for men during these two weeks, it was announced.

ainers in such a manner that it is easy for listeners to understand every step in the process.

The Ball Brothers Company, manufacturers of quality glass jars for nearly half a century, is sending Miss French and scores of other qualified demonstrators all over the country to show housewives the United States Government - approved methods of steam pressure, hot water bath, and open kettle canning. Every one in this vicinity is cordially invited to hear Miss French and ask her any questions pertaining to canning.

Earl Creamer of Beaumont is visiting Mace Blanton and other friends here.
