'FAIR DEAL' AT STAKE

Pepper Faces Tough Battle As Four States Hold Primaries

By The Associated Press
Florida Democrats decide today a primary election attracting national interest in whether Sen. Claude Pepper can win re-nomination over Rep. George Smathers.

The veteran Pepper carried into the deciding day a record of supporting almost all the Truman "fair deal" program. Smathers, 36, has been accusing Pepper of dodging the Fair Employment Practices Commission (FEPC) issue and of being too friendly with Red-tinged organizations.

Pepper has in turn blasted the Smathers camp for circulating "dirty, vile literature trying to discredit me."

The Democratic primary in Alabama today—a test of States Rights' 1950 strength—combined with Florida's as Deep South attention-pullers that overshadowed primaries in Ohio and Indiana. In both Florida and Alabama the primary winners were certain of election in November.

In the four states, nominations are being made for three Senate, 49 House and two governors' seats (Alabama and Ohio).

In Florida, around 600,000 registered Democrats were expected to go to the polls. The Alabama turnout was estimated at 400,000.

The possibility of a Pepper defeat was taken into account in advance by both Republicans and Democrats. The former said that his defeat would indicate a trend against the Truman administration.

Pepper has in turn blasted the Smathers camp for circulating "dirty, vile literature trying to discredit me."

nationally. The Democrats held that the Pepper-Smathers race is more of a personal one.

In Alabama, 158 persons are running for 72 places on the state Democratic committee which will control the Alabama party machinery for the next four years.

Of these, 92 say they favor returning to the National Democratic Party organization, 59 want to stick with the states rights group where Alabama's presidential vote went in 1948, one entry is claimed by both sides and six by neither.

Sen. Lister Hill, seeking Democratic renomination, has been in the forefront of the fight to return the Alabama organization to the national party.

In the north, interest centers on Ohio, where Democrats are picking a November opponent for Sen. Robert A. Taft from a seven-man field. Taft has no opposition in the Republican primary.

In Indiana, a primary battle involving a woman first-term member of Congress, Rep. Cecil Harden of Covington, is stealing the show in an otherwise dull election to pick nominees for 11 House seats.

Kansas City Studies Ways To Halt Crime.

KANSAS CITY, May 2 (AP)—City officials today studied methods of stopping gambling and racketeering in liquor establishments.

An ordinance designed to tighten the liquor control law was introduced in the city council last night.

The move followed a federal grand jury's report that a \$34,900, 600-a-year gambling operation centers in Kansas City.

The measure would empower the city liquor control director to suspend or revoke the license of any tavern or other establishment without notice or hearing. The present law requires a hearing.

Liquor Director Fred R. Johnson has already moved against one tavern and is seeking evidence against other establishments named in the federal jury's report.

Johnson yesterday cited Mrs. Isabel Gooding, listed as licensee of the Last Chance Tavern, on charges of permitting police characters and felons to loiter about the premises. She was ordered to appear for a hearing May 16.

The tavern is where Politician Charles Binaggio and his henchman, ex-convict Charles Gargotta April 5 in a Kansas City Democratic club.

Ex-Congressman Dies Today After Two Year Illness

PHILADELPHIA, May 2 (AP)—J. Hampton Moore, two-term mayor of Philadelphia and a member of the U. S. Congress for seven terms, died today after an illness of two years. He was 61.

Moore was president emeritus of the Atlantic Deepwaterways Assn, which he headed from its foundation in 1907 until his retirement in 1947.

He was the author of two published books of poetry and drew from personal experiences to write two other works, "Roosevelt (Theodore) and the Old Guard" and "With Speaker Cannon Through the Tropics."

Moore served as a representative in the U. S. House from 1905 through 1919. He was elected as a Republican from the Third Pennsylvania District.

Autopsy Due In In Two Fire Deaths

WACO, May 2 (AP)—An autopsy is to be held to determine the cause of death of two persons found yesterday in the ashes of a house destroyed by fire at Elk, McLennan County.

The badly burned bodies of Miss Mattie Sheed, 76, and a roomer, L. M. Hamilton, 78, were found in the remains of the house. A double-barreled shotgun with two empty shells in it was found near the bodies.

'SOUTH PACIFIC' CAPTURES TOP PULITZER PRIZE PLAY HONORS

NEW YORK, May 2 (AP)—"South Pacific," the smash hit Broadway musical, won the 1950 Pulitzer Prize yesterday as the best original American play of the past year.

The drama award was one of 13 similar honors handed down by the prize committee for achievement in newspaper work, letters and music.

The prizes were announced by President Dwight D. Eisenhower of Columbia University.

"South Pacific," the latest success of Composer Richard Rodgers and Oscar Hammerstein, II, is an adaptation of James A. Michener's book "Tales of the South Pacific," which won a Pulitzer prize of its own for fiction in 1948.

The Rodgers-and-Hammerstein team received a special Pulitzer award, but no prize, for their earlier musical hit, "Oklahoma," in 1944.

The prizes, which carry grants of \$500 each to the individual winners, have been given for the last 33 years under the will of the late newspaper publisher, Joseph Pulitzer.

The 1950 prize for fiction went to A. E. Guthrie for his best-selling historical novel, "The Way West."

The prize for meritorious public service by a newspaper was split this year between the Chicago Daily News and the St. Louis Post-Dispatch for their joint stories revealing the presence of 51 Illinois newspapermen on the state payroll.

The articles were written by George Thiem and Roy J. Harris.

Nationalists Arrest 1,284 In Red Hunt

TAIPIA, Formosa, May 2 (AP)—Chinese Nationalists in a Red hunt arrested 1,284 persons Sunday on the big island of Formosa, authorities disclosed today.

Reports from east coast centers and the Pescadore Islands off southwestern Formosa are expected to swell the number.

Most were detained for entering Formosa illegally or lacking proper credentials.

In Taipei, 213 were seized. At Kaohsiung, the naval base on Southwest Formosa, 113 were arrested.

About 81,000 persons took part in the "census" between midnight and 3 o'clock in the morning.

The Nationalists asserted that new Yak-21 fighters of Russia's Far East Air Force are flying combat missions with the Chinese Communist Air Force. A communique said "this openly proves that Soviet Russia, in total disregard of international faith, has openly joined the Chinese Communists in extending the scope of the war."

The Nationalists told belatedly of small guerrilla combat actions. They said:

The warship Yungtai Saturday shelled Kanmen, on the east coast of Yuhwan Island, 215 miles south of Shanghai. A few hundred guerrillas stormed ashore at 11 o'clock at night, battled Communist defenders and withdrew in two hours.

Nationalist guerrillas killed or wounded more than 100 Reds in raids April 11 and 15 on Yuhwan.

GEORGE C. KENNEY

Diplomatic Blunder Could Touch Off War, Kenney Says

WICHITA, Kan., May 2. (AP)—Gen. George C. Kenney says a diplomatic blunder could touch off a war with Russia "at any moment." He added, however, that he did not think the Russians were in a position to go to war now. Aggressor nations "usually go to war when they have war power sufficient that they're pretty sure they can win," the four-star general said yesterday. "I don't think they (the Russians) are in that position now. I think that they're trying to reach that point as fast as they can." He said Soviet leaders probably have already set a year for their attack and that he believed war with Russia is coming. Kenney, wartime head of the allied air forces in the Pacific, made his remarks at a press conference at a Wichita Rotary club luncheon.

MacARTHUR WORDS

Urges Japs Defend Their Liberties

TOKYO, May 2. — Gen. MacArthur today urged the Japanese to defend their new constitutional liberties against the "international political perfidy" of Communism. For the second time in 10 months he suggested the possibility of outlawing Japan's Communist Party. The allied occupation commander took the third anniversary of Japan's "no war" constitution as the occasion for a statement denouncing anew Communism here and abroad.

It should longer be regarded as a constitutionally recognized political movement.

The occupation chief raised the same question last July 4 when he labeled Communism "national and international outlawry." Today he called it "this form of international political perfidy, social deception and territorial fraud."

Onion Growers Plan To Limit Shipments

LAREDO, May 2. (AP)—A co-operative marketing plan limiting been adopted by onion growers in daily shipments to 65 carloads has this area.

The plan will be effective the remainder of the season, which has about 15 days to run.

Shipments last week were limited to 65 rail shipments. The new plan cuts rail shipments to about 50 daily and the remainder by truck.

Videla Off For Orleans Visit From Lubbock

LUBBOCK, May 2. (AP)—"I'm glad you folks could come out here," said George P. Livermore as the president of Chile and his party prepared to board their plane for New Orleans.

President Gabriel Gonzalez Videla wound up a brief two day visit to this South Plains area yesterday afternoon as the guest of Livermore, a Lubbock oil man who has drilled 35 oil and gas wells for Chile.

In the two days Gonzalez Videla inspected a natural gasoline plant at Levelland, an irrigation project at New Deal, Tex., ate chuck wagon barbecue at a ranch near Lubbock, watched square dancers and a cowboy band, made an un-programmed speech in a football stadium and attended two luncheons.

The president began an official visit to the United States April 13 and will leave New Orleans Wednesday for his home country.

Interveners File In Spindletop Case

BEAUMONT, May 2. (AP)—An intervention action has been filed in the U. S. court here in the Spindletop Oil Field case for \$150 million. The action was filed yesterday by Atty. Boyle Howell of Memphis, Tenn.

He listed the intervenors as J. Lawrence McBride, Vada Lou Bowdoin, Mrs. Hattie Florence Swindell Edwards and W. V. Swindell, of Nashville, Tenn.; Siddle Roberts Hedgcock, James Elmore Roberts, Mrs. James Roberts and Mrs. Lawrence Hewley of Crossville, Tenn.; Anna Roberts Crowder of Knoxville, Tenn.; Rachel Roberts Donaldson of Akron, Ohio; and Gilmore Roberts of Dayton, Ohio.

Last week Howell received permission to file intervention in a \$500 million suit, seeking title to acreage in the 50-year-old oil field near Beaumont.

Washington Clocks Will Move Ahead

WASHINGTON, May 2. (AP)—Clocks in the nation's capital and nearby sections of Maryland and Virginia will probably move ahead an hour next Sunday—a week behind other areas of the country that use daylight saving time.

The House voted yesterday to allow "last time" in the District of Columbia for this year only. The Senate had agreed to giving district commissioners permanent authority to set the clocks ahead. Differences between the two bills will be worked out in conference.

HEARINGS MAY DECIDE 2,000 TEXAS CO. UNEMPLOYMENT CLAIMS

AUSTIN, May 2. (AP)—Public hearings may be necessary to decide unemployment compensation claims by approximately 2,000 Texas Co. workers at Port Arthur and Port Neches.

That possibility was seen yesterday by a Texas Employment Co. spokesman who described the situation as "unusual."

An actual study of the claims is not permitted until sometime after

May 3, the end of a one-week waiting period requested by law, a statement issued by the commission said.

The workers tried to end a three-weeks strike April 28 but the company issued a statement saying the Port Arthur plant would not be reopened "without assurances from the union that operations will be maintained for a reasonable period of time." The union charged that it was a lockout.

"Under the Texas unemployment compensation act, workers in order to obtain unemployment insurance must first serve a one-week waiting period. Actually the Texas Co. workers have not yet filed claims for unemployment insurance although several thousand reported at offices of the TEC in Port Arthur and Beaumont last Wednesday for the purpose of registering for work and notifying the commission of their intention to file a claim for unemployment insurance."

"Actually their first claims cannot be filed until Wednesday of this week when the one-week waiting period will have been served. The claims filed on that date will be forwarded to TEC's state headquarters at Austin for review."

RIBBON RAMBLINGS

This is the time of the year when a lot of clubs are electing officers for the coming year. Always at this time there is a good deal of feeling concerning various candidates. Though all candidates may be good prospects and may be very well suited to the office, some people will refuse to go vote just because they know that a certain slate has been chosen.

If your club is having an election, the best contribution you can make to the organization is to go out and vote. If you are not in favor of the candidates which have been named, you can always name someone from the floor. If you really believe that someone should or should not have an office, you can do a lot to control the election by going out and voting yourself and by encouraging your friends to do so. There's nothing to be gained in high pressuring others in voting for certain people, but if you really know some qualifications of certain candidates, you should certainly let them be known.

There's one qualification that isn't good for any club member and that's taking the attitude that just because they don't like the officers, they are not going to work. After all, if everyone is voting, the majority is in control. If you're not voting, you are all people, have no right to fuss about your club's administration.

We might also mention the fact that a lot of nominating committees have difficulty even getting candidates in the running. So the few are usually those who say "yes" when they are asked to contribute time and energy to the organization. In most cases, if you're willing to work, you've got a job.

"Southern Colonial Days" Is Theme For Forsan Junior-Senior Banquet

FORSAN, May 2—"Southern Colonial Days" was used in title theme of the junior and senior banquet held here Saturday evening in the gymnasium.

Curtain and letters for the program were in blue and gold—the class colors. The class flower, carnation, was used. Cedar sprigs, entwined with various colors of hand-made roses, adorned the banquet hall, while baskets of roses and larkspur were used as center pieces.

Plate favors were candles dressed as colonial ladies, and place cards designed as colonial ladies. The menu, including baked ham, shortbread, plantation special, "mint julep," etc., carried out the theme.

Dinner music was furnished by Miss Magnolia (Deryl) Miller and her pickaninies (freshmen and sophomore girls in black faces). "Col." J. Y. Turnage gave the welcome "you all" and "Sen." Virgil Bennett responded that "we are proud to be here." Grandpa (Jimmy) Shoults gave the plantation history.

Melissa (Billie Sue) Sewell sang "Summertime"; the Southernaires (sophomore and freshmen boys blacked up) sang "Dem Bones" and "I Gotta Robe." Marae James Suttles looked 20 years hence for "Belles and Beaus." Arabella (Betty Jo) Robertson gave the last will and testament, "Who's Who" came from Judge (Richard) Gilmore. Gov. (Joe) Holliday gave

Socialists' Fight For Life Is Nerve Strain On Allies

THE BRITISH SOCIALIST GOVERNMENT's fight for life, with a bare majority of eight votes over its combined opposition in the House of Commons, is about as much of a nerve strain for allied onlookers as for the participants.

implement the budget. OF COURSE, FORMER PRIME MINISTER Winston Churchill, leader of the great Conservative opposition, must be expected to bait the Socialist government up to a point.

TWICE LAST WEEK THE GOVERNMENT squeezed through to victory on two issues with margins of only five votes in each case.

SOME OBSERVERS THINK IT MIGHT last until October when it is due to name the board which will supervise the nationalization of the great steel industry.

Security Risk, Disloyalty Are Two Different Things

WASHINGTON, (AP)—THERE'S A difference between a disloyal government worker and one who's considered a security risk.

BUT STATE DEPARTMENT OFFICERS say that if Jones worked there and was considered a security risk, he'd be fired.

BUT THE LINES ARE NEITHER sharp nor simple on a security risk. There is no single rule throughout the government for handling such a case.

C-C Hears Highway, Telephone Reports

Chamber of commerce directors waded through a heavy schedule Monday, taking time to hear reports on a highway proposal and a new angle on telephone service.

Ted O. Groehl, board member, raised the question of whether "we are working against ourselves" in contending for dial system telephone service. This step, he said, would result in loss of a \$70,000 annual payroll in Big Spring, assuming that dial phones would reduce the operator force by slightly more than half. Such reduction had been the case in other points. He added that there was no great

difference in service here than at dial points. Groehl said he brought it up "as something about which we can be thinking."

In a summary of developments resulting from an interview with the state highway commission last week by county, city and chamber officials, Manager J. H. Greene said that the highway department had promised a comprehensive engineering study of the situation. One of the questions raised was that of what to do with the traffic through Big Spring if the highway department were to provide four-lane approaches east and west.

The chamber had asked priority for a double lane approach on the east due to the bad safety record highway figures, however, showed 1,000 more cars a day using the west approach.

President A. Swartz reported on clean-up campaign progress. 133 truck loads of trash had been picked up by the city in a 288-block area, he said. Some 200 over-stuffed trash drums had been picked up.

New members of the chamber now stand at 37, Cecil McDonald, membership chairman, reported. This phase of the campaign is to be completed by Wednesday, he said, but the enrollment will be continued through the year until 100 additional members have been secured, he said. R. R. McEwen, chairman of an adjustment committee, said that gratifying reports had been encountered in efforts to adjust some dues to provide for an adequate chamber budget.

Greene raised the question of whether to have a chamber membership barbecue during the summer. He also said chamber of commerce week activities were successful. Durward Lester urged attendance at the May 9 U. S. Experiment Farm Feeders Day. Resignation of Walter Phillips, who is returning to Lubbock, was accepted with regret, and Swartz gave personal praise of Phillips as a worker. Doug Orma accepted election as a director. A new member present was Roy F. Strang of Investment Service Corp.

Scouts Report Local Round-Up As One Of Best

Reports from over the Buffalo Trail council area indicate that the 24th annual Round-Up, completed Saturday, ranks as one of if not the best ever held.

Jimmie Hale, field executive and general chairman of the activity, said that co-operation for the event had been extraordinary.

He had praise and thanks for numbers of people, among them Elton Taylor, who handled the assembly, preparation and serving of food and who in turn had appreciation for donors, helpers, etc.

A re-routed road into the grounds was supervised by Sam McComb, chairman of health safety. McComb also enlisted the help of the graduate nurses, who maintained a first aid station throughout the Round-Up. This was the first time this had ever been done—and the boys took to it.

Public address system was furnished by the U. S. Army and AF recruiting service. Couden Petroleum furnished a flag pole and West Texas Sand and Gravel the concrete for its base. The city extended lines for two additional water outlets; A. B. Sisson supervised extension of lights for the area; and Coca Cola handled the concessions with net proceeds going the Lone Star district for miscellaneous expense. Hale complimented many others, among them Sherman Smith and Ted Phillips, for handling properties; Roy Phillips for furnishing wood and transportation; D. M. McKinney, for directing judging; and George Mclear for clerking.

Miscellaneous parade transportation was furnished by Neel Transfer, Garland Sanders and Morehead & Mead and Neel Warehouse. William Cameron Co. furnished material and labor for the reviewing stand; McDaniel - Boullouin chairs; Elton Taylor the horses for the parade, which was directed by Charles Watson.

Taylor said meat was furnished by Couden Petroleum, Malcoe & Hogan Clinic-Hospital, Lone Star Chevrolet, Cowper hospital; Big Spring Clinic and Hospital, Big Spring Motor, and Marvin Field Motor. Strippling Supply furnished bean; Southern Ice the ice; Vaughn Sweet Shop bread, Melvin Choate did the barbecuing; Price Colwell and Troy Harrell directed serving; and Walter Nichols and Willie B. Shepherd were helpers. The chamber of commerce, of course, appropriated \$100 toward the event.

Probe Three State Cattle Theft Ring

WICHITA FALLS, May 2. (U. S. Dist. Atty. Clyde Fillmore has asked the FBI to conduct the investigation of a three-state cattle theft ring centered here.

Fillmore said yesterday he had made the request because of difficulty in obtaining testimony from out-of-state witnesses.

Cattle theft charges against at least five men have been filed in several North Texas counties and in Oklahoma. Officers have located some stolen stock in Texas, Oklahoma and Arkansas.

Five Men Are Killed In Auto Transport

TOMAH, Wis., May 2. (U. S. Five men were killed near here Monday when the car in which they were riding collided with a loaded automobile transport.

Some of the victims are believed to have been soldiers stationed at Camp McCoy, Sparta, Wis. Sheriff H. R. Biggs said.

The transport, carrying several new automobiles from Milwaukee to Sparta, was driven by Donald Belman, 38, Winona, Minn. He was not seriously injured.

GOT A HEADACHE?

Maybe Electricity Buzzes Your Brain

By HOWARD W. BLAKESLEE
Associated Press Science Editor

DETROIT, May 1. — Restless? Got a headache? Dizzy? Maybe the reason—a new one shown to the American Psychiatric Assn. today—is buzzing electricity in your brain.

The buzzing is exceedingly rapid pulses of electrical energy, 30 to 40 per second. That is half to more than half as fast as the pulsations of alternating current in your house electric lights. It occurs in both the central and forward parts of your brain.

The discovery was shown in an exhibit by the Veterans Administration (Hines, Ill.) Hospital and University of Illinois College of Medicine. Exhibitors were Frederick A. Gibbs, W. A. Stephenson, Pearce Bailey, H. A. Kildee, E. L. Gibbs and F. M. Lorimer.

Eighty-five per cent of persons with these fast waves suffered from headaches, 70 per cent were restless and 55 per cent complained of dizziness. Also 75 per cent said they had "spells of some sort," and many of them had suffered personality upsets.

These waves were discovered by taking brain pulses during drowsiness. The pulses are picked up by pasting little electrodes on the skin

Sanitarian Cites Precautions For Perishable Foods

Precautions to be observed in dispensing cream filled pastries, ice cream, and other perishable foods were cited today by C. W. Mason, city-county sanitarian.

Cream pies and similar pastries should be kept at temperatures of 50 degrees or lower except during serving or preparation, he pointed out. Multiplication of bacteria practically ceases at that temperature, he said.

Ice cream dips should be kept in either hot or running water, Mason advised. Waster water from refrigeration units should be disposed of promptly.

McKinney Expresses Appreciation For Clean-Up Cooperation

Appreciation was expressed this morning by D. M. McKinney for the co-operation of residents, businessmen, and others in the Clean-Up Week campaign here.

McKinney, chairman of the chamber of commerce civic and beautification committee, urged continuance of the clean-up program on a year-round basis "to preserve health and promote safety as well as to maintain improved appearance of the city." He indicated his organizations will encourage the enforcement of ordinances forbidding the sweeping of trash from buildings into the streets and regulating types of sanitary garbage containers.

'REDS' LOYAL AGAIN

Mayor Seriously Ill As 'Revolt' Ends

MOSINEE, Wis., May 2. — Mosinee "Communists" became loyal Americans again today, their one-day mock revolution at an end.

But while they went back to preparing for belated trout fishing trips and other everyday activities, their mayor lay critically ill in a Wausau hospital after suffering a severe heart attack.

Just as the town was about to be delivered from "Communist dictatorship" last night, Mayor Ralph Kronenwetter, 49, was stricken.

He was rushed from the village park to his home where a Catholic priest administered the final rites of his church. A physician declared his condition "critical." Later he was taken to St. Mary's Hospital at Wausau.

Mayor Kronenwetter had participated actively in the "Red invasion," staged as an object lesson by the Wisconsin Department of the American Legion.

He was the first to be arrested by legionnaires acting as security police troops.

They routed him out of bed early yesterday and rushed him from the house clad only in pajamas and a bathrobe.

Kronenwetter, anxious to co-operate, reacted the same several times for the benefit of news

photographers and newsreel cameramen.

He has been mayor for seven years and planned to run this fall for the Democratic congressional nomination in the Seventh District.

He was defeated for the post in the general election two years ago.

The day of oppression ended with a giant fire in the park. All traces of yesterday's May-Day demonstration went up in the blaze.

Residents, not knowing of their mayor's condition, threw in Red flags that had flown above municipal buildings, business houses and schools. Into the flames also were fed ration cards and credentials that residents were "forced" to carry.

All who took part pronounced the mock coup a success.

Charles O. Larson of Port Washington, state Legion commander, said the day's activity was "very satisfactory but a mild demonstration of totalitarianism."

"It has been the purpose of the Legion to depict life under Communism so that you who live in Mosinee could experience the difference of life under Communism and living in our beloved democracy," he said while the flames crackled in the park.

"The best way to counteract Communism and advance the cause of democracy is through education. There never in the history of America has been a time when a greater need existed for emphasis on democracy, nor has it ever been more necessary that we have an adequate national defense."

Joseph E. Korffeder, a former Communist organizer who was the compiler of the brief "revolution," said it was a good demonstration of Communism but "much milder than the real thing."

"There would have been mass killings under a real invasion," he said.

Two Men Missing After Boat Fire

GAY, Mich., May 2. (U. S. — Two men were missing today after a fire on their 40-foot fishing craft in the icy wastes of Lake Superior.

The fire-marked hull of the ship, Victory, was discovered late Monday by fishermen off Traverse Point on Upper Michigan's Keweenaw Peninsula.

Sheriff Fred Paulson said the fishermen were attracted by a "big puff" of black smoke after noticing a smoke puff earlier.

Neither the Victory's owner, Arthur Halikainen, nor his crewman, Alex Simons, was aboard the burned vessel.

Six or seven boxes were found tied together in the water nearby. It was surmised that the two men attempted to make a raft from the boxes.

Gen states — Wisconsin, Illinois, New York, Missouri, Minnesota, Indiana, Tennessee, Ohio, Michigan and Oregon—produce 85 per cent of the national cheese supply.

NOTICE TO CROOKS

Stay Out Of Texas, Warns The Governor

AUSTIN, May 2 (AP) — Crooks and gunmen of national crime syndicates today had Gov. Allan Shivers' ultimatum to keep out of Texas.

Texas Rangers will be told to take off the "kid gloves" in dealing with such criminals, the governor said in a statewide broadcast. He also called on citizens and all arms of law enforcement to cooperate in combating a 53 per cent increase in general crime in Texas during the past seven months.

The governor's remarks were based on a crime report to him from Department of Public Safety Director Homer Garrison. Garrison called the crime picture in Texas "critical."

"To the big-time crooks and small-time gunmen of the national syndicates we say: 'It may be true that you have your eyes on Texas—but don't forget—the eyes of Texas are on you.'

"If you are thinking of coming to Texas, we're warning you—stay out!

"If you are already in Texas—get out!"

The governor outlined some jobs for the individual citizen in the fight against crime in general:

"It is your responsibility to see that good, strong men are named to interpret and enforce our laws—and to back them up as long as they are doing their duty. You should accept jury service as one of the duties of citizenship. You—must insist that our legislature, our appellate courts, our prison board, our parole boards and other agencies connected with the

writing of laws and the administration of justice place the public interest above other considerations, including the maudlin sentimentality that too often tries to block the punishment of vicious criminals."

COW SHOT FOR IMITATING BULL

ANDOVER, Mass., May 2 (AP) —The cow that tried to imitate a bull in ferocity had her life snuffed out last night.

Farmer Arthur Tishert decided to shoot the \$1,000 Aberdeen-Angus when she showed no signs of ending her angry rampage.

For more than week the animal attacked anyone who came near her as she tore through nearby woodland. She tried several persons who tried to capture her.

Joseph E. Haswell of the Massachusetts Society for the Prevention of Cruelty to Animals attributed her strange actions to approaching motherhood or stinging horns.

Jailed Candidate Is Still On The Ballot

BLOOMINGTON, Ind., May 2 (AP) —Iron bars won't let Claude Strange, 55, vote today, but he made sure Monroe County voters knew his name remained on the ballot for the Republican nomination for sheriff.

His recorded broadcast to voters last night failed to mention that he's serving 30 days in the jail he wants to supervise. The charge is public intoxication.

Strange made a radio transcription in his jail cell, to wind up his campaign before today's primary election. "I want everyone to know I'm still on the ballot," he broadcast over Station WTTW said. "So I hope everyone will turn out."

REDS HAVE ROCKET INSTALLATIONS AIMED AT ALASKA, ESCAPEE SAYS

PHILADELPHIA, May 2 (AP) — Powerful rocket installations aimed at Alaska, Norway and Sweden have been built by Russia in the Arctic and Baltic areas, says a 33-year-old escapee from a Soviet concentration camp.

Victor Martunuk, a Russian naval engineer, disclosed the secret operations yesterday through his attorney, Ivan M. Czup.

Martunuk now is in Montgomery county jail, Norristown, Pa., awaiting House action on a bill to provide him with "lawful residence" in this country, the lawyer said.

Sen. Edward Martin (R-Pa.) introduced the bill which has been passed by the Senate, Czup added.

Martunuk was arrested as a stowaway aboard the S. S. Monitor when it docked in Philadelphia in April, 1949.

Martunuk said he came in contact with information about rocket installations while he was an inmate of a Soviet prison camp at Svirlag, north of Leningrad. The installations pointed at Alaska are

located on the Arctic Ocean island of Novaya Zemlya, he said.

He said he was sentenced to a 25-year term in the concentration camp because he served with a German anti-Communist army of Russian prisoners.

Lord Arrives Here Friday To Claim Maryland Estate

BALTIMORE, May 2 (AP) — Thomas Lord Fairfax, youngest member of the British House of Lords, will arrive in the United States Friday to claim the spacious southern Maryland estate, Northampton, his aunt, Mrs. Tunstall Smith said today.

The 1,000-acre tract, complete with gardens and terraces laid out by L'Enfant, architect of Washington, D. C., was willed him by his aunt, Mrs. Frances Fairfax Roberts, who died April 21.

Northampton was purchased during the Civil War by an earlier Lord Fairfax. The family has been associated with Maryland and Virginia history since the fifth Lord Fairfax came to this country in 1685 as a collector of customs for King Charles II.

Innocent Bystander Again Takes Rap

DETROIT, May 2 (AP) — The innocent bystander—this time he was driving a car—takes the rap again.

Maurice J. D'Haene, 28, cruised along happily yesterday in his shiny new car. The sun shone brightly and in a few days more he would be married.

Suddenly, z-z-zing, a bullet whipped into his front seat.

He braked his car to the roadside and stepped out with his hands held high. The pursuing officers, who had been chasing a stolen car, rammed their patrol car into the side of the new car.

It took D'Haene five minutes to explain that the car was his. Then the officers apologized and helped unhook the two vehicles.

But D'Haene said that Macomb County Prosecutor Fred Nicholson told him any damage claims would be denied because "the officers were performing their duty."

So now the prospective bridegroom will have to have the car repaired himself. And he wonders if it will be ready in time for the wedding trip.

Woman Killed In Car-Truck Crash

PALESTINE, May 2 (AP) — Mrs. E. E. Gandy, about 46, of Longview was killed yesterday in a head-on auto-truck collision near here.

Her daughter, Barbara Sue, 8, was injured critically.
