NORFLET

Gripping—Startling

A Truthful Chronicle **Human Achievement**

Norfleet sells for \$2.00 and is a fast seller. A copy of this book should be kept in every home, as generation after generation will read it with peculiar interest. It reads like a novel and sounds like fiction, but it is the bonafide truth, just such as a Texas

The coolness of him-the audacious courage of him-the lightning thinking of Norfleet saved his life in many a seemingly inescapable sul-de-sac; and brough the highly organized band of outlaws, one by one to justice. The soul stirring story of this Texas rancher's four-year self-imposed task of running to earth the largest and most desperate gang of crooks in the United States is graphically told in Norfleet's own words which are powerful in their very modesty. It has often been said that Truth is stranger than Fig. tion—but those who have read Sir Connan Doyle's Sherlock Holmes stories, The Chronicles of the Mysterious Fu Man Chu, the Episodes of the Grey Ghost, or a dozen other "thrillers" in the category of "detective" and "mystery" yarns have undoubtedly enter-tained a slight doubt as to the accuracy of the old time

But now comes Frank Norfleet with a chronicle of adventure that makes the "Grey Ghost" stories tame by comparison; a series of dramatic situations that reduce the ordinary "thriller" to the commonplace; a history of detective work that causes Sherlock-Holmes' attainments to sink into insignificance—and withal, a lesson in morality and "square shooting" that should prove greatly beneficial to the youth of the Nation.

And the beauty of the whole work is that it is the TRUTH! Just as the unexaggerated account of what one brave man has actually done in the face of seemingly unsurmountable difficulties.

English literature has been enriched by this most gripping, startling compilation of thrills, laughter and pathos, held together by a thread of stupendous human endeavor, tempered by tolerance and compassion. Norflect is a book that will appeal to men and women of all ages and in every walk of life. Norfleet is a book that parents will place in the hands of their boys to read. Knowing that the truths contained therein and the lessons taught are well worth while. Norfleet has been read and enthusiastically endorsed by leading educators, ministers, publishers, bankers, professional men and criminologists.

Physically, the book presents a beautiful appearance. A heavy dark blue cloth cover, lettered and designed in gold, with more than 350 pages of fine quality ricepaper and splendidly illustrated.

Norfleet is destined to run into the hundreds of thousands of copies and will undoubtedly find its way into every home and every dibrary where English is

For a limited time, by special arrangements with the publishers, we are prepared to offer a copy of Norfleet, regular price \$2.00 and the Santa Anna News one year, price \$1.00, both for only \$2.25 in Coleman county. If foreign add 50c.

"Fire precautions ought to be an integral part of the original plan of a farmstead. Its various buildings should be so separated that if a fire occurs in one the rest will not almost inevitably be doomed. In common with dwellings everywhere, there are several interior features of rural home construction which, although higher in first cost than ordinary work, carry with them increased safety to life and property. Among these are the employment of fire-resistant roofing material; the provision of two stairways in different parts of the house; the inclosure of stairways, particularly a rear one that enters the kitchen, and the installation of fire-stopping between floors. All these items, with the exception of the firestopping, are features than can be introduced even in structures long standing."

Man gave woman the vote, but he will never get any place telling her how to use it.

ACTUAL RESULTS FROM. GOOD down one grade or more on account of

with a pure variety of wheat which ave him an average yield of 31 ushels per re, while the balance if the field sown with ordinary seed fielded 21 bushels per acre." Mr. 3. L. Bainer, a well known farmer if Scott County, reports a gain of ceed. Still another farmer from that acre county reports 23 bushels an acre not ripen evenly, and when sold, grade rom good seed, while his neighbor as "mixed," with considerable reduction in price.

ered in Kansas City from July 1, 1923. to April 30, 1924, would have includin Kansas (From 61/2 to 12 bushels ed over 1,300,000 bushels mixed with pain.) County Agent Roy E. Gwin, snough rye to lower the quality from one to two grades, representing a loss of Abaffer sowed part of his field of approximately \$50,000 on this one of the province of the painting of the province of the pr market in less than one season.

There may be one predominating variety in mixed seed suitable for local conditions, but it is out of the ques-Scott County, reports a sound of sound or more varieties is uniformly desired. Still another farmer from Pratt able. Crops from this kind of seed do tion to assume that a mixture of two

method_applying carbonate for smut.

in Nebraska (A gain of 9 bushels.) County Agent C. R. Young, of Dako-a City, says: "I furnished seven, armers with good, pure seed wheat, vhich outyielded the wheat from the common seed of the county by 9

In Oklahoma (A gain of 3 bushels.) report from County Agent Tom M. Marks, of Ellis County, says: "Dur-ng the past three years, I have kept in accurate record of the yields of wenty fields of wheat sown with good seed of adapted varieties in comparison with the yields from fields sown vith the common varieties. All fields vere handled alike, so far as preparaion, date of sowing and quality of soil vere concerned. The three-year averige showed an increase of almost bree bushels per acre in favor of the dapted varieties."

in Texas (A gain of 7 bushels.) last year's records show that light Panhandle farmers sowed a to-al of 968 acres of wheat; they made in average yield of 17 bushels per icre on 460 acres, sown with good leed, and 10 bushels per acre on 508 cres, sown with country-run seed.

Sow Clean Seed at Least.

Even though country-run seed may ack purity, it can be greatly im-proved by cleaning and grading. Good uthority states that 20 per cent of he wheat sown in the Southwest conists of cracked, immature or injured ernels that will not grow. The feedng value of these kernels, which are iseless as seed, will pay the expense if running the seed through a faning mill. It is generally known that he best wheat farmers, who reclean heir seed and sow only the purest, btain yields of at least 3 to 5 bushis more than the country average.

Avoid Rye. the price. eavy bread. Five per cent of rye in

The wet method-applying formaldehyde for smut.

Look Out for Smut. The loss in the Southwest this year from stinking smut is greater than for the past several years—amounting to millions of dollars. Fully 90 per cent of this loss could have been pre vented through seed treatment just before sowing. The cost of the material for treating seed is from 1 to cents a bushel.

Treatments for Smut.
Use of Formaldehyde. The old standard and dependable remedy for smut consists of dipping, floating or sprinkling the seed in a solution con-taining I pint of formaldehyde to 40 gallons of water.

Use of Copper Carbonate. This new, dry method of seed treatment is now being quite generally recommended by agricultural colleges. It consists of thoroughly mixing the seed with copper carbonate dust, at the rate of 2 ounces to a bushel. "Coppercarb," a well known commercial mixture may be used at the rate of 4 ounces to a bushel of wheat. This reatment cannot be made by show eling; it must be done in some kind of a mixer, either home made or commercial. An old churn, as shown in the illustration, or a concrete mixer

For more information on either of the above methods, see your county agent or write the state agricultura

How and Where to Obtain Seed

Wheat. Those desiring to locate pure or cer ified seed should see their county agent or write the state agricultural college. The Southwestern Wheat Improvement Association is locating a lot of good seed, as well as the districts needing seed. Where seed is needed arrangements are being made so that the local mill, elevator or county agent will have on hand a The presence of rye in wheat cuts supply of suitable seed, which can be eavy bread. Five per cent of rye in than you need or if you desire good choice milling wheat will reduce need and are unable to obtain it he price from 3 to 5 cents a bushel, through your county agent, write The year cent of the Hard Win. Means Getting Your

MONEY'S WORTH

You'll agree that no matter how low the price of any item, it is not a bargain unless you get your full money's worth.

Every merchant is responsible in seeing that every customer does get his money's worth: No matter how good a judge of value you man be, there are many items in which you must in a sense take our word for it.

We feel this responsibility keenly. You may be assured that when we represent any item to be quality merchandise, we are giving you the absolute truth about that article.

That is the reason we carry only quality merchandise in this store. We do not wish to be responsible for furnishing you with merchandise which will not give you your money's worth.

We want you to have this confidence in our statements, and in the description of our goods.

There are penalties for horse stealing and for the theft of automobiles, and the trespass notices posted on farms are reminders that, in line with common sense, there also are laws against the raiding of farms. The manner in which the orchards and gardens of some farmers have been despoiled by thieves traveling in autos is an outrage, and it is incumbent upon he public authorities to do thei rpart to put a stop to it and bring the guilty to punishment.

Alone you can stand for your rights, but you have to organize to find new rights to stand up

Another fine thing about a vacation is that it requires work CMPROYED UNIFORM INTERNATIONAL

Sunday School Lesson

Lesson for September 28 REVIEW - OPENING PERIOD OF

CHRIST'S MINISTRY

GOLDEN TEXT-For God so loved GOLDEN TEXT—For God so loved the world, that He gave His only begotten Son, that whosever believeth in Him should not perish, but have everlasting life.—John 8:16.

PRIMARY TOPIC-Things to Remember About Jesus. JUNIOR TOPIC—Early Events in Jesus' Life. INTERMEDIATE AND SENIOR TOPIC—Lessons of Jesus Childhood and Early Ministry.

YOUNG PEOPLE AND ADULT TOPIC—The Opening Period of Christ's Ministry.

Two methods of review are suggested:

I. Have the pupils go over the quarter's lessons and bring in reports which will picture Jesus as to His delty, pity, courage, devotion, etc. This should be assigned the week before and the reports should be written out

facts and leading lessons. The following suggestions are offered:

Lesson 1. That which Micah the prophet foretold some 700 years before and Gabriel announced to Mary herds. When the shepherds had investigated they went back praising the Lord and telling the good tidings to others. Those was hear the Gospel must tell it to others.

Lesson 2. Though Jesus Christ was the Son of God, therefore divine, and had taken upon Himself the human nature, which the Holy Ghost had created, He developed as a normal human being.

Lesson 3. While Jesus was absolutely sinless, He submitted to baptism, which is a sinner's ordinance, because He took the place of sinners. It was neighborly cordiality, friendship an act of dedication of Himself to the task of bringing in a righteousness which was accomplished on the cross of Calvary,

Lesson 4. Jesus was led into the wilorder to demonstrate the reality of the union of the human and divine natures-in order that man might have a real foundation upon which his faith might rest in order to be saved. Christ met and defeated Satan by the use of the Scriptures.

pointed out to his disciples the Lamb erous with our good will-realdo who has found Christ is to bring munity

others to Him for salvation. Lesson 6. Marriage was ordained by God and the first wedding was sonctioned by His presence. Jesus Christ, who was hourly about His Father's business, see a mark of honor upon the mainspring of life by gracing this marriage feast with His presence. The Redeemer of man thus lifted the ordinance of marriage to its proper dignity and beauty. The design was to show the divine glory.

Lesson 7. When Jesus, the Lord of the temple, found it defiled, He drove out the money changers and the animals. To use the Lord's house as a place of merchandise is to pollute it. Because He was zealous for God He could not rest while God's house was misused.

Lesson 8. Though Nicodemus was a man of high station, a ruler among the Jews, even a religious teacher, he needed to be regenerated before he could see the Kingdom of God.

Lesson 9. Because Jesus' supreme business was to seek and to save the lost He "must needs go through Sac Those who are working for marin" to save the immoral woman who came to Jacob's well,

Lesson 10. Sickness of the nobleman's son brought him to Jesus. Because the nobleman believed Jesus he had

the joy of seeing his son alive. Lesson 11. Jesus' habit was to go to God's house to worship. While in the synagogue He read and expounded the Scriptures. It was not only His custom to attend God's house, but to take part in the worship.

Lesson 12. Though Jesus was divine He needed the solitude for the renewal of His strength in communion with His Father.

A Sentence Prayer

Father, we commit ourselves into Thy hands, and ask that Thou wilt do with us and for us as seemeth do with us and for us as seemeth

God's Aid

God endows with talent, furnishes the time, supplies the opportunity, and enables one to increase his possessions. - Baptist-Standard.
