

Water Group Plans State Board Hearing

Determined to press with vigor their application for water rights on the Colorado River above Colorado City...

The member cities—Snyder, Colorado City, Big Spring, Midland and Odessa—are asking allocation of the water as the source of a five-city joint water supply.

Preliminary engineering data, presented previously by Simon Freese, Fort Worth, hydraulic engineer, indicated a dam five miles northwest of Colorado City would impound a lake capable of supplying 26,000,000 net gallons daily.

The offer of the Texas & Pacific was made by L. C. Porter, Dallas, assistant to the president, in a surprise announcement in the pre-hearing session convoked here by M. C. Ulmer, president of CRMWA.

Expressing regrets that W. G. Vollmer, president of the railway company could not make the offer in person, Porter said that easements for pipeline would be granted without charge by the T&P, subject only to cooperation with company engineers in dealing with matters which would affect the roadway itself.

"We are as interested as any of you in the area traversed by the pipeline, for we count ourselves a citizen of that area. We want to do our part as a citizen," said Porter. He went on to say that no extensive studies had been made of the proposition, that the T&P would rely on the judgment of leaders in this area as to its soundness, but that if it did materialize, the T&P right-of-way offer stood along with an offer to cooperate fully.

Ulmer and others referred to it as a magnanimous offer and Mayor G. W. Dabney of Big Spring viewed it as one of the most important things that had developed on behalf of the project.

Discussed in the meeting was the invitation by the Upper Colorado River Authority to the CRMWA to take its water behind a proposed dam at Robert Lee, or even from a possible dam, 15 miles upstream toward Colorado City.

No action was taken on this point, but the representatives agreed to press the original application at the hearing before the state board of water engineers. This is for allocation of the water rights above Colorado City.

In a report of studies made since the organization meeting here June 20, 1946, Freese said that flow and quality studies at Colorado City had indicated earlier estimates of a 26,000,000 gallon daily supply were sound. Siltation, evaporation and other studies also tended to support the original conclusions. Core borings have been started at the proposed damsite and cross-sections are being run on the reservoir area.

Millard Parkhurst, attorney for the CRMWA, outlined legal procedures at the hearing and for the creation of a district in event the application is approved. Should it be approved, the board of water engineers will name a temporary board of directors who would call an election, upon petition, for confirmation of a water district and election of a regular board. The district would be a public corporation. No taxes could be levied for any purpose except by a majority vote of the district, but all discussions to date have presupposed that the district would be financed out of revenue bonds with individual cities not liable for ad valorem tax support.

Frank Kelley, Colorado City, told of conferences with Robert Lee interests, of the West Texas Chamber of Commerce resolution supporting the CRMWA application, and urged strong delegations to be sent to the Oct. 14 hearing. Others who spoke briefly were J. E. Thomas, Fort Worth, president of Texas Electric Service, who envisioned the project and turned it over to representatives of the five cities; and Mayor Dabney, who commended Ulmer on his idea that the project should be thoroughly investigated as it progresses. In this connection, it was announced that before definite action is taken, a nationally known consulting engineer would be called in to analyze the matter. When the next meeting of the group is called, it will be held at Colorado City.

Rain Falls In Area Heavy rain fell in this area Tuesday afternoon. While Big Spring recorded no moisture, sharp runoff was reported from Morita westward to Midland, where city streets ran freely. Natural lakes caught water in western Howard county.

Varied Assortment Of Surplus On Sale

A varied assortment of surplus materials are being offered now by the War Assets Administration. Included are 11 steel frame, canvas-covered airplane hangars, 14 steel hangar roofs and sids, and 121 tropical warehouses; more than 13,500,000 square feet of steel airplane landing mats (4,000,000 feet of type suitable for conversion into temporary feed dribs); 709,752 linear feet of leather lacing originally intended for shoes but suitable for other uses.

Information may be had by writing to the WAA office, box 1407, at Fort Worth.

FIERY TAIL OF COMET TO CREATE SPECTACULAR CELESTIAL DISPLAY

NEW YORK, Oct. 9 (AP)—Astronomers forecast the most spectacular celestial display in the memory of modern man would appear at the same time tonight throughout the United States and Canada and in approximately the same quarter of the heavens.

Astronomers differed, however, on the approximate moment of appearance of the fiery tail of meteors from the comet Giacobinik, which sped past earth 24,000,000 miles distant nine days ago.

The Hayden Planetarium said the comet itself was well plotted but that the mathematical minds differed somewhat on the timed positions of its flaming tail.

Unless prevented by poor weather, the Planetarium said, watchers should turn to the northwest and trace a line to the zenith overhead. Approximately one-third of the way up from the horizon will be the radiant point of the flaming display which will break across the sky.

AUSTIN, Oct. 9 (AP)—Dr. E. J. Prouse, professor of astronomy at the University of Texas warned that while the earth is expected to cut through the comet's path early tonight, "comets don't make appointments."

The display may be visible at any time during the night, or even Thursday night, he advised, if it can be seen at all.

Community Fund Helpers Appointed

Men who will head up a variety of efforts, all centering on the one aim of providing for Howard county youth welfare and character building program for another year through the Community Chest campaign, were named Tuesday at a meeting of Campaign Generalissimo Ira Thurman and his executive board.

Lie May Prod Slow-Moving Atomic Plans

NEW YORK, Oct. 9 (AP)—The first public hint that Trygve Lie, United Nations secretary-general, might take a hand in the slow-moving atomic energy discussions raised far-reaching questions today as Bernard M. Baruch held firmly to the American plan to harness the atom for peace.

Lie dropped the hint during a short speech, last night just before Maruch was awarded the freedom house plaque for his services as the United States member of the United Nations Atomic Energy Commission. However, Lie later told newsmen that he had no intention of intervening immediately.

In accepting the honor, presented by Mrs. Franklin D. Roosevelt, Baruch maintained that the American plan, which Henry A. Wallace, former Secretary of Commerce, has bitterly assailed and which has been rejected by Soviet Russia, is "generous and just."

To the applause of three cabinet members and some 1,500 diners, Baruch bluntly declared that "no amount of deliberately created confusion shall prevail" against the American plan he outlined last June 14.

Lie departed from his prepared text to hint at intervention. As released, the Lie text on the atomic control debate said: "It is not my duty to take sides in that debate."

However, in delivering his speech, Lie changed the quotation to state: "It is not my duty at least at the time being to take sides in that debate."

Warrant Issued

A warrant for the arrest of John Henry Lawson, charged with unlawfully transporting a woman Lee Terry, from Tulsa, Okla. to Big Spring for immoral purposes, has been ordered issued by Federal District Judge T. Whitfield Davidson at Abilene. Lawson failed to appear for arraignment Monday at opening of the October term of US court. Bond for the fugitive was set at \$1,000.

Reds Expected To Lay Claim To Ryukyus

Americans Favor Chinese Control Of Jap Islands

WASHINGTON, Oct. 9 (AP)—A Russian plan to stake claim to the highly important Ryukyu chain of islands between Japan and Formosa—a among them blood-drenched Okinawa—is frankly anticipated in American diplomatic quarters.

Highly placed officials told a reporter privately today that the United States will oppose the expected Soviet move on the ground that the islands—if they are to be transferred from Japanese ownership at all—should go to China.

As an alternative to Chinese sovereignty, the United States would be agreeable to placing the islands under a United Nations trusteeship, solely administered by China.

These views stem from the fact that this country has a battlewon interest in the islands, particularly Okinawa as the scene of some of the toughest fighting of the Pacific war.

There reportedly is "general agreement" among the Pacific powers for the return to China of Formosa itself, fabulous territory of head-hunters, gold and sugar. Formosa was wrested from China at the turn of the century by terms of the Sino-Japanese peace treaty.

The Ryukyu chain, sprawling northward from Formosa separates the open waters of the Pacific and the Yellow Sea, at the far end of which Russia has a vital stake in Port Arthur and Dairen.

Here, Russia has an outlet to the east for which she has long sought. Here, too, according to diplomatic authorities, the Soviet Union is bent upon establishing outposts to protect that outlet.

Britain and the United States are said to have taken the position that the projected bastions are outside Soviet jurisdiction.

Yugoslavia Pays US Indemnity

WASHINGTON, Oct. 9 (AP)—Yugoslavia has turned over \$150,000 to the United States as indemnity for the death of five American airmen shot down over Yugoslavia August 19, the State Department announced today.

At the same time, the department made it plain that the United States still hopes to obtain additional indemnities from Yugoslavia for the loss of two transport planes—a claim which Yugoslavia has rejected so far.

The five men were killed when their unarmed Army transport plane was shot down by Yugoslav fighters. Another Army transport had been forced to crash by Yugoslav fighters August 9, but no lives were lost in that incident.

In compliance with the Yugoslav government's request, the note said, the United States government will distribute the sum in five equal payments of \$30,000 each to the families of the dead men.

Dining Car Meals Decontrolled

WASHINGTON, Oct. 9 (AP)—All meals, food and beverages served on railroad dining cars will be freed from price ceilings on Friday, the OPA announced today.

TRUCKERS FINED

Two trucking concern operators were fined in federal district court at Abilene Monday. One, Kyle Gray, Big Spring, drew a \$350 fine for charges of violating the Motor Carrier act, and John Barber Moser, another operator, got a \$500 fine. Moser had been before the court once before.

Meat Controversy Broiling Over US

Survey Shows Acute Shortage Of Essentials

By The Associated Press A sharply etched picture of shortages of meat, soap, sugar, toilet tissue and other key living items—worse in many instances than during the bleakest war days—was disclosed today by a survey of 45 cities.

Up and down and across the country, major communities reported that many normal essentials had either gone from the shelves entirely, disappeared under the counter to become so-called "top items" for favored customers, or were available only to the lucky or constant shopper.

The cross-country check by The Associated Press brought in these among other returns: In 40 of the 45 cities meat was either not available at all, or more often was in supply ranging from a small fraction of normal to an "occasional" appearance.

In all 45 cities soap in one or all of its forms was becoming almost a collector's item.

In 24 cities sugar was scarce or even in acute shortage, while in 18 others it was either plentiful or in fair to middling supply.

Sixteen communities listed toilet tissue among top scarcities. Cooking oils and fats, shortening, mayonnaise, salad oils, oleomargarine, lard, syrup and other items containing sugar were short in varying degrees in most cities—a list to which the Jacksonville, Fla., Reporter tacked on "bourbon whiskey," and Milwaukee added a diaper shortage.

Collings Named Bar President At Midland

Judge Cecil C. Collings of Big Spring was re-elected president of the 70th Judicial District Bar Association, which met in formal session at the Scharbauer hotel Tuesday evening.

Other officials voted into office included Paul Moss of Odessa, vice-president; Boyd Laughlin, Midland, secretary; and Edgar Keith, Stanton, treasurer.

Feature speaker of the evening's program, which was climaxed by a banquet, was James F. Shepherd, Jr., of Houston, son of the late judge of the 32nd Judicial district, which included many of the counties now in the 70th district.

Shepherd's talk concerned the responsibility of the lawyer to his client, his responsibility to his fellow lawyers and his responsibility to the public in general.

Judge Shepherd is now president of the Texas Bar association.

A picture of the senior Shepherd was unveiled during the program and referred to Rupert Ricker, president of the Howard County Bar association, who will supervise its hanging in the district court room here.

Efforts are being made to obtain portraits of all the past presiding district judges for display here, according to Clyde Thomas, Sr., who made the presentation to Ricker.

Shepherd served the old 32nd Judicial district as its third judge for 10 years. One of the most colorful personalities ever to practice law in West Texas, he was an educator and a linguist in addition to being a lawyer. He taught languages at Texas A&M college prior to moving to Colorado (City) where he was appointed to succeed W. R. Smith as the 32nd district judge. Maintaining his residence in Colorado, he served the district which covered 18 counties along the T&P railroad from Sweetwater to Barstow.

At one time he was associated with Martin Dies, Sr., father of the stormy congressman from Beaumont. After leaving Colorado, Shepherd practiced law in Cisco until his death Feb. 1, 1935.

Representing Big Spring and Howard county at the conference were Martelle McDonald, Grover Cunningham, James Sullivan, Tom Coffee, Walton Morrison, M. H. Morrison, Thomas and Ricker.

Ricker was named president of the Howard County Bar Association at a called meeting of that organization's directors held Tuesday afternoon in a local law office.

He succeeds Grover Cunningham.

VINSON'S FIRST DAY ENDS—The new chief justice, Fred M. Vinson, is helped from his robes by Robert H. Marshall after completing his first day as presiding judge of the US Supreme Court. (AP Wirephoto).

Garsson Case Goes To Jury For Probing

WASHINGTON, Oct. 9 (AP)—The government completed arrangements today to lay the "Garsson Case" before federal grand jurors as a demand arose that Rep. May (D-Ky.) answer Senate investigators' questions about the wartime munitions combine prior to the November election.

Senator Brewster (R-Me.), a member of the Senate War Investigating Committee which spent

six weeks delving into the once sprawling arms venture, told reporters that "in justice to May" the committee should arrange an early appearance for the Kentucky law-maker.

There was no reference to May in Attorney General Tom Clark's terse announcement last night that the Garsson case would be presented to a grand jury, beginning tomorrow.

Two special assistants to Clark, William A. Paisley and Isaiah Matlack will present the government's case. It was built upon FBI investigation into facts turned up by the Senate committee's lengthy hearings.

Without referring to the pending grand jury phase, Brewster commented that May is a candidate for re-election.

"Certainly he should have an opportunity to give his testimony at public hearings," Brewster added.

The Maine Senator said he took the same attitude when the Senate Committee decided at a recent meeting against calling May until he was recovered further from a heart attack. May had advised that he would be able to testify for about an hour at a time daily.

Mims' Attack Delays Commission Meeting

Big Spring city commission was scheduled to meet again today to take action on the regular agenda which was postponed Tuesday after Commissioner George Mims suffered a sudden illness.

Mims became ill about 4:30 p.m. Tuesday soon after attending a meeting of the Colorado River Municipal Water Association. He was carried to the Big Spring Hospital for treatment, where he was reported resting well at noon today.

The city commission convened at 5:30 p.m. yesterday in compliance with the city charter, but adjourned immediately.

Services Pending For Mrs. Wilkerson

Funeral services are pending for Mrs. Ethel Cordella Wilkerson, 40, who died unexpectedly at 10 a.m. Tuesday from a heart attack. Death occurred at her ranch home near Garden City.

Besides her husband, Jewel Wilkerson, and a five-months-old daughter, Judy Gay, survivors include three sisters, Mrs. Aileen Wilkerson of Melville, La., Mrs. Mildred Allen of DeQueen, Ark., and Mrs. Tim Boone of Miami, Fla.; one brother, Wade Allen, in the navy; her mother-in-law, Mrs. M. A. Wilkerson of Garden City; and other relatives.

Eberley Funeral Home is in charge of arrangements.

Truman Passes Personal Survey Of Shortage

WASHINGTON, Oct. 9 (AP)—One of OPA's staunchest champions in last summer's senate battle said he is giving "serious consideration" to junking all price controls today as President Truman pressed ahead with his personal survey of the meat shortage.

Senator Pepper (D-Fla.), who lost a fight last June for renewal of the price control act without amendments, declared in a statement:

"If price control is getting back like prohibition in its last days so that public opinion is not going to support effective price control and the Congress is not going to support it, we might just as well not try to have it."

As White House Press Secretary Charles G. Ross told reporters that President Truman is "getting reports every day" on the situation, these others joined in the sizzling debate over steaks and chops.

Marion E. Martin, assistant Republican national chairman, in a statement issued through GOP headquarters: "The Democrats' contention that they are not responsible is an insult to the intelligence of American women."

The Justice Department reported it is continuing its investigation of the meat industry. A department official so advised a reporter when asked for comment on a published report that the months-long inquiry had yielded no evidence on conspiracy or collusion in the meat shortage.

Mr. Truman told his news conference on Sept. 26 that he had been investigating the situation for some time. He attributed the shortage then to an "extraordinarily large slaughter" in July and August, when price controls were temporarily off, and predicted a "greater quantity" of meat in the near future.

Last Thursday the President said he agreed with reconversion Director John R. Steelman's report that the meat shortage may grow worse this winter, and announced he was having a survey made.

Weather Forecast

DEPT. OF COMMERCE WEATHER BUREAU

BIG SPRING AND VICINITY—Partly cloudy tonight and Thursday, occasional rains Thursday. High today 76, low tonight 62, high tomorrow 76.

WEST TEXAS: Partly cloudy to cloudy, occasional rains this afternoon except in Panhandle-El Paso area and Big Bend country. Partly cloudy tonight and Thursday, occasional rains from Pecos river eastward. Little change in temperatures.

EAST TEXAS: Partly cloudy to northeast portion this afternoon cloudy, occasional rains except in and tonight and over most of area Thursday. Not much change in temperature. Gentle to moderate southeast winds on the coast.

Preparations Made To Find Airmen Rumored Held In Slavery By Lolos

SICHANG, Oct. 9 (AP)—American searchers today made meticulous preparations to hunt for five US fliers reported enslaved by Western China's Lolo tribesmen, but expressed skepticism that any tanks are held captive.

They did not say why they doubted the widely-circulated rumors.

Lt. Col. Herbert W. Wurtzler is being schooled by Sichang experts in Lolo lore, habits and customs and is acquainting himself with the forbidding topography of Lololand. He was aboard a search plane that was fired on by Lolos Saturday.

Wurtzler is preparing to drop

Wurtzler is preparing to drop

newsmen here in more than five years—their plane was surrounded by Lolos. They took a little convincing, but seemed assured we are friendly.

Sturdy, they wore black turbans and leather shields. Armed with rifles and ammunition belts, they looked like warriors from a savage land. Scornful and suspicious of civilized ways, they never bathe.

Six Towns Represented At District Two Conference Of The El Paso Presbyterial

Auxiliaries representing Big Spring, Midland, Odessa, Lubbock, Colorado City and Coahoma participated in the district two conference of the El Paso Presbyterial which was held in Coahoma Tuesday.

"I Have A Stewardship Entrusted To Me," was the theme of the meeting which got underway with registration at 9:30 a.m.

The morning session was called to order by Mrs. Walter Guin of Odessa district chairman, and the devotional was given by Mrs. Charles Bringley of Colorado City. Mrs. C. H. DeVaney, representing the Coahoma Auxiliary, gave the welcome address and Mrs. H. H. Hooper of Midland, gave the response.

A paper entitled "Reach the Unreached," was presented by Mrs. D. A. Koons and Mrs. R. T. Piner of Big Spring, and Miss Luanna Roach, Midland, gave a talk on "Reclaim Youth for Life Service."

Rebekah Members Hold Initiation

Candidates from Stanton were initiated Tuesday evening at the meeting of the local Rebekah lodge in the IOOF hall.

Those initiated were Obera Angel, Alice Angel, Jess Angel, Edna Davidson and Cressie Gregg.

Following initiation refreshments were served by Ola Ruth Barbee, Nannie Adkins and Lucille Brown.

Visitors from Stanton were Pearl Ory, Frances Butcher, Amelia Ory, Melba Glenn Brewer, Pauline Graves, Zilla Angel, Ira Echols, Billy Snead, Audrey Loudner and Mildred Hastings. Lorena McReynolds was a guest from Midland.

Members of the local lodge were Julian Wilkerson, Cordie Mason, Ben Miller, Ola Ruth Barbee, Gertrude Cline, Lucille Brown, Arthur Weeks, T. H. Hughes, Amanda Hughes, Mildred Nowell, Clara Bender, Zula Reeves, Nannie Adkins, Hazel Lamar, Jones Lamar, Thelma Sheppard, Ruth Wilson, Tracie Thomason, Sonora Murphy, Beatrice Bonner, Velma Cain, Mary Delbridge, Mary Martin, Josie McDaniel and Evelyn Rogers.

Two Classes Will Have Luncheon At Church

The Mary Martha and Ruth Sunday school classes of the First Baptist church will entertain with a covered dish luncheon at the church Thursday at 12:30 p.m.

Members of both classes are urged to attend.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramps, aches and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, add digestion, thus help build resistance for the "blues" to come. Start a dose before your start, it should help relieve pain due to purely functional periodic distress. Try it!

ELECTROLUX Sweepers & Cleaners

RONSON LIGHTERS

5.50 Others to 7.50 Nathan's JEWELERS 221 Main Big Spring

was delivered by Dr. William H. Foster of Lubbock who spoke on "Respond to the Needs of the People."

The afternoon program included a talk by Mrs. D. P. Petty of Odessa on "Revive the Spirit of Christian Stewardship," and discussions by presidents of each auxiliary represented. Mrs. J. B. Mull, president of the local auxiliary, was among others participating.

Prospective Members Attend A Model Meeting Of Beta Sigma Phi Sorority

Sorority rushees attended a model meeting of the Beta Sigma Phi which was held at the Settles hotel Tuesday evening.

The prospective members were welcomed by Caroline Smith, and Emma Mae Carleton directed a program on organization and activities of the sorority.

Purpose and Scope of the Beta Sigma Phi was explained by Ann Douglas, and Frances Hendrick gave a short history of the American chapter of the Beta Sigma Phi sorority. An explanation of the local chapter and how it functions was given by Leta Frances Walker, and Beatrice Stasey gave a paper on "Control of Environment Through Health, Work and Play."

It was announced that the preferential tea will be held at the Settles hotel Sunday evening October 27 with the ritual of jewels on November 2.

Two boxes of candy were presented at the meeting by Leta Frances Walker and Martha Car-

ing. Following a talk by Mrs. A. C. Barnett of Lubbock, committee reports were heard and the group voted to hold the next meeting in Odessa.

Women of the Big Spring church attending were Mrs. Piner, Mrs. Koons, Mrs. J. C. Lane, Mrs. T. S. Currie, Mrs. Steva Tamsitt, Mrs. D. T. Evans, Mrs. J. B. Mull, Mrs. W. R. Settles, Mrs. L. B. Edwards and Mrs. Moffitt.

gile who announced their engagements. Miss Walker will be married to Frank Ficklin November 27 and Miss Cargile will marry Dick Fielder October 20.

Members present were Miss Cargile, Emma Mae Carleton, Joyce Croft, Charlene Dobbins, Ann Douglas, Jean Elliott, Edna Womack, Kathleen Freeman, Dorothy Hall, Frances Hendrick, Freda Hoover, Barbara Gage, Marjorie Laswell, Mrs. E. B. McCormick, Elizabeth Murdock, Lee Ida Pinkston, Juanita Pool, Sis Smith, Beatrice Stasey, Mattie Bell Tompkins, Leta Frances Walker, Tooka Reinwald, Dorothy Dean Sain, Gloria Fletcher and Billy McNamara.

Rushees attending were Mickie Boyvey, Maurine Crane, Francis Cooper, Delores Gage, Erma Lee Wison, Theresa Heustis, Julia Mizell, Dorothy Puckett, Alta Mae Ramsey, Waineta Soldan, Harriette Talbot, Cozarea Walker and Marjorie Young.

WHAT GIVES 'ROUND TOWN

By LEATRICE ROSS

Obviously it takes unluckily weather to bring out the genius of dress in some persons. For this week the moisture drew out Lynn Jeffcoat and Billy Crane, otherwise normal, assuming the identity of Sherlock Holmes, complete with sweeping overcoat, hat over eyes, and fuming pipe.

Another affected by one thing or another during this same period includes Sam Thurman. We had just come from the movies where we saw "The Big Sleep," and were standing civilly in the Ritz drug when Sam takes on the character of Humphrey Bogart, pulls a stick-up with an alarmingly authentic-looking pistol and searches us all for gas!

Out Sunday afternoon for the show, Harry Middleton, Sage Underwood, Lil Tamsitt, LaVerne Reynolds, Mickey Butts, Bennett Petty, Dot Day, Wendel Lawrence, Eddie Howell, Gib Sawtelle, Ike Robb, Jimmy Shaffer, Jane Turner, Larry Hall, Charles McLaurin, Donnie Reeves, Dorothy Pursler, Vivien Middleton. . . . Out front of the theater for no reason at all: Donnie Roberts, Joyce Worrell, Mary Alice Dorsey, Lynelle Sullivan, Joe Dick Merrick, Lex James.

Charlene Pinkston, Eli McComb, Mildred Sullivan, Charles Sullivan, Tech students, were about town over the weekend. Joe O'Brien came in from H-SU for a day or two. . . . Toar Bryan, outstanding gridiron man at TCU at Fort Worth last year, entered HCJC Tuesday morning. . . . Benny O'Brien is found going to school in Montgomery, Ala. . . . Billy Crunk, now established at Seattle, Wash., writes that he will be home in a month or two.

Pot pourri of happenings at HCJC: Charles Lovelace has been promoted to shelacing library books. . . . Bobbie June Bobb is assisting in the reading room. . . . Radio class is tackling its first production, "Shake Hands With A Ghost." . . . Thursday night, Student Activities committee is spon-

soring an informal dance and opportunity for the students to get to know each other. . . . Evelyn Green's current actions can be explained as simply getting in character for her role as a hand-wringing gypsy fortune teller in "Columbus." English class production. . . . Tip Anderson, as he will beat his chest and tell you, is to be the mighty and "masterful Columbo," to use words from the play.

Incidentally, rather expressive of the general feeling toward our college is the following lyric, composed unthinkingly by Arthur Franklin Monday:

"Head full of rocks,
"Pocket full of knowledge;
"Rather go to HCJC
"Than any other college."

How's that for quickly acquired school spirit?

Cpl. Gerald Burris is home for a respite from the Army air force. . . . Roy Cravens, S 1-c, is located in Memphis, Tenn. . . . Ensign Billie Bob Fallon is here for a few days. . . . Pfc. John Cooper, with VE Olde Army, carries on in Stormville, N. Y. . . . Cliff Clark's Navy brother Willy stopped by for a few days. . . . Sonny Whitfield, Navy man from Wingate, has been visiting Nidra Williams.

Scouting around Sunday evening: Wilda Watts, Monroe, James Sims, Ann Smith, Letha Holcombe, Charles Davies, Robbie Potts, Bill Hix. . . . Monday night observations encompassed Harold Bishop, Betty Ray, Bobbie Hightower, Wesley Yater. . . . Inevitable rendezvous at the State drug Tuesday afternoon: Millie Balch, Norma Jones, Betty Smith, Jake Stallings, Wesley Rodgers, Mary Anna Whitaker, Thomas Underwood.

Jim Boswell Named Couples Class Prexy

Jim Boswell was elected president of the Couples Class at a social and business meeting held at the First Methodist church recently.

Class officers to work with Boswell include Ralph Wyatt, vice president; E. J. Hughes, treasurer; and Mrs. W. H. Gray, secretary.

The group met in the church basement for a chili supper and bingo was entertainment for the evening.

Susan Houser played two piano selections, "The Watchman" by Grieg and "Mazurka" by Chopin.

Those attending were Mr. and Mrs. C. P. Ward, Mr. and Mrs. W. H. Gray, Mr. and Mrs. Norcliffe Meyer, Mr. and Mrs. A. E. Ashley, Mr. and Mrs. E. J. Hughes, Mr. and Mrs. Charles Romine, Mr. and Mrs. Fred Haller, Mr. and Mrs. Jim Boswell, Mr. and Mrs. C. J. Smith, Mr. and Mrs. Ralph Wyatt and Mrs. E. H. Morris.

"I LOST 32 LBS. I WEAR SIZE 14 AGAIN!" One 186 lb. Miss Reynolds lost weight weekly with AYDS Vitamin Candy Reducing Plan. Now she has a model's figure. Your experience may or may not be the same but try this easier reducing plan. Very First Box Must Show Results or money back.

In clinical tests conducted by medical doctors more than 100 persons lost 14 to 15 pounds a average in a few weeks with the AYDS Vitamin Candy Reducing Plan.

No exercise. No laxatives. No drugs. Eat plenty. You don't cut out meals, potatoes, etc., you just eat them down. Simple when you enjoy delicious AYDS Vitamin Candy before meals. Only \$2.25 for 30 days' supply. Phone Sam Fisherman Collins Bros. Drugs

Royal Neighbors To Have District Meeting Tomorrow

Between 50 and 75 out-of-town representatives from the West Texas district are expected to attend the Royal Neighbors district meeting in Big Spring Thursday.

Mrs. Myrtle E. Carter of Abilene, district supervisor, and Mrs. Maude Marlow of Abilene, district deputy, will attend the meeting. Members of camps in Pecos, Wink, Kermit, Monahan and Odessa, in addition to those from the local unit, are expected to attend the meeting.

The session, held annually in one of the towns of the district, will be the first meeting held here in four years. On the committee for making arrangements for the meeting were Mrs. Shelby Hall and Mrs. Cleo Byers.

To open the meeting Jeanetta Byers will register delegates at the WOW Hall beginning at 10 a.m. and following drills and a school of instruction will be conducted by Mrs. Carter. The Wink camp will direct initiatory work.

A luncheon will be held at noon in the Settles ballroom, with arrangements made by a committee including Mrs. Hall, Mrs. Byers and Mrs. Oma McClannahan. Mayor G. W. Dabney will extend the welcome at the luncheon.

During the afternoon a business session will be held at which committees for the convention for next year will be appointed and other district-business will be attended to.

Bible School Heads Have Training Class At Baptist Church

A clinic for Sunday school officers and teachers was held Tuesday evening at the East Fourth Street Baptist church at which sessions were held in class procedure.

The instructions, to be used in young people and adult classes, included those for teachers, secretaries, presidents, membership vice-president, fellowship vice-presidents, class ministrasses and stewardship vice-presidents. There was a demonstration of class procedure on Sunday mornings and one of class procedure at the monthly business meetings.

Instructors included Rev. James Roy Clark, Mrs. Clark, Mrs. C. G. Varnell, Rev. Edwin Spears, Ernest Hoek and George McLellan. Superintendents of the departments for whom the clinic was held were Mrs. George McLellan, young people; R. Y. Cloud, adult group two; and Mrs. W. R. Puckett, adult group one.

Attending the school were Joyelyn Clark, Yvonne Milam, Mrs. Bill Sandridge, Mrs. R. Y. Cloud, Mrs. Bob Wren, Mrs. C. R. Bird, Mrs. L. L. Telford, Mrs. W. R. Banks Jr., Mrs. Ross Winterrowd, Mrs. James Clark, Emrie Rainey, Mrs. Dalton Johnston, Mrs. D. W. Anderson, Mrs. J. J. Porter, Mrs. Sam Ely, Rev. Spears, Ernest Hoek, Henry Robinson, Mrs. A. J. Allen, Mrs. W. O. Graham, Mrs. B. J. Womack, Mrs. W. W. Bennett.

Mrs. J. D. Williams, Mrs. J. J. Dearing, Mrs. D. W. Rankin, Jr., Leta Thompson, R. Y. Cloud, Mrs. J. B. King, Mrs. A. S. Woods, Mrs. K. L. Click, Mrs. Otto Couch, Mrs. George Holden, Mrs. Tom Buckner, Mrs. Lee Nuckels, Mrs. Ira Raley, Mrs. Monroe Gafford, Toka Williams, Rev. Clark, Mrs. H. Reeves, Mrs. C. G. Varnell, Mrs. T. F. Hill, Mrs. A. D. Harmon, Mrs. Garland Sanders, Mrs. Curtis Winterrowd, Mrs. E. G. Rainey, Gene Hasler, Mrs. W. R. Puckett and George McLellan.

CONDITION IMPROVES Burnard Mayo is recuperating in a local hospital following surgery last Saturday.

The first agricultural periodical published in the United States was the "American Farmer," in Baltimore, Md., in 1819.

Rev. Gage Lloyd Guest Speaker At P-T A Meet

"Foundations," was the subject of an talk given by the Rev. Gage Lloyd, pastor of the First Presbyterian church, at a meeting of the North Ward P-TA held Tuesday at the school.

Looking to a firmer foundation for American youth, the minister listed the action of the church, home and the individual as three main factors in developing the character of young people. The action of both educational instructors and Sunday school teachers was given as two vital factors in founding character.

Local B-PW Club To Be Hostess At Conference

Ushering in National Business and Professional Women's week, which officially begins on October 13, the local B and PW organization will be hostess to the district conference of all clubs to open on Saturday, Oct. 12 at the Settles hotel.

Following registration Saturday afternoon a banquet will be the highlight of the Saturday session with an address by the state president, Edna Hoffman of Houston. A carnival will follow the banquet.

On Sunday activities will begin with a president's meeting at 7:30 a.m., followed by a breakfast for all delegates at 8:30 a.m. at the Settles. Principle speaker at that session will be Marguerite Anderson of Abilene, state president-elect. Also to address the group will be Fannie Beth Taylor of Midland, state finance chairman. The group will attend church services at the First Methodist church.

At 1 p.m. a luncheon will be held at the Settles to be followed by a panel discussion by Patsie G. Mellen, Esther Dunn and Addie Fain.

Mary Louis Gilmour, reservations chairman, reported that reservations had been received thus far from Lubbock, Colorado City, Fort Stockton, Abilene and Midland, and that others are expected before the Thursday deadline.

Jewel Barton is general conference chairman.

Coming Events

WEDNESDAY

ROUNDELAY DANCE CLUB will be entertained with a dance at the Dick Simpson ranch at 8:30 p.m. Hosts for the evening will be Mr. and Mrs. Morris Patterson, Mr. and Mrs. Vanke Lebkowsky, Mr. and Mrs. Wayne Prather and Mr. and Mrs. Simpson.

Meek, the Rev. Lloyd, Mrs. Floyd Hull, Mrs. Vernon Logan, Mrs. F. F. Harton, Mrs. S. T. Corcoran, Mrs. Truman Ballio and Mrs. G. L. Broughton.

Hallowe'en Theme Used For Kill Kare Bridge Club Party

The Hallowe'en theme was used in decorations when Dorothy Driver entertained Monday evening for members of the Kill Kare bridge club.

The dining table was centered with an arrangement of candles in the shape of black cats. The bridge tables were covered with printed cloths.

Mrs. Robert Satterwhite made high score. Mrs. Carl Madison made second high and Mrs. L. F. Wells bingoed.

Guests for the party were Mrs. R. C. Anderson, Mrs. L. F. Wells, Mrs. F. W. Carroll and Mrs. E. F. Driver.

Members present were Mrs. Roy Lassler, Mrs. Ollie Anderson, Mrs. Elvis McCrary, Mrs. Watson Hammond, Mrs. Roy Tidwell, Robert Satterwhite.

Jubilee Convention Of UD Of C Begins

VICTORIA Oct. 9. (P)—With 250 delegates expected, the Texas division United Daughters of the Confederacy, today began the first full day of the jubilee convention.

Business sessions, a founders' dinner and bestowal of military crosses were on the schedule for today.

The convention opened last night with a business session at which Mrs. W. G. Robertson of Rosebud presided. Highlight of the first day included a pilgrimage to the Father Abram memorial window at St. Mary's church, memorial services at city hall and a brief service at the Confederate monument.

City-Wide Bible Conference at City Auditorium, Oct. 20 to 25. (adv.)

Warren Refuses To Consider Presidency

SACRAMENTO, Calif., Oct. 9. (AP)—Gov. Earl Warren of California said today he wished his friends would quit trying to run him as a candidate for the Republican presidential nomination in 1948.

The big, genial 55-year-old governor, who holds both the Republican and Democratic nomination to succeed himself in the Nov. 5 election, told this reporter: "I am not a candidate. I am making no effort in that direction and I wish my friends would not put me in the position of being a candidate."

But, despite the gray-haired executive's evident desire to remain in the background, California Republican leaders are quietly booming Warren for what they believe may be a dark horse role at the party's national convention two years from now.

Painter Warns Faculty Must Forget Fight

AUSTIN, Oct. 9. (AP)—There was no immediate public reaction today from the University of Texas faculty, politely but sternly warned by President T. S. Painter to forget the controversy that preceded and followed the discharge of Dr. Homer P. Rainey as president in 1944.

He told the 594 teachers yesterday that the administration had not considered differences of opinions up to now in making promotions or when pay increases were contemplated. Then he said: "I will be perfectly frank and say that so far as I am concerned, the past is a closed book, but any further attempts, on the part of individuals or small groups within our staff, unjustly to besmirch the good reputation of the University or to retard its progress will not be allowed to pass unnoticed."

Most of Dr. Painter's 16-page formal report—the first since his election as president—was devoted to a discussion of accomplishments, needs and aims of the main university and its branches. He detailed his ideas of how the faculty could be improved and wrote at length about research projects.

Painter said that if Texans have confidence in the ability of the faculty and administration to develop a university of the first class. "They will not be begrudgingly in supplying the funds needed" for faculty expansion and adequately to maintain the university, plus adoption of the proposed constitutional amendment to provide for physical expansion.

Painter told the faculty that favorable factors in obtaining these funds were the obvious need for salary increases because of the increased cost of living, and the evident demands of the huge-increased student body for increased teaching personnel.

Marshall Confers With Communist Leader In China

NANKING, Oct. 9. (AP)—General Marshall, fighting for a resumption of negotiations to end China's intensifying civil war, flew to Shanghai today for a personal conference with Gen. Chou En-Lai, the Communist negotiator who yesterday rejected Chiang Kai-Shek's latest proposal for a 10-day truce in the government's Kaigan offensive to permit peace talks.

Marshall returned to Nanking tonight, silent on results of the talk.

Meantime, Generalissimo Chiang Kai-Shek, in a radio speech to the nation observing the 35th anniversary of the Chinese revolution, appealed to the Chinese Communists to "abandon your plot to achieve regional domination and disintegration of the country by military force" and participate in a unified government.

The generalissimo proposed the immediate convening of truce committees headed by General Marshall and US Ambassador Stuart with a promise the government would issue a cease-fire order as soon as agreements are reached. The government and Communists have equal representation on each committee.

(Because of the short time Marshall was closeted with Chou, it appeared probable the Communist had remained adamant in his refusal to participate in peace talks unless Communist demands were met.)

Production Lags

DETROIT, Oct. 9. (AP)—General Motors' passenger car production so far this year is more than a million units behind the output of the comparable period of 1941, the corporation's weekly report declared today.

Accidents In Japan

YOKOHAMA, Oct. 9. (AP)—The Eighth Army reported today there have been 104 accidental deaths—the majority in vehicles—among US occupation troops, the past three months. A safety campaign is under way.

Frnka Rites Held

NEW ORLEANS, Oct. 9. (AP)—Funeral services for Henry Frnka, Jr., 17-year-old son of Tulane University's head football coach, were held here today. Young Frnka died early Sunday from a brain injury received in a high school football game at Tulsa, Okla., Friday night.

Extradition Asked

VIENNA, Oct. 9. (AP)—Dr. Josef Gerl, Austria's minister of justice, sent to the allied control council today his government's formal request for extradition of Franz von Papen and Baldur von Schirach for trial here on war crimes charges dating back to the Anschluss.

Killed In Collision

EL PASO, Oct. 9. (AP)—John D. Thompson, 55, department store executive, was killed yesterday when his automobile was in collision with a Southern Pacific switch engine. It was the third fatality involving trains in El Paso within a 24-hour period.

Trade Pact Signed

LONDON, Oct. 9. (AP)—The Moscow radio reported today a Danish-Polish trade agreement had been signed in Copenhagen.

MONTGOMERY WARD

Alderman Freed In Bribery Charge

PARIS, Oct. 9. (P)—A Sixth District court jury returned an instructed verdict of innocent last night in the trial of Albert McWilliams, former Texarkana alderman.

McWilliams had been charged with consent to accept a bribe during consideration of a gross receipts tax on Texarkana taxicabs. The case was heard here on a change of venue from Bowie county.

After the testimony had been

completed defense counsel moved that the jury be instructed to acquit McWilliams because evidence submitted by the state during the trial was insufficient to warrant a conviction.

Judge A. S. Broadfoot granted the defense motion and in his charge to the jury said, "under the most favorable viewpoint taken of the state's testimony, proof would not sustain a conviction under the indictment in this case."

McWilliams still faces four more charges involving claims of bribery. Charged with him are three other Texarkana men, former Aldermen Lee Talley and Harry Everett Jr., and Henry Lee, a businessman.

SCHOOL DAYS—Kindergarten children spend part of their first day drawing with crayons as they begin their education at the O'Keefe school at Chicago.

Beer Voted Down

HENRIETTA, Oct. 9. (P)—Incomplete returns today indicated that Clay county voted against the proposed sale of beer and light wines up to 14 per cent alcoholic content in a special election held yesterday.

Williams Indicted

ROBERT LEE, Oct. 9. (P)—A grand jury of 51st District court indicted Slaughter Williams, 28, yesterday on charges of murder in the death of his stepfather, J. W. Vest, 64, last June 29. Vest died of knife wounds. The court set Williams' trial for Oct. 16.

DeVaney, Others To Attend Meet Of Farm Bureau

A large local representation headed by C. H. DeVaney of Coahoma is expected to attend the district convention of Texas Farm Bureau members, which will be held at the Cactus hotel in San Angelo starting at 10 a.m. Thursday.

DeVaney, president of the Howard county bureau, has sent personal invitations to each of the county's members of the organization.

Highlights of the program will be discussions on problems that face the American farmer today. Principal speakers will be J. Walter Hammond of Tye, Tex., president of the Texas Farm Bureau Federation, and O. C. Fisher, congressman of the San Angelo district.

Other notables of the bureau will be in attendance. The session is expected to be concluded around 3:30 p.m. Thursday, giving farmers of the locality plenty of time in which to return to their homes.

Important Notice to the Hard of Hearing

Sonotone's October Hearing Center will be held at the Hotel Crawford on October 10th from 9 a. m. until 5:30 p. m.

Come in for a free hearing test. Mr. John W. Taul, Certified Consultant, will be in charge.

"UNBLOCK" your DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets blocked food may fail to digest properly.

What you want for real relief is something to "unblock" your lower intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

Get Carter's Pills right now. Take them as directed. They gently and effectively "unblock" your digestive tract. This permits all 8 of Nature's own digestive juices to mix better with your food.

*You get genuine relief from indigestion as you can feel really good again.

Get Carter's Pills at any drugstore—5¢. "Unblock" your intestinal tract for real relief from indigestion.

BETTER LIGHT = BETTER SIGHT

REDDY KILOWATT TEACHER

A LESSON TO REMEMBER

Reddy Kilowatt is a great help to students. He lights the way to better grades... makes home work easier... less tiring to the eyes.

Tests have proved that the kind and amount of light affects the ability of students to learn. You can help your child make better grades and help conserve precious eyesight by providing enough light for easy seeing. These suggestions will help you:

Be sure the lamp your child uses for reading and studying has a bulb large enough — at least 100 watts.

Provide a wide shade that will spread the light over the study table.

Be careful to keep any glare from an unshaded bulb from striking the eyes.

Handicapped Men Placed In Many Jobs, USES Study Shows

A study by the US Employment Service shows that placement of handicapped workers has been made in every occupation, and that percentage of distribution of all placements indicates that handicapped workers have been placed in about the same proportion in all types of employment. L. O. Connally, manager of the local USES office said today. However, the USES is taking the lead in efforts to speed up employment of disabled persons this week, as the nation observes "Employ The Physically Handicapped Week."

Connally also called attention to an interim report prepared for the veterans administration by the Bureau of Labor Statistics, which indicates that handicapped workers in many instances. The report was based on information from 47 plants covering 30 different industries in six states. The report showed the average efficiency rating of 528 handicapped workers to be 102 percent, as compared to an average of 100 percent for 771 non-handicapped workers in the same establishment.

Britain Wants Quick Repayment Of Meat

LONDON, Oct. 9 (AP)—Food Minister John Strachey says Britain would "very much like" to lend a large supply of meat to the United States army if guaranteed quick repayment in kind. Strachey, discussing news reports that 20,000,000 pounds of meat had been lent, said at a news conference yesterday, "we must, of course, have the most complete assurance of the replacement of the meat at an early enough date."

If the loan were placed upon an "on-demand" basis, the British ration would not be lessened, he said.

RECRUITING, NEW STYLE—The AAF Recruiting office jeep was out after Howard county men last week, but not necessarily for military service. Manned by Bob Riddle (left) and Johnny Griffin, the recruiting device was being used in a campaign to round up all ex-servicemen for membership in the Howard county post of the American Legion. The Legion currently is campaigning—with marked success—to boost its roster to 500, and hopes to meet that goal soon. Work of the member drive will be discussed at the post's meeting Thursday night at 8 o'clock at the Settles hotel, and all Legion men are urged to be present. A special entertainment program is being arranged. (Photo by Jack M. Haynes).

Market Strong No Hogs Offered

The market gained strength Tuesday at the West Texas Livestock Auction company's weekly sale, as fat cattle and calves commanded top prices. Fat yearlings led the field, ranging from 14.00 to 19.25 per cwt. A heavy demand for stockers continued, but receipts skidded sharply, with no stocker steer yearlings or stocker heifer yearlings offered. Hereford cows and calves brought from \$90 to \$130 a pair, while mixed pairs varied from \$70 to \$110.

Other prices: Stocker cows, 8.50-11.00 per cwt.; stocker steer calves, 15.00-16.50; stocker heifer calves, 15.00-16.00; fat cows, 11.00-16.50; fat calves, 14.00-17.25; canners and cutters, \$300-8.00; bulls, 9.50-12.00. No fat bulls were offered.

Receipts for the day totalled approximately 500 head of cattle and calves. For the second successive week, no hogs were offered.

Stevenson On Elk Hunt In Colorado

AUSTIN, Oct. 9 (AP)—Gov. Coke Stevenson was off today for Colorado on his first out-of-state big game hunt since the war shut off that sport for him in 1941. He hopes to bag an elk and would welcome an opportunity to kill a black bear. There are plenty of both on the Park County, Colorado, ranch of H. T. (Cap) McDannald, of Houston, where Stevenson will hunt. Also in the party will be Ernest Boyett, Stevenson's secretary; Dr. Will Watt of Austin; Gordon Stewart of Sonora; Howard Dodgen, executive secretary of the game commission; Sgt. Angus Jones of the state highway patrol.

Byers Named Head Of Community Club

Melvin Byers was elected president of the Salvation Army Community Center club at an organization meeting attended by 51 youngsters at the Dora Roberts Citadel Tuesday evening. Other officers elected included Dewey Byers, first vice-president; Charles Hale, second vice-president; Charlie Wright and Charlie Franklin, sergeants-at-arms. Membership of the organization now stands at around 235, reported Capt. Olvy Sheppard, in charge of Salvation Army activities here. Next meeting was set for Oct. 23 when plans will be developed for a big Halloween party. The club will meet semi-monthly.

HAMMY JOKE BACKFIRES

KANSAS CITY, Oct. 9 (AP)—Robert Throckmorton, a butcher, obtained the wrapping paper for a ham, stuffed it and placed the dummy package in the rear window of his car so he could observe the envious reactions of passersby. He forgot to remove it overnight. Next morning the fake ham had disappeared—and the thief had smashed one of Throckmorton's car windows in the process of taking it.

Texas-Louisiana Shrimpers At War

AUSTIN, Oct. 9 (AP)—The shrimp war between Texas and Louisiana is still on. The Texas Game, Fish and Oyster Commission has just licensed six Louisiana boats to fish in Texas waters—at \$2,500 per license—but commission sources indicated this was just to pay the cost of enforcing the out-of-state commercial fishing license law. That included the purchase of a high-powered shrimp trawler that the commission uses as a patrol boat.

It was not considered likely that Texas would issue any more out-of-state licenses to Louisiana shrimpers immediately. Under the law which sets the out-of-state commercial fishing license at \$2,500 annually, the Game Commission may refuse to issue permits to boats from states which discriminate against Texas commercial fishermen. When this law was passed by the 49th legislature, members advocating it said it was aimed at Louisiana shrimpers who operated powerful boats in Texas waters.

Executive Secretary Howard Dodgen of the commission was flooded with protests from Texas shrimp boat operators when they learned that six licenses had been issued to Louisiana trawlers. They howled by mail, telegram, and in person.

Company President Buys Workers Meat

NEW YORK, Oct. 9 (AP)—Thirty eight Texas steers ambled off a freight car into a home-made "corral" in Flushing yesterday—and for 150 New Yorkers the meal shortage temporarily was solved. The animated rib roasts, porterhouses and hamburgers were bought by Thomas F. Kearns, president of the General Steel Corporation, and when butchered will be distributed among his employees because they "have to have meat in their diet to continue working."

Son Released

NUERNBERG, Oct. 9 (AP)—Franz von Pappen, Jr., son of the acquitted former Nazi diplomat, was released from Dachau today and removed from the category of prisoner of war.

Bowel Cleaning Power Of Inner-Aid Medicine

One man recently took INNER-AID three days and said afterward that he never would have believed his body contained so much filthy substance. He says his stomach, intestines, bowels and whole system were so thoroughly cleansed that his constant headaches came to an end, several pimply skin eruptions on his face dried up overnight, and even the rheumatic pains in his knee disappeared. At present he is an altogether different man, feeling fine in every way.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Big Spring. (adv.)

Farmers May Obtain Surplus Equipment

Farmers of this region who certify, through the department of agriculture, that their production is impaired by a shortage of farm equipment and supplies will be given assistance to obtain available property from government surplus. Hamilton Morton, WAA regional director, has announced. Morton appointed Duncan D. Myers in the Fort Worth WAA office to handle agriculture and major farm organizations. It is generally provided that surplus property needed to prevent impairment shall be disposed of to farm organizations, cooperative associations and farmers, and orders have been issued to expedite action on such certificates of impairment issued by the department of agriculture.

FREE DEFINITION RULED IN PRISON

SAN FRANCISCO, Oct. 9 (AP)—Attorney General Robert W. Kenny, in an opinion, barred the sale of prisoner-made handwork to fellow convicts in California prisons, although it may be sold to the public. Kenny ruled against the prisoners' purchases by defining "public" from the dictionary to mean "people at large."

Several Students Need Part-Time Job

Some few students at the Howard County Junior College are still in need of part-time employment in order to continue their studies. E. C. Dodd, president, said Wednesday. In some cases, those needing employment are skilled craftsmen, said Dodd. In one case, a veteran with wife and child, has had experience in radio and as a crane, truck and tractor operator.

City Wide Bible Conference at City Auditorium, Oct. 20 to 25. (adv.)

Grand Champion Sold For \$2.60 Per Pound

Ronny Fee, Colorado City, sold his grand champion Hereford steer for \$2.60 per pound in the junior livestock auction at the State Fair of Texas in Dallas Tuesday. He sold his reserve champion steer for \$1.50 per pound. The top animal was brought by Burrus Feed and Milling company. Steer prices averaged 48 cents, double the average last year. Dilmar Rawlings, Marfa, sold his 80-pound champion lamb for \$6.25 per pound. Average price of the 72 lambs sold was 36 cents a pound, which also doubled the general market price at the fair last year.

Increase In Shoe Prices Predicted

WASHINGTON, Oct. 9 (AP)—Prices for some shoes may jump soon as a result of a move to increase production, an OPA official said today. He told a reporter that a price hike authorized for imported calf skins may push up the cost of men's and women's dress shoes in which calf-leather is used.

THE ASSOCIATED PRESS NEWS IN PICTURES

GIRL SCOUT CLUBHOUSE — The Girl Scout troop at Boulder City, Nev., paid \$500 for this C-46 plane, which cost Uncle Sam \$150,000, for use as a clubhouse. The plane will be anchored in concrete on land which was donated by the bureau of reclamation.

FUN IN A PLANE — Members of the Girl Scout troop at Boulder City, Nev., enjoy their clubhouse, a C-46 plane which was designed to carry paratroopers. The troop purchased the plane from the government for \$500.

SALVAGING 'PLUTO' — A cable ship, the Empire Ridley, brings up a section of "Pluto," the pipeline under the English Channel which carried gasoline to the Allied armies during the Normandy invasion. About 10,000 tons of lead will be salvaged.

MAMMOTH DAHLIAS — Judith Daus, 3, looks at Ogden Reed dahlias, voted most popular at Detroit zoo.

BEAUTY — Merrill Towne, a former Marine sergeant from Boston, has been entered in a beauty contest to be held in New York by the American Veterans Committee.

SHIP'S STACK LIFTED — The 78-ton, 56-foot-high funnel of the liner Mauretania is lifted by a giant floating crane during repair operations at Liverpool, England.

REGATTA WINNERS — Dan Foster (left) of Oakland, Calif., and Albion Fallon of Detroit pull up to the grand boat in their speedster after winning the president's cup, featured event of a regatta on the Potomac river at Washington.

YOUNGEST STUDENT — Richard A. Freeman, who was 13 years old in July, is the youngest student this year to enter the College of the University of Chicago, which admits students after their sophomore year of high school.

AIDS VETS — Violet Boynton, Herkimer, N. Y., is the new adviser for women war veterans at Washington, D. C.

GRIDIRON DADDIES — University of Connecticut football players introduce their babies to Coach J. Orlean Christian at Hartford. Left to right: Albie Jorgensen, son of the college president with 20-months-old Catherine Anne; Robert Starkel, West Hartford, Conn., and 5-months-old Deborah; and Charles Molloy, Bridgeport, Conn., with Susan, a month old.

FLYING MUSICIANS — Opera singer Mona Pauloe holds a wrench for husband Dean Holt as he works on an Army AT-6 plane they bought to make concert tour. Holt will fly the plane and accompany his wife at the piano.

HAIR STYLES — Fall season coiffures are displayed at a convention of hairdressers and cosmetologists in Chicago by (left to right) Betty Vedder, Jose Kastil, Mary Lee Crumley, Dolores Wiley, Phyllis Adolphson, Dorothy Kaughan, Gerry Jones. The styles (left to right): Egret, Grecian Era, Campus Rush, Arch of Triumph, Southern Comfort, Wings and Nests Club.

HELPER — Comedian Henry Morgan gets an assist with his humor from a pet monkey perched on his shoulder.

AUTO-PLANE — E. H. Kantz of Dallas waves from the vehicle he built from the fuselage of a Beechcraft AT-10, the chassis from an old Cadillac auto with a ten-foot extension and a Ford V-8 engine. The cabin has a double bed, stove, icebox and cabinet. "When I roll down the highway at 90 miles an hour I get the sensation of landing an airplane," Kantz said.

Public Invited To Attend Carnival

The public has been invited to attend a carnival which will be staged at the North Ward school Thursday evening. Proceeds from the entertain-

ment will be used to further the project of the school lunchroom. Entertainment will include bingo, darts, fortune telling, a cake walk, country store. Members of the P-TA will serve hot dogs, coffee, doughnuts and other refreshments starting at 6 p.m.

APPEAR HERE TODAY—Wings over Jordan, recognized as one of the outstanding contemporary choirs, will be presented at 8 p. m. today in the municipal auditorium. Critics have widely acclaimed the group, under direction of Rev. G. T. Settle, as one of the finest in the world today. The appearance here is being sponsored by the Lakeview (colored) P-TA.

Widely-Acclaimed Choir To Give Program Here

One of the most talented choral groups of the day will be presented at 8 p. m. today at the municipal auditorium when Wings over Jordan, internationally famous Negro chorus, is presented under auspices of the Lakeview (colored) P-TA.

The outstanding radio and concert choir is under direction of Rev. Glynn T. Settle, who organized the unit. Advanced tickets are on sale at several points, including the chamber of commerce and The Herald. The \$1.25 advance admission goes up 50 cents at the box office.

Critics at home and abroad have acclaimed the choir widely, and Stars and Stripes, the Army newspaper, gave Wings over Jordan credit for convincing Italians that American music was altogether different from the tin-pan "Pistol Packing Mama" GI's had popularized.

It has been estimated that 10 million Americans have heard the choir on Sunday mornings over the CBS network, a program that has been picked up consistently by

the British Broadcasting company for European broadcast.

Wings over Jordan proved so popular on a tour for troops stationed in Italy that the choir was held over on request of a commanding general for four more months in France, Belgium and Germany.

From the first broadcast after organization of the choir in 1937, letters poured in commending the quality and feeling of the group. Since that time, Wings over Jordan has appeared in 45 states as well as abroad. Operating on a small budget, the members of the chorus receive comparatively small salaries, preferring to leave a good share of proceeds of concerts to religious and charitable causes.

Markets

NEW YORK, Oct. 9 (AP)—Stock leaders skidded one to around 7 points on heavy selling today as the market suffered its sharpest break in more than two weeks.

An early downturn was led by rails and some motors and industrials, while steels softened under the impact of noon-hour offerings that flooded the ticker and left the tape two minutes behind for a short period. Prices then steadied but retreated again near the close with final quotations of many issues at new lows for the year or longer.

Bettle Cites Fire Loss Figures At Rotary Luncheon

A unique fire prevention program was presented at the city hall Tuesday when Rotarians were entertained by firemen.

An impressive demonstration of fire bombs, conflagrations and methods of extinguishing flames was presented and F. W. Bettle, fire marshal, who gave a talk on "Alarming Increases in Fire Losses." He told the group that fire losses in 1942 amounted to \$314,000,000; 1943, \$373,000,000; 1944, \$437,000,000; 1945, \$484,000,000. For the seven months of this year, losses have amounted to \$338,000,000, and estimates are that it will reach \$600,000,000 for the year.

Bettle explained that losses in Big Springs have been extremely high. In 1942 they amounted to \$6,340; \$34,000 in 1943; \$16,000 in 1945, and \$50,000 to the month of October, 1946. "Big Spring now holds a 15 percent credit rate," Bettle told Rotarians, "and if losses continue, there will be no better rate, but in all possibility, a penalty."

H. V. Crocker, fire chief, called attention to three great hazards causing fires, smoking, children playing with matches and gasoline used instead of fuel. A demonstration was given showing how fast gasoline fumes travel, and the fire chief demonstrated how to put out various fires.

Crocker closed the program with a demonstration of three experiments that included setting wood, gasoline and electricity afire and showing the proper method of extinguishing each blaze. Otto Peters, Rotarian, was called upon to assist with the last experiment.

Mrs. Clyde Thomas Bridge Club Hostess

A Hallowe'en motif was featured in party decorations Tuesday when Mrs. Clyde Thomas, Jr., entertained with a bridge party in her home for the Easy Aces club.

Mrs. Tommy Jordan won high score, and Mrs. Steve Baker made second high and bingoed.

A salad plate was served, and guests attending were Mrs. Ralph Wyatt, Mrs. James Edwards, Mrs. George Thomas and Mrs. Harold Lee Jones.

Members present were Mrs. Thomas Jo Williamson, Mrs. Tommy Jordan, Mrs. E. P. Driver and Mrs. Baker.

Hostess for the next party will be Mrs. Williamson.

JEWS DIMINISHED

BERLIN, Oct. 9 (AP)—Berlin, which had a prewar Jewish population of 188,000, now has only 7,350 according to a report made today to a Jewish assembly here.

Presbyterians Pledge \$1,000,000 To Schools

MIDLAND, Oct. 9. — Pledging full assistance in the synod-wide campaign of the Presbyterian Church to raise \$1,000,000 for educational institutions in Texas, members of the special gifts committee of the El Paso Presbytery met here Monday night to perfect organization of the committee and to map plans for the big drive.

Robert L. Wood of Midland, chairman of the Presbytery's special gifts committee, was host to the church workers at a dinner proceeding the meeting.

George T. Lee of Dallas, chairman of the special gifts committee for the Synod of Texas, was the principal speaker at the meeting. Lee traced the history of the campaign and outlined plans for the drive. The speaker explained that the campaign is planned for the individual church to the Synod and said that each church and

each Presbytery will have special gift committees.

Wood said that the fund raised will be used for modernization and enlargement of five Presbyterian educational institutions in Texas — Presbyterian Theological Seminary, Austin; Austin College, Sherman; Schreiner Institute, Kerrville; Presbyterian Schools for Mexican Girls, Taft; and Texas-Mexican Industrial Institute, Kingsville.

Attending the Monday night meeting here were: Robert T. Piner and the Rev. R. Gage Lloyd of Big Spring; Joe Simmons, Seminole; Lee, Donlan; the Rev. Luther Sharpe, and Roy Smith, Clovis, N. M.; the Rev. C. B. Brinkley, Colorado City; W. L. Hester, Lubbock; and Wood, the Rev. Robert Hooper, Tom Sealy and Bill Collins of Midland.

Three Persons Jailed For Drunkenness

Tom Lewis, Jack Hamby and E. J. "Bo" Clark, all of whom police said were engaged in a brawl in the north-east part of town Tuesday afternoon, have been lodged in the county jail.

The trio were booked on a drunkenness charge after they were picked up by members of the sheriff's office.

Relief At Last For Your Cough

Water Project Shows Encouragement

Encouraging reports were heard here Tuesday at the second meeting of the Colorado River Municipal Water association, an organization which proposes to develop a joint water supply for Snyder, Colorado City, Midland, Odessa and Big Spring. Engineering studies since the organization meeting here June 20, 1946 have added substance to the proposed damming of the Colorado River above Colorado City to impound a lake capable of supplying 26,000,000 gallons daily, according to the CRMWA engineers. One big hurdle was cleared at the meeting even before it became a reality when the Texas & Pacific Railway company offered to grant free easement for the pipeline over its right-of-way from Colorado City to Odessa. This is no small thing, for it clears up an item of considerable expense and one which would prove troublesome and long at best. Moreover, as was pointed out, the right-of-way is already on grade, along the most direct route, and offers the possibility of on site delivery of heavy pipe. It is a generous offer in the spirit of a good citizen. Certainly the T&P is interested in seeing this area benefitted, and a water supply for substantial development is one way of benefitting this area. This is the second time a business has

helped with the project, for it was J. B. Thomas, president of Texas Electric Service, who first conceived the idea as a means of insuring continued growth and development of cities served by his concern. Both concerns are to be commended for far-sightedness. Another encouraging development at the conference here Tuesday was the enthusiasm tempered by a determination to proceed with eyes wide open. Leaders have stood firm on the proposition that considerable investigation will have to be made yet before the project can be accepted without reservation, and this is a wise course. If the matter is viewed conservatively but open-minded, and still looks good, then there is every reason to continue the fine spirit of inter-city cooperation in seeing it through. Meantime, the problem ahead is to present a sound case before the board of water engineers as to the feasibility of the project and the need for it. Engineers doubtless will make a good case on the technical end. Knowing the leaders of the various communities and the need of each individually, we have no doubt that a sound case can be made in behalf of the need for a water supply that will forever remove constrictions from progressive cities which will grow.

The Nation Today—James Marlow

Employ The Handicapped Week

WASHINGTON. (AP)— This is Employ the Handicapped Week. But what does that mean? At whom is it aimed? Who is a handicapped person? In this story the term means this: A person who — disabled in some way, physically or mentally — isn't doing the job he thinks he can do best, or has no job, or lacks training for a job he thinks could give him a living. Such a handicapped person might be a blind man, a man with one eye, or one leg, or a bad heart, or an arrested case of tuberculosis. Employ the Handicapped Week is aimed at employers. To get them interested in employing handicapped people or finding jobs for them where they can work best. At handicapped people themselves. To let them know there are places where they can go for help in finding jobs, or better jobs, or training for jobs. (This week is not aimed directly at disabled war veterans. They can get help from the Veterans Administration.) For every disabled veteran, there are about five handicapped civilians. There are, according to government estimate, about 1,500,000 such handicapped civilians. The system has been set up to work like this: Say you're disabled. You no longer can do the job which had given you a living. You feel there must be some other kind of work you could do. But what kind?

You apply to your state's vocational rehabilitation office. There, to start, you get a medical examination. If you need medicine, or a surgical operation, or hospitalization, you get it. Advice may put you on the right track. But if the test shows that — with the proper training or schooling — you could do a certain kind of work well, you get the training or schooling. Here's an actual example: A bus driver lost an eye. No longer able to do that work, he took the aptitude test. It was decided he could do well in soil conservation. But for that kind of work he needed schooling. So now he's being sent through four years of college. The state is paying for his schooling, his room and board. The government stands behind \$300 a person.

This whole program, for it has an agency of its own, called the Office of Vocational Rehabilitation, here in Washington. The government helps out the states in this program. For every dollar spent by the states on this work, the government puts up a dollar, and then some. Last year the states spent \$4,000,000, the government \$10,000,000. This year the states expect to spend \$5,000,000, the government \$14,000,000. The government's Office of Vocational Rehabilitation here says that from 1920 to 1943 an average of 9,000 handicapped persons a year were placed in jobs and since 1943 the yearly average has been 40,000. The average cost has been about \$300 a person.

Hal Boyle's Notebook

How The Krupps Lived

By JAMES DEVLIN (For Hal Boyle)

ESSEN, Germany. (AP)—The showplace home of the Krupp family stands undamaged only a few miles from the bomb-blasted Krupp munitions works and the shattered homes of the steel workers and coal miners. A four-story, gray stone building surrounded by green acres — a city hall in the middle of Central Park — it is known simply as Villa Huegel, the "House on the Hill." Once occupied by nine Krupps, mother, father and seven children, the vast domicile serves now as an office for almost 500 workers of the British-occupied North German coal control, in charge of Ruhr coal production. The Krupps have left, but there are many traces of the majestic scale on which the family lived. Their dining room table measures 60 feet from end to end, and

they had single piece tablecloths long enough to cover it. Now, with a number of overlapping cloths to cover the table, 120 British military government officers eat there with members of a French coal commission. To the rear of the dining room, and overlooking a grotto or walled garden with fountains, is a library with 27,000 volumes. Written in a number of languages, they mostly concern art and politics. Members of the staff are welcome to borrow the books. The Krupp librarian still puts in an appearance every day to keep the catalogues in order. A tub in the "master bathroom" is a triumph of ingenuity. Instead of having only hot and cold faucets like ordinary tubs, this has about a dozen extra. Each provides its own brand of invigorating tonic water. The main reception hall, more than 100 feet long, is lined with 16 large oil paintings, chiefly of the Krupp and the Emperor's family. The flooring is of polished parquet and, 25 feet overhead, is the oak carved ceiling. For lighting there are five chandeliers with 400 bulbs. A guide insisted there was a swimming pool in the basement of the immense building, but got lost and couldn't find it. He showed a picture of the pool, tiled with a wrought iron fence around it and a statue of a smiling cupid. Alfred Krupp, the man who brought world-wide fame to the family name, began construction of the house in 1870. He intended it to be fit for visits by kings and emperors but declined to describe the place as a castle. He gave it the name Villa Huegel. Scattered about the grounds are statues. One, of a collic dog, appears to have been erected by the Krupp children as a memorial to their pets. The base bears names such as Sport, Lumpi, Rooti, Fix, Fox and Nora. The dog's head is broken. Nearby lie the tail of a bomb and a piece of fuselage from an airplane that apparently had exploded in the sky. The protein content of hay can be increased from six to 10 percent if cut at the proper time.

Broadway—Jack O'Brien

Jack Takes Big Take

NEW YORK.—Every so often some gifted comic comes along to gather the attention of the "sophisticated" saloon set and rustle off to popularity and fortune in the wake of all-out—but sometimes brief—attention. This year's nominee for the snootier section of the saloon-sitters is a young fellow named Jack Gilford, back from a lengthy tour of the South Pacific where he sharpened his material and smoothed his rough spots before what he says is the toughest audience in the world, the tired and frustrated G.I.'s who would like to get home now that the fighting is over. Jack is at Cafe Society Uptown, where many sophisticated acts have taken a whack at popularity, and has managed to get together a large cult of followers who are spreading the word about his fresh, satirical approach to humor. With this for a beginning, he has a chance of catching the eye of some Hollywood or musical comedy producer. If this happens and he will abandon his saloon antics, he'll head for the really big money; he currently is in the \$1,000-a-week class.

Jack credits his success to Milton Berle, for whom he once worked, who taught him timing and other basic comic essentials and even edited his slightly longer and untheatrical name so it would fit a marquee. Celebrity nights in two Broadway night clubs, Leon and Eddie's and La Martinique, both advertised their guests of honor of the evening as "The star of 'The Front Page.'" Lew Parker was La Martinique's nomination for star billing and Benny Baker for Leon and Eddie's choice. Which moved Pat Harrington to show up at both parties on the same night and demand to know by what right either of his show-mates had to

Christmas Packages Mailed Overseas Soon

Christmas parcels intended for Naval Corps personnel in the extreme forward areas should be mailed not later than October 15 to afford probability of delivery before Christmas day, according to information distributed by W. D. Van Pelt, district USN recruiter. It is important that parcels destined for overseas be packed in exceptionally strong packages, that the sender follow the postal regulations which prohibit mailing perishables overseas and that all packages be insured, Van Pelt said.

Rita Gets A Haircut

HOLLYWOOD. (AP)— History in the peculiar Hollywood sense of the word, was made yesterday when Rita Hayworth had several inches of hair snipped off by a studio hairdresser. Rita giggles as husband Orson Welles supervised the production and a dozen press agents offered succor. Orson told me the studio head instructed him to proceed with care in the shearing. "Remember, it's Hayworth," he quoted the executive. Reports say Warners rushed Bette Davis' "Deception," ahead of the similar "Humoresque," because of their mad-on-at John Garfield, who stars in the latter film with Joan Crawford. But they might also have done it to pacify Bette, who has become increasingly dissatisfied with the studio. Viveca Lindfors underwent extensive training to eliminate her Swedish accent. Then Warners discovered her voice sounded different in every scene of "Night Unto Night." So — no more lessons. In the Joe Palooka series, Monogram will stage a fight which should be interesting, at least in a clinical sense. It will be between Primo Carnera and Tony Galento. Wanda Hendrix is testing for "Alice in Wonderland," which will be made by Lou Bunin, who created the puppets in "Ziegfeld Follies." "Forever Amber" restarts today. Grand Teton National Park in Wyoming is 27 miles long, and varies in width from three to nine miles.

Washington Merry-Go-Round—Drew Pearson

Klansmen Appointed To Demo Meet

WASHINGTON. — Today Gene Talmadge, the red-gallus gentleman from Georgia, convenes the state democratic convention in Macon to prepare plans for Gene's forthcoming reign as governor of Georgia. In keeping with state tradition, Talmadge's opponents, Ed Rivers and Jimmy Carmichael (the latter actually received a larger vote than Talmadge) have surrendered their delegates to Gene and he will have complete sway over the Democratic party. Taking advantage of the sway, Talmadge has had the brass to appoint as delegates the most variegated array of Ku Klux Klansners Georgia has seen in years. Talmadge delegates who will chart the future course of the Democratic party read like a roll call of the nightshirt brigade at Stone Mountain. Here are some of them: Dr. Samuel Green, grand dragon for Georgia. Sam Roper, exalted cyclops of Atlanta Klan No. 297; attends meetings in his police uniform; former head of the Georgia Bureau of Investigation under Talmadge. Luke Arnold, recorder court judge, member of Atlanta Klan No. 1, speaks also at other Klans. A. W. Callaway, recorder court judge, attends Atlanta Klan No. 1. Howard Haire, city councilman and mayor pro tem, member Klan No. 1. Joe Allen, city councilman, attends Klan No. 1. Allen was recently present in a professional gambling house when a sensational shooting occurred. As a result, he was forced to resign, as a member of the governing board of his church, but his status both as a Klansman and member of the Atlanta City Council continues unimpaired. O. B. Cavthon, city councilman, attends Klan No. 1 and East Atlanta Klan. F. Lee Evans, city councilman, long-time secretary of Atlanta Klan headquarters. Cecil Hester, city councilman and police commissioner, member Klan No. 1. Ellis Barrett, county commissioner, attends Klan No. 1. Neil G. Ellis, assistant chief, Atlanta police department, attends Klan No. 1. Jimmie Helms, city detective, head of Kikpan Committee, Klan No. 1. R. E. Jones and O. R. Jones

county and city detectives, attend Atlanta Klan 297. H. C. Edson, Klansman and brother of a Klansman convicted in East Point Klan flag case. Dr. R. H. Eubanks, active speaker in Klan No. 1. Vester Ownby, former cyclops of Riverside (Atlanta) Klan; now chief spokesman for new outfit "The Columbians" who describe themselves as "40 times worse than the Klan." These are the gentlemen who will do Talmadge's bidding at a convention (konvention is a better name) which will set policy for the Democratic party during the next four years. And since the Democratic party is all-powerful in Georgia, what this convention does will be the law in Georgia. Among other things, it plans to abolish all rules regulating primaries — and whoever wins the primary wins the final election in Georgia. It will also undertake plans to stop trains and buses at state lines in order to overrule the US Supreme Court on Jim Crow laws. Talmadge's boast is: "Gene Always Keeps His Promises." And no matter how far it turns back the clock, the above-named Klansmen will help him keep them.

very glass itself, creating a strange neon effect, Commander Davies disclosed in a preliminary report to superior officers at the Navy Department. Meantime, all radio reception in the Truculent Turtle was cut off. "It made our hair stand on end for a while," Commander Davies reported to friends. "Of course, I knew that we were safe, because the gas tanks were well protected inside the plane but it's hard to be objective when you are up in the clouds at night in a cockpit and something like that hits you." Later, when the plane's windshield was examined, no apparent damage had been done to the glass by the freakish incident.

Capitol Chaff

Wall Street, though not working for Senator Jim Mead, would not be greatly disappointed if he licks Governor Tom Dewey in November. "The Street" already has decided Senator Bob Taft is its man for the 1948 presidential nomination, and feels it would be easier to put Taft over if Dewey falls in his bid for re-election as governor of New York. There are now two sub rosa pilgrimages which bigwig voters make in Washington: To the Wardman Park hotel to visit with Henry Wallace, and to Oxon Hill, Md., to visit Sumner Wells. President Truman might be surprised at some of those still in his administration who have been seen in the vicinity of both. The famous foreign policy speech by Secretary of the Interior Krug which, unlike Wallace's, never was delivered, consisted of 19 pages. The State Department killed 17 pages, sent 2 pages back "cleared." Although it did not go as far as Wallace, the Krug speech did take issue with some parts of the Byrnes policy. It was after he heard of Krug's treatment by the State Department that Wallace wrote his speech and sent it to the White House direct. Postmaster General Ob Hannegan worried over the administration's fumbling of the Palestine problem, has written President Truman urging that he send Ed Pauley to London to try to get some action in improving the situation in the displaced persons camps for Jews in Germany. (Copyright, 1946, by The Bell Syndicate, Inc.)

Truculent Turtle's Freak Fire

Flight Commander Thomas D. Davies and crew members of the Navy's Truculent Turtle will make a detailed report to the Navy Department of a scientific phenomenon that occurred while their ice-crusted plane was flying at 12,000 feet between Reno, Nevada, and Ogden, Utah. The propeller of the Truculent Turtle was enveloped by a huge halo of "St. Elmo's fire," an electromagnetic discharge that resembles a greenish-blue flame and is four times as bright as the Northern Lights. "St. Elmo's fire" is not new to science. Its discovery dates back to the middle ages, when the same kind of electrical lighting was observed around church steeples. Commander Davies will report that never before in his experience as a Navy pilot has an airplane undergone such a freakish hazard. Small fingers of the blinding electrical flame darted up inside the bulletproof windshield, not inside the cockpit, but inside the

Texas Today—

Little Things Make News Last Week

Double-takes; or little items in the week's news you may have missed but shouldn't: The W. E. Rutherford family of Corpus Christi was blockaded by bees who swarmed over the front door, only entrance to their duplex apartment. No professional bee was available, police were wary. Gypsy Rose Lee arrived in Texas to participate in the State Fair at Dallas, was presented a sombrero. Due to state laws or something, it's rumored Texans won't see as much of Gypsy as they do back East. The soap shortage means nothing to Henry Adolf Breier of Dallas. He bought 200,000 pounds of it from the War Assets Administration. A cattle truck overturned on a main street in Wichita Falls, 37 head of cattle galloped through the business district and snarled traffic for an hour. Religion hit Abilene so hard that churches are overcrowded, one is holding two services each Sunday to accommodate worshippers. Kit

Kittrell, Baylor football star, resigned from the team because he said they wouldn't let him play enough. Fort Worth announced, in the middle of the meat shortage, that from eight to ten carloads of horses were being shipped daily to Europe to feed the hungry humans there. In Dallas, police were told a wolf was molesting a six-year-old girl. They duly cautioned the wolf—an eight year old boy—to quit throwing rocks at the girl.

Chewing gum was exempt from price control, the Dallas OPA said, adding they figured it was "not significant in living costs." The manager of the Darrington State Prison farm who had held his position 21 days, resigned after seven prison breaks. He said he was unhappy. Bilbo Perkins, 32, Negro from Mississippi, said when he was born Bilbo was just starting in politics "and making a lot of noise. I did, too, so the folks just naturally named me Bilbo."

In Hollywood—Bob Thomas

Negro Fined

Allen Palmer, a negro man who Saturday night called by a wreck on the east highway at such a rate of speed that highway patrolmen saw fit to flag him down, entered a plea of guilty to the charge of driving a vehicle without a license in justice court Monday and was fined \$1 and costs.

LOOKING 'EM OVER

WITH TOMMY HART
The sympathies of this Arlington, Tex., letter writer are no doubt shared by many a Big Spring citizen, for Our Town has long advocated the admittance of Texas Tech into the Southwest athletic conference.

"The victory of your West Texas Tech's 'Red Raiders' Saturday night over Southern Methodist, and a week ago over the powerful Texas Aggies, is sufficient proof that your West Texas college should be a member of the Southwest Conference. There no longer remains any good reason for keeping it out of the Conference.

"Having lived in West Texas for a good many years, I came to the conclusion that West Texas gets the 'short end' of several things.

"I have not forgotten the valiant fight of West Texas, the West Texas newspapers and West Texas Chamber of Commerce, to secure Texas Tech, a major college, for West Texas. We had to overcome the opposition of many East Texas politicians, but not many good citizens of East Texas.

"Texas Tech has amply proved the contention of those early fighters for education justice for West Texas.

"Everybody knows how West Texas has for half a century been hampered and hamstrung by discriminatory freight rates, and held back in its rightful progress in industry and manufacturing. Even after the discovery of oil brought a new era to West Texas, these destructive freight rates still mitigate to the great injury of this rich section of the United States.

"However, it begins now to look as if the efforts of West Texas citizens, and many fair minded East Texans, would be rewarded by the removal of the long-standing handicap to West Texas' economic progress.

"It is hard to believe that prejudice and jealousies could be brought to bear in the world of sports to keep a great institution like Texas Tech from taking its rightful place in the family of Southwestern colleges, and I am not yet ready to believe they can. I believe Texas Tech will be admitted to the Southwest Conference, but I believe everyone interested must get behind the movement and fight, as the 'Red Raiders' are fighting their way to the top of the ladder in the sports world.

HOPE WHEELER

Wylbur Moore, who spent most of 1945 in South Texas, says Corpus Christi should rate at the top of the list in Texas schoolboy football circles and will probably win the state crown with yards to spare.

According to Wylbur, the Bucs had one of the best eleven in the interscholastic league last year but lost some key men at the crucial stage of the race. Most of the players of their 1945 squad returned to action this year, says Moore.

A high school football player of Cross Plains, Texas, was thrown off the squad and declared ineligible this week for daring to accept a trophy emblematic of an amateur boxing championship. The athletic conference of which Cross is a member resorted to such action even though the sport wasn't even remotely connected with the school or its activities.

Such a policy is totalitarian and should be exposed as such. The legislation permitting such action, whether it be decreed by the district proper or the interscholastic league, should be dismantled.

City Wide Bible Conference at City Auditorium, Oct. 20 to 25. (adv.)

Sanctioned Dog Show Planned

Members of the West Texas Kennel Club, which met last Sunday in Odessa for the first time since spring, laid preliminary plans for a sanctioned dog show and set Sunday, Nov. 3, as the next time to convene.

Mrs. W. P. Cecil of Big Spring, president of the group, gave official notice that she was relinquishing her post due to the fact that she was moving with her family to Roswell, New Mexico. She was succeeded by Glenn Clark of Odessa.

Bill Talbott represented Big Spring at the parley.

Harrold Takes A Good Record To Buff Field

Coach Frank Honeycutt is seeing to it that his Forsan Buffaloes aren't "going soft" in their exhibition football test with Harrold high school at Forsan Friday night.

In Harrold, the Bisons are meeting one of the six-man powerhouses of the plains country. The battle will serve to condition the Buffs for their all important battle two weeks hence with Water Valley's Wildcats.

Those two teams are deadlocked for the District Ten lead and the winner would have the inside track for the title.

Honeycutt's forces came out of the Courtney argument last week in fairly good physical shape and will be able to start their regular lineup Friday.

A grid team composed of Sixth Seventh and Eighth graders of the Forsan schools has been working out at Forsan all week in preparation for a Thursday night game with Sterling City in Buffalo stadium.

Sellers Appointed To Tideland Fight

AUSTIN, Oct. 9. (AP)—Attorney General Grover Sellers has been named a member of a committee of the National Association of Attorneys General to spearhead the efforts of a number of states to defeat a federal attempt to gain title to tidelands now held by the states.

He will meet with the committee, headed by Attorney General Walter Johnson of Nebraska, at Kansas City Oct. 12 to begin working on a brief that will be presented before the US Supreme Court in the California tidelands litigation.

Relax Have Fun by **BOWLING**

After a full day's work you'll enjoy a relaxing game at our fine alleys. Bowl for an evening of fun.
West Texas Bowling Center
314 Rannels

THERE'S LOCAL FLAVOR on the Sul Ross college football squad, who comes to town Friday for a night game with Texas Lutheran at Steer stadium. Coach "Red" Pierce (left, front row) is expected to have Billy Womack and Frank Barton, former Big Spring high school athletes, in his starting lineup. Womack is third from left, front row, Barton sixth from left, front row. Other Big Spring boys on the Lobo squad are Jim Tidwell, eighth from left, second row, and Hugh Cochran, fourth from right, third row. Cochran doesn't shy from having his picture snapped. He simply was shooting an imaginary fly from his forehead when the cameraman pulled the shutter.

Williams' Failure To Hit Through Shift Criticized

Fenway's Right Field Wall May Help Bosox

BOSTON, Oct. 9. (AP)—Ted Williams' failure to foil the "Dyer shift" with a third base bunt has put the Red Sox slugger on the baseball hot seat today as Boston prepares for its first World Series game since 1918 against the conquering St. Louis Cardinals.

All even in their first two games at Sportsman's Park, the American League's run away champs open at home this afternoon with their chief long distance power threat upset by the Card's infield alignment.

Big Ted, the slim beanpole who missed the batting and home run titles in his own league, continues to challenge the solid right field defense.

As the two clubs arrived from St. Louis last night by separate special trains they were greeted by a chilling wind that formed quite a contrast to the blistering heat that had sent the thermometer into the 80's both days at Sportsman's Park.

Ticket quotations by scalpers ranged from \$75 to \$100 per pair and there was the usual early bleacher line.

Dave (Boo) Ferris, the terrific 25-game winning sophomore sensation was set to make his series debut opposing Murry Dickson of the Cards, a pair of righthanders in a series that had been dominated by southpaws.

Fenway's beckoning left field wall 315 feet away is expected to restore the home run to the Red Sox attack, particularly as a target for Big Rudy York whose 10th inning smash broke up the opener.

However, it also should be a help to Kuroski of the Cards.

Sul Ross 11 Seeks A Return To Winning Ways In TLC Go

Lobos To Boast Edge In Weights At Most Posts

The Sul Ross college Lobos will attempt to return to winning ways when they tangle with the Texas Lutheran college footballers here Friday night.

Red Pierce's brigade opened the season with an 18-6 victory over the strong San Angelo Junior college Rams, then got knocked over by Abilene Christian college (33-6) and McMurry (6-2) on successive weekends.

Eudy, Bizzell Chief Threats In Lamesa Tornado Offense

Lamesa's high school football Tornadoes rambled into town last fall and measured Big Spring's Steers, 6-0, mainly because an elusive bucko by the name of Orville Neiman could not be corralled by the local forwards.

A courageous Tornado line, led by one Bud Eudy fought the Big Spring attack to a standstill, always keeping the Steer backs at a respective distance from the Lamesa goal.

Neiman and Lamesa high school have reached a parting of the ways but Eudy is still around and, what's more, he's double poison, having been moved by Coach Jim Neill into the Tornado secondary.

The Big Spring team will see a lot of him Friday night when it invades Lamesa.

Reports trickling in from the Dawson county metropolis insist the big fullback is better than Neiman. He's bigger, for one thing. (He'll do between 175 and 185 pounds). He's faster and the scouts say he's got a lot of football savvy.

Last week Eudy and his cohorts put up a great scrap against Lubbock only to succumb to an aerial attack in the last few minutes, 7-6. That should betray the fact that the Tornadoes are improving by leaps and bounds. They dropped their opener to Plainview by a 19-0 count, just managed to nose out Brownfield, 6-0, then caught fire against the Westerners.

Eudy will have plenty of help in the Lamesa secondary from such operatives as Art Bizzell, who handles the ball more than Bud; Pat Patterson and James Hoffman. The Tornadoes have ample reserve backs, too. Among those who are sure to get into the thick of things are Frank Rose, Jim Rowbottom, Hal Barron, T. J. Corbitt and Bill Merritt.

Few Of Leading Grid Elevens Bowl Eligibles

NEW ORLEANS, Oct. 9. (AP)—Plenty of "South" players are willing, but promoters of New Year's Day bowl football games may have to go hunting this season like party hosts seeking a fourth for bride.

Six weeks or longer in advance of the selections, it appears that likely participants from the north, east and west are going to be scarce.

Of the top 20 teams listed in the first Associated Press poll to name the "nation's strongest" elevens eight are from the south, including Texas.

Nine others represent schools which are bound by conference rules forbidding post-season appearances, or which are likely to frown upon bowl invitations.

The most eligible team at this writing, Texas, is committed to give first choice to the Rose and Cotton Bowls. The Southwest Conference champion has a date in the Cotton Bowl, unless a Rose Bowl bid is forthcoming.

The second, third and fourth teams—Notre Dame, Army and Michigan—don't go for January 1 games.

UCLA, in fifth place, can sew up the Rose Bowl date by winning the Coast Conference title. Alabama, Georgia and Tennessee—rated sixth, eighth and ninth—would jump at the chance for a holiday trip, but Alabama plays both of the others and one or more of the three will lose glamour before the season progresses far.

Pennsylvania, ranked seventh, and Northwestern, listed tenth, won't have any dealings with bowls.

In the second ten, Columbia, Illinois, Ohio State and Yale are unlikely players—although Columbia once went to the Rose Bowl.

Louisiana State, Arkansas, Kentucky and North Carolina, like almost all southern teams, would listen for any reasonable offer.

Stanford could win a place in the Rose Bowl by beating out UCLA for the coast championship, while St. Mary's would welcome another journey to New Orleans for a Sugar Bowl date.

The ranking can change drastically in the next few weeks, but there's been enough football played already in this topsyturvy year to back up a pre-season belief that most teams playing January First games will lose one or more decisions.

Johnson "Unchanged"

WASHINGTON, Oct. 9. (AP)—Walter Johnson, onetime strike-out ace of the American League, was in "unchanged" condition today at Georgetown hospital after rallying from a weekend relapse.

The 38-year-old former mainstay of the Washington Senators has been in the hospital since April with a brain tumor.

Three Hi Tilts Set Thursday

By The Associated Press
Three games Thursday night open a busy week-end in Texas schoolboy football with more than half of the 48 tilts counting in district conference races.

Only one conference game is on the Thursday night card, however. That is the opening title game in District 13 where John Reagan meets Austin.

Highland Park surprise loser last week at Sherman, plays resurging Adamson of Dallas and Crozier Tech of Dallas goes to Fort Worth to play Fort Worth Tech in other Thursday night games.

Major battles are scheduled Friday when eight unbeaten teams swing into action against each other. South Park (Beaumont) and Galveston, both undefeated and untied, play a District 14 conference game at Beaumont. Undefeated, untied Midland goes against once-tied Sweetwater at Sweetwater.

Four teams that have not been defeated but have been tied battle Friday night, Wichita Falls and Páschal (Fort Worth) meeting at Wichita Falls and McAllen and Laredo playing at McAllen.

Caldwell Home

WESLACO, Oct. 9. (AP)—Earl Caldwell, Chicago White Sox relief pitcher, has started work as manager of the Harlingen Citrus Association Packing Plant, a position he has held each winter since 1929.

"IT'S MY BUSINESS TO SERVE YOU"

"I'm a service representative in the telephone business office. That job name means what it says. The reason I'm here is to give you service—information you may need about telephone matters.

"People come to me with all sorts of telephone problems. I answer dozens of questions every day. For instance, they want to know how we're getting on with the big job of adding to the telephone system, to serve waiting customers. Or maybe they don't know how hard we're working at it, so I tell them. They like to hear that, and I like to tell them.

"And then some want to discuss bills or refer calls to new numbers. Quite a lot of questions these days are about when folks can get telephones. More people call about that than ever called before. When our telephone engineers say, 'Demand is at an all-time high,' I know exactly what they mean!

"One of these days I can say: 'You certainly can,' when people ask if they can get telephones right away. That day isn't here yet. We have some serious shortages to work out. Even so, we're making progress. I know. That's another reason I like my job."

Cupid Just Keeps Ahead Of Divorce In Howard County

Howard county can well qualify as a "little Reno." With three-fourths of the year gone, statistics show there have been something like six divorces filed for every ten marriages performed within the county. A total of 356 wedding licenses were sold by the county clerk from Jan. 1 through Sept. 30. On the other hand 261 couples sought to dissolve their married life in the divorce courts.

Ratio by the month:

| Weddings | Div. |
|------------------------|------|
| January 37 | 34 |
| February 35 | 21 |
| March 49 | 31 |
| April 47 | 30 |
| May 50 | 24 |
| June 41 | 27 |
| July 34 | 41 |
| August 32 | 28 |
| September 31 | 27 |
| Totals 356 | 261 |

The divorce rate here is among the highest in the state, which has the reputation for having one of the highest in the nation.

McAllen Man Elected Kiwanis Governor

BEAUMONT, Oct. 9. (P)—W. D. Whalen of McAllen was elected governor of the Texas-Oklahoma District of Kiwanis Clubs at the closing session of the district's convention here yesterday. San Antonio was selected as host city for next year's convention. Lee R. Gardner of Dallas, Merl Metcalf of Port Arthur, W. G. Seale of Alice, Henry O. Hill of Temple and W. C. Wood of Lubbock were elected lieutenant governors for Texas.

Minister Dies

GREENVILLE, Oct. 9. (P)—The Rev. Warren T. Whiteside, 77, retired Methodist minister who was a member of the North and Central Texas Methodist Conferences for nearly 40 years, died here yesterday. He suffered a heart attack. Funeral arrangements have not been announced.

Texas Roper Nearly Equals Rodao Record At Madison Square

NEW YORK, Oct. 9. (P)—Rusty McGinty of Plains, Tex., came within one-fifth of a second of equalling the Madison Square Garden rodeo record for steer wrestling last night when he pinned his longhorn in 5 4-5 seconds. The results:

Steer Wrestling: 1-Rusty McGinty, Plains, Tex. 2-Ken Boen, Danville, Ill. 3-Buck Sorrells, Tucson, Ariz. Time: 5 4-5 seconds.
Bareback Bronc Riding: 1-Hank Mills, Pueblo, Colo. 2-Spec McLaughlin, Fort Worth, Tex. 3-Watt Baughman, Orchard City, Tex.
Calf Roping: 1-Tony Salinas, Encinal, Tex. 2-Pat Lewis, House, N. M. 3-Bill Iler, Fort Worth, Tex. Time: 16 seconds.
Saddle Bronc Riding: 1-Wilbur Plaugher, Fresno, Calif. 2-Shirley Hussey, Moses Lake, Wash. 3-Andy Curtis, El Reno, Okla.
Wild Cow Milking: 1-Buff Douthitt, Roswell, N. M. 2-Everett Shaw, Stonewall, Okla. 3-Joe Mendes, Wisalia, Calif. Time: 29 4-5 seconds.
Wild Bull Riding: 1-Jim Whiteman, Clarksville, Tex. 2-Charles Beals, Tulsa, Okla. 3-G. K. Lewellen, Hico, Tex.

DeVany Attending Farm Bureau Meet

C. H. DeVany, president of the Howard County Farm Bureau, is attending a meeting of District Two members of that function in Lubbock today.

DeVany returns to Big Spring tonight and will head a delegation of Howard county farmers to a similar session of District Six members at the Cactus hotel in San Angelo Thursday.

Among those who will appear on the Angelo program are J. Walter Hammond, state president; Marvin Carter, organizational director; and O. C. Fisher, congressman of the San Angelo district.

Student Enrollment Increases At College

A total of 235 students have registered for fall classes at the Howard County Junior College, an increase of eight since Sunday. E. C. Dodd, president said enrollments would probably be accepted through Saturday.

Black Market Seen In Cottonseed Cake

WASHINGTON, Oct. 9. (P)—T. M. Patterson, Mississippi director for the Federal Production and Marketing Administration, wants the Federal government to take a hand in stopping what he calls black market methods in handling cottonseed cake.

"In Mississippi we are urging the government to step in and direct cottonseed mills to distribute their entire output through regular trade channels," he told a reporter yesterday on his arrival here to attend a national meeting of agricultural workers.

Patterson declared that buyers from all parts of the country who are seeking protein feed for cattle are using black market methods in getting almost all the feed products at the 25 cottonseed mills in Mississippi.

The Force that Supports the World's Biggest Bridge...

OIL-PLATES Your Engine!

IN the great San Francisco-Oakland bridge, a tremendous tug-of-war continuously goes on between the force of gravity pulling down and the force of molecular attraction in the enormous metal-cables pulling up. Because the attractive force between the molecules in the cables balances the pull of gravity, the bridge stays up. Through continuous experimentation with the mighty forces of molecular attraction, Conoco scientists are able to produce new and better oils for America's motorists. By utilizing forces of molecular attraction emanating from a special ingredient of Conoco Nth motor oil, this ingredient is bonded to working surfaces of your engine. In fact, so strong is this attraction

that cylinder walls are OIL-PLATED. And because molecular attraction holds Conoco OIL-PLATING up where it belongs...prevents it from all draining down to the crankcase, even overnight...you get these benefits:

- added protection during the vital periods when you first start your engine
- added protection from corrosive action when your engine is not in use
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why you'd be safer to OIL-PLATE your engine now...at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company
