"He Profits Most Who Serves Best"

SMOKE FROM THE MOUNTAIN

We hear rumors that some of Trickham residents are torn between indignation and bewilderment on learning that the rodeo last week that Gene Hensley was a resident of their community. After all these years, when they thought they knew everybody in the community, they are suddenly confronted with the news that Mr. Hensley has been a resident of Trickham all this time and they didn't know it. Neither did we. But he turned in that address to the rodeo program committee and they in turn turned that into the News office to be printed. We even asked Hensley just to be sure we weren't seeing things, and he said that was right. And far be it from us to argue with a man about where he lives, or has his address. After all he should know. But it was a rather sudden shock.

Some one always has to have his little "joke" and steal something at a public entertainment. At least eight flags were stolen from some business houses here after the rodeo Saturday night. The rodeo officials have announced that they will reward any one offering definite information as to who took the flags.

Rodeo Association President, Geo. M. Johnson, and other rodeo officials wish to thank the National Guard boys who ushered for the rodeo and all other citizens who assisted in any way in putting on the rodeo. They appreciate your cooperation and since it would be impossible to see each helper individually to thank him, they are taking this means of expressing their gratitude.

Proceeds From Rodeo Tonight Will Go To Ex-Ranger Museum Building Fund All Contestants In Parade At 5 O'Clock

Santa Anna is going rodeo minded again today and tonight in a big way and this time the ladies, boys and men who never even rode a horse or steer, as well as professional rodeo performers, are eligible to enter the fun and frolic at the high school athletic field tonight. The rodeo is being put on by the citizens of Santa Anna who are interested in raising money for the Ranger Museum Building Fund, which must be completed immediately so that work can begin on the museum and community meeting center. All gate receipts will go to the Museum Fund. All who enter must register by 2:30 at the Santa Anna Telephone Co. building.

Santa Anna High School Band will play before the rodeo begins and a parade will be held at 5 o'clock this afternoon on Main Street by all participants and cowboys and cowgirls of the community. The arena director announces that all contestants MUST be in the parade.

Hensley Arena Director The ladies won't be slighted in the rodeo arena tonight. The arena director, Gene Hensley, has announced that besides the girls' flag race, ladies can enter the wild nanny milking, a new feature, with the ladies

Wading Pool Is Now Opened For Local Children

Santa Anna's new wading pool was dedicated to the children of the city Wednesday evening, August 24 with an appropriate program of music and addresses.

The high school band under the direction of J. T. H. Mize opened the program with two numbers. The invocation was given by Rev. M. L. Womack, pastor of the Presbyterian Church. Rev. R. Elmer Dunham, pastor of the Baptist Church, was master of ceremonies and expressed his pleasure on completion of this project. He was selected to preside because of his untiring efforts for the past six weeks in realizing the completion of the work. Mrs. J. R. Banister, chairman of the program committee, stated:

Dr. R. R. Lovelady gave the official invitation to the children to enter the pool. The ribbon was removed from the gate by Mrs. Banister and about eighty children immediately took possession of the pool. Expressions of thanks and appreciation for work done on the project were extended by the Recreation Council to Rev. Dunham, Mayor Leman Brown and the City Commissioners, Lions Club, Parent Teachers Association, Self Culture Club, Curtis Collins and the Commissioners Court and to each one who contributed money or materials.

The pool will be open and supervised by a lady director from the Recreation department from 3:30 until 8 p. m. every day. At other times parents should accompany their children. The Council said.

Methodist Revival Begins Here Sunday

Rev. C. A. Wilkerson of Blanket will conduct revival services at the Methodist Church here beginning Sunday morning. The public is invited to attend the services at this church.

FRANCINE MERRITT LEAVES FOR GUSTINE

Miss Francine Merritt, daughter of Mr. and Mrs. E. J. Merritt, left Wednesday for Gustine where she has accepted a position as teacher of high school English in the public schools. Miss Merritt was winner of the Olsen Scholarship award last spring when she graduated from Hardin-Simmons University in Abilene. That honor is the highest the school can bestow.

doing the milking and their choice of a man roping catching the goat. Prizes will be given winners of the flag race and nanny milking.

Besides amateur talent, there will be a division of professional calf roping as well as an amateur calf roping division. The same calves will be used tonight as were used in the rodeo last week. Boys may also enter in the breakaway calf roping contest. The roping events are the only ones in which an entrance fee will be required. Professionals will pay \$2.00 fee, amateurs \$1.00 and boys \$1.00.

Besides the roping events and ladies events there will be steer riding and one special feature not to be announced until the performance. Special interest will be taken in the steer riding since riders will be sponsored by local business men.

The proceeds will go entirely to aid the erection of the memorial to the Texas Ex-Rangers, who have voted Santa Anna their permanent home and who served here in pioneer days. The Museum building will not only house relics of the Ex-Rangers and tributes to them, but an auditorium for civic meetings, club meetings, banquets and entertainments will also be included in the plans, an addition to Santa Anna's entertainment facilities. A kitchenette and rest rooms will also be included.

Donors to Fund In order to assure the erection of the building, Santa Anna must raise \$500 and the Ex-Ranger organization must raise \$600. The majority of that needed by the Ex-Rangers has been pledged, but a great deal more is needed for Santa Anna's quota.

During this past week two more donations or pledges have

Lions Vote To Sponsor Street Drainage Project

Lions Club members voted to ask the City Commission to investigate cost of securing an engineer to work on a drainage system for Santa Anna near the mountain so that rains would not continue to wash city streets and keep them in need of repair. The water from the mountain now washes streets almost beyond repair and keeps bridges and culverts washed out. The members voted to heartily back the project of street and drainage improvement.

Fourteen members also pledged \$100 a month each for the band fund, which will be used for incidental expenses for the city band. Officers stated that if the band is to be called a "city" band, business men and city residents must contribute to its upkeep.

Members present were D. L. Pieratt, W. H. Thate, J. C. Scarborough, J. B. Gregg, R. H. Spencer, A. D. Pettit, Claud Reid, J. W. Riley, W. R. Mulroy, R. R. Lovelady, Geo. M. Johnson, O. A. Etheredge, Calvin Campbell and M. L. Womack.

Unofficial Returns Make McClure and Williams Winners

Coleman County unofficial election returns placed Mrs. Jack McClure in office of District Clerk, defeating the incumbent, J. B. Hilton by a vote of 2,110 to 1,742.

In Precinct 2, John A. Williams defeated the incumbent, Curtis Collins 631 to 543, according to unofficial returns.

Other races in Coleman County showed the following results (unofficial):
LIEUTENANT GOVERNOR
Coke Stevenson, 1,733
Pierce Brooks, 2,010
ATTORNEY GENERAL
Walter Woodul, 1,611
Gerald Mann, 2,238
ASSOCIATE JUSTICE OF SUPREME COURT

Ross K. Prescott, 1,968
DISTRICT ATTORNEY, 19TH DISTRICT
W. A. Stroman, 1,763
O'Neal Dendy, 2,031

State results of Saturday's election show unofficially that four of the candidates favored by W. Lee, O'Daniel, governor-nominatee, were elected to office, while two of the "favored" were rejected by Texas voters. Those whom O'Daniel has approved and who won their race are Coke Stevenson for lieutenant governor; Bascom Giles for Land Commissioner; Richard Critz for Associate Justice of the Supreme Court; and Harry Graves for Judge of Court of Criminal Appeals.

Two of the "unfavored" however won. They were Jerry Sadler for State Railroad Commissioner and Gerald Mann for Attorney General.

Coleman County voters favored three of O'Daniel's choice and rejected three. Those they approved of O'Daniel's selection were Richard Critz, Harry N. Graves and Bascom Giles.

County Enters WTCC Contest

Coleman was the seventy-sixth West Texas county entered in the West Texas Chamber of Commerce soil and water utilization contest. Official entry blank for the county has been filed with WTCC headquarters in Abilene.

County Agent C. V. Robinson of Coleman is chairman of the county committee organized to promote activity in the contest in the county. S. W. Cooper, secretary of Coleman Chamber of Commerce, is secretary of the committee.

Other members of the committee are: Miss Chrystene Trowbridge, Coleman, home demonstration agent; A. D. Pettit, Santa Anna, president of Coleman county F. F. A.; W. A. Powell, Coleman, WTCC director; J. L. Wilkinson, Coleman; W. F. Fowler, Coleman; John Will Vance, Shield; Garland Abbey, Coleman; George Pauley, Valera; Miss Myrtle Younglove, Coleman; and Mrs. Edgar Horne, Coleman.

The contest offers \$1,000 in cash prizes to West Texas counties with best records in soil and water conservation this year. Local committees in the winning counties will administer the prize money in promoting junior agricultural work. Deadline for entries in the contest was Sept. 1.

Mr. and Mrs. Racel Cupps went to New Mexico for a few days visit to the Carlsbad Caverns the first of last week.

Open House At Library Held Last Wednesday

Forty-three attended the City Library Open House Wednesday afternoon, August 24 from 1 to 5 o'clock and were shown through the library and told about the equipment. Miss Josie Baxter, librarian, Mrs. A. L. Oder, president of the library board and Mrs. Hardy Blue, member of the board, received the guests.

The library has been enlarged both in books and equipment within the last few months, largely through the efforts of the librarian, Miss Baxter. She has re-bound all books that needed repairs, has seen that more shelves were built, has made attractive posters and bulletin boards regarding newest books in the library and has arranged all books in the Cutter Alphabetic order. Cataloging of books will be completed soon.

An accession record of all books in the library has also been made. This record shows the number of the book, author, title, publisher, cost of the book, the year it was published and remarks about condition of the book and if donated, the donor's name is recorded. If a book is lost or discarded a notation is made of that.

Visitors at the open house also saw the banner, made by Norvel Wylie, which is placed in the library reading room. It reads, "Give Ye Them to Eat. It is not bread we ask for, but books. Food for thought, sustenance for the growing spirit."

Souvenir book marks in the shape of books, were given to each guest. The book marks were inscribed with the name of the library and date and the following quotation "When you turn down the pages in a book, you are turning down your best friend."

Books have been donated recently by Mrs. W. A. Standly, Mrs. E. R. Purdy, Mrs. N. D. Wylie, Miss Jettie Kirkpatrick, Mrs. Paul Van Dalsen, Mrs. D.

Faculty members of the Santa Anna Public Schools will begin their work for the year at a called general faculty meeting for Saturday at 9 o'clock at the high school building, according to announcement made by Supt. J. C. Scarborough.

School will officially start on Monday, September 5. Elementary school opens with a general assembly in the study hall at 9 a. m. Monday at the elementary school auditorium. Announcements will be made, books issued, and students dismissed for remainder of the day.

Monday and Tuesday will be used in the high school for registration and classification according to following schedule:

Monday: 8 to 12 a. m. Freshmen.
Monday: 1:30 to 5 p. m. Sophomores.
Tuesday: 8 to 12 a. m. Juniors.
Tuesday: 1:30 to 5 p. m. Seniors.

Students who have not previously attended Santa Anna High School should bring with them transcripts of their credits.

Regular class work will begin in high school Wednesday morning after a general assembly at 9 o'clock.

New Courses Added For the first time both physics and chemistry will be offered simultaneously in the high school. Before this, these courses have alternated by years. They will be open to students above the ninth grade and at least one of these courses should be taken by students who do not take Spanish, preferably both before graduating from high school. Supt. Scarborough stated.

The faculty of the high school, announced last week as complete, now has a vacancy. J. T. H. Mize, recently elected a band director, has resigned to accept the directorship of a college band in Mississippi. The Board of Education is seeking a replacement.

Places Announced In Baseball League

Fisk baseball team marched off with top honors in the Santa Anna Baseball League with Shield a close second and Rockwood and Concord teams tied for third place.

Fisk team won 11 games out of 14 played; Shield won 10 out of 14 and Rockwood and Concord won nine games each. Unless the tied teams care to, there will be no play-off of the tie. In that case they will take the \$40 for third place and \$25 for fourth and probably divide it as they see fit.

Fisk team will receive \$75 and Shield \$60. Distribution of the prizes will be made when the ball team managers meet, probably some day next week.

Investigation of Street Drainage Starts

Santa Anna Lions Club members have again taken the initial step in starting a worthy civic project. This time the group wants to insist on securing an engineer to estimate cost of constructing a drainage system on and south of the mountain to prevent streets, bridges and culverts from washing out every time it rains.

Those who live in the city and particularly those who live on the north side of town near the mountain will heartily agree that something has long been needed to carry off the water where it will not destroy property and where they can have assurance of passable streets at all times.

The Lions Club is not in a position to engage an engineer for the city but that group has asked the City Commission to do so and the citizens of Santa Anna owe it to the city and their own progress to cooperate in every way and encourage the Lions members and the City Commission in this project.

Rodeo Tonight Boosts Ranger Museum

Upon the success of the local rodeo tonight at the high school field depends largely whether the Ranger Museum will be built here as a tribute to the Texas Ex-Rangers, who have called Santa Anna their permanent home.

It is essential that the \$500 quota for Santa Anna be raised immediately in order to get the labor for the work. Santa Anna really could use to great advantage a community building and the building would hold historic interest also for all Texas patriots, since relics of the Ex-Rangers would be placed in one room of the building.

Your assistance is needed if you desire to secure the Ranger building.

Boat Races At Lake Brownwood September 4th

BROWNWOOD, Sept. 2.—In addition to the ten speed boat races for the Divisional Championship to be held at Lake Brownwood September 4, arrangements have been completed by the Brownwood Regatta Association to conduct a series of time trials over a one-mile straight-away course. These will be held in connection with the Southern Division Regatta, which will bring to Lake Brownwood the largest field of professional and amateur speed boat racers ever entered in any similar event in the South.

The speed trials will be under the sanction and direction of the National Outboard Association, and any records established in the Brownwood trials will be recognized as national marks. The National Outboard Association is sending Racing Commissioner Charles G. Steele from Chicago to conduct the speed trials at Lake Brownwood.

Announcements of the speed trials has resulted in receipt of additional entries for the Brownwood meet. Southern racers who have participated in speed boat races at Lake Brownwood in the past have been anxious to compete in official speed trials in the Brownwood waters, since Lake Brownwood is ideally suited to fast racing. Several racers have expressed the opinion that new national marks would be established in the Brownwood event next Sunday. The official trials also will provide a more spectacular event for spectators.

Interest in the annual races was heightened this week with the definite announcement that Gar Wood Jr., of Detroit had definitely decided to enter the Brownwood divisional championship event. The young member of America's royal family of boat racing will be here with a string of high-speed boats and expert drivers. He is expected to have at least two boats entered in each of the major contests. Gar Wood Jr., himself will drive in most of the races and will place an additional entry driven by Worth Boggeman, veteran boat racer who is now with the Gar Wood organization.

In addition, Mrs. Gar Wood Sr. who accompanies her son on his racing trips, has announced that she will sponsor and donate trophies for a special consolation race in Classes A and B for those who do not place in the Divisional contests. The consolation races will be staged immediately after the official championship races and the time trials.

Some 25 entries for the races already have been received from well known drivers from Texas, Oklahoma, Arkansas and other states, with indications that the number will reach 50 by Saturday.

The races will start promptly at 2 o'clock at the Lake Brownwood Boat Docks. Admission to the lake events is 25c and 15c.

Rockwood Opens School Monday, Team Practices

September 5 is the opening day of Rockwood schools, with 100 pupils expected in the high school and about 130 in the elementary division.

Coach Frank E. McCreary Jr. has already begun football practice with his team which he believes will be stronger this year than last. Rockwood team was the runner-up of the Class C district championship last year.

Faculty of the Rockwood school this year is the same as last and includes for the high school Supt. E. L. Allison, Frank McCreary Jr., coach and teacher of math and science; Miss Myrtle Tate, principal; Mrs. Thomas Carter, English; and Miss Elizabeth Richardson, Spanish.

Cross Plains Team Begins Practice

Cross Plains Buffalos began work outs for football season Monday, August 29. Six lettermen from last year's team are back. They are Granville Pierce, quarterback; Frenchy Bennett, half-back; Colvin Lackey, center; Jack Millan, guard or half-back; Teddy Walker, end or center; Basil Lusk, tackle. New hope is added for the team by several speedy athletes from Atwell, who have enrolled in the Cross Plains school.

TO THE CITIZENS OF THE 25TH DISTRICT:

I am deeply grateful for the splendid vote given me by the people of this district and appreciate their endorsement of my stand and clean campaign. As Senator from this district, I shall welcome at all times the advise and counsel of our people to the end that I may serve them efficiently and creditably.

Sincerely yours,
Penrose B. Metcalfe

Mountaineers Prepare For First Game

By News School Sports Writer

With the coming of fall, football teams all over the country swing into action and for the past two weeks have been getting in a little pre-season practice. Santa Anna High School Mountaineers have been working out daily for the last two weeks under the direction of Coaches John E. Little and Scott Jackson. The year's football schedule starts off with a bang, the Mountaineers tackling the powerful Coleman Blue-cats with first rattle out of the box on the night of September 16 at Coleman.

On the first day of practice,

COACH JACKSON

suited were issued to some twenty boys, and these have been reporting regularly to practice sessions in the morning and afternoon. There are only six lettermen returning from the 1937 squad and around these 6 boys the Mountaineer mentors hope to build their 1938 team, along with some good squadmen from last year, and three

or four transfers from Shield and Whon districts.

This year's eleven will be headed by Burton Gregg, senior, letterman as Captain, and Charles Wristen, junior, letterman as Co-Captain. Gregg played as a back most of last season but was moved up to tackle for the last two games. He has come back this year several pounds heavier and is due to run some one a fast race for all district honors at his position. Wristen is a mid-field end, weighing only 130 pounds but is as rugged an end as ever stepped on the field for the Mountaineers. The other returning lettermen are Wyndell Rowe, senior, end; Shag Garrett, junior, back; L. M. Guthrie, junior, guard; Buddy Lovelady, senior, center; and Hubert Henderson, senior, tackle.

In addition to these men there are several new members to the club that have been showing exceptional ability in the pre-season training. Among these is Charles Brown, a 165 pound back from Shield who has been showing plenty of speed and power. He is being groomed for the full back slot, and along with these duties he is slated to do a major portion of the passing and punting. Another new lineman that is showing plenty of power is Oran Henderson, a 170 pound tackle. Henderson has been a big pain to the offense in all of the scrimmage sessions so far, and if he can just come through under fire, the coaches' worries will be over about their tackles. Other boys who have shown some rare ability are L. V. Cupps, guard; Lee Schattel, center; Jimmie Zachary, guard; Charles York, back; Merle Wolfe, back; Bill Wade, end; John West, guard.

From the present outlook this

HEAD COACH LITTLE

his presence will surely bolster the Mountaineer squad. Several boys are expected to report for workouts as soon as school starts from the Whon and Shield districts, but it is not known what to expect from these boys for the coaches have not seen any of them.

Buffalo School Begins Week After Others In County

Buffalo Consolidated School opens a week later than most of the Coleman County Schools, beginning on Sept. 12.

Several changes have been made in the faculty this year. New teachers are L. W. Kiebers, superintendent, formerly of Cross Roads; Roger George, coach and principal, formerly of Valera; Mrs. Roger George, high school teacher.

Others on the faculty are O. W. Myers, vocational agriculture and Mrs. Mary Michaels, both high school teachers, and Mrs. Gladys Harding, Miss Thelma Long, Miss Leona McGilvray and Miss Nannie Marie Pearson.

About 250 students are ex-

pected. The high school has 21 1-2 affiliated credits and this year adds public school music to the courses. The home economics cottage which has been built during the summer, should be ready for use at school opening.

Few Vacancies Are Open at A-M For Cooperative House

A few vacancies still exist in the Coleman County cooperative home at A and M College, County Agent C. V. Robinson stated late last week, and boys in this county who are interested in living in the house while attending A and M must apply at once for a reservation with Mr. Robinson.

Mrs. P. B. Snook and daughter returned to their home at Gladewater after visiting her mother, Mrs. J. W. Kirkpatrick.

Thank You:

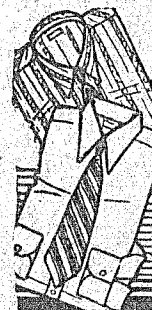

Friends and voters for your support in the runoff election and for your efforts in my behalf during the campaign.

I hope to serve you efficiently in the office of Commissioner of Precinct 2.

Results of Rodeo Events Show Several Santa Anna Men Place in 3-Day Show

A crowd of approximately 10,000 attended the second annual Santa Anna Rodeo last week on Thursday, Friday and Saturday. The show was directed by Earl Sellers of Del Rio and sponsored by the Santa Anna Rodeo Association of which Geo. M. Johnson is president and O. L. Cheaney is secretary.

Several Santa Anna ropers and riders won places in the three night events. Results by nights for the rodeo events are:

Thursday night money winners:

Calf roping — Bud Spillsbury, Fort Stockton, 17.5 seconds; Earl Sellers, Del Rio, 17.8; Tom Taylor, Sonora, 19.8.

Girls' Flag Race — Curley Seale, Baird, 18.3; Faye Marburger, Abilene and formerly of Santa Anna, 19.1; Patsy Blair, Coleman, 20.1.

Trade area calf roping — John W. Taylor of Santa Anna, only contestant to catch his calf, 39.6.

Wild cow belling — Otto Fridemore, Coleman, 18.4; Tom Taylor, Sonora, 21.1; S. G. Russell, Merkel, 40.7.

Boys' Calf Roping — Rex Beck, Talpa, 9 seconds; Hal Beck, Talpa, 29.5; Tom Kingsbery, Santa Anna, 30.2.

Bronc Riding — Slim Mattier of Pinlon, N. M., Van Brown of Houston, Ernie Barnett of Globe, Arizona, John Henry of Copperas Cove, Tack Bolton of Red Rock and Bill Taylor of Breckenridge qualified.

Boys' Steer Riding — Danny Bryan, Rockwood, John Carrigan, Coleman, Wallie Garey, Santa Anna, and Pee Wee Seales, Coleman, qualified.

Steer riding — Buck Killough, Abilene, Charlie Hood, Killen, Orval Thomas, Belton, Mutt Ray, Killen, Harold Dickson, Fort Worth, Hobart Flowers, Duncan, Okla., Lester Hood, Killen and Tack Bolton, Red Rock, qualified for prize money.

Friday night winners were:

Bronc riding — Slim Mattier, Pinlon, N. M., first; Texas Kidd Jr., Fort Worth, second; Jack Yale, Amarillo, third.

Calf roping — James Kinney, Comstock, 17.4; Leo Huff, Dora,

18.5; Frank Hoslick, Cameron, 20.9.

Girls' Flag Race — Faye Marburger, Abilene, 18 seconds; Curley Seale, Baird, 18.1; Patsy Blair, Coleman, 19.7.

Boys' calf roping — Rex Beck, Talpa, 14; Jack Kingsbery, Santa Anna, 18.4; Tom Kingsbery, Santa Anna, 25.1.

Trade area calf roping — John W. Taylor, Santa Anna, 65.5; Mac Rehm, Santa Anna, 78.8; Joe Barnes, Santa Anna, 82.2.

Wild cow belling — Tom Taylor, Sonora, 29.4; S. G. Russell, Merkel, 31; J. D. Brown, Santa Anna, 39.4.

Steer Riding — Buck Killough, Abilene, first; Elmo Wall, Houston, second; Harold Dickson, third.

Saturday night's winners were:

Calf roping — Jack Sellers, Del Rio, 14.3, best record of the show; Bud Spillsbury, Fort Stockton, 18.2; James Kinney, Comstock, 19.8.

Girls' Flag Race — Faye Marburger, Abilene, 17.3; Patsy Blair, Coleman, 19.6; Joe Morris, Coleman, 22.

Boys' calf roping — Rex Beck, Talpa, 8.3; Leon Featherston, Novice, 18.8.

Trade area calf roping — John Taylor, Santa Anna, 31; Boswell McAnally, Santa Anna, 78.1; Joe Barnes, Santa Anna, 108.1.

Wild cow belling — Earl Sellers, Del Rio, 23.3; Tom Taylor, Sonora, 31.7; Otto Fridemore, Coleman, 32.2.

Steer Riding — Hobart Flowers, Duncan, Okla., first; Chas. Bolton, Red Rock, second; Chas. Colbert, Tishomingo, Okla., third; Eddie Cameron, Houston, fourth.

Bronc Riding — Dude Colbert, Tishomingo, Okla., first; Van Brown, Houston, second; Eddie Cameron, Houston, third.

Jack Sellers, entered in a match roping contest with Roy Matthews of Fort Worth during the three nights, totaled 341 seconds for 15 calves and Matthews totaled 446.2. Sellers got a long lead over Matthews in the first night's roping by roping his five calves in 127 seconds. Matthews roped five in

194.7 seconds. On Friday night, Sellers roped five in 109.3 seconds, Matthews in 133.5. On the final night Sellers roped five in 104.7, Matthews in 118 seconds. Matthews won over Sellers in the match roping here at Santa Anna last year.

Spectators were given several scares during the three day performance. Thursday night Guy Dodgion, Fort Stockton, was kicked in the head by his bronc, Spike, when he hung dangling from his saddle. His foot was hung in the stirrup. Joe Coker, Houston, was thrown to the ground while riding a bronc, landed on his back and was unconscious for some time.

Pee Wee Seales, young calf rider of Coleman, received gashes about the eye when a calf he had ridden kicked him. Several stitches were taken. He was injured while dismounting from his calf.

On Friday night, Mutt Ray of Killen was injured in a fall from a Brahma bull and was taken from the arena in an ambulance to the local hospital. However, all injured in the three day events were able to be up and about soon after treatment.

ed reservations as the buffalo is today. That is surely a situation that none of us would like to see. In the early days after the Civil War, deer were found in most sections of this country, and everyone had the privilege to kill a deer. At the present time only a few have the privilege to finance a hunt into the deer country, which is in a comparatively small area in Texas.

The antelope at one time was thought to be an ever standing species, but today only a few herds are in existence in Texas, and now a completely closed season has been put on the antelope. Wild sheep and elk are becoming extinct and at the present time there is no open season on these mammals in Texas.

From the few examples cited in this column, I hope that it will encourage the people of this section to help conserve the few species on which we do have open season. Do not take your limit of game in a day just because you can and

the law allows such a limit. Take only that which you can use and do your little part in the game of WILDLIFE CONSERVATION.

Hospital Notes

Leon Browning, Pear Valley, a surgical patient in the hospital, was able to go home Sunday.

Wilburn Walker, Cross Plains, is a surgical patient.

Mutt Ray, Killen, was a patient in the hospital Saturday.

WITH OUR WILDLIFE

BY JOHN R. WOOD
State Game Warden

NEW LICENSES

New licenses to cover the season of 1938-1939 have been received by the license agents of the Texas Game, Fish and Oyster Commission. All new licenses will be in effect on September 1, 1938. This is to remind every one to purchase their new licenses before going hunting or fishing after that date.

Any one hunting outside the county of his residence must purchase a resident hunting license. Persons under the age of seventeen will not be required to purchase such license.

Any person who uses artificial lures of any kind must purchase an artificial lure license. This law does not exempt any one, regardless of age. This license is issued to residents of Texas only. Non-residents must purchase the five-day license or the full year non-resident fishing license.

The counties of Mason, Menard, Kerr, Schleicher, Crockett, Sutton, Kimble, Real, Edwards, Blanco, Llano, Kendall, Gillespie, El Paso, Hudspeth, Val Verde, Culberson, Kinney, Maverick, Terrell, Brewster and Harris require any one fishing with natural baits to purchase a resident fishing license. This license does not permit one to use artificial lures. But the holder of an artificial lure license will not be required to purchase the resident fishing license.

WILDLIFE CONSERVATION

There are so many reasons why we should conserve our wildlife resources that it would take a large book to give the details of this great work. I am sure, if you are like me, that it is very disgusting to return home after a hunting or fishing trip with the old game bag empty or no fish on the old fish stringer. That is a good reason to conserve our wildlife. During the time of plenty of game and fish, the thought of conservation was never considered. It was many years later, when a few species began to become extinct, that there was an opening of the eyes to a wildlife conservation program.

God did not put the animals and birds and fish on earth for just a few people to go out and take ruthlessly. The chances are 9 out of 10 that the surpluses of game and fish taken are wasted, and then that is gone forever and will never do anyone any good. You, the reader, whether a sportsman or not, know that you would feel hard toward our ancestors if all the game birds and mammals and insectivorous birds would have been destroyed as the buffalo (a nearly extinct species) and the carrier pigeon (an extinct species). Our forefathers killed the buffalo by the hundreds just to get their valuable hides, and the carcasses were left on the plains for the vultures. Did that show good sportsmanship. Did they think of the generations to follow? Their own personal benefit was the only object they thought of. So were carrier pigeons killed by the thousands and piled up by the farmers and burned. Again their thoughtless actions got the best of them.

At the present time the white-tailed deer are restricted to a small area in the United States, and if the decrease in the next sixty years compares with that of the last sixty years, the deer will be found only in the zoos and on protect-

Coleman Data Given on Births

Austin, Texas — In Texas during 1937, 698 mothers lost their lives through childbirth and associated conditions. Fatally struck 8618 babies under 1 year of age and 3,972 infants were stillborn. These facts become particularly distressing when it is realized that at least two-thirds of this motherhood mortality could have been avoided," states Dr. Geo. W. Cox, State Health Officer.

Coleman County had 335 total live births during 1937, of which 322 were white, 5 negro and 8 Mexican. One hundred fifty-eight of the infants were male and 177 female. Physicians attended the births of 328 infants, and midwives seven. One hundred thirty-one of the total births were in hospitals, and 202 at home. Eleven children were stillborn, giving Coleman County a rate of 3.3 per 100 live births. Twenty children died under one year of age, a rate of 69.7 per 1000 live births.

Tom Mix Circus Plays in Coleman Saturday, Sept. 3

Special to the Santa Anna News
Tom Mix, greatest of all western screen and circus stars, presents his own big 3 ring circus which will be in Coleman, Saturday, September 3rd on the ball park grounds where exhibitions will take place at 2 and 8 p. m.

Hailed as America's newest big show, the Tom Mix circus exhibits in Brownwood, Friday, September 2, moves to Coleman for Saturday and then to San Angelo in a cross country trek of 20,000 miles which has included stops at all metropolitan centers in the eastern and middle-western states. The circus is now enroute to his home state, California.

This year Tom Mix is presenting his 22 year-old daughter, Ruth Mix, who, like her famous father, is a star in her own right. Ruth Mix will appear in person at both performances in Coleman together with more than 200 world-famed arena stars, the world's most beautiful show horses and scores of performing animals.

The Famous Clarkonians, Europe's foremost riding stars, the Aerial Yardleys, the Flying Comets, the Moreno - Savillo troupe, Alexandro's exotic aerial ballet of lovely Hollywood girls, the Helen Ford company of lady polo stars, Les Cotelle's troupe, the Flying Lombardos and scores of other new and brilliant numbers fill the mammoth tented arena which will comfortably seat 10,000 spectators.

A gorgeous opening spectacle titled: "Romance on Parade," precedes the afternoon and night exhibitions and is well worth coming many miles to witness.

thumbed through the secretary's association records in his search for valuables.

He found nothing, she reported, but left several latent fingerprints that might lead to his apprehension.

Rides With Tom Mix Circus

Helen Ford, noted horsewoman and her mount, Rajah. Both appear with the Tom Mix Circus which comes to Coleman Saturday for afternoon and evening performances on the South Coleman ball park grounds. Four hundred people take part in the big show which will move through Santa Anna enroute from Brownwood next Saturday morning.

WITH OUR WILDLIFE

BY JOHN R. WOOD
State Game Warden

Author's Note: In this column will be given some of the habits of fish, present fishing conditions, and measures that will aid the increase of fish in Texas.

I believe we should understand that a few decades ago there was more fish for every person in Texas who desired to fish, than there could be at this time, even if the fish were protected by regulations now urged. Former inaccessibility of fishing places was the reason there was some good fishing left, even for this generation. There is yet no guarantee for the future.

Do you know that it was less than fifteen years ago before the sale of any fresh water fish of Texas was prohibited. The general law today prevents the sale of only black bass and crappie. These are the only two fish that are protected by a closed season. They are the fish that the so-called "sport" fishermen enjoy most. Of course special county laws prevent sale of catfish.

Under the general law the catfish does not enjoy a closed season, as the bass and crappie does. Certainly there are many who love to catch catfish, as well as those who enjoy game fishing. Usually the fishermen are out after the catfish, when they are at the

height of their reproduction cycle. Catfish do not often begin their spawning until well into the month of May and continue into the month of June. Every time you take a catfish during these two months, you are taking about 10,000 potential young catfish.

We have given the skunk better protective laws than we have the catfish. Certainly we should give a fish that we all enjoy catching and in turn produces food to many people a few protective laws. Naturally we like to display the head of a large catfish; so by a few protective laws we would furnish food, sport and trophies to those who enjoy catfishing.

BASS AND CRAPPIE

Most of the bass and Crappie spawn in the months of March, April and May, but in many sections of Texas the spawning will start in the last of February. If you are a bass or crappie fisherman, you will agree that a number of these fish have eggs in them during the months of February and May. The law at the present time prevents the taking of game fish during the months of March and April. It would be much better and more bass and crappie would have a chance to lay their eggs and get many millions of small fish started before the season will allow one to take the parents fish. There would be an immediate noticeably increase in these two fish, if such a law were passed. Consider the number of small fish that are destroyed each February and May by the angler, when he cuts a fish open and finds thousands of eggs

THE RED & WHITE STORES

unlaid. The fisherman immediately regrets that he took the fish, but it is then too late to save the eggs.

It is easily seen that the nine Texas fish hatcheries cannot supply enough fish for this state for the fishing public. The numbers of fishermen are increasing each year and as a matter of comparison last year the Texas Game, Fish and Oyster Commission sold 50,000 artificial lure licenses. Twenty years ago the Game Department sold only 5,000. This does not include the many thousands of people who fish with minnows and other natural baits. From this one can easily see that there are many who do not help replace the fish that they take. This burden rests on the shoulders of a few, and thereby makes the task too great to satisfy the ones who fish and return home with the same old story, "no luck today."

With the improvement of the natural environment of the fish, and by aiding nature with the reproduction and an adequate restocking program, we can make fishing better in Texas and best of all there will be fish to catch.

Did You Know That—
Sportsmen of Texas, through their license fees, are footing virtually the entire bill for the control of pollution of the waters of this state and that the chief beneficiaries of this program, including industry, agriculture, municipalities and the citizenship as a whole, contribute little or no cash support to it?

The U. S. Department of Agriculture is trying to produce a watermelon that will fit into the family icebox. The new melon will also be sweeter, disease resistant, and a better shipper. A cross with an African melon gives promise.

Recent steer fattening investigations conducted by the Texas A. and M. College Agricultural Experiment Station showed that supplementing sudan grass grazing with cottonseed cake increased the gain about one-third pound a day and added finish.

In curing concrete in hot weather, exposed surfaces should be sprayed with water at least twice a day or otherwise kept moist for a week or 10 days.

ball coaches, inexperience, is presenting itself in a big way to Mr. Little and Mr. Jackson. Only eight of the twenty-five or thirty boys that they will have on their squad have ever been on a football field before, and this is a great handicap to any coaching staff. After September 16th it will be known just what kind of a club the Mountaineers will have, and how much this inexperience factor is going to hurt the team for on that night Santa Anna plays their arch rivals, the Coleman Bluecats, and the old saying "Time will tell," is the only thing that can be said in advance for this year's club.

Double Heart Rodeo Opens

Sweetwater, August 30 — The non-professional cowboys of Texas will get their chance for participation in revival of the Old West days at the eighth annual Double Heart Ranch Roundup, Sept. 3-4 and Labor Day.

Located 10 miles south of here on highway 70, the Double Heart ranch, owned and operated by Ollie Cox, veteran rancher and rodeo promoter, has been the site for some of the most interesting shows ever staged in this section of West Texas.

World champion cowboys have made their appearances there on numerous occasions. The Double Heart rodeo—a sort of trail blazer—has been instrumental in bringing to West Texas such champions as Rube Roberts, Roy Matthews, Cleve Kelley, Louis Tendall, Herb Myers, Jake McClure, Goodspeed Brothers, Clyde Burke and others.

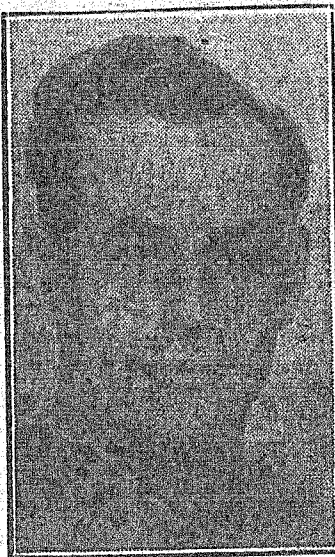

But in keeping with a reproduction of authentic days of the fast-passing Old West, roping events this year will be limited to true sons of the range who actually do work on ranches. This includes such ropers as Fred Albright of the DDD ranch, Ralph Collier of the Morris ranch, Coleman; J. L. Cook of Dora; Pete Ainsworth of the Spade ranch, Colorado; Rollins Campbell of Ballinger and many other rancher-cowboys.

In addition to calf roping and wild cow milking, there will be bull riding, bronc riding, wild mare riding, bull fighting, cowgirl bronc riding, junior boys' bull riding, trick riding and roping, cutting horse contest and acrobatic stunts. Scheduled are fiddling contests and an ugly man contest.

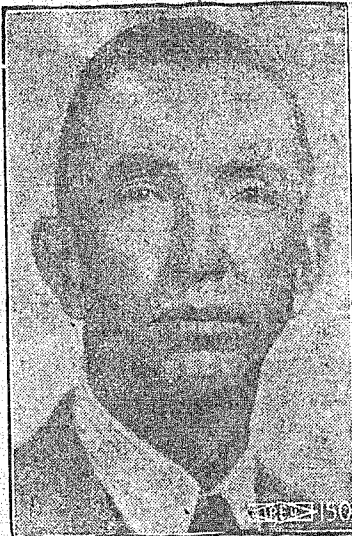

Rodeo performances will be in the afternoon only. There will be dances two nights.

Miss Aline Harper and her mother, Mrs. Pauline Harper, returned Monday from Canyon, Texas where Aline was in summer school for three months at the Teachers College. She will teach at Cross Roads this year.

Boll Worms Are Not Pink Worms, Says A-M Expert

College Station — Boll worms are doing extensive damage to cotton throughout central and south Texas and many people are mistaking this insect for the pink boll worm and are so reporting it to Texas A. and M. College, according to E. R. Reppert, entomologist of the Extension Service.

The pink boll worm never reaches a length of more than 5-8 inch and a diameter of more than the lead of an ordinary pencil, Reppert said, while the boll worm is much larger. The common boll worm varies in color and some individuals have a pinkish tinge, but the size should enable farmers and others to make the distinction between the two species.

Boll worms that have developed to a size where they hollow out the bolls cannot be poisoned as they do not consume a great deal of the surface of the leaf or of the boll tissue. Before they have attained their full size, however, they feed ac-

tively on the leaves and in this stage applications of calcium arsenate are effective.

To destroy these younger worms and to prevent later damage to the bolls, Reppert advises that calcium arsenate be applied as a dust at the rate of 8 pounds per acre. This should be applied with a machine capable of directing a powerful blast of the poison downward over each row.

The first application should be followed with another 5 days later and in cases of heavy infestation a third should be made after the same interval.

County agricultural agents in sections north of the present infestation are advising farmers to watch for the appearance of the boll worm and to prepare to poison before damage is done.

Jack Gregg visited with his parents, Mr. and Mrs. J. J. Gregg, the first of the week. Thursday he began work with Jones Printing Co. in Brownwood and will also attend Howard Payne College.

Miss Grace Mitchell returned Monday from her vacation.

Cotton Bowl To Draw Crowds At State Fair Ground

Prior to the opening of the Golden Jubilee State Fair of Texas, interest of the sports world will be focused upon the huge Cotton Bowl in the Fair Grounds on Labor Day night, when a crowd of 40,000 will gather for the third annual season opening spectacle of football, the Dream Game between world professional champion Washington Redskins and the greatest galaxy of college all-stars ever brought together in one group in the South.

This September 5 Classic promises to be the greatest of them all from a spectator's viewpoint because—unless all the experts are dead wrong, it can't miss being a sensational offensive battle. The Redskins, led by Texas' own outstanding contribution to the football world, Slinging Sammy Baugh of Sweetwater, are a scoring aggregation. They won the championship last year, not on their defensive prowess, but on their ability to turn sensational runs and passes into quick points when they were needed.

This year's all-star team, observers believe, will be of the same type because it will be coached by those daring exponents of the wide open game, Jimmy Kitts of the Champion Rice Institute Owls, and Fred Thomsen of the Arkansas Razorbacks, known for three years as the greatest passing team in the Nation. It will include the outstanding senior stars on these two teams last year, plus a galaxy of standouts from other schools in the Southwest and in other sections. The roster includes such names as the Aggies' All-American Joe Routh and Brahma Jones, the Razorback's Jim Benton, Jack Robbins and Dwight Sloan, the T. C. U. Horned Frogs' Linnon Blackmon, Bull Rogers and Mason Mayne, Louisiana State's Pinky Rohm, and, well, in all, 28 of the most outstanding senior college players in last year's campaign.

These all-stars launched training Wednesday (August 24) at an ideal camp set up on the grounds of the Dallas Salesmanship Club's Recreation camp for underprivileged children, which fund will reap the profits of the game.

A total of 155 stars will be presented in the two musical attractions which have been contracted for appearance in the auditorium during the Golden Jubilee Celebration of the State Fair of Texas. The Jubilee Follies will play the auditorium for 14 performances during the first nine days and the Hollywood Revue will be on hand to close the celebration with six performances during the last three days.
