"He Profits Most Who Serves Best"

VOLUME LV.

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, MAY 10, 1940.

NUMBER 19.

This Week in Our Town

"You're trying to get me elected to the wrong office," was the burden of A. O. Newman's complaint when he dropped in to see us Monday. 'S a fact! He gave us a small ad about his candidacy and through an error we got him down for County instead of District Judgeship. Newman says he did his turn as County Judge some time ago and isn't hankering for a return engagement. A district judgeship will suit him, he opines.

"I can keep the temperature at eighty degrees when it is 90 in the shade outside," said Raymond Kemp, of the Santa Anna Recreation Club Tuesday, referring to the cooling system just installed in the club. It is a revival of an earlier system plus up-to-date efficiency that gets the work done right. Habitués of the club will find it a cool oasis in hot weather.

"John Garner is the big factor in politics in Tennessee and Oklahoma," says M. D. Eubank, who returned last week from a visit to relatives in those states. Eubank had a very pleasant visit and met lots of old friends.

"Miss Marilyn Baxter's essay won the set of dishes in the Plax Contest," said Manager Raymond Williams of Burton-Lingo Lumber Co. Wilbur Clark claims to have helped Marilyn with the essay. Maybe so—but Marilyn has the dishes!

"When the clock runs down, the hand will stop on the name of a high school graduate," said Johnnie Payne, explaining the one-hand clock in his show window. "Every senior is listed on the dial and some one will receive a nice graduation gift from this shop." Payne is giving the lucky senior, if a girl, a bracelet; if a boy, a belt buckle and tie clasp.

"We are installing a Hydro-Therm sterilizer in order to assure patrons of our fountain that we are meeting all the requirements of the state health board for the protection of the public health," explained the clerk at Phillips Drug the other day. This is the second of this approved make to come to Santa Anna, Spencer having installed one a while back.

"It was a good rain and every one is happy," remarked half the early morning crowd at the post office after that 2 inch rain fell the other afternoon and night. All set now for good crops this season, so everyone should be in tenses in the News, and act the proper mood to read ad- upon them.

"How do you like our building now?" queried Wilbur Clark, local manager of the Coleman Gas & Oil Company, when we entered the newly remodelled office last week-end. With the front office remodelled and redecorated and the exterior painted white, the place is very attractive. Sufficient gas and electric outlets were provided in the remodeling to permit utility demonstration. If every property owner in town would follow this remodeling example, Santa Anna would look a lot different—and better.

"It pays to advertise," said C. A. Curry Wednesday. His daughter lost a purse—he put a small ad in The News—the purse was returned to this office—total cost two bits.

"The range is in clover and our small grain crop goes to highest prospects after indications for a very lean one in a few days time," was the report of a local farmer. That's fine. Two years ago the "worms" did us dirty; last year was druthy; prospects for this season should not turn to dead sea ashes.

"Don't you get tired of all the music?" asked the new manager of the Blue Bonnet Cafe. Not to speak of just yet, but maybe a little later. There is one record in which the "song" "writer" has to swipe some of the credit due the writer of "Gone With the Wind," a record wherein some sap blarney about blue birds in the rain so idiotically that any self-respecting blue bird that heard

This Work Pays Your Community Week

Beginning May 20 a week has been set aside that will be nationally known and observed as "This Work Pays Your Community Week." During this time the sponsors of W. A. professional and service projects extend an invitation to visit these projects.

In Santa Anna we have the sewing room, recreation, which includes the supervised activities at the recreation room and the parks, and the library. In Coleman there are in addition to the sewing room and recreation, the housekeeping aid, nursery school, matron service, school lunches and tax survey.

On the night of May 20 there will be a nation wide program to acquaint the public with the activities of this work. The Santa Anna program will be held on the street beside the sewing room. The main features of the program will be radio speeches by Mrs. Roosevelt and Col. Harrington, national administrator of the Works Projects Administration. The Recreation project will furnish the rest of the entertainment of music and games.

During the rest of the week, May 20-25 the public is cordially invited to attend the open house held by these projects. Thursday, May 23, the sewing room will remain open at night so that the working people may see the sewing room in actual operation.

SANTA ANNA PARTICIPATES IN NATIONAL WPA PROGRAM

You don't need a string on your finger to remember these dates—May 20 - 25. During that period various Works Progress Administration program phases such as sewing rooms, libraries and recreation departments will have programs for the entire community.

The celebration will be opened Monday night with a program stressing the theme, "This work pays your community." Eleanor Roosevelt and Col. Harrington, a national head of the WPA will speak on a radio broadcast originating in Washington, D. C.

The recreation department will be in charge of the local program for that evening. Exhibition games, music and exhibits will be featured.

Please watch for the announcement of the time and place for the program in next week's News.

TEXAS PRESENTS JOHN GARNER

John Garner, the farm boy who became the greatest Vice President since Thomas Jefferson, was officially presented to the nation by his native Texas this month as a candidate for President of the United States.

Patriotic Texans assembled at precinct conventions Saturday May 4, and at county conventions Tuesday of this week, where delegates were chosen for the state convention.

Unlike the favorite son candidates of most states, John Garner is a leading choice for the nomination. His unexampled public record makes him the most unique state man of our time. Not only is he the only farmer who has presided over both Houses of Congress, but he is the only farmer who has been elected to a national office by a vote of all the people of the United States since before the Civil War.

Because of his liberal record, his leadership, and his unopinioned Americanism, it is believed that in Washington he will be the best bet to carry the Democratic Party forward to victory this fall.

Reverend Morgan's Bible Studies

Here are the answers to the Bible questions in The News of April 12.

1. Four important events which occurred about 100 years after the Flood are as follows:

The attempted building of the Tower of Babel; the Confusion of Tongues which gave the dispersion of the people (nations) over all the earth; and the dividing of the Earth.

Prior to the Flood the whole human species was one race with a single language, but after the Flood the Lord saw fit to divide the race into ethnological groups, the descendants of each of the three sons of Noah forming a separate and distinct group.

The attempted building of the Tower of Babel, the Confusion of Tongues, and the dividing of the people into ethnological groups, all were the result of man's sinfulness.

2. The Lord divided the earth into two hemispheres, the Eastern Hemisphere, or it may include some or all of the smaller sections. But a careful study of the map of the world will show that these two hemispheres, if brought together, would fit into each other almost as perfectly as the parts of a cut-out picture puzzle, which indicates that the two were originally one. This is the simplest and sanest explanation of the origin of the various races, languages and nations of the earth. (See and 32 and Gen. 11:1-9.)

3. Abraham was 75 years old when he departed out of Haran.

4. Genesis 12:11 and 14 seem to indicate that Sarai, although past 60 years of age, was still an attractive woman.

5. It was Lot who was greedy for great wealth and lost everything. Chapters 11 and 19.

6. On his return from rescu-

ing Lot, Abraham was met by that wonderful, unique character, Melchizedek, king of Salem (later Jerusalem) and "priest of the most high God," and a type of Christ. (See Hebrews 7:1-3.)

7. It was God who brought out of Egypt more than 400 years before it took place. (See Gen. 15:13-14.)

8. Abram was 36 yrs. when his first son, Ishmael, was born. (Gen. 16:15.)

9. He was 99 years old when he was changed from Abram to Abraham. The name Abraham means "high father."

10. The name Abraham meant "high father" and "many sons."

11. Sarai was ten years younger than Abram, so she was 27 when her name was changed to Sarah, meaning "princess."

12. Isaac was named a year before he was born and God named him. (Gen. 17:19.)

13. God promised to make great nations of both Ishmael and Isaac, but his covenant was with Isaac, the son of promise, through whose line the Christ should come.

14. The first reason God gave for blessing Abraham is found in Gen. 18:19.

15. When Sodom was destroyed, Lot was saved through the intercession of Abraham. (Gen. 18.)

16. The two daughters of Lot were the mothers of their half brothers. (Gen. 19:30-38.)

17. For Abraham's half-brother read Gen. 20:1-12.

18. Ishmael was probably about 15 years of age when he and his mother were cast out by Abraham. (See Gen. 21:14.) He was 14 when Isaac was born.

19. The four great crises in Abraham's life, each of which

involved the surrender of some thing very dear to him were leaving his country and kindred (Gen. 12:1), the separating from his nephew Lot, his possible heir whom he loved very dearly, (Chapter 13) the surrender of plans for Ishmael, his first-born (Gen. 17) and the demand for Isaac. Chap. 22.

20. The second reason God gave for blessing Abraham and Isaac is found in Gen. 22:18. The third reason is given in the scriptures where God said to Abraham: "And in the next generation, one of the earth shall say because thou hast obeyed my voice."

21. Sarah was 127 years old when she died, and her age is doubtless correct because as the wife of Abraham, she was the mother of the chosen people and an ancestress of the Christ. (Gen. 23:1.)

22. From the 22nd chapter of Genesis, the price paid for the burial plot, 200 shekels of silver, would equal about \$250.00 of our money.

23. The beautiful girl who accepted a proposal made by her brother, and who had never seen him, was Rebekah, and the man was Isaac. (Gen. 24.)

RAILROADS TO SELL TRAVEL ON INSTALLMENT PLAN

Into the news this week comes an announcement that will bring cheer to the hearts of the legions of substantial Americans who want to travel but can't spare the money just now. The plan, which becomes effective May 20, is exceedingly simple. The prospective user merely goes to the ticket office of the cooperating railway over whose lines he wishes to travel, or to a travel agent, and makes application for credit in the amount of the cost of the proposed trip of four. If the routine credit inquiry indicates an ability to meet monthly payments, he is notified that his ticket is ready for him. The only contact in connection with the application is with the ticket or travel agent, just as though the ticket were being purchased for cash. The application is passed upon within twenty-four hours.

Use of the Travel Credit Plan requires no collateral, only the signature of the individual. The cost of the proposed trip however, must total \$50 or more to be eligible for purchase on credit. No down payment is required. There is a nominal service charge for the credit accommodation.
