VOLUME LV.

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, APRIL 12, 1940

NUMBER 15.

## This Week in Our Town

"Have I noticed any change in conditions since the rain?" interrogated Mr. Mathews of the Mathews Motor Company. "I'll say! Business picked up the next morning—three top jobs and a differential, all on account of the hail and rain." It is but a few who can report such immediate business upturn because old Jup. Pluv. paid us a visit. Others were the broad smile of satisfaction.

"Lemme borrow that film a minute" was requested several times last Sunday when we took a shot at the eclipse through a dark photographic film (developed). We accommodated. It was a fine eclipse, lacking but a little of being annular even this far from the path center of the phenomenon. Probably several folks had a crick in their k-necks from gazing up at the moon occluded sun. Blackened noses from smoked glass was a common sight. Even young ladies chased kid sisters down a sidewalk for a nose-blackener.

"You can't sell folks things when they have no money to buy with," three or four of our business people commented on being asked about their advertising during the last two or three weeks. Maybe the wrong attitude is held by a number of our business people. They might ponder on what do the people use for money when they do so much buying in Coleman, Fort Worth, Brownwood and Dallas? Might pay to attempt to keep whatever they use for money in Santa Anna. If it will buy goods in other towns it's good enough for Santa Anna merchants to take across the counter.

"This paper was sent without my request and I don't think we are under any obligation to pay for it," says a letter from a reader in Jayton several years in arrears. The reader presumably knew the management for the past ten months was not acquainted with circumstances. Readers in arrears who are sincere and want to do the right thing take up the matter with us and make arrangements to continue or stop the paper. The other kind keeps quiet for ten months and then says he didn't order it. We believe we have off the list now the six or eight of this "no obligation" list. They are under no obligation, but they chiseled (polite word) us out of almost a year's reading before declaring themselves. It's better for our advertisers thus.

"Doesn't Mr. Gregg get up on his ear and tell people a few things?" enquired a young man the other afternoon. "Since I've been here two parties have had him to attend to newspaper affairs for them and paid no attention to your office force." No, Gregg is not so impolite. Owner of the plant, he has the interests of the paper at heart despite the fact he has, because of a lease, no connection whatsoever with the paper. He should get peeved occasionally, especially when someone burles in on him when he is busy with his own affairs, as has occurred on one or two occasions.

## SADLER SAYS FEDERAL TAXES LOST TO TEXAS

The Federal Government stands ready to match Texas in paying old age pensions up to \$40 a month and taxes which Texans are now paying are being diverted to other states declared Jerry Sadler, aggressive young State Railroad Commissioner, in a speech launching his candidacy for governor.

"If our people are to benefit by this change in the federal law, which became effective last Jan. 1, another constitutional amendment must be submitted to a vote of the people to raise our State limit on pensions from \$15 to \$20," Sadler said.

## Dr. J. P. Board Is New Trustee

In the city school trustee election held Saturday, W. H. Hudding and Jess Howard were re-elected and Dr. J. P. Board was elected to take the place of E. T. Vinson who was not a candidate for reelection. Twenty-six votes were cast.

## Farm Aid Group To Consider the Debt-Burdened Farmers

Small farmers, already struggling against forces which threaten to drive them and their families off their farms, cannot be expected to carry a top-heavy load of debt in addition to their other troubles, said Leon C. Ranson, Farm Security Administration supervisor, in announcing a meeting of the Coleman County farm debt adjustment committee.

The meeting will be held at 10:00 Tuesday, April 2, Farm Security Administration office.

"Both farmers and creditors are invited to the meeting," the supervisor stated, saying that often debt adjustment is the result of the request of the creditors who are anxious that their farmer customers remain on their farms in the community, that they can have further business dealings.

The farm debt adjustment committee, the supervisor explained, is a group of local men who seek to work out a repayment schedule for the farmer that is within his ability to pay and is fair both to him and his creditors.

"Reviving a farmer's structure so as to bring his obligations within his ability to pay is one very effective means whereby he can remain on his farm, make a living for his family, and at the same time pay off his creditors," he said.

Mr. Ranson said that creditors have been willing upon the committee's recommendation to grant the farmer additional time to pay, reamortizations and sometimes scale-downs in principal and interest under these conditions.

## School News

### Ward School Enters District County Contests

The Santa Anna Ward School will have one representative in the Interscholastic League District meet in Brownwood this week-end. Robert Jeffreys, Jr., who won first place in the county Ready Writers contest will compete in the district contest today.

The Ward School boys and girls softball teams will go to Coleman Saturday to play in the county contests.

### TEXAS DID HER PART FOR THE FINNISH RELIEF WORK

Texas contributed \$33,302.87 to Finnish relief aside from corporation contributions made direct to Herbert Hoover's committee by the home offices of many concerns having branches in this state. These figures were released by Capt. J. F. Lucey, Texas Director for the Finnish Relief Fund, this week from his office in Dallas. At the same time Capt. Lucey said the staff headquarters and the state organization are being discontinued. While Texas donations were not the largest, nor did Texas lead the states in number of donations, Capt. Lucey said, yet it was one of the ranking states. Only New York, Illinois, California and one or two other states are credited with a greater total in contributions.

### State Fair's List For Schools Now Being Distributed

Premium lists for all school contests and exhibits which will be held as a feature of the 1940 State Fair, are now being distributed to every school in Texas. It has been announced by Miss Edgar Ellen Wilson, deputy State Superintendent at Houston, who has been named chairman of the committee in charge of the contests and exhibits by L. A. Woods, State Superintendent.

Prizes amounting to more than \$1,000 are listed in the eight contests offered; which are School Exhibits, Fall Band Festival and Clinic, Spelling Contests, Choral Singing, Public Speaking, Rhythm Band Contest, Hobby Show and School Beautification Contest.

"How is Henry getting along with school Eph?" "Not so well, Gawge. They're learnin' him to spell taters with a 'p'."

## COLEMAN COUNTY LADS WIN PRIZES IN HOUSTON LIVESTOCK SHOW

Coleman County youths came back with several medals and some money from the annual Houston Livestock Show. Prizes won include:

Calves of over 1100 pounds, William Curtis Henderson, Burkett, second; over 900 pounds, William Curtis Henderson, fifth and Arthur Edwards' calf took ninth place in its division. Arthur is also from Burkett.

William Curtis took second place in the group of three and the Burkett delegation won third place in the carload lot of 15 calves.

Other prizes included: calves under 900 pounds, William Curtis Henderson, ninth and James Henderson, 15th; Angus calves under 900 pounds, Arthur Edwards, eighth; capons, trio, James Henderson, fifth and single, James Henderson, fifth.

J. B. Smith, 4-H Club youth, entered a calf in the show and the Talpa FFA entered three calves.

Arthur Edwards, James Henderson and Curtis Henderson, all of the Burkett FFA, entered four, two, and five calves, respectively.

## COUNTY WINS MORE POINTS

Extension district 7 which includes 19 counties in the heart of Texas led all other districts in the state with the construction of 1,927 frame gardens during 1939. These were kept in continuous production throughout the year in an effort to achieve adequate diets for farm families in this vicinity, according to Maurine Hearn, district home demonstration agent.

Coleman County led the district with 423 frame gardens established under the supervision of Miss Christine Trowbridge, County Home Demonstration Agent, and McCulloch County was second with 298. Nearly 11 million row feet, or about 2,056 miles, were planted to vegetables in frame gardens, field and home gardens during the year, Miss Hearn says. As much as 338,000 quarts of fruit, vegetables, and meats valued at \$129,437.37 were canned in addition to the food which was brined, dried, or stored fresh. More than 100,000 pounds of meat were cured.

Home demonstration work in what is known as Extension District Seven was begun in Comanche County in 1912, the district agent recalls.

At the outset 4-H Club girls were encouraged in growing and canning tomatoes for home use. "It is significant that 1939 found the 4,063 home demonstration club women and the 2,535 4-H Club girls in the district are just as concerned as the homemaker of 1912 about the proper feeding of her family," Miss Hearn comments.

To produce fruit tree seed-budding in 1940, more than 20,000 peach seed were planted in 1939 in addition to the 8,000 fruit trees, grape and berry vines which were planted and are still living. Although about a quarter of a million pounds of fruit were produced for home use in 1939, these new plantings should increase that figure substantially within a few years, in Miss Hearn's opinion.

While women and girls of this district worked toward greater consumption of the South's staple product, cotton, they made 411 mattresses at home and purchased an additional 406 commercially-made mattresses. Too, they added nearly 7,000 cotton sheets and pillow cases as well as many mattress protectors and bedspreads made of cotton.

These homemakers, 4-H Club girls, and county home demonstration agents were not satisfied with what they were doing for themselves but extended a helping hand to 11,433 neighboring families who wanted help toward better homemaking and enriching living on the farm and ranch. This brought the service of home demonstration work to 16,533 families, according to the district agent's report.

The value of knowledge depends on your ability to use it. Support home merchants.

## WEST TEXAS TYPICAL AMERICAN FAMILY TO GO TO NEW YORK FAIR

The Fort Worth Star Telegram and the West Texas Chamber of Commerce are sponsoring the sending to the New York World's Fair one of thirty-three typical American families, which families, during the progress of the 1940 fair, will be the basis of developing the "American Way of Life" theme of this year's fair.

The family for the West Texas area must be in New York by May 20 be prepared to be out of the state for two weeks and will have all expenses paid from home and return. The family, according to the ruling of the New York Fair, must consist of a husband, wife and not more than two children.

This will give West Texas an opportunity to put over some worthwhile publicity and to overcome the eastern and northern erroneous impressions of our region. With our 95 percent American born white population, our unexcelled support of schools, churches and basic American institutions and with our production of basic commodities, our section leads in Americanism, and this contest will be a great vehicle for publicizing the high character of our citizenship, resources and potentialities.

## WASHINGTON SNAPSHOTS

Washington's strategists have now figured out a way to keep the year's real bad news away from farmers, small businessmen, and white collar taxpayers until 1941.

The bad news will be a combination of higher taxes and a reduction of federal handouts. Both are certain.

The budget submitted to Congress, as most readers will recall called for another deficit. This deficit would have brought the debt to only \$41 million less than the \$45 billion permitted by law. That is an extremely slim margin when one remembers that the \$41 million is only 1-225th of the total \$9 billion budget.

Congress started off in an economy drive. Now, stimulated by pleas of various bureau chiefs and appeals from thoughtless constituents, economy has been crippled if not thrown out the window.

As things now stand, Congress is either going to have to authorize the government to go further into debt or raise new taxes. The catch is that it does not have to act immediately, because the debt now is only \$42 1/2 billion or 2 1/2 million under the limit.

So the strategists have figured it out this way: Congress will go ahead and preserve what remains of its economy. It won't do anything about taxes or the debt limit until after it meets next January.

Then when election time rolls around next November, voters won't be especially conscious of the financial dilemma. And Congressmen of all political faiths who have helped to end the economy drive won't be called to task.

Only one major change may be made in this strategy. There is some talk about creating a special Commission to study the whole tax and financial problem after Congress adjourns. Thus the voters could be told that they had nothing to worry about, because this Commission would solve the problem. The solution still will be higher taxes and a cut in federal handouts, regardless of what the Commission might do or of which candidates win in the November elections.

While all this talk and planning proceeds, the debt continues to rise. The first 261 days of this fiscal year, the federal government spent an average of \$10,471,763 a day more than it took in. That amounts to more than \$7,000 a minute.

A Kansas farmer stopped at the bank to see if he could arrange a loan on his farm. "It might be arranged," said the banker. "I'll go out with you and appraise it." "You needn't bother," said the farmer noticing a black dust cloud rolling up the road. "Here it comes now."

## Recent Rains Have a Beneficent Effect On Business Trend

The approximate three inches of rain that fell last week, accompanied by hail that did but slight damage, assures this section a good crop season, leaving but one worry in the minds of the growers—prices.

As soon as it was ascertained that the hail damage was negligible and the rainfall adequate, the mental attitude of the section rose to new heights. Outlook for good crops was reflected immediately in many lines and the mental attitude in most others, in addition to indications of business increases, was apparent.

Various business men were interrogated Wednesday on the situation and every one stated that improvement was noticeable, some citing the approximate increase over similar period and others saying that the increase was noticeable. Three only had to admit that the return to the upward levels had not been indicated by dollars in the till as yet, but they were satisfied their lines would reflect the upward trend when their lines of wares came into need in the near future.

Taken all in all, the people of this part of West Texas face the next few months with assurance and high hopes. Only unforeseen weather conditions and plant pests can dampen the enthusiasm before harvest time.

## ERNEST LEE WOMACK'S POETRY PUBLISHED

Ernest Lee Womack, who writes poetry as a hobby, in March was honored by having poems accepted for publication in two poetry magazines.

Kaleidograph, a national magazine of poetry published monthly in Dallas, chose, "Her-ald of Spring," a five line poem known as a cinquain, to use on the front cover of their March issue.

A second poem, "Hope" was published in the March number of Westward, International Magazine of Verse, published in San Leandro, Calif.

The two poems are given below:

## HERALD OF SPRING

March winds  
Are trumpet blasts  
Of nature that announce  
To earth, the resurrection day  
Has come.

## HOPE

When hope, that unseen thing,  
Lives  
In the heart of men, it gives  
Strength, encouragement to  
carry on,  
Though victory seems gone.  
Its source is beyond a mind  
Of small and finite grasp. We  
find  
Men hope when they know the  
might  
And power of God will cause  
the right  
To be the only force strong  
Enough to conquer wrong.

Tommy, crying lustily, came out of a room in which his father was tacking down a carpet. "Why, Tommy, what's the matter?" asked his mother. "D-D-Dad hit his finger with the hammer," sobbed Tommy. "Well, you needn't cry about anything like that," comforted his mother. "Why didn't you laugh?" "I did," sobbed Tommy.

REAL ESTATE BARGAINS

Among the good values recently listed is an 80 acre farm, 50 in cultivation, one of the best little farms in Coleman county. Price \$2,000. Some terms.

3,000 acre ranch 10 miles southwest of Brownwood. Well improved, good dwelling, barns, plenty of water, a bargain at \$12.50 per acre, terms.

Still have that good goat ranch, 2,000 acres, for sale at \$6.00 per acre with terms. Would consider small amount of trade if priced according to the price of the ranch.

See me for other bargains. J. J. Gregg

All members of the Choral Club were present for the meeting at 6:30 Wednesday evening at the home of Miss Elsie Lee Harper. One new member, Mrs. Jess Moore, was enlisted.

In addition to practice for the program to be given at the county School of Instruction Friday, and a special number to be sung between acts at the senior play at the high school building Friday evening, the group is working on some new numbers.

**EDITORIAL**

There are only about twenty-five more days of school, but in twenty-five days a lot can be done. These last twenty-five may determine for us whether we remain in the same class or pass on to the next.

Some of us are hanging on the border line and one good grade or one bad grade can tell us whether we pass or whether we fail. Even in the case of the student that the road looks hopeless, he may learn some things in these last days that will help him get along better in the same class next year.

So students, let's get down to work so that we may "sail on."

**SENIOR PLAY CAST**

Casting has been completed and rehearsals are now in progress, for the Senior Class local presentation of "Oh, Promise Me," (the new three-act stage farce by Pete Williams, which is being produced here by special arrangements with Samuel French of New York.

Featured in the cast are: Seth Miller, played by Archie Dean Hunter; Furber by Wallace Woodruff; Barry Hollis by Bill Williamson; Mrs. Sue Hollis by Flora Barrington; June Hollis by La Verne Friddy; Kathleen by Shirley Jeffreys; Ann Furber by Betty Sue Turner; Patste Linden by Dorothy Ross; Mrs. Linden by Mickie Parker; Gladys Vance by Ruby Dunn; Ralph Saunders by Shag Garrett and Mrs. Jones by Wilma Mills.

Miss McCreary, who is in charge of production for the Senior class believes, "Oh, Promise Me," is sure to prove one of the most successful plays ever presented in this community. Although it had its premiere only last season, it has already established itself as one of the funniest farces in years, and is widely in demand for production throughout the country. It is to be presented Friday evening, April 12 at 8 o'clock.

**HOWARD PAYNE INVITATION**

Howard Payne College has invited the seniors to attend the annual Howard Payne Day, April 20. They want the seniors to choose most beautiful and most representative girl of the class to be a duchess in the contest which they will sponsor to choose Miss Senior Class of 1940. The winner of the contest will be presented and crowned queen in the evening.

Santa Anna Wins Second In On Act Play Tournament

Santa Anna won second at Coleman, March 29, in the one

act play tournament. They presented, "Dust of the Road." Coleman won first place and will go to district.

Thomas Myron Hayes won first in boy's acting.

**Scribblers Honor Retiring Editor**

The members of the Scribblers Club gave Willyne Ragsdale, the editor, who will graduate this year, a set of book ends in appreciation of her faithfulness and good service.

She served the other members with candy during club period.

**Homemaking Club Has Picnic**

On Monday, April 1, 1940 the F. H. T. Chapter and guests hiked out to Coleman hill where a picnic was enjoyed.

Those who attended were: Mrs. Hill, club sponsor, Ruth Morris, Wilma Mills, Dorothy Douglas, Carolyn Kingsbery, Mary John Wade, Lily Pearl Niell, Jean Herring, Merle Ferguson, Rachel Parker, Mary Mills, Emma Kate Parsons, Kathryn Williamson, Mary Joyce Hill, La Dell Loudamy, Quinivive Prestidge, Corrine Densman, Billie Turner, Edith Shields, Francis Moore, Fredna Watkins, Dorothy Ross, Mickie Parker, Maudie Kathryn Ashmore and Mary Frances Talley.

**Girl's Softball Team Selected**

The girl's interscholastic softball team will play at Coleman April 13. The following girls have been chosen: Allie Cille Garrett, catcher; Ruth Morris, pitcher; Emma Kate Parsons, first base; Margaret Bruce, second base; Doris McGahey, third base; Anna Mae Petty and Fredna Watkins and Quinivive Prestige are the fielders. This team defeated Buffalo 13 to 7 Wednesday.

**Assistant Editor Takes Charge**

April 2, at the usual club period, Lilly Niell, assistant editor, took charge after Willyne Ragsdale, editor, retired from office.

We have enjoyed working with Willyne and want to welcome Lilly by handing in good articles.

**APPLICATION FOR H. S. FFA CHAPTER IS GIVEN APPROVAL**

Application of the Santa Anna High School chapter of the F. F. A. for a renewal of its charter for the 1939-40 school year ending July-1, 1940, has been approved by A. J. Spangler F. F. A. adviser for Area 4.

According to Mr. Spangler some of the outstanding features of the application that make this chapter, under the leadership of A. D. Pettit, one of the strong chapters of Area 4 are as follows:

Secretary Joe Flores reports a chapter membership of 69 farm boys which gives the chapter a rating of 100% of all boys enrolled in vocational agriculture in the department as being active members of the F. F. A. Chapter. In checking over the program of work submitted for

the chapter, I find that supervised practice in each boys long time farming program on the home farm has been well taken care of as well as the FFA activities of the chapter. Some of these activity high-lights are as follows: Annual Father-and-Son Banquet, parliamentary procedure has been taught to each member of the chapter, each member has had opportunity to serve as a leader on some special committee, each item of business is under the direct supervision of a committee with no other responsibility, the business of the chapter is carried on in a true democratic manner, and each and every member feels that the success of the entire program depends upon his doing the job assigned to him by President O. L. Cheaney, who serves as an ex-officio member of all committees and leads them to carry out the plans set up.

**Garner Logical Man For President Says Senator Sheppard**

Morris Sheppard, distinguished senior Senator from Texas and dean of the Congress, pledged his support to the presidential campaign of his fellow-Texan, John Nance Garner, in a nation-wide broadcast at Washington last Saturday night March 23.

Praising Vice President Garner for his sterling character, long experience in governmental affairs, and loyalty to the liberal program of the present administration, Sheppard declared that Garner "is the ideal successor to the Presidency in 1940."

Senator Sheppard traced Garner's notable record in public life. After serving as a County Judge of Uvalde County as a member of the Texas Legislature, Garner came to Congress. Sheppard said, and served on the most important committee, became minority leader, then majority leader and finally speaker of the House. He has been Vice President of the United States for the past seven years.

"He is the only living man who has presided over both houses of Congress," Sheppard said in contending that the Vice President is the best qualified man to be President.

"Garner has run up his own flag, and under that flag he stands a genuine and individual American. Liberal in his political philosophy, conscientious and capable in his devotion to the public good, temperate in all things, a man of unquestioned integrity and of unusual strength in intellect and character—John Nance Garner looms, today on the threshold of his greatest service to America."

Senator Sheppard, best known for his authorship of the Eighteenth Amendment, is more familiar with John Garner's ca-

reer than any other man. He has served continuously with Garner in Washington for 37 years.

**WOODWARD AND STOKES ASSISTANT GENERAL COUNSEL**

Garland A. Woodward, counsel of the Federal Land Bank of Houston and William N. Stokes, Jr., counsel for the Houston Bank for Cooperatives, have been named assistant general counsels for the Farm Credit Administration of Houston.

Mr. Woodward was born and reared in Coleman, Texas and received his legal training at Vanderbilt University. He has had wide experience in legal work, including twelve years of private practice at Coleman, several years of corporation work, and ten years of private practice at Big Springs. Mr. Woodward came to The Federal Land Bank in July, 1937. He is the son of the late Judge J. O. Woodward of the Thirty-fifth Judicial District.

**PASTOR PRAISES WORK DONE IN NYA PROJECT**

The following article was written by J. W. Burgett, pastor of the Cumberland Presbyterian Church, after a visit to the N. Y. A. girl's project last week.

"If you would spend a pleasant and profitable hour, just visit the N. Y. A. girls in the old athletic building near the Santa Anna High School. My wife and I had the happy privilege of visiting them on Friday afternoon of last week. We were agreeably surprised at the things they are learning and doing under the able leadership of Mrs. Alice Moseley.

These are Santa Anna and Coleman County girls and they are learning things worth while. This is not just another government project to spend money, but is a sincere effort on the part of the government to aid and train girls who have not been able to find work since finishing or leaving school. They are learning and earning at the same time. Learning and doing things that are of practical value now and will continue to be so, as long as they live. The project deserves the interest and support of the citizens of the town and county.

One of the earnest requests of Mrs. Moseley and the girls, is that you visit them and see for yourself, what they have done and what they are doing. So far people have not recognized this as a thing worthwhile.

The invitation to come again was pressed and I intend to

avail myself of that opportunity. I am for it."

Brown county during the fiscal year ending Aug. 31, 1939, paid the State more money than any other county except Eastland in State Highway District No. 23 out of motor vehicle license fees collected, according to figures announced. The State received \$19,927.59 from Brown county during the last fiscal year, according to the compilation of car license fees, while the county retained \$69,863.63. In comparison, Coleman county paid the State only \$4,543.57 and retained \$54,460.59.

**PARTNERS IN A GREAT TEXAS ENTERPRISE**  
Oil TEXAS farmers and ranchers received last year from oil men the huge sum of \$132,478,000 for leases and royalties as their share in this partnership.  
All but seven of Texas' 254 counties now share in this cash return from leases and production on more than 50,000,000 acres of Texas land.  
Then, too, the Texas farmers and ranchers sell to oil workers and their families more than \$60,000,000 worth of farm and livestock products each year.  
Thus the farmers and ranchers of our state receive nearly 200 million dollars a year as their share of oil's total expenditure of 750 million dollars annually in Texas. These 200 million dollars in turn flow into every channel of Texas trade.  
The Texas farmer and rancher and the oil man are partners in the development of Texas.

Editorial

SANTA ANNA HAD A REALLY, truly clean-up campaign last month. So many boxes, barrels, sacks and cans of trash were put out that it took the garbage man a week to haul the surplus. A clean-up week can fitly be followed by a paint-up week, for there are more of the paint-needed kind of buildings here than normal. Moreover, twist fires and demolishing of "done gone" shacks, there is a shortage of even the antediluvian buildings that once abounded in great abundance here. Whatcha gonna do when some more good families come to town to live? furnish 'em free campsites and tell 'em to rent tents? How can we expect the town to grow if we sit sumpily by while the entire town is burnt out or moved out from under us? It's true we have a few well-to-do people in Santa Anna, our bank report is proof of that, but they're not putting out anything, just livin' here. These interested in seeing Santa Anna grow and become a happy, thriving little city are on a par with us—making enough to spend with grocer, dry goods store and utilities, principally nothing left to help build a town on or with. So old man Decay and old lady Stagnation stay around the corner and laugh.

HERE IS SOME MORE DATA on who bears the burden when a strike is called. The San Francisco Employers Council recently published a survey of what happened in a number of recent strikes. In one case 185 employees lost 81 days' wages and the strike was finally called off. In another 153 employees lost 67 days' wages—and the strike was called off. In another 250 employees lost 107 days' wages and the strike was called off. So it goes, down a long list. And in the case of really big strikes, as that against Chrysler, the wages lost to workers runs far into the billions of dollars. Labor organization is desirable. A well organized and fairly operated union is a great asset to the laboring man. But the unjustified strike is usually the result of a principle, self-seeking labor leadership. Such labor leaders don't have to worry. THEIR salaries go on as usual. It's the working man who pays and pays and pays.

IF CONGRESS REALLY WISHES order and sustained recovery, the first step to secure itional and permanent policy on must be the preparation of a tax reduction, prompt tax load easement, repeal of all nuisance taxes that stunt rather than aid in the growth of business and industry, and firmly place its foot on all programs of business persecution and domination by irresponsible bureau appointees. Business wants to adjust itself, and can adjust itself to everything except government determination to tax and persecute it out of existence. To us the New Deal policy of destroying the tax-paying industries is nothing short of idiotic. Just where the taxes to pay the government checks would come from after the tax payers were eliminated seems not to worry the New Deal. Just how far on the social security fund or have some more checks—not money printed seems to be the idea.

RUMBLINGS FROM THE LABOR column indicate that even the big boys whose living is derived from staging strikes have begun to realize that the New Deal's effort to enthrone CIO with dictatorial power and kill business is likely to kill all the jobs as well. If industry is run

Other Viewpoints

There have been ten years of economic stagnation in this country. For the first time in our notional history a decade has passed without producing a higher standard of living for the average American family! In fact President Green of the AFL remarks sadly that the standard of living has actually declined 7 1/2 percent since 1929. Meanwhile the same ten year period saw savage and bitter attacks on business and industry. Everyone who had a pet new insult for the business man

was assured an audience. Again and again demagogues of all shades of opinion and belief told Americans that if business was whipped and scourged and told how to run its affairs economic planning would bring back prosperity. At that time the experienced voice of industry was unheeded, and often lost in the babble of conflicting tongues. But in spite of the assurances of the easy promises, the full tide of prosperity didn't come—and it STILL hasn't come! (One wise bird tried to lift himself out of a mudhole by pulling up on his bootstraps. No one, apparently has told the New Deal that the effort was the same kind of a failure that spending oneself out of a depression is.)

Romance A Modern Linerider on the Range ... for he's a jolly good fellow" HES no softie, this Modern Linerider. Like the old-time cowboy, his work calls for plenty of nerve. His face is sunburned. His muscles are hardened by many hours' out-of-doors, climbing 50-foot poles and clinging tenaciously to cross-arms while dodging "hot" wires that might otherwise send him hurtling to the ground—and sudden death. He works under tremendous pressure. Many of his jobs are like that at Clyde, struck by a tornado on June 10, 1938, in which 12 persons were killed and communications completely disrupted. Linemen rushed to the stricken area and had light and power service restored just 32 minutes after the tornado hit. Sometimes it is an immediate need for electric power, such as occurred in the McCamey area when oil first was discovered. A hundred miles of line were built and put in operation in the world record time of exactly 60 days. Some are college graduates. Others have the equivalent in actual experience. All are highly trained and skilled workmen. They work hard—and play hard. They are good citizens, loyal to their communities and supporting civic enterprise. They are among the hundreds of men and women working "behind the scenes" to make Electric Service efficient, dependable and economical here. On them we bestow a title of honor—"Modern Lineriders."

Reverend Morgan's Bible Studies

Answers to this week's questions will be found in Genesis, chapters 11-24.

- 1. What four important events occurred about 100 years after the Flood? 2. What verse in chapter 11 seems to refer to triplets? 3. How old was Abram when he departed out of Haran? 4. What two verses in chapter 12 indicate that Sarai, Abram's wife, when past sixty years of age, was still an attractive woman? 5. Who was greedy for great wealth and lost everything as a result? 6. What unique and wonderful character met Abram on his return from rescuing Lot? 7. Who foretold the deliverance of the Israelites out of Egypt more than four hundred years before it took place? 8. How old was Abram when Ishmael was born? 9. How old was he when his name was changed to Abraham? 10. How old was Sarai when her name was changed to Sarah? 11. What child was named a year before he was born and who named him? 12. What promises did God make concerning Ishmael and Isaac, and what distinction did He make between them? 13. What man told the Lord to wash his feet? 14. What reason did God give for blessing Abraham? 15. Thru whose intercession was Lot saved when Sodom was destroyed? 16. What two women were the mothers of their half-brothers? 17. What half-lie did Abraham tell that got him into trouble? 18. How old was Ishmael when he and his mother were cast out by Abraham? 19. What four great crises, each involving the surrender of something very dear to him, marked Abraham's spiritual experience? 20. What second reason did God give for blessing Abraham? See chapter 23. 21. How old was Sarah when she died, and why is her age given? 22. Where was she buried and how much did Abraham pay for the burial plot? 23. What beautiful girl accepted a proposal made by proxy and undertook a long journey to marry a man whom she had never seen and who was an utter stranger to her?

Mrs. J. R. Gipson and Mrs. R. C. Gay visited in Brownwood Tuesday.

## Weddings

### SWITZER - JACKSON

Miss Ida Lee Switzer and Damon Jackson were married at the Christian Church after the close of the church services Sunday morning with the Rev. S. H. Wylie, pastor, reading the ceremony.

The bride is the daughter of Mr. and Mrs. E. E. Switzer of the Ling community and the groom is the son of Mr. and Mrs. O. M. Jackson of the Plainview community. They will make their home on the De Rusha farm near Plainview.

Life is full of ups and downs - keeping expenses down and appearances up.

## Church Notices

### PRESBYTERIAN CHURCH

M. L. WOMACK, Minister

It is most pleasant to greet you on Sunday mornings and evenings. We are looking forward to that happy privilege next Sunday. A good service awaits you if you come in the mood of worship. Invite your friends and neighbors to come with you if they don't attend church elsewhere. Bring your company with you and visitors will admire you for your faithfulness to your church. Your faithfulness will be a blessing to them.

Don't forget the Bible Class on Thursday evening at eight o'clock.

Sunday School at ten o'clock. Preaching at eleven and eight o'clock.

Choir practice in connection with the Bible Class.

### METHODIST CHURCH

H. C. BOWMAN, Pastor

Write out answers to the following questions. Last year the American people put TWENTY dollars into face-powders, soft drinks, chewing-gum and tobacco, for every dollar they paid into Christ's Church. What does this indicate in the light of Matthew 6:21?

What would you say in reply to the church member who says, "I cannot pay anything to Christ's Church until I have paid all my other debts?"

Did you ever know a consecrated praying Christian who brought the full tith to Christ's Church without being satisfied that God had blessed him?"

If the members of our congregation were to bring God's tithe each Lord's Day to his church would there be ample funds to carry on Christ's work at home and beyond the seas?

What is your guess as to the total tithe of our congregation for one month?

Hear the answers in the Sunday morning preaching service. The final sermon of the "Ten Weeks Loyalty Campaign" will be delivered Sunday night. It will be "A Sermon on A Raised Window Shade," and revealing the most startling facts that have ever been revealed from any quipit.

By all means hear this fine message.

## H. D. C. News

### LIBERTY H. D. CLUB

A method for having fresh tomatoes on your table when scorching winds wither the gardens is to make a tub garden from old tubs or a clean old drum that has been cut in half," stated Mrs. C. A. Curry when the Liberty Home Demonstration club met in the home of Mrs. Carter Duggins, April 4 at 2:30 p. m.

The roll call was answered by "Kitchen Improvement Work I Expect to do this Year."

Refreshments were served to twelve club members and one visitor.

Our next meeting will be with Mrs. W. L. Thigpen as hostess, April 18, at 2:30 p. m.

### Shields H. D. C. Club News

With the Shields-Home Demonstration Club acting as hostess, the Area Two Home Demonstration meeting was held at the home of Mrs. H. E. Stewardson, Wednesday afternoon, April 3.

There were 46 persons, representing Shields, Rockwood, Whon, Trickham and Concho Peak communities present.

Mrs. Clyde Vance, president of the Shields Club, presided at the meeting. An introduction game was conducted by Mrs. Edgar Shelton.

A demonstration on kitchen improvement was given by Miss Christene Trowbridge, county home demonstration agent.

Next meeting for Area Two will be on May 15 at the home of Mrs. Earl Floyd of Whon.

Next regular meeting of the Shields Club will be April 18 at the home of Mrs. J. M. Stewardson.

The county H. D. Council meeting scheduled for April 6, has been postponed until Tuesday, April 16, when the association will hold an all day meeting at the County Agricultural Building in Coleman beginning promptly at ten o'clock.

The council meeting, conducted by Mrs. Vernon Close, will be the morning program. The afternoon program will include a talk by Miss Maurine Hearne, district Home Demonstration agent from the extension service, who will discuss future work for the 1940 programs. Other speakers from A. and M. College are expected for the meeting.

Presidents and council members are especially urged to be present for this most important meeting. Each person attending will bring a paper sack lunch or be responsible for her own lunch. Visitors are always welcome. The reporters' meeting is set for May 4.

"Tasty Quick Breads" will be the topic for discussion, and the cooking of gingerbread and cornbread will be the demonstration for the meeting of the Santa Anna H. D. Club Friday, April 12, 2:30 p. m. with Mrs. Eva Coyle as hostess.

Mrs. W. E. Vanderford, vice-president, will preside during the business session. A report of the Area I meeting will be made by Mrs. J. K. Harrison. Each member will contribute

five cents or more to the Crippled Children's Fund at this time. A full attendance is requested for the meeting. Visitors are welcome.

### RECREATION NEWS

During the past month recreation directors placed at the building, parks and grammar school, registered 161 families and 414 children, including the preschool children, in a census taken. Purpose of the census was to get the names of the parents and family doctor of each child in order that the directors might know whom to notify in case of accident. It also reveals the number of families reached by the recreation department.

Saturday play day will be observed at Weaver Park from nine to twelve o'clock. Various new circle games, relays and new musical games will be introduced.

Last Tuesday Miss Grace E. Wilhoit, field manager of the Recreation program brought her Coleman staff to Santa Anna and gave valuable information to local directors on new circle games, relays and musical games. These games will be used during the children's play hour and for adult parties.

Singing classes will be held only once a week. The date for the class is Thursday nights from eight to ten o'clock.

That government is best which governs least.

### REVIVAL MEETING

A town and country wide revival meeting, under the auspices of the Methodist Church, will begin Sunday, April 14th, with the concluding messages of the "Ten Weeks Loyalty Campaign."

All churches and their choir members, and the public in general are cordially invited to have a part and to feel free, easy and at home in any and all of these services.

Let us all work toward making this revival a blessing to all churches, all families and to our town and country as a whole.

Rev. Lloyd Sanders, our pastor at Winchell, will be with us, to assist in the revival, directing the choir and organizing and leading in Young People's and Children's work.

Brother Sanders is a pleasing personality and excellent singer, a good soloist and an ardent worker. You will greatly enjoy him and his work.

That government is best which governs least.
