LOCAL FISHERMEN BRING THEM BACK

No such thing as "fisherman's luck" for J. E. (Doc) Brand, his son, R. L., and Neal Oakes. Instead of muddy pants and empty creels, these boys bring home the fish. The above picture is of Doc and R. L. with the string of three caught on July fourth at the city lake, using fly rods and angle worms in six feet of water. The above is the best of several pictures taken, so Nimrod Oakes has to be imagined in the picture. The trio caught

53 fish weighing 16½ pounds. If there are fish to be caught, Doc, especially, is going to be among those catching them. Oakes, who manages the Piggly Wiggly market, and Doc Brand, who is in the hardware department at Kelley & Co., are not haphazard fishermen. They know the sport and it provides a lot of good eating for their families. The fishing tackle display at Kelley & Co. store is maintained by Brand.

BANGS HAS NEW IMPROVED CITY WATER SYSTEM

The city of Bangs now has plenty of water after a "long dry spell."

Three new city water wells have been put on production and residents can now use all the water they need.

The new wells are around 60 feet deep, located in the northern part of the town and together with three old wells are furnishing an abundant supply of water. The 55,000 gallon storage tank on the city water tower and a 55,000 gallon underground storage tank are both full for the first time in two or three years.

Two new pumps, each with a daily capacity of 14,700 gallons, were installed for the new wells and old pumps were repaired. Fifty new water meters have been bought and installed and all old meters have been repaired. Five hundred feet of new mains also have been installed.

Farmers in County to Save Over \$455.00 On Loan Interest Charge

Farmers in Coleman County will save about \$45,500 a year as a result of legislation just enacted by Congress affecting interest rates on Federal Land Bank and Land Bank Commissioner loans.

The temporary rate of 3½ percent in first mortgage Land Bank loans will be continued for two years ending June 30, 1942. During this period the interest rate on first and second mortgage Land Bank Commissioner loans will be reduced from 4 to 3½ percent. Land Bank and Commissioner loans were originally written at contract rates averaging about 5 percent.

At present about 910 Coleman County farmers have Land Bank and Commissioner loans outstanding aggregating \$2,967,360. The difference between the contract rate and the temporary rate thus effects a substantial saving for farmers.

DEFENSE RALLY RESOLUTION ADOPTED AT BROWNWOOD

About 2,000 persons gathered in Memorial Hall Wednesday at Brownwood for a National Defense rally and voted unanimously for a resolution urging a program of adequate preparedness and heard an address bristling with condemnation of anti-American influences by Maury Maverick, mayor of San Antonio.

A resolution, adopted by a rising vote, is addressed to President Roosevelt, the two U. S. Senators from Texas and Congressman Charles L. South.

The resolution was adopted on motion of J. Edward Johnson, Brownwood postmaster, near the close of the rally which was the concluding event of the program featured during the afternoon by a mile long parade.

Maverick proposed a two-point program to prevent this country from going the way of European democracies:

1. Unity.
 2. National Defense.
- Maverick suggested six steps to be taken to accomplish proper defense of America:
1. Scientific national defense.
 2. Immediate mobilization of the National Guard for training.
 3. Universal military service.
 4. An integrated home guard and radio system.
 5. Militarization of the Civilian Conservation Corps.
 6. Delegation of power to the President to act at once in meeting emergencies.

Maverick was introduced by Mayor Wendell Mayes. Brownwood Defense Council, who presided at the rally, Rev. Leslie A. Boone opened the meeting with a prayer. Patriotic songs were led by Charles K. Boud. The Ninth Infantry band from Fort Sam-Houston played during the program.

COLEMAN RODEO HUGE SUCCESS

Coleman's fifth annual rodeo drew an almost capacity crowd all four nights of the annual event.

The show opened late Wednesday afternoon with a parade in which an endless string of riders participated, led by a band, the rodeo queen and the rodeo officials. The parade was held each afternoon at six o'clock.

Hard riding and fast roping cowboys and cowgirls contending to give the thousands of spectators a good show, many coming from as far as Fort Worth, Dallas, Graham, Breckenridge, Cisco and Stamford.

The biggest crowd of the current Coleman rodeo, was treated to a double feature Saturday night, when one of the rodeo judges and a pretty brunette of Oklahoma City were married in a horseback wedding ceremony.

Principals in the wedding were: Morris Cooper, Midland, son of Mr. and Mrs. T. Cooper of Hamlin, Texas, and Miss Geneva Carter, daughter of Mr. and Mrs. V. H. Hufford of Oklahoma City. The ceremony was performed by the Rev. A. S. Gafford pastor of the First Methodist Church of Coleman.

Saturday night's rodeo was one of the fastest of the series. Good times and good performances were turned in.

Championships were announced as follows:

SADDLE BRONC RIDING: Foster Parish, Wolfe City, first; Andy Curtis, El Reno, Okla., second; and George Yardley, Roswell, and Eddie Cameron, Houston, tied for third.

LADIES' FLAG RACE: Patsy Morris, Coleman, first, 36.4 seconds; Curley Seale, Baird, second, 35.5; Geraldine White, Abilene, third 36.9; and Faye Stone, Taipa, fourth 37.1.

WILD COW MILKING: Rudy Hibert, Belton, first, 76.9; Vestor Parish, Hingate, second, \$1; Tom Taylor, Spofford, third, \$2; and Travis Hayes, Santa Anna, fourth 87.4.

TIE DOWN—CATTLE ROPING: Clyde Burke, Comanche, Okla., first, 33.1; Royce Sewalt, Brooksmith, second, 35.9; Frank Ioslick, Buckholts, third, 38.3; and Tony Salinas, Encinal, fourth, 48.4.

STEER WRESTLING: George Wilderspin, Fort Worth, first, 17.4; Hub Whiteman, Clarks-ville, second, 17.9; Jimmie Olive, Pampa, 20.1, third; and Jiggs Burke, Comanche, Okla., fourth, 23.6.

SANTA ANNA SHIPS GRAIN

Harvesting of grain in this area is expected to be completed within a week as a recent check revealed 22 cars of oats and six cars of wheat have been shipped out. The prices range around 23 cents per bushel for the oats and 65 cents per bushel for the wheat.

The determination of life-insurance salesmen to succeed has made life pretty soft for some widows.

Boys and Young Men Join Hands Tuesday to Clean Up Cemetery

On Tuesday morning at eight o'clock seventeen local boys of various ages, armed with hoes, rakes, etc., arrived at the cemetery for a morning's work in response to a call made by the Cemetery Association.

All the boys did good work, but due to the busy season in the fields, the attendance was not as good as it would have been otherwise. Fifteen lots were cleaned, with several ladies present to supervise the work. At 10:45 the boys were served refreshments of sandwiches, cookies and lemonade.

The following boys were present: Jack Harvey, Reuben Rountree, Ogden McGonagill, Max Eskridge, Donald Ray Howard, Forest Eskridge, W. Blake, John H. Blue, Wilbur Ray Parish, John Cyril Newman, Gene Ray Griffin, Ralph Conley, Virgil Heilman, I. O. Bible and Jack Simpson.

Scholastic Transfers Must be Made During Month of July Only

During the first half of July only a few transfers have been made at the office of the County Superintendent. Under the present law applications to transfer must be made during the month of July and under no conditions will transfers be accepted after this transfer period.

Under a former law the County School Board was allowed to grant emergency transfers during the month of August, but this provision has been removed from the school law. Every parent wishing their children to attend school in another district other than the one in which the children were enumerated must make application for transfer. In cases where the child's grade is not taught in the home school, it is still necessary that transfer be made if the child is to attend school in another district.

Mr. George Pauley, President of the County School Board, has called a meeting of the county school board for Thursday, August 3. This meeting was changed from the regular meeting time of the first Monday in the month in order that trustees might have the required five days in which to make written protest of transfers if they so desire. Under the law the County school board has the right to refuse parent application for transfers of a child upon a written protest from the local trustees. In case a protest is made, the County Board is glad to hear from the parents of a child concerned in a protest.

RECREATION NEWS

For the past week new games have been instituted and equipment has been constructed for the Recreation Department. These three new games, costing 50c, have been a real treat for the children.

Friday, July 19, at 2 o'clock contests in the form of a ring toss and bean bag toss will be held at the Recreation building. Prizes will be given.

Guitar lessons will meet each Wednesday morning from 9 to 12. We encourage all age groups to take this opportunity to learn guitar.

The croquet contest between the two parks has created a new interest in croquet. The contest will continue another week.

The Santa Ana staff attended the Coleman County staff meeting last Monday night. New rules and regulations were given, and workers received an inspiration for a bigger and better program both for young and old.

Tuesday night the Santa Anna Recreation band and staff members attended open house in Ballinger. Many nice compliments were paid the Santa Anna people for the part they played on the program.

Starting Monday, the twenty-second, the Weaver park will be opened from 9 a. m. to 7 p. m., with a supervisor present during the entire day.

COUNTY SCHOOLS TO GET MORE STATE MONEY

Coleman county will receive \$3026 more from the state this year to operate its schools than it did last year, State Supt. L. A. Woods estimated. This is based on the assumption that the county will have the same number of students next year as it had last year.

Supt. Woods said the action of the state board of education in raising the per capita from \$22 to \$22.50 was another step toward bettering the educational facilities of Texas.

Supt. Woods pointed out that increased state assistance to schools, plus more efficient management and improved teaching methods, have been largely responsible for Texas being raised to 18th educational rank in the union from the low mark of 36th, which it held in 1932.

It is not expected that the additional per capita appropriation will increase state expenditures as a whole, Woods pointed out, since the scholastic population has decreased in some localities.

GEORGE HAVENS DOING WELL IN MOVIES

George Havens who went to Hollywood, Calif., a few months ago to try to get into the motion pictures, has done exceptionally well according to recent reports. He is under contract with the R. K. O. Studios now.

He has worked in four pictures, the last being "Laddie" in which he doubled for Joan Carroll. He has played in one Gene Autry picture and last week he started work in "Little Men," the story taken from the book by Louise M. Alcott, by the same name.

Young Havens, grandson of Mr. and Mrs. J. R. Pearce who live a few miles west of Santa Anna, is 22 years old and is 36 inches tall. He plays a guitar, sings and is a good horseman, trick rider and roper.

His mother Mrs. Hazel Pearce Byrd, and her husband and daughter left this week to make their home in Hollywood.

Coleman Co. News Briefs

First indications are that there's going to be a heavy vote cast in the first primary election slated for Saturday, July 27.

There has been a heavy request made for absentee ballots according to County Clerk Geo. M. Smith. Absentee balloting will continue through July 24.

Work has been started on three important lateral roads in County Commissioner E. C. Jameson's precinct. Large crews of men are improving six miles of the old Coleman-Brady road, two miles of the old Coleman-Santa Anna road, and seven miles of the old Coleman-Comanche road. The work is being done by the county with the cooperation of the WPA. It is part of the county-wide road project.

Time for the acceptance of tenant purchase loans by the Farm Security Administration office in Coleman has been extended to July 20, according to Leon Ranson, county supervisor for FSA. Original deadline for such loans was July 6. Several Coleman Counties have made applications for the loans.

First Coleman National Bank of Coleman has distributed its 13th consecutive semi-annual dividend to its stockholders, according to Sam H. Gray, executive vice-president of the institution. Thus \$95,000 has been distributed to the stockholders during the past six and a half years. Capital stock of the institution is \$100,000.

Only 10 per cent of the 2,300 farms in Coleman County have been checked by planimeter operators while 25 per cent of the total farms has been measured, for compliance regulations. Records are computed and compiled at Coleman and forwarded the state conservation office for final checking.

Several federal government agencies are expected to cooperate with the Central Colorado Soil Conservation district in the latter's program of work, according to Luke L. Bullard, Temple, chief field supervisor for the state soil conservation board. Ballard expects to come to Coleman soon to get the district's program started. Various branches of the United States department of agriculture, the forestry service and other organizations are to assist the soil district.

Plans and specifications for a three-room school building, to be erected at Silver Valley, are being submitted to the State National Youth Administration office at Austin this week for approval, according to R. M. Treadwell, area supervisor. The building would take place of

PROSPECTS OF COTTON IDEAL

Cotton growers and ginner are reluctant to say that this county will produce the best cotton crop in years. But they will say that the prospects are ideal at the present.

Plants in all parts of Coleman County are in healthy, rapidly growing condition. And in practically all fields the plants are blooming and adding squares.

The main worry, however, is insects. This month fleas and grasshoppers are inflicting the most damage on the cotton crop. Fleas work on the blooms while grasshoppers eat any and all parts of the plants. Many farmers are combating the fleas with poison consisting of calcium arsenate and sulphur. Poisoned bran mash provides an effective method for ridding grasshoppers in this section.

Many farmers have expressed their opinion that they considered the cotton crop a third-of-a-bale crop, taking into consideration insect and rain damage.

Dr. W. Z. Burke, San Antonio, veterinarian-inspector of the U. S. Bureau of Animal Industry, is in Brownwood to test cattle for tuberculosis. The tests are absolutely free to livestock owners.

the one destroyed by fire at Silver Valley last April. The sponsor would pay \$3,204.90 while NYA would spend \$3,900. About 45 youths would be engaged in the construction.

Coleman County tax valuations for 1940 are slightly less than the total for 1939, according to tentative figures that have been submitted to the state comptroller. Total valuation for 1939 was placed at \$11,963,300. This year's total is about \$173,300 less, or is placed at \$11,795,000.

Funeral services for Mrs. Nancy Elvirey Machen, 85, of Gouldbusk, were held at the Baptist church at Shields Thursday afternoon, July 11, with Rev. H. C. Bowman, pastor of the Methodist church at Santa Anna, officiating. She is survived by three sons, two daughters, twenty-three grandchildren and nine great-grandchildren. Funeral arrangements were under the direction of Mead Undertakers.

Lone Star Gas company of Dallas has drilled in the No. 1 Anna Wells as a gasser with production estimated at seven million cubic feet daily through two-inch casing. The Marble Falls lime was picked up at 2,211 feet while the total depth is 2,271 feet. It was treated with 2,000 gallons of acid. The well is located 606 feet from the north and 870 feet from the west lines of subdivision two, M. A. Fisk survey 330.

TRUTH about ADVERTISING

By CHARLES B. ROTH

CAN YOU READ LATIN?

THE law used to recognize the doctrine of Caveat emptor. That is Latin. It means "let the buyer beware."

Charles Roth

If he were a dishonest man and wanted to cheat you, you had to protect yourself. The law wouldn't help. "Let the buyer beware,"

That doctrine, as unsound doctrines always must, has given way to a better one. The modern business man, if he expects to remain in business and warrant your patronage year after year, doesn't expect you to protect yourself.

He assumes the obligation of protecting you. He makes sure that his quality is high. He religiously subjects his product to tests. He introduces improvements. And he establishes a price which is the minimum on which he can remain in business.

For this change, which is one of the most important improvements in business, advertising has been largely responsible. Advertising has given a permanent quality to bus-

ness. A man who advertises must be scrupulous in his integrity. He cannot write lies. He has to live up to all claims. This means that you, as a customer, can buy from such a man with absolute confidence.

Not long ago Owen D. Young, one of America's clearest thinkers and a great business executive, declared that:

"Dishonesty in various forms is becoming rarer in business. Whenever it occurs it is exploited in newspapers, because it is the unusual, not the common, thing. A store keeper may short-measure or short-weight his customer and make a little. He may even induce a clerk to short-measure or short-weight. But he cannot build a big business on that basis. Honesty and uprightness must exist in great business organizations."

And it must also exist in smaller business organizations, which expect to grow large.

Whenever a business man advertises, it is a sign that he wants to operate an honest business, one from which you can buy with confidence and trust.

Advertising is thus the guiding-light which you can follow in getting more for your money.

Daily it leads millions of American customers to better values, to greater satisfaction, to the serenity which comes from dealing with men and organizations they know they can trust.

National Economic Highlights

The acridly polite debate recently carried on between the United States and German governments concerning the Monroe Doctrine reveals that this traditional American policy is subject to widely varying interpretations. It is also evident that Hitler is giving the Doctrine an interpretation which was never imagined by President Monroe.

The Monroe Doctrine did not come into existence as a long considered, carefully thought out statement of U. S. policy. Rather, it was swiftly conceived to meet a condition which, in 1823, menaced the sovereignty of this nation. At that time the three great European states of Russia, Prussia and Austria had formed a "holy alliance" to crush a revolution in Spain, and were casting covetous glances on Spain's many possessions in the western hemisphere. In addition, Russia, which then owned Alaska, was attempting to dominate the Northwestern coast of this continent in the interest of her merchant ships. So President Monroe issued an official warning in which he said that the Americas "are henceforth not to be considered subjects of future colonization by any European powers." In other words, the status quo was to be maintained so far as Europe was concerned. Afterwards, the policy which had been declared to meet the emergency of the moment, became a convenient instrument for protecting American interests in subsequent crises. We invoked it to drive the French from Mexico after the Civil War, to give the U. S. absolute instead of divided control over the Panama Canal, and to force England to come to terms when a border fight arose between Venezuela and British Guiana.

Today it is obvious that the Doctrine is to be used to provide legal grounds for preventing the Axis powers from seizing New World possessions belonging to the Democracies. Germany has met this challenge by asserting that the Doctrine must work two ways if others are expected to observe it—that, in brief, the U. S. must stop interfering with European affairs if Europe is to keep out of the Americas. And here is where the vast difference or interpretation appears. For the Doctrine, as we have always understood and applied it, deals only with physical transfers of territory, not with political activity. We have never used it to deny a European power the right to carry on political or diplomatic work in our sphere of influence. Hitler seems to want to interpret the Doctrine to include "moral suasion" no less than military force.

In addition, high German officials have intimated that they deem it proper to apply a Monroe Doctrine of their own to Central Europe. They argue they have as much right to do this as we have to apply the original Doctrine throughout the Americas. And again, there is a great difference of interpretation. For we have not used the Doctrine as an excuse for imperial expansion and geographical aggression. We have not believed that it gave us the right to enslave and oppress other peoples. To the contrary, we argue, we have used it only to protect the weaker nations from the possible oppression of potential conquerors.

The President said on July 7th that Europe and Asia should apply principles of the Monroe Doctrine as a means of reaching agreement on the disposition of the possessions of the conquered powers—that all should get together and settle the attendant problems, rather than allow them to be decided by the victor. That looks more like an academic opinion, which will find no favor whatsoever

among the swaggering axis powers. Germany has said in response to State Department warnings, that inasmuch as she has shown no desire to seize British and French possessions in this hemisphere we have nothing to klick about yet. But Washington authorities feel certain that Germany will make moves in our direction in time, and then the real test of the Monroe Doctrine will come. It cannot be effective unless the South American Republics back it up with us. We are working feverishly south of the Rio Grande now in an attempt to bolster our influence there, and enlist both the continents in the crusade to save democracy in this hemisphere.

AMERICAN BOY MAGAZINE COMPANION TO THOUSANDS

Hundreds of thousands of boys and young men read THE AMERICAN BOY Magazine every month and consider it more as a living companion than as a magazine.

"It's as much a buddy to me as my neighborhood chum," writes one high school senior. "THE AMERICAN BOY seems to understand a boy's problems and considers them in such a sympathetic and helpful way. It gives advice and entertaining reading on every subject in which a young fellow is interested. It is particularly helpful in sports. I made our school basketball team because of playing tips I read in THE AMERICAN BOY."

Many famous athletes in all sports credit much of their success to helpful suggestions received from sport articles carried in THE AMERICAN BOY Magazine. Virtually every issue offers advice from a famous coach or player. Football, basketball, track, tennis, in fact every major sport is covered in fiction and fact articles.

Teachers, librarians, parents and leaders of boys clubs also recommend THE AMERICAN BOY enthusiastically. They have found that as a general rule regular readers of THE AMERICAN BOY advance more rapidly and develop more worthwhile characteristics than do boys who do not read it.

Trained writers and artists, famous coaches and athletes, explorers, scientists and men successful in business and industry join with an experienced staff to produce in THE AMERICAN BOY, the sort of reading matter boys like best. THE AMERICAN BOY sells on most newsstands at 20c a copy. Subscription prices are \$2.00 for one year or \$3.50 for three years. Foreign rates 50c a year extra. To subscribe simply send your name, address and remittance direct to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Michigan.

COUNTY PEOPLE ATTEND SHORT COURSE A & M

Coleman County women and men who attended the annual farmers short course at A & M College, July 11 and 12 report a very successful meeting.

John Will Vance, Shields, Raymond McElrath, Coleman, and Mrs. R. F. Watson, Santa Anna, represented the county land use planning committee; E. E. Hirsch, Isaac Pate, A. B. Peyton and Garland Abbey, the triple A force; and Mrs. L. P. Harding, Buffalo, Mrs. Earl Floyd, Whon, and Miss Net Hagler, Bowen, the Home Demonstration clubs of the county.

County Agent, D. D. Steele and County Home Demonstration Agent Chrystene Trowbridge, each directly connected with the extension service, directed the men and women on the trip. Mrs. Raymond McElrath, state auditor, was present for the meeting.

Other women of Coleman County who attended the course included Mrs. Geo. Cobb, Shield, Mrs. Harry Wilson, Trickham, Mrs. Sammie Duggins, Liberty, Mrs. Granville Roberts, Brown Ranch, Bernice Johnson, Rockwood, and Mrs. Henry Stephenson, Gouldbusk.

The group left in the early part of the day, July 11, and returned July 13 with a much wider knowledge of the extension service work.

KIDNEY STAGNATION IS WORSE THAN CONSTIPATION!

Because We Treat Constipation at The Onset, While You Respect Our Kidneys Immediately.

No other organ in your body is of more importance than your kidneys. For in your kidneys there are many million tubes which must work day and night to filter the poisons and toxins from your blood. If these tubes become clogged, the poisons remain in your system, and you suffer from kidney stagnation.

It is no wonder then that Nature often calls for help in the case of the kidneys, so if you are troubled with Getting-Up-Nights, Leg Pains, Backache, Nervous Headache, Dizziness, Loss of Energy, due to functional kidney disorders, try KIDANS, the famous kidney remedy, which aids Nature to flush out the kidneys, to filter all wastes, to prevent kidney stagnation.

KIDANS is Safe and Reliable. Thousands report entire satisfaction. Taken for nothing to disprove. KIDANS will give splendid results. Try KIDANS. Buy it at our Special Price Offer on two boxes. Use one box. If not satisfied, return unopened box and GET YOUR MONEY BACK.

"I've had my electric range only a short time, but never before have I had such perfect results. My kitchen is several degrees cooler than in previous summers and I've done less scrubbing than ever before in my life."—MRS. W. L. HARDIN, Clewiston.

"My electric range is so easy to clean, so dependable, and, above all, so very safe. It's the best word in cooking economy."—MRS. T. B. KUEPPER, Crowell.

"I like my new electric range even better than my old one. It makes my kitchen look nice, and it cooks faster. Then, too, I like the flat, easily cleaned surface which is so convenient for holding dishes until ready to serve."—MRS. T. C. PRICE, Boone.

"Since getting our electric range, I have to clean less than I ever did before in my kitchen work. It is always ready to use—just flip a switch. I find it quite economical and I know that I am doing the best and easiest cooking I have ever done!"—MRS. AUSTIN A. DOAK, Vernon.

Solicits Your Support For Re-election.

He stands for good government, uses every opportunity to encourage and build better citizenship, conducts court on orderly business basis, has dispatched business and cleared

the dockets, materially reduced court expense and has had comparatively very small number of reversals.

His Record Assures Satisfactory Service

His record suggests that mature judgment resulting from thirty-five years of close study, successful practice and judicial experience would guarantee satisfactory service and continued saving of time and expense of the court.

Judicial experience would guarantee satisfactory service and a continued saving of time and tax money by the courts.

If these ideals and principles appeal to you; if this record challenges your good judgment; if the assurance of satisfactory service and the saving of time and expense interest you, then endorse and encourage same by according him your vote and influence. (PolAd.)
