VOLUME LV. SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, NOV. 1, 1940. NUMBER 44.

This Week in Our Town

APPROVED!—A miller from the Universal Mills was here to take a look-see at the Santa Anna Milling Company plant last week and complimented C. W. Stephenson, who had the installation of the plant in hand, highly on both efficiency and grade of output, which is not only a feather in the Jones-Stephenson chapeau, but an honor for Santa Anna.

MO' FISH—According to Mayor Geo. Johnson, about 15,000 little fishes have been placed in the new lake and by 1943 there will be plenty good fishing for all. The lake is partially filled with water now—about twenty-four feet at the deepest point.

VOTE DAY—The Santa Anna National Bank will be closed on Election Day, Tuesday, Nov. 5, says Oscar Cheaney, the pilot of the institution. Which means all banking for Tuesday should be done on Monday, leaving the citizen all day Tuesday to do his thinking and voting.

WINNERS—The Lions Club and the Fire Department got together and offered prizes recently for fire prevention posters. There were a lot of good papers submitted, and from the array the judges picked one by Alice Ann Guthrie as the best. Second prize went to Billy Mulroy and third to Cora Belle Biggs.

SCARED!—Several of the young men here wish the draft had started several months ago and are displaying extreme nervousness. Tomorrow is Sadie Hawkins Day, and reports have it that several young ladies have been practicing footracing.

SOLDIER—Raymond Kemp has the honor, in all probability, of representing Santa Anna in the first draft increment. His was the second Coleman County number called, the first also a Santa Anna number, and the third, a Gouldbusk number.

TO SALE—The annual Rexall One Cent Sale began Wednesday, October 30 and will close Saturday, November 2, as announced this week by Herman Spencer, manager of the Spencer Pharmacy. Mr. Spencer is inviting all his friends and customers to take this opportunity at a big saving in preparing for the winter ahead.

ONLY \$6!—Seem corrections are in order. That "6" in the 64.00 that the Lions gave the cemetery board in the write-up in last week's paper should have been a "\$" mark. So that means that the board is sixty dollars poorer this week than it was last, without having spent a cent. Another oversight was our failure to include Piggy Wiggly in the H. D. C. Card of Thanks. And the Home Demonstration ladies will just say "thank-you" this week for that good coffee that came from Piggy-Wiggly, the luncheon simply couldn't have been served without it.

CELEBRATED!—W. J. Hosch is back from San Antonio, where he and his son and wife visited last week-end. No reports on Norman, but W. J. admits he saw the elephant and had lots of fun after shaking the rest of the family.

YEA!—The results of the beer election last Saturday must be taken as indicating that the people of the county want it to stay dry. Last time the election was lost to the wets by just 220 votes. This time the vote was almost three to one against the sale of beer in the county. So the boys with dry throats will have to go to Eden, Cross Plains or the back alley bootlegger to assuage their devastating thirst.

NUMBERS—The News is unable to carry the full list of the draft registrants for Coleman County, but will post the list in the office where the curious can look it over. We know how you feel: we were in the 1917 draft and on going into the army, we were issued the heavy number 2,237,362 to carry around on a dog-tag.

Opposed to Tax Limit Waiver

The West Texas Chamber of Commerce went on record last week in opposition to one of four constitutional amendments coming before the Texas electorate in the November 5th election. This is the so-called Red River county amendment which, if adopted, will waive for that county the constitutional limitation on tax rates, and permit it to levy an additional 25-cent tax, and to issue bonds, to refund its present outstanding general fund debt.

The Chamber contends that approval of the Red River county amendment would be a blow at efficiency, economy and better financial control in public affairs; that it will constitutionally nullify the constitution itself and result in waste and extravagance by making legal the illegal issue of warrants for expenditures not authorized by election or by a local budget.

The amendment also violates the principle of equality, and opens the door to all political subdivisions to violating constitutional debt limits—for, if this amendment is written into the constitution for Red River County, surely the legislators and the voters will have no reason for denying the same privileges to every county, city and school district.

To-day marks the opening of the turkey market. The opening price is not known, but it is expected to be reasonable, because this has been an unusually good grain year.

With two Turkey Days this year, November 21 and Nov. 28, turkeys should be in demand. Not only that, but turkey-pickers are in still bigger demand this season. The produce houses can use every turkey-picker available.

CAMP BOWIE TO BE DESIGNATED AT BROWNWOOD

Old Camp Bowie, where 100,000 "Yanks" trained for overseas duty in the World War is no more, but a new Camp Bowie is rapidly taking form near Brownwood as a part of the 1940 defense program.

The War Department announced in Washington Tuesday that Camp Bowie had been chosen as a name for the new army camp now under construction near Brownwood for use of the National Guard.

Camp Bowie, named in the fall of the Alamo in 1836, had its beginning in Fort Worth, July 27, 1917, a few short months after the United States declared war on Germany. The camp was completed Dec. 1, 1917, to receive troops from Texas and Oklahoma. It was the training camp for the Thirty-sixth Division which will use the new Camp Bowie at Brownwood.

The Fort Worth camp cost nearly \$2,000,000. It was equipped to house 27,000 officers and men, and 100,000 troops passed through its portals enroute to France.

Most of the soldiers who trained on the site (now a residential section in Arlington Heights) were returned to Camp Bowie to be mustered out of service after the end of the war in 1918. Dismantling of the camp began in 1918.

Editorial

A SHORT TIME AGO C. M. Jansky, Professor Emeritus of Electrical Engineering at the University of Wisconsin, wrote a long letter concerning the electric power problem to one of the leaders of the Congressional bloc which has long urged socialization of the utility industry at the end of his letter, Professor Jansky said: "There is no enterprise more the product of man's initiative, resourcefulness, courage and self-reliance than the electric utilities. Private enterprise, inventive ingenuity, and skill assisted by private capital produced the generator and all the other electrical apparatus associated with it. Private initiative and ingenuity has made it possible to generate electricity more cheaply by steam than by water. Private research has reduced the consumption of coal per kilowatt hour from five to seven pounds to less than one pound, and the end has not been reached. That is conservation of natural resources par excellence. Governments have contributed nothing to these developments. The fundamental issue is: Shall all the private resourcefulness, initiative, enterprise, and ingenuity that have contributed so much to the comfort and well-being of man and that have made possible discoveries and explorations in other fields of inestimable benefit, be stifled by the dead hand of government and political rule? Governments seldom or ever create, they merely appropriate or pirate what has been created by private individuals. The people must make their choice between the system of private enterprise that has made us great, and a system of bureaucracy which is the very antithesis of all that democracy means. There can be no common ground on which these systems can meet -- there can be no compromise between freedom and statism. Which does America want?"

HERE'S A LITTLE NEWS ITEM that might be termed the height of irony. Some time ago a group of unemployed hosiery workers decided to create their own jobs by going into business for themselves. They made a deal with a bank for possession of an abandoned hosiery mill. Shortly after opening they signed an agreement with their union to pay themselves union wages. However they found that this was a financial impossibility, and so they had to petition the union for the right to cut their own pay. The union refused. Result: The enterprise faces bankruptcy, which would mean a return of the worker-partners to the relief rolls.

**ROCKWOOD GAL 1
ROCKWOOD SCHOOL SYSTEM
OFFERS VOCATIONAL AGRICULTURE FOR FIRST TIME**

Vocational Agriculture is being offered in the Rockwood school system for the first time. After an introductory six weeks the new department is creating widespread interest and comment in Coleman County. This makes the ninth department in the county.

Roy B. Mefferd Jr., is developing the department. Mr. Mefferd graduated from Texas A & M College last year with a B. S. degree in Agricultural Education. He received his Master of Science degree in Poultry Husbandry last summer. At the present time he is completing his B. A. degree in Education from Hardin-Simmons. Mr. Mefferd is a former Future Farmer and was president of the Walnut Springs FFA Chapter for two years, the Stephenville Chapter One and the Brazos Valley one. He is also a Lone Star Farmer.

There are thirty-seven boys enrolled in the classes. Some of the plans made by the class include studies of the feeding of farm animals, selection of farm animals, study of soil conservation methods, study of the AAA program, pasture improvement programs, etc.

The work to be done by the classes has been divided into several parts, a complete project program for each boy, which may include such things as a field crop, a calf, a pig, etc., and supplementary farm jobs and supervised practice program and Future Farmer work.

The club will meet at the school, November 5 for a joint program with Miss Trowbridge and Mr. Steele.

Rockwood was smitten by an epidemic of "Pigskinitis" last week-end. It seems that one football game deserved another. Local fans went in droves to see Rockwood defeat Paint Rock. A few who could withstand the effects of the weather went from Paint Rock to Ballinger to

see Brady play there Friday night. With renewed spirit Rockwood turned out "en masse" for the Tarleton-Schreiner game in Brady Saturday night.

During the first quarter of the game Friday afternoon Paint Rock put forth a real effort to make a score. In fact they even got to the 5 yard line at one time. Hollis Stuart did most of their driving. Rockwood's gains were made on passes, Fowler to Wise and Ashmore. Ashmore scored for Rockwood from the one-yard line in the fourth quarter. If the team's six weeks' grades as a whole are satisfactory it should be in good shape to meet Eola Saturday. Eola is in good standing as a high-ranking team, but Rockwood has been picked to win.

Eighty-three bales of cotton were ginned from Monday to Thursday of last week. On Monday of this week the season's count was 1384.

Monday afternoon the Methodist W. M. U. gave a farewell shower for Mrs. Edgar Hodges who moved to Coleman this week.

The PTA had a meeting Monday night to make plans for the Halloween Carnival and discuss other plans.

Mr. and Mrs. Alton Terry and Don will move where the Hodges have been living.

Bobbie Wise, Edna Arnold, Fannie Rutherford and Maxine McCreary spent the week-end with friends at Brady. While there they attended the Tarleton-Schreiner game.

Mrs. Bowman came home from Brownwood Saturday. Gene Richardson has been recuperating from his operation at his home since Saturday.

The Baptist W. M. S. met Monday afternoon for the regular Bible study. Twelve members were present.

Mrs. Andy McCarroll was brought home from the Brady hospital last week-end.

Doris Blackwell of Stephenville spent the week-end with friends and relatives here.

Elizabeth Utsey of Fife underwent an operation at the Brady hospital last week.

Brother Nixon of Christoval preached at the Baptist church Sunday night.

E. L. Hill went to Brownwood and Brady Sunday afternoon.

Dr. Williams returned home from Temple Friday.

Have you heard the pep squad lately? Those girls sound peppy even on Monday after a hard game on Friday. They are thirty-five strong and each girl has plenty of vitality. Pep leaders are Janie Stafford and Nora

Beth Hill. Margaret Bryan is drummer and Mary Frances Herring, football sponsor. Miss Myrtle Tate is faculty sponsor.

The Halloween Carnival is just around the corner. In fact, it's tonight. There's going to be plenty of fun and frolic for all. Entertainment includes fortune telling, a cake-walk, bingo and the coronation of the queen.

James and Charles Stafford and Billy and James E. Maness, Tarleton Station, were at home for the week-end.

Cecil Richardson, McMurray student, spent the week-end with friends and relatives here.

Mrs. Johnny Steward was brought home from the Brady hospital Sunday.

The rainfall Thursday night and Monday morning put everyone in a happy frame of mind.

Duchesses and dukes for the carnival will be the following: Lucille McIntyre and Doug Estes, seniors; Bobbie Wise and William Hodges, Juniors; Sammie McElvain and Travis King, sophomores; Frances Arnold and Bennie Cecil Estes, freshmen.

Emily Johnson spent the weekend in Ballinger. Gene Riley was the weekend guest of Lucille McIntyre.

Mr. and Mrs. Frank McCreary Jr., of Winters, visited their parents, Linnie Box and other friends Sunday afternoon.

Jack Fore of Brownwood spent Sunday with his sister, Mrs. Emmett Woods.

For in your kidneys there are nine million tubes which must work day and night to filter the fluids and keep the system free from wastes, acids, poisons which, if permitted to remain, may cause serious kidney and bladder troubles.

Mrs. Embry and Mrs. J. J. McCulloch of Brownwood visited in the E. L. Hill home Wednesday afternoon.

Mrs. Jack Bostick and Mrs. Ray Caldwell were left at home wringing their hands and pacing the floor when Mr. Bostick failed to show up to take them to the game Friday afternoon.

However, as partial compensation he took Mrs. Bostick to Brady Saturday night. So he is almost out of the "doghouse."

And to think how hard the two ladies had worked to find ways for others to go and then had to stay at home!

Mrs. Roy Mefferd has organized a piano class. She gave her first lessons Monday to Mavis Box, Douglas and Weldon Estes, Norma Bell Hill, Wanda Woods and Frances Stafford. Mrs. Mefferd studied piano at Westminster College six years and graduated from the John Tarleton Conservatory of Music with a Fine Arts major in piano and public school music.

The Rockwood Chapter of the Future Farmers of America met Thursday and organized for the year's work.

The Chapter, with 37 members present, elected Joe Will Fowler, president. Joe Will is a senior and quarterback on the football team. Other officers elected were as follows: Douglas Estes, vice-president; James Hunter, secretary; William Hodges, treasurer; Eldon Black, re-

porter; Ardls Caldwell, Farm watch dog; Billy Ashmore, parliamentarian; Robert Lee Estes, historian; and Marjorie Ruth King, sweetheart. Mr. Mefferd is the advisor. AMERICAN BOY MAGAZINE COMPANION TO THOUSANDS

Hundreds of thousands of boys and young men read THE AMERICAN BOY Magazine every month and consider it more as a living companion than as a magazine. "It's as much a buddy to me as my neighborhood chum," writes one high school senior. "THE AMERICAN BOY seems to understand a boy's problems and considers them in such a sympathetic and helpful way. It gives advice and entertaining reading on every subject in which a young fellow is interested. It is particularly helpful in sports. I made our school basketball team because of playing tips I read in THE AMERICAN BOY."

Many famous athletes in all sports credit much of their success to helpful suggestions received from sport articles carried in THE AMERICAN BOY Magazine. Virtually every issue offers advice from a famous coach or player. Football, basketball, track, tennis, in fact every major sport is covered in fiction and fact articles.

Teachers, librarians, parents and leaders of boys clubs also recommend THE AMERICAN BOY enthusiastically. They have found that, as a general rule regular readers of THE AMERICAN BOY advance more rapidly and develop more worthwhile characteristics than do boys who do not read it.

Trained writers and artists, famous coaches, and athletes, explorers, scientists and men successful in business and industry join with an experienced staff to produce in THE AMERICAN BOY, the sort of reading matter boys like best.

THE AMERICAN BOY sells on most newsstands at 20c a copy. Subscription prices are \$2.00 for one year or \$3.50 for three years. Foreign rates 50c a year extra. To subscribe simply send your name, address and remittance direct to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Michigan.

A Reserve Officer Troop School for reserve officers, has been started at Brady, with the school to be held the second and fourth Tuesday nights of each month.

Enthusiasm runs high and has been all week for the Santa Anna - Coleman football game. Santa Anna is going to WIN! And why are we going to win? Well, why shouldn't we? We have the Bluecats more or less out-experienced. The Mountaineers are at least as heavy if not heavier than the Bluecats Santa Anna has won four games and lost two. They have run up 135 points to their opponents 43. Coleman has won two games, tied one and lost three. They have run up only 62 points to their opponents' 58. However they have played much tougher teams than we have.

Nevertheless, we have the old punch, pep, drive. We're out to GET Coleman. The score Friday night is going to make a weak expression but of BEAT Coleman

WHAT THEY THINK ABOUT THE GAME

Miss Merritt: "I have an idea that's going to be a good football game."

Mr. Myrick: "We're going to be out there to win. The band will be doing their share."

Mrs. Hill: "Why, everyone is of the same opinion. We're bound to win."

Miss McCreary: "It's time our Mountaineers tamed those Blue cats."

G. T. England: "It is trapping season for the Mountaineers. The little Bluecats had better watch their step."

Mrs. Williamson: "Why it's going to be the best game we've had."

Seniors: "We are out to win that game. Citizens, take notice. WE WILL WIN."

Mr. Byrne: "There is going to be fifty minutes of thrills and excitement. The Mountaineers will win!"

Ophelia Stovall: "Why not wipe out all trace of any such animal as Coleman Bluecats?"

LeDell: "I think those Santa Anna Mountaineers are going to show those Coleman Bluecats that they've got what it takes to maul 'em down."

Marie: "I think the Mountaineers are going to make the Bluecats really look blue."

Emma Kate: "Come on Mountaineers make those Bluecats come purring and crawling to us for mercy."

Speck took the ball from his 45 yard line and on an end run ran 30 yards before he was brought down on the 20 yard line. Pope down. Pope again drove through center for the tally. Try for extra point with McClain carrying was unsuccessful. The half ended with Santa Anna 20 and Brownwood 0.

Brownwood kicked off at the half, but the Mountaineers were unable to score before losing the ball. The Brownwood Lions had the ball on their 10 yard

line and on the first try of the Lions, after the half whitely crashed through the tackle to throw the ball carrier down behind his goal line for a safety. Brownwood again kicked off and after a few unsuccessful plays Box made an end run of 30 yards for a touchdown. Speck made the extra point around left end.

The fourth quarter the Lions started a drive that didn't stop until they had crossed the goal line for the score. Try for extra point was unsuccessful.

The Lions kicked off and Santa Anna carried the ball from our 20 yards line to a touch down in eight plays with Horner going over on the last try. Try for extra point failed. The game ended with the Mountaineers threatening to score again on the 15 yard line.

MOUNTAIN SNOOPERS

By Sarie and Sally

Hi! Thor Mountaineers! Sarie and I was setting on that mountain one day and a black and gold bird came and landed right thar on our shoulders. He told us some of the most down right pitiful gossip and made us start to thinking about this snooping business. Now if we say anything about you that would cause a hard feeling you just let us know, cause we sure are kind hearted and we aren't aiming to hurt nobody.

Love to All. Sarie and Sally

P. S. Everybody is wondering why Tom Bill Guthrie sits in speech class with just a dazy look in his eye when he sees the blond across the aisle.

Saturday night we saw Jeanne Marie with 71 (tell us Jeanne where was Margie?)

We are told that Glen Pope tore up his car several weeks ago when he was down in the Shield's community. Now would not that just take the rag off the bush? (He just can't go slow because he is so anxious to get there.)

Somebody tells us that a maroon car with white wheels is seen stopping at a two story house on the highway and getting a certain fair maiden. Could it be the assistant drum major he is after?

Now why did two girls stand by themselves at the Coleman-Mozelle football game and two boys wander around by themselves. Kinch what was wrong? Now understand we ain't personal.

They all say that Tom Robin gazes at Jimmy Sue constantly. Oh! there's something in the air! Don't mind us, we're just talking.

Some Students' Definition Of School Spirit

There is much school spirit in Santa Anna High School. Just to show that there is, some of the students were asked to give their opinions. The following are some of them that were expressed:

"School spirit means the entire student body in a state of delerium. They are rooting for the football team and they let them know about it (and how)" was Marie Newman's enthusiastic opinion.

Lorene Featherston exclaimed that school spirit is what makes us feel "all swell" when we see one of the boys running for a touchdown or one about to block.

LaVerne Bissett said, "School spirit is the spirit we get into when we are interested in what is taking place in the school. To have school spirit we should back everything that will help to make our school and football team better."

"My opinion of school spirit is when our pep rallies on Friday makes you feel so good that we run thirty minutes overtime backing those Mountaineers!" LaDell Loudamy declared.

"This week my definition of school spirit is the attitude that exists toward the game Friday night with our competitive neighbor, Coleman. When cold chills run up and down your back when you hear, "On Santa Anna", you've got the thing that is mighty good at cheering those Mountaineers down that line. That's school spirit!" stated the enthusiastic Allene Jones

Some of the students have school spirit so deep that they are unable to express themselves, as Bobby Jeffreys, Bobby, when asked his definition of school spirit, replied simply, "Omph, that's beat Coleman."

Mountaineers To Play Bluecats

The Santa Anna Mountaineers will meet their traditional rivals, the Coleman Bluecats, Friday night, November 1, on the Bluecat Huffard field. A lot of school spirit and enthusiasm is being shown for the Mountaineers. The student body is proving that they are behind the team.

The Bluecats won one conference game, lost one and tied one. The Mountaineers have lost two and won one conference game.

Come on, Mountaineers!!!
