"He Profits Most Who Serves Best"

VOLUME LV.

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, OCT. 18, 1940.

NUMBER 42.

This Week in Our Town

NOT TALKING—The two Sams, Presley and Collier, took in the Fair at Dallas Sunday and Monday. Both report an hilarious visit (a good time, in the vernacular) but both are reticent as to details. Evidently both left Friend Wife at home.

DONE GONE—Lee and Judy Hearn have sold their stock and lease on the Blue Bonnet Cafe to John Strickland and wife of Coleman. The deal was made Sunday and the transfer made Monday. The Hearn's are taking over the Avalon, a dine and dance spot, over at the army metropolis of Brownwood.

HE WOULDN'T—In working up Dollar Day advertising this week City Secy. C. C. Secy. Claude Reid and the writer almost attempted to get Oscar to let customers have \$15 loans for a year for a dollar. Maybe we can do that next time.

DONE GONE—Two of our most promising young business men have "pulled up their stakes" after several years of local training in two grocery stores here. Garland Close is working in Brownwood and Everett Kirkpatrick will be in West Texas.

GOOD—The following has been suggested for every delinquent letter-writing college student:

1. I am delirious.
2. I am running a temperature.
3. I am out of stamps.
4. I have no time of my own.
5. Examinations.
6. Popularity hitting a new high.

Letter follows.
My love,
Your daughter
(or son)
The above form can be printed on one side of the post cards with the parents' address on the other side. The student keeps a supply on hand and sends them home regularly, thereby eliminating the "letter-home" problem.

PROUD—J. M. Morgan tells us that his family has contributed 19 members to the draft army this week. Seven grandsons, 9 grandsons-in-law and 3 nephews would make 2 squads with two sergeants and a lieutenant thrown in, almost a platoon of relatives. Mr. Morgan has a right to be proud.

REGISTERED—Santa Anna and community had 327 draftees in the registry this week, 187 registering in the north box and 140 in the south box. Makes us think of 1917's hectic draft-talk days. We came across a little blue card the other day. Made us homesick for the old days in Camp Travis, France and Germany.

FIRST—Pete Newman and Doc Brand were first to register in the south box. We had Doc in mind as about 40, but he says "35 by cracky!", so that's that. Judge Tagles tried to register in both boxes and the boards told him he was too young. Johnny Ross acquired a bum leg as an excuse to escape the draft, but on being told cripples could peel potatoes all day in the army, he made a miraculous recovery. Robert Earl Johnson was first to register on the north side and "Hizzoner, Jawge" barely escaped. Veterans look on with wistful eyes, and the "infants" under 18 fail to comprehend.

FLAGS—In laying the new sidewalk down town, no provision was made for flag poles, as a consequence, many establishments can't fly a flag until the sockets for the pole butt is made in front of each store.

ALL GONE—Final sale of wool cleaned out the 1940 crop in the Santa Anna warehouse the first of the week. Ozro reports that Beall Barbee of San Angelo, for Walter Marston, a Boston firm, bid in 6220 pounds at 24 1/2¢, 9970 at 33 1/2¢, 16890 at 32 1/2¢, 2200 at 29.05230.

Hospital Facility at Camp Brownwood Now Being Pushed

Construction work at Camp Brownwood has centered on the 80-acre hospital facility, where buildings leaped from the level field in Jack's beanstalk manner.

Each of the hospital structures is 150 feet and six inches in length by 25 feet and four inches in width. Each will provide room for 33 beds of the 1,000 to 1,500 bed hospital assembly.

An average of 12 cars of lumber daily was rolling into Brownwood after delays had held up the work because of a shortage of materials. Even now, progress of the work is still limited by the amount of materials received.

Castiron pipe for water lines on the campsite was also being received.

At camp headquarters area, buildings to house offices of the contractor, the quartermaster, the constructing engineers and a fourth structure where blueprints were made, had been completed. Also finished was a sheetmetal tool house and a water tank.

Officials were talking of a construction schedule for the near future of ten complete buildings a day as a goal to be achieved and held for the project.

Church Societies

GLAD HAND CLASS ENJOYS ANNUAL BANQUET

Mrs. Everett Kirkpatrick was elected president of the Glad Hand Sunday School Class of the Methodist Church at the annual class banquet which was held in the dining hall of the church on Thursday evening, October 10.

The meeting was opened with a devotional led by Mrs. Chap Eeds.

Other officers elected included Mrs. W. R. Mulroy, vice president; and Mrs. Roy Richardson, secretary and treasurer. Mrs. Chap Eeds, beloved teacher of the class for the past four years, was unanimously chosen to continue her work with Mrs. Dawson Zimmerman as assistant teacher.

Mrs. Harry Caton, retiring president, was presented lovely Roseville pottery as a token of love and appreciation from the class for her loyal and faithful leadership. She responded with thanks for the beautiful gift and also expressed appreciation to the entire class and special committees who have assisted throughout the years she has served as president of the class.

The banquet table reflected the Glad Hand class colors of pink and green with pink lanterns adding the floral note.

The menu consisted of baked chicken, dressing, giblet gravy, cranberry jelly, buttered english peas and carrots, fruit salad, hot rolls, whipped cream, mignonette and coffee.

Present for the evening were: Mesdames Chap Eeds, Newman Upton, Roy Richardson, Harry Caton, Arlie Welch, L. Gene Hensley, Everett Kirkpatrick, J. D. Daniels, W. B. Griffin, Dawson Zimmerman, Homer Hudgins, Basil Gilmore, W. R. Mulroy, James Simpson, Martin Adams, C. A. Crump, A. L. McGahey and Miss Margaret Schultz.

Christian Church Woman's Council

The Woman's council of the Christian Church had a most interesting meeting at the Church Monday afternoon. The main feature of the afternoon was the lesson on Lydia, first in a series on Bible women, exceptionally well given by Mrs. Tommie Starnes. After hearing about this great business woman, who was influential in the establishment and furtherance of the Church at Phillipi, it seemed she had no equal, but maybe we will think differently after we hear Mrs. Clifford

COLEMAN COUNTY TEACHERS ELECT NEW OFFICERS

Members of the Coleman County Teachers association chose a new set of officers when they met in Coleman Saturday.

Those elected are: Co. Supt. W. T. Graves, Coleman, president; Supt. O. C. Cook, Mozelle, first vice president; Supt. W. R. Chambers, Burkett, second vice president and Mrs. D. S. Jennings, Coleman, principal at Bowen, secretary-treasurer.

Sealy Hospital Is Again on the U. S. Approved Register

Official announcement of the 1940 list of 2,906 approved hospitals in the United States, Canada, and a few other countries, will be made at the twenty-third annual Hospital Standardization Conference opening Monday morning, October 21, in Chicago in conjunction with the Clinical Congress of the American College of Surgeons.

The Sealy Hospital of Santa Anna is on the approved list of hospitals for the State of Texas.

Dr. Malcolm T. MacEachern, Associate Director of the College in charge of its hospital activities, called attention to the fact that in less than a quarter of a century the number of approved hospitals has grown from 89, the total on the first list issued in 1918, to 2,906, which is evidence of remarkable progress.

FDR SIGNS WOOL LABELING ACT

President Roosevelt signed into law the bill requiring that all woolen articles bear labels disclosing the exact fiber content, including percentages of virgin or reclaimed wool.

To become effective in nine months, the law will be enforced by the Federal Trade Commission and carry with it a maximum penalty of one year imprisonment and a \$5,000 fine for willful violation.

Santa Anna Girls Elected To Membership In Aggette Club at Tarleton

Anna Burgett, Betty Michaels, Jo Mae Payne and Betty Jo Reid all of Santa Anna, have been elected to membership in the Aggette Club at John Tarleton College.

The Aggette Club is one of the most unusual clubs at Tarleton in that it includes athletic, social and social service activities. It is sponsored by Miss Laura Fellman, associate professor of Physical Education for Women.

Included in the club's plan for this year are basketball games, golf tournaments, a banquet, a dance, and the donation of baskets to the poor at Christmas.

Two-thirds of all deaths due to fires happen in the home.

Stephenson tell about Dorcas next Monday afternoon. Dorcas worked in a different way than Lydia, but was outstanding in her line. All our women are urged to attend these meetings. There were 15 women present and a number of children at the Monday afternoon meeting.

It was decided to have our plate social Monday afternoon, October 28 with Mrs. Alpheus Boardman.

Presbyterian Missionary Society

Monday afternoon nine members of the Presbyterian Missionary Society met at Mrs. Clinton Lowe's home.

A report was made on the "As-Is" breakfasts showing that twenty-one dollars and sixty-five cents was cleared. A small part of this will be sent to the Reynolds Orphan Home in Dallas. The larger part of the money will be spent locally.

Mrs. W. O. Garrett led the program on "Alaska."

Flowers brought by the ladies were used in a bouquet that was sent to Miss Eudora Garrett, who has been in the hospital for two weeks.

Rockwood News

Cotton has been holding first and last place in conversation. Now with the fresh autumn smell of rain in the air grain planting is the foremost subject. Also on these wistful October days, plans are being laid for Halloween as well as the holidays that follow. Curiosity is getting a break—everyone is trying to decide whether it will get colder before it gets warmer or warmer before it gets colder. The only thing left is for everyone to make his own almanac for next year.

Mrs. Bell Campbell of San Angelo was visiting friends and relatives here last weekend. Miss Linnie Box and Claudia Wise went to Brady Sunday afternoon.

The H. D. C. play was a success as far as the production and performance were concerned. Financially, it could have been better.

Rockwood and Melvin will clash on the Rockwood gridiron this afternoon at 2:30.

Miss Georgia King spent the week-end with her parents, Mr. and Mrs. J. C. King.

Walter Lee Hodges was in Santa Anna Saturday.

Mr. and Mrs. Roy Mefferd visited her parents in Coolidge last week-end. They visited his parents in Stephenville on Sunday evening.

Work on the lunch room began in earnest Monday morning.

A. W. Box spent the week-end with his cousin, Travis Box of Abilene.

Mr. and Mrs. Jack Bostick, Alvin and Ed visited in Lampasas this week.

According to the Wednesday afternoon report 1250 bales of cotton have been ginned at the Rockwood Gin this season.

The football team and pep squad had a winter roast at Jim Steward's crossing Friday night.

Sam Estes went fishing. How can we elaborate on that sentence when he refused to say "here or when?"

Mr. and Mrs. Bob Johnson and Tom visited in Eldorado last week-end.

The H. D. Club met with Mrs. Mac Rehm Wednesday afternoon. Officers elected were as follows: Mrs. Mac Rehm, president; Mrs. W. T. Bowers, vice-president; Mrs. Bailey Hult, secretary-treasurer; Mrs. Lewis Bryan, council member; Mrs. Carl Buttry and Mrs. Caldwell 4H Club sponsors; A. Hallöwen motif was carried out in decorations and plate favors. Refreshments of chicken salad sandwiches, ice-box cake, and orange punch with pineapple cubes were served to twenty-five.

Carl Williams went to Temple last week-end to visit his father and to Houston to visit his sister, Mr. Oral McGill.

A big crowd came to the show for the lunch room Tuesday night at the school house. All of the gifts brought were useful and necessary. Coffee and cookies were served.

Rev. M. R. Hancock preached at the Baptist Church Wednesday night.

Mrs. Luther Abernathy and Mrs. Mark Davis and children of Santa Anna spent Wednesday with Mrs. Tom Bryn.

Marine Corps, the recruiting officer at the Post Office in any one of the following places on the dates as indicated: Cleburne, Monday, October 21st; Stephenville, Tuesday, October 22nd and Brownwood, Wednesday and Thursday, October 23rd and 24th. The recruiting office will be open from 8:00 a. m. to 4:30 p. m.

Winters Avalanche Buries Santa Anna Mountaineers Deep

Led by Albright and Glaze, the Winters Blizzards tamed the Santa Anna Mountaineers, 18 to 2, Friday night.

The Santa Anna score came by a safety in the second half, after penalties had driven the Winters eleven to their one-yard line.

Jasper Albright toted the leather across from the three yard stripe in the first quarter for the first Winters score. Passes from Glaze to Albright had set up the touchdown.

The Blizzards tallied again in the third period. Campbell intercepted a pass and ran it back for the final Winters touchdown.

Outstanding for the Mountaineers was the clever running of Pope.

Stafford's place Wednesday.

Rev. Bowman's wife is in the Brownwood hospital receiving treatment.

Fredric Underwood returned to Brady Wednesday evening after a few days' visit at home.

Mary Tom Bryan of Six-Mile is spending the week-end with homefolks.

"Some witty advertiser stated in his ad: 'Make your dollars have more cents.' Dollar Day in Santa Anna is when your dollar will buy more than 100 cents' worth of goods. Read the double page advertisement in this issue.

OCTOBER

October in all its glowing warmth and intermingled goldness and rustiness, brings with it a cascade of brisk impressions. These things we know to be true—a new moon on the first day and a full pumping moon on the 16th. On clear evenings, when the moon has sunk, you may catch the "rainy" constellations—Capricornus, the Sea Goat, the Wolf, the Barber, the Star Monster and the Celestial River in the sky.

October is a month of many things of bronze, yellow and silver in all their autumn freshness from the first day of the month to the last. The orange and yellow leaves of the trees are blowing in the wind, and the gold and red leaves of the trees are falling.

If an artist, you'll hear the quiet sounds of autumn, sound heard only in hazy, hush. Trees are almost ready to splash in color with their autumn brightness. Nutting is a popular "like" of the month—stained finger-tips, follow the hulling of the stickights.

The 12th of the month gives the youngsters a stunt on courage and adventure when they study pictures of the Santa Maria, the Pinta and the Nina Banks close in honor of Christopher Columbus. At the Dallas Fair crowds come and go. The Guernseys and Holsteins and fat Polan-China hogs win blue ribbons right and left. Haystacks appear spontaneously. At every fingertips are baskets of inviting apples and tumbling cranberries. Rain is in the air along with an irresistible crispness. As a final stroke Halloween comes with startling jack-o'-lanterns, carnivals, witchery, broomsticks and ghosts. With that the death of another October.

Coleman Co. News Briefs

Members of Coleman's school board visited San Angelo, Ozona and Sonora last week, studying the gymnasiums there in an effort to determine what type of gym they favor to be constructed. The proposed gymnasium is to be constructed just south of the high school block. The school board visited gymnasiums in Stephenville, Gorman and Ranger also.

Actual construction work on the new Centennial High School which is to cost a total of \$78,483, began last week with a crew of 47 men on the job. The project is being constructed by the Centennial School district with the aid of the WPA. The building is to take the place of the one destroyed by fire last winter. The same site is being used for the new structure, and it includes a gym and a teacherage.

Work has been completed on a project in Commissioner's Precinct No. 3 in which 7.1 miles of lateral roads were improved and 13 bridge structures were built. The improvements cost Coleman County a total of \$7,788 and the Federal government a total of \$21,714.

Suit for damage to the sum of \$300,000 is pending in District Judge O. L. Parish's 19th Judicial District Court. The suit filed by W. P. Lack of Stephens County, Texas, as the result of an explosion at a gas well near Santa Anna on October 13, 1932. It is filed against H. M. White, oil man, and others.

F. B. Simmons of Coleman has been named by Allock as chairman of the Coleman "Roosevelt for President" finance committee and is in charge of collecting local contributions for the Coleman County are urged to contact the county democratic finance chairman.

Two old and bitter foes of District 3A—Winters Blizzards and Coleman's Bluecats clash Friday night at Coleman.

The Coleman County State Convention will meet at Nivins, Texas, on the Coleman Abilene Highway, Sunday, October 20.

Be sure to come and tell every one you see. Several good quarters will be there.

ATTENTION REPORTERS

The News wishes to announce all reporters, either full or part-time, who are interested in the "PEACE" for this year in the other states. Thursday, this date is before we were forced to leave with our "pegs" because of a fire in the office. Thank you.

WHON NEWS

IN NORMAL TIMES, BANKS OF America are the spark plugs of our economic system. And in abnormal times the banks are among the first industries to be called upon for special and vital jobs. A little example of this, which didn't make the headlines but which illustrates how banking is cooperating with government, recently occurred. The National Defense Council has been seeking ways to prevent undue price increases and hoarding, idle bank credit. A short time ago representatives of banks met together with Leon Henderson of the Defense Advisory Commission and agreed upon a form of government contract which will be "bankable" which a contractor, if he so wishes can discount at his bank. One result of this, according to Commissioner Henderson, is that "there will be less reliance on government debt and more use of private credit for underwriting plant expansion. Every dollar of credit that can be provided by banks and other private sources, means that the government will be called upon for a dollar less. It means less of a burden upon the taxpayers of today and tomorrow. Finally, it means that some of the billions of "out-of-work" capital now held by banks will be put to productive use. All along the line, banking is showing its willingness to do all in its power to expedite the defense drive, and at the same time carry on its normal functions on behalf of regular people, industry and business. Credit is as important to defense as weapons — after all, credit must be provided, and in tremendous blocks, before the arms program can come out of the blueprint stage. Banking, like and milk never was more vital to this country than it is today.

MOST SMALL TOWNS NEED A revival of the old home town spirit of loyalty. The recent U. S. census impresses upon us the fact that Santa Anna could do well on a big dose of it the same as others. Disloyalty as much as New Deal ventures in Communism is playing hob with our state, our county and town. It is apparent the New Deal has, and is continuing to, increase the WPA army by every means possible and that small towns have suffered through the centralization efforts. Small towns in self defense have to concentrate on keeping their trade at home in order to exist. Being essentially loyal to the old home town, the forced by circumstances, betimes to go afield, we have been shocked at the way some indifference affects the local bakery. The advent of bread trucks, leaving fancy-wrapped bread, pies and cakes on local grocery and cafe counters, thus inducing in an hypnotic way the switching of customers from a home enterprise to outside ones, has injured the local institution. Here's a business that has a payroll of about \$180 a month, buys from many local stores, pays a nice bit of taxes to the city and school, a business worth several thousand dollars a year to the town and which would cost a that much if frozen out, having to face the competition of a half dozen firms from other cities, firms that have no payroll here to be spent with local people, who do not patronize local stores, who pay no city and school taxes here. Reason says the home institution is valuable to in and the outsider milk our money into other town banks. Critics may say that or that about the quality of the bread. It is a side bet that not as many as one out of twenty-five critics or otherwise, can take a bite from any bread sold in town, blindfolded, and tell you whose bread it was, or if

KIDNEY STAGNATION IS WORSE THAN CONSTIPATION!

Because We Treat Constipation at The Onset, While We Neglect Our Kidneys Indefinitely. No other organ in your body is of more importance than your kidneys. For in your kidneys there are nine million tubes which must work day and night to filter the fluids and keep the system free from wastes, acids, poisons which, if permitted to remain, may cause serious kidney and bladder troubles. It is no wonder then that Nature often calls for help to clean out the kidneys. So if you are troubled with Getting-Up-Nights, Leg Pains, Backache, Nervous Headache, Dizziness or Loss of Energy, due to functional kidney disorders, try KIDANS, the famous kidney remedy, which aids Nature to flush out the kidneys, to filter all wastes, to prevent kidney stagnation. KIDANS is Safe and Reliable. Thousands report entire satisfaction. Taken according to directions, KIDANS will give splendid results. Try KIDANS. Buy it at our Special Price. Offer on two boxes. Use one box. If not satisfied, return unopened box and GET YOUR MONEY BACK. If your local druggist cannot supply you, send \$1.00 to The Kiddans Company, Atlanta, Ga., for two full size boxes on a money back guarantee.

two successive bites were from the same loaf or not. If your baker doesn't bake to suit you, raise Cain with him until he does. Every time you run an industry out of town, you not only make a vacant business building, but you empty from one to a dozen residences. Is it worth while to destroy any business in town when the assured reaction is not only the loss of the families, etc., but you who remain are obligated to shoulder the burden of taxes and financial support of institutions formerly underwritten by the lost businesses and citizens. Referring to bakeries for an example, does the outside bakers patronize you or any local industry that supports you in full or in part? Is the outside bakeries patrons of your drug store, hardware store, doctor, or grocer? Does he pay taxes here, support your charity projects? Do his employees live here and spend their money in these ways? Does he deposit your money in your bank? Do his profits go to build up our town or his? The answer is not hidden. If your baker does not give you bread to suit you, argue it out with him instead of helping the other town destroy your town. Merchants and cafe managers feel they must serve the customers' demands, but it is clear that a little amplification of the program along a few more lines would result in there being no customers to serve, i. e., heaving to the line in some cases is cutting one's own throat. The demands of the man with the money must be met, says a gentleman. Not always. Safety says not. Drugs are prescribed to the man with money for safety sake. Any town with a too large segment of disloyal might in the blueprint stage. Banking, like and milk never was more vital to this country than it is today. Santa Anna need never enter the danger zone. Let's do a bit of cooperating on any local problem that may arise and keep Santa Anna the best little town in West Texas. We can if we can't if we shirk like many others are doing.

Want to Get the Razzberry? Try telling folks the rates have been cut in half! I work for the utilities and the other night I had supper over at Jim and Edith's house. It was a swell supper and I told Edith so. "Cooking," she said, "is easy. We have nearly everything electric." "There is a point," I says, excited-like. "And you're using about twice as much electricity today as you did 10-years ago for the same money." "Maybe you mean the bill is twice as high nowadays," Jim chimed in. "It may be just as high, Jim," I said. "Mine is, too. But there's a good reason for it. Look here..."

2 Then I took them around the house, pointing out their refrigerator, electric washer, the percolator, radio, toaster, iron, and all the other electric appliances, not to mention the better-light-better-sight lamps. I said: "Now, honestly, aren't you using a whole of a lot more electricity than you did just a few years ago?" They said that was right.

3 Then I tossed a couple nickels on the table, real dramatic-like, and said: "The average person pays only about a dime a day for electric service! Some pay less, some a little more. And the more you use, the lower the rate!" 4 "Is this a bargain or isn't it?" I asked Edith. "Never thought of it like that," she said. "I certainly do get my money's worth!"

SANTA ANNA H. D. C. NEWS

Features of the Santa Anna Home Demonstration Club meeting, Friday afternoon, October 11, were the election of officers and annual reports.

1941 officers elected were the following, president, Miss Ellen Richards; vice president, Mrs. S. K. Moredock; secretary-treasurer, Mrs. Fred Rollins; council member, Mrs. Frank Goen; parliamentarian, Mrs. W. E. Vanderford.

The committee reports concerning the year's work were made by the out-going officers: Mrs. Roy Stockard, president; Mrs. W. E. Vanderford, vice president and program chairman; Mrs. J. K. Harrison, council member; sec'y-treas., Ellen Richards; reporter, Mrs. R. F. Watson.

Standing committee reports were given by Ellen Richards, on finance and flowers; Mrs. Watson, yearbook; Mrs. Conley, recreation; Mrs. Hallie Bissett, membership; expansion and kitchen, Mrs. F. Goen; food supply, Mrs. Fred Rollins.

During the business hour, Mrs. Watson who is moving to Coleman resigned as reporter for the remainder of the year. A new reporter will be appointed to fill the vacancy.

Mrs. Harrison gave a very interesting council report, stating a quick bread exhibit would be held at Stevens Hardware in Coleman, Saturday at 1 p. m. November 2. The first three winning trays will be awarded prizes.

A committee of four were appointed to bake bread. Mrs. W. A. Standley, banana nut bread; Mrs. Fred Rollins, orange bread; Mrs. Jess Moore, Boston brown bread; Mrs. Eva Conley, ginger bread.

The arrangement committee to complete plans for achievement tour, Wednesday, Oct. 23, is: Mrs. S. K. Harrison, chairman; Mrs. W. E. Vanderford, registration; Bissett, Lowe, Ray Moore, helpers. The group will meet at the county agricultural building in Coleman at 9 a. m.

Live-at-Home Club will take the lead for the tour of that club. Santa Anna Club will direct the tour to the home of Mrs. F. Goen. Lunch will be served free at the Ranger Park to those making the tour.

After lunch the home of Mrs. Fred Rollins will be visited. At this time Buffalo will lead the tour through that community. The Liberty women will direct the group from there. One and a half hours will be spent at each place, Liberty being the end of the tour.

Mrs. W. E. Vanderford commented on the importance of fall gardens. The hostesses served refreshment plate to 13 members.

"Christmas around the Corner" will be demonstrated by Ellen Richards Friday, November 8. Place to be announced later.

BUFFALO H. D. C. NEWS

Mrs. H. T. Carr was elected president of the Buffalo Home Demonstration Club for year 1941. Friday, October 11 at a meeting held at the Home Making Cottage. Other officers elected were: Mrs. Roger George secretary-treasurer; Mrs. O. W. Myers, vice president and program chairman; and Mrs. Pete Curry, council member.

At the same meeting four new members were enrolled as follows: Mrs. Walter Burton, Mrs. Pete Owens, Mrs. Pete Curry, and Mrs. Eula Allen. Three visitors were, Mesdames J. W. Roberts, Edwin Cox and Ruby Evans.

Committee reports were given during the business session, with Mrs. B. A. Mungler, president, presiding.

New business was sponsoring a community wide shower of equipment to supplement that already being used in the Buffalo lunch room, the donations to be sent in by school children. Each club member is to turn in her annual report to Mrs. O. G. Curry.

Some highlights of the year's work are as follows: helped Erlene Coker sponsor the 4-H girls as: sent Beatrice Williams, Buffalo 4-H girl who won first prize on her cotton print dress at Coleman, to A & M short course awarded prizes to the three best

penalty books made by 4-H girls; sent a club delegate to short course at A & M, helped to furnish bedroom of Home Making Cottage, arranged for three members to help prepare and serve American Legion luncheon won the prize for having the greatest number of members present at the Area 1 meeting in May, sponsored a shower and helped to make five quilts for a member whose house burned, arranged for all club meetings and most of the programs in year book and last, but not least enjoyable, complimented each club member with a dinner party and gifts on her birthday.

Next meeting of the Club will be October 25 when Mrs. Gladys Harding will demonstrate wrappings and decorations for Christmas gifts and each club member is to demonstrate making some simple gift. This meeting will be held at the Cottage and everyone is invited.

AMERICAN BOY MAGAZINE COMPANION TO THOUSANDS

Hundreds of thousands of boys and young men read THE AMERICAN BOY Magazine every month and consider it more as a living companion than as a magazine.

"It's as much a buddy to me as my neighborhood chum," writes one high school senior. "THE AMERICAN BOY seems to understand a boy's problems and considers them in such a sympathetic and helpful way. It gives advice and entertaining reading on every subject in which a young fellow is interested. It is particularly helpful in sports. I made our school basketball team because of playing tips I read in THE AMERICAN BOY."

Many famous athletes in all sports credit much of their success to helpful suggestions received from sport articles carried in THE AMERICAN BOY Magazine. Virtually every issue offers advice from a famous coach or player. Football, basketball, track, tennis, in fact every major sport is covered in fiction and fact articles.

Teachers, librarians, parents and leaders of boys clubs also recommend THE AMERICAN BOY enthusiastically. They have found that as a general rule regular readers of THE AMERICAN BOY advance more rapidly and develop more worthwhile characteristics than do boys who do not read it.

Trained writers and artists, famous coaches and athletes, explorers, scientists and men successful in business and industry join with an experienced staff to produce in THE AMERICAN BOY, the sort of reading matter boys like best.

THE AMERICAN BOY sells on most newsstands at 20c a copy. Subscription prices are \$2.00 for one year or \$3.50 for three years. Foreign rates 50c a year extra. To subscribe simply send your name, address and remittance direct to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Michigan.

DIETS STILL LACKING

Most recent statistics available from the State Department of Health revealing that there were 544 deaths from pellagra in 1938 indicate that Texans cannot relax their vigilance in striving for adequate diets.

The big reason why diets are so poor is that many families haven't enough money to spend for food to buy good diet, according to Jennie Camp, specialist in home production planning for the A. & M. College Extension Service. For more than a year now Miss Camp has aided in a Texas food campaign in an effort to correct deficiencies in the diets of Texas rural families.

She estimates that 450,000 Texas farm people have fourth rate or very poor diets; 1,000,000 Texas farm people have third rate or fair diets; and nearly a million Texas farm

people have good or excellent diets.

According to the last agricultural census, nearly a fourth of all the farms in Texas had no milk cows; about 15 per cent had no poultry, more than 40 per cent had no gardens, and almost 85 per cent reported no orchards. This, Miss Camp believes, accounts for the inadequacy of most farm families' diets.

One way of removing deficiencies in home-grown vegetables has been offered in the 1740 AAA provision for home gardens, the specialist points out. Under the agricultural conservation program a home garden will yield a soil building payment, supply a family with vegetables which have a high dollar value and provide foods that are good to eat and good for health.

PROCLAMATION

TO THE PEOPLE OF THE CITY OF SANTA ANNA

WHEREAS, October twenty-seventh has been designated by the United States Navy Department for nation-wide dissemination of information relating to the activities and importance of the Navy in our national defense;

WHEREAS, it was the month of October, in 1775, that our forefathers decided that to have a nation we must have a navy;

WHEREAS, from the very beginning of our national life, the Navy has always been, and justly deserves to be, an object of special pride to the American people;

WHEREAS, its record is indeed one to inspire such sentiments, and

WHEREAS, the Navy is not only the first line of defense, but it is the most important line of defense; and

WHEREAS, the Lions International club of this city, through its officers and individual members, is cooperating with the United States Navy in recruiting and information activities;

THEREFORE, I, Geo. M. Johnson, Mayor of the City of Santa Anna call upon our citizens this week preceding and including Navy Day, October Twenty-seventh, to join in Navy Day observance by displaying the Stars and Stripes; and upon all young men who can do so to call upon Lions International club members of this city and obtain with out obligation on the naval service of our country.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the City of Santa Anna to be affixed this 16th day of October, 1940.

WEST TEXAS UTILITIES ADOPTS NEW SLOGAN

Better times for West Texas are foreseen by the West Texas Utilities, which this month is changing its advertising slogan from "Invite a friend to West Texas" to "Invite a new business to West Texas—the Land of Opportunity."

The company, according to Bill Mulroy, local manager, anticipates a shifting of industry and business and believes that the Southwest will capture a good-sized portion of the flow from eastern commercial centers.

"We in West Texas have many advantages to offer most types of industry," he declared, "and it is up to all of us to help publicize the fact and secure new concerns which will bring new money to our community as well as consume more of our own agricultural products."

He mentioned West Texas' mild climate, "good, clean air and plenty of space; cheap, ample supply of fuel and power, and superior living conditions as being among assets which would prove attractive to business once "we build up the reputation of welcoming private initiative and enterprise."

The tendency toward widespread distribution of industry, he added, gives West Texas an unusual opportunity to secure self-supporting and community building business institutions.

The utilities company maintains an industrial department, headed by T. J. McCarty and R. M. Fielder, that devotes full time to work with business concerns either already here or seeking desirable locations. The department has just completed a detailed survey of the region's mineral resources and now has available much valuable information on the location of numerous minerals, for which there is a wartime demand.

Second Division Guests of State Fair

The State Fair of Texas went military Sunday, October 13, Army Day, and the crack second Division of the United States Army from Fort Sam Houston was on hand. This is the only completely motorized division in the United States. The Division staged a parade in columns of four, which also included its equipment, from Forest Avenue entrance thru the grounds. The parade was a mile and a half long. The reviewing stand was in front of the Hall of State and in it were notables including army men and civilians. The equipment was placed throughout the grounds for public inspection. The Division is commanded by Major General Walter Krueger.

rubber and 75 per cent of this for tires and gets it almost all from halfway around the world in the East Indies, United States military authorities are studying the new butyl. Its uses still are secret. But one of its properties is increased strength as it gets hot. Heat is a problem in heavy, high-speed military transportation. An important quality of the new rubber is resistance to oxy-

gen in the air and to sunlight. Oxygen weakens and cracks all natural rubber.

The new chemical principle of butyl explains the oxygen resistance. It is what chemists call saturation. A saturated chemical has no affinity for other chemicals. Natural rubber has a lot of affinities, including the bad one for oxygen. In butyl the scientists made a rubber with scarcely any unsaturated affinities except for carbon black, the stuff which makes tires strong. Butyl will take up one-third more carbon black than will natural rubber.

A GOOD WORD FOR BULL SETTLES

Somebody has finally got around to saying a good word for bull nettles.

The 'somebody' is two University of California scientists, who found that the plant contained a protein-digesting enzyme resembling pepsin in its action.

It is even more like the digestive compound found in the subtropical fruit papaya, known as papain. Papain has long been used as a medicine for indigestion, and it is possible that the new enzyme, which has been named solanin, may be useful in the same way.

It is also thought that solanin may find economic application in tanning and other industries, especially since it is more resistant to heat than other digestive enzymes.

Maybe Texas farmers will be planting nettles some day.

American Synthetic Rubber Made Of Oil Refinery Gas

A new American synthetic rubber, made of oil refinery gas, a rubber that stretches better but bounces less than the natural, and does other amazing things, was announced last week.

The rubber is odorless and tasteless. It is so pure it looks like fresh snow. It is made of a new chemical principle, indicating that science soon will make many kinds of rubber instead of just one. Each kind will be suited to a special use.

The rubber is the butyl whose nature has been understood ever since the first fact of its discovery was announced last June. A whole group of chemists has worked ten years on it.

This butyl gives the United States four different kinds of synthetic rubber, all homemade for war emergency. As the nation uses half the world's crude

ARE WE GOOD ENOUGH?

Are we good enough to rise above defeat? Or does it have us flinched? The attitude of the Mountaineers will definitely answer this question!

For a while, the Mountaineers looked good, very good. They had some teams acting rather scared. But something happened Friday night, that turned us into false alarms. We were outplayed.

Why were we outplayed? We had weight, we had experience and we had previous victories of the season. Moreover, we had school spirit! Will what happened in Winters happen in Ballinger?

Oh! Mountaineers! Redeem yourselves! Don't be disgraced by defeat again! A lot depended on the past game. More depends on the one tonight! Boys, you can do anything if you want to badly enough! The town and school are for you! Regain our lost prestige by beating, hammering, mauling Ballinger. Are we good enough?

BELIEVE IT OR NOT

We can't chew gum in Santa Anna High.

The Juniors are going to win the Hallowe'en Queen contest! Elmo Eubanks and Mary Joyce Hill had a quarrel!

We lost a football game Friday!

Lorene Featherstone made an A plus on the Geometry test!

Mrs. Williamson can do the "cake walk!"

SENIORS MEET

Monday, October 14, the senior class met and elected La Verne Bissett for candidate for Hallowe'en queen. La Verne, a popular member of the senior class, was nominee for F. A. sweetheart and is head drummer.

Penrose Metcalfe Addressed County Teachers

Penrose Metcalfe, state senator from this district, was the main speaker at the initial county Teachers' meeting last Saturday at Coleman high school auditorium. His subject was, "The Problem Confronting The Next Legislature."

Other visitors were Miss Henderson, deputy state superintendent; Mr. George Smith, county clerk; and an American Legion representative, who invited all of the schools to participate in the Armistice Program in Coleman on November 11.

Mr. Smith gave the teachers certain instruction concerning the registering of the men of the draft age on Wednesday.

Hallowe'en Carnival To Be October 26

The annual Hallowe'en Carnival will be on Saturday night, October 26, at the High School building. The proceeds go to the Junior Class and the band.

A very good carnival is being planned. A number of booths will be open, including the crazy house, bingo games, a cake walk, shooting gallery, fortune telling, fishing, ladies only, men only, around the world, variety store and many more too numerous to mention.

One of the most colorful events of the evening will be the coronation of the queen, who is being chosen from the candidates of each class.

Hallowe'en Carnival Queen To Be Elected

The contest for Hallowe'en Queen started Monday. The

candidates were selected from each class. Those selected were: freshman, Jimmy Sue Henderson; sophomore, La Dela Loudamy; junior, Tavy Marie Stacy; senior, La Verne Bissett. The votes are one cent each. Everyone support your candidate!

Junior Class To Have Another Rummage Sale

After a successful business, Saturday, October 5, the Junior Class is going to have another rummage sale, Saturday, October 19. The Juniors made about \$10 their first sale.

Santa Anna To Play Ballinger

Tonight the Santa Anna Mountaineers will play Ballinger's Bearcats at Ballinger.

The positions and weights of the boys in the probable starting line-up are as follows:

Right Guard, Rex Turney 150 pounds; right tackle, Darrel Cupps, 184 pounds; right end, Floyd Shelton, 150 pounds; left guard, Clarence Watson, 134 pounds; left tackle, Wayne Whitley, 160 pounds; left end, Wilburn Box, 145 pounds; center, John West, 157 pounds; full back, Glen Pope, 170 pounds; quarterback, J. K. McClain, 170 pounds; halfback, Richard Horner, 130 pounds; halfback, Adrian Speck, 175 pounds.

The average weight is 157 pounds.

This should be a good game. Santa Anna has lost one of its two conference games, Ballinger has played only one conference game and won it.

Come on, folks, let's all go to Ballinger to-night and see a Mountaineer victory.

Winters Trounces Santa Anna

The Winters Blizzards passed their way to an 18-2 victory over the Santa Anna Mountaineers last Friday night at Winters. The two teams battled through the first half scoreless, but during the third quarter, Winters started a successful passing attack that paid off.

Freshman Class Meets

The freshman class selected its motto Monday, October 13. "King sense, common sense, no room for nonsense."

Marjorie Jean Oakes was elected assistant secretary to serve until Wendolyn Campbell the secretary, is able to return to school.

Holiday Wednesday

Schools throughout the nation observed a holiday Wednesday to patriotically assist in registering for the draft.

The Santa Anna school system was no exception. The teachers assisted in registering the men for the first peace time draft.

Speech Class

The Speech Class has cast a one act play and are planning to present it, October 24. A very small admission charge of five cents will be made. The cast consists of Mary John Wade, Margaret Griffin, Marjorie McCoy and Tom Bill Guthrie.

Scribblers Elect Dutches

The Scribblers Club met Oct. 15, 1940. They elected Gloria Ann Hensley as their dutches for the Hallowe'en carnival, which is to be sponsored by the Junior Class and the band on October 26.

JOKES

Mr. McDonald: "What is geometry?"
Walter Yancy: "The little acorn grew and grew, and one day woke up and said, 'Geometry!'"

Mr. Byrne: "Why the quotation marks on this paper?" (looking over some quiz papers.)
Mac Norris: "Courtesy to the man on my left."

Mr. Hunter: "Can anyone tell me what causes trees to become petrified?"
Virginia Pettit: "The wind makes them rock."

Miss Merritt: "Young man, how many times have I told you to get to this class on time?"
Doc Brand: "I don't know, I thought you were keeping score."
Tough: "Got a piece of sand-

paper?"

Guy: "Yeah, but you can't take a bath now, there's someone in the shower."

In Musty Gulch lived Crusty Pete, Who never washed hand, face or feet, The people South would often say, "Wind's North, Pete's on the air today."

This business of thinking up jokes Has got us a little bit daunted, The ones you want, we can't print, And the ones we print aren't wanted.

Famous Sayings By Famous Folks

Samson: "I'm strong for you, kid."
David: "The bigger they are, the harder they fall."
Nero: "Hot stuff. Keep the home fires burning."
Cleopatra: "You're an easy Mary Anthony."
Helen: "So this is Paris."
Noah: "It floats."
Methuselah: "The first hundred years are the hardest."

3 Important Things

KNOW YOUR BANK

There are three things this Bank of ours strives to attain. They are: Integrity, Intelligence and Interest in our Customers' problems.

Integrity is virtually taken for granted today. Every banker must watch his step. Intelligence is not so common as Integrity. But lastly, the customer must find his Banker a man who sincerely tries to tackle the customers' problems from the customers' viewpoint. Let us convince you that we earnestly TRY.
