NUMBER 38.

This Week in Our Town

"In another day we'll have a brand new sidewalk here", commented Hardy Blue Wednesday afternoon while laborers were at the job of laying new concrete job of pouring concrete where the old multi-aged and -style sidewalk used to be. In front of The New office a nice new concrete slab has replaced the old sandstone block sidewalk. The new paving extends from in front of the Truckers Cafe west to the Service Cafe frontage.

"Make 'em both pay 20 cents!" urged several Lions at Tuesday noon luncheon when it was discovered that two members had brought each other as guests on guest day. The tall twister had a job collecting, but he got the money.

"Soon we'll be ready to fill a Chamber of Commerce column in The News so the public will know what we're doing", commented Secretary Claude Reid Tuesday afternoon. "We've been so busy getting started off right that we've had no time for column work". The News is glad to place space at the disposal of the C of C for publicity work.

"A HOT time was had by all," was the brief but expressive report on the housewarming and dinner given by Ed Purdy at his new home with the City Firemen as guests. It was a stag party, consequently all detailed information was either withheld or censored.

Back in the pioneering days a Western weekly got around one difficulty with the following self-explanatory announcement: "We begin the publication of the some phew dipphiculties. The type phounder phrom whom we bought our outfit phor this printing opphice phaled to supply us with any ephs and cays and it will be phour or phive weeks bephore we can get any."

H. H. Jackson, publisher of the Coleman Democrat-Voice, was taken seriously ill at his home in Coleman Sunday, according to a county seat visitor Tuesday morning, and has been taken to a Temple hospital, where he is in quite a serious condition. We regret to hear of Editor Jackson's illness and hope he will make a prompt recovery.

SOUTHWEST CUB DEN HOLDS MEETING

Thursday, September 12, at four o'clock, the Cubs of the Southwest Den held a called meeting at the NYA building. The meeting was opened with a song, "God Bless America". The roll-call was answered by eight cubs giving the cub motto.

The cub sign, handshake and salute were discussed. Three new members were registered.

The following officers were elected: Hal Hill, denner; Pat Gilmore, keeper of the buckskin.

After the meeting closed the Cubs retired to a game of football.

On Monday, September 16, the cubs of the Southwest Den held their first regular meeting. The Denner presided. The roll call was answered by eight cubs giving the cub salute. The minutes were read from the buckskin.

Ice cold watermelon was served to John Hardy Blue, Pat Gilmore, E. J. Cochran, Jean Ray Griffin, Raymond Zimmerman LeRoy Stockard, Arthur Jean Talley and Billy Mulroy, a visitor.

CUB SCOUTS MEET

Flying Cadet Willis Weldon Enters Hancock College Of Aeronautics

Flying Cadet Willis Weldon Burney of Santa Anna, entered Hancock College of Aeronautics at Santa Maria, Cal., last week for the elementary course in military flight training.

After thirty weeks of intensive training under the Air Corps expansion program he may win his wings as a second lieutenant in the Air Corps Reserve and fly the latest type of military airplanes.

Training is divided into three phases of ten weeks each — elementary, basic and advanced. Elementary training is conducted by civilian flying schools under contract with the government. Flying Cadets who exhibit proficiency are transferred to basic and advanced schools of the Air Corps.

While in training Flying Cadets receive \$75 per month plus liberal allowances for rations and quarters. Upon receiving their commissions they may secure pay and allowances of approximately \$245 per month while on active duty.

Deaths

SERVICES HELD FOR JOHN SHIELD

Funeral services were held Thursday, at Trickham, for John Shield, who was killed in a train and automobile collision in Fresno, California, Sunday morning.

He was the youngest son of Mrs. Charles Shield of Trickham, pioneer Coleman County family.

DOVE SEASON OPENED SUNDAY IN COUNTY

Sunday, September 15, dove season officially opened in Coleman county and many local hunters headed for the fields to try their luck.

An important change in the law should be noted by all hunters — and that is that the bag limit has been changed from 15 to 12 doves per day. Hunters should have their guns plugged so they will hold only 3 shells.

Brownwood To Be Site For Air Squadron, 36th Div. TNG

Brownwood was given further share in the national defense program last week with the announcement that municipal airport there had been approved by the U. S. Army Air Corps as headquarters for the air squadron of the 36th Division, Texas National Guard.

This, together with the War Department's approval week before last of Brownwood as general training center for the 36th Division, is expected to make Brownwood one of the most important military centers in Texas.

The air squadron will include from 120 to 150 men and eight or ten airplanes will be stationed there. Six or seven more planes will be added to the squadron when delivery on new ships is obtained, officials said.

Extensive improvements probably will be made on the 200-acre airport, located north of the city on the May highway. These may include hangars, machine shops, barracks, paved runways, radio station and weather station. The field also may be lighted. All utilities will be made available at the port.

The field was inspected Monday of last week by Col. Geo. E. Lovell, Jr., air officer of the Eighth Corps area, and Lieutenant Col. Chas. A. Pursley of the U. S. Air Corps.

Location of the air squadron at Brownwood will not prevent use of municipal airport by commercial planes and CAA student training planes. In fact, improved facilities probably would lead to more extensive use of the field, officials said.

Brownwood Chamber of Commerce several weeks ago filed an application with the Civil Aeronautics Authority asking that the airport there be designated as a stop for proposed commercial air lines through this section. No action has been taken on this application as yet.

COUNTY-WIDE LIVESTOCK TOUR IS PLANNED

A tour of inspection of many of the registered livestock of Coleman County will be made Friday, September 27th, according to Ford Barnes of Santa Anna, president of the Coleman County Feeder-Breeder Association.

The tour will be of special interest to cattle and sheep raisers. A. L. Smith and W. R. Nisbet of the A. & M. Extension Service are expected to be present. A special feature of the program will be a judging contest for all members of the tour at the Dibrel Ranch. Here several classes will be judged, many of which will be entered in the Dibrel auction sale next month.

The trip will include such breeders as Alex Powell, Roy Tisdale, Clyde Thate, Dibrel ranch, Jake Miller, Willie Henderson, Dr. Knox, Gill Hereford ranch, J. W. Vance, Stewardson ranch, Bowen Hereford Farm, M. K. Witt, Robt. Horn and others.

A committee consisting of J. C. Dibrel, Bob Bowen, Roy Tisdale and Raymond McElrath have been appointed to work with the County Agent in working out the details of the program.

Everyone interested in seeing good livestock should not miss this tour. It will be beneficial to the feeder as well as the breeder. The group will leave the Agricultural Building at 8 A. M. Friday, September 27th.

Coleman Co. News Briefs

Four young men, two of them from Coleman, have applied for a patent on a machine that will identify metals. They are James W. Dibrell and Carl Furgason, both of Coleman. Fennell Dibrell of San Antonio, and Jack Love, representative-elect of Fort Worth.

They say the patent would be of good use around a smelter or foundry in that it will estimate the percentage of various metals in large quantities of raw metals.

Three Coleman men have been assigned to duty at Fort Sam Houston, C. Childs, son of H. L. Childs and Robert W. Gafford, son of J. A. Gafford, have enlisted at the Abilene recruiting office.

Approximately 1,300 students enrolled in the five schools in Coleman during the first week of the 1940-41 term, according to Supt. J. T. Runkle. A total of 407 students registered in the high school in West Ward the enrollment was 367, with 448 at South Ward. There were 65 to enroll in the negro school.

According to a recent estimate the pecan crop in Coleman County will be about half of a full yield this year. It is estimated that about 300,000 pounds will be gathered as compared with 450,000 pounds last year. The crop will be short because of the late hard freezes in January and February. The market will probably open at six cents per pound, and the harvesting of the crop will start in October.

Helen Ludell Griffith, five year old daughter of Mr. and Mrs. M. D. Griffith, died at the home of her grandfather, J. C. Wigginton, Glencove. The Griffiths formerly lived at Coleman. Death was attributed to a brain tumor.

Only the parents survive. Burial was at Plsk, at the Baptist church with Rev. J. P. Salyer of Coleman officiating. Mead Undertakers were in charge.

SOIL AND WATER CONSERVATION PROGRAM HELD HERE TUESDAY

Discussion of the work for the new district and to make further recommendations for the program was the purpose of the Soil and Water Conservation meeting held Tuesday night at the High School here with Marvin Hays in charge of the meeting.

A series of slides were shown on various soil and water conservation practices by O. L. Billinek and explained by Mr. Hays.

The local home demonstration club sponsored the entertainment, furnished by the recreation department under the supervision of Jean Frick.

Thirty-two people were in attendance, including Mr. Hays, leader; D. D. Steele, county agent; S. W. Cooper, secretary; R. C. Hollingsworth, O. G. Billimek, Coleman; O. W. Myres, Buffalo vocational teacher; J. W. Vance, land use chairman; Chrystene Trowbridge, H. D. agent; A. D. Pettit, local vocational teacher.

BROWNWOOD CAMP TO COST AROUND \$1,650,000

A War Department estimate of the original cost of developing a training center for the 36th Division, Texas National Guard, in Brownwood, was reported from Washington. The estimate was 1,650,000.

No indication was given as to when work would start on the campsite, located 1 1/2 miles south of Brownwood.

The estimate was not itemized, but it was reported that preliminary specifications include a tent camp with hospital, mess halls, and administration buildings, together with other facilities for approximately 18,000 officers and men.

Cuba's four million people bought 81 million dollars worth of farm and factory products from the United States in 1939.

LOAN COTTON CLASSING OFFICES SET UP

All cotton placed under the 1940 Commodity Credit Corporation loan will be classified uniformly by Agricultural Marketing Service offices. Samples will be shipped to the central offices in each of the zones indicated on this map. Information concerning the loan is available from county agents or the county offices of the Agricultural Adjustment Administration.

Milk Products and Egg Authority Now Visiting West Tex.

Indicative of the growing importance of Texas as a source of dairy and poultry products, major farm cash income producers, is the presence in the State, for a four-week extensive visit and lecture tour, of Oscar W. Olson, nationally known produce marketing authority and good will ambassador of the nation's leading futures contract market for milk products and eggs, the Chicago Mercantile Exchange.

Olson, who has traveled widely throughout the Central West in the past ten months to confer with dairymen and produce middlemen on problems relating to the distribution of butter and eggs and to lecture on the marketing of those products, launched his Texas tour Thursday with a talk on the farmers' stake in speculative markets before a special rural urban luncheon of the Amarillo Rotary Club, an address at the Tri-State Fair, and a discussion of the outlook for the Texas dairy and poultry industries over Amarillo's radio station, KGNC.

In his speech at the Tri-State Fair, which stressed the importance of quality improvement as a means of widening markets for dairy and poultry products, the marketman pointed out that, in 1938, shipments of butter from Texas to New York and Chicago were 100 percent heavier than those of the preceding year and that, in 1939, production of cheddar cheese in Texas showed an increase of 123 percent over the output of the 1931-35 period while production in the United States as a whole gained only 22 percent.

Next Wednesday, Sept. 25, the Chicagoan will address the luncheon meeting of the Abilene Kiwanis Club. Following that talk he will visit Coleman and neighboring counties for a series of shop talks with agricultural leaders and members of the produce trade. Although his conferences will deal chiefly with domestic distribution problems, it is expected that, in view of the European situation, the conversations will tend to consider the prospect of larger markets abroad. Some of the gain noted this year in the manufacture of dairy products has been stimulated by a marked increase in foreign demand particularly for concentrated milks, market observers say.

SCHOOL CHILDREN TO COMPETE FOR AWARDS

High school children of Texas are offered an opportunity to win cash prizes and a free trip to the State Fair of Texas in an essay contest on "Texas Resources and What an Investment in Them Means to America."

The Texas group of the Investment Bankers association has adopted prizes of \$25, \$15 and \$10 for the three best essays. These essays, limited to 750 words, must reach the publicity department of the State Fair by the night of October 5. The contest is open to all high school students in Texas.

WPA May Close Its Local Projects For Farmer Cotton Aid

If it is necessary to insure harvesting of the bumper cotton crop in Coleman County this year, WPA will close down current Coleman County projects, according to John C. Burnside, district manager of the federal agency. Mr. Burnside declared the WPA was not in competition with private employment and stressed the necessity for project workers to obtain employment when this sort of work was available.

Mr. Burnside added that there are more than 500 needy persons in Coleman County who have not been able to secure work with the WPA. However, in the event farmers are not able to get their crops harvested with the labor which is now available, the district manager declared projects would be closed until after the harvest season, since there is apparently much work to be had in the harvest fields.

"Of course we would expect those farmers who want seasonal labor to be able to provide the initial transportation for the workers and their families and to provide living quarters for the pickers while they are harvesting," said Burnside. "It is difficult for many of the laborers who are able to pick cotton, to get to the fields, which are in some instances many miles from the workers' homes," he said, "and it would only be just for the farmer to provide transportation."

Mid-Texas Education Ass'n School Administration Conference

The Mid-Texas Education Association, District 11 of the State Teacher's Association, is sponsoring a School Administration Conference and Banquet in San Angelo on Tuesday, September 24. All superintendents, principals, and supervisors are invited to attend.

At 4 p. m. Dr. L. A. Wood, State Superintendent, will discuss the State Department's program for the year and answer any questions that teachers might wish to bring up. Dr. Wood will be followed by Mr. B. Cobb, Secretary of the State Teacher's Association, who will discuss the program of the T. S. T. A. for 1940-41. As this is a conference school administrators are privileged to ask any question they may care to.

At 7:30 the banquet will be held with Dr. D. M. Wiggins, President, School of Mines as the principal speaker. An interesting program has been prepared. Dr. Wiggins is an educator and lecturer of renown and the teachers of Mid-Texas are fortunate to have him with them for this meeting. All meetings are to be held at the St. Angelus Hotel.

Oil Briefs

Announcement was made last week that States Oil Corporation of Eastland will soon bring in another rotary crew of 15 men to the Novice oil pool and will have three rotary crews operating simultaneously in that pool.

The Eastland firm has made a new location in the Novice area, planning to drill a south offset to its Jack Coker No. 3. The well to be known as the Mrs. W. L. White No. 1, is 467 feet from the north and 1379 feet from the east lines of T&NO Block Two, Survey 19.

Heart o' Texas News Briefs

Fifty-four aliens have been registered and fingerprinted to date at the Brownwood post office. Postmaster J. Edward Johnson of that city announced.

"Brownwood for Living, Learning, Earning," is the winning slogan in the contest sponsored by the Brownwood Chamber of Commerce and brings to Mrs. C. L. King, Route, Brownwood, the first prize of \$15 in cash.

The Brownwood bureau of Texas Employment Service, located in the Main Hotel building is already making preparations to aid workers in the expected boom in employment caused by the location there of the national guard training center.

Though still a problem, the shortage of cotton pickers is not nearly so acute as it was a week ago in McCulloch County, according to farmers there.

Soon plans will be erected on all highway approaches to the city of Brownwood, stating that the city's water supply has received top rating by the Texas State Health Department.

The Runnels County Commissioners' Court last week tentatively approved enlarging and modernizing the courthouse, providing the cost does not exceed between \$50,000 to \$65,000 but deferred definite action until further investigations were completed by Judge Paul Trimmer.

Mrs. Virgil Fletcher, winner of fourth prize in the Brownwood C of C slogan contest, advised that organization that she would donate the prize money to the Army campsite fund. Her prize winning slogan was "Brownwood for What You Want."

Another sharp decrease in enrollment in Brady public schools, in spite of the town's increasing population was announced by Supt. W. E. Whittem. To date, this year, total enrollment is 1,128, compared with 1,161 last year, 1,228 in 1938 and 1,138 in 1937.

The War Department Friday of last week announced the allocation of \$33,686,802 worth of additional temporary housing construction at various army posts throughout the country. Brownwood's allocation of this amount is \$1,650,000.

SEVENTH GRADE NEWS

The seventh grade started making class money Tuesday by selling ice cream. We cleared \$3.63. We want to sell ice cream again Friday. We didn't have enough ice cream this time for everyone, but will try to have more next time.

The seventh grade has eight room mothers this year, but would like to have more to help us win the banner each time. The more room mothers we have the better time we have.

CITIZENS ENDORSE CITY PAVING ORDINANCE MOVE

At a mass meeting at the city hall yesterday afternoon, it was the unanimous opinion of the several score present that the city be given fullest support in its paving program, utilizing the WPA grant available, and that the city administration be urged to proceed in passing an ordinance to enforce the installation of sidewalk, curb and gutter in blocks where the majority of the taxpayers of the block approve.

This new ordinance is said to be necessary because a number of blocks of city paving is being stopped by one lot owner objecting. The WPA allotment is necessary to tide the city's relievers over the winter.

Editorial

FOLLOWING ON THE heels of millions of dollars. In an editorial in last week's return they are asking co-operation of the News a Monday edition of writing off inevitable were being taken to lay off all relief clients able to go into the fields and help harvest crops until the crops were in when the baloney would be restored to the roll where dropped. There is a lot of sense in this suggestion. It would enable the self-respecting relief to get off on his own for a brief time and earn his own living without being on public charity, in the case of public works or otherwise.

WHEN THE AMERICAN industrial machine begins to roll on mass production basis in behalf of national defense, few doubt that it will show the world something new in military mechanical might. Tanks, airplanes, cannon, armament of all kinds and varieties will come off the assembly lines faster than men can be trained to operate them. However, there are stumbling blocks in the path of industry. After the close of the meeting that did not exist during World War I. They are no problem of invention and production techniques.

BOY SCOUTS

(Continued From Page 1)

By way of introduction, it may be said that the Cub Scouts are too much for many of the boys between the ages of nine and fifteen. They are too young to be taken to the Den mothers. Santa Anna has been divided into sections. Each section has a committee of tax payers. Whole Den composed of Cub Scouts departments, each in the same meeting. Held at four o'clock, are maintained by every Monday. Once a month the sizeable enterprise. Just to come. Den meets as a group in a Pack and local units of government. Roy Reid is Chief-Commander. This is a dangerous condition. The Cub Scouts are sponsored by industry is proceeding with national defense, however, in spite of artificial handicaps. Mrs. E. D. McDonald, Mrs. Balke, Mrs. D. Agreements are going ahead with R. Hill, and Mrs. Newman are expansion plans running into the Den mothers.

AREA 1 H. D. C. MEETS HERE

The meeting for Area 1 of the Home Demonstration Club met at the City Hall in Santa Anna on Wednesday afternoon, September 11, with the Liberty Club as hostess.

Mrs. Walter Holt, president of the Liberty Club, presided. Mrs. Jack Thigpen had charge of the recreation.

The meeting was turned over to Miss Trowbridge, county agent, who praised the H. D. C. women for their part in putting over the mattress program.

Area achievement tours were discussed and will start October 22 or 23.

Committee meeting for Area 1 will meet October 1 at Santa Anna Club room at the City Hall at 10 a. m.

Each club is to furnish a year book committee to come into Coleman, September 28 at 2:30 with ideas on the new year books.

Miss Trowbridge gave a discussion of small utensils in the kitchen. She said, "Useful equipment is an incentive to women to look better and more attractive dishes."

Weddings

LINDSEY - SMITH

When Miss Anita Joy Lindsey, daughter of Rev. and Mrs. A. J. Lindsey of Brownwood, and Rev. H. Glenn Smith, son of Rev. and Mrs. S. R. Smith, were married Sunday morning in the parlors of the First Baptist Church, her father read the single ring ceremony and his father pronounced the benediction for the couple in the presence of their immediate families.

The bride wore a navy alpaca, military model with black accessories. White asters formed her corsage. For "something old" she wore a cameo brooch her mother had worn at her wedding.

Miss Annie Sue Taie of Brownwood, sang the pre-nuptial solo. "Because." She was accompanied by Miss Lillian Shaw, also of Brownwood, who played Mend-

elsohn's "Wedding March" as the couple entered unattended. Mrs. Smith is a graduate of the Brownwood high school and attended Howard Payne College where she was sweetheart of the band in 1938-39.

The bridegroom is a graduate of Bonham high school and for the past three years has been an outstanding student, in Howard Payne College, where he was a leader in class and religious activities. He was elected president of the Baptist Students Union for the coming year. The bride and bridegroom are members of Alpha Chi. They are members of the senior class at Howard Payne this year.

After a short wedding trip the couple will make their home at 815 Welwood, Brownwood. The bride added a navy french flannel coat to her wedding costume for traveling.

WALLACE - ROUSE

Miss Inez Wallace and Raymond Rouse were quietly united in marriage at the Baptist parsonage, Saturday evening, September 7 at 8 o'clock.

The bride is a graduate of the Snaat Ann High School class of 1938. She is the daughter of Mr. and Mrs. D. L. Wallace of the Leedy Community.

The groom is the son of Mr. and Mrs. J. M. Rouse also of the Leedy community.

The bride wore a frock of midnight blue with black accessories.

series. The young couple were attended by Mr. and Mrs. Jesse Fletcher of the Mayo community. They will make their home in the Leedy Community.

GINN - BREWER

Miss Mary Frances Ginn became the bride of Joe Oliver Brewer, Tuesday evening in a twilight service held at the home of Serg. R. E. Crawford at Fort Sam Houston, San Antonio, Texas.

Mrs. Brewer is the daughter of Mr. and Mrs. Lawrence Ginn of Houston, Texas.

Mr. Brewer is the son of Mrs. Audrey Brewer of Comanche, Texas, and a former Santa Anna boy.
