A whole continent has season, and this year according felt the boot of a new conquerer with a plan for world dominion as to Mr. Sadler, people of Brownvast as that of Napoleon. The world's economy has undergone violent change, and stability has been replaced by chaos. Here in our own country we have recently gone through the most gone to four corners of Amertradition-shattering election in our history. The great issues of lica for talent, which includes that election were three-fold. First, whether to elect a president singers. dramatic artists, musifor a third term. Second, how to keep America at peace, while cians, dancers, the best that aiding England with all steps short of war. Third, how to best could be found in the respective build a military and nival establishment unprecedented in our history.

The second and third issues are the most vital this country faces will be provided for each play. today. They are not partisan issues.

It is obvious to anyone not blinded by false and baseless optimism that the great plans of last summer for building an impregnable defense at once are not being realized. It is easy to appropriate gigantic sums of money. It is easy to make blueprints of tanks and airplanes and fighting ships. It is easy to have a great defense establishment "on order." But dollars and blueprints do not worry potential invaders. The forces which have again brought the world to Armageddon have respect only for preparedness. The daughter of Mr. and Mrs. Jess weak are given no quarter. Moral principles, Christian teachings, are scoffed at. That is not pretty. But it is true.

This America we know connot be sure of existence unless it solves the problem of how to swiftly build our defenses - and to build them, in keeping with the democratic tradition which they ar e designed to protect and to save. All Coleman, father of the bride + the poductiveness of this nation is needed now-of capital, of thedustry, of government, of labor. perpetuation of our way of life falls squarely and irrevocably on the shoulders of us all. No one can avoid it.

To say that we have now entered on the most critical years modern Western civilization has ever known, is to simply state the obvious. We do not know how much time we will have to make ourselves secure to guarantee peace in the only way possible in this disrupted modern world, which is by making ourselves so strong that no aggressor or any combination of aggressors will dare to try our strength. We do know that time, most precious of all elements, must no longer be lavishly wasted.

To stay at peace-to become strong. Those are our national objectives. We have the great industries-we have the men-we have almost limitless resources. To attain those vital goals de mands the full and friendly cooperation of government, of labor ustry of agriculture, of all. We must not be tried and found w nting.

CHURCH PLANS UNIQUE PROGRAM

Three Months "CHRIST GENTERED CRUSADE".

Something very unusual in special services during the coming weeks is the program announced by Rev. H. C. Bowman of the Methodist Church. For fifteen weeks, beginning Sunday, January 19, all of the Sunday morning and Sunday night services will be built around one theme, "CHRIST." Rev. Bowman announced that his first Sunday morning subject will be, "THE CHRIST OF PROPHECY." This will be followed by "THE CHRIST OF BETHLEHEM AND NAZARETH" Sunday by Sunday every important incident in Christ's life will be considered. The tenth week the subject will be "THE CHRIST OF GETHSEMANE," then, "THE CHRIST OF PI-LATE'S JUDGMENT HALL," "THE CHRIST OF THE CROSS," and the crusade will close April 27th with "THE CHRIST OF THE SECOND COM-ING."

While the actual events of his life will provide the studies for the Sunday morning sermons, Christ's teaching will be the basis of the Sunday night messages. The fifteen paramount problems of today, with Christ's answer to each, will constitute the Sunday night subjects. Such themes as "WHAT JESUS TEACHES ABOUT GOD," "WHAT JESUS TEACHES ABOUT THE FINAL JUDGMENT," "WHAT JESUS TEACHES ABOUT WAR," will be discussed.
