POLICE BREAK BARRIER

Five Pickets Hurt In Dayton Clash

DAYTON, Ohio, July 28. (AP)—Five pickets were injured today, none seriously, in a renewal of clashes between police and the picket line at the strike bound Univis Lens Co. plant.

The disorders climaxing a three-day back to work movement at the plant were described as the most violent yet.

Newsmen said they saw police swing clubs to force a path through the picket line for 340 non-striking employees.

Among the pickets injured was Lou Kaplan, international organizer of the CIO United Electrical Workers. Kaplan's head was covered with blood as he was led helplessly to a waiting patrol wagon.

Kaplan and four other pickets were taken to the Miami Valley Hospital. Three pickets were taken directly to police station where they were held without charge.

Kaplan's bashed head was x-rayed at the hospital's emergency ward, but attendants reported his condition was not serious.

Police declared today's clash had broken the back bone of the picket line resistance to the back to work movement.

Union leaders, however declared the pickets had not given up.

Since Monday, 19 pickets, all members of the UEW (CIO) and its Local 768, have been arrested as police details of unprecedented force have opened lanes into the plant. Some 150 policemen were on the scene today.

Bill Snoots, secretary-treasurer of the Montgomery County Industrial Union Council (CIO), said a meeting of presidents of all CIO locals will be called to discuss the situation. Newsmen said they heard Jim Kraft, president of Local 755 at General Motors Delco Plant, remark, "We are really going to shut it down now." He did not amplify the statement.

Details of the peaceful version remain to be worked out. Lindsey F. Kimball, of New York, president of USO during the war, said the reorganization of the entertainment unit will be completed by the end of the year.

Forrestal said the USO will be reactivated "on a somewhat broader basis." But he did not explain what he had in mind.

Seventy-five mile an hour winds ripped through the city, wrecking four war-damaged buildings.

Fort Knox, July 28. (AP)—The Army's chief of staff, Gen. Omar Bradley, told newsmen here that he favors segregation of white and Negro units in the lower levels of the Army.

His remark at a news conference yesterday followed the issuance of an executive order by President Truman Monday establishing a committee on "equality of treatment and opportunity for all persons in the armed services without regard to race, color, religion or national origin."

Gen. Bradley, here for a seminar on the training of recruits under the new military expansion program, also told the newsmen he favored the combining of the various units to form larger organizations such as battalions and divisions. He said it would take 60 years to house the Army properly at the present rate of building.

"Sure we've got a caste system," the general said, replying to criticism of the Army's caste system. "Do you know of any major industry that doesn't have? It's incentive that makes this country work the way it does."

He added that the separation of officers and enlisted men, however, should apply only to military relations.

U. S. occupation forces in Germany, the general said, will not be strengthened as a result of the recent developments in Berlin.

Midwest Co-Ops Buy Premier Oil Shares

LONGVIEW, July 28. (AP)—A substantial interest in the Premier Oil Refining Company of Texas has been acquired by three large Midwest cooperatives, Sylvester Dayson, premier president, said yesterday.

He said the Co-ops are the Illinois Farm Supply Company, Chicago, Midland Cooperative Wholesale, Minneapolis, and Farmers Union Central Exchange, Inc., St. Paul.

ADEN, July 28. (AP)—An American B-29, one of three making a circuit of the globe, crashed into the sea last night after taking off from this port on the south coast of Arabia.

One survivor—identified only as Sgt. Gustafson — was reported picked up by a local fisherman, who brought him to shore. He now is in the RAF hospital and reported resting comfortably.

Capt. Percy H. Kramer, public information officer at Davis-Monthan field in Tucson, Ariz., the ship's home field, issued a list of the men aboard the three planes

last Thursday night, which included M-Sgt. Sigyer R. Gustafson, Norwood, Mass.

Col. J. C. Seiser, commandant of Davis-Monthan Field, said two of the planes had 18 men aboard and the other had 17. He said he had not yet received any report on the crash from overseas.

The crash occurred about a mile off shore. The wreckage is visible from the shore. The RAF and Navy patrolled the beach throughout the night and early this morning but found no bodies.

The three big planes left the Air Force base at Tucson, Ariz., six

EXTRA BUSINESS FOR RAILROAD

PHILADELPHIA, July 28. (AP)—During the recent Democratic National Convention in Philadelphia, restaurateur Charles Taxin admired the 10-gallon hat being worn by a delegate from Texas.

The delegate promised to send Taxin one just like it as soon as he returned to his home state.

Yesterday, Taxin received a large package containing a 10-gallon hat. The parcel bore a Texas postmark but the hat carried the label of a Philadelphia hat maker.

Blast Wrecks Dye Plant, 500 Feared Dead

MANNHEIM, Germany, July 28. (AP)—A huge explosion wrecked the six-story I. C. Farben dye factory at Ludwigshafen today and French Military Government authorities estimated that from 500 to 800 persons were killed or injured.

The plant employs 1,000 workers. How many were trapped in flames and debris was not known at once.

French officials on the scene reported to U. S. military government men here that the explosion occurred in a structure known as the "nitrate building."

"Flames shot two miles into the sky when the explosion took place," said an American officer in Mannheim, across the Rhine from Ludwigshafen.

Hundreds of windows in Mannheim were smashed by the concussion.

Scores of injured were rushed across the river to Mannheim, from the French to the American zone.

Doctors in Mannheim City Hospital said "the hospital is full of victims." They said the other victims pouring in would have to be sent to Heidelberg.

LeTourneau To Land Here

R. G. LeTourneau, nationally known industrialist and layman, is to land here in his private plane at 6 p. m. Thursday, enroute to an engagement in Lamesa.

He is to address a district-wide meeting of Baptist laymen, and others, at 8 p. m. in the First Baptist church at Lamesa. Stanbell Clements, Lamesa, president of the Baptist Brotherhood in district No. 8, will preside.

LeTourneau, who made appearance here before a city and area-wide laymen's meeting two years ago, is to be met by a group of Big Spring businessmen and will be carried to Lamesa. He is known widely as the manufacturer of heavy dirt-moving equipment and as a layman who early took God into partnership with him in business.

Germans Jam Berlin Banks For Red Money

Disorders Break Out In Russian Section Of City

BERLIN, July 28. (AP)—Disorders broke out in the Russian sector of blockaded Berlin today when thousands of Germans jammed streets before banks in an effort to exchange their money for new Russian-sponsored currency.

The Russians through their newspapers admitted "chaos" existed, but blamed the non-Communist city government for not providing enough exchange places. American Military Government finance officials said this is untrue and "the Russians are trying to make the city government a scapegoat for their own mistake."

Mayor Louise Schroeder defied an order from the Russian commandant to fire her new anti-Communist deputy police chief, Johannes Sturm.

The three Western commandants had advised her the Russians had no authority to order unilaterally the discharge of Sturm. He replaced the Russian-trained Paul Markgraf, whom the elected government fired earlier this week.

The Western commandants also advised Mayor Schroeder to reject another Soviet move aimed at destroying the city government and placing all Berlin under Communist control. They told her the Russians have no authority to install Paul Letsch as deputy head of the city food department, one of the major jobs in the city.

Walter Bedell Smith, U. S. ambassador to Moscow, stopped over a day in Berlin en route to Moscow. He may talk with Gen. Lucius D. Clay, the U. S. military commander. Smith was in the diplomatic talks in London at which the Western powers were reported to have decided on a verbal approach to Foreign Minister V. M. Molotov in Moscow over breaking the Berlin blockade.

Newspapers in Western Berlin said the Russians and their German economic commission were guilty of "scandalous and unscrupulous conduct" in the money exchange. They charged discrimination was being exercised against residents of the American, British and French sectors. Many of these were told their money was "forged" and worthless.

Wallace Hits Truman Order

NEW YORK, July 28. (AP)—Henry A. Wallace says President Truman's executive order aimed at eliminating discrimination in the armed forces and calling for a fair employment practices system for federal employes are only "gestures."

The anti-discrimination order is "an empty gesture" and the employment order "another obvious political gesture," the new party presidential candidate said in a statement yesterday.

"Mr. Truman's nightmares over the rapid growth of the Progressive Party," Wallace said, "have forced him to face the issue of discrimination, but once again he has made only an empty gesture."

Count Reversal In Glasscock Ups Blount's Margin

The possibility of a recount in the 91st legislative race appeared to have collapsed Wednesday.

Official count as reported from Glasscock county showed that the totals of Rep. Peppy Blount and Cecil Barnes of San Angelo had been reversed in reporting.

This would have the effect of increasing Blount's majority from 47 to 199 votes. Unofficial returns had shown Barnes to have received 204 votes in Glasscock county and Blount 128; official returns showed Blount with 204 and Barnes with 128.

Other points in the district appeared to be unchanged on the official tabulations, giving Blount 7,996 to 7,797 for Barnes.

Some talk of a recount was heard from San Angelo Monday since a reversal of as many as 24 votes could have changed the result of unofficial returns. Barnes said he would not ask one but would not discourage his friends from seeking one.

Blount was in El Paso Wednesday and thus could not be reached for comment immediately. However, it was known that the new development would not be as surprising to him as initial reports that Glasscock county had gone for Barnes. Saturday evening he appeared more surprised by the Glasscock county report than any other.

McMath, Holt Enter Arkansas Runoff

LITTLE ROCK, July 28. (AP)—Sidney S. McMath and Jack Holt raced into the home stretch of Arkansas gubernatorial handicap today.

McMath, 38-year-old Hot Springs prosecutor, led Holt and five other opponents in yesterday's Democratic primary by 22,000 votes. The runoff primary will be Aug. 10.

Holt, 45, Little Rock former state attorney general, cinched the runner-up spot with more than 4,000 votes over James (Uncle Mac) Mackrell, Little Rock radio showman.

The governor's race claimed major interest in the preferential primary at which two statewide and three congressional races were determined and two other statewide races were narrowed to two-man affairs.

Soviets Claim U.S. Officers Offered Bribes

BERLIN, July 28. (AP)—The Russians, through their official press, claimed today that two American officers tried—and failed—to bribe their way through the Soviet blockade of Berlin. The accusation said the officers offered guards watches, cigarettes and money.

One of the Americans named promptly called the Russian statement "a fantastic lie." He was Lt. Arthur Walters of Washington, D. C.

He said he tried to drive from Berlin to Western Germany over the international highway to Helmstedt July 22. He said the Russians stopped him at Marienborn and demanded a special visa from Soviet headquarters in Berlin.

"I stood arguing with them for two and a half hours," Walters said, "declaring I had been unable to get the required visa in Berlin. I begged them for gasoline to get back to Berlin. Their statement that I offered them bribes to get through is a fantastic lie. Fortunately, an American captain from our Potsdam liaison mission came along and gave me gasoline for the return trip."

Republicans Drive To Outlaw Poll Tax

Will Study Other Truman Proposals

WASHINGTON, July 28. (AP)—Senate Republicans decided today to have committees study President Truman's requests for housing and anti-inflation legislation and to make an effort to outlaw the poll tax.

Chairman Millikin (R-Colo.) of the Republican conference announced the decision after an almost three-hour closed session of the Republican senators.

"It was decided to take up the anti-poll tax bill, and that we will press the matter to decision," Millikin told reporters. "We will make every effort to pass the bill."

Southern Democrats have promised to filibuster against it—a move that possibly would block indefinitely other action by the Senate.

Millikin said the Republicans also agreed that the appropriate committees will consider the specific points in Mr. Truman's message to Congress yesterday.

They agreed to act, he said, on anything "of an emergency character and of national importance."

One other qualification, Millikin added, is that legislation considered must be capable of being "properly processed within the time permitted to an emergency session."

"We were agreed that we should not stay here long enough to interfere with the proper conduct of the campaign," Millikin said, but added that no adjournment time was set.

Republican leaders have laid plans for adjournment as "soon as possible"—probably next week or the week after.

Earlier, Sen. Wherry (R-Nebr.), acting majority leader, said the GOP senators agreed to a 24-hour delay in any attempt to bring up the anti-poll tax bill.

"I will not support the so-called civil rights legislation," Johnson said.

Favorable comment on parts of the President's speech: Rep. Combs of Beaumont—"I was particularly gratified at two points in the President's speech. He singled out the housing and inflation problems. We ought to be able to tackle them without acrimonious partisanship."

Critical comment: Rep. Fisher of San Angelo—"I am opposed to the return of the OPA. What we need is more production."

"Of course I'm opposed to the civil rights program, and to social housing. I do think that little bit of the housing law, to help home construction through sound loans, should be restored."

Rep. Gossett of Wichita Falls—"Price control without wage controls would aggravate, not alleviate, our present distress. The President's position urging admission of more displaced persons is an appeal to religious and racial prejudices and is to be regretted."

Others: Rep. Mahon of Colorado City, said he did not believe price controls as applied during the war would work now, while Rep. Worley of Shamrock said he was "opposed to isolated controls of any kind."

Kerr Victor In Oklahoma Senate Race

OKLAHOMA CITY, July 28. (AP)—Former Gov. Robert S. Kerr, who won a fortune in oil and a national reputation in politics, is the Democratic nominee for U. S. senator from Oklahoma.

He gained the nomination by defeating Gomer Smith, Oklahoma City attorney and former congressman, in yesterday's runoff primary.

Returns from 3,561 of the state's 3,695 precincts gave Kerr 166,596 and Smith 120,888.

The victory sends Kerr into the November election campaign against Rep. Ross Ritzley, Eighth District congressman who won the Republican nomination in Oklahoma's first primary July 6.

Only one House nomination was at stake in the runoff. Fourth District Democrats chose Tom Steed, former Shawnee newspaperman, to oppose Clyde T. Patrick of Sapulpa, whom Republicans had designated in the first primary.

Returns from 485 of the Fourth District's 501 precincts gave Steed 26,213; Lyle H. Boren 12,234. Boren was the district's congressman from 1936 to 1946.

T&P Starts Remodeling For New Group

Noises of hammer and saw began ringing out Tuesday at the Texas and Pacific Railway passenger station in Big Spring as workers started a remodeling project designed to provide office facilities for division headquarters personnel soon to be transferred here from Fort Worth.

The work is expected to continue at a rapid clip during the next six or seven weeks. Although conclusive estimates on cost of the project have not been determined, early predictions were that approximately \$50,000 would be spent to repair and remodel the office space.

Meanwhile carpenter work was well underway in another part of the city on another project connected with the transfer of T&P personnel. Big Spring Lumber Co. has launched construction of five houses contracted by the Big Spring Building Corp., an organization that was formed here several days ago to provide living units for T&P employes. The five units now under construction represent the first contract awarded by the new corporation.

Coalition May Spell Defeat For Dixiecrats

AUSTIN, July 27. (AP)—The fight between Texas factions of the Democratic Party was more sharply defined today.

It appeared a coalition of Gov. Beauford H. Jester's "middle-of-the-road" followers and the strongly pro-Truman Democrats may develop to meet the challenge of Texas Dixiecrats who definitely want to beat Truman.

Jester made it clear that he expects Texas Democrats to stick to the pledge of the Brownwood state convention in May: to support the presidential nominee of the Democratic Party.

The governor rapped those who would bolt the party. At his press conference yesterday he posed this question: "Suppose we leave it to the Wallaceites and leftwingers and all those other people like that who have come in in recent years. How would there be any hope for us to help rebuild it (the party)?"

Later in the day he turned a cold shoulder on the appeal of two Texas men to give Texas voters a choice between President Truman and J. Strom Thurmond, the Dixiecrat candidate for the presidential nomination.

Palmer Bradley of Houston and Arch Rowan of Fort Worth asked Jester's influence in getting the State Democratic executive Committee to put Truman and Thurmond against the ballot at the Aug. 29 primary. This, they said, would make possible a referendum by Texas voters on whether they want to go along with Truman's civil rights program.

The two men told reporters that Jester flatly refused to consider their proposal.

'AIN'T PERFECT BUT HE'S HONEST'

SALLISAW, Okla., July 28.—E. W. Floyd, brother of the late Charles Pretty Boy Floyd, one-time public enemy No. 1, won the Democratic nomination for sheriff of Sequoyah County in the Oklahoma run-off primary yesterday.

Complete but unofficial returns indicated Floyd had more than a 1,000 vote margin over incumbent Henry Jones.

Floyd led the field in the first primary.

His friends, who contributed to newspaper advertising, described his candidacy thusly: "He ain't perfect but he's honest."

USO Coming Back To Life

WASHINGTON, July 28. (AP)—The USO is coming back. It is the wartime organization that provided clubs and shows for servicemen.

Defense Secretary Forrestal said today he has approved a Civilian Advisory Committee's recommendation that the United Service Organizations be reborn to meet a need created by the expansion of the armed forces.

Details of the peacetime version remain to be worked out. Lindsey F. Kimball, of New York, president of USO during the war, said the reorganization of the entertainment unit will be completed by the end of the year.

"New Look" Varies Throughout The World

The embattled "new look" in fashion, which has just been cut down to size in the American fall collections, has been received with varying degrees of enthusiasm around the world. Here are reports on its progress from Associated Press correspondents in widely separated areas:

LONDON—The "new look" in London is generally regarded as a French conceit. English women have not swallowed it, although "new look" influences can be detected in Mayfair and the shops of Oxford and Regent streets. English designers have created the "London look," which is an accommodation of the "new look" to the conditions of the English woman's wardrobe and the clothing coupon situation.

The London look preserves the old English preference for tailored suits of solid material, with slightly less padding in the shoulders, slightly fuller and longer skirt. The London length is mid-calf, and it isn't likely that foreign influences can change it. It suits the British. The model for the smart woman now is Princess Elizabeth, who took the London look to Paris on her recent state visit.

WARSAW, Poland—The "new look" is getting nowhere in Poland. If anything, Polish women are going in for a "short look." Thousands of young Polish women are wearing skirts slightly above the knee. There's a good economic answer to all this. It costs too much to go in for the "new look," and it costs less to cut a little more off the length of skirts.

BUENOS AIRES—Argentine society has gone all out for the "new look" in fall and winter fashions. The style has not yet won over the average woman on the street, although there has been some skirting lengthening in the lower income groups.

Fashion designers explain it will take at least another season before the style will be 100 per cent popular. At present, only the well-to-do can afford to ditch their old clothes and buy a new wardrobe.

MANILA—The "new look" in Manila is an old one. The trailing mestiza dress with its sheer butterfly sleeve didn't come into being at the wave of a Dior wand. It evolved. Today's dress is basically the same, retaining the long, full skirt, nipped waist and billowing sheer sleeves of two centuries ago.

ROME—In Italy, where designers were showing the "new look" months before it began riling America, it has pretty well swept all before it. An occasional lass with trim legs still dares the public gaze in knee-length skirts. But most who have money to spend have converted to long, extremely full skirts, sometimes only two or three inches off the ground—often featuring miniature bustles or peplums.

STOCKHOLM—Sweden's garment industry has been fighting back the "new look" but is giving in to it reluctantly. Even in Stockholm, the nation's capital, pedestrians turn for a second look at ladies with unusually long skirts, padded hips and bee-waists.

Provincial women are slower in following the whims of fashion, but ladies in garrison cities are reported to be changing rapidly to longer skirts.

TOKYO—The "new look" has had no effect on Japanese fashions such as they are. The girls

Milland Suspended By Paramount Films

HOLLYWOOD, July 28—His studio says he refused to accept a film role, but Actor Ray Milland claims he didn't. Anyway, he's suspended.

Paramount announced the suspension, saying the academy award winner had refused to star in "A Mask for Lucretia."

Milland countered: "It is a part that is out of my normal, natural range as an actor." He said he had objected to playing the role but hadn't refused it.

Wesley Methodist WSCS Has All-Day Program

The Wesley Methodist Women's Society of Christian Service had a business meeting, covered dish luncheon and spiritual life program Tuesday at an all-day session.

Mrs. W. D. Lovelace presided at the business session which was closed with a prayer by Mrs. H. D. Drake.

Mrs. W. D. Lovelace led the opening prayer for the spiritual life program which was led by Mrs. W. L. Baird. Scriptures from the Bible were read by Mrs. Nile Bailey, Mrs. Tommy Lovelace and Mrs. J. W. Bryant.

Mrs. Baird emphasized that the little things and the closest things of life are the things that count. She also said that the relationship of the church and town starts with the people, then reaches to the far off parts of the world. The WSCS will have charge of the Sunday night services on August 8.

Thursday of each week has been set aside as visitation day for both circles. These sessions begin at p. m. Mrs. Lovelace led the closing prayer.

Approximately 25 persons were present.

WHAT GIVES 'ROUND TOWN

By Leatrice Ross

Maybe this fits into that category commonly titled "Born 30 Years Too Soon": We see by the papers that in Harrisburg, Pa., about Aug. 2, customers of Bell Telephone may subscribe to a little gadget which records any and every sequence of gab going through their line. "Heaven forbid!" groans our mother. "To think those endless pointless phone conversations you carry on could be preserved!"

Hear it told that W. L. Bell is sporting a pilot's license these days. Zack Gray is living in Amarillo now. Left here when he got a good job in the Pan-handle town. Bill Van Crunk was in town this week-end after a vacation in Corpus Christi. At present he is in Dallas.

Jim Nummy can be found this week at the Big Spring hospital coming around from an operation. LaVerne Kinman is in the Cowper-Saunders clinic as a result of a car mishap Saturday eve. Ruth (Mrs. Cotton) Curlee we also ran onto at the latter hospital. Yes, people we know can be found anywhere.

Patsy Sue McDaniel, now of Abilene formerly a Big Springer, is in New York City this week. In western regalia, Pat, mounted on a white steed, was one of six girls riding in the lead of a Texas delegation at opening parade of the Lions International convention Monday morning. Patsy Sue is a student now at Hardin-Simmons university. Enroute to New York City with the Cowboy band, she stopped in Washington, D. C., and the group stops off on the way back for a concert at the University of Cincinnati.

Stood for about five minutes in one spot at the city park Sunday afternoon. In cars passing the site: Della Kirkland, Charles Cooper; Francis Weir, G. C. Broughton; Jean McCall, Bill Stewart; Ruby Dell Bell, Jack Gulley, O. F. Priest; Frances Wilson and a carful; Eddie Hickson, Bobby Hickson; Hank Hajowsky, Ralph Hawkins; Codie Selkirk, Mary Nell Cook.

In a movie Sunday night: Gladys Mattingly, Harold Bishop; Jean Duncan, Lynn Jeffcoat; P. D. and R. L. Heath; June Hamill, Hank McDaniel. Turning up at O. F. Priest's ever-crowded abode for steaks and what-have-you: Ruby Dell Bell, Jack Gulley, M. L. Duncan, G. C. Broughton. Jack left Sunday night for his home in Monahans after spending the weekend here.

It's been rumored for some time now that the Patsy Spikes and Russ Shannon twosome will become a permanent thing. For teenagers: the Legion Hut gives another of its monthly dances beginning at 8 p. m. Friday.

THANK YOU

I am deeply thankful for the votes you gave me Saturday. I will try to show my appreciation by working hard to make everyone a good County Attorney.

Tigers Tangle With Abilene Here Sunday

Techo Martinez sends his Big Spring Latin-American baseball Tigers out against the Abilene Eagles at Steer park Sunday afternoon. Starting time is 3:30 o'clock.

The War Birds are one of the three clubs to defeat the Bengals this season and, since the locals have never had a chance to even that score, they will be gunning for revenge.

Elias Gamboa, veteran third sacker, is the only Tiger who has been able to keep his batting average around .400 and Elias is hitting just that, according to records released today by Statistician Charley Fierro.

Gamboa has 24 hits in 60 times at bat. He leads Tom Fierro by 16 points. Seven of the Tigers are hitting .300 or better.

The averages, through 16 games:

LOOKING 'EM OVER

With TOMMY HART

There's a pistol duel looming here in which the principals could put such worthies with the hardware as Billy The Kid and Bill Hickok in the shade for accuracy.

The Howard County Pistol and Rifle club, in an attempt to build membership in its organization, is trying to bring together Jess Woody, the St. Niton bang-bang whiz, and L. P. McCasland, Jr. Deadeye Dick himself, for an afternoon of shooting.

Of course, the pistol duel would be taking air at targets on the club's new range and not at each other.

Woody's feats in competitive shooting are almost legendary. He's won prizes all over the country for his ability to shoot where he's looking.

McCasland, who used to be a highway patrolman here and who is now killing carnivorous wild animals from an airplane for a living, isn't as well known nationally for his prowess with a firearm as is Woody but those who know say few can beat him.

If the gun club is able to bring the two together, it should be no trouble to attract a crowd. The curious would probably be here from miles around.

ERNIE NELSON HAD TROUBLES IN BIG STATE LEAGUE

Ernie (Lefty) Nelson, the Midland flinger who boasted the best earned-run-average in the Longhorn baseball league last year, had trouble in winning in the Big State circuit before he was purchased by Harold Webb last week.

The little southpaw won eight, lost 12 in the 28 games in which he appeared. In 128 innings, he walked 56 and fanned the same number.

LACY ALMOST PASSED UP GEORGE CALOIA AS PROSPECT

George Caloia, the Del Rio middle gardener who is considered one of the brightest prospects in the Longhorn league, almost missed his chance in organized baseball because Bill Lacy, then scouting for the New York Giants, considered him too small.

Caloia, who had been a lot of athlete in three sports at St. Joseph high school in Detroit, sought Lacy out on the advice of a friend and asked for a tryout. Lacy didn't say so in so many words but intimated George was too small to click in the play-for-pay ranks.

The Michigan lad waited and waited for Lacy to call him in again. Finally, a friend — Roger Frezza, who now is the official scorer at Del Rio — looked up Caloia and asked him if he'd like to play ball for Lacy in Texas. It was then George learned that Lacy had become general manager of the Del Rio club.

Caloia expressed some doubt that Lacy would consider him but Frezza contacted Bill and Lacy sent for the both of them.

The two joined the club about three days after the season got underway and Caloia immediately became the brightest thing in the Del Rio lineup.

Frezza, regrettably, had to hang up his spikes because of trouble in his throwing arm. Roger had played with both Elmira and Newark (N. J.) several years ago and was considered a big league prospect until his arm went on the blink.

COWBOY ROOKIE TO JOIN HOLLYWOOD LATER IN YEAR

Caloia was almost sold to Hollywood a few weeks ago but the Del Rio management decided to keep him until season's end because of his gate lure. Now he and Simon Luna, the pitcher, are due to join Hollywood at the termination of the regular Longhorn league season and will probably spend the remainder of the 1948 campaign with the Pacific Coast league club.

Had the Del Rio pasture tender gone to Hollywood earlier, he would have been shipped out to Billings, Mont., a Hollywood farm club.

EYE TROUBLES MAY BE CLEARED UP, SAYS DOCTOR

George wears glasses only on the playing field, that because he's a bit near sighted. The doctor says perhaps he can do without goggles in a couple or three years.

BLOW ON HEAD SHORTENED SAM'S BIG LEAGUE CAREER

Sam Harshaney, the Del Rio skipper, might still be playing in the big leagues had he not been hit by a ball while in the field. As he was, he lay near death's door (he was struck in the temple) for days. Physicians say the only thing that saved his life was his marvelous physical condition. He still tries to stay in top shape and sometimes surprises even his own players with his vigor.

Harshaney is a genuine credit to the game, by the way. He never drinks or smokes and uses such polished, refined language he'd be right at home in a church league. His players have never heard him swear.

Nels Potter, A's Castoff, Wins For Bill Southworth At Boston

Potter, who won his first start against Pittsburgh, got his second last night and again came through with a well-pitched game. This time the American League discard permitted the Pirates only six hits in defeating them 5-1 in Boston.

He did not allow a run after Ralph Kiner tagged him for his 28th home run in the first inning. He did not issue a single base on balls and struck out four, including Kiner in the ninth inning.

The victory in the opener of a 20-game home stand enabled the Braves to widen their first place margin over the rest of the field to five and a half games.

Boston's other major league entry, Joe McCarthy's rampaging Red Sox, extended their winning streak to 13 straight games by blanking the Tigers in Detroit, 8-0. Ellis Kinder turned in his best performance since his purchase from the St. Louis Browns, holding the Tigers to three hits. Hal Newhouser, Detroit's ace southpaw, was the victim.

Boston's triumph together with the Indians' 10-5 victory over the Athletics in Cleveland, gave the Red Sox a full-game lead in the tight American League pennant race. Although the Indians trail by a game and a half to Philadelphia's one, they took over second place from the A's through a mathematical oddity. The A's, with four more victories and three more defeats than Cleveland, are two percentage points behind the Tribe.

The Brooklyn Dodgers replaced the St. Louis Cardinals in the runner-up spot in the National League by coming from behind with two runs in the ninth to nip the Redbirds 3-2 in Brooklyn in the only game played in daylight.

Larry Jansen turned in his second straight shutout and 13th victory of the season as he pitched the New York Giants to a 3-0 triumph over the Cincinnati Reds.

The victory would have the Giants into the first division, a half game ahead of the Pirates, and one game behind the Cardinals.

A crowd of 54,606 Detroit fans saw the Red Sox snap Newhouser's five-game winning streak by knocking him out with five runs in three innings.

Vasquez Bangs Out 3 Safeties

Jimmy Perez fashioned his 11th pitching triumph of the 1948 Longhorn baseball league season here Tuesday night as the Big Spring Broncs evened their series with the Del Rio Cowboys by taking a 9-2 decision before a paid turnout of 720.

The brilliant lefthander, who has lost but once this season, gave up two runs to the opposition in the second canto and then saw his mates go to work on Jimmy Mills in earnest.

Five safeties, one of them a booming double off the left field wall by Perez himself, accounted for four Big Spring tallies in Round Three. That would have been margin enough but the Cayuses got another in the fifth, two in the sixth and another pair in the seventh.

Hits by Pinky Higgins, George Caloia and Phillip Luna, combined with a misplay gave the Del Rioans their tallies in the second.

Ray Vasquez, who feated on Mills pitching all night, banged out his first hit—a single—in the big fourth. He later had a triple in the fifth and a double in the seventh. On each occasion, he went on to score.

In all, the Steeds headed an 11-hit offensive. Orle Echeverria accounted for two of the Big Spring blows.

Notable fielding plays marked the contest. Ace Mendez ran far in to take Pinky Higgins' can-corn in the sixth and then doubled Jim Jaquet off first. Justo Aspiazu, the Bronc first sacker, several times dug impossible catches out of the dirt. Higgins turned in a very creditable game afield for the guests.

DIAMOND DUST — Mendez leaped high to take Sam Harshaney's long fly in the first that would have been a near-certain triple had it gotten by him. Ace was on the wing at the time.

Aspiazu caught a live drive near the ground off Jaquet's bat in the third. The loss was Mills' eighth of the season. He has won three times Humberto Baez made a sparkling catch of Phil Luna's drive in the fourth. Harshaney, who masterminded the Del Rioans, was eaten out by Umpire Bob Odum in the sixth after protesting a decision. Ferdy Neimann tried a bunt in the eighth but Orille Bosch threw him out on a great play. Jaquet was leaning away from an inside pitch in the eighth and singled down the right field line.

RODRIGUEZ, LUNA ON HILL TONIGHT

Freddy Rodriguez and Simon Luna are due to shoulder pitching chores for the Big Spring Broncs and Del Rio Cowboys, respectively, tonight when the two teams close out their three-game series in Steer park.

The Broncs are due to depart Thursday on a four-day road trip that will take them to Vernon and Midland. They will play two games at each stand.

The locals will return here Monday to engage the Ballinger Cats in a three-game series.

Tinker, Famed Cub Infielder, Death Victim

Joe Tinker, who won baseball immortality as a member of the Chicago Cubs infield in the early 1900's, died here yesterday on his 68th birthday.

Death came to the noted shortstop shortly after attendants at Orange Memorial Hospital reported an improvement in his condition. Tinker entered the hospital 10 days ago for treatment of a respiratory ailment which no one considered dangerous.

The man who started the famous Tinker-to-Evers-to-Chance double to the last, despite his impaired health. He had suffered from diabetes for several years and his left leg was amputated last summer because of an infection.

Baseball men throughout the nation expressed sorrow at the death of the last survivor of the Tinker-to-Evers-to-Chance combination, and Tinker's plaque in the baseball hall of fame at Cooperstown, N.Y., was draped in black.

ORLANDO, Fla., July 28. — Joe Tinker, who won baseball immortality as a member of the Chicago Cubs infield in the early 1900's, died here yesterday on his 68th birthday.

Death came to the noted shortstop shortly after attendants at Orange Memorial Hospital reported an improvement in his condition. Tinker entered the hospital 10 days ago for treatment of a respiratory ailment which no one considered dangerous.

Baseball men throughout the nation expressed sorrow at the death of the last survivor of the Tinker-to-Evers-to-Chance combination, and Tinker's plaque in the baseball hall of fame at Cooperstown, N.Y., was draped in black.

Born in 1880, Tinker started in organized baseball with Coffeyville, Kan., when he was 19. Three years later, in 1902, he made the major league grade with the Cubs and played with them through 1912.

He managed the Cincinnati Reds in 1913 and the Chicago entry in the old Federal League in 1914-15.

After four years as manager of Columbus in the American Association, Tinker came to Orlando to pilot the Florida State League entry.

Amarillo Slugger Nears All-Time Homer Record

AMARILLO, July 28. — Pounding Bob Cruces hammered his fifty-second and fifty-third home runs last night and at the pace he's now traveling will break the all-time record of professional baseball with circuit clouts to spare.

That record is 69 set by Joe Hauser with Minneapolis of the American Association in 1933. And Joe did it in 153 games. Cruces will play only 140 with Amarillo of the West Texas-New Mexico League.

But with 44 more contests to go, Bob, by maintaining present average, will hit the 77 mark.

Today Cruces is only four away from tying the league record in homers set last year by Bill Serena of Lubbock. Bill got 13 more in the play-offs for a total of 70 for the season but it appears Bob should beat even that.

And Cruces also is after another league record—the 150 runs batted in by Serena. He's just four away from that mark, too.

Cruces started in pro baseball as a pitcher and in 1940 won

Republicans Refuse Truman Nominations

WASHINGTON, July 28. (AP)—Republicans pasted a "reserved for GOP" label today on some 900 federal jobs.

"The Senate does not intend to consider nominations," the party's congressional leaders said last night in outlining their program for the special session.

That means hundreds of postmasters, federal judges and others whose appointments have not been confirmed face a short-lived job expectancy—if the Republicans succeed in putting Gov. Thomas E. Dewey in the White House next year.

The decision not to take up now any nominations passed over during the regular session is an extension of an informal agreement by the GOP high command last May. At that time they reportedly passed the word on to key committee chairmen not to approve any further major appointments by President Truman.

However, Mr. Truman can keep his selections in office until next year under interim appointments.

Colorado City Attorney Dies

COLORADO CITY, July 28. (Sp1)—Full military honors will be paid Thomas R. Smith, 50, prominent Colorado City attorney who succumbed about mid-night Tuesday, in funeral services at the Episcopal church at 8 p. m. today.

Smith was at one time president of the bar association here and is immediate past-president of the Lions club. A veteran of World War I, during which he served as sergeant in the 33rd Engineers in Europe, Smith was a charter member of the Oren C. Hooker American Legion post which he helped found here. He had served the post in many capacities, including that of commander.

The civic leader has been in failing health for about six months, only recently returning from McKinney veterans hospital where he was being treated.

He is survived by his wife, the former Lucille Russell of San Sabalone daughter, Nine Laura Smith, associated with the music faculty at Hardin-Simmons University; and one sister, Mabel Smith, an instructor at Texas Tech.

The Rev. James S. Butler of Colorado City and Sweetwater will officiate at the services.

Final Game Set In Y-Church Loop

Final game of the season in the Church-YMCA softball league will be played Thursday at 8:15 p. m. under the city park lights.

The First Presbyterian and Wesley Methodist tilt has been slated for that hour. The First Methodist and Main Street Church of God game has been cancelled.

First Methodist has the title stashed away with a 6-0 record. East Fourth Baptist has won five and lost two; Wesley Methodist has won three and lost four, the same record held by the First Presbyterians. The Main Street Church of God has a 0-7 record. First Methodist and East Fourth Baptist played a tie game at the start.

Red Tape Holds WAA Surplus From The City

The City of Big Spring continued a battle against "red tape" Tuesday in efforts to secure water distribution equipment at the former Army Air Field.

A resolution to support a new application for the equipment, as requested by the War Assets Administration, was passed by city commissioners at their regular meeting. City Manager H. W. Whitney told commissioners that he had been informed by WAA officials that the original application which was submitted several weeks ago was not prepared on the proper government form. This information aroused some comment among members of the commission, since city officials made a trip to Grand Prairie to obtain and submit the form and they were assured by WAA men at the time that the original application was in order.

A representative of the WAA has conducted a survey of needs for the equipment in Big Spring, Whitney said, and the surplus disposal agency has indicated that the equipment will be awarded to applicants on the basis of emergency requirements for bolstering current systems now in use to promote better sanitary and public health conditions. Two other cities have applied for the equipment here.

Blankenship Due To Attend Meet

W. C. Blankenship, superintendent of schools, is due in Austin Friday morning for a meeting of all sub-committees of the Gilmer-Alken committee on education.

He has been serving on one of the key units in connection with administration.

The Friday parley, which is to be the summary meeting, is one of the most important for the committee, named by the last session of the legislature to make a thorough survey of Texas educational facilities, needs and to make recommendations for attacking the educational problem.

Funeral Scheduled For Mrs. R. D. Neal

COLORADO CITY, July 28. (Sp1)—Mrs. R. D. Neal, resident of the Valley View community and Mitchell county for 26 years, was to be given last rites at 3 p. m. today at the Kiker chapel.

Mrs. Neal succumbed Tuesday at a Big Spring hospital. She is survived by her husband, four stepsons and one step-daughter.

GOP Will Avoid Farm Tax Relief

WASHINGTON, July 28. (AP)—Republican leaders indicated today they do not plan to push action in the special session on a bill to give income tax relief to many farmers.

The legislation is a general tax revision measure approved by the House in the closing days of the regular session, but left hanging by the Senate Finance Committee at adjournment.

The omnibus bill contains a section which would grant tax concessions to farmers who spend money on land improvements aimed at soil and water conservation.

Dumas Beaten

WACO, July 28. (AP)—All 16 clubs entered in the Texas Semi-Pro-baseball tournament have seen action and only six remain undefeated.

Markets

WALL STREET
NEW YORK, July 28. (AP)—Ralls and oils moved in front of a generally improved stock market today.

Favored issues advanced fractions to two points. A scattering of small losses also appeared.

Trading slowed to a walk about a number of blocks of stock changed hands.

Wright Aeronautical again headed the advances with a gain of around 4 points at one time. This followed yesterday's increase of about 14 points which resulted from news that directors had voted two dividends of 25 cents each.

N. Gregg Paving Prospects Up

Prospects point to an early start on paving construction on North Gregg street and the Lamesa highway by the state highway department, city officials have reported.

The highway department advised several weeks ago that it would be willing to widen paving on that thoroughfare to 35 feet, provided curbing could be installed by the city. Owners of adjoining property are being contacted, and arrangements for financing the curbing are expected to be completed shortly.

As soon as financial arrangements are made, the city will begin installation of curbing. A recent communication indicated that the highway department would begin paving construction immediately after curbing is completed.

Wildcat Test Planned In Central Mitchell

Announcement was made today of plans to drill a wildcat test in Central Mitchell county. Operations are to begin immediately on the Eastland Oil Co. No. 1 O. L. Simpson, a 3,300 cable tool test two miles west and one mile north of Colorado City.

It is to explore the Clear Fork of the Permian. There are possibilities that it may encounter oil in at least three zones between 1,000 feet and 3,300 feet. Should it be barren in all those horizons, there is a possibility that it will be drilled deeper.

Man Pleads Guilty To Charge Of DWI

Ervin Ray, picked up by local authorities last night on a charge of driving while under the influence of intoxicants, entered a plea of guilty to the charge in county court this morning and was fined \$75 plus expenses.

Judge Walton Morrison also suspended Ray's driving privileges for the ensuing six months.

Two Persons Fined For Drunkenness

Two persons charged with drunkenness entered pleas of guilty in justice court this morning and each was fined \$50 and costs by Justice of Peace Walter Grice.

They were Henry L. Stafford and John D. Webster, both of whom were picked up by members of the state highway patrol last night.

Gift Tea Is For Billie Kennon

Miss Billie Kennon, bride-elect of Dan Fletcher, was complimented with a bridal gift shower Tuesday evening in the home of Mrs. Jack Hanson.

Hostesses were Mrs. Hanson, Jonnell Sikes, Beth Phillips, Anita Cate, Dorothy Day and Mrs. Henry Holmes.

Miss Phillips and Mrs. Holmes presided at the lace laid table which was centered with an arrangement of marigolds holding a gold wedding band decorated by white flowers, as its focal point of interest. The table appointments were crystal.

Miss Day presided at the registry table. Miss Sikes and Miss Cate displayed the gifts.

The receiving line was composed of Mrs. Hanson, Miss Kennon and her mother, Mrs. W. A. Kennon. Miss Kennon wore a white suit and red corsage. All other members of the house party wore black dresses and white corsages.

Approximately 35 persons called during the evening.

New Resident's Rites Scheduled

Funeral for Mrs. Glenn O. Blankenship, who moved here from Lamesa only three weeks ago, were to be held at 4 p. m. today in Stanton.

Rites will be said at the Methodist church there with the Rev. T. R. Hawkins, First Baptist pastor of Stanton, officiating, assisted by the Rev. Bailey, Greenwood community Baptist pastor.

Mrs. Blankenship died in a hospital here at 11:25 a. m. Tuesday after an illness of 10 days.

Survivors include her husband, H. B. Blankenship; one daughter, Mrs. Thora Stevens, Big Spring, and a granddaughter. She leaves four sisters, Mrs. John Curtis, Midland, Mrs. B. D. Tucker, Levelland, Mrs. Ben Brown, Lampasas, Mrs. W. A. Tucker, Athol, Ida; and two brothers, L. R. Morris, Lubbock, and O. E. Morris, Belton.

Burial was to be in the Evergreen cemetery at Stanton with Alvey Bryant, Oswald Raggett, Shorty Brammett, John King, Guy Brauch and Jesse Brock as pallbearers. Eberley Funeral home was in charge of arrangements.

Burglary Suspect Is Returned Here

Husy Nickens, accused of burglarizing the Round-Top cafe the night of last July 10, has been returned here from McCamey and placed in the county jail.

Nickens allegedly took four guns, a leather purse and drank his fill of beer before leaving the cafe. He was arrested in McCamey on a tip from local officers.

THIRTEEN MINERS PERISH Grim Inspectors Probing Coal Mine For Blast Cause

PRINCETON, Ind., July 23. (AP)—Grim inspectors probed the depths of King's coal mine today seeking to learn the cause of an explosion which killed 13 miners yesterday afternoon.

It was the second serious explosion in eight months at King's. The previous blast, last November, caused no deaths but was followed by extensive fires which closed the mine for more than two months.

The mine had been closed again last week because of water seepage. It had been inspected Sunday by state mine inspectors and had been reopened only yesterday.

Two men were injured critically in yesterday's blast, and a rescue worker also was in a hospital after being overcome by gas. Condition of the lowest level of Indiana's deepest shaft mine, 433 feet under-

ground, and three miles east of the tripple.

Coroner C. C. Cooper said all the bodies were badly mutilated and burned. All were brought out within three hours after the explosion.

Workers from other parts of the mine and from nearby shafts moved quickly to the rescue. The U.S. Bureau of Mines office at Vincennes sent a rescue crew. Ambulances from Evansville were sent to help. Princeton ambulance crews move the bodies.

The National Guard armory here was converted into a morgue to receive the bodies, which later were taken to funeral homes here and in neighboring towns.

There were 176 men in the mine at the time, but other crews were not endangered.

Frightened Woman Shoots Convict

BELLE GLADE, Fla., July 23. (AP)—A frightened woman living alone on Torry Island fired a random shot and killed one of four escaped Negro convicts who were hiding in tall grass near her home.

County Judge George E. Tedder said the woman, Mrs. Mable Foy, fatally wounded 15-year-old Roy L. Williams with a shot from a .22 caliber rifle Monday night.

The Negro youth was under a life sentence for armed robbery. One of his three companions surrendered soon after the shooting. Two others drove 25 miles in a stolen motor car and gave themselves up when they encountered armed men on a highway.

The Negroes saved their way from the Belle Glade Prison Farm Sunday night.

Constable Roy Whitlock said the Negroes stole Mrs. Foy's motor car Sunday night and returned Monday night. Mrs. Foy saw them, ordered them away, and when they failed to obey, Whitlock said, she fired once in the general direction of the Negroes, who fled.

Bloodhounds later found Williams' body about a block away. The bullet had apparently grazed his heart, Whitlock said.

"She had only two bullets," he added, "and she was saving the other just in case."

CAN'T STAND BEING JUDGED Jap Has Tantrum, Trial Is Recessed

By TOM LAMBERT
TOKYO, July 23. (AP)—Big Rikizo Hirano was hauled into court today.

Twice before the deposed minister of agriculture ducked summons to stand trial on charges of falsifying his political past to a purge board.

Psychiatrists have testified he could stand trial but that he might throw a tantrum if things did not suit him.

Today Hirano threw a tantrum. "I'm sick," he bellowed at the judge. "I am not in a regular mental condition. This case may be fatal to me as a politician and I want to undergo trial in good health."

To which the judge thundered: "Do not say superfluous things." Hirano's attorney could not calm his client.

"I'm not asking for two or three years postponement," he shouted. "All I'm asking for is about two months time for recuperation."

The flustered judge heard spectators shout: "He is right, he is right."

Finally the judge ordered a doctor to examine Hirano. After the examination the doctor testified: "Hirano gets spells of melancholia. His memory goes bad. He cannot think smoothly. He cannot stand spiritual burdens. The best treatment is sleep."

The doctor advised against trial at this time.

The judge ordered it to proceed.

That set off Hirano's attorney, who clamored loud and long for a continuance.

Finally the weary judge recessed court until Monday, and Hirano was led away.

JUST TOO MANY MEN AROUND

OKLAHOMA CITY, July 23. (AP)—When a group of men gathered outside her door, it looked mighty suspicious to Mrs. Ben Bennington, 54.

She thought they were going to molest her, and called police for help.

Prowler Car Officers W. B. Gates and O. E. Higginbotham raced to the scene.

But the men turned out to be the most solid of citizens—all waiting to vote in Oklahoma's primary at the polling place next door.

Douglas Aircraft Strike Called Off

SANTA MONICA, Calif., July 23. (AP)—A threatened strike was off and further wage demand negotiations were on today at Douglas Aircraft's nearby El Segundo plant.

Byron G. Rhodes, president of the International Association of Machinists (Ind) local, told the 6,500 employees involved that "sufficient progress has been made in negotiations" to warrant postponement of a strike, which had been planned for last midnight.

The company has offered 10 cents an hour increase and the IAM local here has recommended acceptance. The local at the company's Long Beach plant already has accepted.

Chinese Push Gains In Taiyuan Sector

PEIPING, July 23. (AP)—Government troops killed or wounded 2,000 Reds today and recaptured Paichichuang, coal center 12 miles southwest of Taiyuan, national reports said.

As the national forces pressed their advantages around the once-besieged Shanai Province capital, government planes blasted Communist positions west, southwest and southeast of the city.

Amarillo Woman Is Killed By Blast

AMARILLO, July 23. (AP)—Mrs. Brooks Altman, 29, was fatally burned and her two children were injured yesterday in an explosion of gasoline that she was using to remove varnish from a floor.

Her son, Kenneth, 7, was in serious condition. Her daughter, Faye, 10, was released after treatment.

The gasoline was ignited by fire from a nearby water heater.

Actress Stops Suit Against Sugar Heir

LOS ANGELES, July 23. (AP)—For a consideration, Actress Kay Williams has dismissed the divorce suit she filed recently against Sugar Heir, Adolph Spreckels, Jr., their attorneys have announced.

They said a satisfactory settlement had been reached by Spreckels and his fourth wife, but declined to disclose the terms.

In her suit, Miss Williams had asked \$2,500 monthly temporary alimony and their \$75,000 home.

CIO Permanently Barred By Court From Trespassing

LIVINGSTON, July 23. (AP)—The CIO today was restrained by permanent court order from trespassing on property of the W. T. Carter and Brother Lumber Company in Camden.

District Judge W. S. Browder issued the injunction yesterday. It was asked by the Carter company after union officials tried to hold a meeting at Camden, a small East Texas town owned by the company.

Union Attorneys Chris Dixie, Houston, and Jerome Cooper, Birmingham, Ala., filed an appeal to the Ninth Court of Civil Appeals at Beaumont.

The judge said he will wait to see how the union observes the injunction before taking action on charges of contempt of court filed against several union members.

A. L. Carter of Camden, manager of the company's properties, testified that "If the employees asked for space to meet to form a union, I think I might help them." He denied that the CIO organizers represented his employees.

Cross-examined by Dixie, Carter said there was no place in Camden where a meeting could be held except on company property or on the state highway.

Valley Business Avoiding Peso

MCCALLEN, July 23. (AP)—Lower Rio Grande Valley stores are shying away from the Mexican peso and Valley banks are ignoring it, for the time being.

A survey yesterday showed that only a few Texas stores near the border are still accepting the peso and that banks have stopped dealing in it until the new exchange value of Mexican currency is fixed.

The general exchange rate on the Texas side of the border yesterday was six pesos for one U. S. dollar. The old rate was 4.85 to 1.

Across the Rio Grande from here, in Reynosa, Mex., banks were offering pesos at 6 and 6 1/2 to 1. Mexican stores were trying to do as much of their trading as possible in U. S. money.

In the few Texas stores where pesos were still being taken prices were pegged higher to make up new exchange rates.
