

This Week in Our Town

"I always hit the print shops when I stop in a town", was the comment of A. B. O'Flaherty, San Angelo newspaperman of Irish proclivity and now a newspaper broker by avocation. Mr. O'Flaherty was at the head of the Corpus Christi Caller many of the writer's first years in the Lower Rio Grande Valley and is acquainted with many of the writer's friends. We were glad to have the long visit for old time's sake.

"How about giving this a front page build up?" asked Sergeant Claude B. Ried of the Marine Corps Recruiting Station at Ft. Worth when sending us an article on Marine recruiting. Ried enlisted in the Marines instead of being sent just anywhere in the selective draft. His record in the Marines in past years led to reinstatement or promotion, it appears.

"Mattress Campaign Starts", said a head on the front page of last week's issue of this great religious publication, while the article dealt with extermination of rodents. O' Rats! Switched the mattress story when we saw the head to be misleading, put in the rat story—and forgot to change the head. Was the mistake noticed? You tell 'em! A very few people failed to razz us. All the rest of the population poured it on!

"Only two weeks left in which to buy your car license," stated Mrs. Glen Williamson Monday. Time is getting short. We could not get our old number this year, so jumped from 190'909 to 198'909, keeping the last trio as a souvenir of 1940. Cars depreciate in value, but the darned license plate prices stays the same year after year.

"Just an old family custom", T. M. Hayes and Miss Agnes can probably report in giving cause for their car license numbers being in sequence. Makes the family's cars' numbers easier to remember, at least.

"It does take a lot of work", admits Louise Purdy when complimented on the nice nappy rug she was making. With a pile almost an inch long, the rug is just the thing for cold nights when one has to slap their warm toesies on a cold floor when getting out of bed. Her aunt, Miss Molly Denton, since made a hooked rug that was fine looking but not so warm.

"Believe it's Doc Lovelady's and my time to drop out", said John Payne when questioned as to which school trustees were to be replaced in the next school election. Payne is secretary of the board.

"Well, if no one can be induced to announce, we might just put our names on the ballots", said City Commissioner Donham Tuesday. They might as well, for if no candidate appears for an office, the incumbent serves until such time as a successor is qualified. Their only recourse in that case is to resign one at a time and appoint someone to fill the office.

"I have received my questionnaire", reported Wilbur Clark Monday. "I am going to enlist and get into the branch of service I prefer", he continued. Inasmuch as he has had some military training, that should make it easy for Wilbur.

"Do you recognize that?" enquired Rev. Burgett Tuesday as he showed us an envelope from the selective draft board. We indicated it was an invitation to join the army. He didn't seem inclined to deny it.

"Had a ten inch snow here", says Rep. South in a letter just at hand. "One of the heaviest I have seen in Washington. Hope you are enjoying nice spring weather." Rather we are enjoying some nice arctic breezes just now—at least it feels arctic when you get outside without a coat.

Among the men recently enlisted for service at Brownwood recruiting office is Willard L. Gohber of Santa Anna, assigned to the Field Artillery, Fort Sam Houston.

Tom Sealy, son of Mrs. and the late Dr. T. R. Sealy of Santa Anna was elected president of the Midland County Bar association at a meeting this week.

Effective March 22 the United States Army Air Corps training detachment at Dallas will be transferred to Brady.

VOLUME LVI.

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, MAR. 14, 1941

NUMBER 11

SCHOLASTIC ENUMERATION IN COLEMAN COUNTY BEGUN

The large task of enumerating scholastics between the ages of six and seventeen started in most of the school districts of the county last Saturday, March 1. Census trustees have been appointed in all the districts and quite a few of those workers have completed the census for their districts. Parents of children who become six before September 1, 1941 should see that the children are enumerated. Since the enrollment of several of the schools has increased during the past two months, it is expected that the county will show an increase in scholastic population for the 1940-41 school term. The last date for taking the census will be April 1 and in case a child moves during the month of March the proper place for his enumeration will be his place of residence on April 1. Census trustees may turn their reports into the County Superintendent's office and have the privilege of adding additional names at a later date instead of waiting until April 1. In this manner the superintendent's office is able to check the lists and in many cases suggest names that have been missed.

Slight Change In the Farm Program

The Farm Program for 1941 and 1942 will probably be about the same as the one now in force, Congressman Charles L. South reported from Washington recently.

The Agriculture Appropriation Bill, which passed the House a few days ago, following almost a week's debate, provided for approximately \$500,000,000 for soil conservation payments to farmers and ranchmen, \$212,000,000 is made available for "parity payments."

The Rural Electrification Program, which is rapidly expanding, will receive \$100,000,000. This will be financed by loans through the RFC, rather than by direct appropriations as in the past. The same is true as to the \$50,000,000 item for the Farm Tenant Purchase Program. It is especially gratifying to me that the Tenant Purchase Program is being continued and given an opportunity to expand. As I have many times stated, when the history of our efforts to aid agriculture is written, I suspect tenant purchase and the soil conservation work will head the list, said Mr. South.

The Department of Agriculture is showing increased interest in research work for wool and mohair, and it is not believed that it will be necessary to curtail this work.

The Senate has not passed this bill as yet but there is no reason to believe that they will greatly change the items to which reference has been made.

PRAIRIE DOG CAMPAIGN

The "Prairie Dog" has long been the enemy of the ranchers County Agent D. D. Steele says that the assistance of W. S. Heit representative of the U. S. Fish and Wildlife Service, will be available to those who wish to eliminate the prairie dog from their ranches and farms.

In order to be effective this work should be undertaken on a wide scale with particular emphasis on the eradication of the prairie dog on adjoining ranches and farms to prevent reinfestation of a particular area. In localities where the prairie dog population warrant control it is essential that all land owners cooperate to prevent migration of prairie dogs to their neighbor's pasture.

Poisoned grain and also a very effective gas will be available through the County Agent and anyone interested should get in touch with Mr. Steele at once as this opportunity will be available for a few weeks only.

SCHOOL HOLIDAY

Santa Anna Schools are having a holiday today (Friday) due to the fact that the teachers are attending the Mid-Texas Teachers Association in Brownwood.

Farmers Should Unite

Two hundred farmers, ranchmen and agricultural agencies officials representing 20 West Texas counties voiced an urgent need for nation-wide organization of their industry and laid the foundation for such a thing in the annual meeting of the Texas Farm Bureau Federation, Seventh District at Coleman Monday.

Striking out at the lack of consideration in payment of fair prices for farm commodities in view of the part the agricultural industry is laying in the national defense program, the representation endorsed heartily the American Farm Bureau Federation's proposed legislation calling for "100 per cent parity on all farm commodities" and laid the groundwork for a concerted membership drive.

Representatives from 18 of 19 counties composing the seventh district organized for membership drives in their respective communities and pledged co-operation with the AFB's drive for beneficial legislation for the nation's agriculturists.

R. G. Arnold, southern region director of organization, was the feature speaker, highlighting the morning session with a charge that "the nation's general welfare demands raising of agricultural prices to parity."

Arnold predicted a slump in a few months in prices of beef, wool and lambs and warned that "our only hope is through organization to push legislation."

Among the speakers on the program were Howard Kingsberry of near Santa Anna, who is state AAA committeeman from district seven and P. C. Haynes, Texas A. & M. organization economist.

90 PER CENT OF ALL RADIO STATIONS CHANGE FREQUENCIES THIS MONTH

Affective March 29 approximately 90 per cent of all radio stations in the United States will change frequencies. This is the result of three years of study and planning by the governments of the United States, Canada, Cuba, Mexico and Haiti. It is regarded as a major improvement in broadcasting. This change affects all broadcasting stations carrying the Texas School of the Air. Therefore beginning with the above date, teachers and pupils in schools should note following changes in frequencies but keep in mind that the time of the broadcast of the Texas School of the Air does not change: WFAA, Dallas and WBAP, Fort Worth changes from 800 to 820; WOAI, San Antonio changes from 1180 to 1200; KPRC, Houston changes from 920 to 950. This information will be useful in the schools since more than 90% of the schools have and operate radio receiving sets.

SIXTEEN COLEMAN COUNTY DRAFTS TO BE INDUCTED AT SAN ANTONIO MARCH 17

Sixteen Coleman county selectees will be inducted into the U. S. Army at Fort Sam Houston, San Antonio, on Monday, March 17, according to an announcement made by the Coleman draft board Monday.

Of the group four are volunteers, including Aubrey Firman Vickers, Burgess Elgen Crosby, Billie Boyd Line and Clarence James Horton. Others in the delegation include, Roncoe I. Horton, Lawrence L. Caldwell, Samuel Milton Elliott, David C. Williams, Ernest S. French, James O. Mayo, J. B. Snider, Floyd E. Whitfield, Derwood O. Beard, Cletus M. Moser, Darwin E. Lovelady and Jessie G. Smith.

Edward Dillingham of Gallup, New Mexico was visiting with relatives and former friends here the first part of the week. Jack Powers returned to Gallup with him.

Coleman Co. News Briefs

Another step toward the construction of a dam that would furnish a plentiful water supply for the county is being taken by the approval of the work by the army engineers. The sanitary department of the state, board of water engineers and army engineers have approved the work. The proposed dam would be located a half mile southeast of Burkett, impounding 65 acres in a 520-acre drainage basin. The project would cost a total of \$63,218.50. Included in the project would be the construction of the lake, a purification plant, reservoir water lines and fire hydrants in Burkett. The water board has already voted \$3,500 in bonds.

A total of 44 marriage licenses have been issued and 14 divorce suits have been filed in Coleman County thus far this year.

A total of 15 Coleman countians reported for induction in the U. S. Army at Fort Sam Houston, San Antonio, Thursday March 13. The delegation is composed of James C. Ingram, Victor L. Cooper, Elgan O. White, Louis H. Reynolds, Norrell W. Parsons, Albert L. Sanders, Dar-el C. Slate, Carl O. Medders, Alva S. Campbell, Earl E. McQueen, Leslie C. Leverett, Leonard H. Rhodes, Charles J. Caldwell, Lee R. Arnold and Raymond L. Burton.

Wm. T. Knox, 82, Coleman County pioneer and former sheriff, died shortly before 6 A. M. Tuesday, following an illness of three weeks. Funeral services were held Wednesday afternoon. Mr. Knox had resided in this county since May of 1882. He was a state surveyor accountant and prominent farmer. He was a Baptist, Mason, Woodman of the World, and Knight of Pythias. He had served as deputy sheriff, tax collector and sheriff.

Plans are being made for the annual meeting of officers and directors of the Coleman County Rural Electric Co-operative, Inc. The meeting will be held Tuesday, April 1, in the Powell-Cavanagh Truck & Tractor Co. building. A barbecue lunch will be served at the noon hour for those in attendance.

CEMETERY ASSN MEETS

The cemetery board met in the home of Mrs. Clinton Lowe, Monday evening, March 3. The main purpose of the meeting was to consider building a tool house in the cemetery for the convenience of the sexton. Cap Peacock is now employed for full time and committees are now taking memberships to raise funds for Mr. Peacock's salary. Mr. Peacock is doing very good work and the association urges the full cooperation of everyone.

Each member will have his lot taken care of and any special work, such as setting out shrubs etc., assisted with.

The association acknowledges with thanks the gift of 12 arbor vitas, from the ladies organizations of Santa Anna. They have been set out down the center of the main drive.

Garden hose is now a needed item. If anyone has several feet of good rubber in a discarded hose, it might be used to advantage.

Following are the board members and their duties, contact information: Mrs. Clinton Lowe, president; Mrs. Lola Lightfoot, sec-treas.; Mrs. T. R. Sealy, vice president; beatification; Mrs. J. R. Gibson, membership; J. J. Gregg, publicity and membership; Sam Collier, employment and deeds; Hardy Blue, tools; Curtis Collins, streets; Emzy Brown and F. B. Hill, permanent improvement.

The world's greatest storehouse of petroleum information is being assembled at the University of Texas in a library of the driller's "logs" for every oil and water well in Texas. More than one million samples from 15,000 wells are now on file at the University and are available for citizens of Texas to study.

Boost your name town.

Lone Star Gas For Bowie

In order to be prepared to serve Camp Bowie at Brownwood, the Air Corps Basic Flying School at San Angelo and Camp Berkeley at Abilene and the Lone Star Gas Company of Dallas is making extensive improvements in Coleman County.

Several gas wells in the Liberty community, in this county, have already been joined to the Lone Star Gas Company's mains and arrangements have been joined to the Lone Star Gas Company's mains and arrangements have been completed for the company to augment the gas supply for Brownwood and San Angelo. Added to that circuit are some three or four wells a short distance west of Brownwood. Further, Lone Star is drilling another well in the Liberty pool, and Anzac Oil Corp. of Coleman has just completed a well in that pool that has been added to the line.

Coleman Gas & Oil Co. also has a half dozen gas wells in the same pool that would be available to Lone Star. However the Coleman Gas & Oil Co. wells south of the Brownwood Coleman highway in the Santa Anna gas pool probably would not be tied into the Lone Star Company's set-up.

There is only a six mile gap in the Coleman-Abilene line and that is between Goldsboro and Lawn. It wouldn't be a difficult task to connect that line, in which event Coleman County gas would be used at the large Abilene camp. Lone Star already has a six-inch line laid to the proposed flying field near Coleman.

There are eleven gas wells in immediate area the gas usually in the Santa Anna field, the gas usually being obtained in the Ranger lime at 2,200 feet. Some of the gas wells are owned by Lone Star Gas Company, some by Coleman Gas—Oil Co. of Coleman, and two of them by Anzac Oil Corp. of Coleman.

EVELYN OPPENHEIMER TO REVIEW BOOK AT BROWNWOOD MARCH 24

Evelyn Oppenheimer of Dallas, outstanding reviewer of books in the Southwest, will review "The Vanishing Virginian" by Rebecca Yancy Williams at the Carnegie library at Brownwood, Monday, March 24 at 8 p. m., under the auspices of the Business and Professional Women's Club of that city. The announcement was made by Mrs. Fay Looney, president.

Miss Oppenheimer needs no introduction to audiences in this section of the State. She has been presented in six book-reviews at Brownwood in the past three years and each appearance has increased her popularity with those who have heard her.

The club has found that by sponsoring these reviews by such a noted speaker, a considerable sum has been added to the scholarship fund, a major project of the club. Admission is 50 cents and tickets are available at the door.

SANTA ANNA DOCTORS ATTEND COUNTY MEDICAL ASSOCIATION MEET TUES.

Dr. J. Paul Board, Dr. E. D. McDonald and Dr. R. R. Lovelady attended the Coleman County Medical Association Meeting in Coleman Tuesday evening of this week. Dr. Board president of the association presided.

Dr. Dewitt Neighbors and Dr. W. S. Barcus, both of Fort Worth were on the program.

ELECTION NOTICE

An election will be held at the City Hall on the first Tuesday in April, the same being first day of April, 1941; for the purpose of electing a Mayor and two Commissioners.

Anyone desiring his name to be placed on the ticket will please file same with the City Secretary not later than March 25, 1941.

By Order of City Commission. Jettie Kirkpatrick, City Secy.

SANTA ANNA N. Y. A. HOME MAKING CENTER NEWS

The girls homemaking project has been progressing very nicely. To date there are 37 girls working. They have been making such garments as infants dresses, men's shirts, men's bath robes for the Red Cross and smocks for themselves. They have also stained and upholstered chairs which has improved the looks of their home greatly.

The girls are very happy to receive the large table and the bench which belong to the Rangers Association and constructed by the N. Y. A. boys at Coleman.

The Self Culture Club has presented the project with beautiful material for curtains and the girls are trying to get them finished this week.

Miss Cooze, the Area health nurse, paid us a visit last Tuesday afternoon and talked on a complete physical examination which will be required of every girl that works on the project.

Visits from a large number of local people were made during the past month. The center is open to visitors from 8:00 A. M. to 1:30 P. M. each day, with the exception of Saturday.

Rat Campaign Meets With Approval

Feeling that the rat eradication program is a very worthwhile project, the county superintendent has contacted each school in county asking 100% cooperation of the schools and the indications are that the teachers of the county are doing everything possible to help the officials put over the program. The campaign begins on Friday March 28 and the deadline for bait orders is March 24.

Bait Stations in this community and locations are as follows: Buffalo, H. T. Carr, Store; Santa Anna, Oscar Cheaney, Bank; Shield, C. C. Vance, Vance's Store; Burkett, F. B. Porter, Red & White Store; Whom, Mr. Tisdale, store; Gouldbusk, L. H. Griffith, Red & White Store; Rockwood, Boss Estes, store; Trickham, Mr. Cozart, store.

Oscar Cheaney, Santa Anna chairman, states that the people of this community are taking active interest in the organization and carrying out of the city and county-wide rat campaign. Mr. Cheaney states that every effort will be made to rid the City of Santa Anna of rats.

HYBRID CORN SEED AVAILABLE SAYS STEELE

A letter received at the County Agents office states that there are approximately 60 bushels of Texas hybrid No. 4 seed corn available at the Texas Experiment Station at College Station, Texas. This seed is priced at \$7.50 per bushel. F. O. B. College Station. According to J. E. Roberts, superintendent of the station, this is the yellow corn and tests to date show that it has produced approximately 20 percent more than Yellow Surecrops, which is a female parent.

The hybrid corn is planted in the same manner as the ordinary commercial varieties. It is pointed out however that corn produced by this seed cannot be sold as hybrid corn. The increase in production comes only the first year.

Those wishing to secure hybrid seed should order it directly from Experiment Station, College Station, Texas.

RECREATION NEWS

The Recreation Department will entertain with a community party, Friday night, March 14. Contest and ring games will be featured also the Coleman staff will present a marionette show. The activities will begin about 7:30.

The community singing class will be held at the Cumberland Presbyterian Church next Tuesday night, March 18, at 8 o'clock. Quartettes and specials are expected from Cleveland, Concord and Shields. The public is invited to attend and present specials on the program.

Patronize Santa Anna merchants.

Heart o' Texas News Briefs

Rev. R. E. Dunham of Big Spring was elected convention president at the 1941 Baptist District Eight convention held at Colorado City last Wednesday. Dunham succeeds the Rev. Ira Harrison of Snyder.

The Brady Rod and Gun Club will stage its first bait casting tournament Sunday, March 16. The accuracy casting event starts at 2 p. m. on the McCulloch County courthouse square and the distance casting will be run off later at Richards Park.

Specifications of a transmitter site and transmission equipment for Station KBWD, the proposed new day and night Brownwood commercial radio station have been submitted to the Federal Communications Commission for approval. The station will operate on an assigned frequency of 1980 kilocycles.

Richland Springs C. of C. chief aim is a straight-through highway to Brownwood and has asked the Brownwood C. of C. for leadership and added initiative toward completing the proposed road projects.

Flight instruction of Howard Payne college students participating in the Spring CAA student pilot training program is now under way; and all the flying collegians have had at least one flying lesson. Ground school instruction with Edwin Moore in charge, started several days ago. Edwin Shaw is Howard Payne instructor. The Daniel Baker flying program will begin as soon as flight instructor arrives March 13. The DBC ground school, taught by Mendle Holloway, is already under way.

The Brownwood city council took under advisement early in the week a proposal that the city join with the Brown County Water Improvement District No. 1 in its application to the Reconstruction Finance Corporation for a loan of \$135,000 to build a duplicate to the present Round Mountain filtration and water pumping plant for the purpose of providing a much larger water supply for Camp Bowie.

Ground will be broken Wednesday morning at 7:30 o'clock for the Baptist Chapel to be erected on the Indian Creek road adjacent to the 144th Infantry area at Camp Bowie. The chapel will include an auditorium seating 400, pastor's study, showers, janitor's room, a correspondence room and the auditorium when not in use for services will be used by the soldiers for recreation purposes. A separate recreation room will be added later.

Construction work at Camp Bowie, with the exception of roads, the laundry, bakery and refrigeration plant, should be complete within a week, according to latest information.

Sergeant Frank C. Martin Gonzales, member of the Anti-Tank Company of the 141st Infantry Regiment, was killed and two others injured between 2 and 4 o'clock Monday morning in an automobile accident near Lampasas. Martin was a member of a group of soldiers returning to Camp Bowie from a trip to their home at Waelder.

Brownwood's good fire record maximum credit of 25 per cent has been reduced to 20 per cent. Brownwood retained a good fire record last year, but the drastic reduction in premiums caused the Insurance Commission to cut 5 cents off the 25 cents good fire record credit previously given the city.

War Department funds totaling \$18,526.71 in payment of Camp Bowie maneuver and firing range leases for 2 1/2 months, have been received by the city of Brownwood for distribution to 175 separate owners of land comprising the 88,160.03 acre training area south of the Camp Bowie campsite. Most of the owners have been paid for the initial period of the official lease.

The \$18,526.71 represented the lease payment for the period from Oct. 16 to Dec. 31, inclusive.

PTA TUESDAY, MARCH 18

The local P. T. A. will meet in regular session Tuesday, March 18. Mr. Pettit will discuss "Safety".

Miss Cody Wallace and Miss Mary Gladys Pope will have the pupils from their rooms furnish the program.

Read the advertisements.

SO COLEMAN COUNTY NEWS

The farmers of this section are planting corn and preparing ground for other crops to plant later.

Ranch conditions are good, grazing has held up throughout the winter and range stock is in fair condition. It is lambing time for many ranchers, a high percentage of new lambs has been reported, due to the many sets of twins in almost every flock.

The girl's basketball tournament just closed at Burkett, determined the championship of high school girls for the county. Mozelle girls, after fighting their way to an undefeated close, won over the Burkett team by a score of 43-22 last Saturday night in the Burkett gym.

Mozelle holds the championship for the second consecutive year the trophy being a large gold basketball. Thelma Sikes, and Edna Rowe, of Mozelle made the all-tournament team.

The new musical composition

—Stomach Comfort

Why suffer with indigestion, Gas, Gall Bladder Pains or High Blood Pressure? Restore your Potassium balance with Alkalo-sine-A and these troubles will disappear. Sold by The Spencer Pharmacy. 41-13

entitled, "A Disappointed Sweet heart," is scheduled to be sung by the radio team, Bob and Joe Shelton at Mozelle, March 22.

The odds of this new composition were composed by John H. Loyd of Mozelle community and the music by Jack Schatenstein of Rustic Lodge, Sarasota, Fla.

Aubrey Vickers, son of Albert Vickers of Leaday has volunteered for army training. He will leave next Sunday for Fort Sam Houston.

DeWitt Priddy of Voss is now working in the Hardin Community as athletic director.

Cecil Bell of Fisk student of John Tarleton College is training to become an airplane pilot in the program sponsored jointly by the college and the Civil Aeronautics Authority.

Louis Pittard of Camp Bowie, Brownwood, visited his parents, Mr. and Mrs. E. E. Pittard over the weekend.

School News

The program for the Coleman County Interscholastic League at Coleman High School, Friday, March 21, is as follows:

5:01—Debate, W. R. Chambers, director; girls and boys, West Ward.

Finals in High School Auditorium.

DR. O. J. CURRY NAMED AS ACTING DEAN OF COMMERCE SCHOOL

The Little Rock, Arkansas paper recently carried the following story concerning Dr. O. J.

Curry. Dr. Curry was born at Buffalo, graduated from Buffalo grade school and the Santa Anna High School. He is the son of Mrs. C. L. Curry, who recently lived in Santa Anna.

"Dr. Othel Jackson Curry, assistant professor of accounting and finance since coming to the University of Arkansas in Sept. 1933, becomes Acting Dean of the College of Business Administration, Monday, February 17.

A hard worker and thorough instructor, Dr. Curry is qualified in both education and in practical experience to perform the duties of dean in the absence of Dr. C. C. Fichtner.

Dr. Curry received his B. A. in 1930 and his M. A. in 1932, both from the University of Texas, and his Ph. D. in 1933 from the University of Michigan.

Dr. Curry began his teaching career at the age of 20 at Melvin, Texas, where he was high school athletic coach and grammar school instructor. From 1930 to 1935 he taught commercial subjects in an Austin high school, leaving there to become research assistant in the Bureau of Economic Research at the University of Michigan.

From 1936 to 1938, while working on his Ph. D., Dr. Curry taught accounting at Michigan. In 1938 he became financial consultant for a Toledo, Ohio, law firm.

With an accent that could easily have come from the British Isles instead of the states of Texas, Dr. Curry is liked and respected by the students of the College of Business Administration, and is assured of their cooperation with him in his new position."

FIFTY YEARS OF LOCOMOTIVE DEVELOPMENT

(Above)—Santa Fe Railway's new 5001-class of freight locomotives is illustrated here in contrast to the modern automobile which appears small enough to fit easily into the engine's firebox. Ten of these mammoth power units capable of 70-mile-per-hour speeds are being placed in service. Their tenders carry 20,000 gallons of water and 23 tons of coal or 7,000 gallons of fuel oil. Nickerled steel boilers enable these locomotives to carry a steam pressure of 310 pounds. The engine weighs 440 tons.

Fifty years ago, No. 694 was the latest thing in Santa Fe freight power. She served her heyday when freight train speeds averaged 10 miles per hour and 30 cars made a big train. Today, she is the last survivor of her class. At the Topoka shops she puffs mightily as she shoves her modern sisters, as shown above, around the locomotive shop yards. She came from the Baldwin locomotive works in 1888 just 50 years ahead of No. 5004, which represents the latest engineering developments in steam freight engines.

Santa Fe Reached Here 50 Years Ago

(Continued from Last Week) Records show that the railroad might never have been built but for a row between Houston and Galveston which began in the late 60s when there was but one railroad between the two cities. At that time mild fever epidemics occurred each year on the Gulf Coast. Whenever it was rumored that the fever had re-

appeared, Houston merchants would promptly have a quarantine declared on all passenger and freight traffic coming from Galveston. This forced the city into a state of virtual isolation and prevented local merchants from selling their goods upstate, leaving practically all of East Texas and the interior for the Houston wholesalers.

Considerable resentment was aroused as a result, particularly during the cotton season. On various occasions there was agitation in favor of going to the county line with shotguns and reopening the way for the port's commerce. But instead of loading their guns, the more level-headed businessmen decided it would be better to build their own railroad and reach the interior of the state by running around Houston and thus the railroad was born.

The road was chartered in May, 1873 but progress was slow due to the many financial difficulties encountered by the Galveston businessmen. For this reason it was not until 13 years later that the little railroad, which started over a row reached Santa Anna.

Back in 1886 when the Santa Fe first reached this city, locomotives weighed from 35 to 40 tons. They could hardly travel faster than 40 miles an hour. Most of them were wood burners and it was usually necessary to stop every twenty miles for fuel. Whenever the wood was green, engine crews found it almost impossible to get up steam enough to even move at all.

The old platform coaches permitted wind, dust and rain to enter at will and a journey of any great length was considered a difficult adventure. No pullman or dining service was as yet available and stops had to be made during the day for meals and at night for lodging. Air-conditioning was unheard of and during the summer, cars were veritable furnaces while in winter those passengers not fortunate enough to have secured seats near the stove were forced to shiver in the cold. Freight trains rumbled along

at a snail's pace. Air-brakes had not been invented and couplings between cars often broke permitting part of the train to start going the other way. It was not unusual for an engineer to back up his train as much as 15 or 20 miles to pick up the run away cars.

Rail progress since 1886 has been amazing. Passenger locomotives of today are capable of traveling more than 100 miles per hour. Their tenders carry as much as 20,000 gallons of water and 7,000 gallons of oil making it possible to go several hundred miles without stopping other than to take on or leave off passengers and change the crews. Many of the modern engines weigh over 300 tons and are twice as long as their predecessors of 55 years ago.

In those days the railroad's chief concern was to provide a more rapid means of travel than the overland stages and the covered wagon. Today, this objective has been met and now rail officials are interested in giving passengers the greatest amount of ease and comfort while traveling.

Even travel comfort has passed the pioneering stage. Modern chair cars and pullmans now have deep seated chairs and ride so smoothly that passengers are as comfortable as they would be in their own home. Air conditioning has solved the weather problem and there is no greater pleasure than to step from a station platform where the heat is 100 degrees in the shade into a cool, comfortable air-conditioned chair car or pullman.

Great strides have also been made in freight service. Any of the Santa Fe's freight locomotives are capable of 70-mile-per-hour speeds. Behind these steam iron demons are handled as many as 100 cars of freight in contrast to the "big" trains of 30 and 40 cars which first jogged through Santa Anna at 20 miles per hour. One of the railroad's latest accomplishments along this line was the inauguration last month of streamlined diesel-electric locomotives for freight service.

1941 CROP AND FEED LOANS NOW AVAILABLE

Emergency crop and feed loans for 1941 are now available to farmers in Coleman County, and applications for these loans are now being received at County Agent's Office, Coleman by D. H. Harrison, Field Supervisor of the Emergency Crop and Feed Loan section of the Farm Credit Administration. These loans will be made, as in the past, only to farmer whose

ash requirements are small and who cannot obtain a loan from any other source, including production credit associations, banks, or other private concerns or individuals.

As in former years, the money loaned will be limited to the applicant's necessary cash needs in preparing and cultivating his 1941 crops or in purchasing or producing feed for his livestock.

Borrowers who obtain loans for the production of cash crops are required to give as security a first lien on the crop financed or, in the case of loans for the purchase of production of feed for livestock, a first lien on the livestock to be fed.

Mr. Harrison announces that Miss Ida Mae Hudson will assist the farmers of Coleman County in the preparation of their applications for Emergency Crop and Feed loans on Monday, Friday and Saturday of each week from 8 o'clock A. M. to 5 o'clock P. M. No charge whatsoever is made for this service. Miss Hudson is located in the County Agent's Office.

Mr. Harrison will be in the County Agent's office on Monday and Friday afternoons of each week for the purpose of rendering any assistance possible to the farmers of this County.

Buffalo News

The National Defense Training Program sponsored by the Buffalo School is very popular with that community. They now have a completely equipped shop for training in auto mechanics and sheet metal work. The school has secured a total of approximately \$600.00 worth of tools from the federal government. Over 20 boys have completed one unit of work.

The school is sponsoring its annual play day on April 1. There will be a school fair and program during the morning. Dinner on the grounds, and all kinds of games will be had during the afternoon. Everyone is invited to come and spend the day.

The skating program is starting again and will continue throughout the spring and summer.

Mr. Graves and Mr. Claude B. Mullins, deputy state superintendent, visited the Buffalo school recently and were highly pleased with the work being carried out. Mr. Graves stated that a great improvement in the system had been made during the term.

Mr. George, Mrs. Harding and Mrs. Michaels have been doing graduate work with Hardin-Simmons University for the past two years and will all probably have their masters degree soon. Mr. George has recently been re-elected as superintendent.

MORE MATTRESSES

Rural low-income families in Texas had made 205,138 cotton mattresses under the cooperative demonstration program late in February. Of this number 32,436 were made in January, according to Mildred Horton, vice director of the A. and M. College Extension Service.

Workers of the three cooperating groups, the Triple-A, Surplus Marketing Administration, and Extension Service, estimate that nearly half a million new

mattresses will be in us in Texas by the end of 1941. Previously estimates had been somewhat lower but a new regulation announced early this month by the Agricultural Adjustment Administration will increase the figures.

The new regulation provides that a certified family of three persons will be eligible to receive two mattresses and a certified family of five persons will be eligible to receive three mattresses.

Every family receiving one or more mattresses under the 1940 and 1941 programs will be entitled to receive materials for making the same number of cotton comforts under a supplemental provision. Making of the comforts in community centers likely will not begin until late in March, Miss Horton says.

Editorial

REPORTS FROM THE HIGHEST SOURCES say that Mussolini is virtually Hitler's prisoner. The Gestapo is in Italy. German officials are in key positions in all departments of the Italian government, including the War Office. No matter how the war ends, Mussolini must lose. He must take Hitler's orders if Germany wins—he will have to accept very harsh British peace terms if Churchill's legions win. And, in the meantime, reporters who have left Italy say that anti-Fascist sentiment among the people grows by leaps and bounds.

WE AMERICANS are prone to superpatriotism and lack of necessary degrees of Americanism. It is not impossible to hold the two extremes. In business affairs we see these extremes represented in the divergent ideals of business probity and double-crossing, chiseling and throat-cutting. Not a business man who wants to see his fellow business men questioning the character of either his merchandise or his treatment of customers. Business men are too prone to gauge all other business men by the treatment of some deluded individual, and as a result becomes soured on the entire business world he knows and he ceases cooperating. This leads to carelessness on his part, inevitably injuring his own business. Established business must, for its own protection and progress, be its brothers' keeper as well. Those communities wherein all business firms refuse to co-operate for the welfare of the whole soon find themselves at loggerheads with the world, a decadent community aggravated by petty jealousy. The aggressive, prosperous community is one wherein each business man is interested in the success of all the other business men of the town, knowing that the greater the number of prosperous establishments in his town, the surer he himself will prosper.

SANTA ANNA'S IN A PREDICAMENT, maybe. Municipal elections coming apace and no candidates falling over each other seeking the jobs. Mayor and commissioners are still in office; no matter how bad they want to get out of their jobs, they are incumbents until their successors are elected and qualified, if it be ten years hence. They can resign after a candidateless election date. The mayor's office, especially, requires a man of ability who has the time to give to the job—something few men can spare. Johnson is one of the few, and if he can stand the strain, not many citizens will worry about the lack of candidates. It is a thankless job for the mayor and his official family because the public realizes so little of the worry and responsibility and too many are inclined to criticize and hawl them out without just reason if not for no cause. Usually the loudest to argue are those who do less and demand most from the city. The present administration has done a good job in the face of great difficulties. You, for instance, may not always have agreed with them, but let's grant them sincerity of purpose and an effort to do what should be done each time. No more could be asked by a fair-minded person or demanded by the hypercritical.

Even when Texas was part of the Mexican state of Coahuila, English was the language spoken in the early colonies instead of Spanish as is often believed. It was almost as great an accomplishment to speak Spanish as to speak French, University of Texas records show.

The University of Texas is currently sponsoring a conference on "Education of Youth for American Citizenship."

Bowen, president of Bowen Motor Coaches, announces additional bus service on the Fort Worth-Brownwood (Camp Bowie) San Angelo Division, and the purchase of another new fleet of "Mainliners." Twelve of these new coaches, costing approximately \$216,000.00 are being delivered this week, and will be placed in service immediately.

NO. 236—IN EQUITY (Wilson)
IN THE UNITED STATES DISTRICT COURT IN AND FOR THE WESTERN DISTRICT OF TEXAS, WACO DIVISION

J. M. HUBBERT vs. TEMPLE TRUST COMPANY

NOTICE IS HEREBY GIVEN that the undersigned has filed his application with the Clerk of the United States District Court in and for the Western District of Texas, Waco Division, for an order authorizing him to sell and convey to H. E. Wilson and wife, Elsie Wilson all of the East one-half (E 1/2) of Lot Two (2) in Block Thirty-one (31), of Stobaugh's Subdivision of Blocks 5 and 6 of Clow's Second Addition (Farm) to the Town of Coleman, Coleman County, Texas, together with all improvements thereon situated, and for a consideration of \$850.00, and of which amount, the sum of \$88.00 has been paid in cash, and the balance, \$762.00, to be evidenced by one note in said sum, to be executed by said purchaser, payable to the order of the undersigned, at his office in the City of Temple, Bell County, Texas, and the principal and interest to accrue on said note to be become due and payable in 100 monthly instalments of \$10.08 each, the first instalment to become due and payable on or before April 1, 1941, and a similar instalment on or before the first day of each succeeding 99 months, to bear interest from March 1, 1941, at the rate of seven per cent per annum, the interest to become due and payable monthly, and each payment, when made, to be applied first to the accrued interest on said note, and the balance to the principal, and all past due principal and interest to bear interest from maturity at the rate of ten per cent per

annum and to provide that failure to pay any monthly instalment of principal or interest on said note, when due, shall, at the option of the holder, mature said note, to stipulate for ten per cent additional as attorney's fees, and said note to be secured by a vendor's lien and deed of trust lien on the property and premises, above described.

Said application will be heard by the Honorable Charles A. Boynton, Judge of said Court, after this notice shall have been published for a period of ten days, and any person interested in said Receivership Estate may contest this application.

WITNESS my hand at Temple, Texas, this 12 day of March A. D., 1941.

LAST YEAR AT THIS TIME WE SUGGESTED THAT PROSPEROUS YEARS FOR BUSINESS WERE AHEAD. THEY ARE HERE. ALL OF OUR GRADUATES ARE EMPLOYED.

THERE WILL BE A BUSINESS POSITION FOR YOU IF YOU ENROLL NOW

MODERN Brownwood College of Business

100 1/2 Center Avenue Brownwood, Texas

TWO NEW SCHOOLS

The University of Texas is seeking establishment of two new schools, both at the graduate level, one in public service and one in library science.

Instruction in public service President Homer P. Rainey points out, should be offered young Texans to train them for the increasing number of posts opening in social and civic work throughout the State.

Similarly a school of library science is needed to train Texans for library work. No Texas school offers graduate training in either of the fields, he told the legislature recently.

Dr. Rainey said that absence of such training is forcing numbers of Texans to go to the North and East, where they remain for employment, forcing Texas often to "import" trained personnel in these fields.

More than 10,000 University of Texas men, allowing for duplication in more than one event, take part each year in the State School's program of intramural sports for "average athletes."

The largest wolf skull ever found, measuring 13 inches in length and belonging to a prehistoric killer that preyed on elephants, is the property of Texas Memorial Museum at the University of Texas.

KIDNEY STAGNATION IS WORSE THAN CONSTIPATION!

Because We Treat Constipation at The Cause, While We Neglect Our Kidneys Indefinitely

No other organ in your body is of more importance than your kidneys. For in your kidneys there are nine million tubes which must work day and night to filter the fluids and keep the system free from wastes, acids, poisons which, if permitted to remain, may cause serious kidney and bladder troubles.

It is no wonder then that Nature often calls for help to clean out the kidneys. So if you are troubled with Getting-Up-Nights, Leg Pains, Backache, Nervous Headache, Dizziness or Loss of Energy, due to functional kidney disorders, try KIDANS, the famous kidney remedy, which aids Nature to flush out the kidneys, to filter all wastes, to prevent kidney stagnation.

KIDANS is Safe and Reliable. Thousands report entire satisfaction. Taken according to directions, KIDANS will give you relief. Try KIDANS. Buy it at our Special Price Offer on two boxes. Use one box. If not satisfied, return unopened box and GET YOUR MONEY BACK.

If your local druggist cannot supply you, send \$1.00 to The Kiddans Company, Atlanta, Ga., for two full size boxes on a money back guarantee.

BIGGEST TURTLE ON DISPLAY AT U. OF TEXAS

The University of Texas has on display in its Texas Memorial Museum the biggest turtle ever found in Texas.

Thick-shelled and measuring three by four feet, the 25,000-year old monster was recovered from a San Patricio County sand pit which has also yielded the fossils of buffalo, camels, and huge, slow-moving animals called sloths. The turtle weighs several hundred pounds, according to Dr. E. H. Sellards, museum director.

INDIGESTION

may affect the Heart
Gas trapped in the stomach or piles may affect the heart. At the first signs of indigestion, heart trouble, or piles, get out your bottle of Dr. D. D. Prescription. It's the only medicine known for both indigestion and piles. Dr. D. D. Prescription doesn't give you heart trouble, piles, or gas. It's the only medicine known for both indigestion and piles. Dr. D. D. Prescription doesn't give you heart trouble, piles, or gas. It's the only medicine known for both indigestion and piles.

Scratching
For quick relief from itching of eczema, pimples, athlete's foot, scabies, rashes and other skin troubles, use Dr. D. D. Prescription. It's the only medicine known for both indigestion and piles. Dr. D. D. Prescription doesn't give you heart trouble, piles, or gas. It's the only medicine known for both indigestion and piles.

DO YOU WANT THIS?

We give you thorough training quickly. We give you placement service. We train you to hold a good position as an accountant or secretary, either with the government or private business. The demand created by the Defense Program assures prompt employment. Write a post card for descriptive literature of course and cost—pay part down and balance out of salary. Byrne College and School of Commerce, Dallas, Texas.

A Thriving Business Works the Bank

WE ARE YOUR Neighbors

We are the Texas petroleum industry. There are nearly 225,000 of us, living in every section of the State.

With our families, we make up one million Texans, nearly one-sixth of the State's population.

Each of us has his job. Together we represent almost every type of worker.

Some of us live and work in your community. Our children go to school with your children. We trade in your stores, attend your church, pay taxes and vote—as you do—for the betterment of our community and State. We operate an industry which pays 75 million dollars a year in taxes to our State and local governments and our schools.

We are your neighbors.

When you think of the Texas petroleum industry, remember it is made up of people like you and me.

Optometrist 309-10-11 Citizens Nat'l Bank Building Brownwood Texas

Wilburn Box, who came to Santa Anna from Leedy, is an outstanding athlete. He has lettered two years in football, once at end, and once as a back. He also won second in low hurdles at County Meet. Wilburn served as duke of the Football Club for the Hallowe'en Carnival. He was also in the F. F. A. play which won at Abilene. He plans to attend Douglas Aircraft School in California. He will be 19 when he graduates.

Mary Burney plans to be an English teacher. She has served as reporter of the Homemaking Club. She attended Mukewater school before coming to Santa Anna. She plans to attend Texas Tech. Mary's hobbies are reading, skating and horseback riding. She has represented S. A. H. S. in spelling and playground ball at County Meet. She will graduate at the age of 17.

Darrel Cupps will be 17 when he graduates. He attended school at Cleveland before coming to Santa Anna. Darrel has lettered two years in football at tackle. His favorite sport is hunting. He plans to be a farmer.

JUNIOR PLAY IS CAST

The annual Junior play has been selected and cast. The title is, "Leading the Life of Riley," which is Harvey Mason's latest and brightest farce. It will be presented sometime in the near future. The cast is as follows: Gloria Hensley, who will play the part of Lovey Riley, a baby-talk bride; Jeanne Marie Hefner acting the part of Celia Masters, Lovey's pretty and charming sister; Marie Newman, portraying the role of Mrs. Beulah Masters, domineering mother of Celia and Lovey; Bobby Joe Cheaney, as Terry Riley, Lovey's admiring husband; Anna Mae Petty, acting as Mrs. Ted Riley, Terry's sister-in-law; Doris Belle Turner, who is Sadie Cohen, the Rileys newly engaged maid; Alice Louise Hayes, as Mrs. Michael Casey, the Riley's neighbor; Mae Norris, as Tim Sweeney, a G-man; Arnold Williams, as Warner C. Steele, Terry's friend; Divie Mae West as Nona Morris, a swimming champion and Rex Turney as Two-Time Riley, desperate character.

HONOR ROLL

FRESHMEN—Elvis Ray Cozart, James Eubank, June Newman, Mary Jane Gipson, Billy Ross. SOPHOMORES—Mary Mills, Ruth Morris, J. P. Richardson, Edwina Schrader, Arvella Shamblin, Christine Douglas, Freda Heallen.

JUNIORS—Lorraine Pritchard, Bobbie Cheaney, Lorene Featherston, Kathryn Gipson, LaVerne Martin, Marie Newman.

SENIORS—Ruth Lovelady, Carolyn Kingsbery, Thomas M. Hays, G. T. England, Mary Burney, Floyd Shelton, Mary John Wade, Cecile Thomas, Mary F. Mathews, Lilly Pearl Mathews, Kathryn Williamson.

BAND CLINIC TODAY

A Band Clinic is being held today in Brownwood in connection with the State Teacher's Association which is meeting there. Twenty one bands have been invited to send three members each to play in the Clinic Band. Those representing the Santa Anna Band are Arnold Williams, Carrol Holt and Alice Louise Hays.

Declaimers Are Selected

On March 12 in the high school declamation elimination,

Ruth Lovelady was selected as senior girl declaimer; Bobby Joe Cheaney, as senior boy; Maxine Williams, as junior girl and Billy Ross as junior boy.

DID YOU KNOW?

That the Senior Play is to be presented Friday, March 7?

That Mary Field Mathews is a negro girl in the play?

That Ruth Lovelady always plays the tease in any play?

That Wilburn Box is the sound effect man for the seniors?

That John Sidney West is the hero?

That Thomas M. Hays is the electrician for the play?

That Lilly Pearl Nell is an old aunt of twenty-three?

That Blanche Smith is super-stitious?

That Carolyn Kingsbery worries about her beautiful clothes?

That Marie Harris is sensitive to umbrellas?

That G. T. England, Tom Robin and Cecil Thomas are "Spooks"?

That Tom Bill Guthrie is an old lady?

That Kathryn Williamson can swing out on a "kazoo"?

That Miss Merritt is directing the play?

That the proceeds of the play go to the "Stolen Ring Fund"?

FRESHMAN FACTS

Did you know that the freshmen girls are lonesome since John Adair moved?

Did you know that Marjorie Jean is an "A" student in General Science?

Did you know that several freshmen girls have made Senior boys hearts ship a beat?

Did you know that Billy Ross' big brown eyes seem to have a queer effect on Wendolyn Campbell?

Did you know that Marjorie Nickens is forever writing letters in general science. To whom could they be?

Did you know that Nell Jones likes to go to Brownwood? Could it be Billy Erick?

Did you know that June Newman as fun in General Science?

Did you know that Mr. Hunter told his General Science class that the sun sets in the south?

Deaths

ENOCH S. FIVEASH

Enoch Stephenson Fiveash, son of Mr. and Mrs. John Fiveash was born December 10, 1876, at Trickham, which was his home until he passed away, March 10, 1941.

In the year 1897 he was married to Lula Burgamy. To this union were born nine children.

He was baptised into the Nazarene Church 30 years ago and was a willing and faithful worker for the Lord.

Those left to mourn his loss are his widow and the following six children, Mrs. Mamie Grey, Oklahoma City, Okla.; Edward, of Blanket, Texas; Mrs. Leta

Asthma Mucus Coughing, Gasping

Thanks to a doctor's prescription called Mentho-Mulsion, thousands now palliate terrible recurring attacks of chronic, gasping, coughing, wheezing bronchial asthma by helping nature remove thick excess mucus. No doses, no smokes, no injections, just tasteful, pleasant tablets. The rapid, delightful palliative action commonly helps nature bring welcome sleep—a "God-send." A printed guarantee wrapped around each package of Mentho-Mulsion assures an immediate refund of the full cost unless you are completely satisfied. You have everything to gain and nothing to lose under this positive money-back guarantee so get Mentho-Mulsion today for only 5c.

Price, Trickham; Mrs. Bessie Downs, Trickham; Gus of Fairfield, Ill.; Jessie Fiveash, Santa Anna, three brothers and one sister and twelve grandchildren.

H. D. C. News

Roll call was answered by telling "What is Attractive in my Back Yard," when the Santa Anna Home Demonstration Club met at the home of Mrs. John Lowe, Friday, March 7.

"In screen planting for your back yard always have running plants or leafy shrubs to cut out unsightly views," stated Mrs. John Lowe.

Mrs. Jesse Moore stated when addressing the group, "View your back yard as though you were a stranger and put everything in the yard in its proper place. Always keep your working equipment out of sight when not using them."

Mrs. S. K. Lad said in growing roses the three most important things to consider were, location preparation of soil and selection of plants.

The club voted to have a benefit 42 tournament at Ranger Park. Date to be set later.

There were twelve club members present and the following visitors: Mmes. J. W. Burgett, C. E. Brinson, Bill Lowry, B. A. McSwain.

Each member will have a cook apron they have made to be judged at the next meeting at the home of Mrs. J. K. Harrison on March 21.

The meeting adjourned to meet with with Mrs. J. C. Morris April 4th.

Mrs. Williams of Leedy Visits In New Mexico

Mrs. D. H. Williams, teacher in the Leedy school left Wednesday for Rodeo, New Mexico, to visit Mr. Williams, who is Educational Advisor in a CCC Camp there. She was accompanied by her small son and Mr. Williams' mother, Mrs. J. O. Williams of Coleman and plans to return Sunday. Mr. Williams has just completed a course in Las Cruces and successfully passed his examinations before receiving his appointment at Rodeo. Miss Edith Richardson of Rockwood is teaching in Mr. Williams place since he left about Feb. 1.

Junior Self Culture Club

The Junior Self Culture met Tuesday evening, March 11 with Miss Mattie Ella McCreary.

Mrs. Jeanette Hensley discussed, "Texas Ranches and Ranch men."

The refreshment plate featured the St. Patrick motif. Green congealed salad, dainty cakes with green icing and coffee was served to Misses Francine Merritt, Agnes Hays, Eunice Wheeler, Elsie Lee Harper, Cody Wallace, Florence Niell, Louise Purdy, Margaret Schultz, Rubye Harper, Marie Elzett, Mmes. Jeanette Hensley, Ruth Orrick, T. M. McDonald and the hostess.

O. J. Walker of Shamrock, visited Mrs. G. F. Barlett over the weekend. Mrs. Walker and sons, who had been here for some time returned home with him.

Mrs. J. Garrett of Winnsboro Texas has been visiting her son Dr. L. O. Garrett and family here. Dr. and Mrs. Garrett took her home Wednesday and spent several days there.
