

UN Official's Actions Bring Jewish Protest

Immigration Note Circulated By Trygve Lie

LAKE SUCCESS, June 9. (AP) — The Jewish agency for Palestine charged today that Trygve Lie, secretary-general of the United Nations, had "gone outside and beyond the scope of his functions" in circulating a British note on immigration into the Holy Land.

The agency submitted a three-page protest to Lie's office here and to the UN. Palestine inquiry commission meeting in a New York office.

The agency asked that Lie circulate his protest to the 55 member nations just as he did with the British note.

On May 29, Lie transmitted to all UN members the British note asking them to discourage "any illegal activity which is likely to increase the difficulty of finding a solution of the Palestine problem." The note also asked the nations to take precautions against "illegal" immigration.

The commission was making last-minute preparations for this departure for Jerusalem. Lie had asked that the UN countries inform him of any action their governments might take on the British request.

"This request of the British government and the ensuing action of the secretary-general would appear to be altogether out of order," the agency's protest said.

The agency said there was nothing in the resolution of the special general assembly which established the Palestine inquiry commission nor in a resolution calling on all parties to maintain peace during the investigation that would call for such action by Lie.

"It is with deep regret that we find ourselves constrained to protest the action of the secretary-general," the agency said.

Two men, one with a scalp wound, were being sought in West Texas today after they had attempted a hijacking on US 97 Saturday night between Lamesa and O'Donnell.

Police radio reports said that the two had hailed an unidentified motorist in guise of needing a jack to change a tire. As he lifted the lid to his tool compartment in the trunk of his car, one of the men stuck a pistol in his back.

The motorist whirled, peeled one of his assailants over the head with a metal jack handle and they fled. The "tire trouble" apparently was a phony, for reports indicated the two sped through Lamesa and turned west.

Both were about five feet eight inches tall, one was around 25 years of age, weighed about 150 pounds, wore dress trousers and a small hat; the other was around 30 years of age, weighed about 170 and had dress trousers and dress shirt and small hat.

TRUMAN WALKS WITH BUDDIES—After riding through the downtown section of Kansas City in a big open-topped limousine, President Truman got out in the hot sun to walk two miles with his old buddies of Battery D, the 129th Field Artillery, of World War I. Here the chief executive waves to cheering spectators at the head of the long procession of 35th Division veterans. (AP Wirephoto).

Communists After US Oil Company

BUDAPEST, June 9. (AP)—The communists have offered to buy out the Hungarian-American oil company Maort, an American informant said today, and have threatened to banish from Hungary the concern's American executives.

The informant said the communists were considering nationalization of the country's oil fields—as they contemplate nationalization of banks and industry—but were faced with the fact that Russia gets half the Hungarian royalties of Maort.

Russia obtained half the Hungarian royalties last year in negotiations which set up a Russian-Hungarian oil company called Maszov.

The informant and leading Hungarian political observers, advised of developments, agreed it would be only a matter of time before the new Communist-dominated Hungarian regime—rushed into office with the resignation of Prime Minister Ferenc Nagy—would take some action on Maort.

The offer was roughly \$5,000,000 and was refused and Rakosi was informed that a German offer of \$25,000,000 for the same properties had been turned down at the beginning of the war.

GIRLS IN CUSTODY Two Stephenville, Texas, girls, who said they had run away from home, surrendered themselves to police Saturday evening. They were held here pending arrival of relatives from Stephenville.

Committee Asks Liquidation Of Housing Agency

Expediting Plan Found To Be Unsuccessful

WASHINGTON, June 9. (AP) — A recommendation that the office of Federal Housing Expediter be abolished came today from the House Appropriations Committee.

Sending to the House a bill to appropriate \$36,007,580 for government corporations — a cut of \$14,039,920, or 28 per cent below budget estimates — the committee also recommended that the Tennessee Valley Authority be required to repay the federal treasury over the next 40 years \$348,239,240 spent on its power-generating facilities.

The housing agency was set up in 1945 with powers to control use of building materials and to make government payments to producers who would increase their output of such things as brick, tile, lumber and other building materials. The idea was to see that more materials were produced and that they were used to best relieve the housing shortage.

The appropriations committee said the program "has not been successful." Moreover, it said the prospect now is for plenty of building materials in the near future. It proposed the agency begin winding up its affairs at the end of this month.

On TVA, the background is this: This great project, involving a series of dams in the Tennessee river valley, combines flood control, water transportation and power generation. The committee's attitude was that the agency, which sells power, should pay back the government the money spent on that phase of its development.

If Congress accepts the committee's view, future users of TVA power may have to pay more for it than they would otherwise.

In the House itself and in the Senate, some of the lesser issues of the session had immediate attention while these matters were before other committees.

Housing — The US Chamber of Commerce and the National Association of real estate boards filed statements with the House expenditures committee opposing President Truman's plan to consolidate all federal housing and home financing activities in one agency.

Asking that Congress "veto" the plan, the chamber called it another in a series of attempts by the federal government "to extend its control into the business of housing the American people."

The president last month proposed the plan under a law letting it go into effect unless Congress passes a resolution within 60 days "vetoing" it.

Utility Workers In France Strike PARIS, June 9. (AP)—Plagued by a nationwide railroad strike, France was threatened today by another serious labor situation as public utility workers walked off the job in several plants near the capital.

Gas and electricity plant workers struck at St. Etienne and Montlucon, and some of the Paris suburbs were expected to be without gas this afternoon. The workers acted several hours before the government was to inform their union of what concessions it was willing to grant.

Briggs Slated For Uruguayan Post WASHINGTON, June 9. (AP)—Ellis O. Briggs, a State Department officer, is slated to be the new ambassador to Uruguay, government officials told reporters today.

Briggs, now director of the department's office of American Republic Affairs, previously had served as ambassador to the Dominican Republic.

RADIO APPLICATION WASHINGTON, June 9. (AP) — The Williamson County Broadcasting Company of Taylor, Texas, applied to the Federal Communications Commission today for authority to build and operate a standard broadcast station. Operation would be on 1260 kilocycles, 1,000 watts power, daytime only.

12,000 Homeless In Flood Areas

Foes Chased With Tear Gas

Amid Rioting, Moslems Vote Independent Nation

NEW DELHI, June 9. (AP) — The Moslem League voted tonight to make Moslem India a new nation during a tumultuous session in which police turned tear gas on opponents of the League who broke into the meeting.

The league council voted almost unanimously to accept the independence plan under which Moslem areas will be permitted to establish an independent state of Pakistan after a preliminary period as a British dominion.

Minutes later, after police broke up the melee, a wounded man was hauled screaming from the assembly hall. Several League guardsmen who acted as traffic patrolmen were cut and wounded. One said he was stabbed in the face by a Khaksar, one of a group who had noisily demonstrated in front of the hotel during the meeting in opposition to acceptance of Pakistan.

Guardsmen surrounded Jinnah and said the knife-wielding Khaksars had not harmed him. More than 300 members of the council were in the room when the assailants burst in, pursued by a dozen policemen firing tear gas.

Truman Puts Aside Tax, Labor Bills

WASHINGTON, June 9. (AP)—President Truman will withhold action on the income tax reduction and labor bills until he returns next Friday from Canada.

Telling reporters this today, Presidential Secretary Charles G. Ross said "thousands of letters" have flooded into the White House on both measures.

"Most of the mail is concerning the labor bill, and most of it urges a veto," he said. "The mail comes from both individual and organizations."

The president will leave Washington tonight at 7 p. m. and will address the Canadian Parliament on Wednesday. He is to arrive back in Washington Friday night.

He has until Monday to act on the tax bill which reduces income taxes by 10.5 to 30 per cent. Unless he signs or vetoes it by Monday midnight, it will become law without his signature.

He must act within 10 days (excluding Sundays) after a measure reaches him. The labor bill has not yet reached the White House, but probably will arrive late today. Congressional action was completed last week.

On the tax measure, Ross said: "He will act on the bill after he gets back—just when he is not known."

The president flew back to the capital from Kansas City yesterday. (See TRUMAN, Page 5, Column 4)

Property Loss Running Into The Millions

Storms During Weekend Account For 23 Deaths

The American Red Cross estimated more than 12,000 persons in a four state area were driven from their homes by floods on the Mississippi and its tributaries today as the death toll from the week-end floods and tornadoes reached at least 23.

The agencies' midwestern area office in St. Louis reported that an estimated 2,962 families were homeless in Iowa, Missouri, Illinois and Nebraska as damage to crops and city property was estimated in the millions of dollars.

Ottumwa, hardest hit by floods, had seven of Iowa's 11 deaths and the Red Cross said 1,545 families were affected as the Des Moines river slowly receded from about one third of the homes in the City of 32,000 population. Hershel Loveless, director of rescue operations, said that he expected to find other bodies downstream but added that he had "no idea" how many.

The Red Cross said a medical director and 13,000 units of typhoid antitoxin have been sent to the Iowa health department for immunization in Ottumwa. At Hannibal, Mo., the Red Cross said 400 families were affected and 350 families were still homeless in six Illinois counties in the Quincy area.

The Mississippi, swollen by high water from the Des Moines, rolled on over thousands of acres of Illinois and Missouri farm lands after breaking six levees and flooding the village of Alexandria, Mo., and forcing more than 1,000 families to evacuate their lowland farm homes between Warsaw, Ill., and Hannibal, Mo., yesterday.

Mayor Merl Hamill of Alexandria said the stream appeared to have crested there with six inches of water in the main street. About 600 families were driven from their homes.

The river reached a record stage of 23.6 feet at Quincy, Ill., but that city, situated on a bluff, escaped damage. Across the river, the lower part of the downtown section of Hannibal, Mo., was flooded.

A canyon flash flood drowned one person at the Dalles, Ore., and left more than 100 families homeless. Red Cross workers said at least 50 persons saved themselves from drowning by clinging to floating debris as the flood, following a hail and rain storm, caused damage to orchards estimated at more than \$1,000,000.

A 15-block area of Sharon, Pa., was leveled and six persons were killed by a tornado which ripped into western Pennsylvania late Saturday from Ohio. Red Cross officials estimated the storm damage in Sharon at \$95,000. The same twister hit Warren, Ravenna, DeForest, Youngstown (See HOMELESS, Page 5, Column 4)

THEY'LL LEARN ABOUT PUBLIC AFFAIRS

Local Boys Join 'State Government'

Six youths from Big Spring and Howard county are in Austin today for a one-week demonstration in government, sponsored by the state department of the American Legion.

They are Max Roman, Knott; Bobby Baker, Forsan; Charles D. Hays, Coahoma; B. B. Lees, Gordon (Moe) Madison and Delma Turner, Big Spring.

Howard county has six of the 15 delegates permitted from the 19th congressional district. Under the state department's plan, young men from all over the state will participate in an intensive school of government during this week, learning the highlights of the mechanics of state, county and local government.

During the week they are to organize a house of representatives, a senate and will elect a speaker of the house, etc. from the membership. On one day, the student legislature will have the counsel of regular state officials.

They also will visit in the various state offices, learning first hand how various departments function. Also, they will learn about functioning of county government and about municipal operations. Although major emphasis is placed on the government's study, the young men will participate in a daily program of physical education and sports. The school continues through the week and ends formally on June 15. Candidates for the places were chosen on the basis of all-around activities. All from here, except Bobby Baker, will return for one or more years of school in their respective communities.

Briggs Slated For Uruguayan Post

WASHINGTON, June 9. (AP)—Ellis O. Briggs, a State Department officer, is slated to be the new ambassador to Uruguay, government officials told reporters today.

Steers Bring New Record Of \$22.50

SAN ANTONIO, June 9. (AP) — Six carloads of grass fat steers established an all time high for their classification today on the San Antonio livestock market when they sold for \$22.50 a hundred pounds. Previous record, established last week, was \$22.00.

The steers averaged 1150 pounds each.

TWO MAJOR BATTLES AHEAD

Telephone Workers In New Union

MIAMI BEACH, Fla., June 9. (AP)—A new labor union, the Communications Workers of America, was born today with the opening of its first convention—and stepped at once into a world of battles.

The CWA, led by 35-year-old Joseph A. Beirne, faced these two major fights: 1. Trying to enlist the nation's 570,000 rank and file telephone workers—it already claims to have 212,000—and then to lure telegraph workers and radio technicians away from the AFL and CIO unions to which they now belong.

2. Trying to decide whether to affiliate with the CIO or AFL or to stay independent of both. As the convention opened, the last alternative appeared to have the best chance, partly because many CWA delegates are sore at the CIO for setting up the TWOC—Telephone Workers Organization Committee—ten days ago in opposition to the CWA.

The CWA is the successor to the National Federation of Telephone Workers, a loose network of telephone unions which was dissolved yesterday. The plan to establish a closely-knit union was made last November at the Denver convention of the federation. There has been considerable dissatisfaction among telephone unions with the nationwide strike that began April 1 and dragged on in some Bell Telephone Companies for six weeks. Officers of two strong unions, the American Union of Telephone Workers and the Western Electric Employees Association, and of some small unions have turned to the CIO and are urging their members to vote affiliation with the TWOC. But Beirne, who was president of the old federation and is temporary president of the new CWA, said the strike only demonstrated that a single union like CWA is needed to fight the Bell System. Beirne told a reporter today he would recommend to the 200 delegates that organizing should be the "number one project" of the CWA.

# Donald's Built By Tasty Food

Donald's Drive Inn, located at 2406 Gregg street, has made its reputation on its Mexican food and that after years of experience in handling the tasty and well seasoned nutriment.

Donald Brown, owner of the establishment which accepts business on a 16-hour basis seven days a week, has maintained his combination restaurant and drive-in in its present location since 1933. The establishment has always featured Mexican dishes.

Mrs. Ray Hasley is assigned to prepare the 'south of the border' food during the daylight hours. Mrs. Bertha Dean assumes the responsibility at night. Both have been in Brown's employ for several years and have mastered the knack for catering to the customer's whims.

The restaurant does not deal in Latin dishes exclusively, rather handles all kinds of short orders and steaks as well as a varied line of refreshments.

From the time that the doors open at 8 a.m. until they close at 12 midnight, Brown prefers curb service to his trade. Those who prefer to place their orders from inside the restaurant will find ample seating space.

A dazzling combination of neon signs make the Drive-Inn one of the most attractive nocturnal spots of its kind within the community. Persons driving out the San Angelo highway cannot miss it. Those who stop will have no difficulty in finding parking space.

Only 5.3 per cent of US life insurance policies lapsed or were surrendered in 1944, a 45-year record low.

**FULL MEASURE**—Harvey P. Wooten, owner of Wooten Produce company, gives Ralph White, Combs, full measure of grain at his store at Nolan and E. 2nd street. Wooten this year observes his 12th anniversary in Big Spring, having expanded from an egg and poultry operation to include one of the largest feed stocks in the area along with poultry purchase and processing, eggs, cream purchases, etc. (Jack M. Hayes Photo).

# Wooten Observes 12th Anniversary

This is a double anniversary season for Harvey Wooten, owner of Wooten Produce.

It marks the 12th anniversary of his entry into the produce business in Big Spring and his first anniversary as a partner in a grocery business with Floyd White.

Wooten set up a modest poultry and egg business at the Co-op Gin company back in 1935, expanding in 1938 to take on a feed line. Later he moved to 609 E. 2nd and in 1944 to his present location at E. 2nd and Nolan.

The business has grown from a 11,000-case per year volume on eggs to around 105,000 per year, or about 2,000 cases per week. Wooten also has a cream business operated since 1944 and now around 450 gallons a week are handled. The volume on poultry runs from 1,500 to 1,800 per week.

With a mechanical picker, Wooten Produce is able to turn out almost any volume and many wishing chickens prepared for lockers, as well as the table, bring birds to Wooten's.

Wooten is dealer for Universal Mills' feeds, handling complete lines for poultry, dairy and beef cattle as well as work animals.

Although busy with his operations, Wooten finds times for civic affairs, being a member of the chamber of commerce, a Junior chamber director and a past president of the American Business club.

# Complete Service Covers All Needs At Clark Motor Co.

Complete service—24 hours a day—is available to motorists at Clark Motor company, 215 E. 3rd. The term is not a figurative term, for in addition to servicing cars with Phillips 66 gasoline and other high grade products, Clark Motor has expert mechanical work under Shop Foreman Bob Keleley with mechanics on duty to midnight and available at any hour. Slim Summers, a specialist on the Bear machine, is expert in motor tune-up and front end alignment.

Tire troubles are erased by Clark's distributorship for famous General tires, and flats are fixed 24 hours a day and can be delivered the same as emergency gasoline orders.

This flexible, round-the-clock arrangement, offers a boon to most people who are in the one-car per family bracket. They can leave their car at Clark's overnight, have it washed and greased, mechanical work done or the motor tuned, and have it to use the next morning.

Ray Clark, who opened the business at the location in 1944, holds the DeSoto and Plymouth franchise and stocks a complete line of parts under the management of Tabor Rowe.

Experienced supervisors keep the Clark Motor operation moving smoothly at all times. Bob Lilly is general manager for Clark and J. B. Apple is office manager.

**ROYAL NEIGHBORS** meet at the WOW hall at 2:30 p.m.  
**LYS CLUB** will meet for regular session at the Crawford hotel at 7 p.m.  
**TELEPHONE EXCHANGE CLUB** will meet with Mrs. H. O. Schwarzenbach, 711 Scurry at 2:15 p.m.  
**FRIDAY**  
**HAPPY GO LUCKY SEWING CLUB** is to meet in the home of Mrs. Fred Johnson, 120 E. 3rd, at 3 p.m.  
**MEMORABLES CLASS** of the First Christian church is to meet with Mrs. C. C. Robinson at time to be announced.  
**VARIETY SEWING CLUB** will meet in the home of Mrs. J. D. Davis at 3 p.m.

### Does Stomach Gas and Bloat Make You Feel Miserable?

If so, here is how you may get blessed relief in freeing your stomach from this nervous distress. It works this way: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness. To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is a most effective in increasing the flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients. Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, your red blood you should eat better, sleep better, feel better, work better, play better. Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so desire is the SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

### Peggy Rose Barbee Given Lawn Party

Mrs. Joe Barbee entertained her daughter, Peggy Rose Barbee, who returned last week from attending school in El Dorado, with a lawn party recently. Outdoor games were played and several piano numbers were played by Ann Nichols and Miss Barbee. Refreshments were served to Tom Amerson, Jr., Raymond Frazier, Charles Munselle, Garry Nichols, Joe Griffith, Katie Jones, Sue Griffith, Jay Apler, Charlotte Long, Frances Malone, Wilma Green, Jo Ann Touchstone, S. E. Johnson, John Ray, Jr., Patsy Jo Barbee, Connie Nichols, Ann Nichols and the honoree.

### Presbyterian VBS Enrolls 60 Children

Approximately 60 children enrolled in the First Presbyterian vacation Bible school Monday morning at the opening program, Rev. R. Gage Lloyd said. A faculty of 12 will assist in directing classes for groups of beginners through intermediates. The school open each morning at 9 a.m.

### GOP's Ponder Recess Plan For Congress

WASHINGTON, June 9, (AP)—With a wary eye on tense international developments, Republican leaders are considering a plan whereby they, as well as the President, could summon Congress back into session later this year. It has become apparent that the lawmakers have no intention of acting this session on any major additions to foreign economic aid such as that embodied in the Greek-Turkish project just getting under way. Chairman Vandenberg (R-Mich.) of the Senate foreign relations committee has indicated the Republican position on this. And the state department, evidently taking its cue from him, is concentrating on drafting an over-all program for consideration next year. While the Republicans seem generally to think Congress has done enough for the time being in the foreign field, some of their leaders — and these include Vandenberg — are said to be reluctant to adjourn Congress beyond the Republicans power to reconvene it if some international or domestic crisis develops. One viewpoint is that if Congress adjourns in the regular way to meet the reorganization law's July 31 deadline, the GOP majority would have no effective check on President Truman's Democratic administration for five months until the legislators return for the regular session in January. Mr. Truman could call them back, however, any time he chose. Hence to keep their hands on both the domestic and foreign spheres, the Republicans may propose a recess under which leaders of both houses could summon Congress back. There is precedent for such action in the wartime agreements by which Congress quit subject to recall of (A) the Senate president and House speaker, or (B) joint action of either the majority or minority leaders of both houses.

### 12 Violent Deaths Recorded In Texas During The Weekend

By The Associated Press  
Texas' week-end violent death toll rose to 12 today with traffic accidents leading the list of causes. Six persons were killed on state highways, four drowned, one died in an airplane crash and another died of undetermined cause. Two youths drowned in stock tanks in the Wichita Falls area. Billy Duncan, 14, of Archer City, drowned while swimming with a young companion near Archer City. Luther John Kuykendall, 20, drowned in a tank near Paducah while swimming with his father and brother. The three were in Paducah working in the wheat harvest. Howard O'Dell Howell, about 22, of Kilgore, and Carter Picking Porter, Jr., about 24 of Dallas, were killed when their car plunged over a 20-foot embankment into Big creek near Autin yesterday. Port-

### Church School Attendance High

Sunday school attendance was a high 1,981 this week despite the fact that summer vacations and hot weather have set in, eleven church records showed Monday. Churches and attendances were First Methodist, 350; Park Methodist, 42; Wesley Memorial Methodist, 105; East Fourth Baptist, 329; First Baptist, 501; Trinity Baptist, 77; Westside, 133; First Presbyterian, 126; First Christian, 100; Assembly of God, 155; Church of Nazarene, 53.

### Devers Stresses Nation's Need For Military Training

NORTHFIELD, Vt., June 9, (AP) General Jacob L. Devers today told the Norwich university graduating class of 132 — all World War II veterans, except one — that without universal military training "defeat for the United States, and the world, at the hands of a conquering foe is not inconceivable." Asserting there were only two and one-third regular army divisions within the United States itself "to resist any possible attempt at invasion," the army ground forces commander said: "We have a regular army of a million men. But the bulk of this force is overseas, on occupation duty, garrisoning our territories, and maintaining our lines of communication." Devers said that "How serious our situation is without universal military training, without a competent citizen soldiery, is not fully realized."

### Demonstration Due At J. Y. Robb Farm Tuesday Afternoon

A soil conservation demonstration is planned for 2 p.m. Tuesday at the J. Y. Robb farm in the Lomax area, the Martin-Howard soil conservation district announced Monday. Not only will members of the Lomax conservation district be invited to attend, but any others in the district area together with local business men and others interested in soil conservation. The Robb farm, under the supervision of H. L. Batton, has several small grain plots, including 60 acres to abuzzi rye and hairy vetch, now being harvested for seed.

### Visits - Visitors

Mr. and Mrs. T. J. Hart of Buttonwillow, Calif. are visiting his brother, Gus Hart and family. Mrs. F. H. Talbot will leave this week for Chester, Nebr. where she will visit with her father, L. C. Soldan, who recently fell and broke his hip. Nancy Dawes of Dallas is visiting her brother, Bill Dawes and family for several days.

### Bible School Draws 75 On First Day

Some 75 pupils were present for the Assembly of God's annual vacation Bible school, which got underway this morning. Those registered are separated into four classes — beginner's, primary, junior and intermediate. Mr. and Mrs. Donald Walker of Fayetteville, Ark., are serving as chief instructors in the course. Classes will be held through June 20, after which enrollees will be given graduation certificates.

### American Woman's Death In Tokyo Is Investigated

TOKYO, June 9, (AP)—The body of an American woman was found early today beside a road six miles from the center of Tokyo and US Criminal Investigation Division agents began an immediate search for "the possible murder or murderers." The CID agents refused to discuss their investigation. Other sources said there were two bullet holes in the woman's head. Allied headquarters said no firearms were found in the vicinity of the body. Headquarters declined to identify the woman, except to say she was a war department civilian employe, pending notification of next of kin. The body of the woman was found by Japanese police shortly

### Baby Girl Found In Churchyard

SAN ANTONIO, June 9, (AP)—Wearing only diapers and hugging a partly filled bottle of sour milk, a baby girl was found on the grounds of downtown St. Mark's Episcopal church at 1 a.m. today by Patrolman Fred W. Schutze. Searching for car prowlers, the patrolman was startled when his flashlight revealed the infant, apparently about nine months old, on a white cloth spread on the ground. Picking up the chilled infant the officer carried her to the car where he bundled her up and took her to police headquarters. The baby was later taken to the child welfare home. After midnight, informants reported she was brought to the army's 49th general hospital at about 4 a.m. She was dead on arrival.

### Dinner Compliments Patsy Sue McDaniel

Patsy Sue McDaniel, who will be moving to Abilene soon, was complimented with a buffet dinner Sunday afternoon by Jean Ellen Chowns. The dinner was held in the home of the hostess' parents, Mr. and Mrs. G. W. Chowns, 317 Virginia avenue. The lace laid dining table was centered with an arrangement of spring flowers including pink roses and white snapdragons. Guests were Patsy Ann Tompkins, Beverly Stulting, Sonia Weaver, Betty Stuterville, Helon Blount, Dorothy Satterwhite, and Mary Davis.

Gloria Strom went to Abilene today to get her cousin, Sol M. Smith of Fairfax, Okla. They both will return here where Smith will visit for several days. Mrs. W. E. Rayburn has returned from Abilene where she visited over the weekend with Miss Bessie Stump.

## "Ladies appreciate clean rest rooms"

Humble Station operators invite you to be their guest as you travel Texas highways in your car. They promise you—first, spotless rest rooms, as clean and sanitary as your bathroom at home; second, courteous, prompt service rendered with a friendly grin; third, products of highest quality to make your car give you better performance on the road.

Spick 'n Span! Humble Stations are spick and span, from scrubbed driveways to shining rest rooms. They're clean stopping places on hot and dusty summer trips.

Your car will appreciate Esso Extra. This is the gasoline all Texas talks about... because Esso Extra gives you something extra for your money—extra anti-knock performance, extra power for quick starts and hard pulls, extra upkeep economy from the patented solvent oil that keeps your engine clean. Get Esso Extra at any Humble sign.

Your host on Texas highways—clean rest rooms, friendly service, products of highest quality at every Humble sign.

## HUMBLE OIL & REFINING COMPANY

# Final Touches Needed For Victory

Rep. Harley Sadler, Sweetwater, brings up a point worth remembering now that the legislature has passed a measure which will submit to the people a constitutional amendment calling for a board to automatically redistrict the state after each decennial census in event the legislature fails to follow its constitutional mandate.

has represented his district, he has pressed measures which would redistrict the state for legislative purposes. After making progress this time, his own attempt to get the legislature to obey the constitution was circumvented by the non-cooperative means of knocking out the enactment clause.

# Public Hearing For Big Business

Sometime this summer the city's board of equalization will go into session and in many instances where renditions are disturbed, there will be a constituent on hand to protest. In October tax notices will be in the hands of property owners. At this staged complaints have been known to be voiced.

569 for bond purposes, or a total of \$556,048. This is well over the half million mark and ample evidence that the City of Big Spring is big business and therefore important business. It is even bigger than these figures show, for non-tax funds such as the airport, cemetery and swimming pool and golf course anticipate a volume of \$158,800, which means that the city will handle in all around three-quarters of a million dollars.

The Nation Today—James Marlow—

# Knowing How Congressmen Vote

WASHINGTON, (AP)—The voting record of your senator or representative isn't easy to get. Congress isn't showing any signs of making it easier although Rep. Hale Boggs, Louisiana Democrat, has offered a bill to do just that.

his own. You couldn't get the record from the library. Not even a congressman can get from the library the voting record of any other congressman.

This writer asked top library people and got this answer: "We did it until 1941. Then Congress or, rather, the appropriations committee of the House, indicated strongly it wanted us to stop doing it."

Affairs Of The World—DeWitt MacKenzie

# Japan May Be Opened For Trade

BY MORRIS J. HARRIS AP Foreign News Analyst The Allies appear to be on the eve of a definite move to reopen war-torn Japan to world trade and the beginnings of economic self-sufficiency.

have completed plans with General MacArthur for the trade revival. "Obviously it cannot be a complete return to private trade, says Lieut. Gen. George L. Eberle, who headed an American commission which has just returned from Japan.

can use what the empire can produce and pay for them in money or materials that will further Japan's comeback. Obviously the US will play a prominent part in the scheduled reopening of the empire. But the United States will have no monopoly.

Broadway—Jack O'Brien

# Fala May Get Into Disney Films

NEW YORK — The stories and recordings about F.D.R.'s celebrated pooch, Fala, may be turned into a Disney film. The 1-2-3 Club, which Roger Stearns operates for such famed Broadway backers, as Cole Porter, Monty Woolley, Dwight Dore, Wynn, Mrs. Paul Mellon and others, has been given its notice to move.

three seasons . . . Radio Comic Alan Young sends along that hardly-likely information that Leo Durocher shortly will be writing a column called "My Day."

What Silesia Means To Poland WARSAW, (AP)—The semi-official newspaper Rzeczpospolita reported 30,000 private industrial and commercial enterprises presently are operating in Silesia. Four thousand of these are in Katowice—the "Pittsburgh of Poland."

"Annie Get Your Gun" is getting to be another "Life With Father," according to the way the kids in the musical's cast are shooting up toward maturity and out of their jobs. . . Father is eight years old and thereby can be forgiven its constant call turnover, but "Annie" is only ten months old and already Clifford and Jean Robles have fallen victim to the march of time. So that it shouldn't be a total family loss, Clifford's sister, Beverly Sales, will take the place of Jean Robles.

School kids of Oak Ridge, Tenn., home of the atom bomb, found "We, The People" broadcast equipment of considerably more interest than the mechanical side of nuclear fission, or at least were able to get near the radio program's equipment when it tramped down there for a broadcast.

Milo Boulton sends along the story that when the program's engineering staff arrived for the afternoon rehearsal, the inquisitive youngsters had turned on the power and left it burning all night, thereby dousing a couple highly important tubes and batteries. . . Finally emergency equipment was found by the Oak Ridge engineering staff, and the "We The People" broadcast at Oak Ridge probably was the first ever made with atomic equipment.

# OL' MAN CONGRESS, HE JES' KEEPS ROLLIN' ALONG

Hol Boyle's Notebook

# Movie Colony Visitor

HOLLYWOOD, (AP)—A transient in Hollywood is a man who has lived here three months and doesn't own a swimming pool. This is the third time I have come to the movie capital and every time I like it better. I like it because after a couple of days the delusions of grandeur that float around here become rosy and real.

Hollywood does for the groups of America what the fairy tale books do for children. Visiting this land of make-believe is as exhilarating as a bucket of champagne, but you don't have to leave it with a hangover—that is, if you take the precaution to tie up your pocketbook with five yards of adhesive tape the day you arrive.

The place kind of catches you up in an unexpected excitement. Anything seems possible, and you begin to talk of big money in an offhand way—just like a native.

The aura of money lights up everyone like the neon glow over Times Square. It does funny things to people. I met a film publicity man who had taken a new job but said he wasn't going to work hard at it.

"Well, I hear you just bought a mountain and built a big house and swimming pool on it." "Where did you hear that?" he asked seriously.

"What's the most you ever made before?" I asked. "Two hundred a week—but I'm trying to break into the \$300 bracket. And this guy chisels me down. So I'm taking it easy. No use breaking your back for a guy like that."

# Argentina Has A Five-Year Plan

WASHINGTON.—The final decision to sell arms to President Peron of Argentina and to oust Peron's enemy, Spruille Braden, as assistant secretary of state probably will go down in history as one of the most momentous United States has made in many years. It was attended by some soul-searching conferences inside the State Department with Braden lined up on one side and various military advisers on the other.

Because the decision was so important, it may be well to review some of the backstage arguments put forward by both sides. Chief point which big, burly Spruille Braden made to Secretary Marshall was that the United States and Argentina enjoyed perfectly normal relations in every possible way except one—namely the United States declined to sell Peron arms. We exchange ambassadors. We buy all the goods Argentina will sell us except fresh meat. And we have unfrozen all Argentine credits in the United States.

time birth rate, the Peron 5-year plan calls for selective immigration from Europe. Peron has sent two special commissions to Spain and Italy to select "racially pure" immigrants. His goal is to increase Argentina's population from its present 14,000,000 to 100,000,000 in the next 50 years.

2. Control of education—Peron has already fired 700 professors from Argentine universities. He has also placed six national universities, hitherto centers of pro-democratic thought, under the control of six especially selected pro-Peron rectors. Finally, he has established his own national council of education with authority to run all primary and secondary schools. This is the pattern followed by Hitler and Mussolini when they came into power.

3. Control of labor—the Confederacion General de Trabajadores, largest labor union in Argentina, has been taken over by Peron. No strike can be called if Peron opposes. Union men calling a strike are summarily fined, in some cases jailed.

These were some of the things Braden put before Marshall and Truman in arguing that the United States could not afford to sell arms to a potentially Fascist nation. In the end, he was overruled, chiefly on the ground that the United States needed a solid hemisphere against Russia and that not even Argentina could be left out of that solidarity.

4. Control of press—While there is official freedom of the press, Peron exercises powerful indirect control by his supervision of newspapers, his influence over newspaper labor unions, and the practice of levying large fines on hostile newspapers which violate official ordinances.

5. Control of movies and radio—the Argentine government now owns the two largest radio stations in the country. All other stations are required to submit advance radio scripts on political questions for censorship. Several motion-picture houses have been closed for showing pictures disrespectful of the government.

6. Secret police—Peron has established his own secret police, based on the Nazi and Soviet pattern. Several hundred gestapo agents are on the lookout for anyone hostile to the Peron regime. Result is that some of the top officers of the Navy who were too "independent" have been dismissed.

In Hollywood—Bob Thomas

# 'Wiggle Tests' For Kids' Movies

HOLLYWOOD, (AP)—Film producers spend thousands of dollars yearly to poll the tastes of adult audiences. With the kids it's much easier; they are subjected to the Wiggle test. That's the device used to select pictures for the children's film library, the industry's new project designed to interest kids in the right kind of movies. The films are first screened by adult reviewers of the P-TA, DAR, National Board of Review and other organizations, to eliminate the ones which might be morally objectionable for young minds.

The films are made available for special matinees, supplementing the regular film fare. The library includes such films as "Five Little Peppers," "Jane Eyre," "Huckleberry Finn," "Little Miss Marker," "The Prince and the Pauper," "Green Pastures," "The Human Comedy" and "Mid-Summer Night's Dream."

adventure, movement and music and can tell when a picture is well made. They do not like complicated plots and they're not yet able to appreciate love stories. It's interesting to note that the MPA believes children under eight should not be taken to the movies. Mrs. Field explained that tykes are difficult to cater to and control until they reach eight. Filmgoers who have sat near crying children will appreciate this.

Bear At The Wheel Is No Road Hog

BELTON, Mont. (AP)—It wasn't so bad when a big, black bear climbed into Art Anderson's empty automobile while Anderson was helping clear snow from a Glacier National Park highway.

Spider Is Modern In War Methods

SYDNEY, Australia. (AP)—Australia has a flying spider which knows all about air attacks and is a past master at camouflage.

Panthers Trim Texas Leaders, Dallas Wins

That 'going places' look is shining brighter in Fort Worth's eyes today after the Cats nipped first place Houston 2-1 in the Buffs home territory.

It was a tense struggle throughout, with the scoreboard showing nothing but zeros until the ninth run in the first half and Houston was able to come back with only a single tally.

The Shreveport Sports made a slight gain on the Buffaloes yesterday by coming out on top of the visiting Oklahoma City Indians, 4-1.

Texas and Beaumont split a doubleheader, the Exporters winning the first game, 2-1, but losing the seven-chucker night cap, 7-5. Dallas trounced San Antonio, 10-4.

Marking the 2-1 victory for the third place Cats over Houston was a triple play and three twin killings.

The three-way killing came in the first round after Dave Pluss and Monty Bagall had opened the game with singles.

The Shreveport Sports hit well in the pinches to take out the Indians. The Louisiana crew ran up seven hits, five of them doubles, while the Oklahomas lost a number of scoring chances, 34 men being left on bases.

Hank Oana, starting for Dallas, had San Antonio popping out for six innings during which the Missions got just three singles. But in the seventh, the Padres had their revenge. They forced Oana from the game by knocking in four runs.

Bobby Hogue kept them scoreless after that.

Homers by Hal Hirshon and Bob Moyer led Dallas 12-hit attack.

Beaumont's southpaw Harry Grubb subdued the Tulsa Oilers with two hits to take the first half of their twin bill. In the wild night capper, however, Tulsa quickly evened matters up and Manager Holdie Holt of the Exporters used 15 men in an attempt to salvage the contest.

Rodriguez Shows Return To Form As Broncs Win

Newhouser, Feller Hurl Shutouts In American League 'Comebacks'

The Boston Red Sox and Philadelphia Athletics were convinced today that they were the victims of a colossal hoax.

They had heard reports that Hal Newhouser and Bob Feller, the two premier pitchers in baseball, were nearing the end of their trail. It had been bruited about that the redoubtable Detroit leftlander and crack Cleveland fireballer were not the same pitchers they once had been.

Unless it was a miracle, the Red Sox and A's players who had to meet Hal and Bob on Sunday's performance, they still are the two best hurlers in the game.

Newhouser, who prior to yesterday's outing showed a record of only five wins against six losses, and had been knocked out of the box five times this season, turned in his best mound effort of the year in shutting out the Red Sox 5-0, allowing four hits.

The Tigers' win increased their face to face yesterday against Detroit to a game and a half over the New York Yankees.

Feller went Newhouser one hit better by limiting the Athletics to three singles in blanking them 2-0 in the second game of a double header. The A's, behind Phil Marchildon's four-hit hurling, won the opener 4-0.

Bob had been keyed in four of his last five starts and observers freshly predicted that Feller's post-season pitching last fall and his host of side interests appeared to have taken something from him. If they did, it can't be proved by his latest performance.

The New York Yankees, who have been roaring through the west like a prairie fire during their current road swing, were lucky to get away with a standstill as they came from behind in the late innings to nip St. Louis 5-4 and escape with a split in their doubleheader with the Browns. The Missourians won the opener handily 9-2. John Moss started the Browns on their way in the first game with a single.

Stasey, Martin Hit For Circuit

Our Town's resurging Broncs hit the road today for eight days after cleaning up a three game series with the Ballinger Cats.

The latest win was accomplished Sunday behind the effective and appealing play of the partisan spectators gratifying pitching of Gerry Rodriguez Sunday afternoon in Steer stadium.

Roddy parceled out six hits and gave up but one earned run as the Hosses copped the duke, 11-4. At that, the locals had to come up with some heavy hitting in the late rounds to nail down the victory over the hard-luck righthander.

A four-run outburst in the sixth, accomplished with the help of just one hit, sent the resident nine out in front to stay. A six-run uprising two innings later assured Gerry's success.

Pat Stasey and Bobby Martin hit for the circuit for the Steeds. It was the 13th round tripper for each. Stasey collected his first time at bat while Martin waited until the big eighth to turn the trick.

The Lubbock crew yesterday turned in a two-game win over Pampa, now in third place, and hopes to make it three in a row tonight. Lubbock won the opener by a tight 11-10 score; the second half of the doubleheader, however, was a runaway. Lubbock bowled over the visitors 17-2.

A spurge of seven home runs in a single game featured the Albuquerque rout of Clovis 16-8 yesterday. The four-bagger performance tied for a second time a loop mark hung up earlier this season.

At Abilene the Lamesa Lobos slugged out a 13-3 decision over the Blue Sox in another slug fest. It was the fourth straight win for Lamesa over the Sox.

In the other league encounter, first-place Amarillo fought hard but was forced to bow to Borger, 19-20.

Lamesa Again Swamps Sox

Lubbock is nudging Amarillo a little bit harder for first place honors in the West Texas - New Mexico league today.

The Lubbock crew yesterday turned in a two-game win over Pampa, now in third place, and hopes to make it three in a row tonight.

Lubbock won the opener by a tight 11-10 score; the second half of the doubleheader, however, was a runaway. Lubbock bowled over the visitors 17-2.

HUCK DOE (above), former Big Spring high school baseball star, made his debut in the Big Spring Bronc lineup Sunday afternoon in Steer stadium.

Looking 'Em Over

With TOMMY HART Things we have heard but cannot verify:

That Joe Langston, who recently sold his third interest in the Big Spring baseball club, has been proffering the managerial post at Ballinger; that a local resident owns one-quarter interest in the Odessa franchise; that the Abilene Blue Sox front office offered a substantial sum of money for Jake McClain, the Big Spring's second sacker, but Stasey and Company turned it down.

Loveable old T. J. A. Robinson — one of the most zealous baseball fans in this section — has a box seat familiar to all members of the local team.

Reason: Every Bronc who hits for the circuit has a dollar bill waiting for him at that particular spot when he crosses home plate.

Stasey and Pat Patterson, the veteran pitcher, recommended lots of work, including leg conditioning.

Early last week, Gerry showed a return to form, striking out 14 Vernon batters yet was betrayed by fielding misplays and dropped a 13-2 decision.

Stasey, he was better than at any time since his opening game at Midland, when he beat the Indians, 7-1. He doesn't have as much speed as he'd like to have around.

The young husky shagging bats for the Cayuses is none other than Floyd 'Sonny' Martin, brother to the hard-hitting Pepper.

KICKOFF SLATED FOR 8:30

Bill Weidner Battles Martin At Pat's Barn

Wayne Martin of Tulsa, Okla., tries to give newcomer Billy Weidner of Boston the proper initiation in what is usually referred to as the 'main go' at the Big Spring Athletic club this evening.

Whether or not Willie responds decorously to the ritual remains to be seen. The Yankee comes with promise and admirable fighting equipment.

Junior heavyweight in the busines. O'Dowdy lip-blaster, booked for 8:30 o'clock, pits George Lopez of Tampa, Mexico, against Jack Pappenheim of Oregon and points West.

Lopez had his troubles in his last appearance at the barn but should prove a hot rivet for Pappenheim. Jackson was fairly successful when he showed here more than a month ago and claims to have bettered his fighting trim since departing this station.

BILLY WEIDNER ... Tesis Martin

Babe Zaharias Wins Easily, 6-5

GULLANE, Scotland, June 9. (AP) All three US contenders for the only major British golf crown now held by an American — Babe Didrikson Zaharias of Denver, Helen Sigel of Philadelphia and Ruth Woodward of Fall River, Mass. — won their first round matches today in the British Women's amateur tourney.

Zaharias, who at times out-drove her opponent by 100 yards, defeated Helen Nimmo of Gullane, 6 and 5.

Worried About Tomorrow?

Good life insurance can be arranged to take a lot of worry off your mind about the family's future and your own.

Planning pays! It's much better to plan your future than to worry about it!

Bengals Swamp Abilene War Birds, 22-3

ABILENE, June 9. — Yanez Yanez's Big Spring Tigers continued on their rampage, crushing the Abilene Brown Eagles, 22-3, in a baseball exhibition unrehearsed here Sunday afternoon.

The War Birds used nine pitchers in an attempt to stop the Bengals, who scored 15 runs in the final three innings.

Iza Mendoza, on the hill for the Big Springers, pitched fourth hit and was never in trouble.

Lobos Oppose V8ers Tonight

Moore's Lobos make their debut in Munny softball league play at 7:30 o'clock this evening, meeting Big Spring Motor at the city park.

The Lobos recently assumed Howard County Junior College's commitments in the Munny standings.

THE TIMID SOUL

Mangrum Ready For Nat'l Open

WASHINGTON, June 9. (AP)—Send out the word to all the boys who will play in the National Open golf tournament starting in St. Louis Thursday: Lloyd Mangrum is ready. Mangrum won the title last year, yet recently the talk has been mostly of Ben Hogan, Jimmy Demaret or Bobby Locke, the putting wonder from Johannesburg, South Africa. Mangrum proved yesterday that it would be wise not to count the champ out until the final putt is sunk in St. Louis.

For the 34-year-old Chicago pro shot a nifty 66 to wind up with a 269 and the \$2,000 first place check in the National Capital Open. That 269 was 19 strokes under par. Mangrum's winning ways are simple. He just kept getting better and better while most of the others—especially Sam Snead—got worse and worse.

Mangrum had a 66 Saturday, the best of the day. His 66 yesterday was tied by Spik Alexander of Lexington, N.C., as the day's best. Alexander and Ed Oliver of Wilmington, Del., wound up in second place with 272's. A stroke back, in a four-way tie, Sam Snead, who was Saturday noon had a three stroke lead on the field.

Snead's performance was just the opposite of Mangrum's. He began 66-65 and then cooled off to 73-69 Saturday and Sunday. With Snead were Locke, George Payton of Hampton, Va., and Lew Worsham of Oakmont, Pa. Futurity note: Keep an eye on Payton. He's only 23 years old, and he's been a pro for a only a couple of months. His drives aren't so long, but he can pitch and putt with the best of them.

Shell Production Becomes Factor In May's Trial

WASHINGTON, June 9. (AP)—An argument over the extent of the war department's eight-inch shell production program in 1945 shelved the May-Garrison war bribe case today as the federal court trial entered its eighth week. The question of how urgent the army's need for the shells has become a prime issue at the trial of ex-congressman Andrew J. May, wartime chairman of the House military committee, and munitions-makers Henry and Murray Garrison.

The government contends May, 72-year-old Kentucky Democrat, took \$55,000 in wartime bribes from the Garrisons for favors obtained for the \$70,000,000 string of Garrison war firms. Both Gen. Dwight D. Eisenhower and Secretary of State Marshall have testified at the trial that the great need for the eight-inch type artillery shells was in 1944 and that sharp production cutbacks were in progress in 1945.

However, May contended in his testimony that he protested to war department officials an eight-inch shell production cutback at a Garrison firm in May, 1945, because Eisenhower at about that time was "screaming for more shells."

Shippers Favor Rate Agreements For Railroads

WASHINGTON, June 9. (AP)—Senator Reed (R-Kan.) claimed today that 1,000 shippers' organizations are urging enactment of his revised version of the Bulwinkle railroad bill. "I have never known any piece of transportation legislation that had such universal support of the shippers as this bill has," Reed told reporters prior to opening Senate debate on the measure. It would exempt railroads and other common carriers from prosecution under the anti-trust laws for entering into rate-making agreements if the agreements had the approval of the Interstate Commerce Commission.

Great Mystery LAWRENCE, N.Y., June 9. (AP)—Julius Brickner reported to police that \$4,045 worth of jewelry and some bonds were missing from his Long Island home. He said he wasn't sure whether burglars had broken into his wall safe—because they took it with them.

Swap Solves House Problem For Vacation

POLK, Nebr., June 9. (AP)—Arrangement of vacation housing accommodations was a simple direct swap for Mr. and Mrs. Carl Steelquist of Polk, and Mr. and Mrs. Otis Anderson of Caldwell, Idaho. The Steelquists are vacationing in Id. and the Andersons are vacationing here and living in the Steelquist home. Mrs. Anderson and Mrs. Steelquist are sisters.

## Busy Meeting Ahead Tuesday For City Dads

City commissioners face a busy schedule Tuesday at 5:30 p.m. when they hold their first regular meeting of June.

First on the agenda is a public hearing on the budget for the fiscal year which started April 1. Other items due to come up are: Third and final reading on the city's proposed sanitary ordinance for tourist courts and trailer camps. To date, this measure has not provoked any inquiries.

First reading of the zoning and planning ordinance. This measure has been drawn up following hearings by a zoning and planning commission, which made some alterations in the engineers reports, and a hearing by the commission on the zoning and planning commission recommended plan.

The city fathers made some alterations on the basis of their hearing, including a proposal that operators of establishments be allowed to rebuild or improve regardless of location.

Presentation of an ordinance prohibiting truck traffic on certain residential streets. This is an outgrowth of several petitions by Washington Boulevard residents.

Reports on contracts regarding a CAB proposal to install instructional landing facilities at the municipal airport. Also, formal notice to the commission that the airport buildings had been turned over to the city, but that other bombardier school structures are not yet transferred by the War Assets Administration.

## Markets

**PORT WORTH, June 9. (AP)—Cattle** 7,200; calves 2,400; market steers, medium to good steers and yearlings 18.00-23.25; good fat calves 18.50-18.75; common to medium 13.00-14.25; bulls 10.00-15.50; good and choice fat calves 19.00-23.50; common to medium calves 13.00-18.50; stocker steers and yearlings 15.00-20.75; stocker calves mostly 18.00-21.75; few to 22.50; stocker cows 10.00-13.50.

**Hogs** 1,100; fully active and steady; top 24.75 paid for most good and choice butchers weighing 170 to 200 lbs.; good choice 22.50-24.00; 22.25-24.50; sows 19.50-20.00; stocker pigs 18.00-22.00.

**Sheep** 20,000; few sales; spring lambs strong to 50 higher; medium to choice spring lambs 20.00-25.50; latter price few all-time high here; good and choice shorn lambs to shippers 18.50-20.00; medium to good shorn ewes 6.75-8.50.

**NEW YORK, June 9. (AP)—Cotton** futures were firm today, dominated by heavy evening-up operations in the July 1, 1947, delivery; anticipations first notice due June 24. One leading spot firm was estimated to have sold around 25,000 bales of the July delivery, part of which was realized with purchases of October position. Mills were fair buyers of nearby months against futures sales. Gains in the new crop district were limited, reflecting favorable private crop reports and news that India has temporarily lifted all restrictions on cotton exports until August 31.

**WALL STREET** June 9. (AP)—The stock market followed a narrow course today with no apparent direction.

The ticker tape halted frequently after a quiet opening. Dealings continued on a selective basis, some raising registering moderate improvement. Near midday price changes were well mixed and generally limited to fractional movements.

Commission houses reported customers but to cautious attitude while the outcome of tax reduction and labor legislation on the President's desk remained undetermined. Some professional bidding was attributed to believe a summer upturn was to be expected.

**PAYS FINE** Jesus Mendez paid a fine of \$1 and costs in justice court this morning after entering a plea of guilty to the charge of passing a bogus check.

## LOBBYISTS BUSY AT SOCIAL AFFAIRS, SOLON COMPLAINS

WASHINGTON, June 9. (AP)— Senator Cain (R-Wash.) said today that while 788 full time lobbyists are registered with Congress "there is probably more lobbying going on in nearby country clubs than in the corridors of the capitol."

"Here is an intangible manifestation of the political lobby—it is the social lobby—the plethora of elaborate cocktail and dinner parties, sports, junkets and related activities that provide entertainment," Cain said in a statement. "It is mostly talk and nearly all political in a town of little music and less theater."

"Obviously," the freshman

## Homeless

(Continued From Page One)

and Niles, O., and Farrell, Grove City, and Mercer, Pa.

About 100 rural residents were left homeless at Warren.

Rains continued over a wide area in Minnesota, the Dakotas, northern Iowa and Nebraska and the US Weather Bureau said precipitation in that area would continue for the next two days. The disturbance was expected to move slowly eastward bringing showers to Wisconsin, Michigan and northern Illinois Tuesday.

Heavy rains were falling in New England and the Rocky Mountain area, as temperatures in the lower Midwest climbed to the highest of the season. The mercury was expected to hit the 90's in Kansas, Missouri and southern Illinois today, the weather bureau said.

## Oil Completions Ahead Of Last Year

AUSTIN, June 9. (AP)—The Railroad Commission today reported the completion of 98 oil wells in Texas last week, bringing last year's total to 2,265 leading last year's figure for the same date by 247.

There were 14 gas well completions for the week, totalling 248 for the year, lagging last year's equivalent period of 45.

Two wildcat oil wells and two gas wells were reported drilled. There have been 1003 wildcat oil and 28 wildcat gas wells drilled this year compared to 58 oil and 21 gas wells in the wildcat category drilled during the comparable period last year.

Total average calendar day oil allowable as of June 7 was 2,438, 937 barrels, 8,901 barrels above the allowable a week earlier.

## Life Saving And Swimming Classes Get Under Way

Robert H. Lucey, a representative from the Southwestern Area Red Cross office of St. Louis, was to take personal charge of the afternoon classes of the ARC swimming and life saving classes, which are being conducted at the municipal natatorium. Lucey arrived at noon today.

A course in Junior life saving was to be launched at 2 p.m., and continue for two hours. The Senior life saving class was to begin at 6:30 and continue until 9:30 o'clock.

Some 35 youngsters enrolled in the beginners' class this morning, which will be held every day this week beginning at 9:30 a.m.

An instructor's course open to persons 17 years of age and above who have passed their Senior life saving course will be held in the evenings starting next Monday.

No charge is made for any of the instruction. Enrollees need pay only the usual swimming fees.

## Jail Escapee Is Recaptured

PARIS, June 9. (AP)—A trusty who escaped from the Bonham jail, stole the sheriff's car and later robbed a teen-age boy from Dodd City, was captured early today by officers who followed a faint trail through dew damp grass near Dial.

The trusty was John Weldon Akard, 22, of Memphis, Tex. He was serving a jail term for passing worthless checks. He walked out of the Bonham jail about 11 p.m. last night and took Sheriff Dick Walt's car and a revolver.

He wrecked the car between Bonham and Honey Grove, and flagged down Junior Lowrey of Dodd City, forcing him at gunpoint to drive to Honey Grove where he robbed him of \$6. Lowrey notified officers.

Sheriff Walt, accompanied by Highway Patrolman Ross Kemp of Paris, went to Dial where Akard was known to have relatives. They watched the home for hours but saw no sign of him. Then they found a faint trail through dew on the grass, and followed it into nearby woods where they found Akard asleep.

He was arrested and returned to the Bonham jail.

## 72 Enrolled For Summer Courses

Big Spring High school summer enrollment for the eighth grade and high school totals 72, students Letha Amerson, acting principal, announced Monday.

Miss Amerson, who is also teaching the eighth grade and mathematics courses, is assisted by Eloise Haley, English Zaida Brown, mathematics; Lorena Huggins, history.

## Pleads Guilty To Driving Charge

Arlene Harold Roberts entered a plea of guilty in county court Monday to the charge of driving while under the influence of intoxicants and was fined \$75 and costs. His driving privileges were also suspended for six months.

Roberts was taken into custody by members of the sheriff's office Sunday evening.

## Over \$27,000 Paid On Crop Losses

Checks totaling \$27,992.53 have been distributed in recent days to 16 Howard county farmers for 1946 cotton crop losses covered by government insurance.

The payments have been resumed after a lapse of approximately six weeks. Additional checks are expected by local AAA officials within the immediate future.

Largest check of the lot amounted to \$6,896.10.

## Death Investigated

HARGILL, Tex., June 9. (AP)—Hidalgo county officers today investigated the possibility that Raimundo Torres, 24, was fatally stabbed and then thrown on railway tracks near here.

The man was found with both legs severed, funeral home attendants said.

## British Policemen Kidnaped By Jews

JERUSALEM, June 9. (AP)—A British police sergeant and a British police constable were kidnaped from a swimming pool at Ramat Gan near Tel Aviv tonight by 12 armed Jews, it was officially confirmed.

The 12 entered the pool and ordered the policemen to "come with us." One resisted and was struck on the head. A woman was injured by a small bomb tossed into the water.

Authorities associated the kidnaping with the Jerusalem trial of five members of the underground organization Irgun Zvai Leumi, accused in connection with the liberation of prisoners at Acre prison May 4. It was recalled that Irgun had threatened reprisals "when danger of death sentences against our soldiers is in sight."

Spending the weekend fishing near Junction were Mr. and Mrs. Elmer Boatler, Mr. and Mrs. Dalton Mitchell, Mr. and Mrs. F. H. Talbot, Mr. and Mrs. Bernie Freeman, Mr. and Mrs. G. A. Barnett.

## FACES TRIPLE CHARGES AFTER A WILD, CAR-SMASHING CHASE

Julian M. Munoz faced charges Monday of hit and run, resisting arrests and driving without operators' license as the result of a wild chase downtown Saturday evening.

Police Chief Pete Greene said that a car was sideswiped as a machine drove between a police patrol car and another automobile at 2nd and Main at 8 p.m. and ran a red light. Patrolmen Curtis Crittenden and Howard Shaffer gave chase as the car dashed through another light at 3rd and Main, turned west and scraped another machine. As the fugitive car cut back north on Scurry, the fender of a third car was battered. Police closed in and the bumper of the patrol car snagged the other as it attempted to turn at 1st and Scurry.

As the machine rolled over three times, the patrol car was pulled free without damage. The officers took Santiago Munoz, a passenger, into custody but the driver fled. Greene said that Julian Munoz came to the jail to visit his friend Sunday and, upon questioning, admitted he had been the driver of the fleeing car. There were no injuries.
