Burgett Family Hears From Son In Germany

Rev. and Mrs. J. W. Burgett and family were made to rejoice and be glad this week when they received a package of mail from their son, Lt. Martin W. Burgett, confined in a German prison camp at Hagen, Germany. The letters were dated over a period from December 28 to January 20, being all the communications he is allowed to write in one month. In brief, one paragraph states that Lt. Burgett and six of the others in the crew landed unharmed when their plane was shot down. The other three being killed outright in the tragedy. Contact with Lt. Burgett was consummated thru the aid of the Red Cross, according to our information.

J. W. Lewis, the barber, left Monday for his old home in Lebanon, Missouri, going by way of Parsons, Kansas, where he intends to make his first stop with a brother, then extend his visit to other places. Mr. Lewis expects great things to happen, as this will be his first visit to the old home town in 23 years.

Pvt. Elucian Niell of Bryan, visited home folks here over the week-end.

Mr. and Mrs. D. W. Nickens were delighted this week to have their married children from over the country visit with them. Mrs. Annie Reaves of Killeen, Mrs. Jimmie Knight of Lubbock, Capt. and Mrs. Rex Golston of Marina Base, Tucson, Arizona are spending the week here with home folks. Capt. Golston is with the Headquarters Co., being in charge of supplies and distribution for one of the largest Air Field bases in the southwest.

Miss Margaret Schultz returned Monday from a visit with her parents at Hillsboro, Texas.

Miss Elizabeth Morris, president of the student body at the General Hospital in Wichita Falls, gave the address and presented the caps at a capping ceremony Sunday night, March 7. Miss Alice Jane Lovelady was among those receiving caps. Major and Mrs. R. R. Lovelady of Lawton, Okla. attended the ceremony.

The editor acknowledges receipt of a nice letter from Major Lovelady, dated at Lawton last Sunday, in which he mentions among other things, the Lions Club. Major Lovelady was an active Lion before joining the forces of Uncle Sam, and his presence is much missed. Major Lovelady wishes to extend regards to his friends thru this column. Thanks, Major your several requests have been granted. Write us again.

Since our last issue of the News, letters have been received from our own three sons in the service, all on foreign soil. Jack is in Africa, still praising the virtues of the good old U. S. A. John is still in New Guinea, and wishing this war was over so he could return to the only country in the world he cares to live in, and Burton is still some place in the South Pacific, in the same state of mind as the others, longing for the time when he can return home. May the One who created them and made it possible for them to

Anti-Loan Shark Amendment Gets OK

Austin, March 18—Texas' loan shark problem is nearer solution. Unanimous approval has been given by a House of Representatives committee to Rep. W. W. Bridger's constitutional amendment, permitting the legislature to pass a statute regulating the small loan business as has been done in nearly all other States.

Then individuals needing small, personal loans will not have to pay 240 per cent interest and more to foreign-owned chains that drain Texas of \$30,000,000 a year. Soldiers, sailors and war plant workers are being victimized and public sentiment strongly favors ending the vicious, unpatriotic racket.

CAMP ROBINSON, Ark.—Robert Holland, who was inducted recently and whose address is Trickham, Texas, has been assigned for training to the Medical Replacement Training Center here. His training will embrace eleven weeks, after which he will be assigned for duty to some Medical Department organization.

U. D. C. Will Meet

The U. D. C. will meet with Mrs. Oder, Tuesday afternoon at 3 o'clock, March 23.

The club had a delightful meeting in February in the home of Mrs. VanDalsem. Mrs. Henry Campbell, the hostess, served a lovely refreshment plate to the eight members present and a visitor, Miss Kate Lewis of Coleman.

Mr. and Mrs. Lanham Cole and Mrs. Joe Cole of Brownwood visited with Joe Cole in Abilene over the week-end.

serve, continue to guide their destinies, and if possible, it being thru His mercies, provide the way and make it possible for their safe return when they have served until His will be done and selfish and greedy hostilities have ceased upon the earth. May they continue to be blessed with health, strength and endurance to serve so long as their services are needed, if it be God's will. May we not be selfish in pleading in behalf of our own, but may we widen the scope to include all the boys in the service so far as possible.

Pvt. Wilborn E. Schulle and wife of Goodfellow Field, San Angelo, spent the week-end here with home folks, returning to their home Wednesday.

Celebrate Golden Wedding Anniversary

Mr. and Mrs. Don Ewing celebrated their golden wedding anniversary Sunday with an open house at their home. They were assisted in receiving guests by their daughter, Mrs. W. T. Moore of Henderson, the only relative able to be present.

Mrs. Tom Mills presided at the guest book, which was covered in gold brocade. The dining table was covered with a lace cloth hand crocheted by Mrs. Ewing, and was centered with a gold wedding cake topped with spun sugar wedding bells and figurines. Ferns and gold candles in crystal candlesticks were reflected in the center mirror.

Misses Mary Mills and Evelyn and Barbara Bruce served cake and punch. Rev. S. R. Smith and Rev. H. C. Bowman and Judge Leman Brown made talks. Mrs. Moore read a poem and Mrs. C. D. Bruce played the parlor organ for group singing led by Rev. Bowman. A feature of the afternoon was accordion and organ playing by the host, Mr. Ewing.

Mr. Ewing was born in 1872 at Dardanelle, Ark. and Mrs. Ewing was born in 1874 in Boone Co., Ark. They were married in 1893 at Bellefont, Ark. and came to Santa Anna in March 1901.

Present were those mentioned and Mr. and Mrs. J. F. Goen, Mr. and Mrs. W. H. Zachery, Mr. Henry Campbell, Mr. and Mrs. D. C. Neal, Mr. and Mrs. Clarence Holland, Mr. and Mrs. E. W. Marshall, Miss Elsie Lee Harper, Mr. and Mrs. Ewell S. Jones, Mr. S. D. Harper, Mrs. Bessie Sealy, Mrs. A. L. Oder, Mr. and Mrs. R. D. Kelley, Mrs. D. R. Hill, Mrs. E. M. Vinson, Mrs. J. S. Jones, Mr. and Mrs. Curtis Collins, Mr. E. P. Ewing

Private Raymond C. Watson, better known as Bulldog, writes his grandparents, Mr. and Mrs. W. E. Vanderford that he is attending an ordnance training center at Camp Perry, Ohio.

Displays 4-Star Flag

Mr. and Mrs. Ed. Jones don't have a son in the Army but they proudly display a "4 star service" flag in the office at the Produce Plant.

Three stars are for former employees now in the armed forces.

The fourth star is for their daughter, Allene who is employed as a machinist in a war industry in Houston. Allene likes her work and says she is very proud to have a small part in this great war program.

Monday of this week the company's employees voted to work six days a week—10½ hours each day so they could feel like taking Sunday off and know they had not let the boys down in regard to fighting equipment.

Mrs. Alvie Fuller left Friday morning for Riverside, California, to visit with her husband, who is training for Uncle Sam's Army.

Servicemen's Ties With Family Kept Intact Through Red Cross

Washington, D. C.—Relief sent by the American Red Cross to the millions made homeless by the war in foreign lands since September, 1939, totals \$64,000,000, of which a good part has been spent in purchases of products of the American farmer. Wheat and rice for China relief, millions of yards of cotton and wool cloth made into garments for bombed-out families in Great Britain and the Middle East and war orphans in Russia, and about a million of pounds of cotton products for surgical dressings have been purchased for the American Red Cross by the United States Government procurement agencies. Women volunteers have made more than 520,000 surgical dressings for U. S. Army and Navy hospitals and several million have been shipped to Great Britain, Russia and Australia.

In addition, several million pounds of food stuffs have gone into the standard prisoner of war parcels shipped by the American Red Cross for war prisoners held by the enemy in Europe and Asia. In the forthcoming year, the Red Cross will be making heavy purchases of farm products for its greatly expanding program. A packing center for these parcels will be opened in Philadelphia and others are projected in Chicago and New York where several hundred thousand eleven-pound parcels will be packed each month. These will require several million pounds of food products including cheese, meat, concentrated foods and other similar items, as well as tobacco. Funds for the prisoners of war projects come not only from Red Cross war funds but from other organizations and government appropriations made available for these purposes. The foreign war relief

GRAND CHAMPION CALF

Shown is the Grand Champion calf of the Santa Anna third annual stock show. The 905-pound champion "Ser-

Mr. and Mrs. Robert Turner of Ogden, Utah arrived Sunday for a visit with their parents, Mrs. Fred Turner and Mr. and Mrs. W. E. Vanderford.

Pvt. Woodrow Vinson of McCord Field, Tacoma, Washington, is here this week visiting his father and other members of the Vinson family.

Rev. and Mrs. E. H. Wylie were in Dallas last week-end to attend the funeral of their nephew, Thomas Marshall Wylie.

Mrs. W. C. Mills, son Billie and Mrs. W. L. Mills visited in Brownwood Wednesday.

C. B. Palmer, of Bangs, was a business visitor in Santa Anna Wednesday.

Santa Anna Coop Gin Has Meeting

About 50 members of the Santa Anna Coop Gin met last Thursday at the First Baptist Church. Mr. Bassett Orr of the Houston Bank of Cooperatives was present and outlined various steps to be taken in completing the organization. William Brown, secretary, reported that the charter had been received and that between eight and nine thousand acres of cotton had been signed up for ginning. Several gin offers are being considered and the services of the Houston Bank of Cooperatives will be used in the appraisal before the final purchase. Application for a loan is also being made through the bank.

The by-laws were read and approved by the body. Ginning contracts were explained by Mr. Orr, and a large number were signed at the meeting. The following temporary directors were elected permanent directors of the gin. Ozro Eubank, President; William Brown, Secretary; J. L. P. Baker, Vice-President; N. P. Rowe, Neely Evans, J. D. Henderson and H. O. Norris.

Ward School PTA

Tuesday, March 16, 4:30 p.m. the Ward school P.T.A. held its regular meeting at the Ward school auditorium.

Miss Alma Lovelady and Mrs. J. L. Harris presented their pupils in a very clever skit "Victory Gardens" which was thoroughly enjoyed by the group present. J. W. Burgett gave a brief talk on plans for the remainder of the year and he led the group in singing accompanied by Mrs. N. M. Pearson at the piano.

"One-fourth of the U. S. food supplies goes to our armed forces and allies," was just one of the number of interesting things Miss Agnes Hays told the group in her talk on the Food Program set up under the 1943 rationing system. We must learn to eat foods that are good for us especially vitamins and minerals. Most of us manage to eat more carbohydrates than is good for us. Miss Hays further stated. Miss Hays told of some changes we might expect in purchasing clothing. She presented each member with leaflets on vitamins, their functions and sources and a card of Texas Food Standard.

In the business meeting Mrs. Clifford Stephenson, Mrs. Preston Bailey and Mrs. Chas Hale were elected on the nominating committee. The group also voted to send delegates to District Congress of Parents and Teachers that will hold its regular annual meeting April 7-8 in Cleburne, Texas.

Mrs. Byrne's room won the attendance record.

Our next regular meeting will be Tuesday, April 20th at the Ward school auditorium. The public has a cordial invitation to attend.

W. M. S. Sponsors Kitchen Shower

The W. M. S. of the First Baptist church, Santa Anna, Texas will sponsor a "Kitchen Shower" for the church, Mar. 22, at 3 p.m. in basement of church.

Each member of the church is expected to either bring or send an article for this shower. Cups, glasses and a dishpan are especially needed.

A Week of The War

A comparative lull pervaded in Southern Tunisia last week after the British Eighth Army's decisive defeat of Rommel before the Mareth Line. But although land operations subsided somewhat, the Eighth Army increased its air patrol operations, attacking enemy tanks and motor transports which were retreating to the shelter of the line.

In Northern Tunisia, the British First Army contacted General Von Arnim's forces in the region of Sed Jenane, and twice during the week stopped the Axis attacks. Von Arnim has made heavy sacrifices in trying to budge the British from the northern end of the Allied line, but his gains have been minor.

In Central and Southwest Tunisia other Allied gains were scored. General Jacques Leclerc's French forces, advancing into Tunisia from the direction of the Mareth line, effected a union with some of General Giraud's troops and occupied Tozeur, on the north western shore of Chott Dferid Salt Lake, and later Metlaoui, an important road center from which to strike at Gafsa.

Air activity, though restricted by weather, continued over the entire line. Allied

planes attacked enemy airfields near Tunis, carried out offensive patrols in the northern and central sectors, destroyed a number of Axis vehicles and planes in the Sed Jenane region, and attacked targets at Gafsa in the south. Discussing air combat in Tunisia, Secretary of War Stimson said Allied planes continue to show "Gratifying superiority," and pointed to last week's score of 58 enemy planes downed at a loss of 31 Allied craft. In one day, he said, Flying Fortresses and Lockheed Lightnings without loss shot down 17 enemy planes, while 2 German planes collided and crashed into the sea.

Stimson Reveals Tunisian Casualties

In the same press conference, Secretary Stimson set at 2,242 American casualties suffered in Tunisia in the week of February 14 to 20—the toward the Algerian border period of the Allies' retreat and their initial counterattack. This included 59 killed, 176 wounded and 2,007 missing, presumably taken prisoner. Losses during the past month have been substantial for both sides, he said, but the Allies have probably fared better than the enemy, as more than 1,000 Germans and Italians were taken prisoner during the month, and over 100

enemy tanks were captured and destroyed.

American Raids on Europe

Good results have also been clocked up by American planes in their daylight attacks on Axis-held Europe. In one day's raids against Rennes and Rouen in Brittany, U. S. Bombers downed more than 20 Axis fighter planes with a loss of only four of the bombers, and Allied fighters, escorting the bombers on their missions, accounted for five more.

Rockwood News

(Mrs. Ray Caldwell)

The Life Service Band of Brownwood rendered a most interesting program at the Baptist church Sunday morning and evening. We were so happy to have so many of our young people present for the evening service.

The Cow That Lived In Clover

A certain cow, though pastured in bountiful meadows, was attracted by the more tempting appearance of distant fields. Shunning the abundance at hand, she wandered afar, always finding the new spots less appetizing and less plentiful and always leaving them untasted for the new fields inviting her on.

Growing hunger spurred her on until finally, exhausted by it, she fell to the sands of the desert from which she never rose again.

People who shun the stores at home because of the allurements of those in larger cities often find themselves getting less than they expected. Get the habit of seeing your local dealer first. If he hasn't got what you want, he'll gladly get it. You'll be helping him to serve you better by helping him to make it pay.

The management of this store spends more time trying to purchase additional merchandise to supply our customers than we do trying to sell goods. Come to our store for your needs and if we don't have it, the chances are, it cannot be found elsewhere. Some new goods arriving daily.

When life hangs by a wire!

IN HOSPITALS throughout West Texas (and close up to battle lines all over the world) a blue-white light blazes down on the tense little group... A suction machine hums quietly... Skillful fingers poise an electric knife... A human life hangs on the smooth, even flow of electric power.

Electric equipment of many kinds serves the modern hospital. Busy doctors and nurses use it every day for diagnosis and treatment, without even

pausing to think of the constant supply of electricity that keeps it operating.

But electric power didn't just happen. The hard work, training and experience of West Texas Utilities men and women have made it dependable.

They've made it plentiful, too—so that West Texas communities have not been hindered by any power shortage while joining in the Nation's war effort. And they've made it cheap—so

that the average West Texas home enjoys over twice as much electricity for the same money it paid about fifteen years ago.

These are the results of practical business management under public regulation—part of the system of business freedom in which millions of Americans have put their faith and their savings.

SUNDAY SCHOOL LESSON

HAROLD L. LUNDQUIST, D. D. GOLDEN TEXT: "Holy Father, keep through thine own name those whom thou hast given me, that they may be one, as we are."

Lesson for March 21

Lesson subjects and Scripture texts are selected and copyrighted by International Council of Religious Education; used by permission.

OUR LORD'S INTERCESSORY PRAYER

LESSON TEXT—John 17:1-9, 19-23. GOLDEN TEXT—"Holy Father, keep through thine own name those whom thou hast given me, that they may be one, as we are."

There are some times and places so sacred that one is instinctively hushed into reverent devotion. When Christ prayed in holy intercession (as recorded in John 17) on the night before His suffering His disciples must have been lifted into the very presence of the Eternal One. It was a holy experience.

But to know that the Master prayed for you and me—that is enough to send us, like the disciples of old, out to face an unbelieving world in His conquering name. He prayed for Himself—and He prayed for me!

I. He Prayed for Himself (vv. 1-3). He looked up and said: "Father," and then He was ready to pray. So close was He to God that there was just this simple recognition of their communion. In Christ are we not as close as He?

What did Jesus ask for Himself? At first thought it seems a little unusual that He asked

1. For Recognition of His Divine Glory (vv. 1-3).

Why would He who had just given the disciples an example of and an admonition to humility desire to have His glory manifested? Be sure it was not a matter of selfish pride. He had finished His work (for He counted redemption as complete throughout His prayer), and now the glory which He laid down when He came to earth (Phil. 2:6-8) was to be resumed.

He wants man to see Him now not only as the compassionate Son of man, but the glorious Son of God, able to save. It is right that the glory of Christ should be magnified and recognized by the whole creation. He is worthy!

2. For the Manifestation of His Grace (vv. 4-6).

The Father had given Christ the heart devotion of those who believed in Him. Note that their faith rested on the name of God (v. 6), and upon His Word which had come to them and to us through Christ.

He recognized their position and standing in Him and established it before God and man. He then prayed for them (read vv. 9-17) that they might be kept in an evil world as a testimony to the grace and power of God in the human heart.

This leads to His intercession for all believers.

II. He Prayed for All Believers (vv. 18-22).

Christians are not simply the avowed adherents to a particular form of belief, they are "sent" ones. As the Father sent Him into the world, "even so sent I them into the world," said Christ.

Christ has gone to be with the Father, but He has left those who believe in Him as His witnesses, His representatives. For this they need His presence. He prayed:

1. For Their Consecration (vv. 18, 19).

For their sakes He consecrated Himself. Surely if He needed it, we do for more. It is not only His will for us, but His prayer. How wonderfully that prayer was answered we see as we look back over the intervening 19 centuries, from His immediate disciples on through the martyrs, the missionary pioneers of all ages, the faithful preachers and teachers of the gospel, yes and "livers" of the gospel too. He knew, He prayed, God answered. Are you in that blessed host of consecrated believers?

2. For Their Unity and Glory (vv. 20-23).

There is a refreshing simplicity about the Christian faith which is utterly different from all the complications which man has prepared and superimposed upon it. Essentially it is a matter of God having sent His Son into the world to be the Redeemer of men. He and the Father are one, and so we are all one. We who today believe are included (read vv. 20-23).

This is an inward unity of the Spirit, not an outward union of organizations. The answer to our difficulty is not the dissolution of denominations (although there do seem to be far too many subdivisions, too), but the uniting of all groups in a oneness of love and devotion to Christ, and a united emphasis on the gospel.

There is something more here. This unity puts Christ's followers into the place where His glory may be revealed in and upon them. It is His prayer that we should behold in our Saviour the glory which God had given Him because He loved Him before the foundation of the world.

Why Were You Absent?

By Sammie McIlvain

For the past two weeks, the students of Santa Anna high school have been giving the office a rush in the mornings. If a student is absent the day before, he or she must go to the office the next morning and report to Mr. Donham and give the reason for being absent. The excuse is always accepted if that person was sick or anything else that's reasonable, but if the excuse is no good—that person may have a hard time getting back in classes. If a student is absent and misses a test he cannot take the test unless he has a very good reason for being absent. Mr. Donham and Mr. Byrne are doing this to check up on the students to see why they are absent so much. If we are needed at home or are sick we may always be excused. This new rule isn't so strict, but let's try to cooperate with the teachers and come to school as much as possible. If we are going to miss a day or two—let's always have a good excuse when we come back to school. It always pays!

Who's Who In The Senior Class

Mrs. Gray and Mrs. Williamson have the honor of being the favorite teachers to this dancing, skating, fried chicken eating, brown haired, hazel eyed, five feet seven lassie. Yes—it's Wanda Woods originally from Rockwood High School, but who is taking her senior year at dear old S. A. Due to an incident in her early childhood (her first day in grammar school), "Woods" has a strange dislike for going to school, but nevertheless, she has proven herself well, for she has been a member of the Pep Squad all her high school days, a member of the band this last year, and is now Joke Editor of the "Mountaineer." So we give you—a girl who could dress up in red, and listen to Harry James play "Stardust" for the rest of her life, but; however, Wanda plans to attend Nixon and Clay Business College at Austin as soon as a certain day is over.

Presenting the senior "Charm Girl," Sammie McIlvain whose sparkling hazel eyes and pleasing voice (she does something to slax too) have helped her climb our ladder of success—lad by lad!!! This seventeen year old lover of shorthand and collector of "Song Hits" came to Santa Anna from Rockwood in her senior year. She is a member of the Pep Squad and Press club, and was chosen "Senior Sweetheart" for the annual party given us by the Baptist church. Sammie plans to go to college and take a business course after graduation.

Surprise! Surprise! We have a freak in our midst—a boy whose favorite subject is English. But come to think of it, J. P. Richardson is not such a freak after all, for another of his pet likes is

Charlie Mae Metcalf. He is an extremely agreeable fellow for he has no dislikes at all! Tall, with brown hair and eyes AND a pair of shoulders. This popular senior plans to be a successful rancher in some part of our great southwest in the future. Coming to SAHS from Shields in '38 J. P. has been an active member of the FFA and was elected one of the four boy sponsors of the FHT in '41. May you receive all the success and happiness that you so richly deserve—and keep that cute grin showing!

Roy Belvin England son of Mr. and Mrs. G. T. England of Santa Anna, Texas has been enlisted as an Apprentice Seaman, Class V-5, for future training as a Naval Aviation Cadet. He will remain home on unactive duty until he is either admitted to the new college training program or is called to active duty as a Naval Aviation Cadet after reaching his eighteenth birthday. Roy was a member of the football team three years and of the track team two years. He is president of the senior class of Santa Anna High School.

Sophomore Girls To Serve At Garden Party

The junior class met this week and chose ten sophomore girls to serve at the Junior-Senior Garden Party. The following girls were selected: Elizabeth Eeds, Evelyn West, Virginia Stockard, Charley Mae Metcalf, Betty Ruth Douglas, Doris Jane Henderson, Elizabeth Stewardson, Joyce Richardson, Betty Pritchard and Lenora Young. The type dresses that they will wear hasn't been decided upon at the present.

SENIOR PLAY

The senior play cast has been chosen as following: Penny, a lovely girl of 16 who fortunately for the Stanton family has not been influenced by the modern youth trend—Maxine Williams, Chickie, little sister, carefree and bent on having fun—Mary Joyce Hill. Lonnie, he is chock full of business from livestock to wrecked automobiles—Carol Holt. Gladys, gorgeous big sister is the modern element in this delightfully batty household—Wanda Woods. Mother, a well preserved woman who has neither diplomacy nor tact—Ruth Morris. Joey, an adolescent who is torn between romance and the spirit of modern enjoyment—Elgean Harris. Dolly, she is as charming as the doll she was named for but has a difficult job making Lonnie realize it. Arvella Shamblin, Eugene, a handsome stranger who seems to have dropped out of the blue—Roy England. Gerlie, a girl with the spirit of do or die—Doris McGahey. Pillsby, the old gent who tries to court mother—J. G. Williamson.

GOSSIP

Friends and we certainly hope not otherwise, scoot over closer, relax and you'll hear all about SAHS' 'lil secrets. We're just like Mr. Byrne. We certainly wonder just how much truth there was to the sophomore's little program Friday morning. Laying all kidding aside, it was "well." Guess who went skating at Brownwood Tuesday night? None other than Elgean and Eva Dale! Well, well, and while we're on the subject where were you Sunday night Dale?

Thanks a million!! The little silver box is progressing nicely. We notice Margie Wilson surely does get oodles of fan mail these days. We wonder if it has anything to do with that tall, blond, soldier. What about it, Margie? James Ford and Mildred Wagner really have it bad, so we've been informed. "Fannie" we don't see Charlie Hale around anymore. What's happened! (We "ain't"

nosey either!) Allene, would you please, ah pretty please, give us your technique for getting soldiers to take you to the Service Cafe on Sunday nights? Yes, and while we're still on the subject, what on earth has happened to Jim?

Two lil fishes, Sybil Simpson and Joyce Hunter would like to know Wayne Wallace better from all indications. Come on, gals, be fair. Give the boy a chance, he's only been here a few days.

Why is it that Mr. Donham wants to see so many of our Seniors down in the office each morning? Could it be that the "lil innocents" have been doing things that they shouldn't? Naughty! Naughty!

Just so many of the girls in the senior class have gone and gotten themselves married that we just have a "sneaking suspicion" that Arvella will be next.

J. G. is certainly getting popular, (we don't think) so popular in fact that a man had to come all the way from Abilene to make him lose a lot of valuable time from Mr. Keen's sixth period study hall.

Alice Anna Guthrie hasn't had so many nice, long, cozy, chats with Tom Boy in ages. What's the matter, "Polly," Billie Wise stiff competition? Hal Sander just can't keep up with his lessons, can he, Calice Jane?

And here's the one about a downhearted little freshman (not mentioning any names but it's Mary Lois) who has been very sorrowful since a senior boy (Carol Holt to be exact) hasn't asked her for a date. Must not lose your grip, Mary Lois.

Oh! these Freshman! but what would SAHS do without them? (That's a silly question) James England has been making "goo-goo" eyes at Mary Lois. Come on Sybil, that's MURDER.

Elmo Davis is certainly one popular little boy, or had you noticed those "Romeo-Juliet" looks that he's been throwing in Gladys Blanton's direction. Ray McSwain is surely staying in Betty Ruth Douglas' stamping ground.

Here's something that we didn't have anything to do with. During the recent food rationing registration we noticed that Mrs. Thomas got all negro customers. We wonder why? It looks like a frame up, huh, Mrs. Thomas?

Boys and girls, due to shortage of space we can't write all the information from the little silver box, but keep filling 'er up and we'll soon get all of them.

"Town and Farm in Wartime"

Ration Calendar

Meat, fats, cheese—New program starts March 29 with red stamps in Book No. 2 to be used.

Sugar—Coupon No. 12 (5 lbs.) valid March 16. Must last through end of May, or 11 weeks.

Coffee—Stamp No. 25 (1lb) expires March 21.

Tires—Class A. First inspection deadline March 31.

New Rationing Announced

Meats, edible fats and oils, including butter, cheese and canned fish were added by OPA to the list of rationed foods, with rationing to start Monday morning, March 29. In the first month, each holder of War Ration Book Two, regardless of age, will have 16 points a week to spend. The red stamps in Book Two will be used. The official list of point values will be published during the week of March 22. OPA officials said. Included in the new rationing program are all fresh, frozen, smoked, cured, dried and canned beef, veal, lamb, pork, and variety meats and sausage; all canned fish; butter, margarine, lard, shortening and cooking and salad oils; and cheeses.

Ceiling Prices On Milk Adjusted

A second upward adjustment in the ceiling price of sweet milk sold in Texas, Louisiana, Arkansas, Oklahoma,

Missouri and Kansas becomes effective March 13, it was announced by Regional OPA Administrator Max McCullough. Under the new regulation, Amendment 133 to Supplementary Regulation No. 14 the ceiling price range for quarts sold at retail moves up from a 12-cent low and a 15-cent top to a 13-cent low and a 15½-cent top.

Replacement Rules Issued

With a warning that it is up to the individual to take the best possible care of his ration books, OPA issued uniform regulations governing replacement of lost, stolen or mutilated War Ration Books One and Two. Anyone desiring to replace a ration book or coupon sheet must apply to his local ration board on Form No. R-194. Ten days after submitting his application, the book owner may report to the ration board, which will examine the facts and, if satisfied, may issue the replacement. Where ration books are lost or stolen, the board may require the applicant to report his case to the police.

Point Values Cut

Effective Saturday, March 13, point values of dried and dehydrated prunes and raisins and of all edible dry beans, peas and lentils were reduced by OPA. Point value of prunes and raisins was lowered from 20 to 12 points per pound. Point value of edible dry beans, peas and lentils was

reduced from eight to four points per pound. In addition, dates and figs not hermetically sealed were removed from the current list of rationed foods and the basis for computing point values for other dried fruits adjusted to place these fruits on the same basis as dried prunes and raisins.

OCB, OPA Urge Car-Sharing

R. E. Smith, region director of the Office of Civilian Defense, has appealed to defense councils in Texas, Oklahoma, Louisiana, Arkansas and New Mexico to increase their efforts to aid in forming car-sharing clubs. "Car-sharing is the most effective way yet devised to conserve both public and private conveyances," Mr. Smith declared. OPA has revealed that local ration boards will place increased emphasis on car-sharing in considering applications for B and C gasoline rations beginning March 22, when most supplemental rations come up for renewal. Local boards are to insist that applicants for B and C rations to travel to and from work belong to a full ride-sharing club or produce evidence to show that alternative transportation is not available.

Beef Price Violators Go To Jail

"The prison terms of up to seven months in jail with accompanying fines ranging to \$5,800 meted out to 13 individuals violators of OPA price ceilings on beef at the wholesale level today is only the start of our broadened campaign to wipe out the black market in meat in this country," Price Administrator Prentiss M. Brown said on March 9 in commenting on the sentences and fines handed out by Federal Judge Goggard in United States District Court in New York City.

Prices of Fresh Vegetables

Regional OPA offices may adjust the maximum price of any seller of fresh lettuce, spinach, carrots, green peas, snap beans, tomatoes, and cabbage when the ceiling price is likely to disrupt normal distribution, the OPA has ruled. The Dallas regional office already has started a series of open hearings on the vegetable price situation.

Seeds Not Rationed

Peas, beans and lentils when labeled as such and bought exclusively for use as seed are exempt from the processed foods rationing program and do not require the surrender of either point stamps or ration certificates, according to OPA.

War Finance

The face amount of obligations the government can still issue under the present \$125,000,000,000 limitation is \$8,159,603,345 according to the Treasury Department.

Certificates To Farmers

Farm families who have enlisted in the huge 1943 food production program will be awarded certificates of Farm War Service, signed by Secretary of Agriculture Claude R. Wickard, in recognition of their own work. It will be presented by County UCDA war boards as soon as possible after the completion of the 1943 Farm Mobilization drive.

Farm Income

A preliminary review of the data available on farm income and expenditures during 1942 indicates that the net return to farm operators for their labor, capital investment, and management, and for other unpaid family labor, was about 10,200 million dollars in 1942. In 1941 the net return to farmers was estimated at 6,748 million dollars. The previous record net income, in 1919, amounted to 8,799 million dollars. Total cash income from marketings and government payments totaled 11,764 million dollars.

Stocking Prices Reduced
Reductions of from 5 to 40 cents per pair for rayon stockings have been announced by

the OPA. New prices, which will be put into effect by mid-April at all sales level will represent price cuts averaging 15 per cent.

Production Of War Material

January production of certain types of war material: 70,000 aircraft bombs of 1,000-pound size or larger—enough to bomb the enemy for days at the rate of 2,300 bombs a day; approximately 5,000 airplanes, more than 65 per cent of them of the combat type; equipment for air and ground forces—3½ times the rate of January 1942 58,000 carbines; 80,000 Garand rifles; 27,000 .50 calibre aircraft machine guns; 7,000 20 mm. aircraft cannon, and 68,000 sub-machine guns.

Gas For School Bus

If school authorities do not promptly return applications for revised Certificates of War Necessity, there may be insufficient gasoline for school bus operation in the second quarter of 1943, the Office of Defense Transportation warns. The minimum necessary mileage for each school bus will be determined on the basis of information contained in these applications.

Gardening Materials Sufficient

Supplies of essential garden tools, seed and insecticides are reported to be sufficient to meet the needs of the expanded Victory Garden program, but there are none to waste, the USDA has announced. Wasting seeds, tools, fertilizers, or insecticides is never desirable and in wartime is to be condemned.

Bankers Help On Loans

Local bankers will be asked to sit with county USDA war boards and other credit agencies of the department in considering applications for regional Agricultural Credit Corporation loans to make more certain that the loan program will not be competitive with local agencies extending credit to the farmer.

Need Men For Water Transport

Men in non-essential occupations who have actual sailing experience are urged to accept employment in some essential water transportation activity. The tightening labor situation in inland waterways threaten to become critical in the near future because of proposed oil transportation over lake and inland routes.

Farmers Pay Loans

More than 100,000 farmer-borrowers from the 12 federal land banks and land bank commissioner repaid their loans in full in 1942. "Farmers are paying off their long-term debts from high farm income," stated A. G. Black, governor of the Farm Credit Administration. "The demand for new farm mortgage loans was about 22 per cent less in the last six months of 1942 than in the same period of 1941 with 33,000 fewer farm mortgages recorded by all lenders in the U. S. in the last half of 1942."

Increase Cotton Acreage

Farmers will be permitted to exceed their 1943 cotton

acres allotments by 10 per cent, but cotton marketing quotas will be retained. Farmers may plant this 10 per cent excess acreage without loss of agricultural conservation program payments, without being liable for cotton marketing quota penalties, and without forfeiture of cotton loan privileges. They will receive no payments for acreage planted in excess of the allotment, and the ten per cent increase in no way relaxes the provision pertaining to achievement of war crop goals.

Navy Construction Program

In his annual report to the President, Secretary of the Navy Knox declared that 1942 proved that a two-ocean Navy is not enough, that the United States must have ships, planes, weapons, officers, and men in an area in the world where enemy forces must be met. Earlier, Mr. Knox had announced the shattering of all naval shipbuilding records in February when 130 combat vessels and 700 landing barges were completed for the Navy. Another construction record was set in February with the delivery of 1,400 naval aircraft.

Budadiene Production

Construction of facilities for the production and purification of budadiene has been halted by WPB at two more refineries. The two plants were a Beaumont refinery of the Magnolia Petroleum Company, and a Wood River, Illinois, refinery of the Standard Oil Company of Indiana.

To Control Oils

Peanut, soybean, cottonseed and corn oils going into commercial channels will be controlled on a monthly allocation basis after April 16, Secretary of Agriculture Wickard has directed under Food Distribution Order 29.
