Two Ball Games To Be Played Here Thursday Night

Two football games will be played on the local field Thursday night, November 4. The first game will be between the Junior Mountaineers of the Ward School and the Mason Junior eleven. Game time is 7:00 p. m.

The second game will be between the Mountaineer "B" squad and the Cross Plains Buffaloes "B" squad.

The coaches have decided it was better to play two games on Thursday night rather than one on Saturday night.

The Junior Mountaineers lost their game last week, 20-0 to the Cross Plains Juniors. During the first half, both teams played about even, with the half-time score being 0-0, but the second half was all Cross Plains'. The Juniors were playing without the services of Jackie Dillingham, who was suffering a leg injury.

As this will be the only game involving Santa Anna teams this week, a good crowd is urged to be present for the games.

E. M. Niell Retires After 36 Years

There is one man in Santa Anna who will not have to worry any more about alarm clocks ringing or roosters crowing.

E. M. Niell now can sleep as late as he pleases, having retired as mail carrier on Rural Route Two, after 36 years of service.

Only one day in that time did the patrons miss getting their mail and that was in January, 1919, in the midst of a deep snow.

Mr. Niell thinks he had the best patrons to be found anywhere, and is deeply appreciative of their kindnesses.

On his last round last Saturday, several women and children, route patrons, followed him on the trip and they all had dinner at a Santa Anna restaurant. While he was eating his dinner Saturday, he was asked to do a big job of plowing this week, but he plans to rest and take it easy for awhile. He will be living on his farm in the Buffalo Community, where he has a new house. All nine of his children visited him there recently.

Rural Route No. Two has been combined with Rural Route No. One and Add Walker is now serving both routes, beginning the extra work Monday.

J. F. Goen returned home Monday night from a two weeks visit with his son, Johnnie Goen, and family at Downey, Calif., and other relatives in that area. Mrs. B. Nettie of Richland Springs, visited with Mrs. Goen during his absence, returning home Tuesday.

Mountaineers Lose Hard Game To Burnet; Take Rest This Week-end

The Santa Anna school system was plagued with hard luck over the week end. They had to drive 115 miles to Burnet to engage in a conference football clash, and very, very few Santa Annans followed the Mountaineers on the long journey. Early in the ball game the Mountaineers pulled a fake hand-off play and the officials of the game were fooled as much as the Burnet players. The officials blew the whistle to stop the play when Hollis Bible was in an open field headed toward the goal line with nothing to stop him. They brought the ball back to the original line of scrimmage. This really took the spirit out of the Mountaineers. A few plays later one of the Burnet boys clipped Bible on a about the Santa Anna 35 yard line and one of the officials was standing within a very few feet of the infraction and refused to call it. What else could the boys do but give up to start with when they realized more and more as the game progressed that the officials were going to give Burnet the benefit of everything possible.

To show comparison: Santa Anna took the kick-off on their 29-yard line and returned the ball to the 36 yard line. Seven plays netted 26 yards and two first downs. The remainder of the quarter the Mountaineers gained only 7 yards in nine tries. There was not that much difference in the teams.

Burnet scored two times in the first period and made one extra point and in the second period they scored two times and made both extra points. During the

Rites For Mrs. W. B. Walters Held Here Saturday Afternoon

Funeral services were held at the First Baptist Church on Saturday, October 30th at 2 p. m. for Mrs. W. B. (Eva) Walters, who died at her home on Thursday, October 28th at 9 p. m.

Rev. H. G. Miller, pastor of the Assembly of God Church, officiated.

Mrs. Walters' maiden name was Eya Shields, and she was born in Bell County November 27, 1870, being 83 years, 11 months and one day old at the time of death.

She had lived about 65 years in Coleman County. For the past few years she had lived in Eldorado with her children. Several weeks ago she had a leg amputated in a Sonora hospital. Recently her daughters, Mrs. N. R. Densman and Mrs. Nettie Bible brought her to Santa Anna and she was a patient in the Santa Anna Hospital for several days. She was moved to the home of Mrs. Bible on Wednesday before her death Thursday night, which came rather unexpectedly.

She was a member of the Assembly of God Church.

She is survived by five sons, B. C. and E. L. Walters of Odessa, M. L. Walters of San Angelo, Duke Walters of Eldorado, and J. M. Walters of Ft. Stockton; three daughters, Mrs. Bob Williams of Seminole, Mrs. Nettie Bible of Santa Anna and Mrs. N. R. Densman of Eldorado.

Other survivors are 32 grandchildren and 58 great grandchildren and two great-great grandchildren.

Her husband preceded her in death May 3, 1931 and a son, Charles Walters on July 23, 1954.

Funeral services were held at the home of Mrs. Bible, Walter Jean Williams, S. D. Williams and Jimmy Dock Walters.

Flower bearers were granddaughters and close friends, Mrs. O. C. Yancy, Mrs. Cleg Gassiot, Mrs. James Carter, Mrs. E. W. Bible, Miss Melba Jean Dewey and Mrs. Sue Webb.

Burial was in the Whon Cemetery with Wright's Funeral Home in charge.

last seconds of the first half Hollis Bible took a Burnet kick-off on his 25-yard line and went all the way for the first Santa Anna TD. James Allen kicked the extra point, to make a half-time score of 27-7 for Burnet.

During the second half the Mountaineers kindly got their bearings back and Burnet only scored one time during the second half. That was midway in the third period. About midway in the fourth period the Mountaineers took a Burnet punt on their 20-yard line and nine plays later Bible went eight yards to put the ball only inches from the goal line. Gilbert took the ball over on the next play. The extra point was missed and the game ended with Burnet leading 34-13.

After the game was over and the band was returning home on one of the new busses, it broke down at Lampasas and they had to call home for some of their parents to come after them. And at 11:30 at night eight Santa Anna cars left here for the 92 mile trip to Lampasas and back, most of them getting back home at near three o'clock in the morning. To begin all the hard luck of the night, A. D. Donham was taking some of the Mountaineers to Burnet and on the way had three flats on the same tire, ruined the tire and had to buy a new one.

Besides all this it was too cold to be out in the weather. So it was a hard night for Santa Anna and apparently left them to where they will be close to the bottom of the conference ladder at the end of the season.

The Mountaineers still have Llano and Mason to play.

The Mountaineers will rest this week end and are working hard this week on some plays they hope to pull an upset with when they play Llano on the local field on Nov. 12. The last game of the season will be played at Mason on Friday, Nov. 19.

Jack Shields returned home on Thursday night of last week from more than a weeks trip with three San Angelo men, to Roosevelt, Utah. There they hunted deer and each man killed one, enabling them to bring some of the meat to their families. They camped in tents in that high altitude, with snow from 10 to 15 inches on the ground.

Howard Payne To Have Homecoming Friday and Saturday

Brownwood — The largest homecoming crowd in the history of Howard Payne College is expected to be on the campus Friday and Saturday to honor Seaborn P. Collins, national commander of the American Legion, and Dr. Thomas H. Taylor, now in his 25th year as president of Howard Payne.

Commander Collins, a Las Cruces, New Mexico, businessman, will fly his single-engine plane to Brownwood Friday afternoon. A Man of the Year banquet in his honor will be held at 7:15 p. m. Friday at Hotel Brownwood. The commander will address some 500 persons.

The national Legion Commander is a native of Maybelle (now part of Abilene) and is a 1935 graduate of Daniel Baker College, Brownwood, which was merged with Howard Payne College last year. He is being honored as Man of the Year of Daniel Baker alumni.

Dr. Taylor, who is also observing the 50th anniversary of the year he first joined the Howard Payne College faculty, is being honored as Howard Payne's Man of the Year.

Santa Anna Students Enrolled at McMurry

Abilene — Two Santa Anna students have enrolled in McMurry College for the fall semester, according to Jerome Vanoy, registrar.

They are Don Davis, sophomore, son of Mr. and Mrs. M. R. Davis; and Wamon Upchurch, freshman, son of Mr. and Mrs. Jessie Upchurch.

Davis is a 1953 graduate of Santa Anna High School. He was a member of the Student Council and band. He was also secretary of his class, valedictorian, and received the junior scholarship award.

At McMurry he plays in the Indian Band and is a member of Kiva Social Club.

Upchurch is a 1954 Santa Anna grad. He ran track, was a member of the FFA, and was cast in the senior play.

The McMurry registrar reported that more than 615 students registered for the fall semester, representing a sizeable increase over last year's enrollment. Forty-two students are studying toward the master's degree, Vanoy said.

Vernon Parker went to Canton at the week end and assisted his parents, Mr. and Mrs. Will Parker, in their preparations to move back to Santa Anna. The Parkers arrived Monday night and are living in their old home with the Vernon Parkers. They are glad to be back after an absence of about two years and their friends and neighbors are glad to have them back.

Prizes amounting to \$232.00 in cash will be awarded at the annual Santa Anna Christmas Opening on Friday, December 3. A mammoth parade is being planned and all the high school bands from surrounding towns have been invited to participate.

Ten prizes will be offered for floats; three prizes for windows decorated by local civic organizations; ten prizes will be given to children who has the best decorated bicycle or most unique costume; three prizes for the best decorated yard and windows in the residential section; and a trophy will be awarded the business establishment who has the best decorated window for the Christmas Opening.

First prize for the floats will be \$50.00; second, \$35.00; third, \$25.00; fourth, \$20.00; fifth, \$15.; and five prizes of \$10.00 each will be awarded. Window prizes for civic organizations will be: first, \$5.00; second, 3.00; and third, \$2.00. Prizes for the children will be \$5.00 for the first prize; second, \$3.00; third, \$2.00 and seven prizes of \$1.00 each.

Prizes for the best decorated residential yards and windows will be: first, \$5.00; second, \$3.00; and third, \$2.00. The trophy presented to the merchant with the best decorated window will be for the winner to keep for a year. Next year the same prize will be awarded again.

There is plenty of opportunity for everyone to have a good chance at winning the top prizes. Individuals and organizations are urged to start considering this immediately. It is hoped that floats will be entered by some individual or organization from every rural community in this area and of course from a large number of the local citizens.

Lions Club To Have Pan Cake Sale December 3

Members of the Santa Anna Lions Club voted at their regular meeting Tuesday to have a pan cake sale at the annual Santa Anna Christmas Opening. The sale will be similar to the one last year and all the members of the club are expected to take part. Most of the wives of club members will also be called on to help.

This event was one of the biggest the club put over last year and is expected to be a repetition this year.

Citizens are urged to make plans to attend the annual Santa Anna Christmas Opening on December 3 and while here take advantage of an opportunity to get a big meal of hot cakes for a very nominal cost.

SOIL-SAVING FARMERS GET TAX BREAK UNDER NEW LAW

Expenses incurred by farmers in the prevention of soil erosion have been given favorable tax treatment under the new 1954 Internal Revenue Code.

Prior to enactment of this new provision, the Internal Revenue Service had attempted, with varying success, to require the capitalization of expenses incurred in contour farming, terracing and other soil erosion work. Under this rule, expenditures could be deducted over a period of years, but the courts in some instances had allowed farmers to deduct these expenses in the year incurred.

The new law permits farmers to deduct in each year all expenditures incurred in that year for "soil or water conservation in respect of land used in farming, or for the prevention of erosion of land used in farming."

This deduction is limited, however, to 25% of the gross income derived from farming for the taxable year. Any excess over and above the 25% is deductible in succeeding years, but in each year the entire deduction is limited to 25% of gross income.

This liberalizing provision does not allow the deduction of expenditures for the purchase, construction, improvement or installation of depreciable machinery, tile, masonry, metal or wood structures, appliances and facilities such as tanks, pipes, reservoirs, canals, dams, wells, pumps and conduits. Such expenditures, as under the prior law, must be capitalized and deducted over the estimated useful life of the asset.

Those expenses which may be deducted include the cost of leveling, grading, terracing, contour furrowing, construction, control and protection of diversion canals, drainage ditches, earthen dams, water works, outlets and ponds, brush removal and planting of windbreaks and other treatment or moving of earth, provided that these expenditures are incurred for the prevention of erosion of farm lands.

A farmer may elect to deduct these expenses incurred in 1954 on his 1954 tax return, or if no such expenses were incurred in 1954, may make the election on his tax return for the first year in which such expenditures are incurred. However, if the election is not made at that time, the taxpayer must obtain the consent of the Commissioner of Internal Revenue before being allowed to expense these items.

Once made, an election is binding for all subsequent years, unless the taxpayer requests and obtains authority to make the

change. This column, based in Federal law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

PTA To Have Family Night On Sat. Nov. 13

The Santa Anna PTA met Tuesday afternoon in regular session with all officers in their places. The meeting, called to order by the president, Mrs. Jack Dillingham, was opened with a prayer.

Entertainment was furnished by Mrs. Gertrude Martin's Choral Club. The theme was "Our American Music", and the youngsters gave the history of some of our old songs. The Eighth Grade Choral Club sang modern popular numbers and other grades dramatized famous typical American songs.

Groups dressed as Indians, Cowboys and Negroes, sang appropriate songs. The Indians sang "Red Wing" and "Cherokee." Negroes sang "Steal Away" and "Swing Low." Cowboys sang "Home on the Range" and "Navajo Trail." There were plenty of patriotic songs. The children have talent and Mrs. Martin is doing a great work with them.

The speaker for the afternoon was Mrs. W. B. Sparkman, in continuation of the Constitution theme. She spoke under "Establish Justice," her subject being "Government by Law." The talk which was very thought-provok-

ing, was along the lines of making democracy work.

During the business period Mrs. Vernon Campbell, finance chairman, told of the Family night, to be held in the Gymnasium at 7:30 p. m. Saturday, Nov. 13. Mrs. Bob Markland explained the features of the meeting, which has no admission fee. There will be refreshments and entertainment. There will be a cake auction and tables ofazaar articles to sell. It was nice to see the lovely new shades recently placed on the windows in the cafetorium, where the meeting was held.

Miss Odum's 4th and 5th grade pupils won the attendance award.

First Conquest

Lesson for November 7, 1954

MR. ALLAN TROUT writes: "I started on the journey of life with the full intention to conquer the whole world. . . . But 32 years of retrospection have taught me, if anything, that the only world I ever had a chance to conquer was that speck of it within my own carcass." Mr. Trout may be exaggerating a bit, but he is exaggerating in the direction of the truth. The sad fact is that he is not alone, by any means. Millions of young people today do not know this simple fact: that it is no use to hope to conquer the world if you do not first conquer yourself. This is a truth not discovered first in the 20th century; ten centuries before Christ there were wise men who knew it.

Dr. Foreman

Self-Control Is Not Self-Represion

Many persons do not like even the notion of self-control because the word sounds harsh, negative, joyless and austere. The word conjures up a grim-faced Puritan who feels that anything pleasant must be sinful. (The real Puritans were a pretty jolly lot, as a matter of fact.) But self-control, about which the Proverbs (and the rest of the Bible too) speak, is not mere no-saying to yourself. There is, to be sure, a NO! in self-control. But when you drive a car, you steer it because you are going somewhere. You say NO to the ditch, NO to the bridge abutment, NO to the passing trucks, for a reason. You want to keep going. Steering is more than not going off the pavement; it is keeping moving in the direction of where you want to go. There may be a dozen wrong directions the car might take; if you removed your hands from the wheel. What you are doing is to keep on in the one

right direction. Human self-control is that sort of thing. You have more than one self, you have many. Some of them are good, some bad. The question simply is: Which one of your selves is going to take the wheel?

Weak Spots

The Proverbs point out some of the places in human make-up where character is the most likely to be weak. One of the commonly mentioned break-down spots is the tongue. Talking is so easy, and talking without thinking is fatally easy. As James says, it is easier to tame wild animals than to tame the tongue; indeed, no one has ever quite done it. And what trouble can be caused by one hasty, thoughtless or mean sentence! It takes time to do a mean thing, it calls for a little planning. One has time to think it over, to decide not to do it. But saying a mean thing takes no time at all, it just slips out in a flash, there is no time to think . . . and the friendship is broken, the good day is spoiled. Another weak spot where it is hard to get control of ourselves is the emotions. The book of Proverbs mentions especially and often the emotion of anger. The angry heart and mind are back of the angry word. Before the insult that leads to the fight, there is the simmering bitter mind that thinks of the angry word. And anger leads to fights and brawls and even murder.

Why Make It Harder?

If there were no such thing as "hard liquor" or any kind of alcoholic beverages, if everybody stayed cold sober all the time, people would have a hard enough time getting control of themselves. The tongue of a preacher is hard to tame, just as much as the tongue of a truck-driver. The temper of a lady may show itself differently from the temper of a sergeant in the marines, but it's as hard to control and can do quite as much harm. But the whole problem of self-control is made more difficult by the use of liquor. The Proverbs know this, and say it. Now if you were a general, you would not dope your army with some serum that would make them stupid and sick. You would want them at their top form for every attack. So if you are interested in controlling yourself, you are being idiotic, you are working against yourself, if you make it harder by liquor-drinking. If it is easy to say the wrong thing when sober, it is twice as easy to slip up when the mind is clouded by alcohol.

From where I sit ... by Joe Marsh

Our Town Makes Good in New York City

Couldn't place a new subscriber named Clark, but I found out who they were last week when they dropped in *The Clarion's* office.

"We're native New Yorkers," Mrs. Clark said, "and all our friends there are originally from other places. We always felt left out when they talked about things 'back home.'"

"That's why we 'adopted' your town and to get all the news we subscribed to *The Clarion*. Now we have a 'back home' to talk about—and we think it's the most wonderful town there is!"

From where I sit, just about everyone thinks his own home town is best. Picking your town comes natural. The right to do this "picking" though, is what really counts. Whether it's a favorite town, a favorite cut of meat, or even a choice of a beverage—say between beer and buttermilk, it's respecting the right to this freedom of choice that makes a good neighbor. I hope you subscribe to that!

Social Security Changes Made By '54 Amendments

The 1954 Amendments to the Social Security Act, signed into law by President Eisenhower recently, will have a direct effect on almost every American family, according to R. R. Tuley, Jr., manager of the Abilene district office of the Social Security Administration.

"Some of the changes take effect immediately," stated Tuley, "and other changes will not become effective until January 1, 1955. This is the first of a series of informative articles to acquaint the people of this area with just what the changes are and also what they are not."

All Social Security offices want this change to get as wide publicity as possible, trying to reach 300,000 affected persons over the

entire country. Widows and unmarried children under 18 of persons who died before September 1, 1950, can now be paid benefits previously denied, if the deceased had at least 6 quarters of coverage to his credit at the time of death after 1939. A quarter of coverage means being paid at least \$50 in wages for employment covered by the Social Security Act in a calendar quarter after December 31, 1936.

Persons covered by Social Security can receive credit of up to \$4200 per year, starting in 1955,

towards future benefits instead of only \$3600 per year as had been the case since 1950, or \$3000 per year for years before 1951.

The Coverage of Social Security will be expanded to cover more farm workers than before, more domestic employees than before, added self-employed groups such as farm operators, accountants, engineers, funeral directors, architects and, on voluntary basis, ministers and Christian Science practitioners.

Following articles in this series will give more details on the

items mentioned above. Readers are urged to clip and save this series as a source of reference when the question of Social Security comes up later in family or other discussions. To get the most from one's own Social Security account, accurate information as to the things provided and not provided by the law is essential. There's just a little "mis" between INFORMATION and MISINFORMATION, but that little difference might well serve to cost some family thousands of dollars.

C. J. Deer returned home Tuesday from a trip of several days to Lubbock. Mrs. Nita Williamson of Whon, spent the week end with Mrs. Deer.
