National and International News Hi-Lights of the Week

On October 31, the OPA ordered its 1,642 local boards to close on November 4 and pushing on with decontrol, took the ceilings off hats, handbags, neckties and some other apparel.

Other items decontrolled include silver, steel tubing and alloy steel, household scouring powders and iron ore that is shipped after next January 1.

President Truman reiterated Sunday this country's determination to keep exclusive control for a long time of Pacific island bases it deems essential to its own security.

He told his news conference that this country would ask the United Nations for authority to establish exclusive trusteeships over these islands, many of which were wrested from Japan.

Russian Foreign Minister Molotov Sunday paid tribute to the late president, Franklin Roosevelt as he laid a wreath on the grave.

Delegates from the 51 nations, including many of the world's top diplomats, clustered around the monument in the rose garden of the Roosevelt home for the ceremony and bowed their heads in silent tribute.

Molotov made his oral statement to newsmen later in the midst of a tour of the library. After reading a copy of the Tcheran agreement providing a second front in World War II, he paused to say:

"I feel that the sentiment of the Soviet delegation can be expressed in the following terms: 'Eternal memory to the great President, Franklin Roosevelt.'"

A new move to take the United Nations headquarters back to Europe and settle it permanently in the League of Nations Palace at Geneva loomed as a possibility Monday in the UN assembly.

The UN Security Council also dropped from its agenda by a unanimous vote the long dormant Spanish case and gave the assembly the green light for whatever action it wants to take toward Generalissimo Francisco Franco.

Soviet Delegate Andrei A. Gromyko last June vetoed all attempts by the council to send the case to the assembly for its action this fall.

Poland last Friday filed two resolutions with the assembly, one demanding a complete UN break with Franco and the other barring Franco Spain from any participation in organizations affiliated with the UN.

The strike of AFL pilots that has grounded all Trans-World Airlines planes for 15 days appeared close to an end Monday night, but there was little progress in unsnarling the labor problems throughout the nation.

David L. Behncke, chief of the Airline Pilots' Association, announced that the union had "officially accepted" a government arbitration offer. Details of the plan were being worked out in Washington after both sides had announced earlier acceptance of the arbitration "in principle."

Texas democrats, with a good three quarters of their voters on the bench, scampered to an easy victory over republican foes in general election yesterday.

The three state amendments also apparently carried. The one giving state employees pension and other privileges was close.

The steering committee of the United Nations assembly tonight approved a United States proposal to widen the permanent headquarters site question to include consideration of New York City and San Francisco.

New Pastor To Methodist Church This Week

Following the annual conference of the Central District of Methodist churches held last week in Fort Worth, Texas, the local pastor, A. K. Marney, was transferred to Mart, in the Waco district and Henry R. Rice was assigned to the Santa Anna church. Other information follows: Appointments for the next seven months in the Central Texas Methodist Conference were announced Friday by Bishop A. Frank Smith of Houston at the close of the eighty-first annual conference meeting.

The appointments were for seven months because the conference has voted to hold annual sessions hereafter in the spring, probably in June.

Livestock Show At Mozelle In Jan.

Announcement has just been made by B. D. Murff, Vocational Agriculture teacher at Mozelle High School, that the first annual community livestock show will be held during the coming year at Mozelle School. The date has not been set definitely, but will be in the early part of January, 1947. In the FFA and 4-H Division classes will be included for beef calves, mutton lambs, fat barrows and breeding livestock. Cash awards and ribbons will be made to winners in this division. In the adult division classes will be arranged for all types of livestock that might be exhibited. Ribbons will be awarded in this division. Those interested in exhibiting livestock at the show can obtain additional information from Mr. Murff at the Mozelle High School.

Mr. and Mrs. John V. Asta of Bristol, Pennsylvania, have announced the birth of a daughter, named Joye Elaine, on October 26th, at 8 a.m., weight 4 pounds and 14 ounces. The mother is the former Fleda Perry of Santa Anna.

Mrs. B. A. McSwain and son Jerry Don and her daughter, Mrs. J. B. Ratliff, of Brownwood, attended to business in Santa Anna Monday.

Tommy Upton began working at the Piggly Wiggly store Monday. He had been employed at the Coleman airport.

Mr. and Mrs. Harve Melton and son, Patrick of Lubbock attended the funeral of Mr. I. O. Shield here Monday.

Mrs. Addie French of Stephenville, sister of Mrs. Fred Turner, who was brought here recently, has been quite sick in the Sealy Hospital but is reported to be somewhat improved.

A Pie and Apron Sale will be sponsored by the Home Demonstration Club at the Santa Anna Hardware Store, Saturday, November 9th.

Lee Fiveash and family have moved from Whon to the house recently purchased from Clarence Holland.

On November 1, a son, Donald Edward, weight five pounds, three and one half ounces, was born in the Sealy Hospital to Mr. and Mrs. Tom McClure and on November 4, a daughter was born to Mr. and Mrs. H. C. McClure in Coleman, weight seven pounds.

Both are grandchildren of Mrs. V. W. McClure of Santa Anna.

Mountaineers To Meet Lake View Friday

This week the Mountaineers go to San Angelo to meet the Lake View Chiefs in the first afternoon game of the season. This game will be played at 2:30 p. m. at the San Angelo High School Stadium. This is the stadium on the left of the road just after you pass the underpass going into San Angelo. Transportation is needed for some of the pep squad and band members and if you plan to go to the game and have some room in your car you are asked to contact Mr. A. D. Pettit at the high school and have some one who needs transportation to the game to go with you.

Lake View has lost three conference games this year and tied one. Santa Anna has lost two conference games and no ties. Coleman, Brady and Ballinger beat Lake View and Winters tied them. Santa Anna has lost to Ballinger and Winters, but you don't win or lose a football game on paper. Santa Anna has a fair all round standing in this football season, but the conference play has been a little strong for our team because of the shortage of players. However, Santa Anna sports the top ranking fullback and the best guard in the district. These two, Gene Sherriod and Bob Stafford on the line make any team take notice, and they will be in this game in full swing to take Santa Anna out of the low team on the district standing.

Remember, this game is to be called at 2:30 in the afternoon and it takes about two hours to drive to San Angelo, so it will be a good idea to plan to leave by 12:30 or earlier if possible.

Mrs. C. W. Elrod of Sonora is visiting her brother and wife, Mr. and Mrs. C. V. Drennan.

Town And School To Close Monday

Announcements were made today that the public schools of Santa Anna will be closed Monday, November 11 in observance of Armistice Day. The school will resume their regular schedules on Tuesday morning, November 12.

The main section of the business section of the City of Santa Anna will also be closed November 11. So far as we know, at this writing, no one has gone around and asked the merchants to close, but it is understood that this day is a holiday and so far as we know or can find out all the merchants intend to close.

Breeder-Feeder Tour Postponed

The Breeder-Feeder tour that was planned for Wednesday, November 6, has been postponed for one week. The tour, with the same schedule as announced before, will be Wednesday, November 14. This tour was postponed on account of the weather.

A complete roster of the tour appeared in last week's issue of this newspaper.

Mrs. Vince McClure returned last week from a visit of about three weeks with her sister, Mrs. J. E. Parrish and family in Fort Worth.

Mr. and Mrs. Clark Johnson and infant son of Canyon and her mother, Mrs. Robert Flores, of Ceres California, came Monday for a visit with the latter's mother, Mrs. C. A. Kilmer.

Mr. and Mrs. Lee Hunter and her sister, Mrs. Milo Eidson, who is visiting here from California, visited over the week-end with the ladies' father, Mr. E. L. Brown at Goodlet, Texas.

Santa Annan Is Held In Soldier's Death

Brownwood, Nov. 5—(AP)—A former 36th Division first sergeant who said he had a feeling he "was being attacked by a German" was charged today with the slaying of T-5 Clarence Compton here Saturday night.

Sheriff Earl Stewart filed a complaint charging John Hensley, 29-year-old Santa Anna, Tex., farmer, with the slaying of the Macon, Ga., soldier. Hensley went voluntarily to the Santa Anna town marshal after learning Compton had died, and in the presence of Brown and Coleman county officers, related what happened.

The once-wounded veteran of Salerno and Riviera invasions said he had "kidded" a soldier standing by his car Saturday night. He related that while he was unlocking the car door, second sense made him turn around as the soldier leaped on his back. He said this caused him to have a feeling that he "was being attacked by a German."

General Rains Cover Texas

Two feet of water were caught by the new city lake and 10 inches was caught by the old city lake in the recent rains that have covered the state. Several of the North Texas cities have had to stop traffic because of high water and snow has stopped rail and auto traffic at some points. Beaumont has been hit the hardest by water damage.

A report from the city lakes early this week said this is as accurate a report as could be given at the time, but very little more water has been caught. This will ease the water situation some but still not enough to be out of danger.

The rains have been very valuable to this part of the country. Farmers report that grain is now coming up and prospects look good for winter grazing.

Santa Anna Group To Old Mexico

Mr. and Mrs. E. R. Purdy, Mr. and Mrs. Sam H. Collier, Mrs. C. D. Bruce, Mrs. A. U. Weaver and Mrs. J. R. Bamister of Santa Anna and Mr. and Mrs. Glenn Wright of the Waldrip community left last Thursday for Chihuahua, Mexico. The trip was sponsored by the Big Bend Trail Association, which starts at Texarkana and ends at Presidio. They went by train from Presidio to Chihuahua but the road will eventually be completed to that point. There were 308 persons in the group, all meeting at Alpine, there being three bus loads and 50 autos from cities and towns along Route 67. The mayor of Chihuahua City and other dignitaries were on board the special train to see that sandwiches and refreshments were served the travelers and to arrange hotel accommodations in advance. From newspaper reports it seems the tourists were given a royal welcome by the 90,000 citizens of Chihuahua.

Shield Brown of Austin was here Monday for the funeral of his uncle, I. O. Shield, and remained for a visit with his father, A. R. Brown and Mrs. Brown. Mr. Brown is still sick at his home, but is reported to be getting along very well. Miss Elizabeth Eeds was home for the week-end from N. T. S. T. C. at Denton.

Ed Spencer, Jr., 51-c left Friday for his base at San Francisco, California, after spending a 30 day leave with his parents. Mr. and Mrs. Ed Spencer and sisters, Mrs. Duke Walters and Mrs. E. C. Smith. While on leave, Ed and his parents visited in Clyde and Baird with Mr. Spencer's brother, Sam Spencer and his niece, Mrs. Raymond Jones.

Mr. and Mrs. Ben Ewing, Jr., of Waco spent the week-end with his grandparents, Mr. and Mrs. Don Ewing.

On Monday afternoon, October 28, Mrs. E. C. Smith was honored with a shower at the home of Mrs. R. P. Earnhart. Thirty nine friends and relatives were present and the honoree received many lovely and useful gifts. Refreshments were served by Mrs. Ira Earnhart, Mrs. C. W. Rasberry, Mrs. Duke Walters and Cora Faye Earnhart.

Mr. and Mrs. H. M. Oder of Abilene visited Sunday with his mother, Mrs. A. L. Oder.

Friday and Saturday of this week Santa Anna will hold the Third Annual Turkey and Poultry Show for Coleman County. This annual affair was discontinued during the war, but now it will be held in the fall of each year. Plans are complete and a large number of entries are expected.

Entering exhibits will begin at 8:00 o'clock Friday November 9th, and all exhibits must be in by 1:00 p.m. the same day. Judging will begin at 2 o'clock. E. D. Parnell, H. H. Weatherby and George McCarthy will be the Judges. Ribbons will be awarded to the first five place winners in each event. Entries must be left in the show building until 4:00 p.m. Saturday November 9th. The show will be held in the Shield building in the west part of town.

Educational exhibits will be arranged by the 4-H club girls and boys, the Home Making Department of the High School, and The Vocational Agriculture Class, and the Mome Demonstration Clubs from over the county.

The program will consist of a talk on Turkey Marketing by F. Z. Beanblossom. Mr. Beanblossom will also give a talk and a demonstration on the grading of live and dressed birds. Sanitation and Disease, How to Control by E. D. Parnell and selecting of Turkey Breeding Stock by H. H. Weatherby. These talks will be followed by Turkey Tom classification.

Entry blanks will be on hand at the building for you to fill out when you bring your birds there. The FFA boys will be there to help take care of the birds.

Mrs. J. R. Gipson received a phone call Monday night from her daughter, the former Miss Mildred Simpson, saying she had been married at the weekend to Mr. L. D. Machado. The couple are making their home in North Hollywood, Calif.

Mrs. Will Parker and Mrs. Vernon Parker and June visited with Mrs. J. V. Browning and family at Abilene over the weekend. Little Bill Browning had a tonsilectomy on Friday and was getting along all right when they left.

Mr. and Mrs. Lovell Richardson had a delightful trip to points in East Texas last week. They visited at Dallas, Tyler, Kilgore, Overton, New London and Arp. Visits were made to a brother, a sister, a nephew and a niece of Mrs. Richardson while on the trip.

Ralph Conley arrived home from overseas duty last week, having been 12 months at Yokohama. He will have been in the service 20 months when he gets his discharge on December 8th. He is with his wife at the home of his parents, Mr. and Mrs. C. T. Conley for the present.

Ed Spencer, Jr., 51-c left Friday for his base at San Francisco, California, after spending a 30 day leave with his parents. Mr. and Mrs. Ed Spencer and sisters, Mrs. Duke Walters and Mrs. E. C. Smith. While on leave, Ed and his parents visited in Clyde and Baird with Mr. Spencer's brother, Sam Spencer and his niece, Mrs. Raymond Jones.

Mr. and Mrs. Ben Ewing, Jr., of Waco spent the week-end with his grandparents, Mr. and Mrs. Don Ewing.

On Monday afternoon, October 28, Mrs. E. C. Smith was honored with a shower at the home of Mrs. R. P. Earnhart. Thirty nine friends and relatives were present and the honoree received many lovely and useful gifts. Refreshments were served by Mrs. Ira Earnhart, Mrs. C. W. Rasberry, Mrs. Duke Walters and Cora Faye Earnhart.

Mr. and Mrs. H. M. Oder of Abilene visited Sunday with his mother, Mrs. A. L. Oder.

TIME FOR A CHECK-UP!

After last summer's hot and dusty mileage, your car is tired and rundown. It hasn't got the pep, the spruce appearance, the spring in its joints it had last May. It's time to take it to your Humble station for a check-up. These services are essential after a summer of hard driving.

- TIME TO CHANGE OIL**
Drain dirty, diluted, dangerous summer oil, FLUSH, and refill with Balanced 97—It's a good number! Or with Esso Motor Oil—unexcelled!
- TIME TO LUBRICATE**
Humble charted lubrication gets into every bearing with the right lubricant for smooth, long-life operation.
- TIME TO CHECK COOLING SYSTEM**
Drain, flush, and refill the radiator. Replace worn fan-belts and drippy water-hose.
- TIME TO CHECK TIRES**
Rotate your tires for longer wear. Replace treadbare tires for safety's sake. At many Humble stations, you can get Atlas Tires, with the unconditional warranty.
- TIME TO CHECK BATTERY AND BATTERY CABLE**
Does yours need recharging or do you need a new Atlas battery? And don't forget frayed battery cables—they can give you a lot of trouble.
- TIME TO CHECK WINDSHIELD WIPER BLADES**
You'll need a clean sweep on your windshield this winter. To drive safely, you must be able to see.
- TIME TO CHECK YOUR SPARK PLUGS**
Replace burned, cracked spark plugs for more efficient operation and for better gasoline mileage. At many Humble stations, you'll be able to secure Atlas Champions.
- TIME TO WASH, POLISH AND WAX YOUR CAR**
Save that paint. You'll want your car to look good until next Spring.
- TIME TO CHECK DIFFERENTIAL AND TRANSMISSION LUBRICANTS**
These should be changed every 5,000 miles. When was the last time you changed yours?
- TIME TO FILL UP WITH ESSO EXTRA**
The best gasoline you ever used!

Trickham News

By Mrs. Beuia Kingston
The Hallowe'en party was a
jolly, noisy crowd. A good sized
crowd was present. Games were
played, refreshments of pie, cof-
fee and cocoa were served and
everyone seemed to be having
a good time.
Everyone I have talked with
is glad that Rev. Otis Brown
was sent back to the Mt. View
charge, and as we start in for a
new conference year let's think
of what the poet said, "If every-
one did just like me, what kind
of a church would my church
be?" Do we ever think of this
when we fail to come to church
without any reasonable excuse?
Only six out Sunday night.

Mr. and Mrs. Zay Shirley and
Gayle returned home last week
Mr. Shirley did not go any far-
ther than Gatesville. Sorry he
isn't improving much, but is
now under treatment of a
Gatesville doctor.

Mr. and Mrs. Charlie Thomp-
son spent Tuesday night with
her sister-in-law, Mrs. Mary
Simmons and her son, Porter
and wife of Brooksmith.

Rev. Miss Nellie Hill, Miss
Laura Dolan and Mrs. Kingston
visited in the L. P. Jennings
home Thursday afternoon.

Say, had you thought that
next Sunday night is our regu-
lar singing night? Let's not let
up. You who know music and
can sing, come and do your part.
We will be missing Mr. George
Bobo, who came quite often to
help us out. But remember, you
too might be able to sing some
as he did, if you will just keep
on trying to do your best.

Bettie Joyce and Viola Wagner
are spending tonight, Monday,
with their sister, Mr. and Mrs.
James Ford.

We have had right at two
inches of rain in the last few
days. Still a few people who
have not caught much water in
their tanks.

Miss Mary Jo Garland, H. D.
Club agent met with Trickham
club women last Thursday at
the club room with 15 present.
Miss Garland gave a demon-
stration on how to make Christ-
mas greeting cards, and how to

What does it take to run a baby?

Plenty — and plenty of electricity, too. A hungry
young citizen needs food — lots of it — often. That food
needs preparation — refrigeration — reheating.

Baby needs hot water — lots of it — often.
So does his wardrobe. And because Mother
worries about germs, she boils practi-
cally everything but Baby himself.

Clocks must be dependable when
there's a baby in the house.
Lights must go on — quick —
when he cries out in his
sleep. Rooms must be
kept warm — the
list is endless.

Today's mothers are
luckier than those of 20
years ago. With electricity
ready at all times — in any quantity —
to help with the household chores,
mothers have more time to enjoy their
youngsters. Never before has electricity done so
many tasks for so little cost. Actually, the
average family today gets twice as much electricity
for its money as it did 20 years ago.

Your friends and neighbors in this company — and your
own increased usage — helped make that possible.

LOYALTY TO A SCHOOL AND ITS ORGANIZATION

Loyalty to a school should be considered as important as loyalty to one's country. If you are you are guilty of treason. What you are guilty of treason. What does school and its activities and organizations hold for you if you are not interested enough in them to help support them? People that never get in the swim are to be pitied. A person not supporting a school does not

get the thrill that comes when a football game is won nor does he feel the pain when a game is lost or a player gets hurt.

This not only applies to the students inside the school's organization but the people outside who pay taxes to support the school. They are being just as disloyal to their home town school as any student who refuses to support the activities. No matter how many football games are lost, the boys still need and deserve support. People must realize that our team has not had the experience that Ballinger, Winters and Coleman have had, and they cannot be expected to build up that experience in only a year.

During the war, people everywhere were interested in keeping up the morale of the soldiers. They could not fight if they were low in spirit. The football boys can lose their ability to want to win if people keep saying they are beat before they go on the field.

With the support of many, in a few years, we will have built up an all district team. And that day may not be far off!!

SEEN AND OVERHEARD

Coach was giving the football boys a lecture on making better grades. He said, "Why, when I graduated from high school, I was salutatorian." Boyd then asked, "How many were in your graduating class?" To this Coach replied: "Three."

In typing class one day Mrs. Williamson asked if there was anything wrong with anyone's typewriter. "Yes," said Hilton, "mine makes too many mistakes."

Before English class had taken place the other day, James was standing in the window waving to Vance an Sarah Frances. After a few seconds of everyone's whispering, Ruby jumped up and said, "Was he waving to a girl?"

SCHOOL SPIRIT

(From the 1940 Daniel Baker Collegian)

From time to time, we have heard of a thing called "School Spirit." The student has many times pondered in his mind just what is school spirit? School spirit is something that cannot be described, and cannot be had just for the asking.

No one can really describe school spirit, but everyone knows what school spirit is. School spirit is something that lives on in every true Santa Anna High School Mountaineer. Every Mountaineer should thrill to hear the name of S. A. H. S. When you stand and sing the Alma Mater, and your spine tingles with excitement, and your eyes fill with tears at times that is school spirit as no one can describe it.

Every Mountaineer should be thrilled by the singing of the Alma Mater. That Alma Mater represents a tremendous responsibility to faculty, students and friends of the school. Our Alma Mater lets the world know that we have school loyalty, that we are proud we go to S. A. H. S. Win or lose, our school spirit should prevail and make us try to do our best. In fighting the battle of life, our school spirit comes out in our personality can be found a deep inflicted school spirit.

Our spirit is not dead, it is just beginning to live. When you become so concerned over your school that you begin to worry about its spirit then is when your school spirit really begins to blossom and show the world that you do have a regard for school spirit.

SANTA ANNA MOUNTAINEERS VICTORIOUS

A large number of people from Santa Anna were on hand Friday night, November 1 at Cross Plains to see the Mountaineers defeat the Buffaloes 26-0. The first score, made in the first quarter, was by Gene Sherriod. The extra point was successfully kicked by Gene, also. Maurice Kingsbery made a touchdown during the second quarter and Sherriod kicked the extra point. Gene made another touchdown about two minutes before the half making the score 20-0 at the half.

During the half, the Santa Anna Band and Pep Squad presented a very well organized field stunt. No scores were made in the third quarter. In the fourth quarter Maurice Kingsbery intercepted a Buffalo pass and ran around 60 yards for the remaining touchdown.

The Mountaineers will play Lake View at San Angelo next Friday at 2:30. Let's have as

good a crowd there as we did in Cross Plains.

ACKNOWLEDGEMENT

The children of the late W. E. Ragsdale donated a great number of useful books to the High School Library Thursday morning. We, the student body, wish to take this method of thanking them for their thoughtful donation. — The Student Body.

ASSEMBLY AS SEEN FROM BALCONY—NOVEMBER 1

The assembly program started with an introductory speech by Coach Whitaker in which he mentioned the activities of Halloween night. Kattner talked on the behavior of the student body at Cross Plains tonight. The final talk was by Mr. Pettit on safety on the highway and being careful on the road to and from Cross Plains.

The pep rally started when the pep leaders and all the students except the football boy went up on the stage. The yells are very loud heard from the balcony. There was lots of spirit, more than ever before.

The boys called on to speak were James Goodwin, Gene Sherriod, Jerry Fulton, Boyd Stewardson, Chester Bryan, Del Ray Stacy and David Hunter. When the football boys were called on to speak we could tell who his best girl was. She would yell the loudest and smile the biggest. When Coach was called on he introduced the B string and had them stand.

At the close of the pep rally, the pep squad went in front of the football boys and sang "On Santa Anna." The expressions on the faces of the boys were those of thought and responsibility toward our school. With lowered heads, completely getting the meaning of our school song were Hilton and Gene Sherriod, David Hunter, Maurice Kingsbery, James England, Bob Henderson, Howard Lovelady and most of all Coach Whitaker.

THOUGHT FOR THE WEEK

For fools rush in where angels fear to tread. — Alexander Pope.

NOTICE

Monday night, November 11, the Homemaking Chapter is having a Hobo Party for the football boys. We intend to beg for our food so don't be surprised if you have a hobo come to your house. Be sure you have a handout ready.

QUESTION OF THE WEEK

Question: Boys, what do you think about the girls wearing slacks?
Billy Campbell: I think it is unconstitutional.
Freddie Henderson: That is up to the girls.
Herbert Straughan: They look all right either way.
Audie Lee Conley: I think it makes them look a lot better.
Gene Deal: I have nothing against girls wearing slacks.
Boyd Stewardson: It is all right if they want to wear them.
David Hunter: It suits me fine.
Joe Sellers: They look better in shorts.

GOSSIP

We are off for another week full of good ole gossip from the "snooper in chief" and assistant, the little white box in the library.

Sue Milligan and Duane Moredock seem to get along together just fine.

Gene Ray G. evidently has a crush on Virginia White. They are seen together a lot anyway. Jean Rowe seems happy now. Could it be because of a certain senior boy, namely Wolf Wolf Watkins?

People are calling Bob H. "Frankie." Wonder why?

Kelly W. is wearing a '47 clarinet! It belongs to Raymond S., doesn't it? You had better watch him, Kelly, he was with Anne Priddy Saturday night!!!!

Tommie Sue, why did Gene go to Waco? Are you losing your hold on him? Didn't we see him with Earl Jean Friday night?

I'll say we did!! Who was Johnnie Ethel S. with Friday night?? Was it Tally?? Oh brother!!

Some of the couples seen Saturday night were Jean and Jackie, Virginia and Jerry, Elaine and Bob S., Anne P. and Raymond S., Barbara and Dayton (back from Dallas over the week end), James E. and Ruby, and Bob H. and Betty Ann. And we also saw Margaret McCaughan and Kenneth Vance together Saturday night. Can

About the only thing you can not get from a mail-order house is a male.

this be a new love affair??

Some of the couples going to the band hayride are Elaine and Olin, Helen and H. L., Barbara and Jackie, Leroy and who???? Seems pretty secret, could it be, well anyway we aren't for sure.

That's all for this week kids. I'll be back again though. Ever loving, Snooper-in-chief.

SEEN AND OVERHEARD

After working and fretting over bookkeeping for the past nine weeks, Maurice said, "This is as simple as falling off a log." Mrs. Williamson then replied, "That is just what I have been trying to tell you for nine weeks."

While Earl Jean was carrying the ballot box around the campus for votes for queen, she came upon Freddie. She asked him if he would like to vote. "Yes," he replied, "but I have just spent my last cent on this pint of ice cream."

A group of girls were sitting in front of the building one day discussing the pep leaders when Ruby said, "I wonder what people say about me — you girls won't talk about me when I am sitting with you." Then Reba said, "Never mind, Ruby, I'll tell you when we get home."

Coach to Harold: "Suppose you had 20 sheep in one pasture and you had fewer in another pasture. How can you find how many sheep are in the latter pasture?" Harold, "Go count them."

Mr. Pettit had the furniture in the Ag room arranged differently one day. He asked Mrs. Williamson how the bookkeeping class liked the arrangement. "I don't believe they like it very well," she said. "NO," Maurice put in. "I can't see Odell's paper from where I am sitting now."

Seen in the balcony during pep rally Friday morning, Barbara and Betty Ann. Vivian said, "Yes, I know he was henpecked — because I know what henpecking is."

Improved Uniform International SUNDAY SCHOOL LESSON

PAUL IN ATHENS AND CORINTH

LESSON TEXT—Acts 17:22-28a; 18:1-4; 1 Corinthians 1:22-23.

MEMORY SELECTION — For other foundation can no man lay than that is laid, which is Jesus Christ.—1 Corinthians 3:11.

History repeats itself, in spiritual things as well as in secular events. The experiences of Paul at Athens and Corinth are peculiarly applicable to our day, for here he encountered the very problems which face (and have apparently stopped) the church today.

The cities were not far apart in miles, and they were both pagan, but they differed widely in their cultural and commercial development.

Athens was the home of a goddess culture. Corinth was a prosperous commercial center known throughout the world for grossly licentious living.

What did the gospel accomplish in such cities? We shall soon see. I. Godless Intellectuality Meets the Gospel (Acts 17:22-28a).

Paul was alone in Athens. He had been separated from his companions Silas and Timothy (Acts 17:14), and was to await them at Athens. While he waited he looked the city over and found it wholly given to idolatry (v. 16). This was no idle observation of a scientific mind, for it caused Paul's spirit to stir in him.

It is a bad sign when a professed Christian can live in the presence of sin and false worship and not be deeply moved by it.

Paul did something about it! He went into the great daily gatherings of philosophers and gave them some solid Christian philosophy to work on. They were curious to know more, and when the opportunity arose, Paul preached the sermon on Mars Hill.

He found them superstitiously religious, but religion does not save. They even feared lest they had forgotten some god, so one altar was "to the unknown God" (v. 23). This gave Paul his opportunity, for he declared the one true God—unknown to them—as the answer to their question.

The intellectual felt superior and had an idea that God needed him, a kind of snobbery which is as current in 1946 as it was in Paul's day. How effectively he disposed of that attitude appears in verses 24 and 25. They needed God, and without him they could not draw a breath!

Moreover, the pagan intellectual then as now would swell with pride as he thought of the race and people to whom he belonged. They were superior—a master race. Paul declares God's truth that all men are of one blood, and that the nations are in his hands (v. 26).

What they had to do, and what the godless intellectuals of our day need to do, is to seek God in humble repentance and faith; then lives can become fine and noble and useful (vv. 27, 32-34).

II. Sophisticated Immorality Meets the Gospel (Acts 18:1-4).

To Corinth Paul came (evidently still alone) without friends or funds. Like all well-bred Jewish boys, he knew a trade. He was a sail maker and tent maker. Rather than have the ungodly men of Corinth hinder his preaching by the criticism that he was doing it for money, he supported himself.

The minister who is eager for rich financial return, and who is willing to accept the gifts of the ungodly that his work may prosper, has closed the door for his testimony to many who do not believe. In fact, one wonders whether he has any real testimony to give.

In this wicked city, given over to vice and fleshly pleasure, Paul made his way to the synagogue and began to preach Christ. He reasoned and persuaded and won some for the Lord as he continued with them for a year and a half (Acts 18:11).

Paul's letter to the Corinthians reveals the struggle of the believers at Corinth to maintain moral standards and spiritual warmth in such a city, but it also clearly indicates that the gospel of Christ is "the power of God unto salvation to everyone that believeth" (Rom. 1:16), even in the midst of sin and corruption.

III. The Gospel Meets Sin—and Is Victorious (I. Cor. 1:22-25).

The wisdom of this world—for which Athens stood in a special way—becomes foolish in the eyes of men, as it is already in the sight of God, when it stands up against the gospel (read vv. 12-21).

I. O. Shield Buried Here Monday

Funeral services were held at Sunset, Texas, Monday morning November 4th at nine o'clock for I. O. Shield, who died there on November 2nd of a heart ailment. The body was then brought to Santa Anna and graveside services were held at the Santa Anna cemetery at 4 p. m. with Rev. J. J. Muller of Coleman conducting the services.

Hubert I. O. Shield was born in Coleman County November 15, 1887. His parents, Mr. and

Mrs. L. L. Shield, deceased, were pioneers of this county. Most of his life was spent in Santa Anna and for many years he was a cotton buyer here, where many friends regret his passing. He is survived by his wife, Mrs. Hoppiee Trippitts Shield of Sunset, one sister, Mrs. Camille Shield Wallace of Ft. Worth; one brother, Elgean Shield of Santa Anna; and two daughters by a former marriage, Bess Shield of Bastrop and Mrs. Annella Shield Clark of Detroit, Michigan and one grandchild.

Pallbearers were W. I. Mitchell, Will Parker, George Green, Judge Woodruff, Roy Casey and Louis Burney.

Honorary pallbearers were Stafford Baxter, J. J. Gregg, A. R. Brown and Jack Taylor.

Who Gets Off Easiest—Men or Women?

Maybe you saw that poll on who has the easiest life—men or women? Of course, the men voted that the women did, and the women vice versa.

It would be the same in our town—take any family. Thad Phibbs envies his Missus spending the day at home, with no hot office to attend to. And Sue envies Thad his luncheons with the boys; and his evening glass of beer with friends (while she cleans up the dishes in the kitchen).

Of course, none of it goes very

deep. Thad knows way deep down that the Missus has plenty of work running a house; and Sue knows Thad's friendly glass of beer is well-deserved relaxation after a long hard day's work.

From where I sit, most husbands and wives may grumble now and then—but they know in their hearts it's a case of live and let live, give and take, that comes out pretty even in the end.

The preaching of the cross, which looks foolish to the worldling (v. 23), is the wisdom and the power of God, and by it men are saved.

Whether Jew or Gentile, whether seeking signs or wisdom, whether "up-and-out" by way of pagan intellectualism or "down-and-out" by way of immorality—no matter what man's race, or his problem—the answer is in the gospel which we are privileged to teach and preach, for it is the gospel of Christ, the power of God and the wisdom of God" to all who are called by him.

You are hereby notified and commanded to appear and defend at the first day of the next regular term of the 35 District Court of Coleman County, Texas, to be held at the Court House thereof in the City of Coleman, Coleman County, Texas, at or before 10 o'clock A.M., on the first Monday in January, A. D. 1947, the same being the 6th day of January, A. D. 1947, then and there to answer a petition in a delinquent tax suit filed in said court on the 12th day of April, A. D. 1946, in a suit numbered 6792-A, styled The City of Santa Anna vs. J. D. Williams et al, on the docket of said court in which The City of Santa Anna is Plaintiff, and Santa Anna Independent School District, and State of Texas and County of Coleman, intervenors, and J. D. Williams et al are defendants, and show cause why judgment shall not be rendered condemning said hereinafter described property and ordering sale and foreclosure thereof for said taxes, penalties, interests, and cost of suit.

Said suit is a suit to collect taxes, interest, penalties, and cost on the following described property:

Situated in Coleman County, Texas, and being: TRACT 1. South one-half of Lot 2 in Block 50 Original town of Santa Anna, Coleman County, Texas. TRACT 2; Lot 3 in Block 50 of the Original town of Santa Anna, Coleman County, Texas.

The amount of taxes alleged to be delinquent, due, owing, and unpaid for the respective years and in the respective amounts for each of said plaintiffs, intervenors, and impleaded party defendants, taxing units, on the above described property is as follows:

Plaintiffs, Impleaded Party Defendants, and Intervenor That Are Taxing Units City of Santa Anna, Texas Taxes Due \$125.07 Years Delinquent 1922 to 1945 inclusive. Peggy Throgmorton's History Of 4-H Club Work

Peggy Throgmorton, a third year 4-H girl and a member of the Brown Ranch 4-H Girls' club, won second place in the Gold Star contest for Coleman County, for 1946. The story of Peggy's three years of 4-H club work, written by Peggy follows.

The Story of My Three Years In 4-H Club Work -Peggy Throgmorton.

I was 11 years old March 31, 1946. My parents are Mr. and Mrs. S. O. Throgmorton. We have lived at Brown Ranch since January 20, 1942. I am a member of the Brown Ranch 4-H Girls' Club. The first year I was a club member I helped all I could with the canning of 420 qts. of various kinds of food. I made a trash box by cutting covering and lacing it together. That was the year the Home Demonstration clubs made ash trays for Camp Bowie. I made and painted three ash trays to send. I made a pot holder, eight plain cup towels, one pair pillow cases, two pairs of shorts and a gathered skirt of used material. I did some cooking, with mother showing me how. I learned to make vegetable salads and fruit salads.

The second year, dress making was the outstanding part of our work. My twin sister and I tied for first place at our club style show. We modeled our dresses together. Later, we made another pair of dresses and tied for second place at the County 4-H Rally held at Coleman. During the second year of club work my sister and I tacked 2 quilts while mother made us some new coats. I also pieced a string quilt top. I made 7 cup towels, 1 pair pillow cases and a foot stool that serves as a stool and a place for daddy to keep his business papers. I bottomed my bedroom rocker. I canned 5 pts. pineapple, 10 qts. snap beans, 8 qts. tomatoes, 12 qts. peaches and 6 pts. sandwich spread. The third year I was in the 4-H Club. I was bedroom Demonstrator for my club, and daddy and mother surprised my sister and I with a nice bedroom suit. Of course it made the walls

show that they needed new paper. When we started papering, mother held the paper while I matched it. I did the cutting and trimming of the paper. I put up new white curtains. I added some slats to our bed, made pillow protectors for our pillows and helped build a closet in my brothers room. I made 3 pictures, a dog of yarn, a rug, 2 blouses. I try to keep my sewing basket up to standard at all times. Canning I did the third year was: 8 pts. cashew, 7 qts. tomatoe juice, 12 qts. black-eyed peas, 12 pts. English peas, 10 pts. chill sauce, 10 pts. pineapple, 3 qts. snap beans and 12 qts. peaches. I helped do the other canning too. If we hadn't had so much work besides the canning and sewing I could have done a neater job at what canning and sewing I did. My brother, sister and I cut the cockle burrs and Johnson grass out of 150 acres of feed by ourselves. Before this year we helped when daddy was cutting the burrs and grass. I always help with the garden work. When wash and iron day comes, and I'm not in school, I always help. By helping do these things I learn to do them alone if I need to. I have learned a great deal about cooking. I can make biscuits, cornbread cakes, doughnuts, cook vegetables, meats, and make several salads. I plan to go on with 4-H club work as long as I can. When I am not a 4-H member I hope I can be a home demonstration club member because I like the work in both clubs. I attend the home demonstration club meetings in the summer with mother. I think it is good for boys and girls to be in 4-H Club work. It helps teach us to work with others.

FARM FACTS
 WORTH KNOWING

Q. Will a cow produce more milk if milked three times a day rather than twice?

A. Yes, provided that the cow has inherited the ability to produce large amounts of milk. Milk secretion is continuous, and when the udder is filled to capacity the nutrients for making milk return to the body. By milking more often, more milk is made.

Q. Do laying hens need more feed when their egg production is high?

A. Yes. When egg production is high, hens need more feed to keep up their body weight. If feed rations are not sufficient, body weight will go down and production will slump. The Research Farm of the Ralston Purina Company recommends feeding according to the following table:

When Egg Production Is	Total Feed Required Daily
40%	20 to 22 lbs. per 100 birds
50%	23 to 25 lbs. per 100 birds
60%	26 to 28 lbs. per 100 birds
70%	29 to 32 lbs. per 100 birds

Q. Do champion swine producers make use of pasture?

A. During the past two years, several swine producers in Michigan have made enviable production records. In every case, the proper use of pasture played an important part in their success. It was reported that 15% to 20% less feed was required when pigs could have plenty of good forage. About half of the protein needed was supplied by the pasture.

Q. How much coal is required for brooding broiler chicks?

A. About four to seven pounds of coal per chick is required, depending upon the region and the season of the year.

36th Division History Off Press

Austin, -- Just off the press and in the mails for distribution to subscribers is a 360-page pictorial history of Texas' own 36th Division's combat from the bloody shores of Italy through France, Germany and Austria. It is announced by President Carl L. Phinney, Dallas, of the Division Association.

Publication of the history consummates an agreement made with the soldiers of the division when they were on occupation duty in Germany. After deactivation of the Division, the association agreed to fulfill all terms of the contract, although the price of the history had been set overseas so low there was a question whether or not publishers in the United States could deliver on all promises.

Through more than 200 pages are pictures and text that tell the story of the Division's gallant fighting through the torturous Italian mountains and Winter; its rout of the enemy from Rome and north; its brilliant drives through France; its conquering of the vaunted Siegfried Line that was supposed to guard Germany; and its rapid push through Hitler-land on into Austria, where it was pursuing the Boche when surrender came. Through 150 pages are a roster of the more than 50,000 soldiers of the Division in combat.

All initial subscriptions having been filled in accordance with contract, the book is now available to others. To veterans of the Division, a price of \$4.20 has been set. This includes also, one year's membership in the 36th Division Association, which has a headquarters address of Box 2174, Capitol Station, Austin, Texas.

To all others and the general public, the price is \$5.00 per copy.

State Department Of Health Letter

Reports coming in from various sections of the State indicate that the number of influenza cases appear to be increasing with the advance of the fall season, and during the past week 930 cases were reported in Texas.

Commenting on this situation today, Dr. Geo. W. Cox, State Health Officer, said that most of these cases are mild and lend themselves to treatment readily. He pointed out that two cooperative factors are essential to victims of this disease; first, to call the family physician promptly when suspicious symptoms appear; second, to take it easy for a reasonable length of time after the acute stage has subsided.

"It is essential to realize that influenza, no matter how mild the attack, calls for a period of convalescence, because serious complications can occur if this important fact is ignored," Dr. Cox said. "Influenza is not mass-controllable. However, those persons who maintain the highest possible health level at all times, increasing their resistance to communicable disease germs, will have a protective advantage over those more careless persons who continually abuse their health."

The State Health Officer declared that living by the laws of nature, getting plenty of sleep, daily exercise in the open, nourishing foods and good personal hygiene offers the best known bulwark against all respiratory diseases and added that avoiding habits of any and all kinds detrimental to maximum well-being is a wise course to take in the pursuit of good health.

Did you hear about the moron who tipped to the medicine cabinet so he wouldn't waken the sleeping pills?

Mr. Kattner: "For this job we want a responsible woman."

Mrs. Davis: "That's me. Wherever I have worked, if anything went wrong they told me I was responsible."

County Agent's Column

Cattle grubs are showing up in great numbers among the cattle here in Coleman County at the present time. The only way to stop losses from heel flies and cattle grubs is to kill the grubs in the backs of the cattle before they mature and fall out on the ground. These grubs burrow into the ground and spend the winter months there, when the first warm days of spring come they develop into heel flies, which in turn lay eggs for the following year's crop of grubs. Cube or derris powder, which contains rotenone, applied in the form of dust, sprays, washes or dips to the backs of the cattle is the recommended treatment.

When the material is applied with a shaker can, at least 3 ounces of the dust mixture is required to cover the back of an animal thoroughly. The can or glass jar should be provided with a closely fitting top, in which about 15 holes, each about 1/4 inch in diameter, are punched outward through the lid. The success of the treatment depends upon the thoroughness with which the powder is worked through the hair and into the grub holes. This is best done by a rotary motion with the finger tips, and not with a straight movement of the flat hand or a brush, which tends to brush the powder away instead of down through the hair.

The first application should be made before the grubs begin to drop, and treatments should be repeated at intervals of 30 days. Usually three treatments are necessary.

The effectiveness of dust mixtures has been found to be in the order in which they are given below:

Ground cube or derris (5% rotenone) parts by weight 1. Double-ground cream trippol earth, parts by weight 2 OR Ground cube or derris (5% rotenone) parts by weight 1. Volcanic ash (micronized) parts by weight 2 OR Ground cube or derris (5% rotenone) parts by weight 1. Pyrophyllite (90 percent to pass through a 325-mesh screen) parts by weight 2.

Formulas for applying in liquid form can be obtained at the County Agent's office.

Mr. V. L. Grady was in Brownwood several days last week visiting his brothers and families. Mr. and Mrs. Dick Grady were sick with flu. She had been in the hospital but had been moved home and was improving slowly; he also visited C. M. and E. B. Grady in their homes.

Weekly Surplus WAA News

West Texas Educational Institutions shared in the awards of surplus property, most of it given without exchange of funds at the request of FEA to futher the facilities to aid veterans enrolled as students. TCU obtained a quantity of tables; McMurray College, Abilene, receives 1800 mattress covers, 150 clothes lockers, chairs, and wardrobe racks; to Abilene Christian College goes chairs and wardrobe racks; Wayland College at Plainview obtains lockers and cabinets, and Baylor University gets better than free.

At a discount of 95%, large stocks of surplus was sold this week to West Texas State Teachers College, Canyon; Texas Tech at Lubbock; Butler College, Tyler; Texas A & M, College Station, TCU, North Texas Agricultural College, Arlington; and the University of Houston.

The small business man who runs the corner store is to come in for a mole important share of surplus property disposals, starting in November, WAA in Fort Worth announced. Within the definition of "small business" are enterprises not having more than 500 employees. Both retailers and wholesalers are included in the group. The RFC has a buying priority immediately following the Federal Agencies and Veterans. Mr. Ralph Roberts of the Dallas zone office has been appointed representative to assist small businessmen to buy surplus and maintain contact with business groups and chambers of commerce throughout the southwest.

All roads in the Panhandle will lead to Hereford next Wednesday, November 13, as War Assets Administration opens the doors of the former war time Prisoner of War Camp in a huge "site sale".

Lumber, plumbing and heating equipment and supplies; electrical equipment and fittings, all stockpiles by WAA to offer for sale to aid in alleviating the critical housing shortage for veterans, will be offered November 13, 14, 15, 18 and 19 to holders of HH priorities. For the opening 5 days each holder of an HH priority will be limited to buying materials not to exceed an amount sufficient to complete construction of a five-room dwelling.

It will be "first come, first served" among the HH priority holders when the doors open at 9:00 A. M. Wednesday 13th. Veterans exercising a priority build their own homes; contractors buying material to construct homes for re-sale to veterans; all will line up according to their time of arrival at the Here-

High School Faculty Feted

On Tuesday night, November 5th, Mr. and Mrs. George Cobb and Stanley, and Mr. and Mrs. John Will Vance and Kenneth entertained at the home of the latter, Golden Hoof Farms, with a buffet supper honoring the Santa Anna High School faculty.

Those attending were Supt. and Mrs. B. A. Kattner, Mr. A. D. Pettit, Mr. and Mrs. Herbert Sowell, Mrs. Nettie Singleton, Mr. and Mrs. Scott Whitaker, Miss Irma Anglin, Mr. and Mrs. Charles Evans, Mrs. I. Williamson, and the hosts, hostesses and the boys.

The menu consisted of barbecue, baked apples, macaroni, cheese with mushrooms, jellied salad with olives, pumpkin pie with whipped cream and coffee. Napkins and place mats were decorated with the Golden Hoof insignia.

Following the meal games of bingo and ring toss were played.

H. D. Club Meeting

The Santa Anna Home Demonstration Club met with Mrs. W. A. Standly Tuesday afternoon, November 5. The meeting had been postponed from Friday because of the weather. There was a good attendance.

A program on Brazil was given with Mrs. Clifford Stephenson, Mrs. Arthur Talley and Mrs. Louis Zachary taking part.

In the election of officers for the coming year, Mrs. W. E. Vanderford was re-elected as president and Mrs. C. T. Conley was re-elected vice president. Mrs. C. W. Stephenson was elected secretary and treasurer. Mrs. Doug Moore continues as council member with Mrs. Talley as alternate.

The hostess served refreshments of cake and coffee.

The Mountain City Garden Club met in regular session Friday, November 1, with Mrs. Hardy Blue as hostess.

Thirteen members answered the roll call with ideas from the food experts.

Mrs. W. V. Priddy was elected a new member.

Mrs. Ollie Weaver gave a very interesting paper on famous botanists and their contribution to the plant world. Of equal interest was a paper read by Mrs. Chap Eeds on famous American gardens.

Make your selections and order early for grade A shrubs and rose bushes. When planted in December they will produce much better blooms than when put out later in the season. Prepare your rose beds well in advance of planting time.

In ordering shrubs don't forget the old reliable colorful nandinas, pyracanthas, blooming quince, forsythia and purple sage.

Home Makers Class Meets

Mrs. Irvin Tabor was hostess Friday afternoon when members of the Home Makers Class met at the regular monthly meeting.

Mrs. Otis Brivins, class president, presided during the business session. She stressed more class organization and directed the election of the following officers: Fellowship vice-president, Mrs. Ben Vinson; stewardship, Mrs. Roscoe Bell; membership vice-president, Mrs. J. L. Gregory; ministrice vice-president, Mrs. Bernice Scott; and Mrs. Glenn McClure, group captain. Prospective members were discussed and each member was urged to obtain new ones.

During the social hour, the group worked on a quilt. At the close of the meeting a delicious refreshment plate was served.

When our cook asked an old maid friend of ours how she would like to have her rice, she said she would prefer to have it thrown at her.
