National and International News Hi-Lights of the Week

The House Republican Steering Committee has agreed upon a 20 percent individual income tax cut, an eight-year limit to the Presidents tenure, and "constructive" labor legislation. That preliminary legislative program was agreed to by a score of party leaders, including members of the policy-shaping the first meeting since Republicans won control of Congress in last week's elections.

The Civilian Production Administration Thursday, junked its lowest clothing regulations, declaring that elimination of price controls made the program "no longer possible."

A CPA official said other controls over the textile industry are being reviewed and some may be "removed or revised soon."

John L. Lewis and the government collided head-on Friday night, with Lewis signaling for a walkout of the nations 400,000 soft coal miners on Wednesday. However, Sunday under orders from President Truman for a finish fight the government made appeals to the soft coal miners under Lewis. The government appealed to the miners to honor their contract and to mine the coal which the nation needs.

Those words in big black letters with a reminder that the contract with the government "remains effective," were ordered posted at all of the 3,300 pits and distributed to the miners in hand-bills in view of the strike threat.

The big powers crushed any small country hope of eliminating or modifying the big power veto in the U. N. Security Council Friday and warned that any change in the charter would wreck the international peace organization.

The United States and Soviet Russia together administered the vital blows to the small power revolt against the veto in a 2½ hour session of the 51 member UN political and security committee.

The Federal Reserve Board, November 15, scrapped all controls over consumer credit, effective December 1, except restriction on installment buying of 12 durable goods in short supply, including automobiles, radios and furniture. And even in those cases, the board announcement showed, there will be no more government (regulation) restrictions after this month where the amount of credit involved is less than \$50, or more than \$2,000.

A sweeping order placing John L. Lewis in danger of jail unless he cancels his signal for a strike of 400,000 soft coal miners was issued by a Federal Court Monday.

The order issued by Judge T. Alan Goldsborough at the request of the Justice Department, directed Lewis to call off his notice of contract termination. The Army announced Tuesday night it was prepared to take a hand in the coal crisis if requested.

The miners, to whom the words "no contract" are traditionally a signal to fling down their tools, were jumping the gun. Figures show that 288 government operated mines employing 74,188 men have become idle.

The Congress of Industrial Organization Tuesday night kicked off a drive for wage increases over more than 25 percent but union leaders were jolted by a report that the steel industry may close down if a coal strike begins Thursday.

A shutdown in basic steel industry would pull the pins from under the new CIO wage drive in steel, auto, electrical manufacturing and other major industries.

Belgium, Columbia and Syria won two-year seats in the United Nations Security Council

The Lions Roar

The regular meeting of the Lions Club was opened with the singing of two songs, followed by one verse of America and all members giving the Pledge to the flag.

Following the luncheon the guests were introduced. Lion Ben Yarborough had as his guest his brother, Mr. D. B. Yarborough of Corpus Christi and his brother-in-law from San Saba, Mr. W. G. Lindy. Lion Bill Stiles had as his guest Mr. W. G. Whitehurst.

The program committee had the newest member of the Club on the program for the day. Rev. Henry Price, the new pastor of the Methodist church, gave a very interesting talk on Thanksgiving.

A discussion was held and it was decided that the Chamber of Commerce and the Lions Club would sponsor the project of putting up the Christmas lights in town, if the colored lights can be found.

Next week there is to be a complete report on the proceeds from the carnival that was held in October and the division of the money with the Santa Anna Boosters Club will be decided at that time.

As there was very little business to take care of, the meeting was adjourned early.

Brownwood, Nov. 18. (AP)—Edward Joseph Miller, 68, who achieved a life-time ambition when he was elected associate justice of the 11th Court of Civil Appeals this year, died today at a local hospital.

Judge Miller was judge of the 35th Judicial District for 12 years. He was president emeritus of the Comanche Trail Boy Scouts Council, and was an Odd Fellow and a Baptist.

He was born in Louisiana in 1877, and was a farmer, rancher, teacher and lawyer. He attended Hardin-Simmons and Sam Houston State Teachers College.

Pupils Evacuated As Flames Sweep School At Brady

Brady, Nov. 18. — More than 160 students were evacuated without injury from the North Ward School here at 1:15 p.m. Monday when a fire broke out in a janitor's utility room and spread rapidly through the lower floor.

The fire was discovered by Principal Jesse Morgan who spotted smoke in the hall. Flames were licking at the walls of the utility room when he opened the door to the closet. By the time he had given the alarm and teachers and students evacuated, the fire had spread to the hall ceiling.

All students left the building in an orderly fashion, few realizing the alarm signified more than a drill.

Some articles of clothing, a few band instruments and other school supplies were damaged.

Damage to the building was heavy. Most of the lower floor roof was destroyed and walls were smoked. The entire building was water soaked.

Thanks Subscribers

The article we published last week brought in pretty good results, concerning our subscribers who are behind with their subscriptions. We appreciate this very much, but there are some of you who are still behind and more of you that your subscriptions will expire before the end of this month. If you expect to receive the paper after the end of this month, you must pay up your subscription.

We have been expecting a shipment of paper for over the last month, and if we do not get it soon the size of the paper may have to be cut down so we can mail each of you a paper. With the cost of newsprint up over 50 per cent in the last year and getting harder to get with each price increase, we are forced to keep our mailing list up to date. We want every family in this trade territory to receive a copy of the paper and we are trying to keep from going up on the price of the paper per year. Please watch the date opposite your name on your paper and when your subscription is getting close to running out, let us know your intentions. Again we thank you for the nice response we received from last week's article.

Santa Anna-Coleman Football Game Changed To Coleman

Plans were made this week to play the last football game of the season in Coleman. There are a number of good reasons why this has been done and some of them will be enumerated later in this article.

The Mountaineers will rest this week after a hard fought game with the Brady Bulldogs last week. The locals lost by a score of 19-13 in a game that seemed to give all the breaks the other way. It just seems that some games have to go that way. However, according to Coach Whitaker, the Mountaineers are in the best spirits that they have been in and plan to win this game next week with the Coleman Bluecats.

The Santa Anna Mountaineers will meet the Coleman Bluecats on the Coleman field at 2:30 p. m., November 23 (Thanksgiving Day). Some of the reasons for the change in the schedule are as follows:

1. According to the original schedule this game was to be played in Coleman, but due to the outbreak of sickness in Santa Anna last year we went to Coleman and they were to come here this year. This is the only conference game that was to be played in Coleman this year. In other words, if this game was played here, Coleman would not have one conference game at home. This can be considered as goodwill on the part of the school officials here.

2. Next year this will give Santa Anna three conference games at home. There will be other games played here, but we would have only two of the five conference here if it were not for this change. With the prospects that we have for a winning team the next year it seems that it is reasonable to have more of the conference games at home if possible.

3. One of the main reasons is the money part of the football season. It is firmly believed that the school will end the season between \$300.00 and \$500.00 better off with the game being played in Coleman than if it were played here. This is because reserved seat tickets will be sold in Coleman, and it is also figured that several hundred more fans will see the game if it is played there rather than here. The school needs this money very badly. The Booster Club has been working in every

way possible to make money for the school. There are new suits and all kinds of new equipment that is needed for the football team for the next year. All the money that can be made this year will certainly be a great help to the boys next year.

The seating capacity at the Coleman field will exceed 5,000. Those of you who saw the Coleman-Ballinger game should appreciate this. Of course, we have more seats than Ballinger does, but we are about 3,000 short of what Coleman has. Each person can be assured of a seat when he attends the Santa Anna-Coleman game.

In a statement from Mr. B. A. Kattner, superintendent of the schools, he said, "I believe we are doing something for the school. We have called the student body together and explained the situation to them. They all seem to be in favor of going to Coleman this year. It will give the team for the next year a lot better chance. This year we have been trying to get as large a crowd out to see the ball games as possible and get the people interested in football again. I believe that the spirit that has been shown here so far this year is enough to convince anyone that the people are behind the school and the football team. When I was approached by the officials from Coleman I told them that under no circumstances would I even consider the proposition. After it was explained to me it seemed like a good idea and after deep consideration, I believe it is the thing to do."

We believe you are right, Mr. Kattner, and will back you up in all you attempt to do. We believe it is good in so far as the money that will be derived from this game. The good will between the two schools and the chances that you are making for the team for the next year will be realized by next year if not before.

SEASON TICKETS GOOD
The season tickets that were purchased here for the complete season are good at this game. Just present your ticket at the gate as you enter the field. The ticket will admit you to the game without any extra charge. The general admission to the game will be 75c. There will be no reserved seats sold for the Santa Anna side of the field.

Let's Give Thanks November 28

A number of centuries have passed since our Pilgrim Fathers gathered at Plymouth in October, 1621, for a day of thanksgiving. They were thankful for their successful crops and the many other blessings which had been bestowed upon them since their arrival in America.

Through the many years since that time, the real meaning of Thanksgiving Day has been almost forgotten and only a few of the old customs remain. As far back as most of us can remember, Thanksgiving Day, has meant a holiday plus turkey, dressing, cranberries and all the trimmings; whereas, the Pilgrims spent their day of celebration in prayers, sermons, and songs of praise.

This year, however, the true significance of the day is more important to us and utmost in our thoughts. Every delightful moment of the old American ritual will be most precious to us this year because there is not one of us who will not remember that it was almost taken from us. We will remember that had it not been for the Grace of Almighty God and the sacrifices of our men it would not have been.

Never before in your life or mine have we had so much for which to be thankful. Above all, we are thankful that hostilities have ceased, and our boys are returning to us.

Beneath the jollity of this Thanksgiving there swells a hymn of gratitude and thanks to Him who has watched over us. Let us resolve to carry on the great task in Peace for which our bravest gave their lives in war. Let us resolve to follow in their footsteps, lighted and guided by their stars. As you go about your Thanksgiving Day activities don't forget to include a special thanksgiving prayer for your peace and security.

John Hensley No-Billed By Brown Grand Jury

Our congratulations this week go to John Hensley, who was placed under a heavy bond two weeks ago, charged with murder in connection with the death of a soldier, who was found dead on the streets of Brownwood Sunday morning, Nov. 3, following a disturbance and a mix-up between the soldier and John Hensley Saturday night. When John was advised of the death of the soldier, he volunteered and surrendered to the officers of the law, and was released soon thereafter, upon furnishing an acceptable bond. Last week the Grand Jury of Brown County investigated the case, which John appeared before, and immediately after closing the investigation, retired to the jury room for deliberation, in quick order and with out decent, the honorable jury reported back to the court, that the said defendant, John Hensley was no billed and given a clean bill of citizenship, or words to that effect. When we first learned of the tragedy, John had our sympathy and our prayers, now, as he is cleared of all blame and no charges are pending, John, you have our congratulations, and it turned out just as we expected it to, knowing you as we do, and having known you all your life. Smaller Papers Best Ad Medium Babson Insists

Chicago.— Small newspapers are more thoroughly read than large metropolitan dailies and are therefore more valuable as advertising media for nationally distributed products, in the opinion of Roger W. Babson, noted economist.

In a recent discussion of American business trends, Babson predicted: More emphasis on advertising in small newspapers, and less on metropolitan mass-circulation dailies.

Increased social and economic importance for small papers. Federally aided decentralization of population, and the consequent building up of small interior communities.

On the subject of national advertising, Babson said there is a tendency among advertising agencies to "talk too much about the circulation of the newspapers in which they place their advertising."

"Of course it is very much easier for an agency to bill each month one large city newspaper than to bill 20 small papers to get a given circulation."

"I insist however, that this is unfair to the advertisers who are employing the agencies. Twenty small city papers may be worth to an advertiser far more than one large city paper with the same circulation."

Babson said it is better for an advertiser to distribute his products over a large number of

cities than to concentrate on any one city.

Also, the small papers are read more thoroughly. The average large city newspaper has so many pages that the reader goes through them hurriedly, and does not give sufficient consideration to the advertisements.

Advertising agencies and newspapers have performed wonderful feats, but they have not increased by one small second the available time each day which readers have. Statistics show that the reader of small city papers has more time and gives more consideration to the advertisements.

"I will not say that weekly papers are seven times as valuable as daily papers of the same circulation, but surely they have some advantages. No one reads a daily paper the day after it is issued, but the weeklies are read during seven days."

"Small town papers will become more and more important. Many large cities have reached a maximum in population. Whether or not there is a World War III, the federal government must prepare for it by encouraging decentralization and the building up of small interior communities."

"One of the best investments today should be a small town daily, or weekly paper in a self-contained agricultural community."

On the general subject of advertising and taxes, Babson said that one of the best ways of avoiding a "boom or bust" policy would be for the federal government to allow special tax reductions on five year contracts for advertising expenditures.

This, he said, would enable

large manufacturers to extend healthy advertising appropriations over both lush and lean years, instead of spending surpluses on advertising only during years of heavy profit.

Nov. 25 to Dec. 25 Christmas Seal Month

Austin. — Governor Coke Stephenson yesterday issued a proclamation officially designating the period from November 25 to December 25 as "Christmas Seal Month" and urged all Texans to support the Texas Tuberculosis Association and its affiliated county association by "buying and using Christmas Seals during this month."

The annual Christmas Seal Sale will open Monday and continue until Christmas.

In issuing the proclamation, Governor Stephenson pointed out that tuberculosis is the greatest disease cause of death among Texas between 15 and 35 years of age, and that because of its communicable nature, tuberculosis is our greatest public health problem.

The proclamation follows: WHEREAS, tuberculosis is a leading cause of death in our State and takes the lives of more young people, in the productive years from 15 to 35, than any other disease, and

WHEREAS, tuberculosis is spread from person to person and therefore must be recognized as a major public health problem, and

WHEREAS, a well planned program for the control of tuberculosis is being conducted in Texas by the Texas Tuberculosis Association, and its affilia-

Saturday, Nov. 23 Sister Kenny Day

Austin, Texas, (Spl) Saturday, November 23, has been designated Sister Kenny Day in Texas, in a proclamation issued here today by Governor Coke R. Stephenson. NOW, THEREFORE, I, Coke Stephenson, Governor of Texas, do officially designate the period from November 25 to December 25 as Christmas Seal Month and do urge the people of Texas to be generous in their support of the Texas Tuberculosis Association and its affiliated county associations by buying and using Christmas Seals during this month.

IN TESTIMONY WHEREOF I have hereunto signed my name officially and cause the seal of the State to be affixed hereto at Austin, this the nineteenth day of November, A. D., 1946

nounced the Texas quota as \$150,000. These funds will be used in training technicians, and building up a fund which will be used in establishing a Kenny clinic in Texas where the Kenny method of treating polio, the most successful yet known, will be available to all victims.

The picture, "Sister Kenny", in which Rosalind Russell plays the role of the famous Australian Nurse, will be shown in more than fifty Texas towns during the first week in December.

Survey Of Conditions Of Texas Schools Is Completed

The Texas State Teachers Association has just completed a survey among city and county school superintendents to determine the condition in the public schools of Texas. Replies were received from 1,038 superintendents representing 35,874 teaching positions or about 78% of the total in Texas. The turnover in the teacher personnel in the public schools for this year is the greatest in history, 9,272 teachers or more than 25% were new in their job when school opened this fall.

Of the teachers included in the survey, 5,730 were listed with sub-standard qualifications which represent 1 out of each 6 in the state. Superintendents reporting stated that they had in their school systems 2,157 classes with a student enrollment of 40 or more. The national standard for enrollment is 27 students in high school classes and 30 in elementary classes. This overcrowded condition has resulted from the shortage of teachers and, in many instances, a lack of adequate classrooms.

Today, Texas needs at least 9,000 qualified teachers to relieve our overcrowded classrooms, to add to the curriculum many subjects that have been eliminated during the war years, and to replace sub-standard personal

Superintendent Charles M. Rogers of Amarillo, retiring president of the Texas State Teachers Association commented that: "Today if our public schools could employ immediately all of the students in the colleges and universities of Texas that are preparing to be teachers; we would not relieve our great shortage. I am sure that we do not have in our Texas institutions of higher learning 9,000 people today who are preparing to become teachers. We must raise salaries in Texas high enough to encourage those now in college to enter teaching as their chosen profession. I cannot see any other solution to the problem."

Trickham News

By Mrs. Beula Kingston Mrs. Leston Cozart and son, tis, spent last Tuesday with her father and his sister at Novice. Mrs. Ida Ellis of Dallas visited over night with her grandparents, Mr. and Mrs. C. A. Thompson one night last week. Club members of the H. D. Club honored Mrs. Davie Nolan with a layette shower last Thursday afternoon at the club room. Misses Bond Featherston and Oscar Boenicke were hostesses.

Mr. and Mrs. Pat Stearns moved from here to their new home in Brady last week. Do you want to move to Trickham? There is a vacant house here.

Mr. C. A. Thompson returned home Friday from Temple and reports his son, Vassar, is responding to the electrical treatment being given him and the doctors now think he may soon be able to go home.

Mrs. Sammie La Dauceur of San Antonio is visiting her mother, Mrs. Zona Stacy.

Delmar, youngest son of Mr. and Mrs. Waymon Matthews, had the misfortune of getting four teeth knocked out at the ball game at Whon, played by whom and Concord, but he is doing nicely and was in the game again at Concord Friday.

Mr. and Mrs. Walter Stacy spent the week-end in San Antonio, visiting their daughter, Mr. and Mrs. Bob Sullivan. Mrs. Sullivan will be remembered as Miss Marjorie Stacy.

Mr. and Mrs. Ben McIver spent last Tuesday afternoon with Mrs. C. F. Shield.

Say, did you read in last week's local news where Mrs. Zetha Thomas is a grandmother now? Yes, Mr. and Mrs. Carol (Cecil) Watts have a girl, named Carol Sue. Nine pounds and three ounces.

Mrs. Beula Kingston received her word last Saturday that her step-mother, Mrs. Mary Bingham was in a San Antonio hospital and will undergo surgery

for a cancer of the kidney. Also heard her brother-in-law, Mr. Albert Steopler was in a Brady hospital following a paralytic stroke. I regret so much to hear this and wish I could visit with them.

The following men are off on their annual deer hunt: Bill Vaughn, Roy Casey, Clyde Haynes, Lewis Burney, Wiley McClatchy, Jack Cole, Cleo James, H. B. James, Jack and H. B. Dockery and probably others whose names I have not received.

Mrs. Jack Dockery and children are with her mother, Mrs. Bill Vaughn is with her mother and I think Mrs. Clyde Haynes is with her parents.

Listen! Did your children ever do anything you just knew they wouldn't do? Well, this is the cutest one I have ever heard of two little four-year-olds doing. Mrs. Jack Dockery's son, John Wesley and Mrs. Fred Haynes' son, Gerry, while playing together at Mrs. Dockery's, went down in the storm cellar, had a great time throwing eggs and hitting the wall and breaking them. How many? Just 15 dozen and eggs 40 cents a dozen.

Mrs. W. D. (Ma) James received an announcement Monday from her granddaughter, Mr. and Mrs. Jewell Gipson of Brownwood, telling of the birth of a 10 pound, two ounce son, born the 15th. Mrs. Gipson is the former Ruby Mae Bowden, daughter of Mr. and Mrs. Charles Bowden.

Mrs. Leta Price and son, Truman visited her sister, Mr. and Mrs. Bill Downs of Coleman Sunday afternoon.

Rev. J. W. Burgett filled his monthly appointment here Sunday morning but owing to illness of his daughter, called off the evening service. Bro. Burgett brought us a very practical message and we want to try to be more prompt in paying our "Vows to God."

Mr. and Mrs. John McClatchy of Coleman attended church here Sunday and were dinner guests of his brother, Edd, also Mr. and Mrs. Avery Stewart.

Mr. and Mrs. Tom Bagley and Patricia of Brownwood spent Sunday afternoon with her mother, Mrs. Stacy and sister, Sammie.

We are always glad to have visitors out for Sunday School and church. Those Sunday were Mrs. Lois McIver Sheehan and son from Brownwood, Mrs. Larry (Sammie Stacy) La Dauceur of San Antonio, Mr. Edd McClatchy, Mr. and Mrs. Avery Stewart, Pat McClatchy, Minola Martin, Mrs. Jack Dockery and two sons.

Mrs. George Bobo spent most of last week in Brownwood, the latter part with Miss Myrtle Beaird who came out here with Mrs. Bobo and Cullen spending the night with Mr. and Mrs. Ben McIver.

Mrs. Chlo James and Foteria were dinner guests with Mrs. Stacy and Sammie Sunday.

Mr. and Mrs. Milton Driskill and little daughter of Brownwood visited her grandmother, Mrs. L. E. Pate Sunday.

Rev. J. W. Burgett was a dinner guest of Mr. and Mrs. A. J. Martin Sunday.

Mrs. Joe Williams and daughter, Genia, from Graham spent the week-end with her sister,

Mrs. Marvin Whitley and mother, Mrs. Rutherford. Other visitors were Mr. and Mrs. J. Y. Seward of Eden.

Mr. and Mrs. Oscar Boenicke and Mrs. Kingston attended church at Mt. View Sunday night and learned that Mr. Fred Miller and Mrs. Mary Layman of Austin had married a few days before.

Eddie Jo Edmondson spent Sunday night with Lea Mitebell.

News reached here Saturday morning that Mrs. B. H. (Bunyon) Norris was seriously ill, having had a paralytic stroke on Thursday afternoon. As the many friends will remember, they lived near here several years and we learned to love and appreciate their friendship so much. Mr. and Mrs. Oscar Boenicke, Mrs. C. F. Shield, Mrs. C. A. Thompson and myself went to see them Sunday afternoon and found her seemingly almost gone, but she lingered on until five o'clock this afternoon and slipped away. Oh, those deaths that come into our homes so suddenly and take one we love so dearly. Especially it is heartrending for a mother to be taken and leave small children who need her so much. She was always at church, carrying her part of the church work. The chorus of this song fits in with her life:

Will I be missed when I am gone At home and church where I belong And when they meet to sing God's praise, Will I be missed when I am gone Yes, dear friend, you will be missed, but you are at rest now and your works will follow you on and on. May God bless and comfort the family. Funeral

services will be held at the Baptist church in Bangs at 2 o'clock Tuesday afternoon.

Mr. and Mrs. Joe Stacy, Zonell and Martin were bedtime visitors with his mother and sister, Sammie Monday night. Sammie spent the afternoon with her sister, Mrs. Marion Ford and family and left Tuesday for Brownwood, then on to her home in San Antonio.

Mr. and Mrs. Bud Laughlin and Mr. and Mrs. Carl Sheffield visited their mother, Mrs. J. S. Laughlin Sunday. Sorry that Mrs. Laughlin isn't feeling so well now.

Duncan is out of the dog-house!

Mrs. DUNCAN has just finished her Fall housecleaning, and Duncan is welcome in his own home again.

Curtains, crisply ironed, hang at the windows. Rugs are bright and clean. Blankets, sweetened by sun and suds, loll contentedly on the beds. Everything's fresh and shining. Mrs. Duncan is tired, but happy. Mr. Duncan is happier. The dog is happiest of all.

Once housecleaning was the housewife's horror. Now, with modern electric gadgets, the semi-annual cyclone is finished in half the time with half the effort.

And not only housecleaning—but all household chores—are easier, simpler, when electricity lends a willing hand. This versatile servant cooks, cleans, washes and irons, brightens the home, guards health, scoops entertainment from the very air—and all for the cost of a bar of soap daily.

This greatest of household bargains comes to you through the practical experience of your friends and neighbors in this company, under sound business management.

WORK

"All work and no play makes Jack a dull boy." We have all heard that and we know that you have to work a little bit!! Before and after holidays,

everyone has to much of a tendency to quit work. Thanksgiving will soon be here (next week, in fact) and the majority of the students will lose one week of study. On Wednesday, the entire school will be an uproar which is natural since we are going to beat Coleman the next day. The next week when we come back it will take until Wednesday to get settled down and go to work again.

This is what will happen unless the entire student body makes a resolution and comes back next December 2 with all their lessons prepared and ready to start off the week right. If you do start the week right, you will see how much easier for you the rest of the week will be. Let's take only the two allotted holidays and come back ready to work right up through the last day before Christmas holidays.

FOOTBALL NEWS

SANTA ANNA vs BRADY
Everybody who did not see the Santa Anna - Brady game last Friday night missed the most exciting and active game of the season.

The game was held at Brady under a clean, slightly cool night, incidently, a good night for football. Both teams were in the best of condition and they pushed each other back and fourth down the field. The score in the quarter was 6-0 in favor of Brady, but on the kick-off,

Sherriod grabbed the ball and ran 82 yards for the first touchdown for the Mountaineers. Only a few minutes later, Sherriod threw a pass to Gilmore who made the second touchdown for the Mountaineers. Then Sherriod kicked the goal for the extra point making the score 13-6 in favor of Santa Anna. The score stayed thus until the last quarter when things really began happening. We ran over another touchdown only to have it called back by the officials for a penalty. Brady made two touchdowns which made the score 19-13, on the kick-off Sherriod returned the ball all the way down the field, but was called back because of a penalty on the Santa Anna team. The score stood at 19-13 when the whistle blew ending the game. It was a fine game and we had lots of fun.

The Mountaineers have an open schedule the next week and then on Thanksgiving Day, we will have our final game which is to be with Coleman.

THANKSGIVING

For all that God in mercy sends:
For health and strength, for home and friends,
For comfort in the time of need,
For every kindly word and deed,
For happy thoughts and pleasant talk,

For guidance in our daily walk,
For all these things give thanks
For beauty in this world of ours,
For verdant grass and lovely flowers,

For songs of birds, for hum of bees,
For the refreshing summer breeze,
For hill and plain, for streams and wood,
For the great ocean's mighty flood,

For all these things give thanks.
For the sweet sleep that comes with night,
For the returning mornings' light,
For the bright sun which shines on high

For stars that glitter in the sky.
For these and everything we see,
O Lord, our hearts we lift to thee
And give thee hearty thanks.

Raymond Haynes was in town Saturday night with some girl. Who was it? Do tell us!

Earl Jean was perty happy Could it be because of a letter she recieved Saturday from W. H. ? I guess it was!!

Why is the sixth period World History class so interesting for Julia Bailey? Could it be she likes to help Jonie Hartman with his notebook work???

ASSEMBLY

On Friday, November 15, the students and faculty had their regular assembly. Coach Whitaker made several announcements and then Mr. Pettit told the group that the Seniors were going to sponsor an annual this year. This is the first time in years that an annual has been published and the Seniors are hoping that it will be one of the best ever published.

Following these announcements we had our Friday morning pep rally. After giving several yells and calling on different ones to speak, including Coach Whitaker who made a fine speech, we sang the Alma Mater and went on to our morning classes.

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for November 10

PAUL FOUNDS THE CHURCH AT PHILIPPI

LESSON TEXT—Acts 16:11-15; Philippians 2:5-11.

MEMORY SELECTION—I can do all things through Christ which strengtheneth me.—Philippians 4:13.

Missionary zeal keeps a Christian in action for God. After a time at the church in Antioch, the urge to preach the gospel sent Paul out on his second missionary journey. This time his partner was Silas, because he and Barnabas had separated over taking Mark along, since he had turned back in the midst of the first missionary journey. Timothy took his place (Acts 16:1-5).

Our lesson is of unusual import because it tells us how the gospel first came to Europe, from whence it later came to America. Paul's efforts to continue his ministry in Asia were hindered by the Holy Spirit (Acts 16:6, 7). It was then that he was given a heaven-sent vision of a man in Macedonia crying for help. At once the party set out to obey the leading of the Holy Spirit (Acts 16:9, 10).

I. Paul's Ministry to the Philippians (Acts 16:11-15).

Philippi was an important city, a Roman colony and outpost. Apparently the Jews who had come there to live had not felt any strong desire for religious fellowship, for they had built no synagogue. Certain godly women met on the Sabbath by the riverside for prayer. Here was Paul's opportunity and he took it.

The story of the conversion of Lydia has many elements of special interest. It presents the turning point in the progress of the gospel, which by the grace and leading of God brought it northward to Europe rather than southward into Africa or eastward through Asia. Many of us have heard because of the way Paul was led, and one wonders if Europe and America might not otherwise have been the "dark continents" rather than Africa and India. We are what we are by the grace of God. He sent us the gospel through Paul that day at Philippi.

Then we note that the first convert was a woman. She was not the last woman to give an attentive ear and a believing heart to the gospel message. The church through all its history has been blessed by the readiness of women to bear and heed the gospel.

We like to note that Lydia set a pattern of hospitality and service which her sisters in the church have maintained (see v. 15). She "constrained" the visiting preachers to enjoy the comforts of her home, and thus put forward the work of Christ (see III John 5-8).

It is encouraging to observe how perfectly the leading of the Holy Spirit worked out in the experience of Paul and his brethren. The Lord sent his prepared messenger to the place where there was a prepared heart waiting to receive the Word.

We may confidently go on the errands of our God, knowing that when he leads he goes before and prepares the way. That does not mean that there will be no trials and difficulties. Paul had plenty of them (see II Cor. 11:23-33). But it does mean that we may go with the assurance of blessed results, in his name, and with the grace to bear whatever comes along the way for his glory.

The second Scripture portion of our lesson is not related to the first except that it gives a portion of the letter which Paul, by the inspiration of the Holy Spirit, wrote to the church which he had helped to establish at Philippi about 12 years later.

II. Paul's Message to the Philippians (Phil. 2:5-11).

Although after Lydia's conversion Paul met opposition and suffered imprisonment (Acts 16:16-40), that was only the beginning of a blessed ministry there.

The church at Philippi though poor and persecuted was loyal and warmhearted. They sent a generous gift to Paul, who was in prison in Rome. He wrote to thank them, and his letter became a real hymn of joy and assurance. It discusses Christian experience, its principle, pattern, purpose and power.

Chapter 2 presents the mind of Christ as the pattern of true Christian living. Nothing is to be done for vain glory (v. 3), but in the spirit of Christ, who willingly gave up his glory, and the Father that

he might become our Saviour. It has well been said that if he had not done so, we should have been amazed at his glory, but we should never have been saved.

He who might have "grasped" (v. 6, R. V.) his equality with God, laid it aside that as a man he might die for the salvation of lost mankind (v. 8).

Little wonder that God has given him such a high and exalted position (vv. 9-11). One day every tongue shall confess that he is Lord. Hasten the day!

Mrs. Margaret Wissenberg At Christian Church

The Christian Sunday School and Church had a rare treat Sunday morning when Mrs. Margaret L. Weisenberg of New York City was present and spoke at both periods. She with her late husband founded the Christian Witness to Israel Inc. in 1921. During the Sunday School hour she exhibited many objects used in Jewish worship both in the home and Synagogue. At the eleven o'clock service she brought a fine missionary message, telling of Gods dealings and plans for the Jews. A liberal free will offering was presented her for her work, which is carried on by Mrs. Weisenberg and Harry Bucklestein, their first con-

Why Bert Won First Prize
Folks weren't surprised when Bert Childers won first prize for his corn at the county fair. Yet the judges admit it wasn't just because Bert had the finest ears of corn. He knew how to display them: neatly arranged, with the husks cleanly trimmed, and the booth white and spotless. "Trimmings" sure make a difference no matter what you're offering—as Andy Botkin, keeper of the Garden Tavern, well knows. Andy doesn't just sell good beer. He sells it in a place that's clean and attractive... in nice surroundings that belong with the enjoyment of a wholesome beverage of moderation. And Andy, of course, is a whole-hearted supporter of "Self Regulation." That's the system by which the Brewers and tavern keepers themselves make sure that taverns selling beer are clean and orderly. From where I sit, people like Andy also rate a "First prize." Not just for the quality of the product — but for the "trimmings" too.

Thanksgiving

And We Have Lots To Be Thankful For --

To be Americans

To have been victorious in War

For friends

For work and strength to do it

For the Four Freedoms

Say "Thanksgiving" to any man, woman or child in the U. S. A. and they'll think of turkey, cranberries and other little solid, satisfying things. It's been that way for more years than any of us can remember. And maybe it's just as well this year that we go on having those old familiar symbols — because somehow what we truly feel in our hearts on this greatest of all Thanksgivings cannot be expressed or pictured. But ever dear, delightful moment of the old American ritual will be terribly precious to us this year because there is not one of us who will not remember that it might not have been. That had it not been for the Grace of Almighty God and the sacrifices of free men it would not have been. Beneath the jollity of this Thanksgiving there swells a hymn of gratitude. Thankful to Him who has watched over us, let us resolve to carry on the great task in Peace for which our bravest gave their lives in War. Let us resolve to follow in their footsteps, lighted and guided by their stars.

Austin, Texas. — The first Thanksgiving Day in this country was proclaimed for the purpose of expressing thanks not only for the bountiful harvest which the colonist had reaped but for the sturdy health and endurance that had permitted them to survive the hardships and exposure, that first rigorous year in America. On the occasion of this Thanksgiving Day the State Health Officer, Dr. Geo. W. Cox, is appealing to every citizen of Texas to give serious thought to the preservation of his health and that of his community.

"We have much to be thankful for in that our national

despite the nervous tension, the sacrifices, the deprivations of a post-war period," Dr. Cox stated. "Our people have maintained a remarkably high health level and even under existing conditions, Texas has shown a continued decline in maternal and infant deaths.

"The people of Texas have reason to be thankful for the steadily increasing interest and cooperation being shown in matters pertaining to general sanitation and the control of communicable diseases," Dr. Cox asserted. "Responsibility for advancement of the public health program lies not with the State Health Department primarily but with the people who support and encourage the local community efforts exerted and who apply in their own individual lives the health rules

acquired through a public health education.

Dr. Cox pointed out that one direct result of public health efforts in this nation has been the lengthening of the normal life span by more than 15 years.

"Certainly this is something to be thankful for and it should lend incentive for further efforts to promote and maintain community as well as statewide public health programs.

UNDER THE SPOTLIGHT

Our first personality of the week is that rootin' tootin', lil' Sophomore, Weldon Estes. He possesses medium brown hair, big blue eyes with long black eyelashes, weighs approximately 115 pounds, is 5' 5" in height and is fourteen years old.

Weldon went to school seven years in Rockwood, then came to, and still is in, Santa Anna. His favorite likes are: food, football, and (take note girls) women, preferably the sincere type. His ideal person is Coach Whitaker. His dislikes include: Algebra and catty people. But frankly speaking, if you want the lowdown, he is happily contented with ever thing in general. Though Weldon has not had the chance to play much football this year, he is a hard worker for the main team and is bound to succeed in his position as guard. Weldon's favorite movie actress is Jane Russell. Weldon's

ambition is to become either a Doctor or Undertaker, which is not surprising since we think this is right down his line, with his "cute" personality.

Our second personality for this week is that 5' 10" Junior you have seen running loose, none other than Ben Marney. Ben weighs 125 pounds and has chestnut brown hair and eyes. Ben came here from Hillsboro in Hill County and has recently moved to Mart, Texas.

Ben's favorites are: School, Santa Anna, Teacher, Miss Anglin; Sport, Football; Subject, Chemistry; College, S. M. U.; Person, Franklin D. Roosevelt; Actor, Gary Cooper; Actress, Jane Russell; Pal, Snafu-his dog; Food, eggs fried with bacon; Author, Edgar A. Guest; Poet, Longfellow; Hobby, Modeling air planes; Branch of Service, Air Corps.

Ben is 15 years old and was a very active member of the Band. He played first cornet and was Secretary-Treasurer. He represented the band at the Halloween Carnival.

After Ben graduates he intends to enter the Air Corps for a year. After that he plans to enter S. M. U. and follow in his father's profession in the Ministry. Ben does not intend to marry!

Here's good luck to you. May you find success in ever problem you may meet.

THOUGHT FOR THE WEEK

Thanksgiving is a good thing, thanks is a better. The one may die in words; the other lives in acts. (Charles Spurgeon)

SPANISH CLUB

On December 6, the Spanish Club is to have a Spanish style dinner, which will be held at 6:30. This will be a project for both the Spanish Club and the Homemaking Club and the Homemaking Club will prepare the dinner.

The club has some music now and will start practicing for the Lions Club. Jean Rowe is our song leader and the club will co-operate to the best of their ability to learn and sing the songs. — Reporter.

BAND NEWS

The band, as of now, has been progressing quite a lot. Most of the members attended the game at Lakeview and were able to join in on our field drill. The drill was an "L" made for Lakeview.

Miss Burrage the band director was sick and could not attend the game at Lakeview. But despite her absence the band was very orderly under the direction of J. Cecil Grantham.

After the football season, Miss Burrage will no longer have the

Q. Are large, numerous "milk veins" on the udder and abdomen an indication of how much milk a cow will produce?

A. Probably not, according to the U. S. Department of Agriculture. There is no evidence to support the time-honored theory. External milk veins assist in carrying blood away from the udder. Moreover, the internal veins are apparently large enough to return all the blood from the udder.

Q. What can I do to prevent feather picking among my turkey poult?

A. One of the major causes of feather picking is that turkey poult has a tendency to clean their beaks on the feathers of other birds, which results in particles of wet feed sticking to the feathers. Other birds pick at these feed particles, sooner or later causing injury. At the Ralston Purina Company's Research Farm this has been eliminated by strung a piece of wire across the top of the feeder grills or just over the feeder at a convenient height, so the poult, while eating, can grab the wire in their beaks and clean them over the trough. This also helps prevent feed wastage, because the birds clean their beaks above the trough and the feed falls back into the feeder.

Q. What is the average weight of fleeces from a range ewe? How many fleeces are packed into each bag of wool at shearing time?

A. The average weight of fleeces from a single ewe varies between 7 and 10 pounds. Weights also vary between flocks, localities, and regions, influenced by breeding, as well as environmental factors. When packed, fleeces are arranged in symmetrical layers in the sacks and are compressed by tramping. Each bag contains from 27 to 35 fleeces, depending on size.

Q. Do pigs which have plenty of Vitamin D need minerals?

A. Pigs that are well supplied with Vitamin D do best on small amounts of minerals, and they require more minerals if they are low on Vitamin D, the sunshine vitamin.

direction of the band. We wish to express our gratitude to her for helping the band along. Mr. King from Coleman will be our director after the last football game, which is with Coleman.

We are now selling subscriptions for magazines and would like for everyone who can to purchase one. We have a wide variety to pick from. The money collected from this project will be put in the bank for future use. That future use is to buy new band suits for its members. — Reporter

Trickham H. D. Club Meeting

The Trickham H. D. Club met in the club room November 14 at 2 p. m. with about 20 present. The Club was called to order by the vice president, Mrs. Walter Stacy. Mrs. Oscar Boenicke reported on the last council meeting. She asked that the club send 10 home made Christmas decorations to the county for display and that each member send home cooked food for the food sale to be conducted by the County H. D. Council. The club agreed to have a supper and cooperate with the school program on Thanksgiving Evening. Lou Featherston gave a short talk on First Aid For Wounds. After games directed by Mrs. James D. Rice, the club honored one of its members, Mrs. Dale Nowlin, with a shower of gifts. Refreshments were served and the club adjourned to meet on November 28.

OES Meets In Regular Meeting

The Order of the Eastern Star met in regular session Monday night with 25 in attendance. There were three initiated into the order: Miss Glynda Gober, Mrs. Lolete Wiley and Mrs. Eula McCary. After the initiation and business meeting the group enjoyed a social hour with Mrs. Lois H. Niell and Mrs. Dan Wheatley as hostesses. Refreshments of cake and ice cream were served to the members.

The members of the order presented Mrs. Carl Williams, the former Mrs. Hallie Bissett, with a beautiful hand made chair set.

We urge all members who were not present for this meeting to be present for our Christmas program and social on December 23.

The many friends of Mack Baucum are glad to know that he has recovered sufficiently to be back on the job as city night watchman, having resumed his work last week.
