NUMBER 2

Looking 'round

BY THE EDITOR

I have enjoyed some very nice comments on this column the last week. I certainly appreciate them. It is with your comments that I will base a lot of my column upon, so just because the first week has gone by don't let your comments stop.

TWO MARRIAGES

It seems that there must have been a bug flying 'round in the News office last week. At least this editor and Billy Joe Harvey got bit by something. Billy Joe is taking a printers course under the GI Bill of Rights here. Both of us were married Saturday afternoon. Mrs. Gregg and myself have been planning to marry for several months and we thought that our home would be complete here by last week, so being as Saturday was the birthday of her two children by a former marriage, we decided several weeks ago to marry on January 4. We also had a short wedding trip planned but Old Man weather changed our plans about for awhile. So until our home is completed here we will live at her home in Coleman. The particulars of both weddings were found elsewhere in the News.

AN WINTER

Old Man Winter has sure had a grip on this section of the county the last week. There has been from 8 to 10 inches of snow over most of the county and with freezing weather for eight days. The farmers have been the hardest hit, so far as we know present. Most of them have not been able to determine their losses yet, but a lot of the sheep has been frozen, cattle and sheep have had to be kept in houses and the best places that could be found for them. Some of the sheep have been lambing and the owners have had to spend long cold nights with them to prevent any more loss than was absolutely necessary. Old Man Winter has been hard on the townspeople also. Cars have been hard to start, pipes frozen and a lot of homes have been almost without water all the last week, but with the snow melting now and things warming up this has been worth a lot to all of us. We will have one of the best seasons in the ground that we have had in a number of years. This is the thing that all of us look forward to each year.

VETERANS HOUSES

Work has been held up for the past week due to the bad weather conditions on the housing program started by the City for the Veterans of Santa Anna, but will begin again soon. There has been 16 houses acquired for the Veterans and all 16 have been spoken for. It is not known yet just how long it will take to finish all these houses, but when they are finished it will certainly help to relieve the housing shortage here.

The 16 boys that are to receive the houses are: Hays Helfner, John Gregg, Rex Golston, M. L. Gable, Jr., Ben Vinson, S. E. Hunt, Bill McDavid, Pat Hosch, Charlie Dandy, Scott Whitaker, B. A. Kattner, J. G. Williamson, Jr., Sam Squyers, Wehlan Duncan, Alex Riddle and Grady Griffin.

Three of the houses have arrived here and as soon as the Hi-Way Dept. will issue permits for the moving to began again, the other houses will be arriving almost every day.

WE NEED A GYM

This week the local basketball teams are beginning their season. We don't

Coleman - Santa Anna Basketball Game At Bangs,

Coach Whitaker announced this week that the same towns in the District 9A football District would compete in basketball during the next two months.

The first game of the season for Santa Anna was to be played with Winters but due to bad weather the game was postponed and the date for the game will be set later. For the lack of a gym in Santa Anna, the Coach has acquired the use of the gym at Bangs to play all our home games in.

22 boys are reporting out for Basketball training and the prospects look fair, but we can't expect too much out of the boys this year. This is the first year in a long time that we have attempted to have a basketball team and all the boys are having to learn something that they not only know almost nothing about, but have seen very little of. The coach reports the boys are learning fast and expect a very good season.

The first game of the season will be played with Coleman. This game will be played at Bangs and is to begin at 7:00 p.m. There will be two games played there that night. One will be between the Mountaineers and the Bluecats second teams and the second will be between the first teams of these two schools.

The complete schedule, except for the game with Winters that the date will be announced later, is as follows:

Jan. 10 Coleman at Bangs
Jan. 14 Lakeview there
Jan. 15 Ballinger at Bangs
Jan. 22 Brady at Bangs
Jan. 23 Coleman there
Jan. 31 Lakeview there
Feb. 4 Ballinger there
Feb. 7 Brady there

It's only a short way to Bangs and this is where all home games will be played this year. Lets give the boys our full support by going to Bangs and rooting for our Mountaineers.

They have a place for them to play games here at home. In fact we don't even have a place for them to practice their plays. The coach has been doing the best he can, working them out, on the ground. This is not giving the boys or the coach a fair chance. In short we need a gymnasium for the boys to work out in and play their games in.

Beginning the first of last year the American Legion started plans to build a gymnasium here. This was to be known as the home of the American Legion, but the primary purpose of this gymnasium was to benefit to the schools and churches and all the citizens of and around Santa Anna. It was to be a meeting place for civic organizations, a place where basketball, tennis, volley ball, and all other athletic activities that need to be held indoors of the school could be held. For some reason, unknown to this editor, the whole thing was suddenly dropped. Whether it was the American Legion just giving up or whether it was some other obstacle, I do not know, but now that it can be seen how bad we need a gymnasium is a good time to start it again, and this time never relax that we will have a gymnasium for our school. Regardless of whether it be the Home of the American Legion or the home of some other organization, it needs to be done.

There is any number of things that a gymnasium can be used for. Not only for the schools, but for the parties for the different classes of the schools and the churches. It can be used for all kinds of good clean sport for all the school youngsters.

Judge Leman Brown said at the Lions Club this week that a persons would be surprised at the

National and International News Hi-Lights of the Week

Republicans came whooping and shouting back to control of the House Friday after 15 years, electing Joseph W. Martin, Jr. of Mass. as Speaker, and introducing a 20% income tax cut as bill No. 1 and opening a drive to change the labor law.

President Truman Sunday completed a crucial State-of-the-Union message for the politically hostile 80th Congress which may fix the pattern of his relations with it for the next two years.

The United States plans to claim a big share of the 6,000,000-square-mile Antarctic continent, officials disclosed January 5, and the strategy for clinching it will be considered upon the return of Rear Admiral Richard E. Byrd.

A bill to end immediately the special wartime excise taxes—estimated at \$1,500,000,000 a year—was rushed before Congress Monday even as President Truman urged a year's extension of these levies.

Rep. O'Toole (D-NY) introduced the measure to roll back the excise levies and a strong Republican move was afoot for similar action.

President Truman Monday laid before the Republican Eightieth Congress a program to curb strikes and asked continued high taxes.

The message was in large part a generalized one. It renewed only in broad outline many recommendations previously made in specific form, leaving details this time to Congress.

Crews of two seaplanes with the Navy's Antarctic expedition reported discovery of new islands and glaciers in the vicinity of Wilkes Island.

Messages to the flagship Mt. Olympus did not specify size or exact position of the new islands.

James F. Byrnes resigned Tuesday night as secretary of state and President Truman chose as his successor the man who guided America's military fortunes in the war, Gen. Geo. C. Marshall.

Byrnes declared the doctors had told him he must "slow down" and that he couldn't slow down in the job of secretary of state.

With Senate confirmation of Marshall—and no one doubted means that Marshall instead of Byrnes stands next in line for presiding in the next two years. There is no vice president now and the Secretary of State heads the line of succession under law.

Republican Congressmen did speed action Tuesday on a House bill to check and possibly outlaw more than \$3,000,000,000 worth of portal-to-portal damage suits for back pay.

The suits are based on a Supreme Court decision that workers must be paid for time "controlled" by employers. Under this ruling many workers are seeking back pay.

Over Two Million On Deposit In Bank

In the quarterly bank statement that appears on page seven of this paper, the report show \$2,038,691.11 on deposit in the Santa Anna National Bank. The total resources of the Bank amount to \$2,245,589.47.

The total deposits and resources have dropped slightly since the last report, in October, 1946. In this report \$2,445,529.02 was on deposit and the total resources of the Bank were \$2,613,930.64.

World shortages of fertilizer means the farmers should order his 1947 supply of fertilizer early. Cotton production goal for Texas in 1947 is 2,996,000 bales. Calcium is often a limiting factor in plant and animal growth in 56 East Texas Co's.

Phosphorus is the most frequently limiting factor in plant and animal nutrition in Texas.

The Lions Roar

Two new songs were sung then one verse of America and the Pledge was given to the Flag at the regular meeting of the Lions Club this week.

66 Lions and one guest were present for this meeting. Two new members were introduced the Club by Lion Ford Barnes. The new members are Rex Golston, Jr., and Bob Pearce. J. T. Garrett was a guest of Lion C. E. Kingbery. The Club welcomes the new members and the guest to the Club.

After the luncheon program new business was called for by the president. The Annual Coleman County Livestock Show was discussed by Lions C. E. Kingbery and Ben Yarborough. Lion Leman Brown gave a short discussion on the work that Boy Scout and 4-H Club work does to prevent Juvenile Delinquency.

Lions O. W. Gray and Arthur Talley were appointed to assist Lion A. D. Pettitt on the program committee.

The meeting was adjourned a few minutes early.

19 Lettermen Announced On Football Team

Announcement was made this week of the football boys who will receive the letter "S" for their achievements during the football season this school year.

Following is a list of the men and the positions at which they earned their letters.

ENDS
James England, Pat Gilmore, Olin Horton and Raymond Steward.

TACKLES
Stanley Cobb, Freddie Henderson, James Goodwin and Hilton Sherriod.

GUARDS
Bob Stafford, Jerry Fulton, Del Ray Stacy and Chester Byran.

CENTERS
King Auestad and Jackie Watkins.

BACKS
Gene Sherriod, Boyd Stewardson, Jonie Hartman Maurice Kingsbery and Arthur Talley.

All these boys have played a good football season and deserve a lot of credit. The prospects for the coming year certainly looks good. The largest part of these boys will be back on the regular squad and some more that are good ball players that were ineligible this year will be on the team also.

Tax Headache Now At Hand

The day of the annual income tax headache is at hand. Deadlines for filing and paying are Jan. 15, Jan. 31 and March 15.

Jan. 14 is the deadline for filing and paying estimated tax by farmers, business and professional people, investors, landlords, etc.; for wage earners covered by withholding tax who earned \$100 more than their salaries covered by withholding deductions; for wage earners from whose pay tax was not withheld and for wage earners in the over \$5,000 bracket.

Jan. 31 is the deadline for filing quarterly reports of taxes withheld, withholding tax receipts and reconciliation of withholding tax paid and receipts issued to employees.

March 15 is the deadline for tax returns from all taxpayers, but if filed by Jan. 15 will serve both as a return and estimate for 1946.

Internal revenue officials estimate that only about one of every five taxpayers in this section

Dick Bass Appointed Deputy Sheriff

Richard D. Bass was appointed this week as Deputy Sheriff to serve in this area. He took the oath of office Monday January 6, and will be located in Santa Anna.

Dick, as he is known to most of us in and around Santa Anna, has been in Santa Anna since his discharge from the U. S. Army. He served in the European Theatre in Co. D, 143 Infantry. His home before coming to Santa Anna was in Killeen, Tex.

Dick states that his duties are the same as any other deputy and that he is on call to any part of the County any time and place that he is needed. He may be contacted at his home or will be on the streets. He is to assist the peace officers here and in this precinct.

Fire Department Elects Officers

At the regular meeting of the Volunteer Fire Department Monday night Jan. 6, the officers for the New Year were elected. All officers in the Fire Department serve for a one year term.

Following is the list of officers as they were elected: President, Otho B. Owens; Chaplain, Rev. E. H. Wylie; Fire Chief, L. A. Welch; Asst. Fire Chief, Ben P. Vinson. Ben is also the City Fire Marshal, Secretary and Treasurer, D. H. Moore. Fire Captain No. 1, Norvel Wylie. Fire Captain No. 2, Edwin Cox.

The members of the Fire Department express their sincere thanks to the citizens for the fine co-operation in fire prevention in the past. Especially are the fire fighters glad that we have had no fires through this cold spell. With the roads so slippery it would be almost impossible to get the fire trucks to a lot of places. The Fire Department requests that each of you continue the Fire Prevention practice as you have through this cold.

F. F. A. and 4-H Club Show Entry Classes Announced

Classes were announced this week of the classes of livestock that will be entered in the annual F. F. A. and 4-H Club Livestock Show to be held here in the woolware house, Friday January 17.

Classes for the show will be:
Fat Steers
Senior Wet Lot
Junior Wet Lot
Senior Dry Lot
Fat Muttons
Fine Wool
Medium Wool
Coarse Wool
Breeding Sheep
Classes for all ages in Registered Corriedale, Southdown, and Rambouillet.

This show is open to any adult breeders who want to come and show their stock, however, there will be no prizes given to these adult breeders.

All the prizes are for the F. F. A. and 4-H Club boys in this part of the county. A. D. Pettitt, Agriculture teacher and F. F. A. supervisor, is in charge of the arrangements of the show. A. T. Edwards of Burkett and G. L. Richardson of Talpa are the judges of the show.

is required to file Jan. 15, since this date concerns only those taxpayers whose tax is not substantially paid up by withholding from wages.

The Department of Agriculture is offering loans to cotton growers at 92.5 percent of parity.

Truman Message To Congress

President Harry S. Truman delivered his six thousand word message on the State of the Union to the 80th Congress at noon Monday, talking to the joint session fifty minutes.

Comments coming from various sources by radio and press, seem to vary some at the intents and purposes of the lengthy documents, which was not being any too well accepted by either the Democrats or the Republicans. One commentator, stated that, "The message was hurriedly prepared and did not delve into the things of importance to the country, sponsored by either the Democrats or the Republicans." That was a very unthoughtful and uncalled for remark. Current events, by radio and press for weeks, have reported the President busily engaged working on his report on the State of the Union, to be delivered to Congress when it opened its 80th, session on Jan. 6th.

Other comments state that, the message carried too much politics in its tenure, still others state that it was delivered in a half-hearted manner and was only lip service, and did not indicate that the President put his heart into it.

The message in our opinion was about as complete as could be expected under the circumstances. President Truman realizes that the Republicans have control of the House and Senate for the next two years, and it will be a miracle if any real progress is made. If the precedent is broken and any effective legislation is enacted under a Republican house with a democratic president, it will be the first time in history, so to speak.

The Republican party has an opportunity to get in some real effective work during the next eighteen months, as the die will be cast and the trail paved for the 1948 general election by that time, but the leaders of both houses rather indicate they are the progress that has been accomplished under the New Deal the past fourteen years, than they are making progress for their party, especially, under the direction of a democratic president. Any way, the chances are slim for any progress other than an improved labor act, and maybe some other matters that is being pressed by both parties.

then, the incumbent party is not going to pass any more legislation that does not reflect credit to the party in the majority and not to the President.

In our opinion, Mr. Truman should have paid more respects to his predecessor, the late President Roosevelt, who led the people of this country from the lowest standard of living they have ever existed under to the highest standard this country has ever been privileged to enjoy, and the last four years of his administration were handicapped with the ravages of the worst and most outreaching world war in history. President Roosevelt had a way of putting matters before the house and senate that generally got the job done, however, he was over-riden by more vetoes than any president the country ever had.

We'll see what we see, but personally, this writer is not expecting much progress the ensuing two years that will be of general interest to John Q. Public.

JJC.

A complete farm inventory each year has the advantage of showing the farmer whether he is overburdened with buildings and equipment in comparison with his crop and livestock system, and tells him the exact amount of cash he has on hand to operate his capital investment. Approximately 240 million pounds of fats and oils are scheduled to be imported by the U. S. during the first three months of 1947.

Red Cross Home Nursing School To Begin Today

Crowded living conditions and the return to civilian life of disabled war veterans needing special home care have led to the opening of a new Home Nursing class sponsored by the Coleman County Red Cross chapter. Mrs. Elmo Wallace, Home Nursing Chairman, announced today. Pointing out that "over-crowded homes are ideal ground for contagious disease spread" and that many families are now caring for partially-disabled veterans, the Home Nursing chairman urged Coleman County woman to take advantage of the chance to learn simple nursing skills.

"The woman who knows how to isolate one sick member of her family is able to keep the rest of the household free of disease, no matter how crowded their living conditions," the chairman said. "Similarly, the basic home

care required by disabled veterans can be in such a manner that it imposes the least hardship on the rest of the household."

Mrs. Wallace said that in the 12-lesson Home Nursing Course students will learn how to keep the sick comfortable, how to prevent contagious diseases from spreading to the rest of the household, and how to intelligently follow the physician's orders.

A maximum of ten women will be enrolled in each class, the chairman said. The entire course will be taught by Mrs. Florence G. Ellis, R. N. from the Red Cross Home office in St. Louis, Mo., and Mrs. Nixon Niell, R. N. of Santa Anna, Texas, who has been retained by the Coleman County Red Cross chapter. Classes will begin immediately.

Enrolling is as easy as telephoning your Red Cross Chapter in Coleman or Mr. Niell in Santa Anna, Santa Anna Hotel. "We can accommodate additional registrations in courses, which, in keeping with the Red Cross tradition, are offered with out charge as a public service by

Basic Science Law Would Safeguard Health Of Texas

If you, or one of your loved ones, were lying at the point of death... critically ill... the chances are that you would call a "doctor,"... one of the practitioners of the healing arts.

When you call that "doctor," how do you know that he is fully qualified? He may be your family physician, whom you know and trust, he may be a graduate from one of the accredited schools of osteopathy, he may be a naturopath, a chiropractor or just a fellow who worked around a drug store for a couple of years.

Your life... your death or your recovery... or that of your ailing loved ones, is entirely in the hands of the individual you call to the bedside for consultation and cure. Is he qualified?

To protect the people of Texas from quackery... to safeguard Texas sick rooms from ignorance, lack of elementary knowledge of the healing arts and sciences... to save human lives... the State Medical Association of Texas is going to ask the next Legislature of Texas which meets in 1947, to pass what is generally known as a Basic Science Law. The proposed law is similar to basic science laws existing in 17 other States and which have proved a shield and a bulwark in the protection of public health.

The proposed basic science law impartial and treats every branch of the healing art alike.

The proposed Basic Science Law simply draws a fundamental line of elementary knowledge which is the Safety Line for the practice of the healing arts. When you are seriously ill, this law provides that whoever treats you, whatever his branch of healing may be, you may at least be assured the practitioner is basically sound.

The proposed basic science law requires that a Board of Examiners on the Basic Sciences be set up by the State of Texas. It is to be a Fair board and no provision is made for any doctor of medicine, any active practitioner of the healing arts, to have membership on this examination board. The board will be

our organization." Concluded Mrs. Wallace.

composed of six members to be appointed by the Governor of Texas from the professional staffs of the leading and accredited Universities throughout the State, — not particularly from Universities with medical schools, but from such colleges as Texas A. & M., Texas Tech. Rice Institute, T. C. U., and other great centers of learning.

Subjects on which examinations will be held,—and such examinations must be passed,—before any applicant can practice any healing arts are as follows:

Anatomy—The science which treats of body structure.

Physiology—The science which deals with living beings.

Chemistry—The science which treats of the nature, laws of combinations, and mutual actions of the particles of matter, and the properties of the compounds they form.

Bacteriology—The study of bacteria.

Pathology—The science which explains the nature of diseases, their causes and symptoms.

Hygiene and Public Health—A system of principles or rules designed for the promotion of health.

Every crop-reporting district shared in this record-breaking increase except the East Texas Timmered Plains (District 5) where income fell 8 per cent and the Coastal Praires (District 9) where income declined 2 per cent. Increases for the 11-month period this year over last ranged from less than 1 per cent

in the Red Bed Plains (District 2) to 38 per cent in the Trans-Pecos (District 6). The growing purchasing power of farmers in these districts was clearly reflected in the increases in retail sales and other local business indicators.

November income to the State's farmers totaled \$135,557,000 this year; the preceding month it was \$221,471,000 or about 64 per cent higher. All crop-reporting districts in the State

showed less income in November than October with the exceptions of the Lower Rio Grande Valley (District 10A) and the Southern Texas Plains (District 10). In these districts the start of the citrus season and the marketing of the early varieties of winter vegetables raised income 48 per cent (District 1) and 174 per cent (District 10). Six districts reported more income to farmers in November 1946 than in November 1945.

25% off to smart people!

Would you like to buy a big, bright, shiny new car in 1956 costing \$1000, at a 25% discount?
Well—here's how you can buy that \$1000 car for \$750!
Buy a \$750 U. S. Savings Bond today. Your Uncle Sam will give you back your original \$750—PLUS a bonus of \$250 when the Bond matures in 10 years! That's how you can get a whacking 25% discount on a car, an oil burner, a washing machine, or whatever else you may want!
Safe as the U. S. itself!
And these Bonds are safe. The safest investment in the whole wide world!

When you buy an extra Bond this month, look at it this way: you are buying protection from any hazards that may develop which call for extra cash.
And in any event—in addition to protecting yourself—you are cutting yourself in on a 25% discount for things you will want, or need, 10 years hence.
You can buy U. S. Savings Bonds at banks, at post offices. But the best way... the "painless" way... is to buy them through your regular Payroll Plan!

BUY AN EXTRA BOND THIS MONTH

"Looking 'round"

Continued from page 1
 Juvenile Delinquency almost every day. Why? Because these youngsters don't have a place where they can go and be taught the right way to do things. Of course we all agree that it is primarily the parents place to teach their children the right and the wrong about life and the treatment of their fellow man or school mate. The parents are not all together responsible for a lot of things that their children are doing. In fact I know of a lot of things that children do that their parents, under no circumstances, would stand for, if they only knew it. Now it is not my place to go to these children or their parents and do the correcting. If we had a place for these children to go and play clean games and have a overseer in charge of them, I would venture a guess that practically all Juvenile Delinquency would vanish from our city and county courts.

When the Santa Anna School Boosters club was organized last August one of their basic plans were to give the children of school age a year 'round program, with a supervisor to teach them the advantages of clean living and clean sports. This is still a plan of the School Boosters Club and they still intend carrying it through, but think what a gymnasium would mean to the Club and the one that is to be in charge of these children.

If every citizen of and around Santa Anna would just open his heart and really give a little thought to the advantages that a gymnasium would mean to all of us I don't believe that it would be long before some one would get behind the American Legion and have them to put this gymnasium, that was started a year ago, through.

I have used the American Legion's name in this article because I think they are the ones to support and put over a gymnasium in Santa Anna. I am a member of the American Legion and I have meant no offence to the American Legion or any of the members of the American Legion. They have the plans and the blue prints already drawn and at least that is something to start out on now, and get the job finished.

In the fall of last year we sponsored a Coleman County Turkey and Poultry Show. Invitations were sent to all known turkey and poultry raisers in the county and all the adjoining counties and lots of invitations were sent all over the State. The merchants of Santa Anna through the Lions Club and the Chamber of Commerce took the whole responsibility of financing the show. Several personal invitations were extended to Coleman turkey and poultry breeders to attend and show their products, but no money was asked from their merchants to finance our show.

In the near future we are going to need a new grammar school building. We are not in a position at the present time to build a new school house of any kind. We need some more school districts consolidated with our present school district before a new school building can be erected. A gymnasium in Santa Anna will help a lot toward getting these badly needed school districts consolidated with us.

COUNTY LIVESTOCK SHOW

January 20-21 Coleman is holding a so-called Coleman County Livestock show. Santa Anna is holding a F. F. A. and 4-H Club Livestock Show on the 17 of January. We firmly believe in Livestock Shows. They help the towns that are putting on the shows and help to advertise the different kinds of stock that is being raised in the County. The thing that I am getting at is the fact that Coleman has asked Santa Anna to donate money to their show.

Some people seem to think there is no rivalry between the two towns. Out of all the personal invitations given to Coleman turkey and poultry breeders only one arrived to show his products. Several had promised in good faith to attend.

Fort Worth, Houston and other large cities in Texas hold annual State Livestock Shows. Who do they ask to donate to their shows? They invite all Livestock raisers to attend their shows.

Mr. E. K. Blewett who has been in failing health for sometime and quite sick lately, is reported to be some what improved. After several years of faithful service as custodian of the Grammer School, he has resigned because of health conditions.

Dr. and Mrs. H. D. Garrett of El Paso visited Mr. and Mrs. J. Frank Turner this week. The lady will be remembered by her friends as the former Rebecca Turner. The Doctor is a practicing physician of that city.

Mrs. J. D. Seale returned recently from a three months visit with her son, Robert Seale at Summerton, Arizona.

two day Coleman County Show. All the school districts of the county have been called together and told that they wanted \$1500.00 to give to the boys for prize money. Coleman is to furnish \$1000.00 of this money and they have asked the other school districts in the county to furnish the other \$500.00. This is all well and good, but who is to profit from Coleman holding the show? Will these two days be lively in Santa Anna? Will the netting to the show stop here or go to Trickham or Whon or Buffalo and buy what they need for the show? You can answer these questions your self, and you will know who will profit from the Coleman County Livestock Show.

Moore goes in for terracing, fertilizer and chemicals to combat insects and plant disease. Last season, as an experiment, he planted a valley in lespedeza and produced 8,000 bales of hay.

He is fond of fishing and has a lake on the place and is building a clubhouse and boathouse.

The new Governor and the new Lieutenant Governor ran on almost identical platforms:
 Redistricting;
 A square deal for veterans;
 Improved farm to market roads;
 Full payments of pensions;
 First class University for negroes;
 Increased pay to teachers;
 And no new or increased taxes.

Mr. and Mrs. Nye Reid and daughter, Maurine, and Allene Jones of Austin, Mr. and Mrs. Bob Jones of Carlsbad, New Mexico, visited Mr. and Mrs. Ed Jones last week-end.

Boyce House "Gives You Texas"

What in the world has happened to rhubarb? I just happened to remember that I can't remember when I've seen any, it's been so long.

And gooseberries? Don't tell me that the poor starving Yugoslavians just must have American rhubarb and gooseberries!

A man was making a political speech when someone hissed. The speaker said, "There are just three things that hiss: a goose, a snake and a fool. Come forward and be identified."

Randy Moore, former big league baseball star, is at the head of a big industry at Omaha, Texas--a nursery. He has 500 acres in peaches and some of the trees are over 25 years old. He says a peach tree will live forever if proper care is taken so that new limbs will grow.

Moore goes in for terracing, fertilizer and chemicals to combat insects and plant disease. Last season, as an experiment, he planted a valley in lespedeza and produced 8,000 bales of hay.

He is fond of fishing and has a lake on the place and is building a clubhouse and boathouse.

The new Governor and the new Lieutenant Governor ran on almost identical platforms:

Trickham News

(By Mrs. Beula Kingston)

I am sorry I forgot to mention in last week's news of the visit of Mrs. John Spieck (Spike) of Lady Smith, Wis., also her mother, Mrs. Malcolm Wilson. Mrs. Spieck is the former Miss Joan Wilson, and may I add that she is the same sweet Joan.

Another thing I forgot to mention was the re-marrying of Fred Wagner and his former wife, Bittie. They are at home at Cartersville, Ill.

And there is one of our boys, Willie Evans Burney, who is now our new County Treasurer. We are proud of Willie Evans, and wish him success in the position he now holds. He is the son of Mr. and Mrs. Lewis Burney.

Mr. and Mrs. Julian Whitley of Santa Anna visited his parents here last night.

Pfc. R. C. Stearns, son of Mr. and Mrs. Robert Stearns, received his discharge from the Air Corp last week, having been stationed at Denver, Colo., for several months.

We offer heartfelt sympathy and love to our friends of bygone years, Mr. and Mrs. Nesbit Rice, who live near Winchell. Their daughter, Cora Lee, passed away last week, after many years of suffering. May God bless and comfort your broken hearts.

News came here early Sunday morning that the home of Mr. and Mrs. Travis Starkey of Brooksmith was burned up. So far, all I have heard is that it was caused by some defect in the Butane Gas line. Mrs. Starkey is the former Ina V. Rogers Stearns, whose mother died and her aunt and uncle, Mr. and Mrs. Gordon Stearns reared her. Our sympathy goes to them in their loss.

James Gray Laughlin and family of Brownwood, visited in the home of Mrs. J. S. Laughlin Sunday, P. M.

Let's not forget that next Sun-

day night, Jan. 12, is regular singing night. But if this weather continues to hold on, as it has the last 10 days, no one can think of coming. Some say we had 8 inches of snow and the lowest the thermometer registered was Zero.

Mr. Hugh Thompson of Stockton, Calif., came in last Tuesday and visited with his parents, Mr. and Mrs. Charles Thompson until Friday, going from here to see his brother, Vassar, in Veterans Hospital at Waco.

Mrs. Kingston spent a few minutes with her niece, Mr. and Mrs. Howard Jones and family, Monday afternoon.

Mr. and Mrs. Oscar Boenicke spent Sunday with his sister, Miss Pauline Boenicke and other sisters and brothers for a family reunion. One sister was there from the Valley. They had not seen her for a long time, this was Bertha.

Mrs. Zona Stacy spent Sunday with her cousin, Mrs. Beula Kingston. Walter and Carrie came in afternoon.

Mr. and Mrs. J. R. Haynes had several of their children sick last week. One in the hospital for a few days, but at this time all are well again.

Glenn Haynes came home from the hospital last Friday and is able to be up and about, but his wife is almost bedfast with a cold and cough.

Mr. Charlie Thompson went to Brownwood today, Monday, to meet his son, Hugh, who had been visiting his brother, Vassar. His condition remains about the same.

Relatives of Mr. and Mrs. Preston (P. D.) Miller, who attended the funeral of Mr. Miller Monday afternoon at the Church of Christ in Bangs were: His aunt, Mrs. J. S. Laughlin, his cousins, Mr. and Mrs. Harry Wilson, Gray Laughlin, Mr. and Mrs. Roy Laughlin, Mr. and Mrs. Carl Sheffield, an uncle, Mr. Joe Clark and son, Mrs. Miller's relatives were: Mrs. Tom Stacy, an aunt, Cousins, Mr. and Mrs. Walter Stacy, Mr. and Mrs. Marion Ford, sister-in-law, Mrs. Jess York, Friends, Mr. and Mrs. Bernice McIver, Mrs. Beula Kingston. Mr. Miller died early Friday night after a few hours of illness from a heart attack. The church was filled with friends and relatives and the flowers arranged so beautiful. His Pastor spoke of how much he was loved and people would not have ventured out in such weather. Two sons, one in the State of Washington, could not come as

all planes were grounded on account of bad weather, the other one is somewhere in Germany. Mrs. Miller is in very poor health and let's not forget to pray for her and her family.

Mr. and Mrs. Marvin Whitley found out nothing can come up with wood for fuel, their Butane Gas froze up and they had to phone Julian to bring them some stove pipes so they could put up a wood stove. Zero weather and no fires don't go so well.

I found Mrs. Leta Price using her fireplace again, altho she has Butane Gas, and we who are using natural gas are so thankful for it, while our gas bills will go sky high this month, and we are so thankful the weather is warming up, snow is melting fast after being on the ground for 8 days.

Mrs. R. D. Kirkpatrick only got to have school one day last week and the bad part to her was she could not go home (at Zephyr), but school started back again Monday but not many children could get here.

Rockwood News

(Mrs. Ray Caldwell)

My knowledge of what is, going on in the community is very limited.

Snow and ice, no water, cooking and dishwashing has comprised most of my activities.

There is quite a lot of sickness but none serious.

The children of Mr. and Mrs. Billy McIntire have the chicken pox.

I hear several mothers say they fear their children have the whooping cough.

Herman Estes was confined to his bed Saturday.

School opened here Monday with the enrollment of 17.

Most of the college students have returned to their respective schools.

Mrs. Sam Rutherford has been in Santa Anna with her daughter, Mrs. A. B. Davis, helping her care for the baby who was ill.

Mrs. E. L. Hill of Houston returned to her home last week

DAUGHTER BEATS MOTHER

In relieving the discomfort of children's simple chest colds by using Durham's Nu-Mo-Rub, the modern Guaiacol-Camphor chest rub. Doctors agree that its 29% Guaiacol-Camphor formula is a decided improvement over Mother's old-fashioned Eucalyptus style salves. Try Nu-Mo-Rub for croupy coughs. Double the purchase price refunded if you do not find Nu-Mo-Rub more effective. In 35c and 60c jars at your Druggist or PHILLIPS DRUG CO.

after visiting with her parents, Mr. and Mrs. J. C. King and other relatives during the holidays.

Miss Rosa Belle Moore and Ernest Heilman visited with Mr. and Mrs. Fred Shufford Sunday.

Mr. and Mrs. Boss Estes visited with his parents, Mr. and Mrs. Andy Estes Sunday.

Mrs. Ray Caldwell and Denny visited with her parents, Mr. and Mrs. R. L. Steward Sunday.

Mrs. Lee Miller visited with Mrs. Bob Straghan Sunday evening.

Dan Moody Caldwell was pleasantly suprised with a short visit of one of his buddies, Bill Snodgrass of Ohio last Monday evening.

Mr. and Mrs. Pete Richardson visited with Mr. and Mrs. Herman Estes Thursday evening.

Mrs. Bill Byran and Mrs. Cecil Davis went to Belton Tuesday to visit with their sister, Mrs. Frieda Parks who was ill.

We have Cooks "Anti" Wonder Rat Bait. Santa Anna Hwde. Co.

Misses Jane Burden and Ruby Davis left last week for Ft. Collins, Colo., where they have employment in a hospital.

Mr. and Mrs. Robert Haynes and children, who have been making their home in Texarkana, arrived here before the holidays to visit with relatives, have decided to make their home here for awhile.

Mrs. John R. Banister and Grady Banister have returned from visiting Mr. and Mrs. Enoch Bruce of Barksdale and Mr. and Mrs. Len Clark of Rock-springs.

Sgt. and Mrs. David J. Hardin visited his parents, Mr. and Mrs. O. C. Hardin at Santa Anna for two weeks. On return to their home at Fort Knox, Ky., they were accompanied by his sister, Miss Julia Hardin, who spent the Christmas holidays in their home. On return to West Point they spent the week-end at Crawfordsville, Indiana, with Mr. and Mrs. Charles Sasbe, grandparents of their children. Sgt. and Mrs. Hardin and family, and sister, enjoyed Xmas dinner with his company at Fort Knox, Kentucky. They were accompanied by friends on a sight seeing tour up the Ohio River on Xmas evening.

The Band Mothers Club will meet at High School Tuesday, Jan. 12, at 3:30. Business to be heard includes plans for sending the band to the Battle of Flowers at San Antonio contest and parade on April 20-21.

Miss Martha Joe Dohson of Talpa, student at John Tarlton College at Stephenville, visited Evelyn Bruce on New Years Day.

Miss Lois Moore of Burnet expected to spend the week-end here with her sister, Mrs. Bruce Snodgrass.

We are now booking R. O. P. Sired (Certified) Broad Breast Bronze Poult and Beltsville Small White Poult, for spring delivery. Prices guaranteed. Also, baby chicks from R. O. P. Sired Males.

Griffin Hatchery

Friendly Folks KEEP PORCH LIGHTS BURNING

IT'S Safer TOO!

Look up and down any street tonight—many of the most attractive homes in daytime are now dark and uninviting after nightfall.

Turn on the porch light and even the most modest homes stand out as the most charming and gracious in the neighborhood. Where the light is burning you feel that a cordial greeting awaits, that hospitable folks are inside, and that friends are always welcome.

Maybe you haven't been conscious of the friendly significance of that beckoning light. Drive out tonight and feel the difference when you pass the lighted homes.

For one month—two hours nightly—you display this outdoor sign of friendship for about the price of one-half pack of cigarettes. Surprisingly cheap, isn't it?

ing personal, I would just like to know. Have you put your school work last and your personal affairs first? What do you mean when you say, "No time for fun?" You have plenty of time to go to the show after you get your lessons.

This brings me to another point. Are you a procrastinator? If you don't like the formality and "six-bit" word, I'll talk straight. Do you put off today what you can do tomorrow? Maybe you are like a girl I know who ran around all week, knowing that she was to have a chemistry exam on Friday, and then Thursday night when she got home she did her studying. Guess what? She flunked the test.

Oh yes, do you have that committee-report for our club? Lots of the students think their club obligations end when the meeting is over.

Don't think I'm shooing, I'm only trying to help you be a little better student and for the school to benefit from you as well as you benefitting from the school. Well, so long, I'll be seeing you.

Oscar P. Returns

You remember Oscar P. I know. Oscar P. is another word for school spirit. When he was first mentioned it was about football and activities of the school but now we have a much more serious matter to deal with. I will admit it is delicate but still it does not have to be handled with gloves. The worry and concern of good grades has been dwelled on before but for some students it has not conquered their evil minds. By evil minds I do not necessary mean the students act bad but they certainly do not study as much as they should.

Oscar P. at first conquered over all and school spirit was a success. Now that football has ceased and many think there is no need for good grades, Oscar is gradually going away, also.

Let us all, as the New Year approaches, bring up our grades to a high standard and say, Oscar P. is still undefeated.

Who's Who in the Senior Class
As always, after mid-term the Press Club introduces to you, the members of the Senior Class. This year the Class of '47 boast 36 members and this week we present to you the first two on Mrs. Singleton's roll.

Here comes that fun-loving, happy-go-lucky girl, Anne Bagby! Anne says she is "Sweet 17, 5' 4" tall, and weighs 103 pounds. She has been a very active student during her High School years. She was in the Press Club three years, the Spanish Club two years, and the Band, one year. Her ideal person is Mrs. Williamson, because she is so cute. When she gets out of school she plans to become either an Army or Navy Nurse. Anne says that she dislikes caty people, men (but I like Mr. Pettit), Chemistry and Geometry. The height of her ambition is to blow square smoke rings. Anne says

that she likes "a whole lot of things" Namely they are Tyrone Power, to eat crackers in bed, sleep late, beautiful eyes, to eat, skate, to be alone, pastry, and beautiful black wavy hair. I love to dance and ride horses, "says Anne. As a conclusion, Anne added, "But most of all I like Joe Sellers."
We wish Ann the best of good luck in whatever she does.

Fiern Bengé

This well known Senior boy is 16 years old and weighs 132 pounds. He attended school at Whon until his Freshman year and has been going here ever since.

His likes are outdoor sports and when asked what else he replied, I don't know. Among his dislikes are school and books.

His favorite study is typing (no wonder it doesn't require a book) and Mrs. Williamson is his favorite teacher.

Fiern plans to go to A & M when he graduates and the Senior Class along with everyone else wish him lots of luck.

Jokes

Billy C. : "How did you happen to give your car the name of Baby?"

Jerry: "Because it's rattle always goes along with it."

Mr. Stewardson: "How is it that your January and February marks are so much lower than those of December?"

Boyd: "Why, you know Pop, that everything is marked down after the holidays."

He: "Honey, I've bought something for the one I love best. Guess what it is?"

She: "A box of cigars."

Insurance Agent: "So you want all your school furnishings insured against theft?"

Mr. Kattner: "Yes, but you needn't include the clocks. Everybody watches them."

Gossip

This week the kids in town sang "Let it snow, let it snow, let it snow" while the kids who were stranded in the country sang "The weather outside is frightful... The snow and cold weather did keep a lot of daters from traversing around the country."

Earl Jean was snow bound at Virginia's from Monday night 'till Thursday, so I heard.

Thursday night R. L.'s house was the scene of a little excitement since he entertained a quiet little crowd, well crowd, anyway.

We wonder what Lois Faye will do when Bob W. leaves. We did hear he was leaving in a few days.

Sue was in town Thursday and she and Billy were having lots of fun. It seems it was the first time she had seen him since Monday.

Speedy got a new car last week and I heard that the radiator froze the night he got it. Tough luck, kid. Oh well, by the time you get it fixed the snow will have melted enough for you to get to Odell's.

Remember when I said I would give you the years eve? I'm sorry but there is no news. After I put on my coat, scarf and earmuffs and got to town every one had gone home, I guess.

If the weather clears as it is supposed to we will have lots of news next week. So long for now. Peep and Squeak.

Central Colorado Soil Conservation District News

Madrid sweetclover seed is available for sale to local growers at Wilson Grain Co. at Coleman. A growing demand for seed of this variety throughout the sweetclover-growing section of the United States has caused the local supply to be considerably below the anticipated needs.

Hugh Wheta, Jr., Mozelle conservation group, stated this week that land where clover is to be planted will be prepared early in January. The planting season for Madrid sweetclover will be open by February 15. Experience of local growers indicates that best results are obtained from this crop when it is planted in February and March. Early spring planting of this cold-resistant crop enables it to become established before spring vegetation starts.

The most common method used by local growers to prepare land for seeding sweetclover involves plowing with a one-way, disk harrow or breaking plow to clean the land of growing vegetation and to stir it. This operation is followed by a harrow, drag or roller and firm the soil and to break the clods into a fine seed bed. Some growers have obtained outstanding results by plowing and immediately rolling the seed bed with the district-owned roller (cultipacker) just before starting to plant. This method insures a clean seed bed at planting time and the roller firms the soil and prevents loss of moisture.

Most clover growers plant in regular 36 to 42 inch rows using row planters equipped with plates having five to eight holes of about one-eighth inch in diameter. This type of equipment usually plants at about the desired rate of three pounds per acre. The covering plows and opening sweeps are removed from the planter and a covering chain is used to cover the seed to a depth of one-half inch or less. Many growers have found it necessary to use the district-owned seeding attachments on their planter boxes to prevent excessive loss of seed from leakage.

The influence of phosphate fertilizer on Madrid sweetclover has not been determined by local growers thus far. Trial applications of super phosphate were made on clover planted in February and March of 1946 by Co.

PHILLIPS DRUG CO.

State Dept. Of Health Letter

Now that the winter season is here and pork and pork products are more freely used, warning against insufficient cooking of pork is given by Dr. Geo. W. Cox, State Health Officer. Trichinosis is caused by a parasite in the muscles of pigs. This parasite may occur in large numbers in infested meat.

Dr. Cox explained that a disease condition known as trichinosis is caused by a microscopic organism called the trichina or muscle worm. The young worms, or larvae are found in the muscles of infected pigs. When this meat is eaten raw or is undercooked, the unharmed larvae grow in the human intestines in to adult worms which are carried by the lymphatic tissues and blood streams into the muscles where they become encysted. This period of invasion gives rise to the symptoms of the disease. The severity of the illness is de-

pendent upon the number of trichinae originally consumed. "While the adult parasite are in the human intestines they may cause acute diarrhea," Dr. Cox said, "which at first can be mistaken for typhoid fever or dysentery. This may start anywhere from the first to the fourth day after eating the infested pork and may last oneto several days. Later a puffiness of the eyes may appear together with various degrees of pain in the muscles, particularly those of the calf of the leg, the upper arm, the shoulders and the jaws."

Dr. Cox declared that since no adequate treatment is known, prevention is very important. The worms cannot be seen by the unaided eye, so inspection of pork cannot be depended upon to protect from this type of infection. The only sure safeguard is to be certain that all pork and pork products are thoroughly cooked, whether processed at home or purchased. Many of the more serious and fatal cases have been traced to eating raw smoked sausage or raw pork pudding.

Since it has been estimated that approximately five per cent of all swine are infested with trichinae it is being emphasized that the invariable rule before consuming any pork or pork product is to see that it is cooked until all natural color is gone and no evidence of blood can be detected. This is the only safe rule to follow, according to the State Health Officer.

District Supervisors are: B. B. Fowler, Andy Broyles, Jim Diberrell, Lane Smith and R. A. Miller.

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for January 12

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education, used by permission.

THE AUTHORITY OF JESUS

LESSON TEXT—John 2:1-16. MEMORY SELECTION—Whatsoever he saith unto you, do it.—John 2:5.

The witness of John concerning Jesus as the Son of God had been attested by the divine knowledge of Jesus and his personal call to his disciples. Now the time had come for him to declare his authority as God by an overt act which all men could see and understand.

It is interesting to note that for this, the first of his miracles, he chose a festive occasion in the home. He had been invited to be a guest at a wedding (v. 2). Those who ask him to be present at their marriage may confidently expect him to be present and to add greatly to the real joy of the occasion.

The authority of our Lord shows here in three different ways:

I. He Commands (vv. 1-8).

He was neither host nor was he the one charged with responsibility for the serving, but when the time came for him to do his mighty act the servants were ready to obey that admonition of his mother and do what he said.

Mary may have had some responsibility for serving the guests. Why then had she not looked to the supply of wine? Apparently she who knew of what had taken place at the baptism of Jesus and immediately after, and having in her heart the memory of what occurred at his birth (Luke 2:14), thought it time for him to do some great miracle.

He was indeed ready to do so, but in his own way. "What is that to thee?" in verse 4 really carries the meaning: "This is a matter which I must care for in my own way," and he did.

We do well to seek grace to be like the servants who did what the Lord commanded, even though it did not seem to be a sensible solution to fill the jars with water. Obedience without hesitation and without question is the price of blessing!

II. He Creates (vv. 9-11).

The act of creation was already done, but now the fact came to light. He had changed the water into wine, the juice of the grape. This was not a case of adding something or diluting the remaining wine. Here the water, as he decreed it even without the use of a spoken word, was no longer there, but the best of wine.

Jesus was and is the Creator. He was present at the beginning of all things (note the "let us" in Gen. 1:26), and it is declared that "by him were all things created" (Col. 1:16, 17). In fact, "without him was not anything made" (John 1:3).

What he created was good, so good in fact, that the one in charge of the feast remarked about it. The Lord never does anything by halves, nor in a careless or defective way. He made a great quantity of wine (probably more than 100 gallons) and it was of the greatest excellency.

Some would read verse 10 as though our Lord were here helping along a drunken wedding party, but of course that is not true. The steward was simply recognizing the ordinary rule of serving whereby one uses the best one has until there is no more like it, then takes the inferior provision. To use this verse to excuse drunkenness is only possible for those "eager to mar, if by means they could, the image of perfect holiness which offends and rebukes them" (Trench, quoted by Lenski).

III. He Controls (vv. 12-16).

After a few days with his family and his disciples, he went down to Jerusalem for the great feast of the Passover. There he found his Father's house being misused and defiled. His holy indignation kindled, he spoke and acted with authority as he drove these "racketeers" out of the temple.

People like to hear about a God of love, one who knows their weakness, and is kind toward their infirmities. But we must not forget that God shows his love by a great and holy hatred of sin, and a desire to deliver us from that sin. This means that he must and will deal in drastic fashion with those who persist in their sin.

This is a majestic picture. The Son of God and Son of Man steps into the center of this unholy traffic and with mighty, holy indignation (not anger) drives it out.

Why did these men who were so deeply entrenched and so eager to make money flee before the wrath of

Well, on Friday last the 80th Congress opened, a new Speaker (the 45th in our history) was elected, 429 Members took the oath of office and several hundred newspaper correspondents and commentators squared away to keep the nation posted on what's going on in Washington.

At 12 o'clock noon, the Doorkeeper rapped for order—a duty usually performed by the Clerk. The latter died recently, however, the Doorkeeper became the next in line to do the job. The roll of all Members-elect was called and nominations were made for Speaker.

On the Republican side, the name of Joe Martin of Mass. was presented and on the Democratic side, Sam Rayburn was nominated. The vote was 244 for Martin and 132 for Rayburn—a party vote division.

Mr. Rayburn, who thus became Democratic leader for the next two years, marched to the rostrum with the newly elected Speaker and formally introduced him to the House. Martin then spoke for twenty minutes, outlining the general program of the Republican party.

The Reorganization Act passed last year was adopted as the rules of this session, without change. By that Act, the stand-

ing committees are reduced from 48 to 19, with each Member in the main being limited to but one committee assignment. Each committee will be more expertly staffed and a much enlarged legislative reference service provided in the Library of Congress. It is believed the new set-up will make for more efficiency in legislative procedure. It will certainly go a long way toward eliminating overlapping work by committees and should speed up the machinery of law-making.

With regard to the House membership, the turn-over in the new Congress is on about an average with the past few years. There are 103 new faces this year, as compared with 86 two years ago and 105 four years ago.

The Texas Delegation remains intact except for the four Members who did not seek re-election. Those were Hatton Summers of Dallas, Fritz Lanham of Ft. Worth, Luther Johnson of Corsicana, and Sam Russell of Stephenville. Summers served for 34 years, Lanham for 28 and Johnson completed 22 years before taking an appointment on the Federal Court. Summers has retired and Lanham will live in Washington and practice law. He is a patent expert, and it is reported that his income will be considerably more than what it was as a Member of the Congress. These are heavy losses to our Delegation but they have each been succeeded by men who appear to be very sincere and promising.

In the new Congress there are seven ladies, whereas in the last session there were ten. Of these, three are Democrats and four are Republicans. The Democrats are Helen Gahagan Douglas of California, Mary T. Norton of New Jersey and Georgia L. Lusk of New Mexico. On the Republican side, there are Margaret Smith of Maine, Edith Rogers of Mass., Katherine St. George of New York, and Frances P. Bolton of Ohio.

The new Congress faces lots of hard work. I shall try to give you some of the high-lights each week of what's going on up here.

Announcing

The Home Demonstration Club will meet Friday, January 10 at 2:30 P. M. at Mrs. John Lowes. The meeting was postponed from last week.

We have Cooks "Anti" Wonder Rat Bait. Santa Anna Hwde. Co.

a lone man? It was only because they recognized divine authority. He has a right to control men, for he is God.

It is not a mere matter of reform, for here he was cleansing the temple, the very heart of the life of the Jewish people. He dealt with a present situation to establish an eternal principle.

We cannot help but admire this magnificent Jesus, but the question comes to us today, Has he been given his proper authority over and in our lives?

OPEN HOUSE

All the friends of Mr. and Mrs. A. L. Hill are invited to attend the celebration of their Golden Wedding Anniversary at my home between the hours of 1 P. M. and 5 P. M., Monday January 13. Mrs. Henry Simmons.

Mr. and Mrs. Charles Allen and little son left for their home in Albany, New York, last Thursday after visiting through Xmas, and the New Year with her parents, Mr. and Mrs. Arthur Talley and family.

Raymond Jackson and wife and their two children left Tuesday for their home at New Bedford, Mass., after visiting since before Christmas with his parents, Mr. and Mrs. O. M. Jackson.

Mrs. Bertha Spence and son, Weldon Spence, returned last week to their home at Van Nuys, Calif., after a visit of several weeks here with her mother, Mrs. C. A. Kilmer and other Coleman and McCullough Co. relatives.

Miss Julia Hardin returned home from a two weeks visit in Crawfordsville, Indiana, and West Point and Fort Knox Ky.

Ben Marney of Mart, Texas visited Bennie Bass last weekend.

Adapted to East Texas and the Gulf Coast, lespedeza is said to yield more feed value and soil fertility than any other crop within the region, for the same investment in time and effort.

Watch and Clock Repair ALL WORK GUARANTEED

Weekly WAA Surplus News

Move of the Fort Worth regional offices of WAA from their present quarters in the T & P Building, Fort Worth, to the plant of North American Aviation at Grand Prairie, Texas, starting February 1, was announced this week by Karl E. Wallace, WAA regional director.

Wallace explained that the move is in the interest of economy. The Dallas WAA regional offices were moved to the same location last November. After the move is made, Wallace stated that for the time being the Fort Worth regional office would continue to operate as a separate region serving the 105 counties of West and North Texas. Ultimately it is contemplated that the Zone office which is also located at Grand Prairie supervising the activities of WAA in the states of Texas, Louisiana, Arkansas, Oklahoma and Mississippi would become the operating unit for the five

states in place of seven regional offices which now exists.

An inventory of approximately \$250,000 of surplus musical instruments is now being offered for sale by WAA. Included are wind, string, percussion and electrically amplified, as well as miscellaneous musical instruments. Even pianos. Approximately half of the instruments available for disposal will be requisitioned by the Veterans Administration for its special services program for disabled veterans in hospitals.

After the VA and federal agencies requirements have been met, instruments will be sold to certified veterans of World War II and other priority claimants. Current inventory is held by several WAA regions, with the largest stocks in New York, San Francisco and Philadelphia.

L. L. McKeenan, the WAA's "widget and gizmo" man in Ft. Worth who has earned the title of the "world's greatest junkman" has done it again to start

off 1947 in a spectacular manner for WAA.

The Fort Worth office has had on its inventory some 307,528 gallons of insect repellent for many months--with no buyers in prospect. The only bid offered was for \$55,000--which McKeenan, when he heard of it, said was too little money for Uncle Sam to make.

With the aid of the manufacturer, McKeenan had the insect repellent chemically analyzed, found that it contained 90% Dibutyl-Phthalate in one portion and 90% Dimethyl-Phthalate in the other portion, and that pure Phthalic acid was selling at \$2 a gallon, with hardly any available.

As a result, McKeenan found a buyer who took the entire 60 freight car loads at a price of a net profit for Uncle Sam of \$147,968.48--over the best previous bid.

With the approach of kite season, WAA has kites--thousands of them for immediate sale and delivery. War Target kites, equipped with rudder and fin--and with black German or Japanese airplanes painted on the water-repellent fabric are available at \$2.79 each in lots of less than 750. The kites are packed in crates of 10 to 25 each which will be sold only in those multiples, with a minimum purchase order of ten kites. Orders should be sent to Aircraft Sales Division of WAA, Washington, D. C.

Mrs. Ethel Oakes who was here during the last illness and death of her stepfather, Mr. C. E. Brady, left Sunday for her home in San Diego, Calif., stopping at Brownfield, Texas, for a visit of several days. Mrs. Brady has gone to Houston to make her home with a son.

The Hardy Stewardson family moved last week to a ranch near San Saba they had purchased some time ago. This fine family will be greatly missed in this vicinity.

George E. Sparkman Buried In Coleman

George E. Sparkman, 64, prominent county stock farmer, died Dec. 28, as a result from a fall from his horse and was buried in Coleman, December 29, with services at the First Baptist church. Rev. W. M. Whatley officiated. Interment was in the Coleman cemetery.

Mr. Sparkman fell from his horse Thursday and was rushed to the hospital but never regained consciousness. He was born February 28, 1882 at Troy, Texas. He came to Coleman county in 1907. He was a member of the Baptist church of Coleman.

Survivors are: his wife; his father, W. L. Sparkman of Coleman; a son, T. L. Sparkman of Coleman; five daughters, Mrs. Clyde Laranac of Coleman, Mrs. Robert Conner of Ballinger, Mrs. Otto Pridemore of Ozona, Mrs. Charles Pitts, Jr. of Coleman and Mrs. Arthur Jennings of Coleman; four brothers, W. B. Sparkman of Santa Anna, R. E. Sparkman of Corsicana, L. N. Sparkman of Stephenville and H. B. Sparkman of Coleman; and a sister, Mrs. Elmer Hughes of Coleman.

Mr. and Mrs. Carl Taff of Elgin, Ariz., spent Wednesday and Thursday in the home of Mrs. Taff's brother, C. D. Bruce. Mrs. Taff reported that a motion picture company had recently completed making a movie in the valley near their home, in which John Wayne will star, and in which they, their daughter and grandchildren were extra players. The picture will be called "Red River," and will be released March 1.

The Self Culture Club will meet Friday at 3:30 in the home of Mr. C. L. Eeds. Mrs. C. D. Bruce will give a review of the new book, "Hiroshima," by John Hersey, the author of other best sellers, including, "A Bell For Adano."

85 Bowie Buildings To Be Dismantled

The San Antonio firm of Colglazier, McKennon & Co., has been awarded a contract for dismantling around 85 buildings at Camp Bowie and will begin work on the project sometime this week.

C. W. McKennon, who will be in charge of the Camp Bowie work, said around 125 men will be employed at the peak of the project. Workmen will be employed through the U. S. Employment Service office, Mr. McKennon said.

The work is being done for the Bureau of Community Facilities of the Federal Works Agency and lumber and other materials secured from the dismantled buildings will be used in construction of veterans educational facilities at various schools and colleges.

Mr. McKennon said the buildings will be completely torn down and the lumber warehoused. Later it will be combined with material from other contractors and used in the educational construction program.

The work probably will get under way on a small scale, but may be in full swing within 10 days.

Mrs. J. C. Mathews gave a birthday dinner December 29, at her home, honoring her nephew, Don Woodruff on his fourteenth birthday.

The following guest were present: Paula Ruth Holt, June Parker, Evelyn Zenor, Richard Shield, David Hunter and the honoree.

We have Cooks "Anti" Wonder Rat Bait. Santa Anna Hwde. Co.

Recent guest in the M. L. Guthrie home were Mrs. Joe Wilmeth of Fort-Worth and sons, Joe Bryce of Washington, D. C. and Roscoe Wilmeth and family of Springfield, Mo.

Itinerary Of H. D. C. Agent

Itinerary of County Home Dem. Agent, Mary Jo Garland, Jan. 10-18.

Friday, Jan. 10, Coleman Independent Home Demonstration club.

Saturday, Jan. 11, County Home Dem. Council and Training School.

Monday, Jan. 13, Loss Creek, Silver Valley and Novice 4-H clubs.

Tuesday, Jan. 14, Demonstrator visits.

Wednesday, Jan. 15, Demonstrator visits.

Thursday, Jan. 16, County-Wide Orchard Training School.

Friday, Jan. 17, Santa Anna Home Dem. Club.

Saturday, Jan. 18, County-Wide 4-H Club.

4-H Clubs To Learn Care Of Household Furnishings

In January, the 4-H clubs in Coleman County will spend some time on Refinishing Furniture and in learning to care for furniture and woodwork. The girls will also learn to clean windows by various methods, according to Mary Jo Garland, Co. Home Dem. Agent. Miss Garland plans to meet the 16 organized clubs as scheduled below.

TO THE PEOPLE OF COLEMAN COUNTY

My deputy and myself took the oath of office Wednesday, January 1. I would like to say at this time that we both have a lot to learn, but we do think, with the help of the good citizens of Coleman county, that we can do the job.

The Sheriff's office will be located in the court house and we hope to have some one in the office from 8:00 a.m. to 5:00 p.m. From 5:00 p.m to 8:00 a.m. you can contact someone at the jail or at my home. My telephone number is 7536, Coleman.

I would like to ask you people to come around and visit us. We are employed by you, the people of Coleman county, and we think you should know what we are doing.

We are going to do our best to enforce the law--that is what we took the oath to do. So friends, if you do break the law and we have to handle you, just remember we have a job to do.

In closing, we would like to ask you kind people for your cooperation, and to wish you a happy and successful New Year.

SHERIFF'S DEPT.
H. F. FENTON, JR.

**Billy E. Warren
Announce Marriage
In Abilene**

The marriage of Billy Earlene Warren, youngest daughter of Mr. and Mrs. E. G. Warren, of Abilene, to Sgt. William Robert Arrington, eldest son of Mr. and Mrs. Charlie Arrington, took place Dec. 25 at the home of the bride's parents. Solon Bailey, Church of Christ minister, officiated.

The bride wore a white suit with corsage of white carnations. Jo Nell Hall, maid of honor, wore a black suit with corsage of pink carnations.

Best man was Melvin Arrington, the bridegroom's brother.

Mrs. Warren, the bride's mother, wore a black broadcated frock with corsage of pink carnations. Mrs. Arrington was dressed in a black crepe frock and her corsage was of pink carnations.

The bride will continue her studies at Abilene high school, where she will be graduated in June.

Sergeant Arrington has returned to Camp Le Jeune, North Carolina. He has been in service since June 3, 1941. He was in the South Pacific 34 months and in Japan six months. He was returned to the United States in July.

The bride is well known in Santa Anna, having lived here with her parents before moving to Abilene.

Wagner — Wagner

On December 26, 1946, Mrs. Bettie Wagner of Centerville, Ill., became the bride of Fred H. Wagner of Santa Anna. The ceremony being performed by Rev. Wylie at his home. The couple will make their home at Centerville.

The medical profession is the only one that works continually to destroy itself.

**Billie Jean Mercer,
John C. Gregg Wed
Here Saturday**

Mrs. J. C. Gregg

Saturday afternoon at 5:00 P. M. Mrs. Billie Mercer of Coleman became the bride of John C. Gregg, Rev. S. R. Smith, pastor of the First Baptist Church officiated in the double ring ceremony.

The ceremony was held in the home of the grooms parents. Guest present for the wedding were Mr. and Mrs. J. J. Gregg, Mr. and Mrs. Will Schulle and children of Santa Anna, Mrs. J. W. Mercer, Mrs. Jerry Bagden, and the two children of the bride by a former marriage, Darlene and Juanel Mercer of Coleman and Miss Frances Gregg of San Antonio.

The bride was dressed in an aqua suit with wine accessories. Her corsage was of pink carnations. For something old she carried a handkerchief of her grandmother's and she wore necklace borrowed from a friend.

The groom graduated from the Santa Anna High School and then spent several years in

the Army Air Forces and since his discharge has been acting as editor of this newspaper.

The couple will reside in Coleman until their home, that is now in progress is completed.

**Doris E. Bible,
Billy J. Harvey
Wed Saturday**

On Saturday evening, January 4, Miss Doris Evelyn Bible became the bride of Billy Joe Harvey in a single ring ceremony which was performed in the Methodist parsonage at 7:00 o'clock with the Rev. Price officiating.

The bride wore a blue dress with pink accessories. Her corsage was of pink gladiolas. She attended Santa Anna High School.

The groom attended Santa Anna High School, and graduated with the class of '40. He served in the Armed Forces with the 36th Division for five years. He is now taking a course under the GI Bill of Rights at the Santa Anna News Office.

The couple plan to make their home here.

**Maxine Williams,
William G. Robbins,
Jr. Wed In Denton**

The Little Chapel in the woods on the Campus of Texas State College for women, at Denton, Texas, was the scene of the wedding of Miss Maxine Williams to Mr. William G. Robbins, Jr. of Maryville, Mo. The candlelight ceremony took place at six o'clock on the evening of December 20th, with the Rev. Paul Stevens officiating. After the ceremony a reception was held in the home of Dr. and Mrs. J. Frank Weedon. Mrs. Joe McCarvin Riggs, sister of the bride served as hostess. The bride graduated from the Santa Anna High School in 1943 and for two years has been a student at N. T.

S. T. C. in Denton. The groom attended Kemper Military school in Boonville, Mo., and served two years with the armed forces. He is attending N. W. State College in Maryville, which Mrs. Robbins will also attend.

**Lester Freemans
Wedding Anniversary**

Mr. and Mrs. Lester Freeman celebrated their Silver Wedding Anniversary, Sunday, December 22, with open house.

Silver decorations were used. For the table decorations, a lovely three-tiered wedding cake was between silver candle sticks, trimmed with letters and ribbon. The register was of white satin of silver.

The couple wore suits of grey with white Carnation corsages. Attendants were: Miss Kathryn Brannan, Mrs. Lucy Price, Miss Doris Newman, Mrs. Billy Cope, Mrs. R. J. Freeman, Mrs. W. R. Brown and Mrs. Melvin Morris.

Punch and cake with sandwiches and mints were served to a host of friends and relatives including: Mr. and Mrs. D. S. Sikes and son, David, Mr. and Mrs. Talmadge Sikes and four sons, Arnold, Jerry, David and Charles, Mr. and Mrs. J. D. Williamson, Mrs. A. K. Grimes, Mr. and Mrs. R. T. Garrett, Bro. and Mrs. S. R. Smith, Mr. and Mrs. R. S. Traylor, Mr. and Mrs. Sidley Wheat, Mr. and Mrs. Willie Wheat, Mr. and Mrs. Jess Griffith, Mr. and Mrs. Lester Newman, Thomas Newman, Mrs. C. E. Brimer, Mrs. W. J. Curry, Mrs. Odie Curry, Mr. Lloyd Price, Mr. and Mrs. Neely Evans, Mr. and Mrs. Albert Dean, Mrs. Richard Smith, Mr. and Mrs. Tom Upton, Mr. and Mrs. Emzy Brown, Miss Wanda Duggins, Mr. and Mrs. D. C. Neal, Mr. and Mrs. A. B. Kidd and children, Mr. Urbon Sikes, Alton Kidd, Mr. and Mrs. Louis Newman, Mr. and Mrs. Jim Newman, Miss Ora Alice Newman, Mr. Dulane Mangham, Jr., Mrs. Dee Bouchillion, Miss Mollie

Lowe, Mrs. Geo. Palmer, Mrs. A. Halmans, Mr. Clinton Lowe, Mr. and Mrs. Glynn McClure and son, Bobby, Mr. and Mrs. Henry Goodwin, Mr. and Mrs. James Clett and Mollie, Mr. and Mrs. Bud Evans, Mrs. V. W. McClure, Mrs. John Brown, Mr. Melvin Morris, Mr. William Brown and Randy, Mrs. J. H. Freeman, Mr. Dee Freeman, Mr. R. J. Freeman, Mr. David Neal, and Mr. A. L. Freeman.

Mr. and Mrs. Freeman appreciate the many friends who came, and the many lovely gifts received.

A scientist maintains that it isn't the eyes that reveal one's thoughts, but the lower part of the face. Meaning the mouth, of course.

We understand that the nudists who recently held a convention in New York wouldn't even permit a book in camp if it had its jacket on.
