

## National and International News Hi-Lights of the Week

A law suit which might turn Balmorhea State Park back to Balmorhea Ranches, Inc., on a purported title law, will be fought by the Texas State Parks Board, "to the last ditch" according to the board chairman, Raymond L. Dillard. He and the board will make every effort to keep the park and its "world's largest outdoor swimming pool and other improvements for the use and benefit of the public".

Rains in the midwest caused an upturn in corn prices to the highest level in 27 years on the Board of Trade last week. July corn futures sold at \$1.94 1/2 per bushel, peak price since \$1.97 1/2 was reached in 1920. A late spring and floods have delayed the planting of corn in the corn belt, and the growth of grain already planted.

Mary Roberts Rinchart, well known writer, escaped death Saturday when bullets from an old-fashioned gun fired by her Filipino chef, Blas Reyes, failed to explode. Other servants in Bar Harbor, Maine, summer home prevented him from slashing her with a knife. Reyes committed suicide by hanging in his cell Sunday.

Norman Thomas has announced that he's through running for president as the socialist candidate because, "It isn't good for a man to run so many times". Thomas was the socialist candidate five times.

Sixty seven days after its chain of explosions and fire, Texas City Sunday, committed its 63 unknown dead to "God's gracious mercy and protection." The bodies were interred in a one acre memorial cemetery, with Protestant, Catholic and Jewish ministers officiating.

The treasury cautioned congress last Friday that turning over some two billion dollars of G. I. terminal leave bonds into cash now would "add considerably to inflationary pressures which still threaten the economy of the country".

The Texas State Employment Service announced Saturday that 91 new industries, with a majority of manufacturing lines, had scheduled operations during the month of May.

In a dramatic session that drew one of the greatest galleries in its history, the Senate Monday passed the Taft-Hartley labor bill into law, overriding President

Truman's veto 68 to 25. Both Texas Senators voted for the override.

Warm Springs, Georgia, was crowded with distinguished visitors and "just plain folks" Wednesday for the dedication of the Little White House, which will become a shrine to the memory of the late President Roosevelt.

The nation's first 1947 bale of cotton to be marketed was auctioned in Houston Tuesday, June 24, and its grower, Forrest Garling, 39 year old Rio Grande Valley farmer, received bonus and sale checks totaling \$1,825.40.

Wide-spread walkouts, reportedly involving more than half the nation's 400,000 soft coal miners, a strike of livestock handlers at Omaha and a dispute involving shipbuilders at Kearney, N. J., Tuesday marked the birth of the new Hartley-Taft labor bill.

Floods continue their devastation. The swollen Missouri river neared a record level in southeast Nebraska Tuesday as it attempted to absorb the overflow from tributaries still spreading their destruction upstream.

At Columbus, Nebraska, where a fourth of the city was under water, emergency centers were set up at the city hall and hospitals to handle hundreds of evacuees.

Sixteen year old Oliver Terpening was sentenced to life imprisonment at Lapeer, Mich., on Tuesday, a few minutes after he pleaded guilty to first degree murder in the flower patch "thrill" slaying of four neighborhood children. Earlier he had been found sane in a public hearing before the court.

One of the greatest trade benefits left in the wake of the war boom is a return of courtesy to business. R. A. Porter, nationally known sales expert, said Tuesday, "This, he stated, 'is in most instances, better than price cuts, as customers these days are often so surprised at courteous treatment that they buy as a matter of appreciation'".

Mr. and Mrs. R. W. Balke and Linda came last week for a visit with her father, Mr. Clinton Lowe. Mr. Balke returned home and Mrs. Balke and Linda remained for a longer visit. Bonnie Jean Balke is attending the summer term at Sul Ross College at Alpine.

COME ONE, COME ALL! THIS ROCK SHALL FLY FROM ITS FIRM BASE AS SOON AS I!"

### Singing

There was a fine attendance at the regular singing which was held at the Cumberland Presbyterian church last Sunday afternoon. Singers were present from Shields, Fisk, Gouldbusk, and more than usual from Coleman.

The new song books were on hand and there was some fine singing.

Some fine talent among the young people and children is being developed.

Joyce Patterson and Billy Dan Atkins of Coleman, each eight years of age, led several songs very acceptably.

Young pianists were Violet Parish, Zell Bledsoe, Vernell New-

man and Elaine Burgett. The next singing will be held at the Christian church Sunday, July 27 at 2:30 p. m.

Tractor parts for Farmall, John Deere and Allis-Chalmers. Blue Hardware Co.

Mrs. J. J. Kirkpatrick visited in Abilene last Friday with her children, Everett Kirkpatrick and Mrs. Claude Reid and their families.

Mr. and Mrs. Fred Jewel and Mr. and Mrs. Frank H. Edwards and Davera Ann Garrett of Dallas visited over the week-end with their parents and grandparents, Mr. and Mrs. E. A. Harris.

Leroy Stockard returned home Sunday, afternoon from a visit since Thursday with relatives at Stephenville, and Ft. Worth and with Hal Souder at N. T. A. C. at Arlington.

### State Assumes Inspection For On-Job Training

The veterans administration regional office at Lubbock announced recently that the state of Texas has assumed complete responsibility for inspection and approval of all facilities for on the job training of World War II veterans under Public Law 340 (GI Bill).

In addition, the state has taken over the supervision of 6,043 West Texas firms, establishments and shops presently conducting on the job training for veterans.

VA advised that all future requests for inspection and approval of concerns to train veterans on the job under the GI Bill should be addressed to, State Approving Agency for Veterans Education, Land Office Building, Austin, Texas.

The veterans administration regional office emphasized that it had not relinquished supervision of some 4,000 veterans engaged in job training but that sufficient funds have been allocated to the state in order that it may inspect and supervise the facilities which provide the training.

This arrangement will enable VA to intensify its efforts toward rehabilitating disabled or physically handicapped war veterans. Formerly, VA's own training facility officers made surveys and forwarded reports to Austin for approval or disapproval.

VA further pointed out that it will continue the inspection and approval of all educational institutions, as well as all facilities where veterans are being rehabilitated under Public Law 16. At present, more than 2,000 disabled veterans are pursuing courses of vocational rehabilitation under supervision of the West Texas VA regional office.

Mr. and Mrs. Charlie Rossell and little daughter have moved to Brownwood where he has employment with the Firestone Co.

Mrs. W. T. Vinson returned on Saturday from a four weeks visit with her daughters, Mrs. A. G. Morrow at San Angelo and Mrs. C. O. Bragg at Róby.

# Announcing

That We Have Purchased The Stock Of The  
SANTA ANNA FOOD AND MARKET

We are going to try to give each of you the same courteous attention that you have been accustomed to in the past. We will appreciate the patronage of old and new customers alike and cordially invite you to visit our Grocery Store.

We are not going to have a meat market for the present, but will keep fresh fruits and vegetables in our refrigerated counter, and promise you garden fresh vegetables at all times.

We will appreciate having you as our customer

Mr. and Mrs. Joe Harvey.

OUR STORE WILL BE KNOWN AS THE

# HARVEY GROCERY

Santa Anna, Texas

Wonderful! Marvelous!  
A pen you can write your name with!

(and then see what happens!)

Here is the miracle pen to end all miracle pens!

It won't write under water. It won't make 28 carbons. But, brother—that's smalltime stuff! Look what it can do!

It can help send your children through college. It can help buy you a home. It can help you retire—or help send you around the world!

How does it do all this?

Simple! You just use it once to sign your name on the application form that will put you on the Payroll Savings Plan. Or on the new Bond-a-Month Plan at the bank where you have your checking account.

Then—automatically, regularly—your banker or employer will buy U. S. Savings Bonds for you.

Isn't that a wonderful trick for a pen to do?

Nothing more for you to do to buy Bonds except watch them pile up and collect that smooth, velvety interest—25% in ten years!

So grasp this marvel of science firmly in your hand and sign up for the Payroll Savings Plan or Bond-a-Month Plan today.

It's the easiest, surest way there is to save the money you need for the things you want.

Buy where you work, buy where you bank

## Santa Anna National Bank

Member Federal Reserve System and Federal Deposit Insurance Corporation

This is an official U. S. Treasury advertisement—prepared under direction of Treasury Department and Advertising Council

## The Bond-A-Month Plan

Most of us have a keen appreciation of money. There are at least three reasons why we necessarily have so much respect for it. First, we have to work for it. Second, whenever we want anything from today's groceries to a college education for the children or eventual retirement in future years, money is the first consideration. The third reason why we regard money with respect is the fact that it is hard to save. Anything that makes saving easier is automatically in the "boon to mankind" category.

The United States Treasury has come up with a plan to make saving easier for millions of income earners who do not have the benefit of regular savings through payroll deductions for buying U. S. Savings Bonds.

The new plan is known as the "Bond-a-Month" plan. It enables farmers, business and professional people, and others not on a "payroll" plan to save regularly. For a long time, these people have not enjoyed the advantages of automatic savings created by buying U. S. Savings Bonds regularly.

Under the new plan, all that these people now need to do is authorize the bank where they keep their checking accounts to buy and send to them a U. S. Savings Bond each month. The bank buys the bond, registers it in the name of the purchaser, and deducts the purchase price from the owner's checking account balance. There is no charge for the service. The full purchase price is invested in a Savings Bond, and there are no "extras".

Here is a plan we can endorse. It enables people to become not only savers, but also investors in what has come to be the world's safest interest bearing investment — U. S. Savings Bonds. The new plan should go a long way toward producing a degree of financial competence and independence for a large part of our people—and they are helped by the banks to create it for themselves.

## Central Colorado Soil Conservation District News

terraces and planted on the contour, held a two-inch rain last fall without losing any of the rainfall as run-off.

S. E. Weaver harvested 18 bushels of wheat from terraced land on the Weaver Bros. ranch in the Crossroads conservation group.

No run-off occurred on terraced and contoured land during the 1.65 inch rain last week on

the T. J. Allen farm in the Anderson conservation group. Mr. Allen harvested an average of 15 bushels of wheat and 35 bushels of oats per acre from the terraced land. One 25 acre field that grew clover in 1942 yielded 65 bushels of oats per acre. All of the cropland on the Allen farm is terraced with broadbase terraces which were built with a farm tractor and 4-disc breaking plow and which permits operating with ease any type of farm implement.

Jim Gill has harvested 17,000 pounds of Abruzzi rye on the Gill ranch at Whon. The rye was planted as a support crop for hairy vetch last fall. The vetch made a very poor seed yield due to adverse weather conditions during the critical period of growth.

S. C. Edmundson harvested a nine acre field of hairy vetch and Balboa rye this week on his farm in the Echo conservation group. The vetch seed yield was satisfactory except where the stand had died in spots. He has a three acre field of weeping lovegrass that is making good growth and will produce some seed this year.

C. D. Parmer has completed harvesting a 10 acre planting of hairy vetch and oats. No estimate of the vetch seed yield will be available until the two crops are separated, although the yield is believed satisfactory. Mr. Parmer plans to harvest his 25 acre field of Madrid clover this week by cutting it with a binder then threshing when the bundles are dried.

Vernor Bullard has requested terrace lines to be run on two fields where small grain was recently harvested on his farm in the Marshall Branch conservation group. Mr. Bullard plans to use his farm tractor and plow to start the terrace construction.

Mr. and Mrs. J. J. Mallett and Alvin and Wayne Wilson went to Temple Monday where Mr. Mallett is having his eyes treated.

Little Linda West of Rockwood is spending a few days with her cousin, Wiley Jean Teale.

Mr. and Mrs. Sam Shields and daughter, Mary Jean of Marshall visited last week with his brother Jack Shields and family and at the week - end Mrs. Shields' brother, David Powell of Los Angeles, visited with them for several days. He was on a business trip to points in Texas, including San Angelo, El Paso and Corpus Christi.

Mrs. Elizabeth Bender of Houston visited last week-end with her aunt, Miss Louella Chambers and in the home of Mr. B. T. Vinson and Mr. and Mrs. Floyd Reynolds.

Mrs. Jack Woodward and Mary Lela were week-end visitors with relatives at Bastrop.

Pittsburgh Paints, Varnish and Enamels. Blue Hardware Co.

Mary Jane Turner, Evelyn Oakes, Carolyn Bundren and Lois Ann Shields left Monday for Glen Rose to attend the Glen Lake Methodist Camp for Juniors, of which Mrs. J. D. F. Williams, formerly of Santa Anna, is director.

Mrs. Ethel Pye spent the week-end in Coleman with her sister, Mrs. Georgia Beard.

Coyita Griffin and Patsy Price left Monday morning for Georgetown to attend the Methodist Young Peoples Assembly in session at Southwestern University this week. They went as representatives of the local Methodist church.

Mrs. Clara Kilmer returned on Monday from a week-end visit with her son, W. N. Kilmer and family at Placid. On Sunday afternoon she attended the unveiling and dedication of a monument to the 68 service men from McCullough county who lost their lives in World Wars I and II. The name of her grandson, Howard L. Kilmer, Crew Chief, is chiseled into the pink granite of the 10,000 pound monument. He was shot down over Germany during the last war while on a bombing mission from England.

Mr. and Mrs. R. W. Turner of Tulsa, Oyla., came Monday and are visiting in the home of his father, Mr. H. W. Turner.

# To Our Friends

Many of you know that we are closing out our store in Santa Anna, and after August first shall operate only as wiring contractors.

The PHILCO line of Radios, Refrigerators, Freezer Lockers, etc., will hereafter be sold in Santa Anna by McAden Brothers, operating now as Mack's Plumbing Shop, and who will after August first occupy the building we are now in.

We have known Mack's personally a long time and after a long intimate association we unhesitatingly say to our friends and customers that we have every confidence in the world in their merchandise, their ability, and in their business and personal integrity. We can't say more.

Until August first we shall continue to operate our store and dispose of our remaining merchandise at rock bottom prices. We still have Radios, Battery and Electric, Record Players, Fans, Air Conditioners, Lighting Fixtures, Attic Insulation, as well as much other desirable merchandise.

**Trickham News**

(By Mrs. Beula Kingston)

The latest news from Mr. John McClatchy of Coleman was that he was much better but we are sorry to hear that his brother, Mr. Ed McClatchy had to have an operation in one of the hospitals in Brownwood last Saturday. At this writing, Tuesday morning, we have not heard from him but he must be getting along nicely.

Mrs. Jim Featherston must have had to take all the company she had Sunday out in the yard for all of them to be together. Besides John and Lou there were Mr. and Mrs. Gid Mathews and two grandchildren, his son, Chas. Mathews and wife, Ed and wife, Bond and family, and also these friends: Mr. and Mrs. Wiley McClatchy, Mr. and Mrs. Lewis Burney, Lige and Robert E. Lancaster and maybe others whose names I may not have gotten.

Miss Cordia Dry of Childers and Mrs. Buck Mitchell, Lea and Bettie, spent Sunday on Home Creek with the Buse family for a Sunday outing.

Mrs. Carl Sheffield spent Monday with her mother and Minnie. Mr. and Mrs. Harry Wilson were bedtime visitors with Mr. and Mrs. Oscar Boenicke last Tuesday night.

Mr. and Mrs. C. A. Thompson spent last Sunday in Brownwood. Mrs. Zona Stacy is visiting in Brownwood this week.

Mr. and Mrs. Zay Shirley and Gayle left Sunday for Waco. As you know, Gayle had her tonsils removed two weeks ago and recovered from the operation very nicely.

Mrs. Preston Miller spent several days with Mrs. Carl Sheffield last week.

Mrs. Elmer Woods spent one day last week with her sister, Mrs. Bill Vaughn.

Mr. and Mrs. John Pentecost were dinner guests of Mr. and Mrs. Marvin Whitley. Also Wayne Whitley and wife and daughter were visitors.

Mr. and Mrs. Glen Haynes and Nancy Jo spent Sunday with Mr. and Mrs. R. S. Stearns. Mrs. Stearns is not well of late and is under treatment of a doctor.

Mr. and Mrs. Fred Haynes and family spent several days with her parents, Mr. and Mrs. Carroll Bowden of Cherokee. Also her brother, Cecil Bowden and family were visitors.

The Bradley girls were dinner guests of Francis Stearns Sunday.

Mrs. A. J. Petrie of San Antonio, sister of Mrs. A. J. Martin and Miss Mattie Corder of Sinton are here visiting. Mr. and Mrs. A. J. Martin. Also a sister of Mr. Martin, Mrs. Rose Extence of San Antonio.

Mrs. Lige Lancaster returned home last week after spending several days with her sister, Mrs. E. L. (Georgia) Hill of Houston. While there Mrs. Lancaster had the privilege of driving to Texas City and seeing the great destruction done there by that great blast on April 16-17.

Mr. and Mrs. Melvin Storm of Houston visited her parents, Mr. and Mrs. Bernice McIver over the week-end.

Visitors out for church here Sunday were Mrs. A. J. Petrie, Miss Mattie Corder and Mrs. Jack Dockery and children.

Rev. B. M. Gillis and family were dinner guests of Mr. and Mrs. Walter Stacy Sunday. He is our new pastor here and I think everyone is well pleased with him and we trust we can all work together in the on-coming conference year. He was pastor at May before coming here. Brother Brown, as you know, was sent to Rockwood.

Miss Odie Wilson of Brooksmith visited Mrs. C. F. Shield last Sunday a week ago.

Jimmie Thompson from Capitan, New Mexico, is here visiting his grandparents, Mr. and Mrs. C. A. Thompson.

Miss Pearl Ford of Brownwood spent the week-end here with her sisters, Mrs. Ben McIver, Mrs. C. F. Shield and Mrs. Elmer Haynes.

Mr. Charlie James, his daughter, Mrs. Milton Johnson and family are on a trip to New Mexico visiting H. B. and Chester James and their families.

Rev. J. H. Martin with Rev. Cotton from Rockwood are holding a revival at Tennyson.

Mrs. R. R. Bearden and children left last week for Ft. Worth. After a few days visiting there, she will return to her home at Hereford. Her mother, Mrs. Pauline, went with her as far as Ft. Worth.

The following men from here have taken their combines and tractors and gone to the Plains: Jack Dockery, Felton, Martin, Dewitt Wells, Buck Mitchell, Bill Griffin, and Jack Cole. Jack bought a trailer house and his wife and children went with him.

Mr. L. E. Page was so glad to have Bro. Leonard Jennings visit him Sunday afternoon.

Visitors with Mrs. Kingston last week were her brother, Tom Bingham of Eden, his daughter, Mrs. Howard Jones and family, Mr. and Mrs. Gus Fiveash, Mrs. Lorene Wynn of Whon and Mr. and Mrs. Shirley and Gayle.

Mr. and Mrs. Paul Tackett and children and Pat Stearns and wife of Brady were dinner guests of the Gene James family.

Eddie Edmondson and her cousin spent Sunday night with Lea Mitchell.

Mesdames Harry Wilson, Chleo James and Oscar Boenicke went to Coleman one day last week to arrange an H. D. Club exhibit of a reading center in one of the Stevens show windows.

Mrs. Virgil Lancaster spent today and Monday with her brother, Fred Haynes and family.

Mr. and Mrs. Lewis Burney and Harry were dinner guests of Mr. and Mrs. Wiley McClatchy and boys Sunday.

Tuesday morning, with all the good chances of rain, we only received a light sprinkle.

**Gouldbusk News**

(Alene Menges)

Mr. and Mrs. Henry Mayo returned Sunday to their home in Big Spring after a visit of a week with her parents, Mr. and Mrs. Sam Smith.

Mrs. William L. Livingston and girls visited Miss Nora Knight and Mrs. Bill Corelius Wednesday.

Mr. and Mrs. Otis Fowler of Coleman were week-end visitors in the Sam Baker home.

Mr. and Mrs. Bill Corelius and Miss Nora Knight were shopping Saturday in Coleman.

Mr. and Mrs. Sam Baker visited Mr. and Mrs. Floyd Henry Tuesday.

Mr. and Mrs. Floyd Henry visited Monday with Mr. and Mrs. E. A. Menges and Murrel of Santa Anna.

O. F. Smith of Los Angeles is here visiting his sister, Mrs. Alice Brown.

Patsy Fulton of Phoenix, Ariz., is here spending the summer with her father, Reuben Fulton.

Mr. and Mrs. Mace Blanton, Jr. of Ft. Worth spent the week-end in the home of his parents, Mr. and Mrs. Mace Blanton.

Miss Grace Wilson spent the week-end with her parents in Bangs.

Mr. J. C. Price returned last Thursday from a business trip to Artesia, New Mexico.

Mr. and Mrs. Hardy Blue and John Hardy went to Groesbeck Sunday, where they visited with their daughter and sister, Mrs. Oran Henderson and Mr. Henderson. They took little Ora Beth Henderson, who had been visiting here, home to her parents, Wilmet Mills, who had been visiting in Dallas and with the Hendersons returned home with them.

Mrs. Leonard Sutton and little son of Brownwood spent Saturday night in the home of Mrs. Sue Walker.

Mr. and Mrs. Irl Staples have gone for a visit to their old home in Minnesota. Upon their return they will move to their home recently purchased, which is the house and several acres of what is known as the Bill Stiles place northwest of town.

Where Do Managers Come From?

A DOZEN MEN operate turret lathes. A dozen clerks stand behind hardware counters. A dozen stevedores hoist dockyard freight.

Sooner or later, one operator, clerk, stevedore is going to reach out and do the work more competently than those alongside him.

This is a real beginning. But it is not enough for a man who hopes to manage.

A manager must have demonstrated that he can take orders, before he gives orders. He must know how to impart information. He must have character, courage, and the ability to administer.

If he has all these, he is ready to go on up. Some managers stay on the first, eighth,

tenth steps, and do an important job. They are the foremen, superintendents, department heads, buyers. Some still keep going. The most farsighted and imaginative climb to the top.

This constant movement of men upward is one reason why American business has an ever-fresh point of view. Someone is always bringing a new idea on up with him.

Neither the men and women in industry nor the money in industry can be effective, without good business-management. Nothing else is so important to the workers' welfare, the investors' welfare or the public welfare.

**West Texas Utilities Company**

**Whon News**  
Mrs. Tom Rutherford

I am sure there are many broad smiles over the shower of rain. We received, very little right here and are wishing for and needing much more.

Mr. and Mrs. I. O. Smith and boys, who have been visiting their parents and other relatives here the past few days returned to Iraan Sunday.

Mr. and Mrs. Jack Haney of Santa Anna spent Saturday night with their parents, Mr. and Mrs. George Rutherford.

Mr. and Mrs. Floyd Franke of Millersview were visitors in the Charles Bengé home Thursday afternoon, returning to Millersview after the ball game in Santa Anna. Buddy Bengé returned home with them for a visit.

Those to enjoy fish dinner in the home of Mr. and Mrs. George Rutherford last Wednesday were Mr. and Mrs. Jim Carter and boys, Bert and Leon, Mr. and Mrs. I. O. Smith and boys of Iraan, Mrs. Alta Bengé and daughters, Corrine and Lanita and Mr. and Mrs. Tom Rutherford and children.

Mr. and Mrs. Vernon Fiveash of Santa Anna spent Sunday with Vernon's parents, Mr. and Mrs. Gus Fiveash.

Mr. and Mrs. Buster Wallace were called to San Antonio last Thursday to the bedside of a sister of Mr. Wallace. They found

her not so bad as was feared and she came back home with them and is at the home of her parents near Bangs.

Lanita Bengé spent Sunday with Dixie Deal.

Rev. and Mrs. Howard Smith and daughters of Quanah, Texas arrived last Wednesday for a visit with their parents, Mr. and Mrs. Ben Smith and a brother, Mr. and Mrs. Henry Smith. They returned home Saturday.

Sunday dinner guests with Mr. and Mrs. T. J. Adkins were Mr. and Mrs. Earl Cozart, Mr. and Mrs. Aaron Arrant and son, Douglas and Mr. and Mrs. Philip Radde and children. A fish dinner was enjoyed by all.

Mr. and Mrs. J. S. Martin of Coleman spent Saturday night with Mr. and Mrs. Ben Smith.

Mr. and Mrs. Walter Averett and children of Big Spring are visiting their brother and sister, Mr. and Mrs. Bob Averett. Also a little niece of Mrs. Averett of San Angelo is visiting in the Averett home.

Mr. and Mrs. Charles Bengé and Corrine went to Santa Anna Monday.

Lanita Bengé spent Monday with Patsy June Rutherford.

Mr. and Mrs. Otto Lange of Trickham attended church services here Sunday morning. We extend to them a welcome.

Mr. and Mrs. Sam Rutherford and Mrs. Sam Grant of Rockwood visited in the home of Mrs. Rutherford's sister, Mrs. Gus Fiveash one evening last week.

Mr. and Mrs. A. E. Switzer entertained Monday night. Plenty of ice cream was served and all enjoyed it to the very best. Those present were Mr. and Mrs. Nick Buse and baby, Mr. and Mrs. Walter Yancy of Shield, Mr. and

Mrs. Darwin Lovelady, Mrs. Kate Holmes, L. J. Lovelady, Tommie Sue Holmes, Gene Sherrif, Roland Deal and Fern Bengé.

Mrs. Davidson arrived here Monday to visit her daughter, Mr. and Mrs. Bill Bryant and daughter, Francise Ann.

Mr. John Smith of Santa Anna is being buried in the Whon cemetery this (Monday) afternoon. We haven't heard any details but extend sympathy to the bereaved. Mr. Smith was a brother to the former Mrs. Branstutter and lived here several years past.

**Eureka News**

(Mrs. R. W. Aschenbeck)

Mr. and Mrs. James Brown and family of Seminole are visiting Mr. and Mrs. J. C. Ferguson.

Visitors in the A. N. Lovelace home Sunday were Mr. and Mrs. Will Cockrell and daughter of Brownwood, Rev. B. D. Meeker and Misses Faye Elkins and Jean Aschenbeck.

Mr. Elgene Gilliam of Brownwood visited his parents, Mr. and Mrs. Grady Gilliam Sunday.

Mr. and Mrs. Luther Cullins and daughter, Louise of Coleman visited Mr. and Mrs. H. A. Elkins and family Wednesday.

Mrs. W. L. Swann of Bangs visited Mr. and Mrs. G. A. Brinson and family during the week.

Mr. and Mrs. H. A. Elkins and Patsey visited Mr. and Mrs. Ed McNailey and family at Camp Colorado Saturday night.

Mr. and Mrs. Bud Guthrie and son of Thorndale visited Mrs. R. W. Aschenbeck Tuesday.

Those attending the singing at Santa Anna Sunday were Rev. B. D. Meeker, Mr. A. N. Lovelace, Mr. Willie Cockrell of Brown-

(Mrs. J. B. Weathers)

Several of the ladies of the community met at the lunch room Friday and canned beans and peas for the school.

Mrs. Elton Jones and Koren and Mrs. Otis Powers visited Mrs. Herman Glibreth last Monday afternoon.

Mr. and Mrs. W. T. Stewardson went to San Saba Saturday afternoon to get Burgess, who was attending the rodeo there.

Mr. R. I. Glenn was taken

back to the Sealy Hospital Thursday but was reported feeling some better at this writing.

The men's softball team was defeated by the Rockwood team by a score of 6 to 8 last Thursday night.

Mr. and Mrs. J. H. Goodjoin were brief visitors in the J. B. Weathers home Wednesday.

Several families from here went to the city park in Coleman last Friday night for a picnic supper. They were Mr. and Mrs. Jess Upchurch and son, Mr. and Mrs. Lonnie Bledsoe and daughters, Mr. and Mrs. Roy Bledsoe and daughter, Mr. and Mrs. C. E. Weathers and children, Mr. and Mrs. Nobel Carpenter and girls, Mr. B. W. McClure, Mr. Dixon and possibly others.

Mr. and Mrs. Hays Hefner visited Mrs. Virgie Arrant Sunday.

Mrs. J. M. Weathers of Santa Anna and Vandall Weathers of Cisco are spending a few days in the C. E. Weathers home.

Mr. and Mrs. Roland Williams and Mr. and Mrs. Dan Mills visited in the Roy Williams' home Sunday.

ATTEND CHURCH SUNDAY

Mr. and Mrs. George Ralston and their daughters, Nell and Chiquita came last week and are visiting her parents, Mr. and Mrs. W. A. Standly. The Standly's other daughter, Mrs. Ora Rainbolt of Ft. Worth is also visiting them, and her daughter-in-law, Mrs. Boyd Rainbolt and children from New Mexico. Mr. and Mrs. Ralston have also been visiting for several days at Junction.

Mr. and Mrs. Carroll Watts and Carol Sue of Austin were week-end visitors here, having brought her mother, Mrs. Zetha Thomas home from a visit of several days with them. On Saturday they made a trip to Buchanan Dam and Inks Dam. At the latter place they visited Mrs. Thomas' sister, Mrs. Bill Brandford.

Mr. and Mrs. L. M. Pierce and their three children left Monday for Kingdom, Arizona, where he has been working for some time, to make their home. He came for them at the week-end. She and the children have been staying with her mother, Mrs. B. T. Woodward.

# SUNDAY SCHOOL LESSON

## Our Heritage From Ancient Israel

LESSON TEXT FOR JUNE 29—Psalm 119:105; Isaiah 2:2-4; Micah 6:1-8.

MEMORY SELECTION—He will teach us of his ways, and we will walk in his paths.—Isaiah 2:3.

EDITOR'S NOTE: Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

By HAROLD L. LINDQUIST, D. D., Of The Moody Bible Institute, Chicago  
AT THE end of the road the Hebrew nation may have—yes, should have—stopped to look back and see what it had accomplished. Israel was now in exile, to return only in part, and with greatly limited greatness and glory.

What was God's purpose for Israel? It was threefold:  
(1) To be a repository for his truth in the earth.  
(2) To be a channel for the coming of the personal Redeemer to the earth.  
(3) To be a national witness to the one true God to the other nations of the earth.

The first two they fulfilled. They kept for us the Word of God as revealed in the Old Testament, and from their nation came most of the men through whom the Holy Spirit wrote the New Testament. It was through their nation that the Son of God came as Jesus of Nazareth, our Saviour and Lord.

But they failed to be the witness that God had meant them to be—and for this they came under his judgment.

Were they then a complete failure? Certainly not—our lesson makes that clear in three ways. Teachers will find the scriptures not too well selected, but they do serve as a background for these thoughts. The nation Israel showed us:

### I. The Enlightening Word of God (Ps. 119:105).

LET us never forget that the precious Word of God, which is our light on the way through this dark world, came to us through Jewish hands.

The Old Testament, which we come to appreciate more and more as we grow in grace and knowledge of the Lord, was committed to Israel by inspiration of the Holy Spirit, and preserved by the Jewish nation even at the cost of their own lives. Nothing was more precious to them than the sacred Scripture. We owe them a great debt of gratitude, and ought to honor them for their service to God and man.

We may say then that the Bible, unsurpassed in all the world of literature, and beyond comparison as the guiding light for man's heart and life, was given to us through Israel. We could well say a hearty "Thank you" for that right now if we have never done it before!

### II. The Exalted Worship of God (Isa. 2:2-4).

THE prophet looks into the future to that glorious and blessed day when the nations shall have learned to live in peace and righteousness, when war shall be no more, and the worship of God shall be the desire and the joy of men.

When will that day come? Will it be brought in by the efforts of the church, or by conferences of national leaders? Not for a moment would we minimize the value of every true effort to spread peace and righteousness through the earth. We honor those who faithfully try to bring concord in the affairs of men.

But the clear teaching of Scripture, which has been so abundantly proved by experience, is that we can expect the delightful condition of which Isaiah speaks only when the Prince of Peace himself has returned to reign, namely, our Lord and Saviour and coming King, Jesus Christ. We look for that day!

In that blessed time Israel shall worship the Lord in the beauty of holiness, even as their history under the hand of God in days past was one of true worship of the Lord.

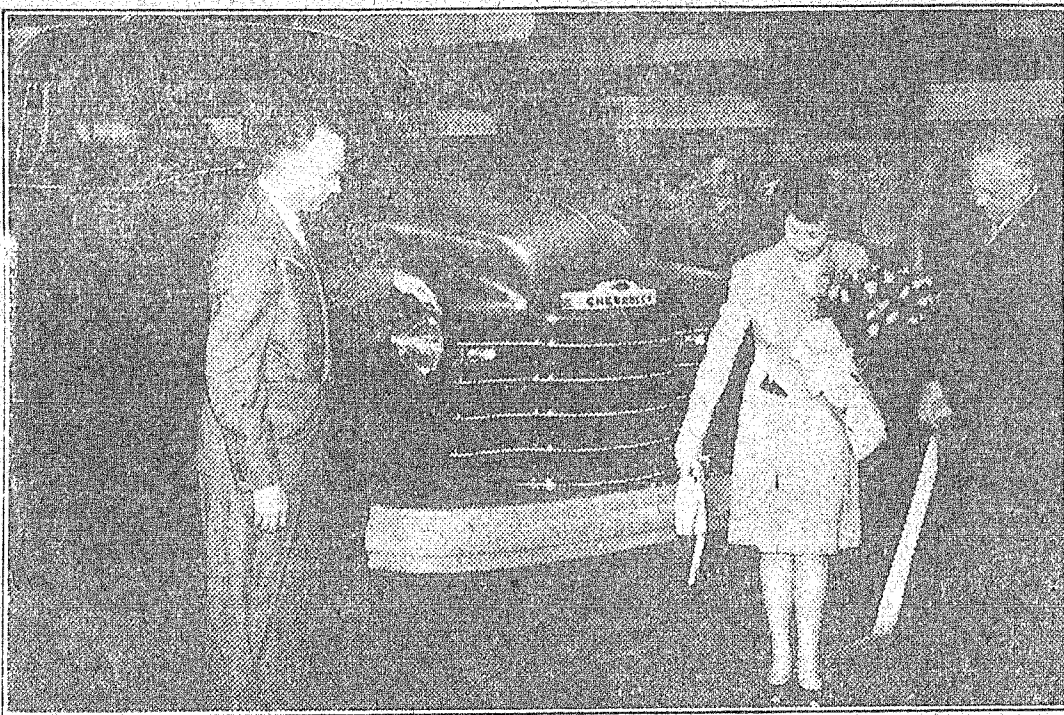

Here again they made an enduring contribution to the life of the world. Then note their witness to

### III. The Effective Work of God (Mic. 6:1-8).

WE HAVE here words of another Hebrew prophet. He speaks of God's plain dealings with his people, his judgment upon their sin, and the need of a careful and a worthy walk before him.

Back of all the admonition and appeal is the remembrance of how God had worked on behalf of Israel, delivering them from bondage, giving

## "Advance-Design" Chevrolet Trucks Make Bow

The trucks that will bring true postwar design to the highways of America, Chevrolet's new "advance-design" line of commercial vehicles, will be introduced to the trucking industry June 28 by Chevrolet dealers across the country. Incorporating a variety of new features that assure greater operating efficiency, load-carrying ability and highway safety, the new trucks are said to be more rugged and durable than ever before. First units were built in Chevrolet's Janesville (Wis.) assembly plant, and were appropriately hailed. Here the "Queen of America's Dairyland," Miss Betty Gene Gardner, Ridge-way, Wis., christens the new vehicle as Gov. Oscar Rennebohm, Wisconsin's chief executive (right), and R. W. Podlesak, Janesville plant manager, look on.

Miss Wanda Faye Thompson and Miss Verna Nance of Coleman were guests of Miss Patsy Price Sunday and Monday.

Robbins & Myers Electric Fans. Blue Hardware Co.

Mr. J. W. Fulton made a business trip to Austin the first part of the week.

Mr. and Mrs. Gene Alberts and Eddie and Jerry were week-end visitors with relatives at Miles and San Angelo.

Mr. J. F. Goen is visiting in Los Angeles, Cal., with his son, John Goen and family.

ing them effective leaders, going before them in battle, in fact, proving his goodness and love by his mighty works.

Israel's service for God and man is an example of what God can and will do for those who obey him and walk with him. It is equally true that they thus reveal the inevitable judgment which comes upon a sinful and disobedient nation. Let us not miss that lesson, for we need it today.  
Released by Western Newspaper Union.

### THE W. S. C. S. HAS INTERESTING MEET

The Womens Society for Christian Service of the Methodist church met Monday afternoon in the home of Mrs. F. Z. Payne. Mrs. Arch Hull was program leader and conducted the devotionals.

"Children and the law" was Mrs. J. J. Kirkpatrick's subject and Mrs. Jim Harris spoke on "Health legislation for children."

The hostess served refreshments of ice cream and cake. Others attending besides those mentioned were, Mesdames Henry Price, Harry Crews, Hardy Blue, Tom Hayes, Bill Griffin, R. P. Crum, Dan Blake, Annie Munger and O. L. Cheaney.

Roscoe Bell is substituting on the mail route for E. M. Niell while he is taking his vacation.

Mr. and Mrs. W. F. Hoke and Sharon of Henderson came on Wednesday for a visit with her parents, Mr. and Mrs. J. L. McCaughan.

**CARD OF THANKS**  
We wish to express our sincere thanks to our many friends and neighbors for your many kind deeds and expressions of sympathy during the illness and death of our mother and grandmother, Mrs. A. E. Hill. May God bless each of you. — The Hill family, Bill French and family.

**UNION MISSIONARY MEETING JUNE 30th**  
"America must be Christian" is the theme subject to be discussed Monday, June 30th at 3 p. m., when all the missionary societies meet at the Baptist church. Every woman is invited.

Mr. and Mrs. P. E. Lee of Wortham visited over the weekend with his mother, Mrs. J. N. Huggins.

ared better, many who voted to override admitting privately that in view of failure to make a bigger cut in the budget and recent foreign aid demands, tax reduction must wait until early 1948.

If a sheep could file a suit for libel, Mary's little lamb would be in the big money. The lowly sheep has been kicked around and blasphemed no end lately. Politicians, diplomats and unfriendly newsmen have vied with each other for ugly things to say about these gentle creatures that figured big in Bible history.

But last week, as friend and foe passed through the cutting chutes, the house favored the sheepman 191 to 166 and over in the senate the roundup gave him a victory margin of 48 to 38. It was the bill to continue through 1948 government purchase of the wool at 1946 prices.

It was the first wool bill in his-

tory, and the real issue was whether tariff protection for domestic wool is to be maintained or reduced. The vote was not on that issue directly but it was clearly an expression of sentiment on that score.

The measure includes wool under section 22 of the 1935 AAA law. That section, already applicable to wheat, cotton and 25 other farm products, permits the president, after a tariff commission hearing, to impose import fees or quotas on government supported products where necessary to protect the support program against excessive dumping of competitive imports. President Truman imposed import quotas on cotton last February first to protect the domestic cotton market.

Obviously, with the present huge stockpile on hand, it would be inconsistent for the state department to reduce tariff protection for wool under present conditions if the government is supporting wool and it is under section 22.

Will Clayton, representing the U. S. in trade negotiations at Geneva, declined last week to admit or deny he plans to go back over there and reduce the wool tariff. But he did claim that putting wool under section 22 would wreck the trade conference. Observers say this could mean only one thing—that plans are afoot to reduce the tariff and that putting wool under section 22 would deter that move. Hence, Clayton wanted section 22 stricken from the bill so he would be free to negotiate a reduction in the tariff on wool imported into this country.

Texas, the biggest sheep state

in the union, saw its congressmen divided on giving the same treatment to wool as is already given to wheat, cotton, etc., and thereby opposing a tariff reduction. Oddly enough, Steve Pace of Georgia, with not one sheep in his district and very few in his state, was leader in the fight for the democrats in behalf of the bill. Without his help the measure would have been defeated. Texans found supporting the sheepmen were: Ed Gossett of Wichita Falls, George Mahon of Colorado City, Paul Kilday of San Antonio, Gene Worley of Amarillo, Omar Burleson of Anson, Olin Teague of Bryan and myself. Both senators voted for the measure.

Among our visitors last week were Captain and Mrs. Gerald D. Fairbanks, M. E. Bailey, Mrs. Jode Grant, H. U. Stoneham, Jr., Faye Harris, all of San Angelo; Z. T. Lindsey of Brownwood, Mr. and Mrs. L. M. Stephens and sons of Lometa, Mr. and Mrs. Estes M. Lynn of Ballinger; Mr. and Mrs. Thos. Graham, Jr. and son, John Allen Graham of Del Rio, Bert Striegler and Miss Ouita Moseley of Brady.

Bert Streigler, a Brady high school student, is visiting his aunt, Miss Moseley. The latter is employed in the office of the secretary of commerce. The boy, an accomplished trumpet player, plans to get back to Brady for the July 4th jubilee so he can play in the orchestra and see the show.

**SNOW SLED TESTED IN DESERT SANDS**

The army may have to change the name of the AFG snow sled to "snow-sand sled", if it passes desert tests being conducted by Task Force Furnace. The sled, which weighs only 450 pounds without pay load, is back from the Arctic and is now sliding over hot sands in Arizona.

**Interest In Learning Good Crop Method Is Growing Among 4-H**

Seventy nine counties in Texas named medal winners in the 1946 National 4-H Field Crops awards program, as compared with 35 in the preceding year. The nation wide total last year was 880 counties in 43 states, as compared with 773 in 42 states in 1945. Forty four states are taking part in the program this year, G. L. Noble, director, National Committee on Boys and Girls Club Work, has announced. "These gains reflect the growing interest among farm youth in learning efficient crop production methods", Noble stated. "By taking part in the 4-H field crops program, they also receive special training in selection of seed and the most proficient use of available farm machinery".

In addition to county recognition of superior records in 4-H crop production, awards are provided by International Harvester on state and national levels. The state winner receives an educational trip to the National 4-H Club Congress in Chicago. Four state winners are selected for national honors, each receiving a \$200 Fowier McCormick scholarship.

Last year's state winner in Texas was Harris Hill of Garland, who also won the national award.

The program is being conducted under the direction of the state agricultural college extension service for the third consecutive year. County extension agents will furnish complete information.

Mr. and Mrs. T. J. Travis left for their home at Terre Haute, Indiana, Wednesday after visiting since June 15 with their daughter, Mrs. E. D. McDonald and Dr. McDonald and Dayton.

**State Dept. Of Health Letter**

Dr. Geo. W. Cox, state health officer, endorsing the observance of June as National Dairy Month, recently released a statement congratulating Texas dairymen on the remarkable progress they have made in the past few years.

"It is gratifying to note that where 20 years ago there was no evaporated milk, powdered milk, or cheese plants in Texas, now this state produces all six of the major dairy products: butter-milk, ice cream, butter, evaporated milk, cheese and powdered milk".

Dr. Cox pointed out that last year Texas made 25,396,000 pounds of butter, 13,699,000 pounds of cheddar cheese and over 30 million gallons of ice cream.

"Milk is our most nearly perfect food", Dr. Cox said. "It is rich in proteins, vitamins A and C and the minerals, calcium and phosphate."

"The state health department is indeed glad to join with the Texas dairymen in celebrating June as Dairy Month," Dr. Cox said, and to urge that from a health protection angle, at least a pint of milk be included in the daily diet of all adults and an even larger amount provided for children."

**NEW HISTORICAL SERIES ANNOUNCED**

"The Organization of Ground Combat Troops," first volume of an historical series titled, "The United States Army in World War II," sponsored by the War Department, will be released to the public in August, according to Brigadier General Harry J. Malony, chief of the historical division.

Volumes in the series may be purchased from the Superintendent of Documents, Government Printing Office, Washington, D. C., and will be shipped postage free. The first volume will cost \$3.25. Advance orders are now being accepted.

Mrs. H. B. Thompson left for her home in Dallas Sunday after a visit since Monday of last week with her mother, Mrs. W. E. Boxter. On Tuesday she and Mr. Thompson left on a vacation trip to Yellowstone National Park and other points in the west.

**DANGER! WATCH! COCCIDIOSIS!**

At the first sign of diarrhea in six or eight weeks old chickens or turkeys give Durham's Cocco-Dine in both feed and drinking water. This acid-dextrose solution has proven so good for prevention and control of Coccidiosis and bowel troubles—it is sold on a money-back guarantee. **From where I sit... by Joe Marsh**

**Crazy Hat Wins Refrigerator!**

One of those "Breakfast in the morning" radio shows came to Capitol City last week, and Sarrah Carey won first prize for wearing the craziest hat in the audience. It was a full-sized refrigerator! (The prize, not the hat.)

"Glad them hats of hers paid off at last," says Ed, treating the whole thing like a joke. But you could see he was proud of Sarrah.

From where I sit, there's another thing Ed can be proud of: the way he's put up with those hats of Sarrah's, with never a criticism; just as she's put up with Ed's pipe and the other little freedoms he enjoys.

They've got that refrigerator home now, stocked with beer; and we're going over tonight to drink a toast—not just to Sarrah's hat taking first prize... but to a happily married couple, who've learned to live with one another's differences in tastes—whether it's a taste for hats or beer!

*Joe Marsh*

# 'I Give You Texas'

Boyce House

Nothing which was touched upon in this column in months has attracted as much comment as the recent criticism of the incident in Pawtucket, Rhode Island, where a man was arrested and fined for laughing. Nearly all the reaction from our readers has been favorable but several letters were received from Rhode Island or former Rhode Island citizens, and they took your columnist over the coals.

Their letters criticized Texas. In other words, the writers denied that I had the right to criticize their state but they had the right to criticize mine.

If Texans have faults — and of course they do have — that would be no excuse for the Pawtucket outrage — for that is what it is, an outrage. Our forefathers wrote into the Bill of Rights the assurance of freedom of speech, freedom of press and freedom of worship; they did not provide for freedom of laughter for the reason that they never dreamed that anyone would question that right.

I have before me a letter from the mayor of Pawtucket who admits the man was arrested and fined for laughing but the fine was paid back, so that ought to make everything just ducky. The reason it was paid back was because editorial writers and columnists by the scores all over the nation protested. Was the

## FARM FACTS WORTH KNOWING

Q. Our cow with calf gives milk that is ropy and slimy and has a peculiar flavor. What causes this?

A. Cows often produce off-flavored milk in the latter part of the lactation period. When the milk is ropy and slimy, however, the cow should be examined by a veterinarian, as this often indicates an infectious disease, and the milk may be unsafe for human consumption.

Q. Do you recommend that hogs be bred twice a year?

A. Yes, this is recommended for maximum pork production. According to the two-litter-a-year system developed at the Research Farm of the Ralston Purina Company, each sow is bred, farrows and nurses her litter, and sends the weaned litter to the fattening lots and finally to market twice a year. Such a high rate of production is possible through good breeding, sound management, careful sanitation, and good feeding.

Q. Will one spraying with the new type Weed Killers be sufficient?

A. One spraying is sufficient to kill most weeds. It may be necessary to spot spray about four weeks later to kill any weeds that are especially persistent or to kill any that have grown since the first spraying, since the Weed Killers do not kill seeds.

Q. What causes crooked breastbones in turkeys? Can this be prevented?

A. Improper or poorly balanced rations is given as the chief cause of deformed breastbones by the Nevada Agricultural Experiment Station, although other factors which may cause them are heredity, mismanagement, such as overcrowding and piling, and improper or unsuitable roosts. Be sure to provide a ration as complete as possible. Allow one square foot of brooder house space per bird and have your poults roosting by the third week.

Send your questions about livestock or poultry problems to FARM FACTS, 835 South Eighth Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this column, as a service of this newspaper.

chief of police fired or even reprimanded for making the arrest? Was the judge who levied the fine kicked out of office?

When the letters protesting against the criticism made in this column came from men, I replied by mailing them a timetable showing the trains that

leave Texas, northbound.

Those who don't like Texas ought to go back to the place they do like, then both they and we will be happy.

The first edition of "Cub Reporter," your columnist's new book, is 1,001 copies, numbered and signed by the author. Hightower Press, 610 E. 10th, Dallas, is the publisher.

## Weekly WAA Surplus News

Solution of the vocational training and rehabilitation problems of Texas schools, colleges and public health institutions was offered this week in a plan to donate nearly 300 items of machine tools now in government surplus at Grand Prairie and Amarillo Army Air Field. Qualified educational, health and charitable institutions may receive without cost such special purpose equipment as reamers, lathes, taps and dies and presses by submitting written application to the Grand Prairie regional office of WAA. Application instructions and the complete listing may be obtained on request to the WAA Priority Claimants Division, Box 6030, Dallas.

Garages over the country will welcome an opportunity to bid on automotive parts and maintenance equipment offered to the general public without priorities until July 7 through the Customer Service Center of Grand Prairie regional office of WAA. The greater number of the items are listed as unused and include spark plug gaskets, cylinder sleeves, main bearings, locking nuts, seat frames, bushings, housings, lamps, disc wheels, radiator rods and bumpers.

El Paso city officials have filed a letter of intent to purchase 24 buildings currently advertised for sale at the El Paso Municipal Airport.

Footwear products and textile apparel are currently being offered by WAA in separate sealed bid sales. Items in the footwear sale include rubber composition soles and rubber heels for men's shoes. Listed in the textile ap-

parel items are medical corps hospital robes for men and women, men's short two pocket convalescent coats, men's operating gowns, coveralls, jackets and caps. Further information is obtainable through Customer Service Center at the Grand Prairie WAA office. Bidding closes July 14.

From steam locomotives to platform skids are offered to the competitive bidding of the public in a lot of industrial equipment for sale through the Customer Service Center of the Grand Prairie regional office of WAA. The bid opening date is July 8. Also listed for sale are lift trucks, piston assemblies, air cleaners, fan belts, starter controls, hand trucks and electric conveyors.

Popular bidding on electrical equipment supplies will be conducted by the Customer Service Center of the Grand Prairie regional WAA office until June 30. Flashlights, fluorescent lamps, G. E. lamps, fuses and photo lamps are included in the lot. Priority groups have had previous opportunity to fill their needs from this category, it was announced.

Aluminum sheets in various thicknesses await the industrial trade in a sealed bid to be conducted by the Customer Service Center of the Grand Prairie regional WAA office. Bids will be opened July 9.

## Central Colorado Soil Conservation District News

District supervisors, B. B. Fowler, Lance Smith, Andy Broyles, Jim Dibrell and R. A. Miller. C. D. Parmer, Leedy conservation group, reports grazing a 13

Second year Madrid sweet clover is showing signs of early ma-

ture field of first year Madrid sweet clover with 142 ewes and lambs for a two week period. This amounts to 20 animal months grazing from the 13 acre field and the clover was left in condition to furnish much more additional grazing by the end of the year.

Mr. Farmer is hoeing out the noxious weeds in a 25 acre field of second year Madrid sweet clover in preparation for harvesting seed. It is essential to remove such plants as Johnson grass before seed harvest as this seed cannot be readily cleaned from the clover in the recleaning process.

Hairy vetch, where grown on dark clay soils is not offering any promise of a satisfactory crop this year, according to reports received from growers. Superphosphate fertilizer has not benefited the vetch on dark clay soils. Many fields of vetch on soils varying from sandy clay to sandy loam are making satisfactory production. No seed yields have been reported but sufficient organic matter for soil improvement is already made. Fields of vetch observed recently that have made satisfactory growth are W. H. Thate, W. J. Curry, William Brown and Garland Powell in the Buffalo conservation group and E. R. Cupps in the Cleveland conservation group. L. E. Jameson in the East Novice conservation group reports satisfactory growth on a 20 acre field of vetch. Ivan Hill in the Bowen conservation group has some good vetch where fertilizer was applied and some less successful where fertilizer was not applied.

Second year Madrid sweet clover is showing signs of early ma-

ATTENTION STOCKMEN! Save Time and Money by using DURHAM'S PINK EYE PRESCRIPTION. Twice as much powder in an improved Puffer Tube for \$1.00. Quicker and Better results guaranteed. At your Druggist or PHILLIPS DRUG COMPANY

urity due to insufficient rainfall. Seed are being formed and many pods are noticeable that are already mature. Some reports indicate that clover seed will be ready for harvesting, under the present weather conditions, in about two weeks. Most growers plan to harvest their seed direct in the field from the standing stalk by use of a combine.

James Townsend, Rockwood conservation group, requested terrace lines this week on the B. B. Fowler farm operated by him. Mr. Townsend stated the terraces will be built with farm tractor and plow on land where small grain has been harvested. An estimated 75 miles of terraces have been built in the Rockwood groups with farm tractors and plows. Some who have plow-built terraces are Uless Maness, Lewis Bryan, J. P. Hodges, Jr., Fox Johnson, Carl Buttry, Joe McCreary, W. L. Stafford, Marcus Johnson, R. G. Watson, Homer Schulze and Cecil Gray. Farm tractors and plows are the most economical of any equipment available to farmers for building high quality terraces with the help already on the farm.

## When Your Back Hurts -

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

**YOU IN THE CHURCH  
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fertilize and influence for a better citizenship and a stronger democracy. In the church the ministerial are meeting to discuss character of Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then, we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good.

Copyright 1947 by  
Williams Newspaper Features  
Box 413, Fort Worth, Texas

THE Eagle and the Flag, precious symbols of the land we love! the land where every man may worship God according to the dictates of his own Conscience! The Eagle for strength and elevation of thought and purpose, the Flag for loyalty and sacrifice; one tells us ever of the greater dreams for the tomorrows, the other calls to mind the heroic service rendered by the good and the great. We have had a glorious history, for which we are proud and grateful as an inheritance; we are in turn making the history which our children will inherit. The Eagle is summoning us ever to keep our love of freedom and our zest for the things that are high, the flag is reminding us that a free people had to learn to be united people. Out of the many had to come one nation, E Pluribus Unum. The

Eagle seems to be saying to the forty-eight states, "Be free and at the same time be united." The time has come when freedom depends more on cooperation than upon individual strength in armaments. We must cultivate increasing understanding and good will between the states. Let no racial or religious intolerance divide us from each other; let no sectional interests make us forgetful of the common good. Unless we can build within the Democracy a good fellowship of peoples, unless we put our vaunted principles into real relationships, this noble experiment of a government, "of the people, by the people, for the people" will go down before the advance of a better order than ours. God bless America and make her a channel of blessing to all the nations of the world.

**H. D. Club Has Meeting**

The Home Demonstration Club met Friday afternoon with Ellen Richards.

Mrs. Vanderford, the president, presided over a short business session. The group sang "Carry Me Back to Old Virginia" and "Smiles". Mrs. Moore gave a fine council report.

The committee reported on the kitchen aprons and kitchen curtains they took to Coleman on Thursday for the exhibit put on by the clubs of the county. Ellen Richards gave a resume of the various district club conventions.

It was agreed to have a picnic for club members, their families and the guests they wish to invite instead of the regular meeting on July 4. The same will be held at the Coleman park. Each member is asked to provide lunch and tea for her family and guests if any. Transportation will be provided for those not having a way. We will leave here at 12 o'clock.

The highlight of the afternoon was a review of the book "The Egg and I" by Betty McDonald, given by Mrs. Edd Jones, which was extraordinarily well done.

The hostess, assisted by her mother, Mrs. C. H. Richards, served refreshments of sandwiches, potato chips, cookies and fruit punch.

Those present were Mesdames W. H. Vanderford, Claude Conley, A. Holman, John Lowe, Doug Moore, J. F. Goen, Bob Douglas, W. A. Standly, Roy Stockard, Edd Jones, A. L. Odeh, C. H. Richards and Ellen Richards.

**Annabelle Price Honored On Her Anniversary**

Mrs. J. C. Price, assisted by her daughter, Patsy, entertained on Wednesday evening, June 18, with a party honoring her daughter, Annabelle on her 12th birthday.

The hostess ushered the guests into the living room where a green and pink motif was carried out in the crepe paper streamers, door designs, balloons and flowers.

Games and dancing were used as diversions for the group.

Here lie the remains of a driver who thought he could drink and still drive a car. Racing down the highway at a dangerous speed, his car wavered off the edge of the pavement, dragged on the sandy shoulder, and was wrenched into a spin. Drunken drivers are potential murderers of every other motorist who comes near them on the road. They were involved in more than 5,000 fatal accidents last year. National Conservation Bureau safety specialists say even one or two drinks slow up reactions, make judgment unsure, increase chances of accident three to four times.

Miss Patsy Price and Miss Earl Jean Woodward served Coney Island hot dogs, cold drinks and birthday cake to the guests. In the dining room the large pink and green birthday cake, inscribed with "Happy Birthday, Annabelle" and bearing 12 pink candles, was used as a centerpiece and flanked by 3-branched candelabra on each side, holding alternating pink and green candles.

Those attending were Betty Ann, Buck and Polly Dawson, Lester Meador, Rodney Pirtle, and Johnny West of Coleman; others attending from Santa Anna and vicinity were Dorcia Lee Campbell, Joyce Morris, Patricia and Jackie Price, Billie Joyce Woodward, Joe Sealy, Maxie Lee Price, Earl Jean Woodward, Patsy Price, Mr. Alfred England, the hostess and the honoree.

**Spirit Of Cooperation Theme Of CCFB Meeting Monday**

"The spirit of co-operation is the most important thing in any organization", Mr. Garland Woodard, Coleman lawyer, told Farm Bureau members and guests Monday night, June 23rd, when the Farm Bureau Federa-

tion met in a quarterly county-wide meeting at the High School Building in Santa Anna. "Spirit of co-operation could prevent wars, bring eternal peace. No organization has enough, not even churches. If co-operation prevails, no need of jails or officers would be necessary. Co-operation is successful when leaders, unselfish leaders, believe in organization, not artificial but honest and efficient. Churches, science, agriculture, and organization would all benefit," said Mr. Woodard.

President Luther Holder presided over the business meeting and Clyde Tate was in charge of the program.

Songs were led by Mrs. Frank Gillespie and Mrs. R. S. Adian and a stunt song was led by Mrs. Adian and Miss Mary Jo Garland.

In the business meeting the Farm Bureau voted to pay all expenses of the 4-H Club girls county-wide camp and to send three delegates and their wives to a Farm Bureau Training School to be held in San Antonio July 13-16. Delegates elected were Edd Bryson, Claude Bevilis and Frank Gillespie. Alternates are Clyde Tate, L. C. Filippins and N. V. Bolton.

Music was furnished by the Southern Airs of Santa Anna, composed of Charlie Henderson,

Carl Ray and daughter, Carlyn and James Price.

Arrangements were made by Emzy Brown, M. C. Switzer and Scott Whitaker, who served ice cream to approximately 150 members and visitors.

**Mrs. A. E. Hill Buried Sunday**

Funeral services were held on Sunday afternoon, June 22 at 3:30 at the Assembly of God church for Mrs. Alice Ella Hill, 90, who died June 20 at the home of her granddaughter, Mrs. Bill French, Jr., with whom she made her home. Services were conducted by Rev. A. E. Neal, Seventh Day Adventist minister from Brownwood, of which church she was a member.

She was born in McKinney, Texas, December 32, 1856 and came to Coleman county in 1902, where she has continued to make her home.

She is survived by five sons and one daughter, Charlie Adams, Boswell, Oklahoma; George Adams and Fred Adams, California; Dewey Hill and Noah Hill, San Angelo, and Mrs. Nellie Mosley, Alpine; one brother, Ed Harburger of Weatherford and nine grandchildren, 14 great grandchildren and three great great grandchildren.

Pall bearers were Charlie Quinn, Herbert Duffee, Junior Densman, Wiley Smith, Johnnie Duffee and J. H. Ellis.

Flower bearers were Mrs. Mavis Fowler, Miss Sedonia Simmons and Mrs. Bessie Parish.

Burial was in the Santa Anna cemetery with Wrights Funeral Home in charge.

Mr. and Mrs. Audie Woodward and son of Bakersville, California have arrived in Coleman for a two weeks vacation. They will visit her parents, Mr. and Mrs. J. N. Price of Coleman, Mr. and Mrs. Collin Price and family, Mr. and Mrs. Max Price and family, Mr. and Mrs. Bill Price and family, and Mr. and Mrs. Buster Woodward and family of Sahta Anna.

Mr. and Mrs. Woodie James and Jerry and Judy of San Angelo visited several days with Mrs. Van James and other members of the family last week.

Mr. and Mrs. R. B. Gregg and their daughter, Helen, and Frances Gregg, R. N. of San Antonio came Saturday for a visit with their parents, Mr. and Mrs. J. J. Gregg. The others returned home but Frances remained for an indefinite stay.

Mr. and Mrs. Jodie Baker took their son Billie Don home to May Tuesday from the Sealy Hospital where he had been for al-

most a week suffering from a serious and painful foot injury. The accident occurred when he and others of a group of Boy Scouts were preparing the grounds at Camp Billy Gibbons for the Scout encampment. The injury is such that he will have to remain in bed three weeks or more.

SANTA ANNA, COLEMAN, TEXAS, JULY 4, 1946

NUMBER 27

## NOTABLE NEWS EVENTS IN PICTURES

**ARMY'S NEWEST RECRUITS**—First of the Army's new stratofreighters arrive at Seattle for tests and final adjustments. With cruising speed of 300 miles per hour, the big ship can carry 21,000 pounds of cargo or 111 fully-equipped troops at 25,000 ft.

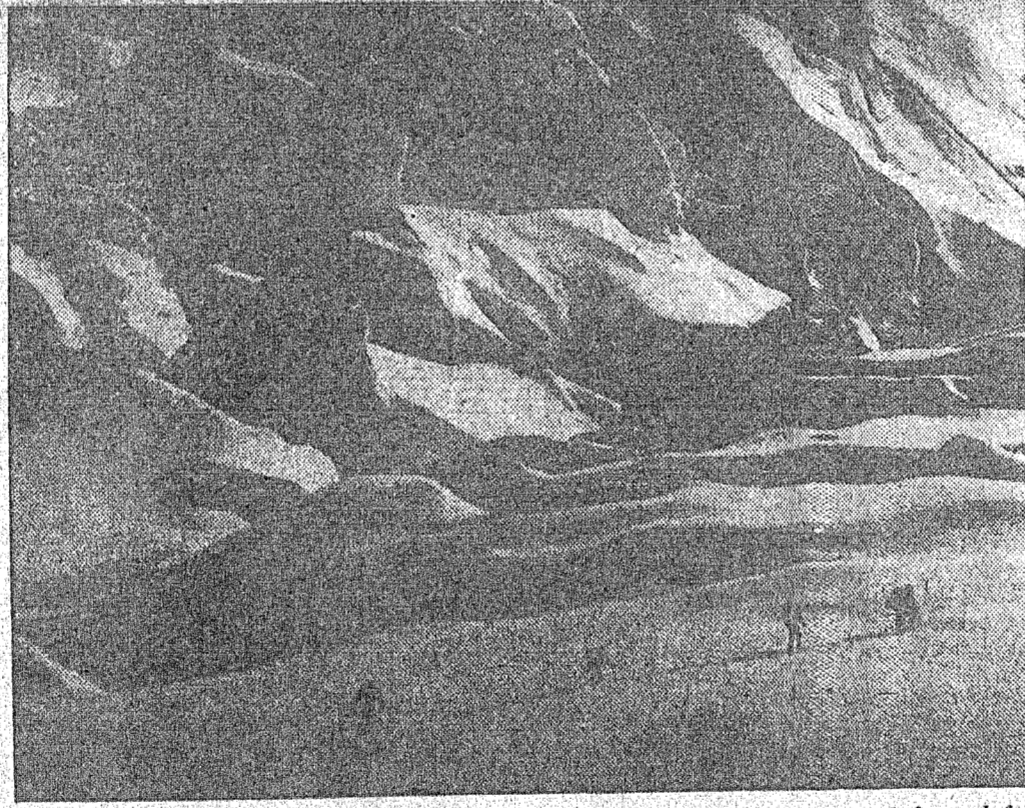

**CHECKS FOR SPORTS**—Dressed for a spectator sports role is Movie Actress Lauren Bacall. Designed by Bernard Newman, her black and white checkered-sports dress has top coat of flame flannel lined in checks to match the dress.

**SPOILS OF PEACE**—On the third anniversary of the Normandy invasion this French tot clutches two bread loaves as she walks the once more peaceful streets of Caen, France.

**QUEEN WIELDS QUILL**—Queen Elizabeth of Great Britain signs registry of the new Women's Voluntary Services after formally opening the London center.

**FIRST WOMAN ON MT. MCKINLEY**—Mrs. Barbara Washburn (second from left), of Boston, scales 20,720-foot Mt. McKinley with her husband's expedition, "Operation White Tower." The 110-pound mother of three children is first woman to climb the peak.

**PREFERS MEXICO TO RUSSIA**—This farmer is one of a freedom-seeking group that left Russia in 1905 to settle in Guadalupe, Mexico. They have paid for land by each farmer contributing half his crops over a period of years.

**TRIPLE THREAT**—Mr. and Mrs. Dominic Spadacini are proud parents of one of the heaviest sets of triplets born in Philadelphia. Weight of the three babies totals 20 pounds, 14 ounces.

**SETS PRECEDENT**—Jo Anne Stearns, New York designer of ship interiors, at 25, is first woman elected to exclusive Society of Naval Architects and Marine Engineers—for 55 years a male organization.

**CANTEEN CONTRIBUTION**—Chairman of the board of trustees of the Hollywood Canteen Foundation, Screen Actress Betts Davis, presents a check for \$25,000 to Dr. Ernest V. Edwards (center) of the Birmingham hospital, for the completion of a therapeutic salt water pool for paralyzed war-vets. Jules C. Stein is at right.

# Texas Farm News

Total amount of farm fertilizers sold to Texas farmers and ranchers in 1945-46 was 305,510 tons, as compared with 217,760 in 1944-45.

The tremendous production of livestock by American farmers and ranchers in the cattle country is clearly revealed in figures recently compiled by the USDA covering arrivals at 66 terminal markets in the United States. These figures show that cattle and calf receipts for the first four months of 1947 were more than 1,000,000 larger than in the first four months of 1946. Swine receipts were slightly larger, but sheep receipts were down sharply.

Five check points that are important to Texas dairy farmers during the summer are listed by the Extension dairy husbandmen of Texas A. and M. College. A check-up on the following items will help boost production: Water supply—cows need more water this time of year. Sour milk—always a problem in the late spring and summer months; souring can be stopped by producing clean milk and cooling it to 55 degrees Fahrenheit within

two hours after milking. Horn flies—pests that occupy a cow's time when she should be producing milk; horn flies can be controlled by spraying back, sides, legs and bellies with one pound of 50 per cent wettable DDT powder in 25 gallons of water. Good, green grass—a cheap feed that always brings a rise in milk production and cuts out many herd health problems. Kind treatment—a necessity in the management of dairy cows throughout the year; rough treatment and high production are seldom found together on a dairy farm.

Travis county farmers are beginning to see some results of the pasture improvement work they have been doing. Buffalo grass has been seeded on the high and sloping lands of the county, and Bermuda grass is now growing on much of the low, flat lands, says Travis County Agricultural Agent Thomas H. Royder. Many of the farmers will add blue stem, grama, rescue, Italian rye, and dallis grasses, as well as white dutch, hubam or burr clovers for winter and early spring grazing.

More than 1,000,000 acres of Texas land worn out for agricultural purposes should be planted in pine trees, according to Texas Foresters Association.

Texas accounted for 49 of the top 100 cotton producing counties of the nation in 1944, according to a survey issued by the Census Bureau. Leading counties were judged on a basis of differences in area, crop average and acreage in cotton. The 49 counties in Texas reported a total of 4,224,814 acres in cotton in 1944, totaling 64 per cent of the State's total and 22 per cent of the national total. All over the nation, 18,961,891 acres of land were planted to cotton.

Officials of the Purebred Sheep Breeders Association of Texas advise that arrangements have been completed with officials of the State Fair of Dallas for a sale of some excellent sheep on October 17. Sales committeemen say that an outstanding number of seven different breeds of sheep will be included in the sale offering.

## SPEAK UP, MAN — PROTECT YOURSELF

—when somebody tries to tell you another vaccine is "just as good" as Cutter. If Cutter Pelmental and Blacklegol and Charbonol are used to measure the quality of other vaccines—why not get Cutter in the first place. Bargain vaccines do only

a bargain job. Protect yourself—and your livestock—with Cutter vaccine.

If not available locally, order direct from Cutter Laboratories: Berkeley, Deaver, Fort Worth, Los Angeles, San Antonio, Seattle

Jaicie Corona Starlight, a seven-year-old Holstein cow, is the first of her breed in Texas to produce as much as 1,000 pounds of butterfat in a year's time.

The Holstein Friesian Association has informed Extension dairymen of Texas A. and M. College that the cow, now on the Neale farm near Waco, McLennan county, produced 27,408 pounds of milk and 1,087.3 pounds of butterfat in 365 days, on three-times-a-day milking. The new record makes Starlight the highest producer in Texas, and second highest producer of all breeds in the State. Texas' butterfat champion is Welcome Volunteer Sable, a five-year-old Jersey owned by J. Chester Elliff, of Tullia, Swisher county.

It is estimated that Texas farmers are benefiting by some \$30,000,000 from use of the recently developed root-rot resistant strain of sorghum.

Sleeping sickness cases among horses of the United States were set at 2,805 for 1946 by the Bureau of Animal Industry. This is the lowest number of cases of infectious equine encephalomyelitis during the preceding 12 years. The average mortality was somewhat higher, 34 per cent, than in recent years. The authorities say about 400,000 animals were vaccinated with two doses each in 1946, and 26 animals were said to have taken the disease even after vaccination.

There are no known cases of hoof-and-mouth disease within 350 miles of the Texas border and not a single cow has been caught along the Rio Grande since the U. S. Bureau of Animal Industry and the U. S. Customs Patrol began checking the border after discovery of the disease in Mexico months ago. That was the report made recently by Dr. Nicholas E. Dutro of Brownsville, new supervisor of the Cameron, Hidalgo and Starr counties district of the bureau's hoof-and-mouth patrol program. The bureau and the customs patrol have seized five hags, a few horses and mules but no stray cattle, Dutro declared.

The only turkey egg-laying test in the world ended May 31 at John Tarleton Agricultural College, Stephenville, with a pen of broad breasted bronze turkeys from the Lee and Smith Ranch of Midlothian, Ellis county, leading in egg production, according to W. Doyle Graves, test superintendent. The pen of 10 young hens laid 869 eggs during the five months of the test.

A new breed of cattle, big, white and tickproof, is being developed by two South Texas cattlemen, Fred Turner and Harl Thomas, of Weslaco, Hidalgo county. The breed, a cross between the Brahman and Charolais, has all the best characteristics of each, Turner said. When a registry book for the breed, called Charbray, is set up within the next two years the breed will become the second ever developed in this country. Charbrays are three-fourths Charolais, the French work-beef-and-milk breed, and one-fourth Brahman.

Evidencing the mass production methods of grain sorghum output in this area, figures recently released by the census bureau of the Department of Commerce show that nine of the ten top ranking sorghum producing counties in Texas are on the South Plains. No. 1 county in the State was Lamb, which grew 5,614,123 bushels of grain sorghum. The only county off the South Plains to break into the first ten was Nueces, which raised 2,493,000 bushels and ranked ninth. Other South Plains counties and their rankings were Terry, second, 5,149,219 bushels; Lynn, third, 4,685,052 bushels; Lubbock, fourth, 4,462,905 bushels; Bailey, fifth, 4,071,344 bushels; Hockley, sixth, 3,827,482 bushels; Dawson, seventh, 3,125,906 bushels; Parmer, eighth, 2,919,001 bushels; and Castro, tenth, 2,464,483 bushels.

What is thought to be the highest priced Polled Hereford steer ever to sell in the United States was bred by Jack Martin and S. M. Martin, of Morgan, Bosque county, backers of the Bosque County Polled Hereford Show and prominent breeders in that area. The steer was the champion fat steer over all breeds at the Birmingham, Ala., 1947 Fat Stock Show and sold for \$5.05 a pound to Charles R. Rew, owner of the Alabama Manufacturing Company, makers of churns. The steer was fed by J. Lee Alley and Lawrence Lee Alley of Midway, Ala. Lee Alley is well known to many Texas cattlemen.

The Lasater Ranch of Falfurrias, Brooks county, is featuring beef cattle they have named beefmasters. Their aim is to produce more high quality beef the cheapest way, through breeding. Beefmaster cattle will average slightly under one-half Brahman blood, says Tom Lasater, with the balance of the breeding about evenly divided between Hereford and Short-horn blood. On July 30, 1946, when the entire crop of beefmaster bull calves was weaned, the average weight was 564 pounds and the average age was about 7½ months. The heifer calves were weighed about a week later, and their average weight was 533 pounds. Beefmaster cattle are produced under normal range conditions.

Fields & Johnson, San Angelo sheep dealers, have set July 25 as the date for their 10th annual Corriedale sale and August 15 for their 9th annual Suffolk sale. Approximately 500 registered and purebred sheep will be offered in the first sale. The Corriedale Breeders Association is joining in this sale with official designation. Six hundred blackfaces—450 rams and 150 ewes—are to be offered in the Suffolk sale.

The State 4-H Club Round-Up, the biggest event of the year for Texas' 4-H Clubbers, has been set for September 4-5 on the campus of Texas A. and M. College. J. W. Potts and Lorene Stevens, State 4-H Club leaders of the Texas Extension Service, have announced that each county may send to the Round-Up two 4-H boys, two 4-H girls, one woman club leader and one man leader. The 1946 Round-Up, first of that type program held in Texas, was

A Cub in Size... but a BEAR for Work!

and Now—  
**INTERNATIONAL HARVESTER PRESENTS**  
THE *Farmall Cub!*

- For all operations on farms of 40 crop acres or less—and truck gardens.
- For special operations on truck farms.
- For large farms that need an extra tractor.

That's the Farmall Cub, the first tractor in history that's built right and priced right for a great new group of tractor owners.

The Cub is the newest member of the famous FARMALL FAMILY. It brings the advantages of the FARMALL SYSTEM OF FARMING to the small, family farm.

It's a Cub in size, but "a BEAR for work." You get big-Farmall quality and design, plus scaled-down, small-tractor economy. And there is a full line of matched, quick-change, easy-to-control implements.

The smooth-running 4-cylinder engine develops approximately 9¼ h.p. on the belt. It uses considerably less than a gallon of gasoline an hour. There's a comfortable, roomy seat... ample crop clearance under the chassis... and "Culti-Vision" to give a clear, unobstructed view of your work.

Fit the Cub into your farming operations. See it as soon as we can get one to your International Harvester dealer. Climb in the seat and drive it. You'll find it handles as easily as your car.

**BY-PRODUCTS OF COAL**

Much attention is being given by-products of coal. These include ammonia, benzene, phenol, naphthalene, and toluene, which already are used in a variety of materials. Nearly all dyes are made from coal tar or coal gas. The sulphur drugs and many other common medicines come from coal. So do most of the plastics and synthetic resins in wide demand.

# HOUSEHOLD HELPS

By MARGARET MOORE  
**COTTONS SET FASHION PACE FOR SUMMER**  
**LACE CENTERPIECE**

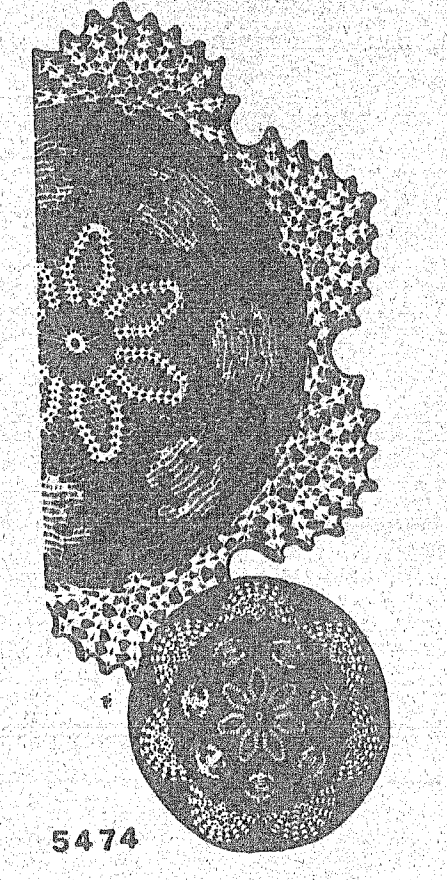

Ample selections of cottons are available this year for summer wardrobes. For the first time since before the war, the old-time favorites are to be found in full supply: chambray, gingham, poplin, pique, broadcloth, seersuckers, swisses, and the lovely sheers like organdy, net, marquisette, thin voiles, and even mulls, lawn, and muslins. The average woman, still remembering the lean supplies of the war years, has gone all-out for these. And mothers, keenly realizing the ease with which this well-wearing material goes through water and soap suds, are buying cottons for all occasions.

This typical American material makes play clothes, casual clothes, evening fashions and the smartest of town costumes. This is the year that famous designers seem to have discovered anew the beauty of cotton. Suits, dresses and jacket ensembles are all inspired by the crisp, fresh appeal of the new cottons. Famous mills are turning out specially woven and dyed cottons, in blazing color combinations, stripes, checks, plaids and fanciful prints. Dark street shades like cypress green, copper, and deep purple are used for suit costumes. Intriguing checks, plaids, or stripes make two-piece suits with all the superlative design and detail usually reserved for custom-designed clothes.

White and colored pique makes dashing play clothes and fine dress-up gowns. Dark colored pique in such shades as copper, dull green, carbon blue, dubonnet, navy and black is used with white for one-piece dresses. Chambray comes back in charming pastels as well as street colors of steel gray, tobacco brown, and dark green striped in white, or else as a solid color. These are ideal for sweet dresses and suits.

Bolts and bolts of dotted swiss are being used by home dressmakers for summer coat suits and dresses. Novelty cottons of airy sheerness compete with the dotted swisses, as do the frail looking but surprisingly long wearing organdies and marqanzas. Eyelet embroidered cotton, the veteran standby during the war years, is still decorative and cool and is used in white pastels and dark street colors for wiling weather fashions.

Gingham, another fatality of the war, has returned in a cheerful rash of white on vividly colored checks, in authentic Scotch plaids, and in striped materials with the stripe a thin cool chalk line of white. Seersucker is approved and sponsored by our smartest American designers. The famous Hope Skillman cottons, instantly recognized by unusual pattern designs and color combination, are also featured by top-flight designers for the smartest and smoothest of summer clothes. Nothing is overlooked—some of the loveliest of summer weddings are all cotton from wedding

5474  
By MRS. ANNE CABOT  
A summer centerpiece which will look ever so airy and graceful on your dining table. Measuring 23 inches, the crocheted doily has a pineapple design center and a heavier border of the fan design. Crochet it in either white or ecru cotton thread.

gown to the distinctive dresses worn by the guests. Yes, cottons are back this year and all women are happy about it!

## CHOOSE YOUR CHILD'S NAME WITH CARE

A question always of importance to a prospective mother or father is "What shall we name baby?" Various considerations influence their decision. But chief among them should be what a name can do to the child.

It is an old story what names traditionally given girls do to boys, and whatever consideration prompts a parent to give a little boy a girl's name should be waived. Family names given little girls do not carry with them the same stigma as feminine names given boys.

Be wary of names that can easily be coined into unfortunate nicknames. These often stay with the individual a whole lifetime, much to his displeasure and discom-

fort. It is all right for a mother to name her child for an admired person in public life unless the name she chooses is in exceptionally bad taste and unwarranted.

From the point of view of etiquette, it is correct to name a new baby the same as an older brother who died if the parents wish to do so. This is done frequently when the older child bore the name of the father and it is the family's wish to have the name perpetuated.

If you wish to name your child for a friend, consult the friend first and find out how he or she feels toward having a namesake. "Surprise namings" are sprung only on members of the family and then only with caution.

## DAILY ATTENTION FOR YOUR HANDS

If the advertisers seem to stress romantic-looking hands as the way to catch your man, don't be too quick to scorn. A few minutes of attention each day will give your hands new loveliness.

Keep a bottle of your favorite hand

cream or lotion close by so that it may be applied after each washing. The few seconds it takes to give your hands an application of skin softener will add up to finger-tip loveliness much sooner than you ever believed possible.

## HOUSEHOLD HINTS

A watched kettle never boils—especially if you leave a spoon in the pan. The spoon conducts heat away from the liquid and retards boiling.

Omit the starch. Linens to be stored should contain no starch. Wrap them in deep blue paper to prevent their turning yellow and store them in a dark place free from dampness.

Don't cut—sew! If boys' slacks are too long, take a tuck under the hem of the trouser legs. Between shrinkage in laundering and summer growth of the boy, said tuck is due to come out before the summer is over.

Crystallized jelly may be made into a delicious sirup for hot cakes by adding half a glass of water to a glass of jelly, and heating just enough to dissolve.

## TESTED RECIPES

**"Ready-Mix" Biscuit Recipe**  
Here's a recipe for homemade biscuit mix which will keep for a month or more in a closed container in your refrigerator. It's a real time-saver!

- 16 cups Light Crust flour
  - 1/2 cup baking powder
  - 8 tps. salt
  - 3 cups lard or other fat
- Sift the flour and measure. Sift again with the baking powder and salt. Then cut in the lard with two knives until the mixture has a fine even crumb. This mixture will yield 10 batches of 2 cups each. Add liquid as you need it for biscuits. The mixture may also be used for biscuits, shortcake, waffles, muffins, rush-up coffee cake, etc. (All measurements should be level.)

- Salmon Loaf**
- 2 cups dry bread crumbs
  - 1 small onion, chopped
  - 2 tablespoons butter
  - 1/4 cup finely chopped celery
  - 1 cup milk
  - 1 tablespoon lemon juice
  - 1/2 teaspoon salt
  - Dash of pepper
  - 1 tablespoon minced parsley
  - 2 eggs, well beaten
  - 1 pound can salmon, drained and flaked

Saute salmon in butter until yellow. Combine with salt, celery, pepper, parsley, lemon juice and flaked salmon. Combine eggs with milk and pour over bread crumbs. Add to other ingredients and blend well. Pack into a well-greased loaf pan and bake in a 350-degree oven for about 30 to 35 minutes, or until done. Serve with medium cream sauce to which chopped hard-boiled eggs are added. Serves six.

- Grape Jam**
- 1 1/2 lbs. fully ripe Concord grapes
  - 1/2 cup water
  - 1/2 lb. powdered fruit pectin
  - 3/4 cups sugar

**Chocolate Creams**  
The favorite candy of most Americans is chocolate. And now that chocolate bars are available on the counters, you should include them in your dessert plans. Try chocolate creams for an unusual dessert.

You'll need one tablespoon chocolate sirup, one tablespoon butter, one-quarter teaspoon vanilla, one cup powdered sugar. Blend sirup, butter, vanilla, and sugar into small balls. Dip into a coating made of four milk chocolate bars softened to a creamy consistency in the top of a double boiler over warm water.

Drop on a greased pan and allow to firm several hours or overnight.

- Macaroni Beef Medley**
- 1/2 cup salad oil
  - 1 pound ground beef
  - 1/2 cup chopped onion
  - 1 cup sliced celery
  - 1 cup sliced carrots
  - 3/4 cups cooked tomatoes (1 No. 3 can)
  - 2 tablespoons chopped parsley
  - 2 teaspoons salt
  - 2 teaspoons chili powder
  - 1 tablespoon salt
  - 3 quarts boiling water
  - 3 ounces long macaroni
- Heat salad oil in skillet. Add meat and brown well. Add onion, celery, and carrots. Cook until vegetables are browned. Add (Continued top next column)

tomatoes, parsley, salt, and chili powder. Simmer slowly one and one-half hours. Add one tablespoon salt to actively boiling water. Gradually add macaroni and let boil until macaroni is tender, about 12 minutes. Drain and rinse macaroni. Serve on platter with meat sauce. Yield: Five to six servings.

**Lima Beans With Tomatoes**  
Chop two fresh tomatoes, add a teaspoon of minced onion, and a tablespoon of butter and simmer for five minutes. Add to a pint or package of green lima beans after they're cooked in salted water until tender. Add salt and pepper as necessary. A little mashed garlic may be used, if you wish. Four servings.

**Ham With Caramel Sauce**  
1 slice smoked ham, half inch thick  
2 tps. dry mustard  
6 tps. brown sugar  
1/2 cup vinegar  
1 cup water  
Place ham in baking dish. Mix sugar and mustard thoroughly and dissolve in vinegar and water. Pour over ham. Cover and bake slowly in a moderate oven (350° F.) for 1 hour. Serves four.

**Try Beef Barbecued**  
Serve the tangy flavor of barbecued meat to your family. You won't have to set up an outside fireplace to prepare the meat. You can cook this delicious dinner in your kitchen and still be sure of tangy richness. Here is the method of preparation for the well-seasoned, barbecued beef slices.

Combine one-half cup catsup or chili sauce, one-third cup vinegar, one tablespoon Worcestershire sauce, one teaspoon chili powder, two tablespoons chopped onion.  
Arrange in a baking dish thin slices of cold roast beef. Makes enough for four or five people. Pour catsup mixture over meat. Cover and heat 20 or 30 minutes in moderate oven (350°).

**Sweet Sour Green Beans**  
1 lb. green beans, cut in slivers  
4 slices bacon, cooked crisp  
1 small onion, chopped fine  
1/2 cup cooking water from beans  
1/2 cup vinegar or lemon juice  
2 tablespoons sugar  
Salt, pepper  
Cook beans in salted water until barely tender. Remove bacon from skillet after cooking and crumble it. Sauté onion in bacon fat and add water, vinegar, sugar, and seasonings. Add beans and crumbled bacon. If you like garlic, a sliver of garlic may be mashed and cooked with the onion for this dish. Beans may be cooked in broth or consommé instead of water.

**Meatball Pancakes**  
1 pound round steak, ground  
6 eggs, separated  
1/2 teaspoon baking powder  
Salt  
Pepper  
1/2 teaspoon lemon juice  
1 teaspoon minced parsley  
Grated onion  
Add meat and other ingredients to well-beaten egg yolks. Fold in the stiffly beaten egg whites. Drop by spoonfuls on a hot buttered frying pan. When puffed and brown around the edges turn and brown the other side.

**HELICOPTER POWERED FROM GROUND**  
A hovering helicopter, to be used as a radio signaling and observation station half a mile above the earth, was developed in Germany late in the war, the U. S. government now reveals. It was equipped with radio antenna, and powered, both for lift and signaling, through cables from portable ground generators.

The device was never used in warfare, but had been air-tested several times before the close of the war. It had been successfully flown for 30 minutes at about 2,500 feet, and several times at lower altitudes.

Four trucks were used to transport the entire apparatus. One carried the helicopter itself, three carried electric generators and a
