NUMBER 38

Club Carnival Set For October

Looking 'round BY THE EDITOR

FOOT AND MOUTH DISEASE IN MEXICO

An article in the July issue of "The Cattleman," a magazine published by and for the Texas and Southwestern Cattle Raisers Association, by Eudora Garrett, who was born and raised in Santa Anna and is now living in Mexico City, gives a good de-scription of the fight against the dreaded foot and mouth disease that has covered about 400,000 square miles of Mexico. According to the article, as the summer is ending the disease should be getting under control, but it will take two years or more to completely wipe the disease out.

Miss, Garrett has traveled many miles through the infested areas and has made a first hand report/from her observations. We know she has spent many an hour of hard work and research to present an article of this nature to the public.

This article was handed to the editor by Mr. Sam Collier. We would like to reprint the whole article but lack of space prohibits.

SCHOOL PAPER

BEGINS THIS WEEK
On another page in this issue of the News will be found "The Mountaineer". This is, a page donated to the schools for the purpose of letting them inform the public of the happenings in the high school. All the material under the heading of The Mountaineer is written by the students of the high school. As yet the complete staff of The Mountaineer has not been selected and therefore will not appear in the paper this week, but Miss Coyita Griffin is Editor-in-Chief, of the school paper this year and we know she will do a good job and do it in the right way.

Have you pushed this button?

Want to start your car? Want an elevator to go up or down? Want clothes or dishes to wash themselves?

Today, if you're lucky, you just push a button and get what you want automatically!

Want a home of your own? Want a college education for your children? Want a cash reserve for emergencies, and enough money for a happy, secure old age?

Today, if you're smart, you can save money the same way, automatically!

Once you push the button that starts you buying U.S. Savings Bonds regularly—on the Payroll Savings Plan or the new Bond-A-Month Plan-you're set for automatic saving!

All you have to do is sit back and watch the Bonds pile up. And what a pleasant sight that is!

Especially when you figure that every \$75 Bond you put away today will be worth \$100 in just 10 years.

How do you "push the button" to get started? Well, if you're on a payroll, see your employer

about signing up for the Payroll Plan. If you're not on a payroll, but have a checking account, ask your bank about the Bond-A-Month Plan.

They're the safest, surest, easiest ways to reach financial independence that anyone ever saw.

And, best of all, they help keep your country financially sound at the same time they are helping you to save more by saving automatically!

Save the easy, automatic way with U.S. Savings Bonds

From where I sit ... by Joe Marsh

Folks sometimes criticize us small-town editors for the way we often play up "little things" ahead of big . . . human, local news in place of world events.

I can't deny it. Read the Clarion and you'll learn about the Martins' golden wedding anniversary . . . about the community sing down by the river . . . the husking bee at Sober Hoskins', where neighbors helped husk the corn, and later drank sparkling beer together.

"Little things?" Maybe. But from where I sit, they add up to the

bigger things we call America: The friendliness of small towns ... the helping hand ... the respect for me another's rights. And above all the love of fellowship and freedomwhether it's freedom to speak one's mind or choose between a glass of beer or buttermilk.

I figure that if everybody looks after the "little things," maybe the bigger things will take care of

against Rising Star Friday night, two separate organizations; the together. They were defeated 7 to 6 but they showed strong possibilities of winning a lot of ball games. There was no scoring done in the first half of the game but just before the whistle blew for the half, a Mountaineer punt was blocked, which put Rising Star only a few feet from the goal line. At the first of the third quarter Rising Star went over for six points. Their kick for point was also successful.

The Mountaineers showed a wonderful spirit after this and Joe Sellers went over for a touchdown in the fourth quarter. The kick for point was unsuccessful and the final score of the ball game was 7 and 6.

SCRIPTURE: Proverbs 3 5-7; 4:23; 16:19; 9:10; 14:34; 15:1; 16:18; 21:2; 21:1; 27:1; 2:28:1; 2:9:18; 24:17. DEVOTIONAL READING Proverbs

Guidance From Proverba

Lesson for September 21, 1947

OUR study of Sunday's lesson centers about the idea of road ness, which is a rather trite-soluding theme, but very vital I assure you, and quite in-

teresting. The are all found in Proverbs, save out, and that from the very practical preacher of the New Testament. James, chapter 4, Perhaps yoù will

find the passages from Proverbs as helpful and interentine as I did. It

will require but the minutes to read them - Proveros: 3,5-7; 4,23; 6:16- $19_{1}, 9, 10_{1}, 14, 34_{2}, 15, 1_{1}, 16, 18_{1}, 21_{1}^{1}_{3}$ 22:1; 27:1, 2: 28:1; 29:18; And after you have devoted two minutes to the reading of the e passages, you will bave something to think about for the rest of the day, the week, all your life:

One Man's Experience

 \mathbf{A} VERY successful business man in Atlanta, a shoc municacturer, was telling the his life story one day as we asked together at Honosassa. Fla : Finally, he said:

"Do you know the passage in the Bible that has meant most to me as a rule and guide for my faith and

I wondered what he would say, And then he quoted from Proverbs

"Trust in the Lord with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge him, and he shall direct thy paths. Be not wise in thine own eyes; fear the Lord, and depart from evil."

The Essence of Goodness

WHAT is goodness? We talk about good men and bad men, good times and bad times, good luck and had luck. Just what is good-Jesus himself once said to a young

There is none good but One, that

is, God." Mark 10:18. Goodness then, permit me to sug-

gest, is what happens when God lives in us. We can never know goedness apart from God, try as we may. The essence of goodness, therefore, is found in that heart, in 7:30, p. m. that life, that sincerely prays, "Thy will be done."

The Essence of Badness

GUIDANCE from these great Proverts identifies the things that we are to shan as well as the things we are to do the essence of badness as all as the essence of goodness. Here are the seven things that God hates—the seven qualities of heart that constitute the essence of badness:

"Haughty eyes, a lying tongue, bands that shed innocent blood, a heart that deliberately plans wickedness, feet which are swift in running to mischief, a false witness who utters lies, and one who sows discord among brethren."

Analyze these seven qualities of heart, and you have the explanation of the woes of the world. Many clever modern books toy with these deadly sins, trying to make them seem good, but no amount of decoration can atone for the heart that consistently entertains these cancers of hell.

The Individual and Society

LIKE the impact of these Proverbs. They begin with the individual. They fruit in society. In-dividuals who "trust in the Lord with all thine heart," will "exalt a nation." It is not enough to put better food in peoples' stomachs, better clothes on their bodies, better roofs over their heads. These are essential as expressing the better life; but you have got to give people something to live for as well as something to live on.

Good business depends upon good business men. Good international relations depend upon good nations. Good race relations depend upon good races.
