"He Profits Most Who Serves Best"

VOLUME LXIII

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, FEBRUARY 13, 1948

NUMBER 7

Looking round

BY THE EDITOR

We left this column out last week for the first time since it was started over a year ago. The writer thought it would be a good idea to center as much attention as possible on the Chamber of Commerce and we are glad we did. Due to the diligent work of the members of this organization more than 20 new members have been added and the drive is still in progress. This writer hopes that before the drive closes we will have more than 100 members. At the present time the Chamber of Commerce has a membership of 55. Elsewhere on this page is a complete list of the members. These are the citizens of Santa Anna that are interested in our city, and are glad to show their interest by being a member of an organization such as the Chamber of Commerce.

The Chamber of Commerce has decided to take members in as individual members. In short, citizens who want to be a part of the Chamber of Commerce, but who are not representatives of firms. If you are not a member now, we want you to be, and your membership will be welcome.

Members of the Chamber of Commerce are open for suggestions that will be for the betterment of Santa Anna. Plans are to set up a working program for the coming year at their regular meeting Friday night, February 27. This is the night that committees will be named and suggestions will be offered the organization for a working program for the year 1948. If you have some suggestion that you feel will benefit the town, offer it to some member of this organization. We are determined to make Santa Anna a better place in which to live, and with the cooperation of all, we will do it.

SAFETY SUGGESTIONS

The Texas Safety Association is cooperating in a nationwide "Know and Obey Traffic Laws" campaign. They have planned a series of four newspaper articles that are to appear in the month of February. These articles are of particular interest to Texans, because they are to help acquaint you with the Uniform Traffic Code that was passed last year. Due to lack of space we left out the article for last week, but elsewhere in this issue you will find the articles for both last week and this week. We feel that these articles will be of benefit to all drivers and suggest you give them your attention.

"TEXAS SAFEST TOWN"

The following article is copied from a recent issue of the Magazine section of the Houston Chronicle, and is by Ervin Hickman, who is a special writer for the Houston Chronicle.

The reason this article is copied here is the fact that the same things could be said about Santa Anna if we had the cooperation in the town that it requires to do this kind of things.

"Seminole, out in the plains of West Texas, may not be able to claim much, so far as size is concerned, but it holds some records that should be the envy of most any city in the nation.

"A town of some 5,000 inhabitants, it has suffered no traffic fatalities in 25 years, flies and mosquitoes avoid it completely, due to DDT fog blankets ordered periodically by the alert city commission, and you can eat in any cafe in town with the knowledge that all the employees have taken courses in proper food handling.

"Rats, those four legged varmints that often carry fleas infected with many dread diseases of man, don't like Seminole

1948 Car Licenses Now On Sale

Mrs. J. G. Williamson announces this week that the 1948 auto licenses are now on sale and that they can be put on the autos immediately. Mrs. Williamson will handle license plates for all autos and farm vehicles here in Santa Anna, but all commercial vehicles must be registered at the Court House in Coleman.

License plates will be on sale from now until April 1 and you will have until that time to get your new license plates, but you are requested to get them as early as possible and avoid the rush at the last minute.

Until this year it has been unlawful to put the new license plates on your cars before March 1, but under the new Traffic Code laws, the license plates can be put on as early as February 1, but they must be on not later than April 1.

Coleman Poll Tax Record Expected

Coleman county poll tax receipts may have hit an all time high, Al Hintner, county tax assessor-collector stated. The number Monday morning was 5,001 and a few more were expected to arrive by mail. Last year's receipts totaled 4,495.

Hintner said he was sure the number was the highest for the past ten years, and perhaps for all time. He reported that his office was packed with taxpayers Saturday, the deadline for paying poll tax. Improved weather conditions allowed a great many people to come to town the last day.

Mrs. Maud Linam of Lockhart came this week to spend the rest of the winter with her mother, Mrs. A. R. Richardson.

much, either. On advice of the Public Health Clinic, a program of rat extermination was instituted—the first in the state—and rats are said to be non-existent in Seminole.

To begin their program, Jim Graves, a Seminole jeweler, as head of the General Conservation and Safety Committee, asked all citizen to cooperate in the plan to prevent accidents. A four of the city showed a number of blind spots caused by hedges and trees.

"Graves asked owners to survey their property lines, to see if they had any growths which could possibly hinder vision, and, if so, to remedy the condition. After all, Graves told the Seminole people, this is a very small favor to ask where loss of life may be concerned.

"Citizens responded to the request with alacrity. Signs erected by civic clubs were promptly placed on highways, warning motorists of speed limits. Every citizen was appointed to take the matter of safety into his own hands and see that the orders were obeyed.

"The safety record claimed by the city is unusual. There are 32 motor coaches per day traveling through the town, and heavy traffic of east-west tourists further adds to driving dangers. Still no fatalities have occurred for the laws governing speed are strictly enforced.

"This safety record is the more admirable since there are no police officers. School traffic patrolling is done on a voluntary basis, in which the civic minded citizens so vitally interested participate.

"H. B. Gates, president of the Seminole Chamber of Commerce, declares: "We would be interested in learning competing claims from other cities and towns. We strongly urge that trophies be awarded annually for these two accomplishments—safety and health."

"Surely," he added, "these two desirable aims should be given official and public recognition, and some sort of incentive furnished to strive for such goals."

James Goodwin Places High At Houston Show

The blue, red and white ribbons of first, second and third places, hung over the pen of lambs taken to the Houston Fat Stock Show by James Goodwin of Santa Anna. These lambs were in Class 66 of the Fat Fine Wool Lambs division in the boys lamb show. Besides winning as individuals, these lambs placed in first place as a pen of three.

James is to be congratulated on his success and it is hoped that other boys will be encouraged to feed livestock for other shows.

Other local people who had stock at the Houston show were Darwin Schrader, Garland Schrader and Burgess Stewardson who had lambs in Class 68 of the Fat Mutton Division and they placed in 17th, 24th and 26th places, respectively. Stanley Cobb showed his fine lambs that had placed first and second at the Santa Anna, Coleman and Brownwood shows, Jack Carroll, Billy Ray Weathers and James Watson each showed three lambs and James Watson also showed two steers. Barbara and Evelyn Bruce showed registered quarter mares in the auction sale and both were sold, going to buyers from Houston and Columbus.

Scholarship Contest Offered By A & M

College Station, Feb. 10 — Any boy graduating from Santa Anna high school this year with a good scholastic record and in need of financial assistance will have a chance to win his own college education in a competition being conducted by Texas A & M College. Notice of the 1948 competition, with entry blanks for Santa Anna boys who want to compete, were mailed to the principal of the Santa Anna high school today by R. G. Perryman, secretary of the A & M scholarships committee.

Filling the need of giving every outstanding Texas boy an opportunity to earn his own college education, in spite of possible financial handicaps, the Texas A & M Opportunity Awards Program is now in its third year. It offers boys graduating from Texas high schools each year a chance to compete for four year college scholarships paying \$200 to \$300 per year, plus an assurance of student jobs sufficient to earn other necessary expenses.

Sixteen Texas boys who would not have been able to enter any college were given their chance in 1946, 30 more in 1947. Their records in college have been excellent. This year's announcement folder lists 28 separate scholarships, with the probability of more being made available before the close of the contest.

Scholarship, character, evidence of leadership and need of assistance are points on which final winners are selected by a college committee. Application blanks, now in the hands of local high school principals, must be filled out by the boys and returned to the college committee by March 15. From these applications finalists will be selected to enter a competitive examination to be held at the college May 1 and 2. Winners will be named on the basis of this examination.

Provided by gifts of thousands of former students of A & M, with additional individual scholarships donated by Texas leading citizens and institutions, the opportunity awards give outstanding boys the chance in life which the sponsors believe they deserve. With the cash scholarship, an outstanding boy can earn enough money to complete his college expenses, and still be able to do excellent college work. The winner is required to maintain a personal and scholastic record satisfactory to the scholarship committee in order to hold his scholarship from year to year.

Ten of the awards each year are financed by gifts from former students of the college, seven by gifts of Mr. and Mrs. Jesse H. Jones of Houston, two by a gift by Clint W. Murchison of Dallas and two by the Will Rogers Memorial fund. Single awards are from gifts of Wofford Cain of Dallas, the James Robert Astin Memorial fund, the Albert Banta bequest, the Ruby Korth Memorial fund, the Julia Ball Lee Memorial fund, the Cornelia Cooke Smith bequest and Mr. and Mrs. W. T. Burns of Brownsville.

Variety Show At High School February 27th

Mrs. J. J. Lewellen, program chairman for the Band Mothers Club, announces that plans are being completed and rehearsals are beginning for the Variety Show to be presented by local talent, at the high school auditorium, Friday night, February 27. Several numbers will be presented by the junior and senior bands under the direction of Kent Martin, local director.

The junior band is composed of first year students in the band and this will be their first appearance. This part of the band is composed of 18 pieces.

Dancing, songs, and other forms of entertainment will be on the program, and a good many local people will be featured.

Mrs. A. D. Donham, Jr., is the chairman of ticket sales. Mrs. Earl Hardy is chairman of posters and some of the others working on the program are Mesdames Jack Shields, Basil Gilmore, Orville Allen and Vernon Parker.

Funds derived from this program will go toward transportation of the band to the district contest to be held in Abilene on April 1 and 2 and to the San Antonio Battle of Flowers April 21st.

Ray D. Morgan Speaks To Garden Club

Mr. Ray D. Morgan, City Engineer, was guest speaker when the Mountain City Garden Club met with Mrs. Ford Barnes Friday, February 6.

Mr. Morgan gave some very interesting facts concerning the water situation in Santa Anna. He told how water from the wells recently added to the city water system is combined with water from Lakes Sealy and Santa Anna to give the best chemical proportions, and gave a chemical analysis of the water furnished by the state. He also stated that the water was not harmful to plants, gardens or flowers.

Mrs. Morgan was with her husband and she is a botanist, horticulturist and research student and has collected many specimens from different parts of the country. She and Mr. Morgan spent three and one half years in the Big Bend country studying flora and fauna.

Garden Club members were asked to cooperate with the city in the conservation of its water supply and they were also asked to report any unusual chemical reaction to plants.

Mrs. J. E. Watkins, substituting for Mrs. S. R. Smith, spoke on cause, symptoms and treatment of hay fever.

The following answered roll call by naming some of our territorial flowers: Mesdames Hardy, Blue, J. L. Boggs, A. R. Brown, S. H. Collier, Maggie Culver, Chap Eeds, O. A. Etheredge, R. C. Gay, J. R. Gipson, Rex Golston, T. M. Hays, J. L. Harris, J. C. Mathews, Tom Mills, Neal Oakes, M. D. Pinkerton, Lola Stephens, Ollie Weaver, J. E. Watkins, Ella Stiles and the hostess, Mrs. Ford Barnes.

The following answered roll call by naming some of our territorial flowers: Mesdames Hardy, Blue, J. L. Boggs, A. R. Brown, S. H. Collier, Maggie Culver, Chap Eeds, O. A. Etheredge, R. C. Gay, J. R. Gipson, Rex Golston, T. M. Hays, J. L. Harris, J. C. Mathews, Tom Mills, Neal Oakes, M. D. Pinkerton, Lola Stephens, Ollie Weaver, J. E. Watkins, Ella Stiles and the hostess, Mrs. Ford Barnes.

O. L. Cheaney Re-Elected President Santa Anna Chamber of Commerce

Water Facilities Loans Available

Water Facilities loans of the Farmers Home Administration are available to farmers of Coleman county for the purpose of constructing, installing or repairing water systems, according to Mr. Curry, County Supervisor of the Farmers Home Administration, who visited the Santa Anna News office this week.

Several families of this county have obtained Farmers Home Administration Water Facilities loans and have benefitted thereby. In addition to improving the supply and promoting water conservation, these farmers have been able to irrigate small gardens and, what is most important, have provided a safe drinking water supply for the home and have been able to increase livestock and food production—important steps in our peacetime economy.

The Water Facilities program of the Farmers Home Administration is an attempt to cure one of the ills of American agriculture. Adequate water supplies, convenient to the points where water is needed, are essential to the success of any well balanced farm enterprise. Spelled out, "Water is the difference between success and failure on many a farm," said Mr. Curry.

The farmstead type of water facilities is the most popular and because of the nominal expense of installation, has enabled many family type farmers to have a modern water system available to meet the average needs of the farm.

Both tenant and land owner may qualify for loans, provided funds cannot be obtained otherwise. Interested farmers may consult with County Supervisor Curry of Coleman county at his office in the Agriculture Building in Coleman.

Chain Cards In The Mails

Mr. F. C. Woodward, local postmaster, states there are a number of chain cards being sent through the local mails and states that this is strictly a violation of the Postal Laws and Regulations.

Mr. Woodward adds that anything that is connected with a chain letter or card, regardless of whether it be money, towels or anything else, it is unlawful for it to go through the mails.

The cards going through the mails at the present time are concerning the "Tea Towel Club", which is the exchange of tea towels through the medium of a chain type postal card. This is a violation of the Postal Laws and Regulation and is punishable as such.

Smoke And Water Biggest Damage In Fire Tuesday

Smoke and water caused the biggest damage in a fire that started in the home of Mrs. Viola Mayes about 5:30 Tuesday afternoon.

Mrs. Mayes had been out of town for the afternoon and when she returned home she discovered that her home was on fire. The fire had apparently originated in a closet and had burned into the walls and attic of the house before it was discovered and the fire department called.

According to members of the fire department the smoke was so intense, it was hard to get to the fire and lots of water was used in getting into the walls and attic to extinguish the fire.

The estimate of the damage is not complete at this time, but water damage will most likely be the heaviest. A number of books were stored in the attic and their value runs pretty high.

In a called meeting of the Santa Anna Chamber of Commerce Tuesday night, February 10, O. L. Cheaney was re-elected as president of the organization to serve for his third year in this capacity. Bill Griffin was elected as vice president and the present secretary-manager was hired for his third year.

The regular election of officers was scheduled to take place Tuesday night, February 3, but due to the bad weather the attendance was so light, it was decided to wait until this week to hold the election of directors. During the week a membership drive was put on and over 20 new members were added to the roll of the Chamber of Commerce.

The Chamber decided to elect 11 members as directors for the year 1948. The directors are as follows: Bill Griffin, Bruce Snodgrass, H. L. Markland, O. L. Cheaney, Neal Oakes, Bill Mulroy, Loyd Burris, C. F. Campbell, R. R. Lovelady, L. A. Webb and John Gregg.

The directors decided to hold their regular monthly meeting on the last Friday nights in each month. At the first meeting the members of all the different committees will be named. It is likely that several new committees will be set up and plans are for this to be a good year for the Chamber of Commerce.

The Chamber of Commerce now has 55 members which represents a large majority of the businesses in Santa Anna. The membership drive is still in progress and it is expected that within the next few days more members will be added to the Chamber of Commerce. The membership of the Chamber of Commerce are as follows:

Grammer's Department Store, Griffin Hatchery, Hotel Santa Anna, Lovelady & McDonald, Phillips Drug, Piggy Wiggy, Purdy Merc. Co., Santa Anna Hardware Co., Santa Anna National Bank, Santa Anna News, Santa Anna Silica Sand Co., Inc., Santa Anna Telephone Co., B. T. Vinson Grocery, Western Auto Associate Store, Sam H. Collier Coleman Gas & Oil Co., Payne's Variety Store, Service Cafe, West Texas Utilities Co., Santa Anna Gas Co., Hoshel Bros., Queen Theatre, Hunter Bros., Owen Bros., Service Station, L. E. Abernathy Service Station, Ladies Shop, Mathews Motor Co., Turner Drug, South Texas Lumber Co., M. L. Guthrie Grain Co., C. F. Campbell, O. A. Etheredge, Bob's Super Service Station.

H. D. Henderson Grocery, J. W. Jordan Grocery, Santa Anna Food Locker, Banner Ice Co., Speck's Barber Shop, L. A. Welch Garage, Snider's Service Station, Adams Implement Co., Goodson Lumber Co., Harvey Grocery, M. L. Guthrie, Jr., Service Station, Dr. L. O. Garrett, Parker Auto Supply, Burris Dry Goods, L. V. Stockard, Mack's Plumbing Co., Continental Bus System, Kerrville Bus System, G. C. & S. F. Railroad, F. C. Woodward, Ray Morgan and J. V. Gilbert.

The last three names are individual members of this organization. The Chamber of Commerce has voted to accept individual memberships and plan a drive in the near future to add more names as individual members.

Mrs. H. W. Kingsbery Injured In A Fall

Mrs. H. W. Kingsbery is very critically ill at her home where she fell Monday morning.

At about 10 o'clock she was found lying unconscious by Mrs. Jim Scott, a neighbor. She was fully clothed and had eaten her breakfast. It is thought she suffered a stroke. She has not regained consciousness and her death seems likely at any time. Members of the family are at her bedside.

Mrs. Mina Laughlin Buried Tuesday

Funeral services for Mrs. Mina Laughlin were held in the church at Trickham Tuesday afternoon, February 10th at 2 o'clock with Rev. Howell Martin and Rev. E. H. Wylie officiating. Mrs. Laughlin had died in the Sealy Hospital on Saturday following surgery.

Mrs. Laughlin, 54, had lived in the Trickham community for many years and had many friends. She is survived by the husband, Bud Laughlin, two sons, James of Brownwood and Jack of California, four grandchildren, the father, J. H. Rodgers of Stephenville and 10 sisters and brothers, including Mrs. Jessie Monsey, Wallace Rodgers, George Rodgers, Elmira Meek, Hazel Early, Mimmie Templeton and Marie Rodgers, all of San Angelo; William Rodgers of Vernon, James Rodgers of Stephenville and Haney Rodgers of Long Island, New York.

Shirley Jean Hill Died On Sunday

On Sunday, February 8 at 11 a. m. twins, a boy and a girl, were born in the Sealy Hospital to Mr. and Mrs. Oscar Hill. They were named Jerry Dean and Shirley Jean. That afternoon at 5:30 Shirley Jean passed away and private funeral services were held for her Monday morning at 11 o'clock in the home of her uncle and aunt, Mr. and Mrs. Roy Richardson with Rev. Henry Price officiating, with burial following in the Santa Anna cemetery. Jerry Dean was not getting along very well but is reported to be improving and gaining with a private nurse caring for him and his mother.

George C. Winstead Funeral Sunday

Funeral services were held at the First Baptist church in Coleman Sunday afternoon, February 8 at 3 o'clock for George C. Winstead, 66, farmer, who died in a hospital there on Friday night following an illness of several weeks.

Rev. S. R. Smith conducted the services. Mr. Winstead was born August 13, 1881 in Tennessee and came to Texas in 1902.

He was a deacon in the First Baptist church in Coleman. Survivors are his wife, four sons, Henry and Roy of Coleman, L. E. of San Angelo and George D. of Stamford, a daughter, Mrs. Jas. W. King of Bryan. Two brothers and three sisters also survive.

The pall bearers were deacon and the flower bearers were members of the Esther Class of the church.

Mrs. J. B. Biggs Died In Austin

Elder J. B. Biggs received word Saturday of the death of Mrs. Bell Biggs, wife of J. B. (John) Biggs. She passed away February 8 at her home in Austin. Her husband and six sons and one daughter survive. They lived in and around Santa Anna for 70 years.

She was a member of the Primitive Baptist church. Her husband is a brother of Mrs. W. E. Vandorff.

STUDENT AT AUGE

Abilene Christian College, Abilene, Texas, opening its 1945 spring semester February 2, has enrolled a total of 1,505 students from 37 states, making the largest enrollment of any spring semester in the history of the college.

Included among the students is Bedford F. Carroll, son of Mr. and Mrs. C. E. Carroll of Santa Anna, who is majoring in chemistry.

W. C. (Bill) Burden Buried Wednesday

Funeral services were held on Wednesday morning, February 11 at 10:30 at the First Christian church for W. C. Burden, who died in a hospital at Lamesa on Monday morning, February 9 at 5:25. Death resulted from a broken hip, sustained in a recent fall.

Rev. E. H. Wylie conducted the services.

Mr. Burden was born on October 18, 1865 in Fannin county near Ladonia and was married to Laura Jane Nelson July 1, 1885.

To this union were born five children, John L. of Houston, Homer of Santa Anna, Archie, deceased, Irie of San Angelo and Mrs. Ross Boardman of Lamesa. The family moved from Williamson county to Coleman county in 1903.

Mr. Burden's wife preceded him in death on October 12, 1936, since which time he had made his home with his daughter in Lamesa.

He had been a faithful member of the church of Christ for about 50 years.

Other survivors besides the children are eight grandchildren and six great grandchildren and numerous relatives and friends.

Pall bearers were John William Burden, Alvin Burden, Evans Burden, Bill Burden, Charles Burden, grandsons and Troy Stanford.

Flower bearers were Mrs. Jack Shields, Mrs. Alvin Burden and Mrs. Tom Bowden of Santa Anna; Mrs. Bill Burden of Lubbock; Mrs. John Clark of Corpus Christi; Mrs. Troy Stamford and Loma Mae Burden of San Angelo and Mrs. Jimmie Herrin of Bangs.

Honorary pall bearers were Lee Boardman and Jack Shields of Santa Anna, Alpheus Boardman of Coleman and Ross Boardman, Jack Randall and D. L. Adcock of Lamesa.

Arrangements here were in the charge of Hosch Funeral Home.

Hubert S. Lowe Buried Wednesday

Funeral services were held on Wednesday afternoon, February 11, at 3 p. m. at the First Christian church, for Hubert Sidney Lowe, conducted by Rev. E. H. Wylie. He had died February 8 at Morton, Texas.

Mr. Lowe was born in Coleman county near Santa Anna on July 12, 1889 and lived in this vicinity for 32 years, moving to Crosby county for 18 years and to Cochran county where he spent the remainder of his life.

He is survived by his wife, Annie Lowe of Morton; one son, Richard Lowe of Levelland; one daughter, Mrs. Ben McDonald of Dallas; three sisters, Mrs. Emmett Keeling of San Angelo; Mrs. Jessie McLean of Rockwood and Mrs. Ada Casey of Santa Anna; two brothers, T. L. of Brownfield and P. D. of Amarillo.

Pall bearers were Albert Dean, Lee Hunter, Roy Stockard, Calvin Campbell, Neely Evans and

COLEMAN ABSTRACT CO. Your business appreciated Fred Paddock, President R. R. Browning

J. W. Taylor. Friends of the family were flower bearers. Hosch Funeral Home had charge of arrangements.

State Dept. Of Health Letter

The production and distribution of milk is a business requiring great care in the handling of the product, as it is highly subject to contamination. Inasmuch as milk can be readily contaminated, control of production and distribution is necessary in the form of sanitary regulations. Milk that is produced and handled from farm to consumer, where sanitary precautions have been taken to make it a clean, wholesome product, is designated as Grade A milk, said Dr. Geo. W. Cox, the state health officer.

In the production of Grade A milk, it must come from clean and healthy cows. It is produced under conditions that will insure freedom from dust, dirt and fly contamination in both the dairy barn and milk house. The dairy barn construction is such that it can be easily cleaned. Facilities are provided in the milk house to wash and sanitize utensils and equipment easily and quickly, and to store them in a place protected from contamination. Adequate cooling facilities are provided in the milk house so that the temperature of the milk can be lowered immediately after milking. It is the bacteria in milk that indicate the care with which it is produced and handled.

Water supplies should be safe in order that no harmful bacteria may be introduced into milk from contaminated water in the process of washing and rinsing utensils. Carriers of disease organisms, or milk handlers who may be ill, can also introduce harmful organisms into a milk supply.

Pasteurization does not make a dirty milk clean. A clean quality milk can only be provided by having it produced and handled under sanitary standards. In brief, the consumer is assured that when Grade A Pasteurized milk is used, it is not only a safe milk, but it has the added quality of being a clean milk.

Mr. and Mrs. G. C. Daniel, Mrs. Simms Johnson and her three sons and Mr. and Mrs. James Daniel and son attended funeral services Thursday afternoon in Ballinger for Mrs. Claudie Humble, who died there on Tuesday of a heart attack. Mrs. Humble, who was 76, was a sister of Mrs. G. C. Daniel.

Veterans' News

Veterans are not required to pay attorneys or agents for representing them in monetary claims against the Veterans Administration, VA said in answer to numerous recent inquiries.

Fees for such services, VA said, are payable only by the agency itself and are deducted from the monetary benefit due the veteran at the time the claim is allowed.

Fees are fixed by statute at \$10 for an original claim and \$2 for a claim to obtain increased benefits.

Any agent or attorney who charges or attempts to charge any veteran for such services is subject to penal provisions of the law in addition to loss of his accreditation, VA said.

Veterans going to school under the provisions of the GI Bill cannot transfer to another institution without prior approval from VA and still expect VA to pay tuition and subsistence, VA said.

Veterans who plan transfers and still wish to receive educational benefits of the GI Bill must contact their appropriate VA regional office or VA training officer to obtain approval for the change and to insure their continuance on the subsistence rolls.

VA emphasized that in most cases there is no objection to veterans changing schools. In order to prevent delays in payment of subsistence allowances and to eliminate unnecessary paper work, VA must be notified in advance of any contemplated change.

Blind veterans who have been issued equipment by VA to aid them in overcoming their handicap, may now obtain minor re-

pairs to this equipment without prior VA approval, Dr. Paul V. Magnuson, chief medical director, announced today.

Approximately 6,400 blind veterans are eligible for the new service. They are receiving VA prosthetic service cards, similar to those used by amputees to obtain immediate minor repairs to their artificial limbs.

By presenting their cards to any repair shop in any section of the country, blind veterans

will receive, without delay, repair service up to a limit of \$20, without VA's prior approval.

Mr. and Mrs. Charlie Evans received a telegram from their daughter, Mrs. Fred Goodenough stating that she had arrived on the island of Okinawa, where she has gone to join her husband.

Mr. J. M. Elkins left recently for Bisbee, Arizona for an extended visit with his son, Burren Elkins and family and with other relatives.

To The Voters Of Precinct 2

I wish to say at the present time my work requires me to be away from home.

I take this method to remind you that I would appreciate your vote and influence very much.

I will be at home later and will do my very best to see each and every voter and ask for your vote and support personally.

Until then will you please consider this as a personal appeal to let me serve as Your Commissioner?

Henry W. Simmons.

Help Protect Yourself From Auto Accidents

Austin, Feb. 3 — What is your T. L. Q.?

Your traffic law quotient, that is. Do you know the laws that help protect you from an automobile accident?

To familiarize the public with traffic laws and the necessity for obeying them, the Texas Safety Association is cooperating in a nation wide "Learn and Obey Traffic Laws" program during February.

"In almost every accident, one or more drivers were violating some traffic law," said George Clarke, managing director. "Better voluntary observance of traffic laws would save a lot of lives."

One of the most common of the causes of accidents is driving in the wrong lane, according to Clarke. He pointed out that the National Safety Council statistics show driving on the wrong side of the road to be the second most frequent violation reported in traffic mishaps.

Keep right and you'll be left to drive another day, he said, and listed these rules:

1. Drive to the right of the

Mr. and Mrs. A. O. Richardson of Abilene came Saturday afternoon and visited over the weekend with her parents, Mr. and Mrs. W. R. McMinn. On Sunday a turkey dinner was enjoyed, honoring the birthday of Mrs. McMinn.

Mr. and Mrs. Claude H. Dimbleby, 230 Kosar, Corpus Christi, announce the engagement of their daughter, Marion Nell to Eli Leon Rollins, Jr., son of Mr. and Mrs. Eli L. Rollins of Portland, Texas. The wedding will take place in March.

Al Davis left Sunday for Graham, where has employment as an operator in a printing office. His family will join him later.

center line. On three lane roads, never drive in the far left lane, and on four lane roads, never drive to the left of the center.

2. Drive to the left on a two lane road, in the center lane on a three lane road or in the lane next to the center on a four lane road only to overtake and pass a slower moving vehicle, and then only when you are sure that everything is clear.

3. On multiple lane roads, drive in one lane. Don't change from one lane to another without looking back and on both sides. Be sure a car is not overtaking you at the side and to the rear—a blind spot in many automobiles.

4. It is legal to overtake and pass on the right when the vehicle overtaken is making or about to make a left hand turn, on a four lane street or road, or on a one way street of two or more lanes of moving traffic. Even where it is legal, however, it should be done with care because many drivers are not expecting it.

A safety check may save your neck!

That was the terse advice offered by George Clarke, managing director of the Texas Safety Association, in urging motorists to keep the safety equipment on their cars in tip top shape.

"We are cooperating with safety authorities throughout the nation in a 'Learn and Obey Traffic Laws' program during February," Clarke said. "The law requires that your car have

certain equipment for safety, and it's there when the manufacturer delivers the car. But it's up to the driver to keep it working properly."

He said National Safety Council figures show that 18 per cent of all vehicles involved in fatal accidents are defective, and one out of seven with bad brakes.

The major safety equipment was listed as brakes, lights, mirror, windshield wiper, horn and safety glass. Many of these items will wear out or become damaged with use, and the motorist must see that they are maintained in good condition.

"Periodic inspection by trained mechanics or inspectors is the answer," Clarke said. "Professional drivers, such as truck drivers, inspect their vehicles before every trip. That's a good idea for every driver, and it would save a lot of lives."

Shield News

(Mrs. J. B. Weathers)

We have had just about everything in the way of weather in the past week. However, today (Monday) the sun is shining for which I am sure everyone is thankful.

Mr. and Mrs. Manley Williams and family visited Sunday afternoon with her sister and family, Mr. and Mrs. E. R. Tucker.

Due to the cold weather, there were only a few out for the singing so unfortunately they decided not to have it. Maybe the weather will be better next time.

Mr. and Mrs. J. B. Weathers visited Sunday afternoon with her sister and family, Mr. and Mrs. E. R. Tucker.

It's a-MAZE-ing!

Husbands, please note! The average housewife performs 70 different tasks in her normal day's work! (Frankly, most women will think that figure is far too low, but it comes from the U. S. Government's Office of Education!)

Yes, home-making is a big job—but the housewife is spared one task... you don't have to shop and wait days for the delivery of electric service.

Dependable, time-and-labor-saving, Reddy Kilowatt, your electric servant, is always ready to help a housewife skip through her maze of tasks. Electric service saves her steps, lightens her work, gives her more leisure, makes life healthier and happier for her and all her family!

And it costs so little! In an era of sky-high prices, a kilowatt hour of electric service costs that same average housewife 17% LESS than it did ten years ago!

3 per cent of the total cost to 28 per cent.

The 33 cents of each tax dollar expended by the state for higher and public education is also only 5 per cent more than went into the maintenance and construction of highways last year, the figures disclose.

At the same time it was shown that the total cost of state government has more than tripled in 15 years, while the cost of education to the state has not kept pace.

During the 1932-33 fiscal year the total expenditure for all government functions was \$107,922,451. Of that amount, \$40,629,256, or 38 per cent went for grade, high schools and college education. Only \$3,242,564, or 3 per cent, went for public welfare. A total of \$49,589,036 was expended upon the highway system that being 46 per cent.

In contrast, during the 1946-47 fiscal year total government expenditures amounted to \$319,988,100. The schools, colleges and universities got \$106,013,331, or 33 per cent. Pensions for 217,458 aged, blind and children had skyrocketed to \$90,213,091, or 28 per cent of each tax dollar. The highways, while dropping to 28 per cent had a total of \$91,146,484.

The comptroller's records reveal that pensions have marched upward each year during the last 15, but the cost of education has fluctuated.

Welfare checks have skyrocketed each year since 1932-33. They reached a total of \$22,013,982 within five years. During the next ten years aid for the aged, blind and children gained until their total was more than \$90 million last year.

While the pension cost was steadily increasing, the schools aid ebbed and flowed each fiscal year. It reached a low of 28 per cent in 1938-39, when \$45,640,985 was expended upon them.

The spotlight of late has been upon the increased appropriations for our schools, but official figures disclose that the cost of education has not kept pace with the total cost of government in Texas. Charles H. Tennyson, director of public relations for the Texas State Teachers Association, pointed out.

"Educators in Texas have fought long and hard to bring the state into the front ranks in education. We are making progress, but we are not doing so at the cost of other government functions."

Tennyson pointed out that not only does the 33 cents of the tax dollar help educate 1,500,000 grade and high school children and an estimated 50,000 students in state universities and colleges, but that it helps to pay 46,500 public school teachers, a large number of persons on the college teaching staffs and an estimated 18,000 other persons employed by the various school systems.

The last legislature increased appropriations for the little red school house, its modern counterpart and the colleges, but the percentage of the tax dollar go-

ing into education is not expected to be much greater than the high for the last 15 years," Tennyson stated.

Fisher Receives Commendation On Tidelands Work

For his active support of the fight Texas is making for title to tidelands and submerged lands, Representative O. C. Fisher of this district has been commended by the Democratic Executive Committee of Texas.

In a telegram to Fisher, Robert W. Calvert, State Chairman, said: "The State Democratic Executive Committee met today (January 15) and unanimously commended the splendid work you have been doing in behalf of the movement to save our tidelands from federal encroachment."

The title to the tidewater lands and the submerged lands of the state has been clouded by a Supreme Court decision in a California case. Congressman Fisher has expressed fear that the court's decision is so broad it might be extendable to the soil under navigable inland waters within the territorial jurisdiction of the states.

The importance of this subject becomes apparent when it is realized that Texas has over three million acres of submerged lands within the boundaries of the state as they existed upon annexation to the U. S. in 1845. All income from this land and the minerals is appropriated to the public school fund of Texas, Congressman Fisher points out.

A bill to reaffirm the state's ownership was passed by Congress two years ago, but met a presidential veto. Attorney General Price Daniel has been in Washington recently working on new legislation and on a concerted effort to get a new law enacted this session.

Make Your Home Fire Safe

If you are planning to build a new home or remodel your old one, be sure to make it fire safe, urges Marvin Hall, state fire insurance commissioner.

A number of newly built homes have burned in Texas in the last two months, he says.

In November 292 dwellings caught fire. Though all fire marshals' reports are not in for December, 326 houses have already been reported destroyed or damaged by fire.

"Over 600 homes would go a long way in solving the housing shortage for Texans, not to mention the added strain this loss puts on the shortage," he stated.

"To prevent such a useless loss our only answer is to make new as well as old homes fire safe."

Recommendations he made apply to both.

1. Install firestops in exterior walls and interior partitions at each floor level, ceiling level and at cavity level including space between joists. Firestops are wood blocks, brick or plaster put in the hollow space between the girdings to prevent upward travel of fire between the walls.

2. Install a non-combustible ceiling in your basement, including the underside of any stairway leading from the first to the second floor. This ceiling may be of cement or gypsum plaster over metal lath or gypsum board. Some home owners have had a few automatic sprinkler heads

attached to the cold water piping in their basements.

3. Install a heavy self-closing fire door at the top of the basement stairs. If possible, provide for self-closing doors for any stairway in the house.

4. Install electric lights in all closets used for storage. This will avoid dangerous use of candles and matches. Also, an adequate wiring system is a fire preventive asset as it avoids any temptation to overload circuits.

5. If the garage is attached to the house, it should be separated from the house by a vapor tight partition of approved construction. The only opening in this wall should be equipped with a heavy self-closing door. When the garage leads into any room containing a heating unit, the door should have a sill eight inches above the garage level.

6. In designing or redesigning your house, allow ample room for closet space and trunk storage. Whatever your arrangement, rooms and other floor areas should be mapped out so as to reduce congestion and invite good housekeeping.

7. Kitchen layouts should be planned to avoid window curtains or wood shelving in close proximity to the cooking range. "While making your building or redecorating plans, consult competent fire prevention authorities," Hall advised. "Your local fire chief and building code official will go over the fire safety requirements with you."

The commissioner cautioned, "But of course, carelessness will defeat all precautions taken to provide a fire safe home."

Dr. and Mrs. L. O. Garrett returned Saturday night from Winnsboro, where they had been on Wednesday, having been called there by the serious illness of his aged mother, Mrs. J. D. Garrett, who had improved some when they left. She is an invalid and confined to her bed all the time.

Education Figures Released From State Comptroller's Office

Austin, Jan. 31 - Only five cents more of each tax dollar was required to educate the more than 1,500,000 grade, high school and college students in Texas in the last fiscal year than it did to pay the pensions of fewer than a quarter of a million aged, blind persons and needy children.

Figures from the office of Geo. H. Sheppard, state comptroller, also reveal that the cost of public school education, as compared with the overall cost of state government, decreased 5 per cent during the last 15 years while pensions skyrocketed from

Clinic Report

"CAN WE IGNORE SUCH AMAZING RESULTS?"

H. G. Rist, D. C. Palmer Graduate

HEADACHES:

Case No. 468: Severe headaches had troubled this woman for eight years, the attacks occurring sometimes two and three times a week. She had obtained only temporary relief from the many treatments undertaken, and when she finally decided to try Chiropractic it was, she explained, "her last hope." A series of spinal adjustments brought immediate relief, and within three months the headaches had apparently ceased. Headaches occurred twice during the following six months, and in both instances Chiropractic adjustments brought prompt relief. There have been no headaches since.

The Rist Chiropractic Clinic is equipped with the latest modern Chiropractic instruments for precision and accuracy and use the latest modern methods of correction. The efficiency and results of this modern science when properly employed will amaze you. If your condition has resisted your efforts to cure it—come see us or phone for an appointment.

From where I sit... by Joe Marsh

Will's Proud of His Big Ears

Will Dudley's mighty proud of his big ears. Best crop of corn he's grown since '33. And Will, like so many other farmers, has plenty of reason to be proud of what he raises.

The farmer has always been a keystone in our economic life, and the key to our national well-being. But from where I sit, he's more important now than ever. He's not only feeding America—but friends of America overseas—building good will for this country at a time when friendship for democracy is most important.

And farmers have willingly shouldered that responsibility. Will spends extra hours in his cornfield... comes home tired to a temperate glass of beer and early bed, to be ready for the next day's work.

From where I sit, America can be mighty grateful for her five million farmers... for their productivity, hard work, and temperate living—of which Will's moderate glass of beer is proof!

Joe Marsh

Egg Cost Figured By Simple Method

How many eggs do you have to get to pay feed costs? Here's one way to figure it.

Divide the price you get per dozen eggs into the price you pay for 100 pounds of feed. If you get 55 cents per dozen and pay \$5.50 per 100 for feed, the answer is 10. Multiply by three. That gives you 30—and 30 per cent production is what you have to have to pay feed costs.

But feed normally is only half the cost of producing eggs. So if it takes 30 per cent production to pay for feed, it takes another 30 per cent to pay other costs.

Therefore, your hens have to lay 60 per cent to make both ends meet, when eggs are 55 cents and feed is \$5.50. — Farm Journal

Carol McClellan, 10 year old daughter of Mr. and Mrs. J. W. McClellan took very sick Sunday. She was admitted to the Sealy Hospital Monday as a pneumonia patient and is improving.

Mrs. R. B. Pringle and her three children of Galveston and Mr. and Mrs. Martin Lehms and Marty of Temple were weekend visitors of the ladies' mother, Mrs. G. F. Barrett.

BY LOUIE D. NEWTON, D. D.

Power of Holy Spirit

Lesson for February 15, 1948

Dr. Newton

Two decades ago, the famous preacher, Rev. Reginald A. Campbell declared, "The 18th Century may be characterized as the Century of God the Father; the 19th Century as the Century of God the Son, and we are praying that the 20th Century may be experienced as the Century of the Holy Spirit."

PETER ACTS BRAVELY

IN THE picture of Peter and John about to enter the temple on the Sabbath, when suddenly they find themselves surrounded by a sick leper. What could they do with him and for him? He was asking for money.

Peter said, "Silver and gold have I none, but such as I have give I thee, in the Name of Jesus Christ of Nazareth rise up and walk!"

When we forget self and rely upon the Holy Spirit for direction, we are enabled to meet and master any situation. Juniors will do well to remember these words, "Not by might, nor by power, but by my Spirit, saith the Lord of hosts," Zechariah 4:6.

Junior boys and girls can meet life's tasks in the same assurance in which Peter dealt with the lame man. If we call upon the Holy Spirit...

SECRET OF CHRISTIAN POWER

"YOU shall receive power when the Holy Spirit has come upon you." Acts 1:8. That is the secret of the Christian's power. It does not originate elsewhere. It is God's gift to those who implicitly trust in him.

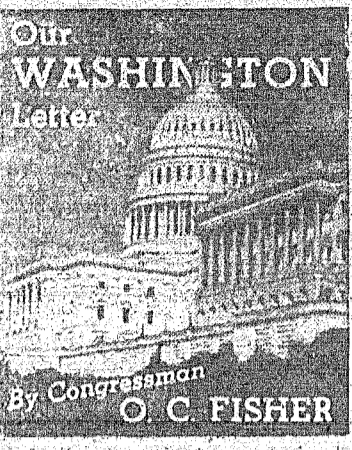

This great truth is particularly appealing to intermediates and seniors. Young people are keenly sensitive to the times in which they live. We live today in an hour of unprecedented power—atomic energy! But all of the marvels of modern science have not been able to give young people the sense of mastery. Rather, we are afraid. The scientists themselves tell us that this is history's most precarious age.

Only when the Holy Spirit is regnant in our hearts can we possess the power of which Paul is writing in Galatians, when he says, "But the fruit of the Spirit is love, joy, peace, long suffering, gentleness, goodness, faith, meekness, temperance."

WHEN WE HAVE THAT POWER

WHY, then, should we ever be weak, when we may always possess that power? This is the most searching question for any Christian. The answer will lead us to certain inevitable admissions. We become weak spiritually when we forget to pray, when we forget to read God's word, when we allow the interests of this world to blind our eyes and deafen our ears to the reality of God's presence.

The Holy Spirit will dwell with us, if only we will welcome him. He will not come unbidden.

By Congressman O. C. FISHER

Last week President Truman sent a message to Congress on civil rights. He urged a permanent FEPC, anti-lynching and anti-poll tax laws, a law against segregation on interstate buses and trains, and a new Civil Rights Division in the Department of Justice.

Three days earlier Senator Taft — also running for president — promised 600 Negro Elks at their national convention here that the Republican leadership was ready to force through Congress bills on FEPC, anti-lynching, anti-poll tax, etc. So, the battle for the Negro ballot gets under way. Both parties can be expected to bid against each other, like speculators on the exchange, for the political favor of the colored folks who now live north of the line.

We will not remain unwanted. He cannot be made secondary. Either he guides or surrenders the reins to us.

Our lives are spiritually strong and healthy when the Holy Spirit governs. Our work is effective, our words are compelling. We speak not our wisdom, but the wisdom of God. We go not in our strength, but in his strength.

(Copyright by the International Council of Religious Education on behalf of 40 Protestant Associations. Released by I. C. R. E. Features.)

ago before the quality of the product had been established. They have been retained by the power of the dairy lobby. Today oleomargarine is highly nutritious and is praised by dieticians, but its use is restricted by punitive taxes and other laws. We are hoping the butter lobby will weaken under the pressure coming from the aroused housewives of America and that we can remove the shackles from oleo this year.

Surrounded by lawyers and fellow travelers, Abram Flaxer, President of the United Public Workers-CIO, was brought before our subcommittee last week, that is investigating a current strike in 40 government cafeterias here in Washington. On January 1st 1,500 of the negro members of the union struck for higher wages, but the cafeterias are operating with non-strikers who want to work.

We have gathered a lot of evidence indicating that the strike is really political instead of economic. It makes good communist propaganda to scatter pictures of picket lines parading in front of government buildings, implying that the government is unfair to American workers. The strike isn't really against the government. The cafeterias are operated by an outside concern through a contract with the government.

Flaxer, born in Russia, is often accused of being a communist. His union was so accused by William Greene, president of the AFL. When we asked him under oath, if he is a member of the communist party and of various communist fronts, he refused to answer. The same was true of the president and business manager of the local union which is affiliated with Flaxer's outfit. Neither of them would deny under oath that they are communists. There are 85,000 members of Flaxer's union — mostly national, state and municipal em-

A lot of pressure is being felt in congress these days in favor of repealing the silly and indefensible federal taxes and license fees now imposed on the manufacture and sale of oleomargarine. These laws against margarine were passed years ago before the quality of the product had been established. They have been retained by the power of the dairy lobby. Today oleomargarine is highly nutritious and is praised by dieticians, but its use is restricted by punitive taxes and other laws. We are hoping the butter lobby will weaken under the pressure coming from the aroused housewives of America and that we can remove the shackles from oleo this year.

It follows, therefore, that both political parties go hog wild after the fringe votes in doubtful states, in the mad stampede to corral the 51 per cent. The political leaders know that unless they get at least a lead they get nothing and if they get the 51 per cent they get everything. Gossett's idea — and he has a lot of following — is to amend the constitution so as to provide that electoral votes in each be divided among candidates in exact proportion to the number of popular votes each candidate receives. If a candidate should then receive 49 per cent of the electoral votes, etc.

The Gossett proposal would be of tremendous benefit to the whole country. Flirtatious overtures would no longer be made to minority racial, religious and economic blocs to induce them to board the promissory band wagon.

"SON of Man, whenever I doubt of life I think of Thee." So wrote George Matheson in his blindness. Whenever you and I doubt either God or man, we should do well to think of Jesus. His Cross is a symbol both of what God is and what we may become. The proud Roman at the foot of the cross was compelled to say, "This man was a Son of God."

JESUS was supremely a man of faith . . . knowing what was in both man and God he had great faith in both. We have faith in God largely because we must have Him; we are not sufficient unto ourselves. Faith can overcome the most miserable circumstances . . . overcome despair.

LIFE becomes a radiant thing for people of faith, since they see deeper into the secrets of life. The universe opens its heart to eyes of faith; closed doors swing ajar when faithful steps approach; loving spirits smile their welcome to trustworthy souls; latent powers blossom in the presence of fidelity; young children and wise old age give themselves with abandon to those who offer them confidence; God waits to shower His blessings on men who can be trusted. Of the Pilgrims of yesterday, guided by the Divine, it was said, "They were MEN OF FAITH AND VERY SURE OF GOD."

**YOU IN THE CHURCH
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benediction and a stronger democracy. In the church the ministerial are making new character studies. Leaders are being trained. The church is the place where the church of our choice on Sunday. You in the church and the church in you form a combination for good.

Box 114, Fort Worth, Texas

While driving out through the Stockton country, I got drowsy. I had been counting the sheep. A spring at Ft. Stockton, known as the Comanche Chief, pours out 35 million gallons a day. One smaller spring was the water supply of the old fort. The one time ammunition building still stands; in fact, it is in use by the Boy Scouts. It is a rock structure. A building which was used as quarters by the officers is now a residence and I was told that the interior had been modernized until it is the most beautiful of any home in the city.

Another very attractive home was built from rocks that were gathered from the grounds of the abandoned fort.

Texas town had a mayor who, during the days of an oil boom, launched a vast program of improvements, financed by a bond issue. The boom collapsed and there were bonds for a million or two to be paid off by a deflated citizenship. But they kept electing and re-electing the mayor. When a stranger asked why a native said, "Old Brown got us into that and, by cracker, he's a-gonna have to get us out."

In Ft. Worth they are going to tear down a grand old mansion to make way for a grocery store.

Hundreds of veterans are looking for a place to live, yet this fine residence, which could be made into a home for a dozen families, is to be destroyed.

It was beautiful when new, and is doubly beautiful now because of the touch of time and the aura of memories that pervades its big, high-ceilinged rooms. It has been the scene of balls and dinners. In Paris, it would be called a chateau. In Italy a castle. And it would stand for centuries.

But we tear it down, so we can have another grocery store, when we don't have enough groceries now to fill the shelves of the ones we already have.

Mrs. Wetzel Wed To A. H. Diserens

Mrs. Mary F. Bonner of Austin has announced the marriage of her daughter, Mrs. Mary Katherine Wetzel, to Alton H. Diserens, son of Mr. and Mrs. G. H. Diserens of Santa Anna.

The bride, a graduate of St. Mary's Academy, attended the University of Texas. Mr. Diserens is a chemical engineering student at the University. He served as an infantry captain in the European theatre of war for two years.

After a short wedding trip the couple will be at home at 216 West 34th Street.

Layton-Powell Engagement Told

Announcing the engagement of her daughter, Rosella, to Norman H. Powell, son of Mr. and Mrs. Garland Powell of Santa Anna, Mrs. Callie Layton entered into a dinner at her home in Coleman Saturday evening, January 31.

Small blue bells to which were attached small white hearts, bearing the inscription, "Rosella and Norman, Feb. 28th" marked places for 17.

The hostess was assisted in carrying by Mesdames J. A. Stobaugh, Perry Stobaugh and Garland M. Powell.

The bride elect was also honored with a kitchen shower on Tuesday evening, February 3 at the home of Mrs. Walter Chick with Mrs. Betty McKinney and Mrs. Mae Simmons as co-hostesses.

Day Of Prayer Friday Morning

The World Day of Prayer, sponsored by the United Council of Church Women, will be observed at the Cumberland Presbyterian church, Friday morning, February 23, at 10 o'clock.

The different churches of the town will take part in the worship service based on the Lord's Prayer.

This is an all faith, world wide movement and on this day groups will be assembling for the service during the entire day beginning with the Fiji Islands and ending in Alaska.

Let us have a good attendance Friday morning, not as well as women will be most welcome.

I-H Girls Met Friday P. M.

Santa Anna I-H Boys and Girls met Friday afternoon. The meeting was called to order by Tommie Martin, minutes were read and approved and roll was called.

We discussed having a Valentine party and the meeting was finished on a high note. The meeting was called to order by Tommie Martin, minutes were read and approved and roll was called.

Ruth Circle Met On Monday With Mrs. J. E. Howard

The Ruth Circle of the First Baptist W.M.S. met in the home of Mrs. J. E. Howard, February 9 for the regular circle meeting. There were 11 ladies present for this interesting and pleasant meeting.

The program was a song, "Take My Life and Let It Be" prayer by Mrs. J. L. Boggus, devotional, Luke 12: 13-23, Mrs. Roscoe Hosh, subject "Financing the Kingdom", topic 1, "Strengthening the Home Base", Mrs. J. Ed Bartlett, topic 2, "The Evangelistic World", Mrs. Callie Gray, topic 3, "World Baptists for the World", Mrs. Seth Risinger.

At the close of the meeting the hostess served a refreshment plate of party sandwiches, cookies and hot spiced tea to Mesdames Seth Risinger, Callie Gray, J. E. Boggus, S. R. Smith, J. Ed Bartlett, Ernest England, Roscoe Hosh, Agnes Holman, B. A. Parker, Jess Howard and Miss Mollie Lowe.

Miss Mary Mills, who is employed in a geophysical laboratory in Dallas, spent the week-end here with her parents, Mr. and Mrs. Tom Mills.

H. D. Club Met With Mrs. W. L. Campbell

Friday afternoon, February 6, the Home Demonstration Club met in the home of Mrs. W. L. Campbell for a regular meeting. Mrs. C. T. Conley conducted the opening exercises, consisting of a song, pledge and prayer. Mrs. C. W. Stephenson called the roll and each answered with "THDA Books I've Read".

This is an approved reading list and books are obtained from the library in the Agriculture Building in Coleman. Business was disposed of and an interesting program was given.

Success Between Texas Home Demonstration Association Charities and the Club, was given by Miss Ellen Richards.

The Magale Du Barry scholarship fund was established to help worthy girls get an education. Some 20 girls have been recipients of this aid. Seven girls are home demonstration agents and six are school teachers.

Get acquainted with Magale Du Barry scholarship winners was given by Mrs. Frank Goen.

Understandable appreciation for the Texas Home Demonstration Association was brought to the club by Mrs. A. L. Oeder.

Mrs. Louis Zachary conducted the recreation and two lively contests were enjoyed by all.

Several gifts from secret pals were received and admired by all. A refreshment plate of sandwiches, potato chips, olives, heart candies, chocolate cookies and coffee was served to the ladies mentioned and Mesdames Doug Moore, John Lowe, A. Holman, John Perry, R. W. Dohlas, W. E. Vanderford, W. A. Stanley, Dan Blake, E. K. Jones, Misses Jo Garland, Rilda Stephenson, Carolee Campbell, Linda Moore and Sonny Perry. Mrs. Ed Jones, Reporter.

Mary Circle Met At The Home Of Mrs. Frank Goen

The Mary Circle of the Baptist W. M. S. met Monday afternoon with Mrs. Frank Goen. Mrs. Ola Niell brought the devotional from Ephesians, prayer was led by Mrs. Kemp, 1948 was discussed by Mrs. Dovie Chapman and Mrs. Ed Jones brought "Religious Problems and Possibilities of the Canal Zone".

A discussion of benevolent work, community missions and a valentine box for Buckner's Orphan's Home concluded the meeting, after which the hostess served chocolate and coffee and cup cakes.

Joseph W. Greathouse of Ft. Worth visited briefly with Mrs. John R. Banister Monday, on his way to Ballinger where he is attorney on a case in the District Court.

Coleman Stamp Collectors Organize

A group of stamp collectors met Friday night, February 6 at 7:30 to organize a stamp collectors club. The meeting was held in the Coleman Chamber of Commerce office.

Herman R. Cathey acted as chairman for the night and appointed W. H. Kemp, Mrs. Ruth Ransberger and Marjii Thompson to serve as a nominating committee to select a president, a vice president and a secretary.

Plans were discussed for stamp exhibits in the near future when neighbor collectors and organizations will be invited to attend. It is planned to hold open discussions at each meeting so that each member may benefit by the exchange of ideas.

Mr. R. L. Eberhart, who conducts a stamp collectors program over KSTA each Sunday, was selected for the program chairman for the next meeting.

Ten members attended the first meeting. It is hoped that other collectors from over the county will become interested in this interesting and educational hobby. All stamp collectors in Coleman county are cordially invited to attend the next meeting which will be held Friday night, February 20 at 7:30 in the Coleman Chamber of Commerce office. All members of the club who join now will be charter members.

Miss Mary Lela Woodward has authorized her name to be entered as a charter member of the organization.

Mrs. Ruth Ransberger, 312 Hollywood, Coleman, Texas, Reporter.

From the Dixie Theatre Amateur Hour in Coleman, came a sweet childish voice singing "If I Had a Nickel". First prize, an aeroplane ride, was awarded her. The little singer was five year old Brenda Comedy, granddaughter of Mrs. Ruby Ellen Simmons.

Personality Tests Available To All

Personality tests and inventories are now available to all students of McMurry College and to others not necessarily students of McMurry, according to Dr. H. S. Von Roder, head of the department of psychology and education.

These tests are useful to any person who wishes to become more familiar with his own personality traits. Dr. Von Roder pointed out. They are designed to help bring out the desirable qualities of a personality and to enable a person to detect his own weaknesses and to formulate a feasible plan for self-improvement.

A personality test taken now by a person who is sincere in his efforts to overcome his deficiencies, may well put him on the right track and enable him to avoid many pitfalls in the future, says Anna B. Odell, assistant professor of education, who is assisting Dr. Von Roder in giving and appraising the tests.

People who are interested in taking the tests, but who are not McMurry students, may secure the necessary information by writing to Dr. Von Roder in care of McMurry College, Abilene or by telephoning 2-2175.

Santa Fe Offers Education Awards To F.F.A. Leaders

Reaffirming the Santa Fe Railway's support in activity in the development of Future Farmers of America, President Fred C. Gurley today announced that educational awards would be offered outstanding young F. F. A. leaders again this year.

The national convention of F. F. A. is to be held in Kansas City, Missouri, November 14 to 18, inclusive, according to Dr. W. T. Spanton, national advisor.

The Santa Fe Railway assistance in this program will enable 15 F. F. A. representatives from Texas to take part in the convention. The educational award covers the entire expense incident to participation. Winners are selected on the basis of outstanding achievement in F. F. A. work by the State Department of Agricultural Education under the direction of R. Lano Barron, State Advisor of the Texas Association of F. F. A. The selected winners will be certified on the basis of individual accomplishment.

Similar awards are also to be offered in other states served by the Santa Fe.

Mrs. George Richardson, who was a patient in the Sealy Hospital several days last week, was moved to her home on Saturday where she is convalescing.

"This Time For Keeps"

Jess Lowery received word on Tuesday that his stepson, Jack Berryman in Houston, would be going to a hospital there on the 16th for the amputation of his left leg, which was injured in an explosion 13 months ago. Mr. Lowery plans to go to Houston Sunday to be with Jack and his family for a while.

Mr. J. B. Evans was taken to the Sealy Hospital on Monday of last week, where he remains a patient.

Mr. and Mrs. R. E. Glenn and Gary of Ojo, Arizona, who have been here for a week visiting with his parents, Mr. and Mrs. I. R. Glenn, left for their home Tuesday. They had visited at the week-end with relatives in Lampasas.

Mr. and Mrs. Rex Haugawaut of Kent, Ohio, are spending a few weeks here with relatives, Mr. and Mrs. Collin Price, until the extremely cold weather in Ohio moderates.

Mr. I. R. Glenn, who has been in poor health most of the time for a year and who has been seriously ill for several months in the Sealy Hospital was able to be moved to his home in one of the Baxter apartments Tuesday.

Mrs. E. H. Wylie returned home last week from a two week visit with her mother, Mrs. U. G. White at Whitesboro. Mrs. White has been quite sick but is some better.
