## Looking round BY THE EDITOR

If anyone has a sure cure for a common cold, that makes you feel like I don't know what, your editor would like to have the remedy. I have had an awful cold for about two weeks now and have tried everything I have heard of (excepting a few) and still have it.

### OLD LANDMARK GOING

One of the oldest landmarks in this part of the country is now in the process of being torn down. This is the old Ward School building. We made an attempt to publish the history of this building a short time ago, but it seems that there are so many that have different stories about when the building was built, that we won't go into it again. We know that this building was started before the 1880's though. The men tearing it down say there are lots of square nails in the building, and they were supposed to have gone out along about that time. The old building holds pleasant memories for lots of people that will not soon be forgotten.

### TEA TOWEL LOTTERY

In the February 13th issue of The News we published an article concerning a "Tea Towel Club" that was being operated as a chain letter operation. Mr. Jack Woodward told this writer that within two days the chain cards had stopped being mailed here. Following is an article that appeared in a recent issue of the Houston Chronicle:

"Tea Towel Lottery Postcards Seized By Postal Chiefs.

"Postal authorities in Pasadena Wednesday seized 25 chain postcards, which they claim were trying to set up a tea towel lottery.

"Postmaster Carroll T. Coolidge explained that each card had six names on it, and the recipient of one was instructed to send a tea towel to the top name and make six copies of the card, adding his own name to the bottom of each card, and mail to friends.

"Under favorable circumstances (that is, if the chain is unbroken) the sender of such card might receive as many as 46,656 tea towels, postal inspectors said.

"The catch in the scheme, Postmaster Coolidge and the inspectors said, is that it is in violation of the postal laws, and the participants will be tracked down and prosecuted."

## C. Of C. Directors Name 8 Committees For Year; Program To Be Outlined

At a regular meeting of the Santa Anna Chamber of Commerce the newly elected directors set up eight major committees for the year 1948. Each committee is composed of a chairman and four members and are to meet separately within the next few days and form definite working programs for the year.

The committees are as follows, with the first named being the chairman of each respective committee:

Sanitation and Health, Dr. R. E. Lovelady, John Gregg, Ray Morgan, Dr. L. O. Garrett and Hardy Blue.

Public Relations and Good Will, Bruce Snodgrass, John Gregg, Harry Crews, Bill Stiles and Norman Hosch.

Industry and Water Supply, H. L. Markland, O. L. Cheaney, C. F. Campbell, Loyd Burris and Leroy Stockard.

Agriculture and Livestock, N. R. Oakes, E. R. Purdy, Ozro Eubank, Wallace Adams and O. L. Cheaney.

## Upton & Son Buy Service Station

Mr. T. H. Upton and son, Tommie announce this week that they have purchased the Clay and Ray Henderson Gulf Service Station.

At the present they are offering a complete line of Gulf products with a limited number of accessories and plan later to add a good line of tires and tubes.

They extend a cordial invitation to the general public to visit their Service Station.

Mrs. A. D. Longbrake has accepted a position as teacher in the Odessa schools and began work last week.

## W. B. Griffin, Loyd Burris, Joe Harvey, Bill McDavid and F. T. McAden.

Street, Highway and Civic Improvement: W. R. Mulroy, Sam H. Collier, Bill McDavid, C. F. Campbell and George M. Johnson.

O. L. Cheaney was recently elected to serve his third term as president of the organization. W. Ford Barnes was named as secretary manager for his third year and Bill Griffin was elected as vice president. Eleven directors were elected with six to serve as one year directors and five for two years.

The Chamber has several projects for improvements within our city under way at the present time and after all the foregoing committees meet and get their programs outlined, several more will be added to the list.

## Deputy Sheriff Again Asks For Your Cooperation

Wesley Bauer, deputy sheriff and city marshal, again asks the cooperation of citizens of this area. There are a number of offenses that he wishes to call attention to and he states that he has already been giving traffic tickets in several cases. Unless corrective measures are taken more into consideration, he will give a lot more tickets in the near future.

The primary offense over the week-end was traffic during the fire Sunday afternoon. Mr. Bauer states that when the fire alarm sounds all traffic should come to a stop as soon as possible. You are supposed to pull over to the curb and come to a complete stop and stay there until the fire fighting equipment has gone to the fire.

The Uniform Traffic Code, regulation traffic in Texas states under Article 8, Section 100, "Following Fire Apparatus Prohibited. The driver of any vehicle other than one on official business shall not follow any fire apparatus traveling in response to a fire alarm closer than five hundred (500) feet. Or drive into or park such vehicle within the block where the fire apparatus has stopped to answer a fire alarm. Section 101 reads as follows, "Crossing Fire Hose. No driver of a street car or vehicle shall drive over an unprotected hose of a fire department when laid down on any street, private driveway, or street car track, to be used at any fire or alarm of fire, without the consent of the department officer in command." ## What Say Ye About The Weather?

Well, the old man is ready for another argument about the weather. We raised a hard one last month about that frivolous and mythical little ground hog, was razed, kidded, and almost jazzed about the little innocent creature, when it occurs to us that nothing is supposed to run true to form and according to Hoyle when it's leap year, especially when it's also general election year. We still claim the little ground hog was right, but we have no way of knowing as yet. According to tradition, when the ground hog appeared on the second day of February, found the skies clear and sun shining, he became frightened at his shadow, returned to his place of hibernation for another six weeks, indicating a late spring.

If the overhead was cloudy and he failed to see his shadow, after recovering his limited vision from such a long sleep, he sensed an early spring and went out in pursuit of food and did not return to his den or place of winter hibernation. We still claim the ground hog was right, but we have no argument to put forth with anyone who sees things different.

Another old adage is, If the month of March comes in like a lamb, it will go out like a lion. What say ye? Did the month of March come in meek and lowly, or did it come in ferocious? Personally, we saw nothing meek and lowly, and we declare it had the appearance of a lion considerable of the time during the first 24 hours. Now, you may accuse us of being a wild philosopher again if you wish, but I'll bet you four duck eggs that it has nothing to do with the weather during the month of March. — J.J.G.

## Wind Storm Does Large Scale Damage

The heavy winds in this part of the country last Thursday night did a considerable amount of damage in and around Santa Anna, with losses running into the thousands of dollars. We are sure we don't have a complete report on all the damage, but some of them we do have indicate the damage was heavy. Most of the damage was reported in the west part of town.

C. V. Drenpen had several "dog houses" blown away and several large oil tanks were blown from their foundations and scattered over a wide area, with damage running into several dollars. Eldon McDonald's home was badly damaged, being blown off the foundation, with doors and windows being blown out. The Griffin Turkey Farm reported a loss of over \$1,000, with brooders, small chicks and turkeys being destroyed. Some damage was reported in the colored section of town also. The new home of Mr. and Mrs. Charlie Bruce was damaged badly on the west side. All the rock in the west gable was blown out, but has now been repaired.

Numerous small buildings right in town were reported as being turned over and destroyed with lots of small chickens being killed. The sheet metal roof on the seed house of the Co-Op Gin was blown completely off. One miraculous event was no damage was reported from the Santa Anna Silica Sand Co.

Damage was not quite so heavy in the eastern part of the territory. The heaviest loss was reported by O. M. Heallen. His damage amounted to several hundred dollars in the loss of about 300 young turkey poults, a new brooder and brooder house. Mr. Heallen's house was moved on the foundation some, as were many other houses in all sections of the county.

## R. K. Green Is Named School Census Director

Announcement was made this week that Mr. R. K. Green, superintendent of schools, was named as the school census director for the Santa Anna Independent School District. The census will begin immediately and the deadline for the names to be turned in is March 31.

Mr. Green reports that all children of the scholastic age should be reported to him some time in the month of March. If the child will become 6 years of age on or before September 1, 1948, and has not reached his 18th birthday by that time, he is considered a scholastic and should be reported to the census taker.

The state pays this school district \$55 this year for each scholastic reported, regardless of whether they are in school or not. The amount has a good chance of being raised for next year, thereby making it very important that the names of scholastics be turned in to Mr. Green before the last of March.

## MRS. C. F. FREEMAN PASSES

As we go to press word has been received that Mrs. C. F. Freeman, formerly of Santa Anna, now of Coleman, died this morning (Thursday) at 1:30.

Funeral arrangements have not been announced.

Mr. and Mrs. J. V. Browning and Bill and Carol were visitors last week with her parents, Mr. and Mrs. J. W. Parker.

## Lions Club To Sponsor Barn For Livestock Show

The Santa Anna Lions Club is going to sponsor the building of a livestock barn in Santa Anna for the use of the 4-H Club and FFA boys to study, more thoroughly, the raising of livestock.

The Lions Club is putting forth a big effort to get this livestock barn under way. A large part of the proceeds from the Negro Minstrel they are putting on the nights of March 29 and 30 will go toward this building.

This barn will be used for the purpose of teaching the boys the grading of wool and the judging of livestock. There are several boys in this territory who want to study animal husbandry, who have no place to keep their animals and this will be a big asset to them.

For several years we have been having a 4-H Club and FFA boys livestock show. It seems that every year the weather has been bad and the boys had to bring their animals in to show them under adverse conditions. If we had this barn for their use, they could bring the animals in a few days before the show and have them here or if it was decided to postpone the show, the animals could be kept here and fed. Another big advantage would be plenty of room for adult breeders who wish to show their animals.

This kind of a building has long been needed in this part of the county and plans are for it to get under way as soon as possible. Co-operation will be needed among all the citizens in this territory. It is hoped that the building can be made ready for use by next year.

## Fire In Gilmore Home Sunday

Fire of undetermined origin came near to completely destroying the Basil Gilmore home at about 3:30 Sunday afternoon. Heat and smoke caused the greatest amount of damage.

Apparently the fire originated in a closet near the center of the house. By the time the fire was discovered and the fire department got to the scene the heat was so intense it was hard to get to the fire. After some trouble getting the fire hydrant open, the fire was soon brought under control.

According to Fire Chief, Doug Moore, the boys did a fine job of keeping the fire as much under control as possible and of putting the fire out. The local fire department is to be congratulated on the fire work they do.

Insurance to the extent of \$3,000 was carried on the house and fixtures, but it is doubtful if that will cover the damage.

### BANQUET IN B'WOOD

O. L. Cheaney and W. Ford Barnes, president and secretary-manager of the Santa Anna Chamber of Commerce, respectively, attended the annual meeting and banquet of the Brownwood Chamber of Commerce on Monday night, March 1.

The meeting was held on the roof garden of the Hotel Brownwood and D. Hodson Lewis, manager of the Southwestern Division of the U. S. Chamber of Commerce was the principal speaker.

Miss Doretha Faye Casey and Alice Anna Guthrie were here for the week-end from John Tarleton College, Stephenville, visiting with their parents, Mr. and Mrs. Arthur Casey and Mr. and Mrs. M. L. Guthrie.

## OZRO EUBANK, RURAL CHAIRMAN; FORD BARNES, CITY CHAIRMAN

A kick-off luncheon was held at the Coleman Hotel Saturday at noon for the rural Red Cross workers. Ozro Eubank is the chairman for the rural communities and the quota is set at \$1,900.

The rural communities are the first to get started on the annual Red Cross Drive. Coleman, with a quota of \$2,500, will open their drive with a kick-off breakfast Monday, March 8. Santa Anna will start their drive within the next few days, but will not have a kick-off luncheon.

Ford Barnes, general chairman for Santa Anna, announces that our quota is \$600, and plans for the drive are now under way.

The chairman of each committee request that when you are asked to donate to the American Red Cross, that you please do not say you are not interested or something of that nature. Instead, they ask you to consider that this year in Texas there has been more need for assistance from the Red Cross than ever before.

Consider the storm damage in different parts of Texas over the week-end. If the winds had only been a little harder, we would have had to call the Red Cross in here. Think of the damage at Texas City almost a year ago and of the damage in the North Texas area shortly afterwards. The Red Cross was at all these places doing what they could to relieve the suffering and doing it with the money that we all donated to them last year.

Chairmen for the rural communities are as follows: E. W. Hennig, Glen Cove; Mrs. Glenn Haynes, Trickham; Mrs. Reuben Adam, Fisk; Mrs. W. H. Bush, Goldsboro; Mrs. Wesley Webb, Live Oak and Webb Shore; Mrs. J. D. Kuykendall, White Chapel; Mrs. George Pauley, Valera; Mrs. Ray Jameson, Indian Creek; W. F. Blanton, Cleveland; Mrs. W. T. Stewardson, Shields; Mrs. Sallie Warnock, Centennial; Bill Koenig, Comal; Curtis Collins, Leedy; Mrs. Elton McDonald, Plainview; Arthur King, Rockwood; Mrs. W. D. Terry, Gouldbusk; H. F. Adams, Novice; Mrs. Otis Bivins, Red Bank; Mrs. Cecil Horne, Bowen; J. M. Stewardson, Turner Ranch; Mrs. Willie Wheat, Maxey; and Carl John, Gouldbusk.

Santa Anna has been divided into eight zones with the chairman of each zone listed, with their co-workers.

Zone 1. Business District (including all service stations): Mary Lela Woodward, chairman; Mrs. Rex Golston, Sr.; Mrs. Jack Woodward, Mrs. B. A. Parker, Mrs. Luther Abernathy and Mrs. Erin Day.

Zone 2. (North of railroad and west from Second Street): Mrs. Maggie Culver, chairman; Mrs. O. L. Cheaney, Mrs. Jess Brown, Mrs. Vera Shield and Mrs. Sam H. Collier.

Zone 3. (North of railroad and east from Second Street): Miss Marie Blewett, chairman.

Zone 4. (South of railroad and east side of First Street east): Mrs. A. D. Donham, Jr., chairman; Mrs. J. L. Boggs, Mrs. W. V. Priddy, Mrs. Roscoe Hosch, Mrs. Jack Shields and Mrs. Norvil Wylie.

Zone 5. (South side of railroad beginning on the west side of First Street, west to east side of Third Street): Mrs. W. B. Griffin, chairman.

Zone 6. (South of railroad, beginning on the west side of Third Street, west): Mrs. Harry Cabon, chairman.

Zone 7. (Colored population): Mrs. Bernice Collins, chairman.

Zone 8. (Latin American population): Asencio Martinez, chairman.

Go to Church Sunday.

Shortages exist in restaurant workers, domestic service workers and public nursing.

### Trickham Cemetery Ass'n Organized

For a number of years the people of the Trickham community have met twice annually to work the cemetery. They found that two days work yearly would not keep the cemetery clean. When they met for work February 24th, they reorganized the Trickham Cemetery Association. Four directors were elected and those four chose a fifth one and organized. The new officers and other directors are as follows: Oscar Boenicke, president; W. E. Haynes, vice president; Lou R. Featherstone, secretary-treasurer; W. T. Martin and Lige Lancaster.

These directors were authorized to take a free will offering in the community and among citizens at a distance who have people buried at Trickham in order to raise funds to purchase equipment and hire the cemetery worked regularly. The directors are certain that all who have people buried at Trickham will want to help out. Any such funds should be sent to The Trickham Cemetery Association, Lou R. Featherstone, Trickham, Texas.

Since February 24 was a rainy day, many could not come to help. The president of the association says that he needs the aid of the community one half day to finish getting the cemetery in condition to be worked with a mower. Mr. Boenicke is calling a meeting for work Monday afternoon, March 15.

James Phillips, who has been employed at Odessa for several months, after visiting for several days with his aunt, Mrs. M. L. Guthrie, left Monday for Austin where he will probably accept employment.

### Farm Bureau Has Meeting

A report meeting of the Coleman County Farm Bureau which was held at the Feeder-Breeder Barn in Coleman Monday night was well attended. A number of persons from Santa Anna and vicinity being among those present.

The precinct chairmen and their helpers reported 81 new members and they will continue their work throughout the year. A representative of the Blue Cross office at Abilene spoke.

### Negro Minstrel Tickets Go On Sale

Tickets for the Lions Club Negro Minstrel are now on sale by all members of the Lions Club. The Club has been divided into two teams with O. L. Cheaney and George M. Johnson as captains. The team that sells the largest amount of tickets will be treated to a big feed at the regular meeting of the Lions Club and the other team will be served coffee and maybe a hamburger.

Prices of admission to this show are 50c for adults and 25c for children. The Club would like for every person in our area to purchase one of these tickets.

Proceeds derived from this program will go toward financing a livestock barn for Santa Anna.

### Teachers Re-Elected For Next Year

In a meeting of the School Board this week, Weldon Chambers, Dow McBride, A. D. Pettit and T. K. Martin were re-elected to teach in the Santa Anna Public Schools for the 1948-49 term of school in the positions they now hold. R. A. Green was re-elected to serve as superintendent previously.

The School Board decided to dismiss school Friday, March 12, in order that all teachers may attend the Mid-Texas Teachers Association meeting in San Angelo March 12 and 13. Teachers attend this meeting as a part of their Educational Program.

Permission was granted to the Lions Club to hold their Negro Minstrel in the auditorium of the high school the nights of March 29 and 30.

John Lowe was appointed to hold the school board election, which will be held the first Saturday in April.

Elizabeth Eads and Joyce Hunter, students at N. T. S. C. at Denton, spent the week-end with their parents here. On Sunday Mr. and Mrs. Arch Hunter and David took them back to Denton. At Stephenville they were joined by Harpe Hunter who went to denton with them.

mand." Mr. Bauer says the above will be enforced to the word and violators will be given tickets in the future.

The deputy sheriff also states that pedestrian traffic is still not paying as much attention to the traffic light as they should. In case a person were to meet with an accident while they were crossing the street with the green light to the on-coming traffic the pedestrian would not have the law on his side. He asks that all be a little more careful in crossing the street and watch the traffic light. Mr. Baur also states that he will give no more warning about parking in front of fire hydrants. According to law no vehicle is allowed to park within 15 feet of a fire hydrant at any time.

**Self Culture Club Luncheon**

Members of the Self Culture Club who attended the annual Federation Day luncheon, which was held in the home of Mrs. A. D. Donham, Jr., on February 27 enjoyed a three way feast.

A feast for the body was enjoyed, in the abundant food provided by the members for the covered dish luncheon, and there was a feast for the mind and spirit in the address of Mrs. Lee Gentry of San Angelo, Second Vice President of the Sixth District of Federated Clubs.

Mrs. Gentry, who spoke on "Our Heritage", was introduced by Mrs. Preston Bailey after Mrs. Harry Crews had rendered a piano solo, "The Flight of the Bumblebee."

In her address, Mrs. Gentry told of the early history of women's clubs, of the prejudice against them and of the great

changes that have taken place in the realm of womanhood in the past few decades.

The club presented Mrs. Gentry with a pink carnation corsage. In a short business session presided over by the president, Mrs. Eeds, Mrs. L. O. Garrett was elected president and Mrs. Norval Wylie, alternate to the District Convention of Federated Clubs meeting in San Angelo, April 1, 2 and 3.

Thanks are due Mrs. Donham for the gracious hospitality of her lovely home, which on this occasion was attractively decorated with gladioli, narcissi and tulips.

Eighteen members and one visitor were present, Mesdames Chap Eeds, J. R. Banister, C. D. Bruce, R. C. Gay, W. R. Kelley, Norval Wylie, Harl Crews, S. R. Smith, L. O. Garrett, Hardy Blue, J. L. Harris, Glenn Williamson, Ollie Weaver, A. D. Donham, Jr., Elgean Shield, Preston Bailey,

On Saturday night, February 28, in a beautiful setting at the First Christian church in Coleman, Rosella Layton, daughter of Mrs. Caille Layton of Coleman became the bride of Dorman H. Powell, son of Mr. and Mrs. Garland N. Powell of Santa Anna.

The Rev. John J. Muller, pastor of the First Presbyterian church, read the single ring ceremony before an altar arrangement of calla lilies, white gladioli and fern, flanked by candelabra holding white tapers that were lighted by Bobby Newsom and Perry Scott.

Mrs. James Conger played "Romance" by Rubenstein and accompanied Mrs. John Grammer, who sang "Because." Ruth Cox served the bride as maid of honor and J. D. Dunn was best man. The ushers were Walter Schick, Jr., Joe Dibrell III and J. W. Gillespie, Jr.

The bride, given in marriage by her brother, David Layton, Jr., wore a bridal gown of magnolia satin and a three tiered veil of imported illusion which fell from a coronet of orange blossoms.

After the ceremony a reception was held at the home of the bride's grandmother, Mrs. J. A. Stobaugh.

After a honeymoon trip to Carlsbad Caverns and El Paso, the couple will live in Las Cruces, New Mexico, where the groom is associated with Davis Jewelry Co.

(Mrs. J. B. Weathers)

Our community has quite a few who are ill but most of them are improving.

Mr. C. E. Evans has been in the hospital suffering from a severe cold.

Winford Roy Williams was discharged from the hospital Friday, where he had spent several days suffering from pneumonia.

Mr. Aubrey Scarborough is now at home after spending three weeks at Scott & White Hospital in Temple.

Douglas Milligan had surgery at Harris Memorial Hospital in Ft. Worth Saturday. We hope he will soon be improved and able to return home.

Mrs. Doyle Eppier has been spending some time with her mother, who has been ill in Hamilton county, as well as having sick children at home.

Thursday night we received about a half inch of rain and a lot of high wind. One vacant house was demolished and several outhouses were blown down.

Mr. and Mrs. J. B. Weathers spent the week-end in San Angelo with relatives.

Romie Milligan and O. E. Shelton were in Ft. Worth over the week-end to be with Mr. and Mrs. Douglas Milligan during Mr. Milligan's medical crisis.

Mr. and Mrs. Byron Gilbreth and children and Mr. and Mrs. H. C. Murrell visited relatives in

Doole Sunday afternoon.

Mr. and Mrs. L. M. Weathers and children went to Cisco Saturday for a week-end visit.

Mrs. J. M. Weathers of Santa Anna, who has been visiting there for several weeks, returned home with them Sunday afternoon.

Mr. and Mrs. Bert Fowler and children visited in the Sam Baker home in Hardin Sunday afternoon.

G. C. McDonald, Jr. is spending a few days with his parents here.

Mrs. J. B. Weathers visited her mother, Mrs. L. E. Page in Trickett Thursday afternoon.

Mr. and Mrs. Dee Atkinson of Belton spent Saturday night with her sister, Mrs. Murrell and Mr. Murrell.

Mrs. Eula Sample and Berta Campbell, sisters of Mr. Murrell, spent Saturday night there also. They were enroute to their home in Matador from a visit at Houston.

Mr. and Mrs. Sam Cobb of Ft. Worth were here and at Brady this week-end. Mr. Cobb's father is in the Brady hospital, having fallen and broken his hip.

Visitors in the Johnnie Versher home Sunday were Mr. and Mrs. Albert Reasoner, Mr. and Mrs. Clyde Vance and family of Coleman and Mr. and Mrs. Clyde Verscher, Martha and Paul.

Mr. and Mrs. H. C. Murrell and Mr. and Mrs. G. C. McDonald visited at Doole on Tuesday night.

Mr. and Mrs. Joe Love of Coleman visited the Emmitt and Dub Lowe families Sunday.

Mr. and Mrs. George Cobb and Stanley attended the Cobb-Hatch wedding Saturday evening in Coleman.

Mrs. Clarence Elliot, Willie Mae Annie Belle and Ladell were Co. Commissioners.

Pauline Lowe visited Mr. and Mrs. Ira Newton Sunday.

Mrs. Hollis Watson and Mrs. E. S. Jones visited Mrs. Arrant Sunday afternoon. Other visitors were Mr. and Mrs. Hays Helmer of Santa Anna.

Mr. and Mrs. G. C. McDonald went to San Antonio to visit his mother and sister, who are ill. They returned home Sunday night.

Mr. and Mrs. Ewing Lovelady of Ballinger spent Sunday the 21st with his mother, Mrs. John Lovelady and a brother, Joe.

Mrs. Zack Bible underwent an operation in a Brownwood hospital last Wednesday. We are glad she is doing so well.

Mr. and Mrs. Ben Smith were shopping in Santa Anna Saturday.

Mr. Orval Bible was here last week with his father, Zack Bible and also at his mother's bedside in the hospital.

Mr. and Mrs. Jack Henry of Brownwood spent Thursday night with her parents, Mr. and Mrs. George Rutherford.

Mrs. Davis and children went to visit her mother at Stephenville Sunday. Mrs. Davis has been sick with a cold and went to the doctor Thursday, but was not improving as fast as was hoped for.

Mr. Davis accompanied her to Stephenville, but returned and is teaching school. We hope she will soon be completely recovered.

Ima Smith of McMurry spent the week-end with her parents, Mr. and Mrs. Henry Smith. Mr. and Mrs. Buster Wallace and children accompanied the Smiths to Abilene Sunday afternoon as Ima returned to school.

Mrs. Charles Benge has been with her daughter, Mrs. James Eubank, who spent some time the past week in the Sealy Hospital. Glad she is improved.

Mr. and Mrs. P. A. Byham of Paint Rock spent Sunday with their niece and family, Mr. and Mrs. Everett Baker and Sonny.

Mr. and Mrs. Buster Wallace and children were brief visitors in the Tom Rutherford home Sunday afternoon.

Last Sunday morning Rev. Otis Brown preached and a very large crowd attended. There were several visitors. Rev. Gillis delivered the message Sunday

night.

Mrs. Lee Vaughn and Mrs. Nan Roberts were bedtime visitors with Mrs. Kingston one night last week.

Visitors in the Robert Stearns home Sunday were Mr. and Mrs. R. C. Stearns and Floyd Dale from Brownwood.

"It ain't fair!" "There oughta be a law! Everything in our house runs by electricity—but this!" Poor Butch has to do things the old mechanical, hard way. Mother has low-cost, dependable electric service to help her cook and clean, wash and iron and sew. Dad runs his razor, and his workshop, too, by electricity. In fact, the whole family enjoys light, comfort, and entertainment when Reddy Kilowatt, your electric servant, jumps to their service at the flip of a switch. Never before has electric service done so much to make life comfortable for so little! Yes, in spite of high production costs, The West Texas Utilities Company furnishes residential consumers electric service at rates 17% less than ten years ago. The skill and experience—the "know-how" and the efforts of your friends and neighbors in this company have combined to keep the price of electric service low—and its usefulness greater than ever before. PRESS CLUB NEWS

The Press Club has long been the most active organization on the campus and now it goes ahead with its determination to keep best, by organizing Press Club volleyball teams. Ruby June Humphries and Brit Brown have been chosen to be captains of the teams. Ruby has on her team Joe Sellers, Egean Shield, Gene Smith, Barbara Bruce and Helen Day. Britt captains a team composed of Lynn Pittard, Nancy Holt, Patsy Fulton, Patsy Price and James Milligan. We hope to see in these teams some competitive fire.

Perhaps it would be well for some of our leaders to receive the credit that is due them for their splendid work in seeing that the paper goes in on time. One of these is Mrs. Price who must read and approve all material that goes into the Mountaineer. Coyita Griffin should be awarded an Oscar for her un-failing work this year. Patsy and Betty Price, Kathryn Stew-

ardson and Sue Milligan should also receive credit for their work on the I.Q.'s. Barbara Bruce and James Milligan deserve the highest praise for the fine editorials that they have produced this year. — Reporter.

FADS AND FANCIES

With the arrival of some warm weather the styles have changed from warm winter clothes to the the cool duds of spring. The girls have changed from sweaters and suits to spring dresses whereas the boys are just minus a coat. The good weather is more than likely temporary so within a few days I may be contradicting myself.

Whatever weather girls wear Gibson Girl blouses fashioned from the gay 90's with ties and long, long ballerina skirts. As I said before, no noticeable change has taken place in the boys apparel except a few sport shirts and no heavy coats or scarfs.

Several of the girls have cut their hair to the new length, which is definitely in contrast to the stylish length of skirts. Short bangs are also popular with the feminine enrollment.

Since the changes of our styles have been little, another season of different weather will have to come before I can give you more complete information about the fads and fancies of our school.

WHO'S WHO

This week we introduce to you a well known senior, Wanda Duggins. Wanda is five feet, six inches tall, with brown hair and brown eyes. She also has many friends as a result of her friendly ways.

Wanda has been an active member of the Homemaking Club for two years, taking part in many activities. She is also known for her church work.

Wanda has favorites, as all of us do, and among them are, western books, bike riding, horse-back riding, English IV and typing.

Her plans for the future are undecided but whatever she does we wish her luck.

This week we would like to bring you one of the most popular seniors in school. Yes, Donnie Estes is known far and wide for his friendly smile and a word for everyone. He played the right end position of our Mountaineer team the last two years. He contributed immensely to the success of our team. He is a Rockwood man. He likes to play tennis; if you go out to the tennis courts most any time of the day, you will see Donnie banging away at the ball. And a good player he is, too.

Here's hoping that Donnie has plenty of luck and much success in all he undertakes. Good luck, Donnie.

**CONTROL OF HEART ACTION**

Before the muscles of the arm contract to produce movement we first THINK THE THOUGHT and as a result the contraction takes place. The same process is true of the heart, except that here the thought is a subconscious one. This thought or impulse takes place in the brain. Tiny nerve fibers then transmit it to the heart and contraction results.

There must be no interference with these nerves leading from the brain to the heart else they cannot properly transmit these impulses. If this energy or nerve force is interfered with, even slightly, the function of the heart will become abnormal.

The spine is the only place along the course of the nerves where such an interference can exist. If the bony segments of the spine through which the nerves pass get out of position they will produce pressure upon the nerve fibers. This pressure must be removed before impulses from the brain can "get through" to the heart and govern its action.

**CORRECTING HEART TROUBLE**

Because of his training, the Chiropractor is able to locate the point of pressure in the spine that interferes with the transmission of mental impulse supply; and is able to render that Chiropractic health service that will adjust the spine at the location of this interference so that normal transmission is restored. There can be only one result—the heart receives its normal supply of mental impulses and is enabled to function properly.

To the thousands upon thousands of sufferers who are now living under a handicap produced by an abnormal heart action, Chiropractic offers a real and logical solution.

If your condition has been resisting your efforts to cure it—come see us or phone for an appointment.

Sunday School Lesson  
By LOUIE D. NEWTON, D. D.

SCRIPTURE: Acts 8:26-39  
DEVOTIONAL READING: Psalms 67

**The Personal Witness**

Lesson for March 7, 1948

DR. ALBERT SCHWEITZER, described by Hermann Hagedorn as "Prophet in the Wilderness," is a living example of what Sunday's lesson is undertaking to portray, namely, living for Jesus where you are.

Dr. Newton

The lesson passage is found in Acts 8:26-39, and is the story of Philip, leaving his very successful evangelistic campaign in Samaria to follow the lead of the Holy Spirit into the way that leads down from Jerusalem into Gaza, which is desert. There he found a man in search of God, and through his witness the man was saved.

**THE STORY OF JESUS**

THIS man was not of Philip's race. He was an Ethiopian. But he was a man. And God loves every man of every race and of every condition of life. Jesus never did meet an unimportant person, nor will any true follower of his, Jesus said, "As the Father has sent Me, even so send I you." John 20:21.

This man was reading in the Book of Isaiah, where the prophet was foretelling how Jesus would suffer for the sins of the whole world. He could not understand the wonderful words. And the Spirit directed Philip to go and join himself to the eunuch. Philip ran to the chariot in which the rich man rode, asking, "Understandest thou what thou readest?" He was quick to give his witness. That is the first lesson of the lesson.

**AND THE MAN LISTENED**

WHEN we faithfully obey the Holy Spirit, He enables us to effectively witness for Jesus. We cannot be effective witnesses if we let up on our testimony and our own judgment. The boy in your street who does not know Jesus will testify for you if you go in the same spirit as Philip to the command of the Spirit of God as did Philip.

A lad told me this story. He had a neighbor who had never been to Sunday school, and he wanted to enlist this friend. He thought about it seriously. But he was not quite sure of himself. And then he prayed, asking God to direct him. The next day the boy asked him, "What are you doing Sunday morning?" With this opening the lad invited his neighbor to come along with him, and the result was that the first neighbor, of another race, accepted Christ as his Saviour and is today a regular attendant at church and Sunday school.

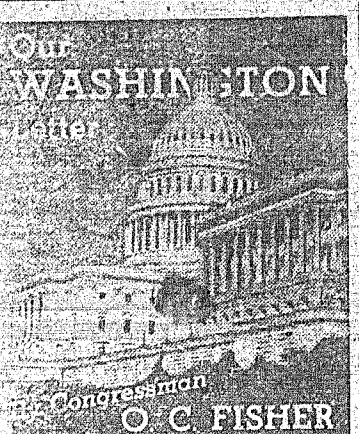

**TO WHOM SHALL WE WITNESS?**

THE question now emerges, To whom shall we bear this witness? We cannot tell of our missionaries, as did Dr. Schweitzer. Most of us must remain at home and carry on the work of our everyday pursuits of life.

But every Christian can witness. First, to those immediately about us. In every community in our beloved country are people who do not know Jesus Christ as Saviour and Lord. We can witness to them, not to all of them, but to some of them, perhaps to one of them. And I would remind you that if you miss that particular person to whom you may be directed by the Holy Spirit, he or she may never know about the Saviour's love.

Second, we can share in the sending of the missionaries to earth's remotest bounds, through our gifts. I delight to think that I am in partnership with many great men and women on foreign fields, through my gifts and through my prayers.

Third, we can witness through personal correspondence with people in other lands. The present far-reaching media of relief for stricken peoples of the world affords a wonderful opportunity for this very witness. Ask your pastor for the name of some person your age in one of the lands to which your church is sending relief, and write that person a letter, telling of your joy in serving God.

The collapse of Czechoslovakia and the control over that country assumed by the Communist was the subject of chief interest on Capitol Hill the past week. Czechoslovakia, which was already under economic domination from Moscow, is now expected to follow the Communist Party line and toe the mark as the signals are called by the Kremlin. It was typical of the Communist technique infiltrating into vital spots in the labor unions, government and police, and then at the appointed hour to take over. It is generally believed that not more than 25 per cent of the Czech people are Communist. But the majority was helpless. The Communies were in control where it counted.

The eunuch went on his way rejoicing. Why? Because Philip had taught him the way of salvation. He had been used as an effective witness in leading a man of another race to experience the peace that passeth all understanding. And Jesus is saying to us today, "So send I you."

It has been prevented that very thing from happening in Western Europe that our government has been trying to assist and bolster the resistance of the governments and the people against the Communist pressure. Communism is strong in France and in Italy and in other countries not yet under control of Stalin. It is generally believed here that Stalin had counted on his stooges taking over in France even before they did so in Czechoslovakia.

But French resistance surprised the Russians. The general strikes by the Soviet domination labor unions failed of their objectives, and France, with outside aid, withstood the storm.

Some are heard to ask what difference does it make to us whether France and other nations become Communist, so long as we look after our own affairs? General Marshall insists that if Western Europe surrenders to Communism, and Russia controls for the first time the Atlantic coast line, American security will be greatly imperiled. If that should happen, all agree the United States would be forced to spend at least \$20 billion a year on national security instead of the present \$11 billion.

**Tidelands Battle**  
Last week might have called Texas week on Capitol Hill. The high tide of indignation against federal ownership and control of submerged land and tidelands, always considering owned by the respective states was raging at a high tempo.

In June of last year the Supreme Court handed down a decision in a California case that seriously threatened the validity of title in the individual states of submerged coastal lands. In attempt to head off the Supreme Court action, the Congress two years ago passed a bill to confirm title to submerged lands in the states, but the President vetoed it.

Another attempt is now being made to settle the issue and quitclaim all title to such lands and the minerals to the states. A House Senate committee has been holding hearings on the new proposal. From Texas to urge speedy enactment of the proposal came Governor Beauford Jester, Attorney General Price Daniel and State Land Governor Bascom Giles. Other Texans here on the same mission included Frank Jackson, former President of the State Teachers Association, Robert Lee Bobbitt, Curtis Morris, and others.

In a radio interview between himself and Governor Jester, Attorney General Daniel and Mr. Giles, these gentlemen agreed the outcome of this legislation is of tremendous importance to the State of Texas. Governor Jester said the value of the land and minerals involved may amount to a billion dollars to Texas and our Texas school funds.

Mr. Daniel, who has been taking a leading part in protecting our state's rights, said 46 Attorneys Generals in the United States have organized themselves into a unit supporting the measure.

Land Commissioner Giles pointed out to our long coast line and the valuable mineral deposits already discovered, and said the tidelands issue is interlinked with the future economy of Texas.

Frank Jackson spoke for the Texas educators and talked of the value of the lands involved to the support of our schools, in his testimony before the committee.

Prospects for early passage of the pending bill are bright. Our big concern at the moment is to avoid another presidential veto, and if it comes, to garner enough votes to override.

**Joe Sealy Price Feted With Birthday Party**

Mr. and Mrs. Collin Price and daughter, Annabelle, honored their son, Joe Sealy, on his 15th birthday Saturday evening when they entertained with a birthday party in their home. The living room was decorated in the Santa Anna school colors of black and gold. Crepe paper streamers were hung across the room, with bows draped around the chandelier in the center. Pennants reading, "Santa Anna Mountaineers" were hung at various points around the room. Cut flowers of yellow and gold hues were arranged on the tables.

A scavenger hunt was the main event of the evening. Numbers were drawn for partners and prizes were presented to the winners. Twin boxes of heart shaped design were presented to Misses Helen Day and Jo Ann Morris and Jimmy Regan as first place and the honoree and his partner, Billie Lynn Westbrook, as second place. Dancing was enjoyed the remainder of the evening.

A white coconut cake, decorated in pink and yellow, reading "Happy Birthday, Joe Sealy", centered the white damask covered dining table.

Cake and bottled drinks were served to Luther Talley, R. D.

Hartman, Wayne Walters, Sedonia Simmons, Billie Lynn Westbrook, Paula Ruth Holt, Joyce Rowe, Jo Ann Morris, Hazel Brannan, Dick Humphries, Jimmy Regan, Harold Horton, David Hunter, June Parker, Johnnie Panker, D. Monday, March 8th, from 7 to 11 a. m.

Almost 20 years ago, Brady sent out a motorcade to extend an invitation to the sheep and goat raisers to attend the convention which was to be held that year in that city and I went along, being in those days a young news gatherer for the old Ft. Worth Record.

House? When this had happened four or five times, the other motorcaders (none of whom had ever heard of me until that trip) began to be impressed. Fact of the matter was, I had written to the mayor of Chamber of Commerce manager in each town and said that if he'd see me and give me a few interesting facts about the place, I'd include it in the writeup.

Tragedy threw its shadow across the trip. In Del Rio, an attorney gave the address of welcome and then we fell to on the barbecue dinner. An hour or so after the speech, the attorney was stricken with a heart attack and died.

A citizen told a story of a shooting which he said had taken place in the town's wild and woolly days. Two men were playing a game of pool one night. One player stooped over the table to make a shot and, the instant he bent, a bullet came in a window and killed his adversary.

Quite an interesting experience was that Brady motorcade. It doesn't seem like towns have them any more.

### Former Gov. W. P. Hobby Will Direct Texas Cancer Control Fund Campaign During April

Houston.—Former Gov. W. P. Hobby, publisher of the Houston Post, has been selected state chairman of the 1948 fund campaign of the American Cancer Society.

His appointment was announced by Frank C. Smith of Houston, president of the Cancer Society's Texas Division.

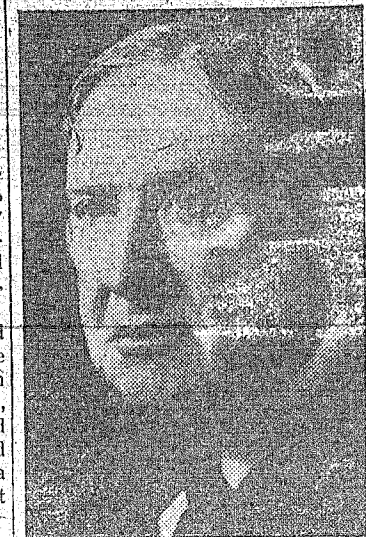

Gov. Hobby will head a month-long drive for funds with which to carry on the Society's program of research, education, and service.

The campaign will open April 1, since April has been designated by an act of Congress as Cancer Control Month and thus is the official annual time for the American Cancer Society's fund gathering.

Governor of Texas during World War I, Gov. Hobby was executive officer at a time when woman suffrage became legal in the state, free textbooks were first furnished for school children, financial aid was given to rural schools, and a state budget system was first set up.

His newspaper career began with the Houston Post-Dispatch when he was 17—and when he worked with a reporter who later became famous as "O. Henry." After serving as governor and as publisher of the Beaumont Enterprise, he returned to the Houston Post, as it is now called.

Gov. Hobby is an active civic leader and presently serves as chairman of the Houston Chamber

GOV. W. P. HOBBY

of Commerce Highway Committee. He is a thirty-second degree Mason and a Shriner. His memberships in civic and social organizations include the Houston Country Club, the Bayou Club, and the Houston Club.

An organization is being set up in every part of Texas with district and county chairmen directing the work leading up to the April campaign. Wallace Andrews of Houston has been named campaign director.

### Merit System Council Announces More Examinations

Competitive examination for the position of Public Health Dentist with the Texas State Department of Health has just been announced by the Merit System Council for the Texas State Department of Health. Examination is for Public Health Dentist positions in the Dental Division of the State Department of Health and local affiliated units, and will consist of an evaluation of training and experience and an oral examination.

Applications will be received continuously until further notice. Positions for which the examination will be held is Public Health Dentist. Qualifications required include graduation of an accredited school of dentistry and a license to practice dentistry in Texas. Preference will be given those candidates who have college training in psychology and education and teaching experience. Salaries range from \$4,200 to \$4,800.

Application blanks may be obtained from Russell E. Schrader, Merit System Supervisor, Littlefield Building, Austin, Texas.

### State Dept. Of Health Letter

Carelessness and ignorance represent two of the most powerful factors in spreading communicable disease from man to man. No more emphatic example of this fact exist than the continued ravages of tuberculosis. In spite of the knowledge of its causes and spreads, and of curative methods, tuberculosis is still a very serious problem not only in Texas, but throughout the United States, states Dr. Geo. W. Cox, State Health Officer.

It is true that tuberculosis no longer is first on the list of killing diseases as it was formerly. Dr. Cox said, but despite having been reduced to fifth place in Texas, it still is responsible for more death between the ages of fifteen and forty-five than any other disease. And this fact exists even through the majority of tuberculosis patients could have their condition arrested if it were recognized early and proper treatment applied.

Treatment of the early recognized case is essential. It is of equal importance, from a public health viewpoint, that the spread of this devastating infection be prevented. A more intelligent appreciation of this fact would result in the saving of thousands of lives.

When a diagnosis of active tuberculosis has been made, examination of all of the other members of the immediate family should follow as a matter of course. Tuberculosis runs in families, not because of any special susceptibility to the disease, but because it is communicable, being usually transmitted through close and prolonged contact with the active case.

To reduce the number of death caused by tuberculosis, Dr. Cox suggests periodic examination of all adults, a check-up by physicians of the family, active cases, and contact, regular examinations of high school children, isolation or hospitalization of the active tuberculosis case, and a more intelligent application of hygienic living principles.

Don't look now, Mr. Wallace, but somebody's following you.

### How to Put Up with Women's Styles

When Will Dudley's missus finally gave in to the new-style longer skirts, Will was mighty critical at first. Allowed as how women were a slave to fashion... ought to dress to please their husbands and not style designers.

Perhaps the way somebody dresses isn't always to our taste—just as Will's glass of beer may be another person's cider.

But from where I sit, those little differences aren't important—unless we go out of our way to make them so, by being hypercritical. As Will says now: "Well, anyway, those long skirts hide a multitude of shins"... and lets it go at that!

### 541 Died By Fire, Says Marvin Hall

Fire burned to death 541 people and destroyed nearly \$21 million in Texas in 1947, according to Marvin Hall, State Fire Insurance Commissioner.

"Even these unbelievably high figures are not complete," Hall declared. "The monetary loss is already \$3 million higher than losses for any one year in the history of our state."

Deaths from fire also threaten to break all records, he believes. A few death reports are still coming in. Loss of life in the Texas City disaster is not included in the above figure.

Insured fire losses for 1947 total \$20,903,000. This does not include uninsured losses, the commissioner advised.

"These deplorable losses are growing more alarming every day," he said. "The only way to combat this useless loss of life, property, resources, man-

hours and resultant higher cost of living is for each Texan to assume an individual responsibility in seeing that fire hazards are removed. At least 90 per cent of our fires are due to carelessness."

Over half of our fires have been in homes. The condition is especially grave in the face of the housing shortage.

Matches and cigarets were the number one cause of fires in 1947. Electricity was the next greatest cause with trash and rubbish third. The fourth most frequent cause was kerosene stoves and the fifth was gas stoves.

Hall said gasoline and kerosene fires are on the increase as well as heating equipment fires, such as gas, oil and kerosene stoves and heaters, chimneys and water heaters.

### Kidneys Must Work Well

**For You To Feel Well**  
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, swelling of ankles, swelling.

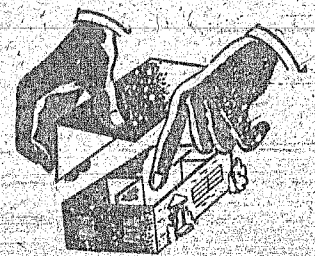

Why not try Doan's Pills? You will be using a medicine recommended by the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. As all great doctors.

Those attending were Mesdames R. D. Kelley, Z. D. Kemp, J. E. Watkins, A. Holman, J. E. Howard, Dovie Chapman, G. B. Smith, S. R. Smith, Lee Hunter, J. R. Pearce, Callie Gray, J. Ed Barlett, J. I. Boggs, Roscoe Hosh, W. F. Barnes, A. D. Donham, Jr., D. L. Sides and B. A. Parker.

At the close of the program the hostess served cake and punch.

**Rev. and Mrs. S. R. Smith Honored**

On Thursday night, February 26, the O. E. S. Chapter No. 247 entertained with a lovely party in the home of Mr. and Mrs. F. Z. Payne, honoring Rev. and Mrs. S. R. Smith, who will soon be leaving Santa Anna to make their home in Brownwood. Mrs. Payne planned and conducted games which were enjoyed by all.

The chapter presented the honorees with gifts of identical crystal vases.

Refreshments of sandwiches, olives, cake and punch were served cafeteria style.

About 30 men and women were present to enjoy this pleasant occasion and to express regrets at the removal from our midst of Bro. and Mrs. Smith and to wish them many years of happiness in their Brownwood home.
