Experience In Appellate Practice, 3. Wisdom And Mature Judgment. Text: 'Compare Dabney Opponent'. Comparison table: 1. Actual Court Civil Appeals Practice 25 Years vs NONE, 2. Actual law practice experience 35 Years vs 7 Years. Judge Dabney carried his home county of Eastland by a substantial majority, although Judge Gray, the third man in the race, also was living in Eastland and holding court, where he received a nice vote. My opponent, living in Big Spring, is District Judge of the 70th District Court, which is composed of 5 counties, but only one of these counties is in the 11th Appellate district where he is now seeking office. In other words, 4-5ths of his judicial service is spent in the El Paso Appellate District. My opponent is charging there will be two members from Eastland County if I am elected. The fact is that two members now LIVE at Eastland and the third stays there much of the time. In fact, since creation of this court ONLY ONE member lived in Eastland County WHEN ELECTED OR APPOINTED, but almost everyone MOVED THERE after he became a member. When he joined the court one present member was of Brown, one of Taylor and one of Haskell. The Brown member is retiring, the Haskell county member lives in Eastland and votes there, but his address is listed as Haskell as late as 1945. (Southwestern Reporter 187-88 2d). My opponent ERRONEOUSLY bases his qualifications to the Civil Appeals court on the fact that he is a district judge. Chief Justice Hickman of the Texas Supreme Court was not a district judge before being elected to the Eastland court, but was an Active practicing lawyer, (as is Judge Dabney) and as were many others. **At the Word of Command**  
 Lesson for August 29, 1948

**DO PEOPLE** always do what they know is right? You would think so; but they don't. It is strange how many excuses people can think up to get out of doing what they know in their hearts they ought to do.

But not this man Ananias. He was a shining exception. There are three Ananiases in the New Testament, and this one makes up for the other two. One of the others was a rascally priest and one was a famous liar; but this Ananias, another of the "unheralded" characters from the Bible, is famed for going when God said, "Go." We know nothing much else about him, but this is enough:

**No Wonder He Hesitated**

IT WAS just after the conversion of Saul. At the time of our story, nobody had ever heard of Paul, only of Saul as he was then called; and nobody heard anything good. He was a bitter, ruthless man. He had no use for Christians. Extermination was his only answer to the Christian challenge. The name of Saul brought terror.

On this day of our story Saul had been only three days a Christian. He had had nothing to eat all that time, and he was said to be blind. You may be sure that Christians stayed away from him. His Jerusalem cronies had no doubt given him up as crazy; but no Christian would go near him either. At this point our Ananias had a vision: The Lord told him to go to Saul and lay his hands on him in help and blessing. Naturally Ananias held back. This was a dangerous man, said he. But again the Lord in the vision said, "Go," and Ananias went.

Suppose Ananias had said "No"? That might have changed the whole course of Christian history. How? He could have thought of many an excuse. "Aren't there other men who can baptize Saul as well as I can? ... This whole vision may be only a mistake ..." And so forth. But not when it became clear to him that this was God's will, Ananias went, though he still did not like it.

How is it with you? When you know what you ought to do, what is the first thing you think of? How to do it, or how to get out of doing it?

**Taking Orders From God**

HOW CAN we tell when it is really God who commands us? Most Christians today are suspicious of visions, and well we may be. Too many crazy things have been done by people who saw "visions" for us to trust such experiences very far.

One way in which God's orders come to us is in the Word of God, particularly in the words of Christ. For example, take one of the hardest things Jesus ever said: "LOVE YOUR ENEMIES AND PRAY FOR THOSE WHO PERSECUTE YOU." That sounds tough. It is tough. But it is a command. Yet don't most of us leave that command in the closed Bible and act as if the words had never been said?

That brings up another question. Is it likely that Ananias became fond of Saul all at once? Hardly. Ananias could not have liked the man; there was then nothing about him to like. We know from Paul's own words that people generally were not attracted by his looks. Yet Ananias, who could not have liked Saul, much less been fond of him, went and called him "Brother" and gave him his start in the Christian life.

**Do You Know a Saul?**

NOT FAR from where you are sitting at this moment there may be someone like Saul. He is a Christian, but a new and (so far) poor one, maybe. Someone nobody believes in, someone you scarcely know. It may be a child out of some low-grade home; it may be an ex-drunkard (not so long over it) or an ex-convict even; perhaps someone who has actually done you a wrong.

But this person may be just where Saul was, needing a friend. God may already have touched his heart, all he needs now is the human touch of a Christian friend. Maybe you can't love him, can't even like him; but if he is a human soul, God loves him. If you can help him, then you are his Ananias. You know what you ought to do. Will you do it?

### COMPARE THE VALUE

Yes, compare the features—compare the prices—compare what you get for what you pay—and you, too, will come to the conclusion that Chevrolet is first in value. It alone gives Big-Car feature after Big-Car feature for Big-Car motoring results—and gives them at prices which are lower than those of any other car in the field!

### COMPARE THE POPULARITY

You can identify the biggest value in any list of products by picking out the one product which enjoys greatest popularity, year after year; and, of course, in the field of motor cars, that one product is Chevrolet! More people are buying Chevrolets, and more people are driving Chevrolets than any other make of car; this year as for the total 17-year period, 1931 to date!

### COMPARE THE FEATURES

Only Chevrolet combines the Unitized Knee-Action Ride for gliding smoothness... the world's champion Valve-in-Head engine for performance and economy... Moreover, Chevrolet also saves you substantial sums on gas, oil and upkeep—just to help your budget all the more!
