Eureka News

Mrs. J. C. Ferguson

Well, its still hot and dry, out our way. Seems we just can't get a good rain any more.

Some few people have begun to gather what little cotton they have. However, it won't be a very big job this year, as there isn't much to gather out our way.

Rev. Martin filled his regular appointment here Sunday and Sunday night. He brought some wonderful messages. Our regular Sunday services are the first and third Sundays. The public is cordially invited to come out and worship with us each Lord's day. We need you and you need God's word, so come and bring your children to Church and Sunday School, each and every Sunday.

Shield News

(Mrs. J. B. Weathers)

Mr. and Mrs. J. W. Barton celebrated their Golden Wedding Anniversary this week-end at their home here. They were blessed with having all of their children with them for the occasion. They had open house on Sunday afternoon, when a host of friends called on them, wishing them many more anniversaries.

A group of ladies are honoring Mrs. Ira Newton with a pink and blue shower on Tuesday afternoon, September 28th at 2:30 o'clock at the Lunch Room. Everyone is invited to come.

Several members of the Church of Christ met Mr. and Mrs. Roy Stephens and family of Brownwood on the river on Friday night for a picnic. Afterward, they enjoyed moving pictures at the Tom Stewardson place.

A blocked kick in the last two minutes of play brought the Santa Anna Mountaineers a 7-6 victory over the Baird Bears in the opening game of the season at Baird last Friday night. R. D. Hartman blocked the kick, then picked the ball up and ran it over the goal line. Dewey Dunn converted to give the Mountaineers the one point lead.

Baird scored early in the first quarter and failed to kick the extra point. After the first few minutes of play both teams played an excellent game of ball, with the Mountaineers penetrating on several occasions.

This was the first game of the year for the Mountaineers and was expected to be one of the hardest games of the season. The Baird boys were the District Champions last year and, apparently had started out to win it again this year.

MOUNTAINEERS TO MEET RISING STAR WILDCATS

This week the Mountaineers will tangle with the Rising Star Wildcats on the local field. The Wildcats have won two games this year and in each case by a large score. Friday night, Sept. 18, the Wildcats ran over the Strawn eleven by a score of 25-7, and last Saturday night they lounced the Brownwood High School B-Team to the tune of 20-6.

Rising Star seems to have what is known as a one-man team, with Buck Gibson being the one-man. He is a 160 pound back that is the inspiration of the Wildcats. Most of their attacks are made from the ground, with all their scores to date being made in ground attacks.

Coach McBride is giving our boys hard work-outs this week and working out some of the mistakes discovered in the Baird game. The boys were expected to make a few mistakes, this being the first game some of them had ever played in. However, the Coach reports the boys in fine shape and they will be ready to go Friday night.

All the teams in District 11-B had games over the week-end, with the exception of Cross Plains. Scores from over the District were as follows:

Santa Anna 7, Baird 6.
Bangs 31, May 0.
Early 33, Lometa 0.
Clyde 41, Moran 6.
Rising Star 30, B'wood B 6.

The game with the Wildcats will be our first home game. It is expected to be one of the best of the remaining games of the season. This will be the first conference game for the Wild-

cats, and the second for the Mountaineers. The Mountaineers have one conference win chalked up and they will be out there fighting to chalk up another.

STARTING LINE-UPS

The starting line-up for the Mountaineers will be the same as last week, as follows:

Other wildcats who will come to Santa Anna are Harris, Maynard, Edmiston, Agnew, Jones, Turner, Neil Gray, New, Barton, Kornegay, Hughes, James, and Jimmy Turner.

We had a large number of fans to follow the Mountaineers to Baird and a much larger crowd is expected out to see the Rising Star game.

Persons attending the game in their automobiles are requested to take advantage of the large parking area West of the Football Field on the same lot with the Livestock Barn and park your cars there. There is room to park over 1000 cars on this lot, and someone will be there to help park the cars in rows, where it will be easy to get out anytime you want to leave.

Both gates will be open and the East gate is requested to be used only for persons in automobiles, who do not intend to get out of their cars to see the game. This will give some of the older folks and some who may be crippled a better chance to see from their cars.

It will only be a short walk from the parking area into the field, and your cooperation is urgently requested.

Guests of Mr. and Mrs. Pwell Jones on Sunday afternoon were Mr. and Mrs. Lewis Newman, Mrs. Mary McClure and Mr. and Mrs. Ward Evans of Breckenridge.

Nicest Compliment I've Had

Nicest Compliment I've Had

One of the nicest comments I've received about this column was from an editor in the Middle West I called on. And while I don't like to give myself orchids, I think it illustrates a point.

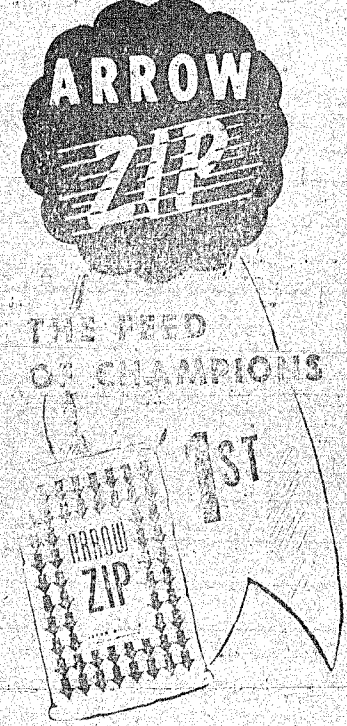

"Joe," he said, "it so happens I don't agree with everything you say, but I always like to run your column. Because it gets down to earth and talks about the right to disagree. And it only asks for tolerance towards the other person's point of view."

He went on to explain, by way

of illustration, that he never had happened to have a taste for ale or beer. But that when I spoke of the right to enjoy a moderate beverage like beer, well, he was right there with me!

And from where I sit, that's the important thing: not whether you share another person's tastes or point of view—but whether you recognize his right to exercise a free choice in a free land.

COUPLE GIVES AWAY 7 CHILDREN!

ONE OF OUR FRIENDS showed us an item in the paper the other day.

It seems a mother and a father were unable to support their seven children—couldn't give them all they should have. So they advertised in the paper that they were giving them away—soon found homes for all seven children.

A pretty tragic thing, but we'll bet there are very few of you who haven't been driven into such wild thinking—worrying where and how you were going to get enough money to give your kids the best.

And yet the solution (or at least a part of the solution) is sitting right there in front of us—automatic savings with U. S. Savings Bonds.

Sure, you know all about U. S. Savings Bonds. But have you ever given them really serious thought?

Have you thought that it's one completely painless, completely automatic way to save? Just a little bit each week through the Payroll Savings Plan (at your office) or the Bond-A-Month Plan (at your bank).

And think about the returns. \$4 for every \$3 you invest. \$400 for every \$300. \$4000 for every \$3000. It mounts up fast.

The chances are one in a million that you'll never have to give your kids away—but you'll never have to give them second best (either) if you start in saving the automatic way with U. S. Savings Bonds. Today.

Faith: A Family Tradition
Lesson for September 26, 1948

HERE IS a brief Bible quiz: What Christian man did Paul recommend to the Philippians as the one completely unselfish person he knew? When Paul needed a man to present his ideas to a "problem church" whom did he send? When Paul wanted reliable information about a church, on whose report did he depend? Whom did Paul call "son" more often than any one else? The answer to all these questions is the same: Timothy.

Dr. Foreman

Certainly a man whom the great Saint Paul found so congenial, so reliable, so unselfish and effective a Christian, is a man worth our careful attention. We ask this question about him: What made him what he was?

Faith at Home

SOME MEN have to leave home to find faith. But perhaps the happiest Christians, certainly the most fortunate, are those who cannot remember what it was not to have faith. It was the atmosphere they breathed as children. The first people they knew were Christians, prayer and faith were taken for granted, the name of Christ was heard only in reverence and love, never in jest or anger.

Timothy grew up in such a home. When he became a mature, working Christian he had no wasted years to regret, no wild oats to pull up. The faith of his adult mind was not scarred by the acid remains of earlier doubt. Timothy's life was all of one piece. He was born to faith, he grew up in it.

Homes can do a great deal for the children who live in them. But nothing else—physical health, poise, culture, friends, ambition—nothing else is quite so valuable a gift or quite so lasting, as faith.

In later years faith may have to be pounded into a person or shoved into him; but in childhood faith is woven in, and that is as it should be. Happy the Christian who does not have to turn his back on his childhood when he turns his face to Christ!

Book of Wisdom

RELIGION cannot be taught, it can only be caught, is an old saying. It is partly true, for you cannot set any dozen people at random down on a bench and teach them into faith. If teaching religion were as simple as that, then every Sunday school could guarantee that every one of its graduates would become a saint. Nevertheless, religion can partly be taught, for in a book there may be crystallized the faith of many a generation. A book may concentrate and preserve the insight, the inspiration, the assurance of men and women who though dead yet speak.

Living with books of faith is like living with many families of faith at the same time. Such a book is "The Bible." And it was the Bible, or so much of it as had been written, the Old Testament, which was the one book in Timothy's boyhood home. Through the Scriptures, the boy's mother taught her son not merely her own faith but that of many a generation before her time.

In our own day, parents may feel that they come too far short of being saints, so they hesitate about urging their perhaps dimly-felt religion on their children. Yet in our Bible there is open to all fathers and mothers a means of placing their children in an atmosphere of intense faith. Personal religious genius is rare; but even though you may be anything but a genius, you still can bring to your child the treasures of the Bible, product of the highest inspiration, and insight the world has known.

Women of the Family

TIMOTHY'S FATHER was Greek, probably not a Christian. He and Timothy may never have understood each other. It was the women of the family who molded the boy's mind and heart, his mother, Eunice, and his grandmother, Lois.

It is always so. It is the women of a family who have most influence for faith or against it. The boy knows his mother before he knows anyone else. She teaches him to talk, he absorbs her attitudes and ideas even before he understands them. If father and mother differ in religion, it is likely that children will follow mother rather than father.

P-T. A. Meeting Has Good Attendance

99% of Texans, according to a recent poll, believe that rural youth should have the same educational advantages as city youth.

It seems from Mr. Green's talk we will continue to be faced with a dearth of teachers as 2% of the 1943 graduates said they would not teach.

Mr. Frank Humphreys, the new principal of the Ward School, welcomed those present and introduced the teachers, and the others introducing themselves.

Reports of the improvements that have been made, and in those needed to be made, were given by the new auditor, Mr. J. L. Harris, which the meeting was held in one of those buildings and

others were improvement of playground equipment, and other things.

The meeting which was largely attended with much enthusiasm, was presided over by Mrs. Norval Wylie, be making her second year as president.

The spirits of those attending were dampened in the resignation of the vice-president, Mrs. Harry Crowe, and Mrs. Wylie as president, were announced. Mrs. Lewis is resigning her place at her duties and Mrs. Wylie with her family will be moving soon to Lamesa. Both resignations were accepted with regrets.

Mrs. Tom Simpson, Mrs. A. D. Donham, Jr. and Mrs. Rebecca Hosen were appointed as a nominating committee to recommend a president and vice-president for the organization.

Mrs. J. L. Harris' room won the endurance banner.

After the meeting adjourned, the hospitality committee, composed of Mrs. A. D. Donham, Jr., Mrs. Milton House, Mrs. Herman Bundren and Mrs. J. L. Harris, had a luncheon in the lunch room which has had

extensive improvements in recent months.

The next meeting of the organization will be a family plant affair and will be held in the High School Gymnasium on Tuesday night, October 29.
