NUMBER 46

"He Profits Most Who Serves Best"

Anna Needs Her Streets Paved

Santa Anna is conceded to be one of the best towns in Central Texas, has more good stores, and better banking institutions surrounded by better surroundings, receives more small ships more cash for turkeys than most any other parts, save and except county site towns, and are sold in Santa Anna town of 2000 population in the state, but she is crippled when it comes to sidewalks. With nice business houses, beautiful and commodious homes, fine water works system, natural gas for fuel, served by one of the best highline electric light plants, situated on a main trunk railroad, and two good high schools, thousands of people come here every month, and our streets are rough and the dust annoys poor devils living here and endures it. The damage to merchandise in a few days will exceed the cost of our main streets, besides to live and serve surroundings. With buildings, splendid under construction, and under course of several new and new business houses and a shame that we have living in this dust and dirt, let's pave our streets and build a first class city.

It is not a town in central Texas that will average in Santa Anna that does streets paved, and towns that will not have the streets paved make a difference in conditions.

Cotton Jumps 164,000 Bales In Forecast

Washington, Nov. 9.—An increase of 164,000 bales in this year's cotton crop during the last month was forecast Wednesday by the Department of Agriculture, which announced total production, as indicated Nov. 1, to be 12,842,000 equivalent 500-pound bales. The indicated crop is 5,135,000 bales less than last year's record crop.

Generally warm, dry weather in October, the crop reporting board said, permitted rapid gathering of the crop, with less than usual loss to yield and quality, and bolls damaged by the weevil matured with less loss from rot than is usually experienced.

Prospects improved in Alabama, Mississippi and Oklahoma, but increases in those States were partially offset by a substantial decrease in the forecast for Texas, where production of 4,300,000 bales was indicated, as compared with 4,430,000 bales a month ago.

WOOTEN WHOLESALE HOUSE DESTROYED BY FIRE

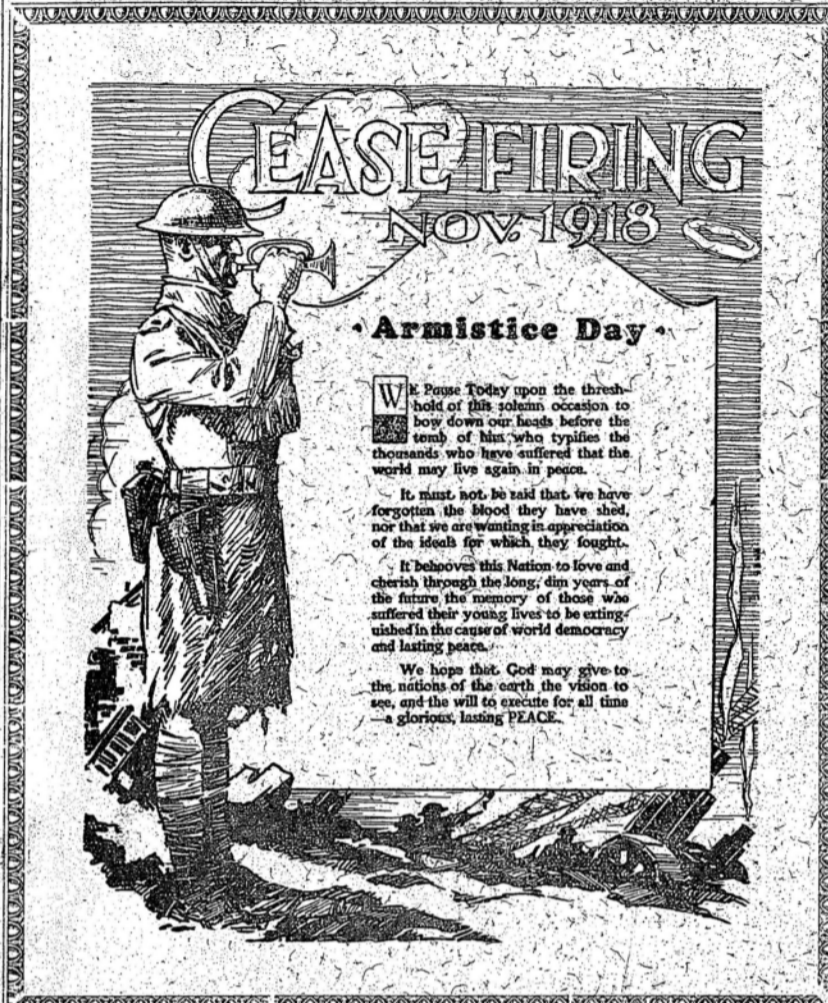

The wholesale grocery store, building and stock estimated at about \$50,000 at Coleman was destroyed by fire last Wednesday night. Most of the loss was covered by insurance.

SAN SABA PROMOTES NATIONAL PECAN SHOW

The town of San Saba, supported by the loyal good citizens from over San Saba county, are in the midst of what might be called the greatest pecan exhibit ever held in this country. It is called the National Pecan Show, and thousands of people are flocking there this week to see the exhibits.

CHILDERS-REDDING

Aubrey Childers, only son of Mr. and Mrs. S. W. Childers, surprised his friends last Saturday, by going over to Coleman and getting himself married. The news is short on data of the marriage, but we find the bride to be a charming daughter of Mr. and Mrs. A. K. Redding of Coleman, and is reputed to be a fine young lady. Aubrey, a member of one of the prominent business families of Santa Anna, has the greater and most useful part of his life yet to live, the Lord being willing, and we predict he will grasp the opportunities and live a useful life, as a citizen should, and may we wish that success crown his efforts. The happy young couple left for Dallas shortly after the marriage where they spent a brief honeymoon. The Santa Anna News joins other friends in extending best wishes.

Celebrates 77th Birthday Sunday

The home of Rev. and Mrs. J. M. Burrow, retired Presbyterian minister, in the west part of town was a lovely place last Sunday, Nov. 5, the occasion being that of Rev. Burrow's 77th birthday. The following data has been furnished by one of those who attended the birthday celebration:
 J. W. Burrow was born November 5, 1850, in Decatur County, Tenn. In 1861 he came to Shelby County, Texas. He is a graduate of Chappel Hill College and Lebanon University. He entered the ministry in 1872, serving several years as Missionary, working among the Apache Indians a portion of the time. He has held five pastorates during the past 35 years, being Wichita Falls, Amarillo, Henrietta, McKinney and Santa Anna. He has to his credit the building of either a church home or parsonage at every place he has served as pastor. Retired from active service in October, 1926, but still preaches most every Sunday in some church that has no regular pastor. Rev. Burrow has officiated at 4036 marriages, received in fees \$5,000, conducted 927 funerals.
 The following out of town friends were present for the birthday celebration:
 Mr. and Mrs. John Winstead, Jr., Mr. and Mrs. Paul Powell of Brady, A. J. Bratton and family, Marshall Bratton and family, Mr. and Mrs. Maurice Holland and Grandmother Snodgrass of Stacy, Miss Josie Baxter, Turner Oakes and family, John Oakes and children, Mr. and Mrs. W. L. Moseley, Mr. and Mrs. Jasper McClellan, J. E. McClellan, David and Oliver McClellan, Dr. and Mrs. J. E. Powell, all of Santa Anna.
 Rev. Burrow is a jolly, good fellow, always has a good word for his friends who are numbered by his entire acquaintance, and has lived a life of service to his country, taking a stand at all times for righteousness and the general uplift of his community. May he celebrate many more happy birthdays and his last and declining years be his most happy and sweetest ones.
 Miss Eudora Garrett of Wichita Falls is spending several days in Santa Anna with her parents, Mr. and Mrs. W. O. Garrett. She also underwent a minor operation at the Sealy hospital Friday night!

Adams Mercantile Company Stock Sold Tuesday

A number of strange faces were in the city Tuesday, attending the sale of the Adams Mercantile Company stock of goods. The A. G. McGee Company of Waco were the successful bidders, buying the entire assets, which was said to be approximately \$71,000, for \$22,300.
 Mr. McGee, in talking with the editor, stated he would not have any announcement ready for this week.

Bangs Bank Robbed Wednesday

Wednesday morning four men, unmasked, drove a Sedan car to a point near the First State Bank at Bangs, stepped into the bank, ordered all the employees and the customers present into the vault, helped themselves to the cash that was in sight, said to be about \$8,000.00 and made their escape.
 The imprisoned employees escaped from the vault in about 2 minutes, and gave the alarm, but the robbers had made good their start, and were soon out of sight. No shots were fired and the crowds in the streets were unaware that a robbery had been committed until the employees escaped from the vault and gave the alarm. In so far as we have been informed, the robbers are still at large.

MRS. M. C. EUBANKS DIED AT HOME OF SON SATURDAY

Mrs. M. C. Eubanks, age 86 years, died at the home of her son, C. E. Eubanks, in this city Saturday, after a long illness, which confined her to her bed almost three years. Mrs. Eubanks came here one year ago from Goldthwaite to make her home with her son and family, who did everything they could for her comfort during her illness. Her remains were carried to Goldthwaite and buried in the cemetery where other members of her family have been buried. Sunday afternoon at 2:30 o'clock. This good woman was a member of the Missionary Baptist church, and had been for 62 years, and was true to her faith. She was the mother of six children, all of whom were present when she passed away. The children are: W. R. Eubanks, L. E. Eubanks, F. N. Eubanks, E. L. Eubanks, C. E. Eubanks, and Mrs. H. M. Gonz. The News joins other friends in extending sympathy to the family.

Dr. and Mrs. T. M. Hays returned Monday from Denton where they spent the week-end with their daughter, Miss Alice, who is attending C. I. A. Dr. and Mrs. Hays also spent several days in Dallas last week.

A PROCLAMATION

Whereas, the eleventh day of November, 1918, marked the cessation of hostilities of the great World War; and, Whereas, the President of the United States has issued a proclamation ordering the flag of the United States be displayed on all Government buildings and inviting the people to appropriately observe the day in schools and churches with patriotic ceremonies;
 Now, therefore, in accordance with the example set by our President, I call upon the citizenship of our city and community to make the 11th day of November, 1918, a holiday, and, invite them to observe the day with appropriate ceremonies, giving expression to our gratitude that peace exists.
 Witness my hand and seal of office this 3rd day of November, A. D., 1918.
 W. E. BAXTER,
 Mayor City of Santa Anna.

Turkey Season Opened With Rush

The Santa Anna Poultry & Egg Company reports the purchase of 25,000 pounds of turkeys the first week the season was opened for the purchase of the present crop. The turkeys brought in are said to be of good grade and the prices paid have been fair. It is estimated the crop is about 25 per cent sold.

BANGS HOMES BURGLARIZED ON SATURDAY

Five or six Bangs homes were burglarized Saturday night according to reports from there today. The burglar or burglars made entrance to the various houses by cutting through screen doors where the screens were latched and entered other places without this trouble.
 L. G. Porter lost a good pair of trousers and a small amount of pocket change. It is estimated that the burglar or burglars obtained about \$30 or \$40 in cash and several watches besides the trousers taken from the Porter home.
 No arrests have been made by officers, it is stated. Brownwood officers were notified but to date no trace has been found of the guilty party or parties.—Brownwood Bulletin.
 Mrs. H. S. Toliver of Santa Anna, Calif., is visiting her niece, Mrs. A. U. Weaver.

MAXWELL RIDES IN A NEW FORD

R. L. Maxwell, Authorized Ford Dealer for this territory has recently returned from Detroit, the home office of Ford Motor Company, and states that he had the honor of being one of the first dealers in the United States to ride in the new Ford.

Mr. Maxwell says that the new Ford is all he expected in performance and looks. He had the pleasure of being taken through the Engineering and Experimental Laboratory at Dearborn and was taken on a twenty five mile test trip in the new car. He says it has unbelievable speed and power over all kinds of roads with the utmost comfort. The car is completely equipped with standard gear shift, four wheel brakes, speedometer, gasoline gauge, and various other mechanical features and refinements only found on cars in \$1000 and \$1200 class.

After riding in this car Mr. Maxwell says, beyond a question of a doubt, it is the greatest performing car that has ever been built. The roads which he drove over were nothing more than plowed fields and dug-outs, around trees, up hills, and over territory that a car will never be subjected to in ordinary use. Such tests as these, he was told, had been going on for over a year on the new Ford. Mr. Maxwell states that he was many times repaid for his long journey, and that to those who are waiting for the new Ford he wishes them to know that Henry Ford has built a car even greater in its time than the Old Model T—Hamilton Herald-Record.

KAZMEIER POULTRY HINTS AND SUGGESTIONS

(By F. W. Kazmeier, Bryan, Tex.)

Selection of Eggs For Egg Show
At the Washington International Egg Show, the following description of a perfect shaped egg was considered in the show:

"The perfect shaped egg is 1-1/2 times as long as it is thick and weighs from 2 to 2 1/4 ounces. The eggs should be curved evenly, and not varying from the dimensions given."

Weight for dozen, 24 to 28 ozs. If white, the shell must be chalk white, free from creamy color. There should be no tinted eggs. If brown, they may be any shades so long as all are same color and appear fresh. The shell should be free from such blemishes, as roughness, lime spots, wrinkles or ridges. The shell should be strong. Eggs must be clean and unwashed. The texture of shell is important, it should be of uniform thickness (not mottled), smooth and no cracks or blink checks. The air space should be no larger than a dime, and must be stationary and located in large end of egg. The white should appear free from spots, blood rings or dark color. It should be thick causing yolk to move slowly when egg is turned before candler. The yolk should be visible, but not pronounced, it should not be fastened to the side of egg. It also should move slowly when egg is turned before candler, and be free from blood clots, or anything of a similar nature.

How many eggs do you sell like the above? Do you really give the question of grading eggs any consideration? Do you consider 12 eggs, as 12 things with shells that look like eggs? Remember in order to get a good price for eggs you should sell 12 good eggs for a dozen.

You Cannot Raise Chickens On Horse Back

The other day the question was asked a court house group, why do not more farmers raise chickens, the answer promptly came back from another member of the same group, because you cannot raise chickens on horse back. I am wondering just how true that is. The ideal place for chickens is on the farm. Four or five hundred brood-lay hens on a farm, properly managed, can represent a profitable side-line. There is no better place for a flock of hens than on the farm. Probably not every farmer has the proper state of mind that is necessary to make a success with poultry. For that reason we are not placing ourselves on record as recommending that every farmer keep a flock of chickens. For fear that we may be misunderstood, in regard to the loose use of the phrase "proper state of mind" we are going to explain it a little more in detail. At a meeting, somewhere, sometime, a complaint was made that there was no money in chickens, because feed was too high and eggs cheap. A man got up in the audience and told that the feed question did not worry him any. He stated that he had 900 acres of cut-over land and 1000 hens. For each hen he provided two roosters to scratch for her, and at any time when two roosters could not scratch fast enough to feed one hen he would kill off the roosters and provide her with two new ones.

The above no doubt explains why on some Texas and Oklahoma farms there appears to be an out-of-proportionate number of roosters with the farm flocks. No wonder our campaigns to put over an "infertile egg" project in the spring and summer after hatching season, comes to sure failure.

With this explanation made as to what we meant by state of mind, maybe we can go on with our story.

Feed Well

Filling up the crops of chickens with maize, milo or corn once a day may keep them from starvation, but surely won't make many eggs. It may be unfortunate, but it is true that an egg is made from other food constituents, than that which is found in grains or even mixture of several grains. In that case where can the hen get the other constituents that are necessary. The answer is, that unless you are feeding a balanced ration, she does not get them, and her answer to you is no eggs. The problem of feeding poultry profitable is not an easy one, it is not a simple one. Unless you are willing to mix brains with the feed, and that feed, a balanced ration, the results will be unsatisfactory. The saying "the eyes of the feeder fattened the calf" means a great deal.

Take for instance the question of

succulent green food. In Texas and most parts of Oklahoma, any one and everybody can have a green pasture for their farm flocks. If they just use a little of the energy both brain and physical with which Barron yards, probably covered with weeds going to seed. Two weeks ago, the barron yard could have been plowed, harrowed and sown to oats, barley, rye or wheat or a mixture of both, and to-day the chickens would be enjoying a green pasture furnishing much succulent green food. Yes, two weeks ago we had plenty of moisture to sprout the seed. Also it would not have taken more than 3 or 4 hours to do the job.

More About Mash

Last week we brought out the importance of feeding mash to make hens lay. Grain alone just simply won't do the trick. A good day mash with proper animal food, vitamins and minerals, will make eggs. The more of a good mash mixture you can get them to consume the more eggs they will lay. Better look into this question and give it some real thought on your part. Eggs are going up in price, in another month they will again be a nickel apiece. At that price, a well bred hen can easily produce \$1.00 worth of eggs in a month. She cannot possibly eat more than 25 cents worth of feed. Five hundred hens, on this basis would clear \$375.00 per month. Coming at this time of the year, this would come in handy to pay taxes, interest on money borrowed to make cotton crop, buy Christmas presents, etc.

1898 Songs Featured in "Rough Riders" Score

"There'll Be a Hot Time in the Old Town Tonight!" This refrain echoed through the hackberry and pecan trees that fringed the encampment of the Rough Riders in 1898. It reverberated through the streets of San Antonio, in the stirring days of the Spanish-American War when Roosevelt recruited his famous regiment. Recently the same song echoed through the trees as scenes of an earlier day were re-enacted in the filming of Paramount's stupendous production "The Rough Riders" based on Hermann Hagedorn's story. This picture will be shown at the Queen Theatre, Monday and Tuesday.

TEXAS AND TEXANS

(By Will H. Mayes)

Fairs Tell Texas Story

The fall fairs in Texas have never before been so attractive in the display of Texas products and have never drawn such crowds. The Texas State Fair at Dallas had an attendance during its 16 days of 1,028,317 and, so far as known, not one person of the more than a million registered a complaint. The fair was all that could have been expected, or kicks in plenty would have been forthcoming. Perhaps three times as many as were at Dallas attended the smaller fairs in the State, and, whether they admitted it or not, all of them got the worth of their money in entertainment and useful information. These prosperous Texas fairs, from the smallest community effort to the big State Fairs have told eloquently of the prosperity of Texas.

Texas Building Progress

The September building survey shows that Texas ranked ninth among the states in the volume of building for the month and that the increase was about 50 per cent over that of September 1926. Amarillo and Dallas ranked, respectively, seventeenth and eighteenth among all the cities of the country in September building volume. San Angelo, which most of us think of as a big town rather than as a city, stood seventh among the cities of Texas in building permits issued. If you have any doubts left about the growth of Texas, you have only to look at the statistics. It is a great State, constantly growing greater.

Newspapers Are Helping

There is no other factor contributing more to this Texas development than the Texas papers. Most of them are suggesting the way to their people by showing the way to their people by showing what is going on elsewhere. They are urging the building of highways, the construction of school and church

buildings, the erection of factories, the improvement of agricultural conditions, better stock farming, diversification of products, more comfortable homes, the many undertakings—that make for better living in Texas. If you are a reader of these articles appearing in this paper from week to week you have seen the many ways this paper is using to point the way to improved conditions. It is seldom that a community goes ahead of its newspaper leadership.

Rockdale Street Paving

Editor Cooke of the Rockdale Reporter is right in the middle of a campaign for street paving in his town. Rockdale had just as well begin on the streets. "Eventually, why not now?" When Editor Cooke starts after a thing he never stops until he gets it. About thirty years ago, when he lived at Brady, he began a street campaign there, and now Brady's streets are either paved or being paved, and Cooke is able to "point with pride" to his work for that town. He isn't going to be so patient with Rockdale. He is showing what is being done at Cameron, at Georgetown, at Tyler and other places. If Rockdale doesn't want to appear in a worse light than Milano or Thrall, it had better heed Cooke's advice and get busy at street paving. That is the only way to stop Editor Cooke's lamentations.

Good Roads Caused It

A farmer living near Johnson City has sold \$4,000 worth of tomatoes this year, trucking them to market at Austin over the highway. Regardless of the distance, good roads put the enterprising farmer close to markets. For that reason farmers nearly all now favor good roads.

Nacogdoches Wants Hospital

Nacogdoches has decided that a place of that size and importance should have a modern hospital and has started to raise \$50,000 for that purpose. With Eugene Blount, statesman and philanthropist, heading the movement, the fund will no doubt soon be raised. Most towns are learning that it doesn't pay to send its sick to a distant city hospital.

Sweetwater Gypsum Center

Gypsum (which is the ingredient from which much wall board, sheathing, and plastering is made)

is produced in large quantities at Sweetwater, that place having become one of the largest shipping centers for gypsum in the world. The United States Gypsum Company began its shipments there in 1923 and the business has expanded most rapidly, much of its products finding markets in Texas.

Titus County Lignite

Lignite mining is done extensively in Titus county, near Winfield, the present output being nearly 400 tons daily, most of it being used in the territory close by. Miners say that the deposits there have scarcely been touched and geologists state that from there through the State to the Rio Grande near Laredo and Eagle Pass are vast beds of lignite that are beyond estimating. The Texas fuel supply in both gas and lignite seems unlimited.

Odessa's Water Supply

A friend from there writes and that Odessa is another West Texas town with plenty of water for every purpose coming from newly completed wells of pure soft water and pumped into two large storage tanks of 1,000,000 gallon capacity. He says there is enough water now available for a town of 25,000 people with "plenty more where that comes from." Odessa's recent growth has been remarkable, and in the words of this friend, "it will be hard to catch."

Brick Plant Prospers

The prosperity of a local brick plant is a sure indication that the town and surrounding country are growing. A plant at San Benito in operation only a short time finds it necessary to increase its plant to meet the demand, and in repairing to manufacture brick on an extensive scale.

Matamoros Paving

Matamoros, the slow old town in Mexico across the river from Brownsville, has caught the improvement spirit from its Texas neighbors and is putting down modern paving around its plaza and adjoining blocks. No place can always resist the good examples set by its spirited neighbors.

Kingsville Gets Gas

Kingsville is among the latest Texas towns to secure natural gas from wells in its immediate neighborhood. The gas fields are being

extended in Texas every week and soon every place of consequence will have a supply of fuel gas piped to it.

Feed-Making Plants

The increased interest in dairying in Texas has stimulated increased attention to the manufacture of specially prepared foods for cattle. The oil mill at Whitesboro is among those that have lately added facilities for the extensive manufacture of such foods, and it will buy fifty thoroughbred Jersey cows with which to demonstrate the value of its products, as well as to assist in supplying milk for a Sherman milk manufacturing plant.

MISS HAMPTON WON IN DISTRICT SONG CONTEST

The friends of Miss Lenore Hampton will be interested to know that she won out in her Senatorial District for the State song, but W. J. Marsh of Fort Worth, composer of "Texas Our Texas" was awarded the state prize by the committee which was appointed by the last Legislature and which met in Dallas last week.

Miss Hampton's song was sung in Dallas and highly encored and was afterward reproduced over the radio.

Miss Hampton is a sister of Mrs. S. H. Phillips of Santa Anna,

and formerly lived here. Below are the words of "The Lone Star State":

THE LONE STAR STATE

There's a land in the south that I love,
'Tis the land of the myrtle and palm,
'Tis the land of my birth and the dearest of earth
Where the breezes are laden with balm;
There are mountains that tower on high,
There are mines that with riches are freight,
There are valleys and hills, there are rivers and rills,
And we call it The Lone Star State.

CHORUS

Then here's to The Lone Star State,
The home of the valiant and true!
Her flag floats on high a delight to the eye,
A star in a ripple of blue;
She's the gem of the North and the South,
She's the pride of the lowly and great,
For her honor we live and our lives we would give
For Texas, The Lone Star State.
There the Alamo stands as a shrine
Where the deeds of her heroes are read
And we learn how they fell for the

home loved so well,
'Tis the land of our glorious dead,
Where their graves are, the blue-bonnet grows
And the mockingbird sings to his mate;
'Tis the hand of the free at the foot of the sea,
My beautiful Lone Star State!

CITATION

STATE OF TEXAS,
COUNTY OF COLEMAN.
To the Sheriff or Any Constable of Coleman County; Greeting:—

Whereas, oath has been made before me by Emil Williams that J. C. McFarland and L. B. Embrey, a company in the drilling business and whose residence is unknown, so that the ordinary process of service cannot be followed, you are hereby commanded that you by making publication of this writ in some newspaper in Coleman county for four consecutive weeks previous to return day hereof, summon the said J. C. McFarland and L. B. Embrey to be and appear before me at a regular term of Justice Court for Precinct No. 7, Coleman County, on November 21, 1927, to be held at Santa Anna, Texas, to answer to the suit of Emil Williams, Plaintiff, against J. C. McFarland and L. B. Embrey, Defendants, said Plaintiff

demand being for a debt of One Hundred and Fifty-two dollars, of date June 5, 1927, being numbered 1947 on docket of said Court.

Herein Fail Not and of this writ made due return of the regular term of Justice Court, Precinct No. 7, Coleman county to be held in Santa Anna, Texas, on the 21 day of November, 1927, as the directs.

Given under my hand this 19th day of October, 1927.
J. S. Jones, J. P., Precinct No. 7, Coleman County, Texas. 42-41

CARD OF THANKS

We wish to express a word of thanks and appreciation to our neighbors and friends for the many deeds of kindness and acts of courtesy shown us during our bereavement in the long illness and death of our dear mother. We also wish to thank you for the beautiful floral offering.

C. E. Fubanks and Family,
Her other Children.

When a hundred thousand members of the W. C. T. U. are telling the country about the harmful effects of the cigaret, and a hundred thousand bill boards are proclaiming its therapeutic values, you can't say America is at 100 per cent peace.

R. J. MARSHALL & SONS

CHEVROLET HAS BANNER YEAR

Nearing the close of the most successful year in its history, and with its position outstanding as the largest builder of gear cars and trucks, the Chevrolet Motor Company this week out its sixteenth year in

for Louis Chevrolet, well known during the early days of the automobile industry, the Motor Company of was organized on Nov. 1911.

Five cars were built this year—the million cars will be built—more than the combined output for the first eleven years of the company's existence.

That first year a handful of men worked in an obscure factory at West Grand Boulevard and the Detroit, to turn out most of the methods those first five cars more than 100,000 were directly employed in selling and servicing cars.

Eleven great factories—of export operations—are in capacity to meet the Chevrolet's infinitely increasing and listing at one the cost of those first cars at "Mail" and "Baby" brought Chevrolet in the early days, model, so named because at \$490, placed the bitly in the field as mass producer of motor cars in 1915. That year 70,000 were built.

Afterward the first plant began production at California, to supply the Coast. Seven more such plants have since been erected, and now in process of construction at Atlanta, Ga. These are local strategic points throughout the country to render the greatest possible service to the car

Motor Motors took over Chevrolet in 1925 with wide expansion in 1925 for the first time exceeded the half million. The 1926 production cars and trucks. That year equalled this year on and company officials and confidently to one unit in 1927.

Chevrolet's birthday, W. S.

Knudsen, president and general manager, commented upon the extraordinary production and sales records the company has enjoyed in its comparatively short life. These records, he said, reveal the confidence placed in Chevrolet and its cars by the public.

This attitude, Mr. Knudsen pointed out, is a deep source of gratification to Chevrolet, and in turn places the company under obligation to adhere rigidly to the exacting standards which the public has learned to expect of all Chevrolet products. The same policy that marked Chevrolet's sixteen years of past achievement—that policy of turning back into the car the manufacturing economies resulting from volume production—will be continued, Mr. Knudsen stated.—From Chevrolet Motor Company, Detroit, Michigan.

Local Paper Published 51 Years By One Man

We have before us, numbers 18 and 19, Vol. 52 of the Palo Pinto County Star, a five column local newspaper published at the county seat of Palo Pinto County, Texas, edited by Mr. J. C. Son, who established the paper June 22, 1876. Editor Son is now past 80, and still does considerable of the work on his paper, and indicates the work has grown more interesting in the latter years. We doubt there is another such thing on record where the same man established a local, or what is generally termed, country weekly newspaper, and stayed on the job more than fifty years. According to our information, the paper has been printed every since it was first established on one press, what we call a hand-press. It is real interesting to read the paper, as Editor Son is well blessed with intelligence and knows how to express a point in a few words. May he live another score of years and his tribe increase.

Gomez and Almada Executed

According to reports gathered from the Associated Press Saturday and Sunday, Generals Gomez and Almada, revolutionary leaders in Old Mexico, were executed Friday night. Others were also reported captured, executed at the same time. This will probably end some of the hostilities in the Rubic for a while.

COLEMAN ORDERS BOND ELECTION FOR DEC. 14
Three Issues Submitted For Needs Of City

Coleman, Nov. 8.—Following a conference with leading citizens and a petition from the Kiwanis club, the Coleman City Commission last night ordered an election to be held December 14 and for the purpose of voting on bond issues totaling \$157,000.

The total will be divided into three issues; \$45,000 for construction of a city hall and fire station building; \$76,000 for street paving and \$37,000 to take up outstanding warrants.

Citizens Elated

The action was practically unanimously hailed by local citizens as one of the greatest steps yet taken for civic advancement in Coleman. Conditions have been so good here for many months, when some of Coleman's neighbors were experiencing temporary let-up in business. This was brought about by the fact that Coleman is in the midst of an area now being extensively tested for shallow oil production. Because cost of bringing this oil to the surface is far less than in many fields of deep production, crude oil market conditions have not had such a bad effect up-

on the business. Coleman has also benefited considerably through extensive operations of pipeline construction crews.

LOCAL PASTORS ORGANIZE

On Friday, Oct. 4, the pastors of the town went into an organization of Ministers alliance. Rev. Sidney Martin was elected chairman and Ernest H. Wylie, Sec. The time of meeting will be on Monday following the fourth Sunday in each month. The first meeting will be held at the Christian church.

Friday, Nov. 4, the pastors of the town met at the Methodist church and it was decided to hold a union Thanksgiving service on Wednesday night before Thanksgiving. The service to be held in the Methodist church and the sermon to be preached by Rev. J. W. West, pastor of the Cumberland Presbyterian church. There will be a suitable program arranged for the occasion.

E. W. Wylie, Sec.

Baptist Church Notes

All services Sunday at the usual hours. Come and worship with us. Sidney F. Martin, Pastor.

Modern clothes make the man looked dressed and the woman half dressed.

A. V. MILLIKIN PAYS PENALTY FOR SLAYING

Huntsville, Nov. 5.—A. V. Millikin, slayer of Mrs. Virginia Petty of San Antonio more than a year ago, calmly went to his death in the electric chair at the state prison here shortly after four o'clock this morning after most of the machinery of the courts had been exhausted to save him.

He took his seat in the chair unaided at about 4:30 o'clock. Three minutes later the electric current was turned on and at 4:41 Doctor L. H. Bush, prison physician, pronounced him dead.

Drinks Coffee

As he was about to be led out of the death cell, Millikin asked for a cup of coffee. He drank it with apparent relish and unsupported walked through the corridor into the room where he was to die.

Millikin's last act was to kiss the cross which Father Hugh Finnegan Catholic chaplain of the prison, held out to him as he was about to take his seat.

Upon reaching the chair, Warden N. L. Speer asked the condemned man if he had anything to say.

"I am dying a Catholic," he said facing the fifteen persons, mostly prison guards and officials grouped in front of him. "I am putting my faith in Jesus Christ. I believe He will save me. He will do it." Millikin stood apparently uncertain of the next move and Warden Speer suggested it.

No Emotion

Without emotion he sat in the chair, the guards strapped him in and within a few minutes the state had carried out the mandate of the court which had convicted him.

Senior B. Y. P. U. Program

Subject: What Place Has the Bible in My Plans? Introduction—Leader, Glenn S. Ford.

Pure English but poor printing—Johannie Pearce.

A treasure house of truth—Marguerite Person.

The Bible in daily life—Eliucian Niell.

Give the Bible first place—James Harvey.

B. Y. P. U. workers, wake up—let's give Jesus our best in service.

Love may be blind but it sometimes sees its finish.

C. E. PROGRAM
(Presbyterian Church 6:30 O'clock)

Topic: The Good and the Bad in the Newspapers and magazines, Matt. 4:23-25; Jude 10-13.

Leader—Charlotte Oakes.

Amos as cartoonist, Amos 7:7-9—James Brown.

Newspapers that corrupt, 1 Cor. 15:33—David McClellan.

An editor's prayer, Ps. 26—Lillie Wallace.

Questions to discuss—

1. What kind of magazines do you like best, and what kind of character? Why?
2. How can we stop the publication of harmful material? Does the press need a religious revival?
3. Give your reasons for having a church paper in every home.
4. Why should all Endeavors read Christian Endeavor World?
5. Is the influence of the American comic papers good or bad?
6. What is a good magazine or newspaper?
7. Should an editor print the paper for the public taste?

The President will give a list of good magazines, also a list of bad literature—pointing out the good and the bad.

"Do you choose your magazines by the colors on the covers, or what's on the inside?"

"The real menace to journalism today is vulgarism."

"One of the worst offenders against the life of the home is frequently the daily newspaper."

"Do not believe everything that is printed, screaming headlines are often screaming lies."—Alger.

Took Soda 20 Years For Gas—Stops Now

"For 20 years I took soda for indigestion and stomach gas. One bottle of Adlerika brought me complete relief."—J. B. Hardy.

Adlerika relieves stomach gas and sourness in TEN minutes. Acting on BOTH upper and lower bowel, it removes old waste matter you never thought was in your system. Let Adlerika give your stomach and bowels a REAL cleansing and see how much better you feel. It will surprise you!

WALKER'S PHARMACY.

Law in most cases is all right—it's the interpreters that keep us in hot water.

Billy Butts Helps Cooper Catch "The Last Outlaw"

Billy Butts, that experienced trouper of seven and a half years, has the role of his career in "The Last Outlaw" Gary Cooper's second Paramount starring picture, which comes to the Queen Friday.

Billy plays Chick, a homeless orphan who discards his misfit rags for an honest-to-goodness cowboy outfit when he is adopted by Gary Cooper, the sheriff. It's a great part for Billy—he jumps off a moving train, gets shot at the climax and even rides Flash, the Wonder Horse. The only bad feature is that in the last reel he has to kiss Betty Jewel, the leading woman.

Director Arthur Rosson selected Billy as an addition to a cast of well known players. Jack Liden is the heroine's brother, Herbert Prior and Jim Corey, the villains.

MORGAN SHOWS TO PLAY HERE ALL NEXT WEEK

The J. Douglas Morgan shows will be here all next week, opening Monday night with "The Girl From Child's" New York's latest comedy. This is the first visit of the Morgan Shows to Santa Anna. It is highly recommended as a good show with clean productions and big time type vaudeville.

The Morgan Shows will feature Elizabeth and Charles Morrill, in plays that are new and a big feature play will be offered each night with five high-class acts of vaudeville between acts. The cast consists of thirty well trained actors and an eight-piece orchestra will furnish the music. Ladies will be admitted free Monday night if accompanied with one paid adult ticket.

THINGS WORTH KNOWING
(By Roy E. Harrod)

Moving pictures shown in Mexico city have two sub-titles—one in English and one in Spanish so that cosmopolitan audiences can catch the drift.

Movie stars are being rated by "horsepower" with a new device arranged to measure the energy the actor's human motor expends in making a picture.

An experiment begun in 1923 in Auburn, N. Y., where permission

of parents was obtained to immunize every child, has demonstrated that diphtheria can be eradicated, as there has not been a death from the disease in that city for three years.

Cash payment for groceries has increased almost one-third within the past dozen years, according to a survey recently made. One billion and a half dollars which, in other days, would have gone on the groceryman's ledger, now goes into his cash register.

A Louisiana health official dis-

putes the common belief that prime of a person's life is reached at the age of 33, as many educators and physicians have placed it. At the age of 25, he says, the up-building of the human being is completed biologically.

Miss Sarah Gordon, 25, of Kansas City, could travel to virtually any part of the world and soon would be able to converse with natives, for she can speak eight languages fluently and translate twenty-six others. She handles foreign correspondence for a Kansas City store.

Why will merchants throw away their money on so-called advertising schemes when they always have the home paper in which to invest their advertising money? Newspaper publishers have been seeking an answer to this question for many years, but none has discovered the solution yet.

CITATION

STATE OF TEXAS,
COUNTY OF COLEMAN.
To the Sheriff or Any Constable of
Coleman County; Greeting:—

Whereas, oath has been made before me by G. A. Shockley that Robert W. Russell, whose business is of a transient nature and who cannot be reached by the ordinary process of law, you are hereby commanded that you by making publication of this writ in some newspaper published in Coleman county for four consecutive weeks previous to return day hereof, summon the said Robert W. Russell to be and appear before me at a regular term of Justice Court for Precinct No. 7 in said county of Coleman on the 21 day of November, 1927, to answer the suit of G. A. Shockley, Plaintiff, against Robert W. Russell, Defendant, No. 1943, and said Plaintiff demand being for debt of Sixty-Five Dollars of date Jan. 7, 1927, due thirty days later with interest until paid.

Herein Fail Not and of this writ make due return at the regular term of Justice Court for Precinct No. 7, in said county to be held on the 21 day of November, 1927, at Santa Anna, as the law directs.

Given under my hand this the 17th day of October, 1927.

J. S. Jones, J. P., Precinct No. 7, Coleman County, Texas 43-4tc

**Resolutions of W. M. S.
For Mrs. V. L. Grady**

Since God in His wisdom has seen fit to remove from this earth to realms above, our friend and faithful member, Mrs. V. L. Grady. Be it resolved: That we the W. M. S. gather up the elements of the life of the departed one and weave of them a picture for the walls of memory. The book of life was opened and her name was written therein by the hand of love. Truth was the inspiration of her life and kindness she exemplified its worth.

In memory; a constant member and useful president of our society we would keep her and remember that, that morning is not far off when the love of Christ shall bid us enter and share with her unending joy.

Therefore we point the family to a loving Father and though we mourn it is not without hope. Through this gloom there comes back a bright beam of sunshine which turns our tears to jewels of promise.

Finally be it resolved: That a copy of these resolutions be sent to the family and placed on the pages of our minutes.

Committee:

Mrs. J. E. Ford
Mrs. Jno. Pearce
Mrs. S. F. Martin
Mrs. D. R. Hill
Mrs. McCreary
Mrs. Walter Kirkpatrick

If money is the measure of success it is by the amount you earn rather than by the pile you make.

Bread and butter always comes before ethics, because self preservation is the first instinct of mankind.

RHEUMATISM

While in France with the American Army I obtained a noted French prescription for the treatment of Rheumatism and Neuritis. I have given this to thousands with wonderful results. The prescription cost me nothing. I ask nothing for it. I will mail it to you if you will send me your address. A postal will bring it. Write today.

PAUL CASE, Dept. S-345

**WHAT'S DOING IN
WEST TEXAS**

(By West Texas C. of C.)

Stimmett—A big free barbecue which will be attended by United States Senator Earle B. Mayfield and other men of prominence will celebrate the arrival of the Rock Island Railroad into Stimmett here November 15. This road is now being built from Amarillo to Liberal, Kansas; rails reached city limits of Stimmett October 23. All towns and communities of the North Panhandle will send large delegations. Excursions are already being arranged by Amarillo and Liberal, Kansas.

Burkburnett—Formal opening of the new Inter-State Free bridge across Red River, between Texas and Oklahoma, was celebrated here November 5. Officials of the West Texas Chamber of Commerce participated in the affair. The bridge was erected at a cost of \$380,000.

Thalia—This Ford County town has joined the ranks of affiliated West Texas Chamber of Commerce towns. Substantial memberships were subscribed on a recent visit of the regional organization's fieldman, who was accompanied by Mack Boswell of the Crowell Chamber of Commerce.

Shallowater—This farming community of some 250 people claims the ginning record for the plains country this season. One thousand four hundred bales have been ginned here, more than any other town on the plains. Affiliation was made recently with the West Texas Chamber of Commerce.

Pampa—Work on the proposed railway from Pampa to Chevenne, Oklahoma, is expected to start early in 1928. The line was ordered through a proposal made by Frank Kell, Wichita Falls capitalist and president of the Clinton & Oklahoma Western railroad.

Memphis—Business interests of Memphis, Childress, Quanah, and Chillicothe have employed an expert to conduct rural organization work in Hall, Hardeman, and Childress counties, with especial stress on dairying.

Hamlin—Hamlin now has four rural mail routes which cover an area of 228.59 miles.

Weatherford—The local feed manufacturing mill here is having a record business. Demand for corn has been so great that carloads have been ordered from north east Texas. The mill grinds corn and grains into feed for cattle feeders, dairymen, and poultry raisers of the section.

Ovalo—A harmonica band has been organized here and will feature community entertainment programs.

Bradshaw—Farmers of this territory, including those of Lawn, Ovalo, Oak Lawn, Gulon, Shep, Moro, Cedar Gap, Cedar Creek, Ibers, and other communities south of Abilene, were given opportunity to attend a terracing school at Tuscola the first week in November. The school was conducted by J. R. Masterson, Taylor County Agent. A similar meeting was held in Merkel at an earlier date.

Quanah—Quanah was the scene of one of the most unique city celebrations ever held in this section November 4 and 5 when a tribe of Comanche Indians came from their Oklahoma reservation to rebless Quanah, which was named in honor of their chief's father, Quanah Parker. President R. W. Haynie of the West Texas Chamber of Commerce, was initiated into the tribe and made a white chief. Manager Homer D. Wade and Publicity Manager E. H. Whitehead were also in attendance at the Harvest Moon Fete.

H. J. Parker and mother, Mrs. S. J. Parker returned Monday from a month's visit with relatives in Dallas. Mesdames Will Parker and G. W. Faulkner met them in Brownwood.

TO THE CITIZENSHIP OF SANTA ANNA
Santa Anna, Texas, Nov. 10, 1927.
At a called meeting of the Santa Anna Independent School Board last evening a proposition for the building of an up-to-date grand stand and athletic fence by the bearer, Mr. McKee, was unanimously endorsed by the board. The proposition is to cost the School District nothing, the financing of same to be effected through a system of ADVERTISING which Mr. McKee will explain to all approached.
Mr. McKee has just completed a similar arrangement at Winters and bears a letter of recommendation from Mr. A. H. Smith, Supt. of schools there. A modern grand stand and athletic park is indispensable, and this proposition lends itself to our favorable consideration since it costs the school nothing. We heartily commend the proposition to the business enterprises of our little city, and trust sufficient impetus will be given it to bring it to a successful termination.
Respectfully submitted,
W. F. BARNES, Pres. Board.
Homer May and wife of O'Donnell visited his parents, Mr. and Mrs. F. N. May Saturday night. Their little daughter, Frances, who had been visiting here for several days returned home with them Sunday.
When a fast automobile driver gets through life without an accident it's just an accident.
Our good friend W. A. S. Cobb to spend the day, coming was down from Coleman Tuesday self in his Ford car.
