Rilda Stephenson Wins Top Honors At Revue Saturday

Hostess for the Maytime Garden Party Saturday night was Miss Mary Jo Garland, County Home Demonstration Agent, while Mrs. Joe K. Taylor was the Revue Reporter, who commented as some 80 girls modeled their 4-H garments.

Winning top honors with her plaid chambray dress was Rilda Stephenson, daughter of Mr. and Mrs. Clifford Stephenson, of Santa Anna.

Rilda will represent Coleman County in the State Dress Revue at A & M in June. Other winners in the Senior Division was Joan Evans of Burkett, 1st; Carlene Burns of Burket, 2nd; and Lea Mitchell of Trickham 3rd. In the Junior Division, the blue ribbon went to Ruth Milligan of Shield, the red to Joyce Dewbre of Valera, and Barbara Watson of Novice carried off the white ribbon.

Some 20 other girls scored 90% or above, and therefore received blue ribbons. In the 9 and 10 year old group was Peggy Whittington of Bowen, Patsy Smith of Mozelle, Yvonne Eppler of Shield, Rita Joy Wilson of Buffalo, and Wahlsha Simington of Mozelle. Eleven and 12 year old girls who received blue ribbons were Fern Dewbre of Valera, Wanda Abbey of Coleman West Ward, Mary Cecile Horne of Valera, Joyce Weathers of Santa Anna, Beverly Glibreath of Shield, Ann Tatum of Shield, Roberta James of Trickham, Wanda Wilson of Novice, Glanda Van Dalton of Coleman West Ward, Lucinda Yarbrough of Coleman West Ward, and Joy Fay Marburger of Shield. In the 13 year old group was Vivian Nealey of Trickham and Jean Traylor of Cross Roads.

As the girls arrived they entered behind a fence and under a trellis covered with greenery and roses. After being welcomed by Miss Garland, each girl registered, then each modeled as Mrs. Taylor introduced her and commented on her garment.

Mrs. N. T. Underwood played for the entire show. Special features were given by Ann Stewardson of Shield and a group of Coleman West Ward girls, who sang three numbers. Ushers at the revue were Tommy Stuart and Wayne Phillips of Bowen.

Success of the revue is attributed to the cooperation and interest of all concerned. Backstage efforts were very important. The decorating before hand, and the cleaning up afterward were all a part.

The H. D. Agent wishes to thank all who furnished equipment for the revue.

WATER TRAINS HALTED AT COLEMAN

Monday marked a new era for the City of Coleman, when they ordered the Coleman water train halted. The city of Coleman has been hauling water from Lake Brownwood since early in September, 1947. Lake Scarborough, which has been Coleman's only water supply, now has an estimated years supply of water and the new Hord Creek Lake has 12 feet of water above the city's intake level. However, the neighboring city is going to retain the loading and unloading facilities, just in case they may be needed again in the future.

Coleman County is rightly proud of the fact that the long drought is apparently broken.

Good Rains Cover The County Again; Some Hail Damage Reported At Shield

Thunderstorms, hail and lightning struck in Coleman County Saturday night, and left lots of water in the Coleman and Santa Anna Lakes, along with considerable damage to small grain crops around the Shield community. Lightning struck the house on Mrs. Annie Stovall's farm in the Cleveland Community, and it burned to the ground.

A total of 1.61 inches of rain was reported for Santa Anna on Saturday night. This makes a total of 1.72 1/2 inches for the week, ending Sunday morning. Some places in the county have reported heavier rainfall than this.

Hail in the Shield area Saturday night damaged a large number of acres of small grain and several roofs on houses and barns. A little hail was reported in the Rockwood area, but the damage was considered light.

The Santa Anna lakes have a good supply of water now. The new lake has a little over 6 feet of water, with a gain of 26 inches over Saturday night. The old lake gained about 18 inches of water. As Mr. Fred Rollins said Sunday, "The lakes are beginning to look like lakes again, after several years of having no water in them."

Will Miracles Never Cease?

So far there has been no official notice that water restrictions in Santa Anna have been lifted. However, service stations are being allowed to wash cars and other restrictions have been lifted. It is expected that the city council will soon lift all water restrictions.

"Please send another bottle of Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Mass.

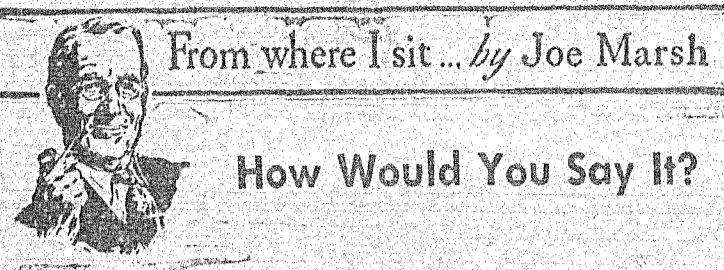

"I have some good reports to make on the effectiveness of garlic used. Mr. Turner, Texaco dealer here has taken two bottles and is much better, his blood pressure down about 60 points, Mrs. W. F. Nelson, San Benito, who was in bad shape, is also very much better and her blood pressure down considerable. This garlic works, and you are doing a fine job of producing it for the benefit of those suffering from high blood pressure or heart trouble."

From where I sit... by Joe Marsh

How Would You Say It?

Curley Lawson's cousin from back East and a few of us got talking when he was here visiting, and I couldn't help noticing how different he said things.

For instance, he said, "Lifting that 200-pound bag of cement almost killed me." "You mean such of cement?" asks Curley. (That's the way we'd say it.) "No," interrupts young Elliott who'd spent a lot of time down South. "He means a 'poke of cement.'"

It was good for a chuckle anyway. But such is the way of

what he was trying to say. It just depends on where you are in the U. S., which way sounds right.

From where I sit, whenever you criticize someone for sounding funny to us, we ought to think how we sound to them. It's the same as choosing your liquid refreshment. I'm accustomed to a moderate glass of beer—you may like ginger ale—but who's to say the other's wrong? I'd say we're both right!

Judgment Day

Lesson for May 15, 1949

FORTY DIFFERENT Christian denominations sponsor this column, although it goes without saying that not all of the millions of Christians in those denominations would agree point for point with everything that is said here. Now if the reader could interview one leading Bible expert from each of these 40 denominations, and ask each one the same question: "In your personal opinion, exactly what is the meaning of Mark 13: 31-32? you might get 40 different answers; but you certainly would get more than one.

Dr. Foreman

There is no chapter in the Bible that has been the subject of more arguments than this one, and no arguments have ever been more useless than these.

Leaving extreme views aside, let us try to discover some meanings which all 40 denominations would find in this chapter, some truths on which all reasonable Christians can agree.

A Certain Fact

IN JESUS' view one thing is certain: God's judgment on this world and on all persons in it, Christian churches have different ideas about what happens after death. We have different ideas about how the judgment is to be carried out, or where it will be held, or when. But that every man will have to give account of himself before God is something Christians believe.

Four true unbelievers is not the person who goes around saying there is no God. A more subtle and dangerous form of unbelief is in the person who takes the Christian creed upon his lips but lives as if the creed were a lie.

He repeats the Apostles' Creed: "From thence he shall come to judge the quick and the dead." If those words are sincerely spoken, the believer will honestly try to please God above all others. But the unbeliever, whatever his words may say, shows that he does not believe by the fact that he tries to please, first of all, either himself or his family or his neighbors, and not God above all.

An Uncertain Time

IT IS ONLY children who think that if something doesn't happen now, it will never happen. Now and Never are not the only times in God's clock. When will the judgment be? The disciples wanted to know, but Jesus did not tell them. He did not claim to know, himself, when it would be (Mark 13: 32). What he did say was, Watch! There is a sense in which God's judgments are going on all the time. The end of your world will come in your own lifetime, whoever you are; for there is not much difference whether the world folds up and leaves you or whether you fold up and leave the world.

Death is the end of the world for every one who dies. Further, whenever a person suffers by and because of his own wrong-doing, here, in this life and on this earth, God is judging him by the eternal moral laws which are the very warp and filling of the fabric of life.

There is also a sense in which God judges societies and nations. We have recently seen how terrible a judgment Germany drew down on its head. The nation that takes the sword shall perish by the sword. The nation that sets out to enslave others by force will come under the same death-sentence that cut down Assyria and Rome and Japan and Germany. But not all God's judgments are on this earth. "God does not settle all his accounts in October." There is a final accounting, and no man, in this life or any other, can escape that solemn meeting with God.

That the only true judge of any man is God. The man himself is partial, his friends are partial, his enemies are prejudiced against him. Further, no one knows all the facts but God. Only God knows what a man's motives are; only God can trace to their final end all the consequences that flow from a man's act.

A deficit of about \$100 was reported by Mrs. Earl Hardy, incumbent treasurer, and plans were made for fund raising.

Activities financed by the club this year have been: instrument repairs, purchase of a band director's uniform, 3 white satin twilder's uniforms, a chartered bus trip to the Battle of Flowers festival, \$300 on the band director's salary, and other expenses totaling \$750.

The club discussed a big Fourth of July concert and fireworks display, with some prominent speaker, the affair to be held probably at the bands' and in the Texas Ranger Park.

Also plans were made for a theatre party for the beginner and junior bands, in recognition of their fine work this year.

Ten members were present.
