Your Father And Mine

By Mrs. A. L. Oder

Again the time has come to pay our annual tribute to Father, as we approach the 3rd Sunday in June, which has been set aside as the day to pay homage to Father.

Father's Day has not yet approached the glamor, nor universal observance that is accorded Mother's Day, but sitting here in my sister's home in the Alamo City trying to write something in appreciation of fathers, a very dear subject with me, I am not sure that Congress has recognized the date, nor do I remember the one who was the promoter of the idea.

We know who launched Mother's Day, and a number of other specials.

I do not know who started "Ground Hog Day," but I do know that it is quite widely observed—and every one knows it falls on February 2, and there is quite a bit of speculation for several days before, and comment afterwards, as to whether or not he sees his shadow on his day, and the kind of weather to be expected.

It seems to me we should be able to get Father's Day as well remembered—and as much discussed as Ground Hog Day.

In both the Old and New Testaments, honoring parents is commanded.

In Ephesians the 6th Chapter and second and third verses we are told "Honor thy father and mother, which is the First Commandment with promise that it may be well with thee, and thou mayest live long on the earth."

Mothers, it seems, have always been considered as loving their children with a greater intensity than fathers, but Holy Writ has many examples of a father's great devotion. Nothing in accent or modern writing is more profoundly portrayed than Jacob's love for Joseph.

And the father seeing the prodigal son returning home, penniless and in rags, running to meet him, forgiving him, preparing a feast for him, and inviting in the neighbors to make merry, is indeed a touching story of a father's love. I never doubted for one day that my father loved me as did my mother, and since his going away, more than 56 years ago, I don't think there has been a day that I have failed to remember his love manifested to me in many ways. But lest you think I am just remembering fathers of the past, let me hasten to assure you I know a lot of young fathers who are giving a fine account of themselves, in the love and care of their children. They are proud of their youngsters and are taking their responsibilities seriously. Let's accord them all honor on Father's Day.

H. W. Goodgion Accepts Granger School Position

Haden T. Goodgion, son of Mr. and Mrs. T. Homer Goodgion of this city, has recently resigned as superintendent of the Lawn Public Schools to accept the same position at Granger, Texas.

Haden is a 1934 graduate of Santa Anna High School and did his Bachelors work at Daniel Baker College in Brownwood. He has recently received his Masters degree from Hardin-Simmons in Abilene.

The Granger schools enrolled about 1000 students the past year and employed 34 teachers.

For the past two years Haden has been superintendent of the Lawn schools and has also been president of the Lawn Lions Club.

His younger brother, Floyd, who is employed in the public schools at Clovis, N. M., is attending McMurry during the summer session.

Ex-Rangers Have Reunion

Col. M. L. Crimmins of San Antonio and James Padgett of Coleman were speakers when the Texas Ex-Rangers Association met here this week in their annual reunion at the Ranger Park building.

Being called to order Wednesday at 2 p. m. by Col. Crimmins, an honorary member and historian of the group, the afternoon featured business and a speech by Padgett. Wednesday night, the choir of the Methodist Church gave a program of religious songs, under the leadership of Miss Elsie Lee Harper.

The Ex-Rangers spent the night at the park and had supper and breakfast there.

Rev. M. L. Womack and Rev. Clyde W. Pittman conducted opening exercises, and on Thursday morning a program of guitar and fiddle music was given, directed by J. H. White of Coleman. Col. Crimmins made a talk and a quartet of girls, led by Martha Priddy, sang old-time songs.

Sam Graham of San Antonio, who served with the Rangers from 1873 till 1882, attended the reunion for the first time. W. H. Roberts of Llano and Noah Armstrong of Coleman were among the other Ex-Rangers here.

The meeting was ended with a luncheon at the park on Thursday.

Mrs. R. C. Gay is secretary and her father, C. M. Grady, of Brownwood is commander, but was ill to attend.

Evelyn Bruce Named Coleman Rodeo Queen

Announcement was made today by Jim Gill, chairman of the Coleman Rodeo Queen Committee, and Sam Cobb, secretary, that Miss Evelyn Bruce, daughter of Mr. and Mrs. Charlie Bruce, of Santa Anna had been chosen Queen of the Coleman Rodeo for this year.

Evelyn has lived in Santa Anna since babyhood and is a graduate of Santa Anna High School. She spent two years at John Tarleton at Stephenville, and last year she attended Sul Ross at Alpine.

She was chosen F.F.A. Sweetheart at Tarleton and was Rodeo Queen at Sul Ross last year.

COMING EVENTS

The Home Demonstration Club will meet with Mrs. Fred Brushenhan Friday afternoon, June 17 at 2:00 p. m. All members are urged to attend.

So That Tax-Payers May Know

PUBLIC NOTICES ARE NOW MANDATORY—Governor Beauford Jester is shown here as he affixes his signature to Senate Bill No. 375. The Bill, known as the Mandatory Publication Law, requires that all public notices called for by Texas Statutes be published, or the official responsible for such publication suffer loss of salary, or removal from office for neglect of duty. Senator James E. Taylor of Kerens, pictured on Jester's left, sponsored the legislation through the Senate. House Sponsor was Phillip L. Willie, of Kaufman. Covered by the law are all public officers of the state, counties, cities and school districts. Governor Jester signed the bill into law June 8, and it became effective immediately.

Methodists Assign W. F. Smith Here; Pittman To Gorman

Rev. Clyde W. Pittman, who has been pastor of the First Methodist Church here for the past year has been assigned to the pastorate at Gorman, Texas by the Central Texas Conference of the Methodist Church. The conference ended Sunday with the appointments for Methodist Churches over the State.

Rev. W. F. Smith, who has been pastor of the church at Gorman for the past two years has been assigned to Santa Anna. Both pastors are expected to move sometime this week, and will take up their new pastorates Sunday.

Appointments for the Brownwood district are as follows:

District superintendent, H. B. Loyd; Ballinger, C. D. Wooten; Bangs, Bruce Weaver; Brownwood First Church, A. S. Gafford; Brownwood, Johnson Memorial, W. M. Bowden; Coleman First Church, Wallace Dunson; Coleman Trinity and St. John's, Frank O'Hearn; Novice, Archie McCleskey; Rockwood, H. E.

Dunn, Santa Anna, W. F. Smith; Taba-Crews, J. E. Morton; Velera Circuit, J. P. McMicken; District secretary missions, Wallace Dunson; and District director evangelism, A. S. Gafford.

Kelley Wise Elected S. A. Dutchess To Brady Jubilee

Miss Kelley Wise, of Rockwood, was elected by the Santa Anna Chamber of Commerce as Dutchess to the Brady July Jubilee and Race Meet to be held in Brady July 1, 2, 3 and 4.

Misses Wise, Kathryn Stewardson and Sue Milligan were selected from members of the graduating class as candidates for the Dutchess contest, and secret ballots were mailed to all members of the Chamber of Commerce for selecting the Dutchess. The tabulation of votes was very close, with Miss Wise being elected by a majority of one vote. Either of the three girls would have made good representatives for Santa Anna.

1,117 Get Free X-ray In Two Days

There were 1,117 persons turned out last Tuesday and Wednesday to get the free chest X-ray from the State Health Department. According to the one operating the machine, this is a lot larger number of persons than normally turn out in small towns, and more than some larger towns turn out.

The Lions Club wants to express their sincere thanks to everyone who helped in any way while the X-ray was here. The operation from all was splendid and the turn-out was fine. The list of helpers and workers is too long to list all of them in the paper, but the Lions Club appreciates all that each of you did and wants you to know it.

Thanks go to all the Community chairman and their workers also. The turn out from the rural areas was fine and they are to be congratulated on the fine work each of them did.

The men operating the X-ray said it would be from ten days to two weeks before the film could be developed and read by the doctors and the results returned to the citizens here. They stated that on a general average about 2 per cent of all that took the X-rays showed some signs of Tuberculosis.

The X-ray machine was moved from here to Coleman where it spent 5 days, and the turnout in Coleman was good.

Baptist Still Looking For A Pastor

The local Baptist church is costing about for another pastor, but is having some fair sermons from supply ministers from Howard Payne College, and others who come to preach and look the field over. The attendance has dropped off considerably, but that is not all due to the preaching condition. A number of our members and their families live out some distance, and know something on this west Texas weather when it gets a wicked tantrum, and besides, this section is in the midst of a grain harvest, such as require more time than the usual daytime hours.

New Recruit. Office Opened In Ballinger

Sgt H. B. Luckemeyer, of the U. S. Army Recruiting Service, announces this week that he has opened a new recruiting office in Ballinger to cover Coleman, Rummels, Concho and Menard Counties.

The sergeant said that he would be in Santa Anna every Tuesday from 9:30 to 12:00 a. m. at the Post Office, and that

An Editorial

We have heard quite a lot of comment concerning the opening of the alley ways in the city of Santa Anna. In the opinion of the writer it will be worth a lot to every citizen of the town and will be worth a lot to the city itself.

So far as the clean-up of the town is concerned it is almost impossible to get the town cleaned up properly and keep it clean without the alley ways being open to traffic. We realize that some of the alleys have been closed to traffic for any number of years, and that it will be costly to several families to have them open. However, we believe that once the alley ways are opened and the garbage pick-up gets to operating everyone will be satisfied with it.

Dr. George W. Cox, State Health officer, said last week that a fogging machine was a great asset to any city if it is used properly. To get the best use of a fogging machine, and to get results as far as killing insects, you must first start at the source the insects are coming from. A fogging machine alone cannot rid any City of flies and mosquitoes. To rid a place of these and other insects, you must start at the places where they breed. Dr. Cox said that all these places must be cleaned up and kept clean; and then to use the fogging machine and insects of this nature can be kept under control.

To have a clean city we must be on guard against rubbish, garbage, weeds, ect. to see that insects do not have a place to breed. The Fire Department is to start burning weeds off vacant lots and other places within the near future. It is hoped that when these lots are cleaned off that they will stay that way. With the help of the owners and neighbors these lots can be kept clean, the low places that hold stagnant water, and the rubbish piles can be kept clean and dry.

he would be in Coleman at the Post Office Tuesday from 1:00 p. m. to 3:00 p. m. and from 9:00 a. m. to 5:00 p. m. on Wednesdays.

He would appreciate anyone interested in enlisting in the Army or Air Force contacting him during these days he is in Coleman County.

Mrs. A. L. Oder Visiting Relatives

Mrs. A. L. Oder, the News local reporter, left last week for San her two sisters for the larger Antonio, there she will visit with part of this week. Then her plans were to go on to Austin to visit with her daughter before returning home on Sunday.

The local happenings in the columns of the paper are kindly short this week, and we attribute this to the fact that Mrs. Oder is away, and very few have been brought or called into the News office.

Hospital Notes

The following patients have been admitted to the Seely Hospital within the last week:

Mrs. Lela Hays, City.
Mr. H. N. Lawrence, Coleman.

Baptist To Celebrate 40th Anniversary At Gatesville

The Baptist men of Texas are celebrating the 40th anniversary of the organization in Texas at a men's meeting to work with the pastor and the church for the good of the church, community, stewardship, and missions. This first organization was in Gatesville, Texas some forty years ago and on June 22, 1949 from all over the state will gather in Gatesville to celebrate this occasion.

Starting off with a big free barbecue accompanied by a band concert, the meeting will adjourn to the fair conditioned church auditorium, the coolest in the state. Special music will be led by the Men's chorus of the Gatesville Church and will be led by Mr. Tump Martin of McGregg and Mr. Bradford Corrigan of Hamilton. Address of welcome and introduction of visitors will be by Mr. H. K. Jackson, Sr. with the response by Dr. R. E. Dudley of Dallas, executive editor of the Baptist Standard. Dr. R. E. Bell of Dallas was the pastor of the church when the organization was formed. He will contribute to the fund. Pastors: Bro. A. D. Brown, now deceased, and Bro. H. K. Jackson, Sr. and Bro. H. K. Jackson, Jr. of Gatesville. The meeting is to be held at the Gatesville Hotel. The only place to stay in Gatesville. The only place to eat in Gatesville. The only place to buy in Gatesville. The only place to drink in Gatesville. The only place to sleep in Gatesville. The only place to live in Gatesville. The only place to work in Gatesville. The only place to play in Gatesville. The only place to love in Gatesville. The only place to die in Gatesville. The only place to be buried in Gatesville. The only place to be resurrected in Gatesville. The only place to be glorified in Gatesville. The only place to be immortalized in Gatesville. The only place to be eternalized in Gatesville. The only place to be glorified in Gatesville. The only place to be immortalized in Gatesville. The only place to be eternalized in Gatesville.

THE AMERICAN WAY

Muzzled Doctors That's what M. D. will stand for if Congress enacts the Free (?) Medicine Bill.

Take Your Family To Sunday School

By Robert S. Kerr

U. S. Senator from Oklahoma. What doth it profit a parent if he accumulate vast wealth—wield great power and exercise much influence, yet lives to see a son or daughter become an economic failure or a prodigal in character?

A dear friend of mine once said to me: "I have guaranteed security of every child forever. None of them can ever suffer want or poverty." He was sincere. He thought he had achieved unbound success. He thought no storm could ever damage—nor danger threaten any child of his.

How foolish he was! He does not have a child able to manage what has been given him. Not a single one could earn his or her own living. Each of the four drinks to excess—one is a definite alcoholic—another is on the verge of becoming one.

Today in his old age the parent, humiliated and shamed, knows that he is not a success—but a failure. Today he would do differently. Now he would teach them to know and honor God instead of creating trust funds. If he had another chance, he would show them the truths of the Bible and encourage them to worship their Savior rather than depend alone on material wealth.

He now knows the anguish that wrenched old Isaac's heart and caused him to cry out his misery. "When a man is bereaved of his children, he is bereaved."

There is a sure way to avoid this tragedy. There is a certain way to success in the happy rearing of worth-while youth: Teach them to know and honor God. Show them the way to salvation through a resurrected Christ.

This can be done in the home and the Sunday school if the parent takes him.

Every child is eager to learn of the power and glory and grace

of his parents' God. If properly taught, our children will learn to breathe with reverence the name of their "Father's God."

There is nothing more dear to any of us than our children. There is no finer thing that we can do for them than to take them to Sunday school and teach them God's Word. Therein is our finest opportunity. Thereby is their greatest happiness and blessing.

Nancy Cheaney Deceives Degree

San Marcos. — Nancy Lucy Cheaney of Gouldbusk was among the 208 students receiv-

ing degrees in Southwest Texas State Teachers College's graduation exercise, Thursday, May 26, in Evans Auditorium.

This is the largest number of Spring semester graduates in the history of the College. Last spring's total was 144. Of the 208 graduates, 190 received bachelor's degrees and 18 received master's degrees.

Miss Cheaney received a bachelor of arts degree.

"Please send another bottle of Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Mass.

"I have some good reports to make on the effectiveness of garlic used. Mr. Turner, Texaco dealer here has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. W. F. Nelson, San Benito, who was in bad shape, is also very much better and her blood pressure down considerable. This garlic works, and you are doing a fine job of producing it for the benefit of those suffering from high blood pressure or heart trouble."

Fumigation Of Stored Grain

Several farmers have been interested in knowing what they can do to prevent infestation in grain stored on the farm. The first factor to consider is thorough cleaning of the bin prior to storing grain. Remove all debris from bin and spray the floors and walls with a 5 per cent solution of DDT. All cracks and crevices should be sealed against rats and insects and for more satisfactory fumigation of the grain at a later date.

The fumigation consists of a mixture of 3 parts by volume of ethylene dichloride to 1 part by volume of carbon tetrachloride. This mixture should be purchased from a local dealer and not mixed at home.

Best results will be obtained when the fumigant is applied at temperatures of from 65 degrees to 75 degrees F. It may be applied with a watering can or sprayed at the rate of 6 gallons per 1000 bushels or if grain is stored in a long shallow bin at the rate of 5 gallons to every 1000 cubic feet.

The fumigant does not harm germination and fumigated grain is safe for both human and live stock consumption.

CAUTION

If signs of dizziness occur, the operator should get out into fresh air. The best precaution is to wear a mask. Inspect your grain once a month. Weevil infestation may occur in the fields just before the grain is harvested. The weevil merely increases under storage and optimum conditions.

Termite Trouble

College Station.—Your plants may have termite trouble and you not know it. A plant may be killed by them without showing outward sign of injury. Yet, the hollowed out by these wood pests.

Termites often kill trees or shrubs by starting underground in the dead or dying roots of the plant, and working upward says Sadie Hatfield, extension landscape gardening specialist of Texas A. and M. College. Or they may enter the plant at the ground level, boring into dead or diseased wood that attracts them. When you know the plant has been infested with termites, the best idea is to dig it up and burn it.

If the plant dies without showing any signs of disease, take a look and see what the symptoms are. Cut the stems and roots in several places and examine the centers. If they are hollowed out, there's a good chance termites did it, says Miss Hatfield.

And they may attack other garden plants unless you destroy them. All dead wood and other decayed vegetable matter should be removed. Treat the soil with DDT, using 10 pounds of 100 percent DDT or 100 pounds of 10 percent DDT for every thousand square feet. Distribute evenly, work it into the soil, and soak the ground thoroughly with water.

The white termites don't come out into the light. The dark ones are the only ones that come to the surface. Grass lawns are often tunneled by termites, and this year they have been especially active.

This DDT treatment will rid your lawn of termites, but won't bother the grass, Miss Hatfield

says. It isn't necessary to spade the lawn, she reminds, because the water will carry the DDT into the soil.

This is the reason for soaking the soil to a depth of 8 or 10 inches.

Only 7c Per Person Fights Cancer

Dallas.—A folded bill dropped from the letter which a secretary of the Dallas County unit of the American Society opened.

"I am enclosing a small contribution for your great work for little children," the letter read. It was from a woman whose small son died of cancer.

The secretary opened another: "My mother and sister died of cancer I wish I could make it a billion dollars."

Hundreds of letters like this come into the Dallas cancer unit office, 2022 Ross Avenue, and to American Society offices in other parts of Texas. Memorial contributions are a large proportion of the funds donated to aid the cancer control work of the Texas Division of the American Cancer Society. They are heart-warming contributions to the Society's three-fold program of education, service, and research against cancer.

The American Cancer Society is presently conducting its annual membership and fund-raising drive in Texas. With a state quota of \$450,000, it has been estimated that it costs each Texan only seven cents a year to fight cancer in Texas.

Conquest of Death

Lesson for June 19, 1949

DOCTORS TALK about conquering death but they never do. All they can manage is to put it off a while. In this long and sad story of man's life there is only one absolute conquest of death. It happened on the first Easter morning, and it was a victory that has never been equaled.

The Mighty Act of God

What they were sure of, what they could not deny, was first of all that Christ rose from the dead, and also that it was God who raised him from the dead. God had beaten the one unbeatable power—death. Death, the universal conqueror, turned out for once to be the conquered.

It is only those who can believe in an all-powerful God who can fully believe in the Resurrection.

It Is The Lord

WHAT MANNER of person was Jesus, after that first Easter morning? There were some differences hard to describe, and in fact we described, only hinted at. You notice that at times it was not easy to recognize him at first. Paul refers to Christ's "groined body" and surely there must be a glory in a person who has actually proved too strong for death to hold a glory such as ever Christ, before Calvary, had not shown. And yet—and yet, it was the same Jesus they had always known.

No Ghost

BY NIGHT, in many a "seance," mediums try to get in touch with the spirits of the dead. If you could believe the spiritists, Shakespeare and Queen Victoria and innumerable other famous people, have come back and talked from beyond the grave. But the thing that makes the Christian church more than doubtful about such performances, is that somehow the dead-and-come-back genius is never a genius any more. Neither Shakespeare nor any other famous person has said anything worth saying through a "medium." And even these feeble ghosts cannot endure the daylight. They have to come at night.

How different were the comings of Jesus! There was nothing weird or uncanny about him. Around the supper table, or on an afternoon walk, or out on the lake shore under the morning sun... never the poor numbing ghost of a seance, never any stupid trifles from his lips, but words of truth and comfort which the church cherishes as among the best from our Lord's mind. Jesus' resurrection is not the story of the survival of a ghost, still less the mere return of a revived and walking corpse.

It is the story of a Divine Person who conquered death, and who came back from that conquest in power and majesty, yet with all the tenderness, love and brilliance he had ever shown.

Our Hope in Him

PAUL (in 1 Cor. 15) makes it clear that our hope of life-beyond-death grows right out of Christ's resurrection. The enemies of Christ would have given their right eyes to stop the mouths of the men who told that story, and

Mrs. T. T. Perry had the pleasure of having all her children home for a reunion. Out of town visitors were Mrs. O. H. Taylor of Victoria; Mrs. Ewell Jones of Davis; Mrs. Will J. Steward of San Angelo; and Mr. and Mrs. F. Davis of Los Angeles, California. Perry has been visiting in a home in the home of her daughter, Mrs. Buster Kirk of Fort Worth, and Mrs. Davis there is accompanying them on to Santa Anna.

to prove it a lie. But they could never do it. You cannot well stop people from believing what they have seen with their own eyes. So our hope of eternal life is not just a hope.

At this season of the year thousands of people including many Texans, route their vacation travels through the Nation's capital. A million people visit the National Art Gallery annually, and Dr. Luther Evans, himself a native Texan and Librarian of the Library of Congress, says more than a million Americans viewed the Library of Congress last year. Exhibits there include such important documents as the constitution and the Declaration of Independence. As even greater number tramp through the corridors of the Capitol building.

Speaking of the Capitol the building will be practically closed to sight-seers after July first when construction begins on the west wing of the House and Senate wings. The old roofs were condemned some years ago and have been supported temporarily by rather unsightly steel superstructures. While this work is going on the House will meet in a spacious caucus room in the Office Building and the Senate will carry on in the small room which years ago was the Senate chamber. That was before the Senate wing of the capitol was built. The space was then used by the Supreme court until 1935 when the new Supreme court building was constructed. Since then the old chamber has been preserved as a historic memento of by-gone days. It was in there that Lincoln delivered his Emancipation proclamation and Daniel Webster proclaimed the Constitution.

The other day Mr. and Mrs. Louis Joseph and daughter were in town en route to the Rotary Convention in New York. It was their first visit to Washington and they made the most of their stop-over.

Col. and Mrs. John White, of Uvalde, with their two children, Jack and Sally, came in from Germany the other day, after a three-year assignment in the occupation zone, and said, "It's wonderful to be home." From here they went to Uvalde for a three-week visit with Col. White's mother and brothers, including Dr. James N. White of San Angelo.

In Washington the Whites met many relatives and friends. To greet them here were Mrs. Whites parents, Col. (Retired) and Mrs.

Year 'round Fly Eradication Needed

Austin, Texas. During the last several summers, considerable enthusiasm was shown by various local organizations such as Chambers of Commerce, many Civic Organizations, and others in arranging of a fly eradication program Dr. Geo. W. Cox, State Health Officer, says that for taking interest in this work, the responsible parties are to be commended.

However, without year-round community sanitation the ultimate result, which is so important has not always been to successful. In some areas this has given rise to rumors that flies are DDT resistant.

"The Texas State Department of Health heartily endorses a fly spraying program, provided it includes a general clean-up program carried out during the entire year", Dr. Cox said. "For example, why spray a garbage heap that not only invites but generally breeds flies when it should have been removed. Why spray the city dump when it really should be covered. I fear the unplanned spraying program is similar to the application of perfume or toilet water to overcome B. O. or the application of powder to cover dirt."

In a well-planned fly control program, Dr. Cox declared all places where flies gather such as dumps, rubbish piles, garbage piles decaying vegetation should be cleaned up by hauling away and burying. Proper garbage and rubbish containers with fly tight covers should be demanded from all. All buildings should be screened. Then, secure a sprayer outfit, preferably with one or more hoses manned by a skilled

operator to spray the areas where flies and other insects will light. It does little good to spray the center of the street, the ball diamond, or the sidewalks. Spray the surfaces where insects light or breed.

A residual spray remains active until the DDT washes off or is covered with grease, dirt, or soot. This usually lasts four to six weeks. After that a second spray is recommended provided the item of clean-up is still being carried out.

Fishing Report

Prepared by State Game Warden John R. Wood in cooperation with the Brownwood Chamber of Commerce and Brown County Sportsmen Club.

State Game Warden John R. Wood today said fishing conditions at lake Brownwood are "steady" with the lake now about five inches below spillway level.

The upper ends of both channels continue to produce a great many channel cat and some yellow cat, with black and white bass fishermen taking over the lower part of the lake.

Crappie are showing signs of schooling up, he said, and crappie fishing should be better this week.

The Byrds and upper Jim Ned near the Hallford docks are muddy, but the main part of the lake is clear enough for artificial lure fishing.

Reports from various docks the past several days include:

Lewis Boat Docks: Dick Clardy and F. J. Cochran landed a 25 pound yellow cat and 4 1/2 channel cat. Joe McIlvair and L. A. Griffith of Big Spring took home 2 nice black bass and 13 channel cat. O. C. Horne of Lubbock got 16 channel cat. C. O. Morgan of

Giles Explains Operation of New Veterans' Land Program

By BASCOM GILES, Commissioner of the General Land Office

The Veterans land program is now a reality.

The idea was born in the hearts of the veterans themselves while they were overseas and thinking about home. Their letters to my office asking how they might obtain a farm or ranch home if and when they returned, inspired me to put the machinery of this program in motion.

Last week Governor Jester's signature made the Veterans' Land bill into formal law. The bill was sponsored in the upper House by Senator John Bell of Cuero and in the lower House by Representative Reuben Senterfitt of San Saba.

The legislation grew out of a Constitutional Amendment adopted by the Citizens of Texas in a special election in November of 1946. At the following session of the Legislature the necessary enabling legislation failed to receive final consideration in the Senate.

The 51st Legislature, promptly and without a single negative vote in either House carried out the mandate of the people, making it possible for Texas Veterans of World War II to own a farm or ranch home of their own choosing by making a small down payment with the balance financed by the State at a low interest rate.

The Legislature has placed the administration of this program in the hands of the Governor, Attorney General and the Commissioner of the General Land Office.

Here briefly are some of the outstanding provisions of the new law:

The Board may issue up to \$25 million in bonds to finance the program.

Land may be purchased from an individual, from the State, or Corporations for re-sale to veterans at cost. (This provision will be more fully explained in a separate article—Editor's Note.)

Veterans may select land which he desires to purchase subject to the approval of the Board.

The maximum purchase by each veteran shall not exceed \$7,500 to be financed by the State.

Veterans disabled by combat service connected disability have 90 days preference right to purchase.

Lands may be purchased for a minimum of 5% down payment with 40 years to pay the balance at 3% interest. (This indebtedness may be retired sooner if the veteran wishes.)

All money received during the six remaining years of operation shall be used to pay interest on bonds and to purchase additional land for re-sale to veteran. The purchaser shall not transfer or sell lands purchased for a period of 3 years from the date of purchase. The veteran will not be permitted to make more than one purchase. The veteran is not required to reside upon the property.

All applications should be addressed to Bascom Giles, Commissioner of the General Land Office, Austin, Texas.

The second article explains how a veteran should proceed in selecting a tract of privately owned land for his future home.

Pvt. Lichon Coley Stationed In Japan

Private Lichon Coley, son of Mr. and Mrs. Walter Coley of Santa Anna, Texas, is a member of the 24th Infantry Regiment, now stationed at Gifu, Japan.

The 24th Infantry is a part of the 25th Infantry (Tropic Lightening) Division, commanded by Major General William B. Beane.

Private Coley is a rifleman in Company H and during a recent range firing, he qualified as marksman with the M-1 rifle.

Private Coley entered the army in September 1943, received his basic training at Fort Knox, Kentucky and departed for overseas duty in December 1943.

Hail Damage Saturday Afternoon

Severe hail damage was reported in the Cleveland community last Saturday afternoon when several farms were almost beat into ruins. The hail apparently started near Rockwood and swept across the country to the Cleveland community.

Reports indicate that a number of good stands of cotton were beat down, and some grain that had not been harvested was a total loss. Several farm houses, barns, chicken houses and other small buildings had the roofs beat off or blown away.

Two Santa Anna Students At HSU

ABILENE—Two students from Santa Anna are enrolled in Hardin-Simmons university for the summer term. Classes will continue through July 9. The second term will begin July 12. Enrollment has reached an all time high of 1165 students for the summer term.

Pop Chalec, talented artist from the scenic Indian territory of the Southwest, will headline the entertainment at the Santa Fe Railway Indian Village at the Chicago Railroad Fair, acting as mistress of ceremonies for the daily dances of the Indians living in the Village. Pop Chalec, internationally known artist and muralist, is perhaps the outstanding American Indian woman artist of today and is the only one listed in WHO'S WHO. The Fair opens June 25th, and will close October 2nd.

The students are Mild West, daughter of Mr. and Mrs. J. W. West, and Mrs. Evans and Frankie Holt. Mrs. Holt, daughter of Mr. and Mrs. Evans, wife of Charlie Evans, is Frankie and Charlie's mother, doing graduate work at the University of Iowa, and will visit with her family, and Miss Holt, daughter of the W. 13th JUNE DAIRY MONTH

DAIRY MONTH

YOUR BEST BUY

is Dairy Month

June is Dairy Month from coast to coast. It highlights dairy foods for which housewives spend more than 15 per cent of their food budgets. In turn they get nearly 30 per cent of the food consumed annually in this country.

The physical well-being of every person, old and young, leans heavily on milk and its many products. Take fresh milk and cream, for example, about 60 million quarts are distributed through stores and doorsteps daily across the nation. Today milk consumption alone is 14 per cent higher than before World War II.

Dairy foods used in each home represent an industry that employs full time at least 1,500,000 persons and gives a livelihood to about 10 million people. In addition the industry contributes \$10 billion to national commerce.

Bettie Roye West Garland H. Close Wed at New Waverly

Miss Bettie Roye West, daughter of Mr. and Mrs. J. Homer West of New Waverly, became the bride of Garland Hubert Close, son of Mr. and Mrs. J. T. Close of Santa Anna, at the home of the bride's parents, on Sunday, June 13, at four o'clock in the afternoon.

The double ring ceremony was officiated by Rev. A. T. Walker of Pottsboro, Mrs. James Brown, pastor of Austin, was at the home of the bride's parents, and "Love You True" in addition to the traditional wedding march.

The ceremony was performed before an altar of white flowers and a double ring ceremony. In front of the altar were placed candles and flowers. The bride wore a white gown with a long train and a white veil. The groom wore a dark suit and a white shirt with a tie.

Immediately following the ceremony, a reception was held at the home of the bride's parents. A three tiered wedding cake decorated with white and pink ribbons and circled with fern and white carnations, was placed at one end of the table, while the punch service, containing Sherbert punch was at the opposite end. The centerpiece was of white carnations and white glads in an artistic arrangement.

Included in the house party at the reception were: Misses Ed Taylor, Sonley R. LeMay, Jerry D. West, Wirt Lawson, Luke W. Edlund and Miss Sandra Lynn Edlund.

After a wedding trip to Galveston and New Orleans, the couple will reside in Austin, where both are employed.

Among the out-of-town guests in New Waverly for the wedding were Mrs. W. L. Edlund and Miss Sandra Lynn Edlund of Miles City, Montana; Dr. and Mrs. S. R. LeMay and Miss Margaret Davis of Dallas; Mr. and Mrs. James B. Hunter, Mr. and Mrs. R. L. Hunter and Mr. Robert Hunter of Austin; and Mr. and Mrs. Eddie Traylor of Conroe.

The bride's grandmother, Mrs. J. T. Dawes, of Crockett, Texas; Mr. and Mrs. Wirt Lawson and Wirt Lawson, Jr., of Crockett; Mrs. William J. Indo of Houston; and Mr. William E. Ragsdale of Corpus Christi.

Family Reunion

Last week your publisher's home was the scene of our first family reunion. It never occurred to us it would be so long before we would again have the family back with us for a general re-viewing of family traditions, and general old get-together. Our first meeting was in the thirties, and prior to the World War II.

Those attending were Roy and Loved R. Sharboun; and Betty of 1001 Richmond, Ft. Worth; Ernie Jones and children; Fred and Buddy of Bishop; and Mrs. Jack Gregg, of 17 Eleventh St., Brownwood; Mrs. Frances Gregg, R. N. Superintendent of the Sealy Hospital; Mr. and Mrs. John Gregg and children Darlene, Jacquell and John Wayford of Santa Anna; Mr. and Mrs. Burton Gregg, a little daughter Helen of 709 S. S. Ave., San Antonio; and Mrs. Mary Jo Schulte and children of Victoria, Ohio. J. B. Jones and Paul Schulte, both sons-in-law, were unable to attend.

Main features of the reunion was held Friday afternoon near the waters of Brownwood lake. Here the picnic dinner was served. In other features of the program a general golf course had been laid out. The party began in the morning when some of the bunch had to return to their homes for the week-end. The lot ones departed on an early morning train Wednesday, and ever since Mrs. Gregg has been inclined to wonder why everything was so quiet around the place. Here's hoping it will not be so long before we can be together again.

Homemaking Dept. Has Party

On June 3, 1949, twenty Homemaking girls, their sponsors and chaperons met at the Santa Anna High School where at 4:00 p. m. they left for Brownwood. When they got there they went to the bowling alley to bowl. Many of the girls enjoyed this. From there they went to the park where they had a picnic supper. Next they either went to the show or skating. At 9:30 p. m. we met at the skating rink, and came home tired but happy.

Rockwood W. M. U. Has Bible Study
