Band To Play Concert Again For Saturday Fall Fun Festival Activities

The Santa Anna Fall Fun Festival got off to a good start last Saturday, with one of the largest crowds in Santa Anna that has been in several months. There was a little misunderstanding concerning the clown parade and only a very small number of clowns showed up. However, each of the ones who showed received a cash prize and then rather than having a parade the band played a thirty minute concert in connection with the Fall Festival events.

The band will also play another concert this Saturday just before the Festival events. Plans are to have a short program of some kind, each Saturday, starting at about 3:30 and lasting until 4 p. m.

These Fall Fun Festival events are scheduled to take place each Saturday afternoon until Christmas Eve.

Bill McHorse Buys M & W Furniture

W. C. (Bill) McHorse, co-owner with his brother, Marvin McHorse, of the M & W Furniture store, in Coleman, has purchased the interest of Marvin, who is taking a much needed vacation of unlimited duration, and Bill wishes to announce to his friends in Santa Anna about the change. Bill is a former Santa Anna citizen, and holds his Santa Anna friends in very high esteem. See his announcement elsewhere in this paper.

Large Crowd Expected To Attend "Field Day" Event On Stuart Farm

A large number of persons are expected to be at the Henry Stuart farm, located 8 miles west of Coleman, on September 23 for the first Coleman County "Field Day" event.

Purpose of the event is to present various types of new farm equipment and to acquaint farmers with various approved soil conservation systems.

The demonstration is being sponsored by the Santa Anna Chamber of Commerce, the Coleman Board of Community Development, the Coleman County farm implement dealers, the Coleman County AAA, and the Central Colorado Soil Conservation District.

A sound truck and announcer, supplied by the Gulf Oil Company, has been obtained to announce the proceedings.

Ford Barnes of Santa Anna will be the master of ceremonies of the event which will be directed by a "Field Day" expert from the Equipment Distributors Incorporated of Grand Prairie.

Here is a list of the activities for the day as announced by Nathan Clift head of the BGD:

1. Building of 5 miles of terraces.
2. Plowing of 24 acres of land with tiller plow.
3. Preparing of seed bed with

No. 1 C. Campbell Discovery Brought In For Large Oiler; Acidized Sunday

The oil well brought in recently on the Calvin Campbell tract 3 1/2 miles east of Santa Anna was acidized Sunday. The well is on the west side of the Santa Anna gas field on a 132 acre tract. Leases include 560 acres of land to the south.

The well was acidized, starting Sunday morning and completing at 1:15 p. m., with 5,000 gallons from Dow Chemical Company. It kicked off and cleaned itself until 5:15 p. m., then measurement in tank was started.

From 5:15 p. m. to 1 a. m., Monday, the discovery produced 96 barrels of oil in tank on three-sixty-fifths inch choke with 660 pounds casing and 180 pounds tubing pressure. Up to 2 a. m. it flowed 101 barrels and pressure

36th Division Reunion Ends

Waco, Tex., Sept. 12 —(UP)—Veterans of the 36th division disbanded today after electing as president of their association Brig. Gen. William H. Martin, assistant adjutant general of Texas.

Martin was elected unanimously yesterday at the end of the annual three-day reunion. He was commander of the 133rd infantry regiment during the war and will succeed as association president Charles M. Beacham, Corpus Christi.

Other officers elected were:

Unit representatives: Virgil Fulton, Santa Anna; E. E. Elliott, Taylor; Claude Morgan, Fort Worth; Paul Miller, Corsicana; and Penn Jones, Michlothian.

Directors at large: Col. John Forsythe, Camp Hood; and J. F. Lehane, Fort Worth.

Secretary treasurer of board: Douglas Boyd, Waco.

Mr. and Mrs. Fred Brusenhan left Monday night for a visit for the rest of the month with their son-in-law and daughter, Mr. and Mrs. Albert Griffin in Houston. While they are away, Mother Burris will visit with her granddaughter, Mrs. W. B. Lunsford and Mr. Lunsford in Coleman.

"Back To School Safely" Month

Austin, September 13—Reading, "riling," and "rithmetic time is here again for Texas youngsters.

"This is 'Back to School Safely' month in Texas and once again we must increase our vigilance while driving." This was the warning issued today by Ross Rommel, who heads the school safety program of the Texas Safety Association.

"School time," Rommel said, "takes the child away from his mother's apron strings for a few hours a day and during part of that time he is a potential traffic accident victim unless we adults protect him."

Emphasis on child safety is particularly appropriate in September, according to the Texas Safety Association, because at no other time of the year are so many young children exposed for the first time to the dangers of our streets.

The bumper crop of war babies now entering first grade not only tax school room facilities but school crossings as well.

Despite careful teaching by their parents of correct pedestrian habits, children are still immature in their thinking, and warnings have very little meaning to them," the Association says.

"We can't over estimate the importance of conscientious traffic training on the part of parents," Rommel said, "but we shouldn't forget that the responsibility for child safety will always lie heavier on the shoulders of the motorist than the parents."

"Motorists must not forget to expect the unexpected while driving near schools, playgrounds, and residential districts. When a child's life is at stake we can't afford the luxury of laxness."

Band News

The Santa Anna High School Band held try outs for band leaders for 1949 and '50. Head Drum Major is Billie Wallace, Sub Drum Major, Sandra Shields. Twirlers are June Parker, Deloras Wise, and Susan Renegar.

We found these girls to be very capable and we are sure they will improve the band.

Bobby Hewlett and Billy Franklin of Ingleside, visited over the week end with their grandparents, Mr. and Mrs. J. W. Jordan. They were on their way to Stephenville where they will attend John Tarleton College.

Mr. and Mrs. Shorty Bishop, returned last week from a two weeks vacation trip to San Antonio, Refugio, and other points in that area.

Mountaineers Tie Brownwood 'B' 6-6; To Meet Comanche Here Friday Night

The Santa Anna Mountaineers opened the 1949 football season on the home field last Thursday night with the Brownwood Lions "B" team. The Mountaineers scored early in the third period on a 96 yard run by Craig Douglas, and the Brownwood team scored mid-way in the fourth period. The game ended in a 6 to 6 tie with the Mountaineers penetrating the Brownwood line, the ball resting nearly on the goal.

The pre-game dope gave the Brownwood team the edge over the Mountaineers. They had been in training with the Class AA Brownwood team and had been "out-classed" in only one scrimmage, the Bangs Dragons. Both teams seemed to be pretty evenly matched on the field, and if it had not been for a few bad breaks, such as fumbling the ball, the score would have no doubt been on the Mountaineers side. Just as the game ended the Mountaineers pushed over a second score, but had it called back for an off-side penalty. They failed to push the ball over on

RESOLUTION BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF SANTA ANNA, COLEMAN COUNTY, TEXAS:

THAT beginning with the October bills, all water, sewer and sanitary bills are due on the first of each month, passed due after the tenth of the month, and ten percent penalty will be added. If the entire bill is not paid by the twentieth of the month water will be cut off and the meter taken out without further notice.

AND THAT a charge of one dollar will be made for turning on water at any time.

AND THAT WHEREAS in order to protect the general health of the citizens of the community, all septic tanks and cess pools must be built according to State Health specifications.

THEREFORE BE IT RESOLVED THAT all septic tanks or cess pools be condemned unless the person or persons installing same obtain a permit from the City Secretary and said septic tank or cess pool must be inspected and accepted by the proper authorities before being sealed.

AND THAT all open and pit toilets are condemned by the City and State Health authorities.

Passed and approved at regular meeting of City Commission September 7th, 1949.

the last try. Several of the Mountaineers turned in outstanding games. Douglas and Ray Hartman were outstanding in the backfield and Duane Mordock, Billy Mills and Joe Scott turning in exceptional games on the line. David Hunter turned in a good game as line backer and center.

The Brownwood kids penetrated the Mountaineer's line two times, once to the 6 yard line and lost the ball on downs, and again to the 3 yard line to lose the ball on a pass interception. The Mountaineers made 10 downs and Brownwood made 9.

This week the Mountaineers will meet the Class A Comanche Indians in the second non-conference game. The game will be played on the Mountaineers field and will start at 8:00 p. m. Regular admission prices will be charged.

The Comanche boys were defeated last Friday night by the Rising Star Wildcats 12-0. However, this was the first game for either of the teams and a lot of differences is expected in the game Friday night. Comanche has a 3-0 line averaging 175 pounds per man. Their back field averages 154 pounds per man. The Comanche Indians boast a squad of 28 men with 9 returning lettermen in many positions on the starting line-up.

Although the Mountaineers will be outweighed about 15 pounds per man, Coach McBride said that his boys are not giving up. He expects to win the game from start to finish.

Street Paving Fund Has Only \$25.00 Added This Week

Only \$25.00 has been added to the Cemetery Street Paving Fund this week. This makes a total of \$213.00 in the paving fund, and the goal set was \$350.00.

An appeal to anyone interested in seeing the Cemetery Street paved was issued this week. Everyone who owns property on this street is urged to contribute to the paving project.

The City Council announced this week that the paving of Bowie Avenue will be completed in approximately three weeks, and that unless the money for the paving of the Cemetery Street is raised by that time, work will have to wait on the paving project. In short, we must raise \$130.00 in the next three weeks.

There is a large number of interested persons in the Santa Anna community who are contributing to the paving project. We are sure that if each of us contributes a small amount, we can make some progress toward this project.

The money is needed NOW, so as to assure the paving of the street. Some may have the idea that a small donation of one or two dollars will not help very much, but just have you give to the project. However, these one and two dollar donations are greatly needed to help us get our paving project just as quick as we can.

We are planning to have a street paving fund drive, and we are sure that if you contribute to the paving fund, you will be helping to see that this street paved. You are urged to contribute to the paving fund by mail, or by dropping it in the bank, or by leaving your contribution in the hands of either of our representatives, regardless of whether you are a resident of Santa Anna. We must raise \$130.00 within the next three weeks, or the paving project will stop until we are able to raise the money. If the money is not raised in the three weeks time, it will most likely be a forgotten project within the next few months.

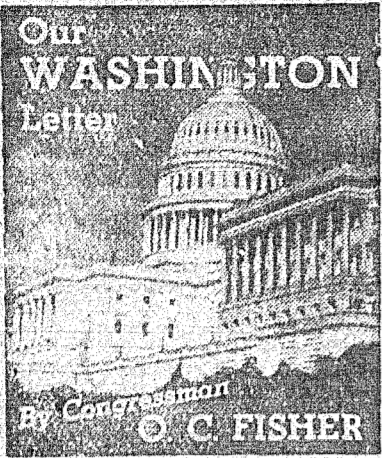

The city will not be in financial position to help on this project. They are seeing that Bowie Avenue is going to be paved. Of course the property owners on Bowie Avenue will eventually pay for the paving on their property, but at the present the city is having to carry a lot of paving leins on the property, and that requires just about all the money the city can tie up in paving projects at the present time.

We know that there are several who plan to make donations to the street paving fund. WANT YOU MAKE AN EFFORT TO DO IT NOW?

The donation this week was from Mrs. R. D. Kirkpatrick. Mrs. R. D. Kirkpatrick \$25.00
Total last week \$2109.00
GRAND TOTAL \$2134.00

The Newsletter is written this week by Miss Helen Routh, Secretary to Congressman Fisher, who is in Texas briefly during the recess.

One of the dullest places I went to the district for two weeks. He plans to be back here congressional recess. Only a

handful of Members remain here during recesses—those who have special assignments that keep them in Washington. And when recesses occur a good portion of the office staffs move homeward too. Offices are usually opened in the home districts, particularly when the recess lasts several weeks.

In the present instance, we who work in congressional offices look on the recess as a necessary nuisance. The time is too short to justify the opening of an office in the district, and time and expense will not permit us to travel as far away as Texas, and then return almost immediately. If we had our way about it, we'd prefer to keep plowing until the crop is laid by and then go home and not to be interrupted for awhile.

Congressman Fisher, however, is in Texas for the first time. From here they went to Cleveland to witness a big air show.

But the recess does give us time to catch up with the office work. The mail, which is somewhat lighter during recess, brings us interesting new work to do, new contacts to make, and various types of service to perform for those who write us. There is something new and different each day.

Then, too, the going is made more interesting by the visits of our friends and constituents. They are always welcome. The other day, for example, Mr. and Mrs. Doyle Lane of Veribest came by, along with Mrs. Ovie Clark. Mrs. Clark is from Goldthwaite and is the wife of Major Clark, formerly of Goodfellow Field but now head of the ROTC program at nearby Maryland University. The Lanes drove up from Texas to visit friends and to see Washington for the first time. From here they went to Cleveland to witness a big air show.

A few days ago Honorable J. Ed Johnson, formerly of Brownwood and now of Dallas, along with Mr. H. L. Cravens of Brownwood, came by to see us.

Jack Hight, of San Angelo, arrived in the Capital recently to take a course that may last a year in Georgetown University. His speciality will be foreign affairs and consular work. Another visitor was general E. E. (Pat) Murphy, of San Angelo. At about the same time came Margaret Stites, a teacher in the San Angelo College, along with Frances and Mary Routh, the latter two from my home town of Ballinger. Mr. and Mrs. Louis Lourig, with Dick and Marilyn, now living at Pokin, Illinois, but formerly of Del Rio, visited us recently. Mr. Lourig, a long-time personal friend of Congressman Fisher, is engaged in the newspaper business and was vacationing in Washington.

throw his weight around among folks who probably paid very little attention to him.

And everyone seems to have his or her opinion about General Vaughan and his attempts to put in good words for his friends. Most everyone I have ever heard mention if agree that the General used bad judgement in using his influence while in the White House on petty things, and that such activity detracts from the dignity of his office of Military Aide to the President of the United States. Whether or not General Vaughan has done anything criminally wrong, I don't know. Probably not, according to the papers. But it seems to me that just the investigation and exposure at the activities of these people will alone serve a very good purpose by helping to prevent these things from happening in the future.

Mr. and Mrs. Tommie McDonnell and children, of Plains, are here visiting during his vacation, with her parents, Mr. and Mrs. Barney Lewellen.

James Neal Williams returned home Tuesday night from a weeks visit with a cousin, Mrs. Harvey Lee and family, in El Paso.

State Health Department Letter

Austin, Texas.—Undulant fever or Malta fever a disease contracted from cattle, goats or sheep which are infected with contagious abortion, is being reported sporadically throughout Texas and the nation, according to Dr. Geo. W. Cox, State Health Officer. This indicates malta fever to be a public health problem and the attendant need of more general recognition by the public to the disease.

Undulant fever is so called because of the wave-like variations in temperature. The symptoms include rise in temperature, loss of weight and strength, chills, sweats and joint pains. The disease has rather a low mortality rate, but important because symptoms may persist for a number of weeks and even months

before normal health and strength are restored.

In Texas, the goat, horse and cows are the usual spreaders of the disease. The germs of undulant fever enter the body through the mouth or skin. Therefore, care should be used in handling animals known to be infected and dairy products from the same sources should be pasteurized, if used. More men acquire this disease than women and adults seem more likely to have it than children. More cases are found in the rural areas than in the cities.

The true prevention of undulant fever is based upon the detection of the disease in livestock and the elimination of infected stock from the herds. Dairy herds should be tested for Bacillus abortus. This is a task that cannot be accomplished in a short time. Pasterization of milk will prevent the spread from this source.

Take Your Family To Sunday School

It is a treat to take your family to Sunday school. Yes, a treat that will be the cause of rejoicing in your household. And, with this joy will come the moral strength and the soul-satisfying experience that only religious worship can give.

From the good book we learn: "Train up a child in the way he should go; and when he is old he will not depart from it."

The spiritual guidance of Sunday school is more important than ever before in world history, for "righteousness exalteth a nation; but sin is a reproach to any people."

Peace throughout the world can only be founded on the firm rock of religion. Religion is the very heart of our being—our most precious asset. It is our

strongest bulwark for peace. If it touches us in childhood, it will remain the rod and staff of our adult life.

By placing a high value upon church and Sunday school attendance, regardless of creed, we deepen the faith of our children and make a lasting spiritual contribution to their growth.

We fathers and mothers of America must take and send our boys and girls to Sunday school, for religion is the very strongest link in the chain of family unity. And united families, with firm spiritual faith, not only are happy, wholesome, and child-reared, but also are the surest and best way for the preservation of democracy.

Sunday school attendance makes for the well-balanced life. So, fellow Americans, let's take the family to Sunday school, and give them a heavenly joy and fellowship in the greatest educational institution on earth.

937 Peace Officers Take Enforcement Course From U.S.T.D.

Austin.—Nine hundred and thirty-seven Texas peace officers participated in law enforcement training program conducted by the Texas Department of Public Safety Training Division during the 12 month period ending August 31st, according to an announcement today by Hon. J. H. Garrison, Jr., Director of the Public Safety Department.

A total of 19 schools were conducted with 201 Peace Highway Patrolmen and Drivers License Examiners graduated; 185 members of the Department received inservice training; and 551 city and county officers were enrolled and graduated from schools offered by the Department of Public Safety. The latter group included a school for newly elected sheriffs and their deputies which was held last fall as well as classes held in several cities over the State for the benefit of local officers.

Mr. and Mrs. Newman Upton, and Janice, of San Antonio, were week-end visitors here, with their parents, Mr. and Mrs. T. H. Upton and Mr. and Mrs. Lee Boardman. Other visitors in the Upton home Sunday were their son and daughter-in-law, Mr. and Mrs. Tommy Upton, of Coleman.

Visitors in the J. W. Dixon home over the week end were: Mr. and Mrs. James H. Dixon, of Benbrook; Mr. and Mrs. Claude Dixon, of Fort Worth; Mr. and Mrs. Tom Dixon, of Benbrook; Mr. and Mrs. Elmer Kelley, of Benbrook; Mrs. Kelley is a daughter of Mrs. James Dixon. Mr. Kelley has recently been discharged from military service.

The Kelleys are now making their home in Santa Anna. Mrs. Kelley and Miss Dixie Dixon have recently come from a visit with their sister and brother-in-law, Mr. and Mrs. H. J. Seaman, of Orange. They also visited in the homes of Mr. and Mrs. Frank and Galena Seaman.

Texas Farm Bureau Federation To Hold District Meeting In Abilene

A series of 25 bi-district meetings sponsored by the Texas Farm Bureau Federation will be held throughout the state of Texas September 6-21, it has been announced by J. Walter Hammond, federation president. The two meetings scheduled for this district will be held in the Hotel Wooten, Abilene, on Saturday, September 17, and in the V. F. W. Hall, Comanche, on Monday, September 19. Director Raymond McElrath of Coleman will preside. Meetings will start at 10:00 a. m. assisted by Austin A. Crowmover, state field representative. The United States Congressman from the district has been invited to appear on the program and speak to the group on agriculture trends in Washington.

ings will be a queen contest scheduled for 3:00 p. m. The queen selected at each meeting will participate in the ceremonies at the state convention in November at which time the district queen will be determined, and a state queen chosen from the district winners.

Farm Bureau spokesmen will give farmers and ranchers first hand information on developments in the agriculture field directly affecting the welfare of farm people; they will also seek the views of the people on current issues as well as future programs.

Enrollment procedures to be used in the state-wide membership program to be conducted in October will also be discussed. In reviewing some of the accomplishments of Farm Bureau in 1949 made possible by a good membership President Hammond called attention to work of the organization in securing adequate storage facilities for grain producers which is estimated to have saved Texas farmers approximately \$45,000,000; also the Farm Bureau's efforts in securing a support price on cottonseed, estimated to have saved farmers of Texas another \$20,000,000.

All farmers and ranchmen, and agriculture agency leaders are invited to attend the meetings.

Local Baptist Church News

The most interesting news in Baptist affairs at the present time is the Annual Coleman County Baptist Association at First Baptist Church, Santa Anna, Tuesday and Wednesday, September 20 and 21. The meeting opens at 7:30 p. m. Tuesday and will continue through Wednesday with the local church serving the noon meal.

Mrs. Dovie Chapman stresses attendance at the Annual W. M. U. Associational meeting at First Baptist Church, Coleman, Monday, September 19. The program begins at 9:35 a. m. and runs through the day. Mrs. Chapman is president of the Associational W. M. U.

Mr. and Mrs. Emzy Brown, Mrs. John Brown and Harry C. Wigger attended the State Sunday School Convention at San Antonio last week. Mrs. Wigger is in Austin this week attending a meeting of the Executive Board of the State W. M. U. of which she is a member.

The Junior Girls Auxiliary under the direction of Mrs. Virgil Priddy presented a playlet "Americans All" at the Sunday evening service. During the last few Sundays the special music by the young people has been enjoyed very much.

The church records show that progress has been made in Sunday School and Training Union attendance. The average attendance in Sunday School has increased from 177 to 202; and in Training Union from 48 to 63 as compared to last years records.

Maj. Rex Golston Commended By Rear Adm. Tomlinson

A letter received this week by Mr. and Mrs. Rex Golston Sr., was a copy of a letter sent to the Commanding General of the 1503 Air Transport Wing, Stationed in Japan. The letter commended Major Rex Golston Jr., for the manner in which he handled messing facilities and snack bars at Haneeda Air Force Base, Japan. The letter, in part, read: "Major Golston showed, under extremely difficult conditions, outstanding qualities of initiative, resourcefulness, and leadership in planning and completing the facilities mentioned, in requisitioning and acquiring new equipment, properly training and organizing personnel, and tactfully supervising native Japanese help not withstanding language difficulties.

"It is with sincere pleasure that I extend my appreciation to Major Golston. His conscientious performance of duty has greatly heightened the moral of all airmen at Haneeda Air Force Base."

Howard Payne To Play Second Game Saturday Night

Brownwood, Texas, September 13: The Howard Payne College Yellow Jackets will play Louisiana Tech's Bulldogs Saturday night, September 17, at Brownwood High School Stadium. This game, the second of the current season, is a non-conference tilt. The Jackets and the Bulldogs have met two other times prior to this battle, each team winning once. This, the third game between the two teams, should prove to be an exciting play-off to decide the winner of the three-game series.

Last Saturday night, the Yellow Jackets dropped their opening tilt to the powerful Eagles of North Texas State. Though on the small end of the score, the fighting Jackets proved

Religion and Habits

Lesson for September 18, 1949

IF RELIGION is not moral, it is a poor thing, no good religion. If morality is not religious, it soon crumbles. Religion has to be moral and morality has to be religious.

Dr. Foreman

There is a question in what they do. Some times and never really a piece, he is introduced in their hands as though as their souls.

Churches and Liquor Don't Mix

THIS truth, that right religion and right behavior are things that go together, is a fact.

It is a sore spot, the drink habit. Why does the church make such a fuss about people drinking? Catholic churches are opposed to liquor in excess, and most Protestant churches are opposed to liquor, period.

The movies have made the "sin" of the bartender, almost respectable, but the church knows better. Why? Well, the time ever come when the churches are not opposed to the liquor business?

No, it will not. Because the churches know what liquor does. The minister is usually the man taking with the lawyer and doctor and the sheriff who has to pick up the pieces when drink gets a man or a woman and breaks up a family.

The car that "went out of control" the disaster that should not have been fatal, the family quarrel that grew to hatred and violence - to speak enough of these caused by alcohol, to have no illusions about the stuff.

A Psalm in Reverse

IF THERE is a single reader of these lines who imagines that religion is only a "matter of the soul" and has nothing to do with what people eat or drink, then let him try a little experiment with the 12th Psalm.

As it stands in the Bible, it is a description of the kind of man who can appear without shame before God. In short, of the religious and moral man.

Now beginning with verse 2, take the Psalm phrase by phrase, and see how false and ridiculous it is if you try to make the description fit the man with the drink habit.

"The victim of drink walketh uprightly, and worketh righteousness." Quite the contrary, he seems to be doing his best to ruin his own happiness and that of others.

"The drunkard speaketh the truth in his heart!" There is one truth he never speaks in his heart: I am a drunkard. The one thing the victim of alcohol never admits till it is too late (if ever) is the hold which alcohol has on him.

Contempt Is No Cure

WELL, read on for yourself. The slave to alcohol (and many a man is chained to it, who would feel insulted if you called him an alcoholic) certainly does not fit the description of the man whose life God approves.

But the Christian will by no means think his duty done merely by sitting in the scorners seat, or being an abstainer himself, or even by helping those who have fallen into the pit. He will remember that an ounce of prevention is worth a pound of cure.

The liquor business has no conscience. It sometimes comes out

What Do Women Discuss At Gatherings Singing Sunday

What do you think women talk about when they get together? "Men." No indeed. The question most discussed when the fair sex meet at parties or at the local addresser's is the "high cost of living."

What do you think is the next most discussed subject? Fashions, or the newest techniques of child rearing? No, you are wrong again. In the number two spot on the list of feminine discussion topics is hold on to your hats—business and economic conditions in our country.

A leading women's magazine recently asked a cross section of readers what were the topics they discussed most frequently. These are the results as reported in the Woman's Home Companion.

with pious remarks about temperance—but it keeps right on advertising, it knows no law but profit. The only whole-hearted workers for temperance will always be the people who make no money out of intemperance. And the most effective workers for temperance will be those who themselves, in all their habits, give examples in life of what they preach.

In discussing the problem that is uppermost in the minds of America's housewives, an Illinois woman said: "We must have one-track minds because my friends and I are still talking about the same thing—we were harping on two years ago—prices."

In summing up the feelings of women surveyed, the Companion reports that they all seemed to feel that the bubble of inflation has burst at last even though high prices remain to plague them.

Ways To Prepare Your Child For School

Preparing a child for the first strange weeks of school can do much to assure him of a pleasant journey on his climb toward a stable, well-balanced personality, say child rearing experts.

"This does not mean you have to teach your child 'book-learning' before he starts to school," says Anna Wolf writing in the Woman's Home Companion. "But all mothers should see to it that a pre-school child is exposed to certain situations and experiences which will give him confidence when he goes to school."

Among the many ways in which parents can help the pre-schooler get ready to go out into

the big world is to let him have a pet. Generally the five-year old cannot take full responsibility for a pet, but sharing in such a responsibility makes taking on school duties easier.

Also a young man old enough to go to school should know his name, address, phone number and should be taught to look on a policeman as a friend. This is a good time to teach him simple traffic rules.

If the child is willing, says Mrs. Wolf, spending the night at a friend's house gives him a feeling that the world is larger than four walls of a home. Playing with other children in the neighborhood will also help him get used to the give-and-take routine of school life.

Texas Prison Rodeo Will Open October 2

Huntsville, Aug. 24—The 18th edition of the Biggest Prison Show on Earth, the Texas Prison Rodeo will open in Prison Stadium, Huntsville, on Sunday, October second at 2 p. m. It will be held each Sunday during the month and on Wednesday, October 19, Mr. French Robertson, rodeo chairman of the prison board announced today.

According to the Abilene board member, plans are already made for the greatest rodeo in the history of the annual event. Live-stock and inmate performers will be up to their usual neck-breaking standards of savagery and wildness with many new acts and performers already signed up.

Among the old timers who will again be associated with the Prison Rodeo are Albert Moore, returning for his sixteenth year as manager of the show he developed into the fastest, wildest rodeo in the world; Roy Dillon, the

familiar "voice" who is regarded by many as the best rodeo announcer in the Southwest, will again be on hand to MC the show; and Mr. A. C. Turner, prison rehabilitation director, whose 1938 publicity program was responsible for setting new highs in ticket sales and revenue, will again direct advertising and publicity.

Each performance of the greater new 1949 Prison Rodeo will include novelty acts, standard rodeo events such as calf roping, bareback and saddle bronc riding, bull riding, etc., and exclusive Prison Rodeo features such as the hilarious chariot race, the huge prison military band the Gorce Cowgirls, wild horse race, and the breathtaking mad scramble, wild cow milking and the music of the Prison Stringsters. Mr. Albert Moore promises, "a spectacle they'll never forget."

Local Methodist Church News

Although the attendance the second Sunday was not as large as sometimes, it was most commendable. "Portraits of Jesus In Prayer" was the pastor's subject. A picture of Jesus praying was an appropriate setting for the service.

Our boys and girls were given recognition at the evening hour. The special feature included the

exercise "How Quiet I should be When I Worship" and a Flannel-board presentation of a Bible verse, which was a portion of the first recorded song in which children had a part. The Youth Choir rendered an anthem as they do each Sunday evening. Their new hour for rehearsal has been changed to Tuesday afternoon at 3:30.

A large group was present for the initial study on Japan when the W. S. C. S. met Monday with Mrs. Tom Hays. The hostess and co-hostess, Mrs. Golston, had arranged an attractive display of articles from Japan, most of which had been sent from there by Rex Golston, Jr., who, with his family, is now in Japan. Mrs. Crews, director of study, was assisted by Mrs. Blue who presented an interesting article following a devotional by Mrs. Albro. An unusual map was used in presenting the introductory study. Refreshments further accentuated the chosen subject, with miniature Japanese fans as favors.

The Youth District meeting at Coleman Tuesday evening was attended by members of our M. Y. F. who have been taking an active part in the district program.

The program of work as outlined by the Conference has the backing of local officials, who are seeking to become fully informed, that they may share the information with others. With every member doing his part a great future is to be experienced throughout the entire member-

ship. The Board of Education efforts the Board of Education efforts are being made to secure a full staff of workers in the church school, who are willing to give of their time and otherwise serve in such a way as to make the coming year our best.

Let us remember the family night announced for the third Wednesday in the month, at which time a fellowship supper is to be served. Every family is urged to attend. Bring a covered dish and enjoy a meal with others.

A cordial welcome to every service awaits any who care to come.

Family Night Party Well Attended

On last Friday night, the annual Family Night Party of the Home Demonstration Club, was held at the home of Mrs. Clifford Stephenson. The affair featured an old fashioned ice cream supper. Guests assembled on the spacious well lighted lawn. The evening was rather cool, but several gallons of ice cream were consumed, and a variety of cakes were enjoyed. Later in the house, coffee was served and games played. The women especially enjoyed seeing a lovely antique chest, or high-boy that the Stephensons have lately refinished. The piece had belonged to Mrs. Stephenson's great grandmother and harmonizes with other furniture, they have refinished in recent months.

Approximately 40 persons attended.

Mrs. C. D. Bruce was the guest speaker, and installed officers, at the opening meeting of the Shakespere Club in Coleman, Tuesday afternoon. At the conclusion of the meeting, a tea was held, at which time, Mrs. Bruce was presented a gift. Mrs. J. R. Bannister also attended the meeting.

Self Culture Club Meets In Ranger Building Friday

The Self Culture Club opened its year activities, with a morning coffee, on Friday, September 9. The regular meeting followed the social period, the affair being held in the Ranger building, which the club was instrumental in establishing. It was appropriate that the Texas Day program was held in this building, which was erected in honor of early Texas Rangers.

Decorations consisted of seasonal flowers and pot plants. The committee on arrangements consisted of Mrs. C. D. Bruce and Mrs. Hardy Blue.

Mrs. Preston Bailey presided at the coffee service at a table, laid with lace, which had a central arrangement of liatris and purple petunias.

Mrs. Preston Bailey, the new president, presided at the meeting, which opened the 46 year of the clubs existence. Roll call was answered by your birthplace and interesting incident.

Famous Men of Texas was Mrs. Elgean Shield's subject and Prominent Club Women of Texas was Mrs. C. D. Bruce's topic. Both were well done. Mrs. Ollie Weaver discussed the club constitution, and conducted a round table discussion of the amendments to be voted on at the general election in November.

The next meeting will be held in the home of Mrs. Ollie Weaver, on Friday afternoon, September 23, when Miss Eudora Hawkins, of Abilene, will show films on "The Beauties of Central America." Visitors attending were: Mmes. Sam Collier, Kitty Wallace, R. K. Green and Ted Stewardson.

Members present were: Mmes. Preston Bailey, J. R. Banister, Ford Barnes, J. Edd Bartlett, C. D. Bruce, Hardy Blue, C. L. Eads, L. O. Garrett, A. L. Odeh, M. D. Pinkerton, Ollie Weaver, Norval Wylie, Elgean Shield and Mrs. W. F. Smith.

Mrs. Jesse Goen and her four children have moved from Austin to Santa Anna. Jesse has accepted employment in California. Three of the Goen children have enrolled in the Santa Anna schools.

Mrs. Lela Hays was a week end visitor with her daughter, Mrs. Alice Louise Hall, at Giddys, who is on the staff of a hospital there. Mrs. Hays brought back Jackie Hall home with her for an indefinite visit.

Mrs. C. A. Kilmer returned home Sunday night, from a visit since Thursday, with her granddaughter, Mrs. Clark Johnson and family at Lubbock.

News Receives Letter From Dist. Attorney Ralston P. Haun

This week the Santa Anna News received the following information concerning the murder of the Brady real estate man and the so-called Sandra Peterson, who is charged with the murder. To The Press And The Public: Concerning the "Sandra Peterson" case at Brady:

After consultation with my associates, Mr. Atkins and Mr. McCollum, of Brady, it is believed proper to make the following statement about the case, which has been given so much unnecessary, and probably detrimental, publicity.

Unfortunately, we do not know the actual name or age of this individual, whose name is probably "Sophie Peterson."

Her age has been variously stated by her from 17 to 23. She and her close associates have given four different names for her, another source has suggested two more—six in all.

Some days ago we received a purported birth certificate similar to the one published in the newspapers recently. This instrument has added uncertainty concerning her age and name. It is not going to be acted upon as such until it is clarified and established as the birth certificate of this individual, rather than for one of her sisters, or other female relatives.

This is a serious case, and, as heretofore stated, we are going to proceed, and to handle it, in such a manner that the defendant, the people, and the dead man—Louis Paterson—will each

receive justice as nearly as is now humanly possible.
 Respectfully,
 Ralston P. Haun,
 District Attorney, 35th District,
 Coleman, Texas.

Newsmen To Attend State Fair At Dallas

More than 2000 Texas newspaper and radio men will be guests of the 1949 State Fair of Texas when the \$35,000, 000 exhibition opens Oct. 3 for a 16-day run.

Opening Day is traditionally Press and Radio Day, when newsmen rather to view the newest wonders wrought by the Fair and to report them to their readers.

Representatives of virtually all daily and weekly newspapers and radio stations in the state will be on hand for opening day festivities.

A number of Oklahoma newspaper men also have issued invitations.

Most of the weekly newspaper editors who will attend the Fair will wait until they return home to write accounts of the exposition for their readers, but representatives of the big dailies will file thousands of words to their newspapers describing the glories of the 64th State Fair of Texas.

The newspaper and radio men will be guests of the Fair at the Texas-Oklahoma football classic; Spike Jones will give them a special late matinee performance of his Musical Depreciation Revue of 1950, in the Auditorium, and Eddie Chitwood's daredevil drivers will entertain them with a program of "planned calamity" at the grandstand at 8 p. m.

The visitors will have a professional interest in the exhibition of statewide winners in the competition of Texas press photographers. The display will be open to the public for the first time on Press and Radio Day at the Museum of Fine Arts.

In between these events, newsmen will find plenty to occupy their time at they nose about among the outstanding commercial exhibits, the top-flight livestock show featuring 26 breeds, the special exhibits at the five Fair Park museums, the million-dollar Midway, and the "new look" poultry and agriculture show.

Mr. and Mrs. W. L. Campbell and Carolée, and Mrs. Campbell's sister, Mrs. J. W. Carroll, of Bangs, attended the marriage of the ladies niece, in Ballinger, Tuesday night, September 13. Vows were exchanged at 7 o'clock at the First Baptist Church, officiating in wedlock Miss Sallyae McGahey and Mr. Horace Atulipp.

Mrs. H. T. Baxter, of Stephenville, visited last week with her sister, Mrs. A. Peffer and family. On Friday her daughter, Mrs. Ethel Biggs, also of Stephenville, came and spent the day, and she returned home with them.

Mrs. Julia McGonagill left Tuesday morning for Tucson, Arizona, where she has accepted employment.

Mr. and Mrs. James Hipp and daughter, returned to their home at Colorado City, after a ten days visit here with their parents, Mr. and Mrs. George Hipp, and Mr. and Mrs. Dan Wristen.

Humble To Broadcast SWC Football Games

One of the most unusual football broadcast timetables ever to confront listeners comes up this week on Humble Oil & Refining Company's weekly broadcasts of Southwest Conference games.

There will be but one day game—Texas vs. Temple in Philadelphia—and that game will come to listeners with a 12:30 p. m. kickoff because of time zone differences.

The remainder of Saturday's heavy six-game schedule will be sprinkled in 11 1/2 hour intervals, as follows: Three strong Southern Conference teams invade Texas with Wake Forest-SMU at Dallas, South Carolina-Baylor at Waco, and Clemson-Rice at Houston. Texas Tech and Texas A & M at San Antonio and KXOL at Ft. Worth

will carry the game. Eight p. m. is broadcast time for the T. C. U.-Oklahoma A & M game. Stations will be WBAP, KATL, Houston; KPRX, Wichita Falls; and KREL, Baylor. and Charlie Jordan and Ted Thompson will be announcers.

The University of Texas-Temple broadcast gets off to an early start, 12:30 p. m. over stations KATL, Houston; KPLD, Dallas; KABC, San Antonio; KTBC, Austin; and KHGV, Weslaco. Verlan will be the announcer.

Stations KWTX, Waco; KLEF, Houston; and WRR, Dallas will carry the broadcast of the Baylor-South Carolina game starting at 3:00 p. m. Dave Russell and Buddy Bostick will handle play-by-play and color, respectively.

Eight p. m. will also be broadcast time for the Texas A & M-Texas Tech game, with Bill Michaels announcing play-by-play and Alec Chessed color. Stations carrying the broadcast will be KABC, San Antonio; KFJZ, Abilene; KGKL, San Angelo; KBST, Big Spring; KBWD, Brownwood; KCRS, Midland; KFYO, Lubbock; KORA, Bryan; and KTRF, Lufkin.

merely by sleeping, and thus allow over-taxed minds and bodies to secure the proper rest, it is hard to understand why so many persons are heedless of this important health measure.

Some individuals require more sleep than others. How well we sleep is as important as how long we sleep. A good night's rest means a sufficient number of hours spent in sleep to enable each person to feel well, do efficient work, and to keep in a cheerful humor the next day.

Some outdoor exercise each day, a comfortable bed, and fresh air in our sleeping quarters," Dr. Cox said, "will help us to sleep soundly at night. Do not mull over your problems and ideas after you have gone to bed. Make your plans early in the evening for a good night's rest by slowing down from the physical and mental work of your daily life. When you arise each morning rested and with a feeling of general well being, you will be amply repaid for your thought in planning a good night's sleep."

Mr. and Mrs. D. D. Bryan of Abilene, visited Sunday with her brother, Vernon Herring, Mrs. Herring and Jerry.

Mrs. R. C. Gay returned home Monday, from a visit of several weeks with her son, Leeper Gay, at Prescott, Arizona. She also visited while gone with her sister, Mrs. Ruby Westerman, at Albuquerque, New Mexico. Leeper brought her home for a visit of several days.

It would be honest enough to censor ourselves, we wouldn't fear the censor of our neighbors so much.

Texas State Dept. Of Health Letter

San Antonio, Texas. Sleep is a necessary part of life, according to Dr. Geo. W. Cox, State Health Officer, and habitual loss of sleep is apt to retard the body's recovery from fatigue of the day's activities.

"We are able to go with- out sleep for a night or two, but the little sleep for a prolonged period will undermine the health of a rugged person and turn a vital individual into a cross-jammable one," Dr. Cox said. "When good health can be protected to such a large extent

T. S. A. Urges "Spare The Gas And Save The Child"

Austin, September 20—Texas was urged to "spare the gas and save the child" in a statewide September campaign launched by the Texas Safety Association against traffic accidents to school-age children.

"No matter how much safety education a child has had drilled into him," said George Clarke, Executive Director, "the fact remains that it's largely up to the motorist whether the child lives or dies."

The Association pointed out that home training and school safety lessons are extremely valuable in impressing youngsters with the dangers of playing in the street and crossing between intersections. But on the other hand, the Association warns, a child in the heat of play forgets quickly and easily the lessons that he has learned, so the bulk of the responsibility falls upon the driver.

Clarke told motorists they can save a child's life by following these rules:

1. Regard every child on the street as a flashing caution sign.
2. In school zones, residential districts and near playgrounds, be especially watchful for children and expect the unexpected at all times.
3. Give bicycles a wide berth. Inexperience, a poor sense of balance, holes in the road, or just sheer childish absent-mindedness can place the rider directly in your path without warning.
4. In residential sections be on the alert at driveways and intersections for trierive rollers, skaters, scooter riders.

The Texas Safety Association is sponsoring the school safety campaign as part of a continuing traffic safety program in cooperation with the Texas Congress of Parent-Teachers and other groups.

Mind if we read YOUR FOREHEAD?

We see you're worried.

About the future, most likely. Your future - and that of your loved ones.

It's a shadow that crosses the mind of every thoughtful family provider.

Will your children be able to have that college education? What of the other plans you've made? That house in the country? That time-out to see something of the world, while you and your wife are still young enough?

The way to erase those worry lines permanently is with a planned savings program - a fool-proof plan that safely tucks away a part of your earnings, each payday.

U. S. Savings Bonds are the surest, soundest investment you can make today. Each Bond is 100% guaranteed by the Government - and pays you back \$4 for every \$3 you put in, after ten years.

Enroll now in the Payroll Savings Plan. Or, if you're not on a payroll, ask your bank about the equally convenient and profitable Bond-A-Month Plan.

The only lines that Savings Bonds make are around your smile!

Your Child

A WEEKLY COLUMN

conducted by Claud C. Ruch, Educational Director, Childcraft Advisory Service

"You're Driving Me Crazy" is just a song—it's what some parents literally do to their children by putting too many demands on them.

I'm sure all of you know parents who "discipline" their children by constantly nagging, scolding, and criticizing. In fact, they are constantly nagging, scolding, and criticizing.

Finally, the youngsters rebel. They have hysterical crying fits, sullenness, and kicking and screaming.

Unaware that they have created the tension leading to these outbursts, parents often further aggravate such situations by their confused reaction to them.

Frequently, they become irritated and excited themselves under the pressure of the child's hysteria and try to solve the problem by slapping or spanking the child without regard for the cause of his behavior.

Or they may decide, as a result of several of these incidents, that Junior is a "problem child" and needs even more discipline than he is already getting. This creates an increasingly hostile atmosphere between parent and child that only leads to further scenes and more unpleasantness and tension.

As an adult, you can put yourself in the place of a child by asking yourself honestly: "How would I like it if someone were after me every minute of the day with orders to:

"Stand up!," "Sit down!," "Say something!," "Stop talking!," "Don't ask so many questions!," "How do you ever expect to learn anything if you never ask?"

THE Sad STORY OF TEN LITTLE FREE WORKERS
(It is later than you think . . . it can happen here!)

THESE ARE THE WORKERS
REDDY DOCTOR RAILROADER MINER STEELWORKER FARMER LAWYER GROCER SALESLER REPORTER

Ten little free workers in this country fine and fair.
But if you cherish your freedom—worker have a care!
Ten little free workers—Reddy was doing fine
Until the socialists got him—then there were nine.

Nine little free workers laughed at Reddy's fate
When came federal medicine—then there were eight.

Eight little free workers thought this country heaven
But the government took over the railroads, then there were seven.

Seven little free workers—till the miners got in a fix
Uncle said coal's essential and took over leaving six.

Six little free workers till the day did arrive
The steel mills too were federalized—then there were five.

Five little free workers—but the farmers are free no more
The farms have been collectivized—that leaves only four.

Four little free workers till the government did decree
All must have free legal advice—then there were three.

Three little free workers—the number is getting tew,
But with government groceries selling food—then there were two.

Two little free workers—our story's almost done,
With clerks at work in federal stores—that leaves only one.

One little free worker—the reporter son-of-a-gun
Mustn't criticize government—so now there are none.

Ten little workers—but they are no longer free
They work when and where ordered, and at a fixed rate you see,
And it all could have been prevented if they'd only seen fit to agree
And work together instead of saying "it never can happen to me!"

Does the fear of punitive action of government bureaucracies prevent your action in defense of the freedoms for which our forefathers toiled and fought . . . or is such action just too much personal trouble?

WE HAD BETTER WAKE UP . . . IT'S LATER THAN YOU THINK!

Savings Bonds Offered To Farmers And Ranchers of Tex.

Dallas, Sept. 20.—The value of financial reserves in farming and ranching operations will be emphasized in a special effort to sell U. S. Savings Bonds to farmers and ranchers of Texas this fall, Nathan Adams, state Savings Bonds chairman, announced today.

The program is now getting started with the cooperation of the major state and federal agriculture agencies, Adams said and will extend into all of Texas' 254 counties. He said it would continue through October and possibly well into November.

Nearly all of the 385,000 farm and ranch families in the state will receive letters and printed literature about Savings Bonds, Adams said that the mailing lists of county agricultural agents and county representatives of the Production and Marketing Administration (PMA), the Production Credit Corporation (PCC), and the National Farm Loan Association (NFLA) are being utilized to achieve virtually 100 percent distribution in rural areas.

Adams said that other activities in the program will include distribution of 25,000 to 30,000 posters for display in banks, cotton gins, hardware and implement stores, and other places where farmers meet or transact business; distribution of special literature to vocational agriculture students; and application of projects to be undertaken by various agriculture and livestock associations.

"A financial reserve is a powerful aid for proper management of a business," Adams said "and farmers and rancher need such a reserve for their business just as much as do the merchant or manufacturer."

"We want the farmer and rancher to become as well acquainted as the city man with the value of Savings Bonds as the means for acquiring financial security. Agriculture has always been a hazardous business, subject to sudden disasters such as flood, drought, epidemic in the

livestock, or a sharp break in commodity prices. The farmer or stockman who builds a strong financial reserve for himself by investing in Savings Bonds during the good years protects himself by investing in Savings Bonds during the good years protects himself against these emergencies.

"If emergencies fail to develop, his cash reserves are still available for buying more land, expanding production, replacing old buildings and equipment, home improvement, education of his children, or comfortable retirement in old age."

Local Methodist Church News

"The Steps of a Good Man" was the theme for the sermon Sunday morning with "The Measurements of a Man" as the subject for the evening hour. Each sermon was preceded by a beautiful anthem, ably rendered as usual.

The Adult classes are getting organized and making plans for the new year. Next Sunday is Promotion Day; however, those being prompted will not be enrolled in their new classes until the first Sunday, which marks the beginning of the new Sunday School year.

The W. S. C. S. is having the second lesson in their study on Japan. This timely study should have the interest of every member of the church as well as the women.

As a part of the 100th anniversary lessons in the Sunday school on the Fourth of July, a special service is being planned for Sunday afternoon at which time 100 hymns will be sung, and 100 prayers will be read.

The first three days of this week are being spent at Glen Lake, Glen Rose, by the Methodist pastors of the Central Texas Conference in interest of the Advance Program, which is directed by the bishops and district superintendents.

Please note the change in our evening hour of worship to 7:45 and the M. Y. P. to 7:00.

Mrs. J. P. Copeland observed her 75 birthday quietly in her home Monday the 19. She received a good many birthday cards that helped to brighten the day. She has moved back to her home recently from the home of her daughter, Mrs. O. S. Allen, where she had been staying for the past several months. Mrs. Copeland continues to get about over the house, quite well in her wheel chair.
