Mountaineers Win First Conference Game 26-0; To Lakeview This Week

The Santa Anna Mountaineers trounced the May Tigers last week to the tune of 26-0, with all scores being made in the second half. R. D. Hartman, Mountaineer Right Half, scored in both the third and fourth periods. Craig Douglas scored in the third period and Luther Talley scored in the fourth period. Two extra points were made.

During the first half the May Tigers looked like they were the best team. Had it not been for a number of costly fumbles for the Tigers during the first half the Mountaineers may have seen the Tigers running over a score or more. About mid-way in the third period, after May had made two attempts to kick away from their own goal line, the Mountaineers took over and Hartman ran from the Tigers 23 yard line to cross the goal line standing up. The try for extra point failed and the score stood 6-0. Two plays after the kick-off the Mountaineers recovered a Tiger fumble on the Mountaineer 35 yard line and on the next play Craig Douglas caught a 25 yard pass and ran the remaining 40 yards to cross the goal line standing up. The try for the extra point was good, making the score 13-0 at the end of the third period.

In the fourth period, two plays after the Mountaineers had recovered another Tiger fumble on the Tiger 20 yard line, Hartman again went through the line and over for the third tally. The try for the extra point failed. After the kick-off, Coach McBride sent in the entire second string and in 7 plays the second string carried the ball over for the final score. The extra point was good and the game ended with the score being 26-0.

This week the Mountaineers journey over to Lakeview for their third non-conference tilt of the season. Lakeview is a Class A school, and is expected to be more powerful this year than they had been in the years that Santa Anna has been playing them. There is not much known here about the Lakeview Chief's record this year, but they should have a good team.

The game will be played on the Lakeview field.

Mr. Edd Ewing Suffers Stroke

Mr. J. W. Taylor received a message from Mrs. O. C. Petty of Houston, last Friday, stating that her father, Mr. Edd Ewing, had suffered a stroke on Wednesday night. Mr. Ewing had lived in Santa Anna for many years before going to Houston several years ago to live with his daughter. He had planned to come home, with John Walker Taylor Saturday night and spend the week end here. He is 83 years old.

Mrs. Stafford Baxter, who has employment at Comanche, was home for the week end.

New State Law Effecting Premarital Wassermann Goes Into Effect Oct. 9

A new law that will go into effect on October 9, 1949 will be of interest to persons contemplating marriage after that date.

The law states that on October 9 a premarital Wassermann test by an approved laboratory and a physician's certificate on a form prescribed by the State Board of Health is required of both the bride and groom-to-be before a marriage license can be issued.

According to Dr. E. E. McDonald, there is not an approved laboratory in Coleman County, and therefore all Wassermanns must be sent to some state approved

Mrs. E. K. Jones' Brother Succumbs

Funeral services were held in Ballinger on Wednesday afternoon of last week for Ford Laxon, 46, who died in a Houston Hospital on Monday afternoon, after a long illness.

He made his home at Sealy, with a sister, Mrs. J. R. Compton. Services were conducted in the Newby - Davis Funeral Home, with the Rev. B. J. Martin, formerly of Santa Anna, officiating. Besides the sisters, Mr. Laxon is survived by one brother, R. C. Laxson of Wilmington, Calif.

The body was laid to rest in the Ballinger cemetery, beside his parents. He had been reared at Ballinger.

Mrs. E. K. Jones was with her brother at time of death and had been for several days. She had also visited him at intervals, over a period of several months during his illness.

Others besides the family and relatives going from Santa Anna to the services were: Mr. and Mrs. Clifford Stephenson, C. T. Conley, Arthur Talley, Doug Moore, R. W. Douglas, Vera Shield, and Miss Ellen Richards.

laboratory, which in our case here will most likely be Fort Worth.

Dr. McDonald also stated that couples contemplating marriage should expect this procedure to take approximately 5 days. In some instances it may not take more than three days, but it is best to plan on a 5 day period.

Here-to-fore only the groom-to-be has been required to have a health certificate before marriage license could be issued. Effective October 9, it will be required that both the man and the woman have the physicians certificate of health.

Cotton Season Reaches Full Swing This Week

The cotton season has reached full swing this week, with both the Santa Anna gins operating at full capacity. Almost 1000 bales have been ginned and the capacity ginning is expected to last for at least two more weeks, and possibly longer.

The average yield per acre of the cotton coming in to Santa Anna seems to be half bale to the acre.

This is the first season in many years that a large cotton crop has been raised in this section of the country and the gins show there is lots of it still coming in.

Check Your Social Security Number Advises Fisher

"Check your social security number on your pay envelope or pay check stub. Make sure that the number agrees with the number on your Social Security card."

This advice was given workers today by Ralph T. Fisher, manager of the Abilene office of the Social Security Administration. Mr. Fisher pointed out that most employers conscientiously try to report each worker's social security numbers correctly, but it is only human to make mistakes occasionally.

"When a worker has social security taxes deducted from his pay, he is paying premiums on an insurance policy. This insurance helps to provide financial security in the worker's old age after retirement. It also provides insurance payments to eligible survivors if a worker dies," Fisher said.

"Eligibility for benefits hinges on the length of time a worker has been employed in jobs covered by social security. The amount of benefits payable depends on the total wages credited to his account. It is to the worker's advantage to have credit on his wage record for all wages earned. If his wages are reported under the wrong social security number," Mr. Fisher concluded, "he may not be credited with those wages. Later on, he and his family may lose benefits which should be theirs."

Mrs. W. T. Wheatly returned last week from Ft. Smith, Ark. where she had been making her home for 18 months. She is again at home on her ranch.

The Scouts are just now beginning to get reorganized with their new Scoutmaster and the organization is expected to get back to their old strength very soon.

Field Day Event Big Success

The Coleman County Field Day on the Henry Stuart farm, eight miles west of Coleman, Wednesday, went over with a bang. In fact, it exceeded all expectations, from the standpoint of attendance and interest in every way.

All the implement dealers in this district were there with their best equipment, and the contest in demonstrating what they could do was filled with thrills from beginning to end. Due to closing the forms of this paper the day of the great event, time and circumstances will not permit a general and more detailed write up of the day. But it was, in our way of seeing, and day worth while in the the history of stepping up the pace in agriculture in this part of Texas.

Mrs. E. Y. Soward and Helen of Comanche, are visiting in the L. L. McCullough home.

Mr. and Mrs. B. L. Parks and family visited Sunday with members of their family, in Abilene.

Arrangements have been completed to have an "Old Fiddlers" contest at the Fall Fun Festival activities on Saturday, October 1. This was first planned for last week, but all the arrangements were not completed. There will be approximately 6 entries from Santa Anna, Coleman and Brownwood.

Prizes will be awarded for the three top fiddlers and three judges will be chosen to help select the winners. Applaud from the crowd will greatly help in determining the winners.

The activities of the Santa Anna Fall Fun Festival are going over in a big way. Large crowds are attending the Saturday events, and seem to be enjoying them.

Everyone is invited to Santa Anna for these Saturday occasions. While you are in town ask your merchants to explain the Fall Fun Festival to you. We assure you you will be interested in it.

The two Company Commanders will fly to Montgomery on October 23.

Membership Week For Farm Bureau October 20-27

Plans are developing for participation in State-wide Membership enrollment week, Oct. 20-27. Emzy Brown, president, said today. Approximately 75 workers will volunteer their services during Enrollment Week to contact friends and neighbors inviting them to join the Farm Bureau.

Membership week will be officially launched by State Farm Bureau president J. Walter Hammond on October 20 at 8:30 p. m. when he addresses Texas farmers over the Lone Star Chain Network. Other agriculture leaders of prominence will also be heard on the program.

On October 21, the Farm Bureau leadership expects to have 10,000 workers throughout the state soliciting Farm Bureau memberships. Mr. Brown said. The state goal is 70,000. Coleman county's goal is 1200.

"Other groups have prospered through organization," Mr. Brown said. "The past few years farmers have seen what this organization can do for them, even when membership has been low. Texas farmers are learning from experience that it is good business to be organized. Who knows what 1950 will hold for the farmers," he declared, "but they know Farm Bureau will be on guard to protect their interests."

Mr. and Mrs. Aubrey Meador of Palestine, visited last week with her brother, Curtis Collins, and Mrs. Collins. All four of them at the week end made a trip through the Big Bend country.

Dr. and Mrs. R. R. Lovelady returned last Thursday, from a weeks visit with their daughter, Mrs. Jim Dodson and family at Magnolia, Ark.

Employees of the Santa Anna National Bank this week donated \$300.00 toward the paving of the Cemetery Street. Other donations this week include Roy D. Golston, T. R. Sealy Estate, Mrs. W. B. Brown Estate, Mrs. C. M. Wood, Frances Green, Mrs. C. C. Burk, Jim Robin, J. W. Parker Estate, Sam H. Collier, Mrs. T. P. Sumner, Mrs. T. Williamson and G. R. McClure.

The time is near when we should have the needed \$3500 if we are going to get this street paved this year. The workmen are almost completed with Bowie Avenue and to get the Cemetery Street paved this year, we must have the needed money by the time this street is finished.

Contributions were started in the latter part of July and to date \$2,856.50 has been raised. This money has not only been raised, but is deposited in the Santa Anna National Bank ready for use. However, \$643.50 is still needed to complete the project.

An urgent appeal is issued this week to all persons interested in seeing the Cemetery Street paved. There is a large number of lot owners who have not made any contribution toward getting the street paved. If all persons who own lots, or who are interested in seeing this street paved, would make your contributions NOW, the work could be started within a very few days. If the full amount needed is not raised, it may be next summer before the project can be resumed, and that is pretty indefinite.

Elsewhere in this issue of the News is a complete list of everyone who has made a contribution to this worthy project. You are invited to look this list over and see if you don't think you should add your name to the list.

No one is asked to make a large donation to the project unless you feel as though you would like to. However, everyone who possibly can, is earnestly requested to make some kind of contribution within the next few days.

Donations in the past week are as follows:

Roy D. Golston	\$100.00

Behind-the-scenes battle lines are forming on Capitol Hill for the 1950 election. With uncertainty marking the quitting date for Congress, observers here now regard the balance of the session as being mainly political sparring on legislation which might or might not be to the advantage of those who play political campaigns for the future.

show-down on repeal of the Taft-Hartley law, and thereby have a cut-and-dried issue in industrial districts when election time comes around in 1950.

But right now indications are PLPC and other civil rights bills, along with demands for repeal of labor laws, will be kept on cold storage until next Spring and then pushed along under the pressure of imminent Congressional elections.

Altogether, there is more political window-dressing and shadow-boxing going on than has been seen in Washington in many a day. The strategy boys have their hands full.

Where Big Business once dominated much of the political scene, Big Labor is now in the ascendency. A number of years ago Congress passed a Corrupt Practices law that prohibited corporations, banks, ect. from making any forms of contributions to political campaigns. Labor unions were exempted from that law until they were included in the Taft-Hartley Act two years ago. Under the exemption, John L. Lewis dished out \$500,000 in one political campaign

a few years back.

But the Big Unions figured a means of evading that inclusion. The C. I. O. created an adjunct Political Action Committee (PAC) and the AFL followed suit with Labors League for political Education (LLPE). Both are staffed with high paid experts and are padded with large slush funds. Kiplinger estimates the LLPE will have five million dollars to use next year to "educate" the voters on why they should support certain candidates for Congress to their liking. And the CIO-PAC is in a drive for an even bigger fund for use in the 1950 Congressional campaigns.

This Big Labor activity has caused some veteran observers here to speculate that the 1950 Congressional elections may furnish the big test of whether we are moving in the near future to a real Labor-Socialist government in this country.

While some measures advocated by the Union business agents are very desirable, at the same time it is pointed out many of them veer strongly toward the present British system. Most of them advocate socialized medi-

cine, more and more socialized housing, anti-segregation laws, higher taxes, a return of OPA, the passage of civil rights legislation, and more Government in business.

The proposed repeal of the Taft-Hartley Act was put on the top of "must" legislation at the beginning of this year, but the advocates of no control over labor union activities took a sound licking in the first skirmishes in the House and Senate. Earlier in the year the House by a rather close margin of 217-203 voted against the repeal, while the Senate passed a slightly watered-down substitute for the Taft-Hartley law.

Now the union leaders have announced an all-out campaign to defeat what they term "reactionary die-hards" who have dared vote to retain control or regulation over labor unions.

In this all-out drive for control of Congress, labor's political experts are already choosing their candidates and oiling their guns for the 1950 election battles. Speaking of the strategy to be followed, one authority says: "Over and above all will be the technique of printed propoganda. Millions of leaflets will be distributed. Labor's pamphleteers are expert, able to turn out punchy prose in smart simple fashion. Aside from such hoopla, labor plans a futher big step—to hand-pick its candidates wherever possible."

Much of such activity in the past has been behind the scenes. Rarely do they come out in the open. In some non-industrial districts, to sponsor a candidate openly might actually do more harm than good and they are smart enough to know that. It is all a matter of modernized political strategy.

Mrs. Maud Phillips from Bangs, is spending a few days with Mrs. C. T. Moore.

Mr. and Mrs. Gus Genz had dinner with Mr. and Mrs. R. W. Cupps Friday and in the afternoon they visited Mr. and Mrs. S. E. Blanton.

Those visiting with Mr. and Mrs. W. M. Radle Sunday were Mr. and Mrs. Ben Ledneckey and children of Brownwood, and Mr. and Mrs. Junior Radle of Santa Anna.

Mr. and Mrs. C. T. Moore and Mr. and Mrs. Willie Perry of Talpa, visited with Mr. and Mrs. John Perry Sunday.

Mr. and Mrs. Jip Keeney visited Sunday with Mr. and Mrs. E. Keeney.

They had lived here for a number of years while Mr. Bundren was in the Army. He retired during recent months after 20 years service.

Mr. and Mrs. Rufus Farris visited Sunday with his grandmother, Mrs. Hiram Farris, in Brownwood. Mrs. Farris, in failing health for a year, became worse last week, after returning from a visit with her son, Ed Farris in Big Lake.

S. P. Jones of Dallas, was a visitor with his brother, Ed Jones and wife, on Wednesday night of last week.

**State Fair Of Texas
To Open Oct. 8, Dallas**

With less than three weeks remaining before the opening day, the 1949 State Fair of Texas is enthusiastically primping for its biggest and gayest party, like a proud lady dressing for the social event of the season.

Today workmen are busily decking the queen of the nation's expositions with brilliant colors, lighting, and all the other trimmings of glamour, in preparation for the Fair's sixty-fourth annual sixteen-day party of parties.

Activities start October 8 and State Fair officials confidently predict that 2,000,000 guests will arrive for the big, fantastic exposition.

Meanwhile Fair directors and officials are under enormous pressure as they hurriedly complete details for the presentation of some 10,000 different attractions in the fields of big-time entertainment, livestock and agriculture, commercial exhibits, educational and cultural shows.

Outside the executive offices workmen this week are swarming over the Fair's 137 acres, putting finishing touches to the enlarged Cotton Bowl, installing brighter lighting systems, building new horse stalls and sheep pens, grading and paving new walks and parking areas.

The rides of the State Fair Midway have ceased their summer toll and now stand quiet, as

imaginative painters daub them with the most vivid colors known to man.

In Oak Ridge, Tenn., officials of the American Museum of Atomic Energy are carefully making final floor layouts for displays which are already packed for the Fair's Atomic Energy Exhibit.

On billboards throughout the Southwest, the Fair's big dinosaur is beginning to startle motorists with a fantastic new color for outdoor advertising—entirely pink.

In the Agriculture Building, New York, Illinois and a host of landscape architect direct the job of concealing steel beams with masses of wheat, corn, grain sorghum, cotton, and other products of Texas farms, in preparation for the most glorified agriculture show in the nation's history.

The vanguard of scenery has arrived for the Fair's new ice cycles show, Spike Jones in California, is simply running the form is rehearsing a new set of acts for his musical Department. And Suicide Show is shopping for 66 sticks of dynamite with which to blow himself up 22 times as a part of the "Chitwood Drill-Drive" Show.

In the General Exhibits Building, designers, carpenters and painters are working to finish the fabulous 1949 exhibits of the Belgian, British and Philippine governments.

Elsewhere, away from it all in a quiet basement vault, wily Dr. Roberto Guastalli, Italian artist and engineer, has for weeks been assembling a marvelous exhibit of scale models built from plans of the 15th century inventive genius and artist, Leonardo da Vinci. Fair visitors will see these in the Museum of Fine Arts.

Even in Canada, Wisconsin, New York, Illinois and a host of other states, men are getting ready for the Fair. They are breeders who are carefully finishing their herds for shipment to the National Aberdeen Angus and other livestock shows.

And everywhere in the Southwest are boys and girls, men and women, readying their exhibits for the Fair, while some 2,000,000 others are simply running the show, ready to take off and see the Fair.

Monday, Sept. 26, 1949, was Monday with which to blow himself up 22 times as a part of the "Chitwood Drill-Drive" Show.

Mr. Chitwood is employed for a test drive of the "Chitwood Drill-Drive" Show.

Sunday, October 2, will be a significant day in the calendar of the churches around the world. It is the tenth anniversary of the observance of World Communion Sunday. In America it is the day also for the launching of the United Evangelistic Advance, and a Loyalty Attendance, or "See

You in Church Sunday" crusade. This observance is world-wide, as Christians of many lands join in fellowship about the Lord's Table, to remember him who is the Head of His Church and the Redeemer of all men everywhere. All Christians are one in Him and this unity of faith and love in the Lord and Savior is expressed in the presence of His people about the Holy Table. 37,000,000 mem-

bers of 38 Protestant Denominations will march together under the banner "America for Christ" during the 15 month period, Oct. 2, 1949 through Dec. 31, 1950, that closes the first half of the 20th-century. Other denominations with other millions of members likewise will have enlarged programs of evangelistic advance at this time. We are workers together with God to bring the Gospel of Jesus Christ to all men. Thus it behooves us and every Christian to witness for Christ.

As a part of our Loyalty Month program we are planning a series of Get-Acquainted Hours to be held at the parsonage following the preaching services during the five Sunday evenings of October. The membership has been divided alphabetically, so watch the announcement in the bulletin for your evening.

The first of our Family Night occasions with a fellowship supper was a decided success. After a bountiful meal, "The Christian's Medicine Case" was presented. Although there were no "sick" Christians present, all agreed with the leader that "an ounce of prevention is worth a pound of cure" so were ready to take their portion of Tonic, Grit, pep, and even pills, and determined to keep the poison beyond reach.

At the evening hour Sunday an unusual Psalm-Hymn service was enjoyed. The choir, participated in by both youth and adult members, rendered a number of specials while the congregation joined in on others and also read selections of the Psalms.

The W. S. C. S. lacks one other lesson in their current study on Japan. The Country, the people, Their Religions and customs, are discussed.

In keeping with the "See You in Church Sunday" campaign, some of the topics that have been there is being launched in Methodist churches a "Friendly Church School Movement." Each teacher is expected to make a special effort to visit each pupil and extend to him a hearty invitation to attend not only Sunday School but all other services. "See You in Church Sunday"

Local Baptist Church News

Last Sunday was a fine day for those who attended the services of the First Baptist Church. The day started off with a well planned breakfast for the Junior Department of the Sunday School and an increased attendance in Sunday School. The congregation at the morning worship service enjoyed a solo by Gene Smith. The Training Union Hour was changed last Sunday to 6:30 p. m. instead of 7:00 p. m., and will remain changed during the Fall and Winter months. Another change that should be noted is

that of the Wednesday Evening service from 8:00 p. m. to 7:00 p. m.

This means being used to thank all those who had any part in helping to entertain the Annual meeting of the Coleman County Baptist Association.

The Baptist Parsonage has had the first coat of a much needed paint job. The work is being done by volunteer labor. It is hoped that that before too long the second coat will be put in.

The people are urged to tune in to WFAA Dallas, 2.30 p. m. Sunday afternoon, and listen to a new program that is being launched by the Baptist on a year-around schedule. Dr. R. G. Lee, president of the Southern Baptist Convention is the first scheduled speaker.

An installation service is being planned for Sunday morning for all of the recently elected Church officers, teachers, and leaders. Harry C. Wigger, the pastor, will use as his subject for the morning message "A Plowman." At the evening service, 7:30 p. m., he will speak on the subject "The Type of Religion Needed in Santa Anna"

The Fall Revival at the First Baptist Church will start Friday evening, October 7, and run through Sunday October 16. The pastor is to do the preaching and Louis Newman, local music leader will lead the singing the first three days, Monday, October 10, Rev. C. A. Holley, Fort Worth, is coming to lead the singing for the remainder of the time. Plans are being made for laymen's day, October 9.

HPC Meets East Tex. State At B'wood Sat.

Brownwood, Texas, Sept. 27. Still smarting from the sting of a 14-13 defeat at the hands of Texas A & I Javelinas last Saturday night at Kinsville, the Howard Payne Yellow Jackets are working out each day with a definite purpose in mind. That purpose is to win their game with the East Texas State Lions here Saturday night, October 1.

The Jackets played a hard game against the Javelinas last week but Coach Mayhew's eleven were not to be denied. The loss by the Jackets, tied their game record with Texas A & I. Each team has won two and lost two.

The East Texas Lions should be in much better condition now than at the first of the season. Physically, the Lions are in top form, having had no serious injuries to plague them thus far.

The Lion team is made up largely of Sophomores, 29 of the 42 members of the squad not having played together before. This should be advantageous to the Yellow Jackets, as should the fact that the game is to be played in Brownwood.

Senior Class News

The Senior Class, under the capable direction of former president, R. I. Mackey, put to elect class officers for the school term of '49-'50. Officers were as follows: Craig Douglas, President; Richard Shield, Vice-president; Pauline Little, Secretary; Martha Priddy, Treasurer; Margaret McCaughan, Historian; Blaine Scott, Prophet; Allyn Brandon, Poet; and Elaine Mordock, Parliamentarian.

The class also elected Kathleen Hibbets and Junior Cruger as candidates for the "Most Beautiful Girl, and Most Handsome Boy" contest.

One of the biggest thrills for our class was the selection of our rings on September 21.

We are very proud of one of our fellow classmates, David Hunter, who was elected President of the Student Body.

School Annual News

Editor-in-chief, Margaret McCaughan, called a meeting of the annual staff on September 13, to talk on the publication of the fourth consecutive annual, "The Mountaineer." The rest of the staff consists of: Julia Bailey, Business Manager; Martha Priddy, Art Editor; Helen Day, Literary Editor; and David Hunter, Sports Editor. The assistants, chosen from the Junior class, were: Asst. Editor-in-chief, Geraldine Lewellen; Asst. Art Editor Betty Hale; Asst. Literary Editor, Billie Ruth Wallace; and Asst. Sports Editor Harold Horton.

At this meeting, it was decided that there would be a Most Beautiful Girl and a Most Handsome Boy, perhaps Class Favorites and the Best All-Round boy and girl. We are arranging it so that the annual will be representative of the entire student body and persons will be eligible for one con-

SCRIPTURE: Isaiah 66:1-5
DEVOTIONAL READING: Hebrews 4:14-16
What is a Call of God?
Lesson for October 2, 1949

IF YOU knew exactly what God wanted you to do, would you do it? Of course you would. It's no trouble at all. How does any one know what God's will is?

For example, a young man is thinking about his life's work. What shall he choose? Most young men would like to be a doctor, lawyer, engineer, or some other profession. But what if God has a different plan for him?

Dr. Foreman

He tells in some detail the story of how he came to be a prophet. The story is in Isaiah 6. Perhaps if we had been there with a camera and a wire recorder we might have been able to photograph the seraphim and take down their cries. Just as Isaiah saw and heard them.

What we do know is that that experience changed Isaiah's life. Up to that time on his own show, he had been a "man of unclean lips," from that time on he began to be a spokesman for the Lord. Let us try to say what the story of that life-changing vision, that call, means in terms of our own experience.

The Flame of God
FIRST there was the overwhelming sense of God's reality and power and holy majesty. No one can ever experience a call who does not take God seriously.

A God "afar off," a God who is only a problem, an idea, a hypothesis, never called any one. God alone can make himself real to man, and only a man with a real sense of a living God is going to hear his call.

Next came Isaiah's realization of his own unworthiness and sin. A man who feels equal to a great task is probably not equal to it. "Them as knows nawthin' fears nawthin'," as the Irish say. A man who feels good enough to serve God, just as he is, is not good enough. A man without a sense of sin is too full of it.

Then comes the burning coal from the altar; Isaiah feels that his guilt is gone. No one can fully do God's will with an unforgiven heart. Isaiah was not sinless at one stroke, of course, yet it is possible to turn from all known sin; it is possible to devote one's loyalty to God; and this Isaiah did.

It was only then that he heard the call: Whom shall I send? In modern and less picturesque language, Isaiah was conscious of a need he had not felt before—that is, of God's need, of his people's need.

What those needs were will come out in later studies. The point is that young Isaiah, who hitherto had lived only for himself, now saw the need of the city and the people among whom he lived.

"Here Am I; Send Me."
THEN comes the last stage—Isaiah's willing offer of himself. His great talent was the ability to use language. He could make words march and sing as few men of any race have done. But up to that time, it seems, his gift of eloquence had been used chiefly in telling dirty stories.

Now he has repented, and been forgiven, and he says to God: Use me, His voice, his

Marine Corps Band To Appear In Brownwood Oct. 11

When the act of Congress on July 11th, 1798, created the United States Marine Corps, its personnel included a drum major, a life major, and 32 drummers and fifers. This was the nucleus of the present Marine Corps Band, which has continued an unbroken line for 150 years. One of the finest drummers of that day, William Farr, was appointed drum major, and the remaining 31 musicians were given to him by the first commandant, William Ward Burrows. The Band's first outdoor concert for President John Adams on August 21, 1800, began its reputation of the "President's Band." President Lincoln took the band with him to Gettysburg where he made his immortal address on October 3, 1863. John Philip Sousa took over the lead-

knowledge, his eloquence, which he had been using against God (or at best, only for Isaiah) he was now to use for God and man.

So there is a call: A sense of God, near and commanding; a holy; repentance; forgiveness; a sense of need; willingness to devote all one's gifts to fill that need.

moderated it according to the standards of the day. Under his 12 year guidance much of the reputation for musical excellence was earned. Sousa took the band on tour for the first time, and his own stirring marches made the name of Sousa and the Marine Band synonymous for fine military music.

William H. Santelmann, father of the Marine Band and his present leader, headed the band when Congress increased the pay and authorized a commission officer to lead the band for the first time on 3 March, 1899. He set a record term for office - more than 29 years.

During the leadership of Santelmann the dual-role of the band was also inaugurated in the development of a symphony orchestra within the organization. Since he was an accomplished violinist himself, he was able to train the men to handle the most

difficult symphonic works. He established the requirement that all members except soloists must double on string instruments. Since 1902 the symphony has played all indoor functions at the White House.

In 1927, the elder Santelmann placed the baton in the hands of Captain Taylor Branson, a member of the Marine band from 1898. The present leader, William F. Santelmann, grew up in the Marine Band and determined to follow in his distinguished father's footsteps. He enlisted in the band in 1923 after a thorough schooling in music and advanced through the ranks to the position of leader and captain when Branson retired in 1940. In 1947, by another act of Congress, he was given the rank of major, the highest ever held by a leader of the Marine Band.

The annual tours, except in time of war, have become a national tradition and the Marine Band has played in every state in the Union. Its music has been heard by thousands at every great exposition and world fair since 1893. Every visiting notable and foreign member of royalty has been honored by the appearance of the Marine musicians.

With the emphasis again on peacetime splendor and polish, the band is appearing more often in their dress and full dress uniforms, providing one of the most spectacular shows of the Marine Corps.

three weeks to decline gradually. Here are some facts about whooping cough:
1. The disease starts like a common cold, 1 to 14 days after exposure. In about another week the cough develops and whooping usually begins.
2. It is one of the communicable diseases children often catch at school. After a child has reached the age of five, fatalities occur less frequently. Children may carry this disease home to babies.
3. Most important of all is to see that infants are vaccinated against whooping cough, for most deaths occur among children less than one year of age.
4. Call your family physician at once if you suspect your child has whooping cough and follow his directions in detail.

Texas State Dept. Of Health Letter

Austin, Texas.—Now is the time to have your baby protected from whooping cough, says Dr. Geo. W. Cox, State Health Officer. The Texas State Department of Health recommends that vaccination against this disease be administered at three months of age with a booster dose of vaccine when the baby is two years old. There is many a child whose life could have been saved if he had been immunized in infancy, said Dr. Cox.
"Whooping cough," said Dr. Cox, "first masquerades as an ordinary cold, with running nose and eyes, followed by a slight cough. These symptoms develop about 1 to 14 days after exposure. Then in another week the cough develops into a series of continued attacks, in an effort to expel the troublesome mucous. An attempt to breathe during the choking spell produces the characteristic whooping sound. In mild cases it may be absent. The whooping stage lasts 4 to 6 weeks and may take another two or

AN URGENT APPEAL

To All Persons Interested In Seeing The Cemetery Street Paved

The time has come when the money must be raised for the paving of the Santa Anna Cemetery Street. The estimated cost of the paving is \$3500.00. \$2,856.50 of that amount has been raised through contributions from interested persons. \$643.50 must be raised within the next few days to get this project underway.

This appeal is sent to every land owner, or estate, who owns property in the Santa Anna Cemetery. There are several hundred who own lots in the cemetery, who are bound to want to see this street paved, yet a large number of you have not made any contribution toward getting it paved. If this \$643.50 is not raised within the next few days, the workmen are going to have to be moved from the Bowie Avenue project and it might be several months before they could get back to the Cemetery Street. Right now, all the equipment needed to pave the street is there ready to go to work, and the Bowie Avenue project will be completed within a few days.

Some of the leading business men of the town think this is one of the most worthy projects that has been attempted in years in Santa Anna. A number of them have donated large amounts to the project, and there are other business men who should make contributions to the project.

Every Business Man And Every Lot Owner In The Santa Anna Cemetery Should Have Their Name On The List Of Interested Persons Who Will Have Made The Paving Of The Cemetery Street A Reality, Rather Than A Dream.

Travel Breakfast For Baptist Juniors Held Sunday Morning

Last Sunday morning at 8:15 members of the Junior Department were guests at a "Travel Breakfast." Since this was promotion day in our Sunday school, the 12 year boys and girls were invited as guests. Our assembly room in the church was decorated like a travel station, with ticket stubs, bulletin announcing the schedule of the Junior-Inter-County Special, travel folders, train tables, luggage, etc. The train announcer, ... and others of the program were on hand to assist the passengers on board the train. The tables were arranged in fashion and some of our boys were surprised to see their own trains and tracks down the center of the tables. On either side of the tracks were signs and flowers. Place cards were miniature suitcases which served as mint holders and table favors. The program enclosed in Pullman envelopes further carried out the theme. Mrs. Wiegner, as conductor, acted as Master of Ceremonies. Following the breakfast, certificates of promotion and miniature graduation caps were given the graduates. The program closed with a devotional. Stop! Look! Listen! brought by Mrs. Wiegner. There were 44 present.

Self Culture Club Has Interesting Meet

The Self Culture Club met with Mrs. Ollie Weaver on Friday afternoon, in an unusually interesting session.

Roll call was answered by naming a South American country.

Mrs. Harry Crews played "The Eyes of Texas," and Mrs. Weaver told the history of its writing and its author. The song which has been made the official song of Texas, was written by John Lange Sinclair, a Scotchman, while a student at the University of Texas.

Colored films of South America, or Our neighbors of the South, were shown by Miss Eudora Hawkins of Abilene. These were most interesting and instructive.

Those present were taken on an imaginary trip, down the Pan American Highway, through all the countries of South America, showing the beautiful mountain scenery, lovely old buildings, primitive farming methods, and the people at work, or gaily dressed for festivities.

The Club appreciated Miss Hawkins bringing us the pictures and the W. Texas Utilities Co. for whom she is Home Economist.

The Club now has a full membership, and a waiting list. Members and visitors present besides those mentioned, were: Mmes. Preston Bailey, J. Edd Bartlett,

Harry C. Wigger, M. D. Pinkerton, L. O. Garrett, C. D. Bruze, Hardy Blue, J. L. Harris, W. F. Smith, Annie Weaver, C. L. Eeds, A. L. Oder, A. D. Donham Jr., and little son, Marty.

Mr. and Mrs. M. E. Tabor of Brownwood, visited on Wednesday night and Thursday of last week, with her cousin, Mr. Charlie Scroggins. Mr. Tabor got his discharge recently from the Army Air Corps, after three years service.

Mrs. J. J. Gregg and daughter Frances, and daughter-in-law, Mrs. Jack Gregg of Brownwood, visited from Thursday to Saturday last week with Burton Gregg and family in San Antonio, and made the acquaintance of a new heir, Joseph Jackson Gregg, III, a baby boy recently born to Mr. and Mrs. Burton Gregg.

M. Sgt. and Mrs. O. T. Stacy and little daughter, of San Angelo, were visitors here Sunday, and attended services at the First Christian Church.
