Street Lights Being Shot Out By Air Rifles

It has been brought to the attention of your editor that some of the boys of our community are shooting out street lights and the glass in the electric meters. Parents of the boys who are doing this should see that it is stopped immediately.

This is a strict violation of City Ordinance No. 19, Section 2. If caught and proven guilty of violation of this Ordinance, these boys are subject to fine and also a jail sentence.

Parents of all boys who have air rifles and sling shots are requested by the City Commission to caution your boys about this and see that it stops immediately. If it is not stopped, some boy is going to be made an example, and then ????

Elsewhere in this issue of the News the City Commission warns the parents to see that this violation of the City Ordinance is stopped. Your cooperation will be appreciated.

Texas Baptists To Hold Statewide Meeting In Dallas

Texas Baptist will gather in Dallas again next week for their annual statewide evangelistic conference. Approximately 5,000 pastors and laymen are expected for the meeting which begins Monday, January 9 and ends Wednesday, January 11.

This will be the second large Baptist meeting in Dallas in two weeks. Over 4,100 members of the denomination from 25 different states attended the Southern Baptist Sunday School conference there December 27-30.

Serving as a springboard from which to launch an extensive simultaneous revival crusade, the conference will study all phases of revival work and will hear speakers from six states. The evangelistic campaign is scheduled for April 9-23, at which time every Baptist church west of the Mississippi River is asked to hold revival services.

The purpose of the Dallas conference is to emphasize Texas Baptists' part in the April crusade, according to Dr. C. Wade Freeman, head of the evangelism departments for the Baptist General Convention of Texas.

Among the speakers for the conference is Billie Graham, president of Northwestern Baptist Schools, Minneapolis, Minn. Graham has held evangelistic meetings all over the South, a recent one in California resulting in 6,000 personal decisions.

Vance Havner, author-evangelistic-Bible teacher from Greensboro, N. C., appears on the program for the second consecutive year. He is the only speaker returning from last year's program.

Others include E. W. Perry, Oklahoma City, Okla., vice president of the colored National Baptist Convention; A. L. Lowther, superintendent of missions, Oklahoma City; and Dr. J. Howard Williams, Dallas, executive secretary, Baptist General Convention of Texas.

Rev. Harry C. Wigger, pastor of the local church, Lewis Newman and Emzy Brown plan to attend this meeting.

Mr. and Mrs. Roy Hattaway and children, of Sandersville, Ga., Mr. and Mrs. A. J. Baker, of San Angelo, and Mr. and Mrs. Jimmy Phelan and son, of Brownwood visited over the holidays with their mother and mother-in-law, Mrs. S. S. Baker. Mr. and Mrs. Hattaway returned home Wednesday of last week.

Bargain Rates Extended On Daily Papers

Announcements have been received this week that the annual Fall Bargain Rates have been extended until January 15 on the Fort Worth Star Telegram, and until January 31 on the Abilene Reporter-News.

The rates on the Fort Worth Star Telegram are as follows: Daily and Sunday, \$13.95 per year; Daily only \$12.60. On the Abilene Reporter-News the Daily and Sunday is \$9.95 per year and the daily only is 8.95 per year.

Both new and renewal subscriptions will be accepted to both newspapers until the Bargain Rates expire. If you miss out on yours before the first of the year, drop by the News office and we will get your subscription in at once.

Earl Hardy Asks For Second Term

Earl Hardy, now serving his first term as Commissioner of Precinct 2, Coleman County, has authorized the News to publish his announcement that he will be candidate for re-election in the July Primary.

Mr. Hardy has served this Precinct well during his first tenure of office. He wishes to express his thanks to the voters who supported him in the last election, and solicits the assistance of all voters of the precinct in this year's campaign.

A formal statement from Mr. Hardy will appear at a later date.

H. F. Fenton, Jr. Asks Re-election As County Sheriff

H. F. Fenton, Jr., Sheriff of Coleman County, has authorized the News to announce that he will run for re-election, subject to the Democratic Primaries this summer.

Sheriff Fenton said he would make a formal statement at a later date. He is now serving his second term of office and seeks the support of all county voters in his race for re-election.

Local News Items Wanted Each Week

The Santa Anna News wants to publish news items about you and your visitors. For the past several weeks we have not carried very many of the local happenings, because we have not been able to get them.

We would appreciate it very much if you would telephone us at 45, or write down the particulars of visitors you have, or when you go visiting notify us about it, so we can print it in the paper.

Remember, this is your newspaper and you can help us get out the kind of paper you want by turning in your news items.

We request that you get your local happenings and articles of club meetings and society gatherings in as early as possible. It will give us a much better opportunity to get them in the paper that week.

Mr. and Mrs. H. D. Henderson, of Junction, spent Saturday and Sunday with their daughter and her husband, Mr. and Mrs. M. D. Pinkerton and David.

Mr. and Mrs. Adrian Speck of Dallas, spent the Christmas holidays with his parents, Mr. and Mrs. H. D. Speck.

Livestock Ass'n Has 90 Members

Ten more members in the Santa Anna Livestock Association brings the total to 90 charter members. One hundred members was the goal set for the total membership when the organization was started several weeks ago.

Membership dues to the organization are \$5.00 per year, with the money being used to defray the expenses of the annual Santa Anna Livestock Show. It is hoped that the 10 other members can be obtained before the show is held on January 13.

The last list of members includes Woodrow Niell, Flegan Shield, Vernon Parker, Vigil D. Fulton, J. E. Bryson of Vos, Texas, A. V. Bullard of Burkett, Luther Holder of Coleman, William R. Brown, F. Z. Payne and C. A. Scarborough.

Old Timer Visits Trickham

Mrs. Flora McDaniel of Lubbock and her daughter, Mrs. C. S. Etta Gardner of Abilene, returned home last Friday, after spending several days at Trickham with their cousins, Mrs. Zona Stacy and Buela Kingston.

Mrs. McDaniel will be remembered as the former Mrs. Booker Billings of Rockwood. She came to Trickham 74 years ago, granddaughter of the late Grandma McElwreath, an early day midwife, who in her long life of 91 years probably delivered more babies than any one doctor at that time.

It was more than interesting to hear Mrs. McDaniel tell of the early days of Trickham. Although she cannot see to read or write, having had cataracts removed from her eyes a few years ago, she delighted in going over the cemetery and as I would read the names of the old pioneers, she would tell of something she remembered about them. She has the best memory of anyone her age I have ever associated with.

She had not been back in Trickham since 1917, when Grandma McElwreath died.

—Mrs. Buela Kingston

Grand Jury Indicts Seven Tues.

COLEMAN, Jan. 3—A 119th District Court grand jury returned seven indictments here Tuesday after an investigation session with District Attorney O'Neal Dendy.

Judge O. L. Parish set Jan. 16 as trial dates on receiving the report from Ralph Edens, Talpa, panel foreman.

Billed were Burton Lewallen, a transient, on two counts, one for theft and the other for swindling by worthless check; Andre Wilson, Austin, foregery; and Arnold Wallace, Coleman, cow theft.

Another indictment was returned in a burglary case. Eugene McClure, Coleman, was booked for firing a pistol in a private residence. The charge, amideamor was transferred to county court.

Annual Stockholders Meeting

The Annual meeting of the Stockholders of the Santa Anna National Bank of Santa Anna, Texas will be held on the 10th day of January A D at 2:00 o'clock P. M. for the election of Directors and transaction of such other business as may properly come before the meeting.

O. L. Cheaney, Cashier 50-1c

Craig Douglas visited his parents, Mr. and Mrs. K. C. Douglas, in Elkhart, through the Christmas holidays. He returned home Sunday night.

Conference Games Announced For District 16-B

The District schedule for the Santa Anna Mountaineer cagers is announced as follows for the 1950 season:

Jan. 4, Zephyr, there.
Jan. 10, Early, here.
Jan. 13, Blanket, there.
Jan. 17, Williams, here.
Jan. 20, Brookesmith, there.
Jan. 24, Bangs, here.
Jan. 27, May, there.
Feb. 2, 3, and 4, District Tournament.

All the teams in District 16-B will play a complete schedule and then all teams will be entered in a District Tournament. The winner of the regular schedule will enter a three game tournament with the winner of the district tournament, to determine the District winner. If the winner of the regular schedule and the District Tournament is the same, they will be determined the winner of the district.

This week the local boys and girls are entered in two tournaments. The A boys are entered in the Coleman Tournament on January 6 and 7, and the B boys and girls are entered in a tournament at Early on January 5, 6 and 7.

January 13 and 14 the boys and girls will enter the May tournament.

Good Rains Fall Over County

Slow falling rain that set in Friday morning and continued through Sunday, brought over an inch of moisture to most areas of the county. The moisture was very beneficial to the grass lands and small grains of the county. The top soil of the county had become pretty dry.

The rains give the small grain farmers a good prospect for another giant grain crop in 1950. Fall and early winter rains have the grain in excellent condition.

Dry conditions of the top soil in much of the county caused the moisture to soak in rapidly, with very little runoff. The under-soil was still pretty well saturated with moisture before this rain set in.

County farmers hope that the year-end rains is an indication of things to come.

Boy Scout Drive Starts Monday

W. Ford Barnes, finance chairman of the local Boy Scouts announced this week that the annual drive for funds will start Monday, January 9.

All the workers have not been selected as yet, but a number of the towns people will make the all day drive.

There is about 60 boys in the Scouting program in Santa Anna at the present time. Bill Adams teacher and coach in the Ward School is the Scoutmaster and R. K. Green is the Cubmaster.

Mr. and Mrs. J. Cecil Grantham and son, J. Cecil III, of Mozelle, visited Mrs. Cecil Grantham over the holidays. J. Cecil is teaching band in the schools there.

A wastebasket is one of a business men's best friends.

To have more authority than ability should make a man humble rather than puffed up.

Avoid the man who shrivels you up. If he can't help it, you can.

Ask questions; many of the finer elements of growth require outside support at the start.

Paving Of Bowie Ave. And Cemetery St. Near Complete

The paving of the Cemetery Street is completed, all except paving the entrance into the cemetery. As soon as the weather permits the finishing touches will be completed in a very short time.

Bowie Avenue is almost complete also. All that is lacking on this street is the finishing up of a short strip near the Methodist Church. This will also be finished as soon as the weather permits.

The citizens of Santa Anna can be proud of the fact that we now have a paved street all the way from town to the cemetery. Money was raised through donations to get this street paved and when it is all completed, it will be a big improvement in the looks of our city.

The Garden Club plans to start work soon on the rock wall along the west side of the cemetery. Just what the cost of this rock wall will be has not been determined as yet. A lot of the cost will be determined by what they are able to get the rock for.

1950 Brings Political Year

With the starting of the New Year, eyes naturally turn again to a year of politics. A number of candidates for State offices have already stated their intentions and other are expected to do so in the near future.

So far as Coleman County is concerned not much has been started yet. We have received only two political announcements thus far. However, others are expected to announce their intentions soon.

The Santa Anna News will carry a Political Announcement column in the paper each week until the August primary is over. Political announcement rates in the News will be as follows:

State Offices \$15.00
District Offices \$20.00
County Offices \$17.50
Commissioners, Precinct Offices \$15.00

Justice of the Peace and Constable \$10.00

All Political Announcements must be paid for in advance and each candidate who wishes his or her name placed in our Political Announcement column is requested to submit in person names and initials as they wish them listed. A brief statement goes with each announcement, which must be prepared and signed by the candidate within 30 days after the announcement is made.

The first primary election will be held on July 22 and the second primary will be held August 26.

New Dodge Now On Display at Mathews

The new 1950 Dodge went on display this week at Mathews Motor Co. The Dodge is advertised as the big value again this year.

Despite its smart, low, graceful lines outside, Dodge is higher, wider and longer on the inside to give you the roominess that spell solid comfort. That means extra room for your head, legs. Less overhang front and rear makes parking and garaging simpler, easier.

See the new Dodge. Sample the flashing performance of the powerful high-compression "Get-away" Engine the smoothness of Dodge Fluid Drive.

Mr. and Mrs. Wayne Whitley and daughter, Sharon, of Big Lake, are visiting her mother, Mrs. Rosa Henderson.

At a meeting of the directors of the Santa Anna Livestock Association Tuesday night, Jesse K. Barton was named General Superintendent of the Santa Anna Livestock Show for 1950. A. I. Edwards, veterans Vocational teacher at Rockwood was named Assistant Superintendent. Pat Hosch was named chairman of the Sales committee.

The 10th Annual Santa Anna Livestock Show will be held in the Show Barn located just west of the football field. All F. H. A. and 4-H Club boys and girls in the Santa Anna territory are eligible to show in this annual affair.

Judging will start at 9:30 Friday morning, January 13. The cattle judge will be Bob Stein of Goldthwaite and the sheep judge will be Owen Bragg of Talpa. Grand and Reserve champions will be selected in each division.

The auction sale will start at 2:00 p. m. All Grand and Reserve Champions will be sold at public auction. Each exhibitor will be eligible to place three lambs on the block for sale during the auction.

The Board of Directors of the Santa Anna Livestock Association recommended that the City of Santa Anna close from 2:00 o'clock until 4:00 o'clock on the afternoon of the show, in order that all business men may attend the stock show and auction sale.

Classes for the show have been set up as follows:

What'll it take to fill his cup 10 years from now?

MAYBE YOU THINK he's insistent now—banging that baby cup on his high chair, begging you to fill it up.

But wait until he's grown a bit!

Then, the things he'll need will make today's problem of keeping that baby cup filled seem as simple as brushing the fuzz on his top.

For youngsters' needs grow as fast as their bodies.

And you're going to find it a lot easier to buy that bicycle for a teen-ager—a lot easier to pay for that college education he's going to need later—if you take this step right now:

Sign up for U. S. Savings Bonds under your firm's Payroll Savings Plan, if you're employed—or your bank's Bond-A-Month Plan, if you work for yourself.

That's the automatic way to make sure you're going to have the extra money you'll need to see your children through until they're able to go it alone.

Think of it! For every \$3 you invest in U. S. Savings Bonds now, you'll get back \$4 in ten years, when you're bound to need money more than you do right now.

But hurry and sign up. These youngsters grow fast!

Lawmakers Spar Cautiously As Congress Session Starts Tuesday

WASHINGTON, Jan. 2.—Democratic and Republican leaders sparred cautiously Monday as they looked for an opening to land a political haymaker during the next Congress session starting Tuesday.

With 467 of the lawmakers up for re-election this year, they aim to make every word and vote count toward a winning tally next November.

Senate Democratic Leader Lucas of Illinois led off the preliminary word bouts with a rec-

ommendation that congress go slow in acting on proposals to repeal excise taxes.

The President is expected to favor repeal of many wartime excise taxes, provided Congress increases levies on corporation profits, gifts and estates, and probably those on middle and upper income groups to offset the loss.

Lucas served notice that the administration was ready for a scrap on the controversial civil rights program Mr. Truman has demanded repeatedly. After a meeting of the Senate Democratic Policy Committee Lucas told reporters "you can rest assured" that the disputed plan to set up a fair employment practices commission will be brought up anew.

House Republican Leader Martin of Mass. made it plain that the GOP representatives are going to battle down the line against much of Mr. Truman's "fair deal" proposals, with special attention devoted to taxes and government spending.

"The people certainly are dis-

contented," Martin said. "They are kicking about high taxes, high government spending and high prices."

Senator Taft (R-Ohio) predicted that there will be more opposition to many parts of the Truman program in this session than there was in the last.

Mr. Truman, meanwhile took advantage of the extra New Year's holiday to put some final touches on the State of the Union message. He will follow up this general statement of his legislative proposals with the economic report on Friday and his new budget proposals next Monday.

Members of the President's staff said the chief executive will urge the same "fair deal" program he called for in January of last year.

"There isn't any change, but simply a strong determination to carry out the proposals the President campaigned for when he was elected in November, 1948," one White House official said.

Although the Senate and House will start operating in their refurbished chambers Tuesday, the legislative battling won't get going in earnest for several weeks yet.

Lucas said the Senate will get to work on a House-passed bill to repeal federal taxes on oleomargarine right after the President concludes his State of the Union Message Wednesday. He said this bill will stay at the top of the Senate calendar until action has been completed or at least until January 20. At that time the Senate will take up another House approved measure dealing with manufacturers' pricing policies.

The House schedule for the

opening weeks has not been finally determined, but since all 439 representatives come up for re-election next fall the verbal skirmishing there is expected to start with the opening gavel.

25 Carloads Of Food Given For CROP

Taylor, Texas—Texans by Christmas time had given 25 carloads of food and fiber commodities for overseas relief.

These carloads of Christian charity are for people in dire need who are not directly benefited by Marshall Plan Aid because they have no money with which to buy.

These contributions to the Christian Rural Overseas Program (CROP) represented gifts of cash and farm products in bulk from only 50 Texas counties. Thirty more are expected to contribute before January 31.

The commodities will be destri-

buted to the destitute by established church relief agencies to those who need it most irrespective of race, creed or political affiliation.

Included in the commodities already given are cotton, wheat, rice, peanuts, corn, cottonseed day.

Hadacol Helps Textile Worker Stay On Job

The great textile mills of the Carolinas are booming again with shifts working day and night to turn out the nation's finest materials, and HADACOL is doing its part to keep folks on the job.

Many textile workers have reported the wonderful relief which HADACOL with its five B vitamins and four important minerals. This worker, a young father employed by the Great Cannon Mills at Kannapolis, N. C.

Mr. Barnhardt, 34, of Route 3, Box 343, Kennett, Mo., is 39 years old and the proud father of two children. His work in the Great Cannon Mills calls for a great deal of energy.

Mr. Barnhardt says that as he continued to work he came to having to use up his work. "I suffered with a weak stomach. It became worse and worse with periodic disturbances. I just could not hold food and no food agreed with me. I could not sleep and finally I became so weak that my legs felt like lead. I worked in the mill for years."

Mr. Barnhardt took a bottle of HADACOL. He said, "I had HADACOL. My stomach felt better. I was able to eat and sleep. I am as well as ever. My legs no longer bother me. I feel and enjoy my food. I sleep well and have plenty of energy."

Mr. Barnhardt has taken several bottles of HADACOL and now takes the famous vitamin and mineral preparation to help stay well. He has had his wife take it with wonderful results and has recommended it to his friends in the mill.

Mr. Barnhardt suffered from a lack of B vitamins and the minerals which HADACOL contains. HADACOL comes to you in liquid form, easily assimilated in the blood stream, so that it can go to work right away.

A lack of only a small amount of B vitamins and certain minerals will cause digestive disturbances. Your food will not agree with you. You will have an upset stomach. You will suffer from heartburn, gas pains and your food will sour on your stomach and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are surely and certainly the signs of lack of B vitamins and minerals which HADACOL contains. And if you suffer from such a deficiency disorder, there is no known cure except the administration of the vitamins and mineral, which your system lacks.

It is easy to understand, therefore, why countless thousands have been benefited by this amazing tonic, HADACOL.

FREEDOM PAYS OFF . . . FOR YOU

you hear a lot of talk about the advantages of making our government socialistic. Don't be fooled. Freedom—and that's the American Way—pays off, and here's proof: Americans are only 1/16 of the world's population. Yet this handful of people produces almost 1/2 of the world's goods—mostly for its own enjoyment. What other system beats that?

AMERICANS HAVE MORE—

- MORE AUTOMOBILES
- MORE TELEPHONES
- MORE RADIOS
- MORE UNFILTERED CHURCHES
- MORE UNGAGGED RADIO STATIONS
- MORE SCHOOLS
- MORE AND BETTER FOOD
- MORE AND BETTER CLOTHING
- MORE FREE SPEAKING NEWSPAPERS
- MORE PLACES OF AMUSEMENT
- MORE COMFORTABLE HOMES
- MORE ELECTRICITY

AMERICANS HAVE MORE OF EVERYTHING THAN ANYBODY ELSE!
 Remember that, when you hear tales of the marvels of a socialistic government . . . when people urge that our government get that way by taking over the electric industry, steel, railroads, medicine, and so on and on. Look at the record, AMERICANS HAVE MORE OF EVERYTHING THAN ANYBODY ELSE. Freedom did it, and never forget that. It makes a lot of difference to you—and to your family.

West Texas Utilities Company

Fifty Years Ago—

San Angelo Standard Times
When, 50 years ago, by the doubtful but popular reckoning, a new century was beginning, Texas had a little over three million inhabitants.

Practically none of these had ever ridden in an automobile, and not many had even seen one. None had ever heard a radio program and probably very few sensed that Marconi's wireless telegraph, just invented, was the forerunner of such a thing. A small minority had seen the movies which carnival companies occasionally brought to town, but there were no movie theatres.

A majority of Texans lived in homes without sanitation plumbing and without electric lights or other electric facilities. A majority, perhaps, had used the telephones, but very few had ever held a long distance conversation. None had ever used natural gas for cooking or heating.

There were no paved highways and the total mileage of paved

streets in all Texas was probably less than in San Angelo alone, today.

Very few Texans had ever smoked a ready-made cigaret or drunk pasteurized milk or percolated coffee, or had ever seen a football field or a golf course. No Texas woman had ever worn a girdle, and a very few had ever worn silk hose or smoked, or used rouge or worn lipstick.

The man earning as much as \$150 a month was upper-bracket as to his affluence. Men were buying homes and raising families on salaries of \$40 to \$75 a month the laboring man drew \$2 in pay for a 10-hour day. Just a few adults were high school graduates, with college graduates of course, far fewer.

Hardly any Texans had ever seen the inside of a hospital. Typhoid fever and yellow fever claimed many lives annually. An abdominal operation was a toss-up as to the patient's chances.

A property owner's total taxes, for all purposes ranged from 50 to 75 cents per \$100 valuation.

Practically nobody had ever been in a beauty shop. None had seen a self-service grocery.

It wasn't a bad world, in 1900, despite the deficiencies.

Joyce Peyton, Cleo Rushing and Junior Rhodes visited friends in Abilene Sunday.

FARM FACTS WORTH KNOWING

1. What causes blackhead in turkeys?

This is caused by a small protozoan parasite. As preventive measures, keep turkeys away from chickens, raise them on clean range, move the feeders, waterers, and roosts often, and keep things clean by following a definite program of sanitation.

2. Is winter a good time to kill rats?

Any time is a good time to kill rats, but winter and early spring are especially good periods to exterminate these food and feed-wasters, say V-T Agricultural Extension Service specialists in re-emphasizing the need for grain conservation. There are nearly as many rats in the United States as people, it is pointed out; and the rats eat, destroy, or damage an estimated 200,000,000 bushels of grain a year.

3. Is browse required for dairy goats?

No. According to an experiment conducted over a two-year period at the Ralston Purina Company's Research Farm, browse does not supply any nutritive factors that may not be supplied by alfalfa hay and grasses fed with a properly balanced grain ration. Dairy goats relish browse but do not require it.

Take Your Family To Sunday School

There is a power on earth that is greater we know than any material power—yes, even greater than the power of an atomic fission—and that is the power of God whose meaning is interpreted for us of the Christian faith through the teachings of Christ. It is Christ's teachings, given to us in the New Testament of the Bible, which over the past nineteen and a half centuries have become the essence of our moral standards—that have determined for our family, our nation and the family of nations our ideas of what is right and what is wrong.

Who can doubt therefore the importance to our children of a thorough knowledge of the Bible and its relationship to the problems we face as individuals and as a nation today. It has been the Sunday school, the successor to the ancient Bible school whose modern revival historians date back to Robert Raikes and the first Sunday school in Gloucester, England, in 1780, that has been the accepted institution by which the Christian children of the world have gained to a large extent their knowledge of these fundamental principles that are so basic to everyday life.

The Sunday school, and institution whose roots in American history extend back to the period of the Revolutionary War has served not only as a great educational force in America, but it has become a basis for the unity of all races, creeds, and colors in their acceptance of a common ideal.

It should not be necessary therefore to urge an American to take your family to Sunday school.

ATTEND CHURCH SUNDAY

Jim And Fay Gill Enter Houston Show

Houston, Tex.—Jim and Fay Gill of Coleman will be exhibitors at the 1950 Houston Fat Stock Show and Livestock Exposition, February 1 through 12, in Sam Houston Coliseum. The entries, among the first from Coleman County, are six Polled Herefords in the Breeding Show.

The Gills are well known throughout the Polled Hereford world as leading breeders of this type of livestock.

Exhibitors in the sheep, hog and cattle divisions will be competing for more than \$45,000 in prizes and, if competing in the fat market show, will be going after top money paid at Houston auctions.

Total number of entries for all divisions at the 1949 show was 9,292 and show officials expect entries for the 1950 event to exceed 10,000.

There will be two main livestock divisions at the 1950 Stock Show—fat market and breeding shows. Fat steers, fat lambs, fat swine, and fat poultry will arrive on January 30 and 31 for judging on February 2.

Breeding livestock will arrive February 6; breeding poultry and rabbits on February 7; Jersey and Guernsey open classes will be judged February 7; Angus and Hereford, February 8; Brahman breeding cattle February 9 and 10, and Shorthorn breeding cattle on February 10. Breeding sheep

will be judged on February 8 and 9.

Show president W. A. Lee predicted more than half a million persons would be on hand to see Roy Rogers, "King of the Cowboys" and his World's Championship Rodeo, featured attractions for 18 thrilling rodeo performances.

Mr. and Mrs. Arthur Talley visited their daughter and her husband, Mr. and Mrs. Jesse Carloakes in Corpus Christi, over the holidays. Mrs. Carloakes and son returned home with them for an indefinite visit.

Miss Evelyn Bruce left Friday for Denver, Colorado, to attend a meeting of the National Intercollegiate Rodeo Association. She will return to school at Sul Ross from there.

SCRIPTURE: Acts 2:1-41. DEVOTIONAL READING: Joel 2:28-32.

The Church Dynamic Lesson for January 8, 1950

THE CHURCH is not meant to be a club, a lecture-hall, a debating society, a rest home, a music hall, an entertainment bureau or a burial association. It has something to do along all these lines, of course! But the Church is meant to be a place and channel of power.

Dr. Foreman

One of the last things Jesus, the Founder of the Church, said to his friends was: "We shall receive power when the Holy Spirit is come upon you." Not you shall receive comfort, or wealth, or insight, or any other good thing, though all of them have their place. What Jesus highlights is power.

Dr. W. M. Horton, in his little book on the Christian faith, asks: "When is a church not a church? His answer is: When it has lost the Holy Spirit. That is a good New Testament answer."

The early Christians could not have imagined a church without the Holy Spirit, because in fact there had never been one, without him. It was the coming of the Spirit on that summer day in Jerusalem that actually made the church, in the first place. True, it was not made out of nothing.

But suppose the Spirit had never come? What would have happened? Sooner or later the little band would have grown tired of waiting, would have given up faith in Jesus' promise, would have drifted off one by one, and the Christian church would have died after it was born.

Tongues of Fire. THERE SEEMS to be something mystic, mysterious and unreal about the Holy Spirit, to most people's minds. We read in Acts about the flaming tongues of fire, about the rushing mighty wind, about Christians talking in strange languages; and then we go to our own church and find there no fire, no wind, only ordinary English is spoken by everyday people, the same people we have been seeing all week.

We got to thinking the Holy Spirit is just something in the Bible, some experience they could have away back yonder, but not here and now. After all, looking at the church from that day to this, and around the world at the present day, how many cases, authentic genuine cases of fire-on-the-head or storm-in-the-church-house, do you find? Not many! Does that show the Holy Spirit is not here any more?

We must remember that St. Paul met with much the same questions. Did a man have to speak in strange tongues to be sure he had the Holy Spirit? Fortunately, Paul stated in so many words what the fruits of the Spirit are: Love, joy, peace. Look up the rest of it in Gal. 5:22-23.

You may take St. Paul's inspired word for it: If you ever see a church, a Christian group, that is notable for love, joy, peace, gentleness, goodness, faith... you may be sure the Holy Spirit is there. We do not gather grapes from thorns nor figs from thistles, Jesus says.

You don't have the fruits of the Spirit without having the Spirit. And that is Power. Said a great Australian preacher: Show me a church where the members treat one another with more real love than the people outside the church treat one another, and you will find men crowding the doors of that church to get in.

How Can We Get the Holy Spirit?

WE CANNOT GET the Spirit by wishing ourselves back in the first century. We can have the Holy Spirit now, on the same terms as always. There are no new conditions, no complicated rules, no application blanks to fill out. Jesus said: God will give the Holy Spirit to them that ask him; Paul said: Covet earnestly the best gifts.

In any church, if there is even a small group who want the power of God in their lives, who want his power for the church, that little group can

Services For Maxie F. Rude Held Tuesday

Funeral services for Maxie Forest Rude, 71, of Brown Ranch were held Tuesday afternoon at 2 o'clock at the First Baptist Church, Coleman, following his death Sunday in the Brownwood Memorial Hospital.

Rev. Levi Price officiated at the services. A Coleman county resident since 1903, Mr. Rude was born in Georgetown, Texas, on February 1878. He was engaged as a farmer and stock farmer during his life here. He was a member of the Brown Ranch Baptist church.

Survivors are two brothers and four sisters, as follows: H. C. Rude, Brown Ranch; A. R. Rude, Georgetown; Mrs. Lend King, Weir; Mrs. Lynn R. Brown, Pyote; Mrs. C. M. Jones, Irann. He was preceded in death by his father and mother, and by three brothers and two sisters.

change that church and change the community. Power passes through a wire when one end of it is attached to a dynamo and the other end to a machine that is doing some work.

Prayer—that is the touch with God. Service—that is the link with man. So power will flow through the Church when at one end it is in touch with God, and at the other end it is doing something real for human needs.

Big Square Dance Contest Will Be Stock Show Event

Fort Worth, Jan.—The Southwestern Square Dance Championship Contest will be a brand-new feature of the 1950 Southwestern Exposition and Fat Stock Show, dates of which are Jan. 27 through Feb. 5.

Announcement of the contest for old-fashioned square dancing was made today by Mayor Edgar Deen, secretary-general manager, and W. R. Wyatt, president of the Stock Show.

One thousand dollars in cash will be awarded \$400 to the championship team, \$300 to the second-place winner, \$200 to the third-place entry and \$100 for fourth place.

The contest is open to the "wide, wide world," declared Watt, who is himself a square dance enthusiast. There is no fee whatever to enter. The manager of a team wishing to take part should write, without delay, to "Square Dance Contest, P. O. Box 150, Fort Worth" for an entry blank—or phone the Stock Show offices, 3-5311.

The square dance contest will be a free attraction which all of the Stock Show grounds may attend.

The Will Rogers Memorial Auditorium, where in the Stock Show's previous years musical shows from New York or Hollywood have been held, will be the

scene of the contest. Square dances were a colorful part of the old Southwest and so this is regarded as a most appropriate attraction for the Southwestern exposition. The revival of interest in the old-fashioned dance is nation-wide and so the championship contest here is expected to prove of tremendous appeal.

The competition will be held at 4:30 each afternoon beginning Saturday, Jan. 28, just after the rodeo is over.

Details will be determined by the number of entries, with the championship being decided on the final day of the Stock Show.

Each team must be costumed and will be expected to provide its own caller. If a team does not have a caller, there are excellent callers in Fort Worth and arrangements can be made for their services. Each team is urged to bring along friends as a "cheering section" to augment the applause of the general public.

Robert R. Dean Receives "Well Done"

Robert R. Dean, fireman apprentice, USN, of Trickham Route, Santa Anna, Texas has received a "well done" from Admiral Forrest P. Sherman, USN, newly appointed Chief of Naval Operations, who was Commander of the Sixth Task Fleet to which the Navy man's ship, the destroyer USS Turner, is attached.

Full text of the message from the Navy's CNO to the men who served under him in the Mediterranean follows: "On detachment after nearly two years initially as Commander, Naval forces, Mediterranean, and later as Commander,

Sixth Task Fleet, I wish to express gratitude to all hands on the efficient manner in which they have always applied themselves to all tasks assigned them and also my pride in their accomplishments and in their standards of loyalty, duty and discipline.

I am confident that, under your new commander, you will continue as a powerful factor in maintaining the policies and

prestige of the United States in the Mediterranean. "Well done." Admiral Sherman has been relieved as Commander of the Fleet in the Mediterranean by Rear Admiral John R. Ballentine, USN.

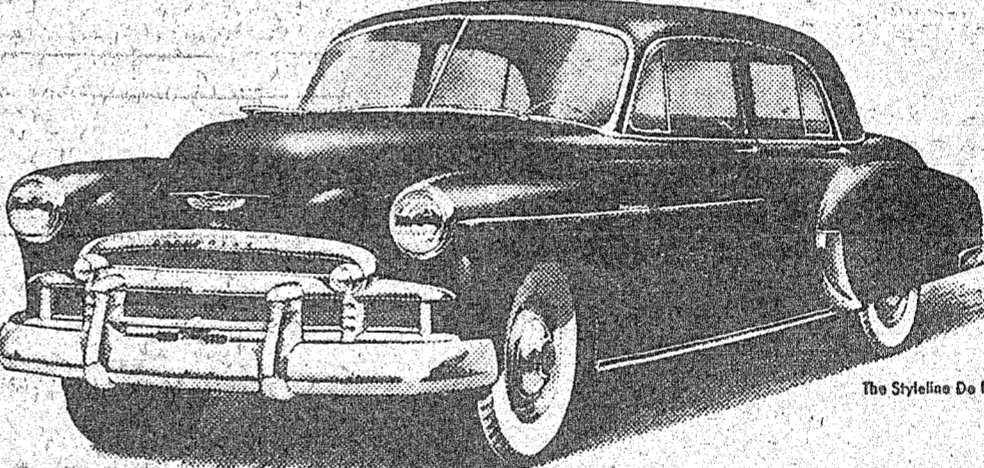

Julian Kelley, of Dallas, spent the week end with his parents, Mr. and Mrs. Ross Kelley.

propeller shaft. Faced with a comparable problem the engineer would have to introduce agents which would exert a far greater force on the coffee than possible with a spoon.

To develop the Chevrolet Powerglide engineers contrive a compact arrangement of spinners and paddlewheels. The spinners, respectively linked to the crankshaft and propeller shaft, face each other in a bowl-shaped housing filled with oil. They supply the fundamental flow of power.

The paddlewheels are nestled between the spinners to increase the force of the flow. Their primary function is to get the automobile underway. After initial resistance has been met, the paddlewheels ride free and become part of the revolving mechanism. Since they operate independently, one picking up when the other loses effectiveness, the paddlewheels accomplish the same result as gears in the conventional transmission by permitting the speed of the engine to diminish.

Local Methodist Church News

Two special days on our church calendar, "Student Recognition Day" and "Epiphany" were observed the first Sunday with a good attendance considering the

rainy weather. "Ye have not passed this way before" was the Scriptural bases for the New Year's message, at which time some of the uncertainties, as well as the certainties of life were discussed.

At the evening hour "We Three Kings of Orient" was pantomimed by Thomas M. Hays, Harper Hunter and George Batcom with Miss Sandra Shields as soloist. The altar arrangement and other decorations were in-keeping with the idea of Epiphany. They Returned Home Another Way was the subject of the pastor's message.

The W. S. C. S. met Monday afternoon. A playlet was presented by Mesdames G. Albright and Cheaney following an inspiring devotional by Mrs. Blake. The new study "Women of the Bible" is to be started Wednesday afternoon, the 11th, at the parsonage. All the women of the church are invited.

A full program has been outlined not only in our district but throughout the Conference. Our church is always ready to cooperate in the Advance for Christ in its entirety. Let us show our loyalty by attending all services possible and by informing ourselves through the literature available.

As has been the custom for some time the boys and girls of our congregation are to receive special recognition the second Sunday evening. The attendance is to be sponsored by the Juniors. Every one is cordially invited.

A simple example of the basic principles of Chevrolet's new Powerglide transmission may be furnished by a lump of sugar in a cup of coffee. The sugar can be spun by stirring the coffee, even though it is untouched by

a spoon. The force of rotation comes from the liquid.

To overcome the initial inertia of the liquid and the sugar, the spoon must be rotated rapidly. But as the sugar begins spinning, less manual effort is required. A direct drive through the coffee is achieved when revolutions of the sugar equals those of the spoon.

With an automobile the spoon would represent the engine's crankshaft and the sugar the propeller shaft, which turns the rear wheels. Unfortunately for automotive engineers, however, a lump of sugar offers far less relative resistance than a pro-

Your Child

A WEEKLY COLUMN conducted by Claud C. Ruch, Educational Director, Childcraft Advisory Service.

Next time little Mary or Bill asks: "What can I do now, mother?" why not be prepared to suggest "picture sewing"?

Necessary materials for this activity include a square or rectangle of muslin or old sheeting, a large needle, bright-colored embroidery thread or yarn, carbon paper, pencil, and scissors.

In her article in Childcraft books on "Sewing for Fun," Catherine Corley Anderson points out that "most boys and girls like to do picture sewing."

According to Miss Anderson, who was formerly an aircraft instructor for the Chicago Park District in Illinois, the child first covers the square or rectangle with carbon paper. He then places a sheet of paper on top of the carbon.

Now, he is ready to draw or trace a picture of a house or dog, or even a simple landscape with trees, hills, and clouds, on the paper. Having completed this step of the project, he removes the paper and carbon and threads a needle, doubling the thread and knotting the ends.

When he starts to sew, he follows the lines of the drawing from the underside of the lower right-hand part of the picture with large in-and-out or "running" stitches.

In making certain things, a child can get a more attractive effect with thread of different colors. For example, in making a landscape, he can use green for the grass, pink for the clouds, blue for the hills.

After he has stitched in the lines of the drawing, he knots the thread and cuts it off on the underside of the paper.

When he has finished his picture, suggest that he hang it up on his bedroom wall. Remember: It gives any youngster (or adult for that matter) an especial feeling of satisfaction and accomplishment to have folks see and admire his work!

Whon W. M. U. Meets

The Whon W. M. U. met Monday, January 2, for Bible study. The meeting opened with the group singing, "Oh, How I Love Jesus." Mrs. W. E. Gill, Jr. led in prayer. Mrs. Granvil Fitzpatrick brought the devotional on "Fishers of Men."

Mrs. Gill and Mrs. Hext were appointed as hostesses for the next Monday at a social to be in the home of Mrs. A. Switzer. All members are urged to attend as the group will sew for the orphans' home.

Mrs. Gill directed the Bible study, after which the names for the for-get-me-not-friends were drawn. The group was dismissed with a prayer by Mrs. A. Switzer.

Those present were Mmes. Deal, Gill, Shields, Benze, Lovelady, Fitzpatrick, Switzer, Hext and one guest, Mrs. J. J. Lovelady and son and Cheryl Fitzpatrick.

Two Santa Annans At Lackland AFB

Pvt. Douglas H. Moore, Jr., son of Mr. and Mrs. D. H. Moore of Santa Anna and Pvt. Dewey L. Dunn, son of Mr. James Arlee Dunn of Santa Anna, have reported to Lackland AFB, the "Gateway to the Air Force," to begin the AF basic airman indoctrination course.

Lackland, situated near San Antonio, is the world's largest air force base, center of Air Force basic training for men and women, indoctrination station for prior service reenlistees and home of the AF's Officer Candidate School.

Their thirteen weeks of basic training will prepare them for entrance into Air Force technical training and for assignment in Special work. The course will include a scientific evaluation in their aptitude and inclination for following a particular vocation and career.

State Health Department Letter

Austin, Texas, Seasonal health hazards for young children are to be guarded against in the wintertime just as carefully as they are in the summertime in the opinion of Dr. Geo. W. Cox,

State Health Officer. "Every mother is familiar with so-called summer complaints which affect small children but certain winter diseases can be just as harmful and are just as likely to make their appearance unless proper precautions are used," Dr. Cox said.

In the group of winter diseases Dr. Cox included influenza, tonsillitis, pneumonia, bronchitis, asthma, and even diphtheria when a child has not been immunized. Any such disease affecting a child's respiratory or breathing system is apt to be very serious and only too often fatal. Pneumonia often develops from a neglected cold or may follow a severe case of measles or whooping cough. Bronchitis condition may also prove to be an after effect of these diseases and these respiratory ailments are much more difficult to combat successfully than the digestive ailments which are prevalent in the summertime and known as summer complaints.

"These winter diseases are especially dangerous to babies and very young children," Dr. Cox stated. "Nearly all of them are spread from the secretions of the nose and mouth. Children not in vigorous health are naturally more susceptible to these complaints and the first line of defense," Dr. Cox advised. "The second step is to keep them under medical supervision and the third is to make sure that they avoid contact with those who have coughs, colds, or fevers."

Texas Political Year Dotted With Many Dates

Austin, Dec. 24 — Standout dates dot the Texas political calendar for 1950.

For most Democratic voters and office seekers the biggest of them all is July 22, when the first primary will be held.

If some of the statewide races are as hot and close as they now promise to be, Aug. 26 will be equally as important. That's the day set for the second primary.

As the political year 1949 waned new attention was focused on payment of poll taxes. Texans in November rejected a proposed constitutional amendment abolishing the poll tax as a prerequisite for voting.

Young Democratic clubs, the League of Women Voters and other civic and political organizations were starting their customary campaigns urging citizens to qualify as voters by paying the poll tax.

The deadline for paying the poll tax or obtaining exemption certificates where they are required is Jan. 31.

While there are some intervening dates of particular interest to party officers, the next deadline of consequence for many office seekers is May 15. That's the last day for candidates for Congress, the state senate, and the state house of representatives to file their applications for a place on

the July 22 ballot. June 5 is the deadline for gubernatorial and other state office candidates to make formal applications and pay their fees for ballot listing. County and precinct candidates have until June 17 to get their names on the ballot.

Absentee voting for the first primary begins July 2 and closes July 18.

Then comes the first primary. On the same day, precinct con-

ventions will be called to name delegates to county conventions.

July 29 is the date for the county conventions.

The Aug. 26 run-off is the next important political date, then the Sept. 12 state convention, and the general election Nov. 7. Unless the Republicans get busy between now and then, it will all be over by the first Tuesday after the first Monday in November.
