## BOND ISSUES CARRY 14 TO 1

### Santa Anna Chamber of Commerce Has Accomplished Many Achievements Since Re-organization In 1946

The Santa Anna Chamber of Commerce was inactive during the recent war years, but since it was re-organized in March, 1946 the town and surrounding communities have realized a large number of accomplishments that have been directly attributed to the work of the Santa Anna Chamber of Commerce.

Several of the Chambers projects can be termed as major ones, but the one that is outstanding above all is the fact that through this organization the Santa Anna School District acquired buildings from the former Camp Bowie at Brownwood to erect a large gymnasium at the high school and enough buildings to erect a large three wing building at the Ward School to relieve a situation that was causing some of the younger students to have to go to school in church basements. The Santa Anna school system is now one of the best in Central Texas, considering the small towns.

The second outstanding project of the Chamber in the 4-year period was the acquiring of 17 GI houses from Camp Barkley, Abilene. This was accomplished in 1947 and gave some much needed housing to returning veterans and their families. The houses have become the property of the veterans.

There has been over 56 blocks of streets paved in Santa Anna during the 4-year period. All of this has been accomplished through the untiring efforts of the Chamber of Commerce. The road from town to the cemetery has been paved, curb and gutters have been put along main street and at present 5 miles of Farm to Market paving is under way. Another 5 1/2 miles toward Trickman has been designated and should start in the near future.

The Chamber sponsored the building of a FFA and 4-H Club Livestock show building, located near the High School building. The building is valued at \$5,000 and was built through contributions from citizens here and the surrounding communities. They also sponsored the organization of the Santa Anna Livestock Association, which now has a paid membership of 109 members.

Membership dues from this Association goes to make up the premium money for the Annual Santa Anna Livestock Show. For the past two years an average of more than 40 cents per pound has been guaranteed all the FFA and 4-H Club entries in this annual show. The Chamber co-sponsors the show each year.

The organization sponsored the organization of the Sealy

Hospital Auxiliary, which is composed of ladies of the town who see that the local hospital is kept with sheets, towels, etc., and also does a lot of sewing for the hospital. The X-ray unit was secured from the State Department of Health and over 1800 persons were X-rayed in two days, without charge to any one being X-rayed.

Each year they sponsor a Christmas Program during the season. Last year along with the annual Christmas program, a Fall Fun Festival program was sponsored for 17 weeks, which was an entertainment program each Saturday afternoon.

They have sent a Dutchess and escort to the Brady July Jubilee for the last three years. This year they sent the Santa Anna Senior Band to the Fort Worth Fat Stock Show, and sent Miss Barbara Bruce as the Santa Anna representative at the Rodeo.

Due to the town's name, Santa Anna, the Chamber of Commerce receives lots of inquiries wanting historical data on the town. Several hundred have been answered, a large number from out of the state and a number from outside the United States.

This organization usually takes the lead in drives for money for worthy causes. They sponsor the Red Cross Drives, the Boy Scout Drives, the Girl Scout Drives and others that are not regularly scheduled drives. Most always they reach their quota.

Each year they sponsor a city-wide clean-up campaign, and have caused all the streets in the north part of town to have street markers put up and now nearly every house in Santa Anna has their house number up.

One project that has been uppermost on the program has been a permanent and adequate water supply for Santa Anna. The Chamber has worked in every manner possible with the city officials toward this end.

The Chamber has been acting as a clearing house for the renting of apartments and houses. Their services are available to every organization in town, if they need help in accomplishing something for the betterment of Santa Anna.

Trips are always being made by members of the Chamber to other cities in regard to things of interest to Santa Anna. Their services are always available to all the rural areas. The Chamber has on numerous occasions been of service to several rural communities, and they want to be of more help. All you have to do is let them know you want their help and they are ready.

They helped pay the salary of a band master for three years.

### School Trustee Elections To Be Saturday, April 1

The annual election of school trustees will be held Saturday, April 1. All voting in this precinct will be held at the City Hall. Elections will be held in all precincts in the County.

Two board members terms expire this year in the Santa Anna School District. They are Bruce Snodgrass, president of the board and Board Member W. B. (Bill) Griffin. Both these men will have their names on the ballot for re-election. This will be the first time Griffin has run for the office, him being appointed to fill out the unexpired term of Earl Hardy, resigned.

Reports reach this office that both these board members have been exceptionally good workers in the interest of the Santa Anna schools. Both are progressive in their own lines of business, and thus would indicate that they want to see the schools prosper and operate efficiently.

Anyone who wants to may run for the office of School Trustee. If you want your name put on the ballot, you must have it certified by a list of qualified voters and turn your name into the County Judge not later than March 22, 1950.

There will also be one County School Trustee at Large elected at this election.

Other organizations in town also helped in this manner. They also helped to secure the GI school and the National Guard unit.

They sponsored a Soil Conservation Meeting in Santa Anna and co-sponsored a county-wide Field Day on the Henry Stuart farm, near the White Chapel Community.

There has been a number of other accomplishments of the Chamber of Commerce during the last 4 years, but all of them would be too many to mention. You can look around you and find something they have done, something for the betterment of the town. They welcome suggestions from any citizen and also welcome constructive criticism.

At present the membership of the Santa Anna Chamber of Commerce totals 44 members. If you are not a member and would like to feel that you have a part in the many accomplishments, you will be welcomed as a member of this organization.

### School Board Elects Teachers For 1950-51 Term

Supt. R. K. Green announced this week that the Santa Anna School Board elected their men teachers for the 1950-51 school term at a meeting Monday night. The women teachers will be elected at a later meeting.

The following teachers were re-elected: Cullen N. Perry, High School Principal; James A. Harris, Elementary School Principal; Bill J. Adams, Eighth Grade teacher and Elementary School Coach; Clifford Lowe, High School English; D. W. McBride, High School History and Coach; A. D. Pettit, Vocational Agriculture; and T. K. Martin, Band.

Green is serving under contract to the School Board and therefore does not require re-election.

### This Could Happen In Our Town

The following is an article clipped from a newspaper concerning the death of a child, caused by spectators interfering with firemen. The same could happen right here in Santa Anna. It is all right to go watch a fire if you stay back far enough that you do not get in the firemen's way, and hinder them from doing their duty.

Read the article and picture yourself as one of the spectators. FIRE SPECTATORS COST LIFE OF CHILD

AMITE, La., March 14 (AP)—Four-year-old Joann Chavers died Monday in a blaze which firemen said they could not reach because of so many spectators.

Charles Boyd, 52, a neighbor, rushed into the burning building and rescued Luther Chavers Jr., the girl's 3-year-old brother. But he was not able to re-enter the house.

At an indignation meeting Monday night, Fire Chief Joseph Binder charged that curiosity seekers had been continually blocking traffic at fires.

Mr. and Mrs. H. A. Burden and Grace Mary, Mr. and Mrs. G. E. Burden, Georgia Marie and Tena, all of Benbroke; Mr. and Mrs. W. C. Burden of Lubbock; Mr. and Mrs. John Clark and Anna Ethel of Corpus Christi, visited in the home of their parents, Mr. and Mrs. W. H. Burden, over the week end.

Mrs. Charles Hogue and children, of Burney, Texas, spent the week end with her parents, Mr. and Mrs. J. B. Howington.

### Long-time Santa Anna Business Woman Buried Mon.

Funeral services were held at the First Methodist Church in Santa Anna at 2:00 p. m. Monday, March 13, for Miss May Blue, 73, who passed away at her home Sunday. Miss Blue had been connected with the business life of Santa Anna all her mature life. Rev. W. F. Smith, pastor of the church, officiated, assisted by Rev. M. L. Womack.

Miss May Blue was born in Lawrence County, Tennessee, May 16, 1877. She came to Texas with her parents in 1884 and settled in Waxahachie. The family moved to Coleman county on April 1, 1890, and she has been a resident here since that time. She was a daughter of Mr. and Mrs. A. W. Blue, deceased.

At the age of 18 she went to work for the M. Tyson Mercantile Co. About 1910 the store was named the Santa Anna Mercantile Co., and Miss Blue became president of the company. In 1932 she purchased the Santa Anna Mercantile Co., and it became known as the Blue Mercantile Co. She operated the store until 1940 when she retired from active business life. It has been said that Miss Blue sold women's and babies' clothes to three generations of Santa Anna families. She is listed as being the second oldest member of the Santa Anna Methodist Church, and a charter member of the Santa Anna Eastern Star.

Survivors are one brother, Hardy Blue, two sisters, Miss Bettie and Mrs. Tom Mills, all of Santa Anna. Three nieces, one nephew and one great niece also survive.

Pallbearers were Stewart of the Methodist Church. The active ones were Rex Colston, Roy Richardson, W. B. Griffin, O. A. Etheredge, Thomas Myron Price, and O. J. Greene. Observers were members of the Board of Stewards, were Honorary Pallbearers.

Flower bearers were Anne Tom Davis, Arth. R. L. Hays, Jim Harris, Frank Turner, T. P. Seely, D. D. Blake, Rex Colston, Jack Mobley, R. L. Todd, Julian Pettit, O. J. Albino, G. A. Etheredge, O. L. Cheaney and Miss Xania Meyers.

Friends and relatives from out-of-town who attended the services include: Mrs. Lila Jackson, Mrs. Leona Graves, Martin O. Curry, Mrs. Lewen Jackson, Mrs. Jimmy Sutton, all of Brownwood; Mr. and Mrs. J. D. Henderson of Cross-Cut; Mrs. Wilma Spencer of Roswell, N. M.; John Hardy Blue and Mary Mills, students at the University of Texas, Austin; Mr. and Mrs. Oran Henderson and Ora Beth of Lubbock; Rev. A. K. Marney and Mr. and Mrs. E. A. Kerby of DeLeon; Mrs. Lillian Allen of Blanket; W. L. Sturtz of Ballinger; Mrs. Irene Verner and Mr. and Mrs. James Verner of Abilene.

Burial was in the Santa Anna Cemetery with Hosch Funeral Home in charge.

Mr. and Mrs. John Gregg and children spent the week end in Joaquin, Texas, visiting her father and her two grandmothers, who are very ill. Sunday afternoon Mr. and Mrs. Bryan Blevins, Mr. and Mrs. D. O. Sholar and Mr. and Mrs. C. W. Chance and children visited briefly with the Greggs on their way to San Angelo, returning home from Joaquin, where they had been several days.

Mr. and Mrs. John West of Abilene, Mrs. Sarah Young and son, Lynn Young and family of Stamford, attended funeral services of their sister and aunt last Wednesday and visited Mr. and Mrs. Roy West Wednesday night.

All three bond issues presented to the voters of the City of Santa Anna carried by wide margins at the election Tuesday. Very little opposition to either question was shown.

Proposition No. 1 concerning the issuance of \$125,000 Water Revenue Bonds carried with 243 voting for and 17 against. Proposition No. 2 concerning the issuance of \$25,000 Sewer Revenue Bonds carried by 236 votes for and 24 against. Proposition No. 3 concerning the issuance of \$50,000 water tax bonds carried by a vote of 246 for, to 18 against. Two hundred and sixty-six votes were cast in the election.

It is unusual when this number of voters turn out to express their opinion on a matter that concerns the city. Speculation had it that there would not be over 200 votes cast at the most. This shows that the people of Santa Anna are interested in the water situation, and would seem to indicate that a large majority want to have a plentiful supply of water.

The City Commissioners met in special session Tuesday night to get the bond issues ready to be sent to the Attorney General of Texas for approval. At this special meeting they also decided to sell all the Revenue Bearing Bonds now, and hold the tax bonds instead of selling the Tax Bonds and holding back a part of the Revenue Bonds. In this manner, it might be possible that the taxes will not have to be raised as much as it was said at first. The Commissioners are giving every consideration to questions that arise, and seem to be working it out for the best interest of the public in general.

It is not known just how long it will be before the water line is completed, but the commissioners are studying everything possible to get the water as quick as possible. They think it possible that they can have the water here within four or five months.

### Band Mother's Club To Sponsor Two Basketball Games

The day night, March 23 starting at 7:30 the Santa Anna Band Mother's Club will sponsor two basketball games in the local gym. One game will be played between teams made up of local men and out-of-town men. Another game will be played between teams made up of local women and out-of-town women. Both games should prove very entertaining. All proceeds will be used for benefits by the Band Mother's Club.

Twin babies, a boy and girl, were born Thursday, March 9, to Mr. and Mrs. Pat Williams of Brownwood. Patrick and Billie Jean are the names given the babies.

## Santa Anna Oil News

By Elgean Shield

Ross Smith on the Kingsberry land, 330 ft. out of the NE corner, is reported to have missed all of the shallow sands, and is drilling at about 1800 ft.

Tha Blackstock and Pete Jackson on the Westbrook land hit the top of the marble falls at 2345 ft. with a saturated show. Drilled to 2465 ft. Will set casing today (Wednesday) at about 2345 with 100 sacks of cement, and will, in all probability make a good well.

Fred Pool took a contract on a drill site on some land just south of the high school building and moved in Wednesday. The operator and location will

be determined later. If this makes a well, you can look for a townsite oil play within the city limits of Santa Anna.

Earl Hummel, Hunter Woodruff and Reef, operators, are now drilling on the Joe Flores land. Location and depth not known.

The Lone Star on the Lucas land, which is an extension to the end of the farm to market road that leads south of Liberty, hit the top of the marble falls at 2091 ft., drilled to 2197 ft., and expected to set pipe Wednesday.

(Reporter's note: I am sorry there is no report on the McClure field, but have been ill with the flu and have been unable to make contacts there.)

### Rev. M. L. Womack Makes Statement

Editor's Note: The following article, handed me by the Rev. M. L. Womack, corrects some misunderstandings when he was interviewed last week. We are glad to publish the corrected story of Rev. Womack's life.

May I be permitted to correct a few mistakes in the write-up about me in last week's paper. In 1897 I was admitted to the Presbytery at Smart, Tenn. I did not have a pastorate there. I went to school at McMinnville, Tennessee. In 1900 I went to Marshall, Mo. where I attended Missouri Valley College. Then I preached in the Methodist Church, took a Conference course for four years. When I finished this study, I was ordained by Bishop Sheppard. I also attended Moody Bible Institute. In 1917 I became pastor of Presbyterian Church at Lone Elm, Kan. I did not spend 15 years at Lone Elm but spent about 15 years in Kansas—coming from Council Grove, Kan. to Santa Anna in 1929. Here the people have been most friendly and kind. They truly have shown their love and respect. How rich this land of M. L. Womack.

By a vote of 240 to 177 the House last week passed and sent to the Senate a "voluntary" fair employment practice bill, rather than one of compulsion which is advocated by President Truman.

The Southern Democrats joined with the Republicans in killing the compulsory or "police state" type of FEPC, and the Northern Democrats turned around and formed a coalition with the Republicans to pass the watered-down measure over the united opposition of the South-

erners. But, thanks to the power of the Senate filibuster, it remains very doubtful that any type of an FEPC will be enacted at this session of the Congress. The bill may be called up for debate in the Senate in March.

The House version would create a new bureau composed of five Commissioners, authorize them to subpoena witnesses, to testify when disgruntled job seekers file complaints claiming discrimination because of race, color, religion or national origin. The Commission could then make findings, but would have no authority to force compliance by the use of injunctions and jails.

It is obvious, of course, that any version of FEPC is vicious and contrary to the traditional American way of doing things. It would permit substitution of the biased judgment of bureaucrats for that of employers in deciding who is the best fitted person to fill a particular position.

As pointed out by Donald Richberg, a noted lawyer, if the Government can by law force an employer to hire A, how long will it be before the Government will want authority to force A to work for that employer? Both are forms of involuntary servitude, yet one would seem to be as fair as the other.

### A New Cook Book

The Department of Agriculture has just made available a brand new cook book called **FAMILY FARE**, food management and recipes. It offers a selection of more than 200 recipes from mainstay to special dishes. The cooking principles are modern, designed to conserve the nourishment as well as the appetite appeal in foods. While I haven't found any modern recipes that can compare in taste and appeal with the old-fashioned dishes of our mothers and grandmothers, the new publication claims to have some good advice on food planning so as to provide meals that contain the nutrients in the quantities that different individuals need, sections on food buying, storing, measuring foods and menu ideas.

This new publication sells for two bits, but each Congressman has been allotted an initial supply for free distribution. If you are interested, please let me know and your request will have prompt attention.

While I am referring to available publications, I have a limited number of pamphlets entitled: "100 Things You Should Know About Communism." This issue is very interesting and easy to read. If you are interested in a copy of this, please let us know.

Sunday Mrs. Hall and Mrs. McWilliams, Donella and Curtis Woods went to Kerrville and Hunt, Tex. where they attended a family reunion dinner. There were almost 85 present, coming from as far as California and Oregon.

Whom News

Mrs. Tom Rutherford

Everyone is requested to be at the School House Friday night to make definite plans about the April Fool Picnic. Don't forget this request of the community.

The news is rather short this week. So much sickness in the community. Mrs. Warren Gill and Mrs. Dave Shields have been patients in the Santa Anna Hospital during the past week. Lots of sickness by those who were not admitted to the hospital.

Rev. Mac Ham preached at the Nazarene Church Sunday morning, but night services were dismissed due to so much sickness and the cold weather. The Hams were dinner guests with Mr. and Mrs. Henry Smith and children.

Mr. Bert Turney was called to Alpine one day last week to attend the funeral of a sister, Mrs. Jim Featherston (the former Miss Kate Turney). Mrs. Featherston has been in failing health

for several years. Our sympathy is extended to all the bereaved.

Mr. and Mrs. H. B. James of Trickham, and Mr. and Mrs. Grayvil Hext and children were Sunday guests with Mr. and Mrs. Earl Cozart.

Mrs. John Lovelady was also a patient in the Santa Anna Hospital last week.

Mr. and Mrs. Bert Turney's daughter, Pat, who has been visiting here from Dallas, returned home Friday, after visiting her parents a week.

Mr. and Mrs. Roy England of College Station, visited her parents, Mr. and Mrs. Warren Gill, during the week end.

Mr. Earl Wright Gill, who is

attending Howard Payne College, was a patient in a Brownwood Hospital a few days last week.

Mr. and Mrs. Aaron Avant are driving a new Ford pick-up since last Tuesday.

Our deepest sympathy is extended to Mrs. John McIlvain of the Rockwood community, who lost her husband very suddenly Saturday morning, also to the bereaved children.

Mr. and Mrs. W. R. Bond of Abilene were week end visitors with her parents, Mr. and Mrs. Wiley Seals of Coleman. Mrs. Bond also visited her parents, Mr. and Mrs. Artis Irby and Mrs. Richard Smith of Santa Anna.

School is supposed to be very nice

But science lab is full of mice  
And the teacher, who is afraid  
of them  
Runs and screams at the slightest whim.

In English we study public speech  
And our voices screech and screech

And soon we will begin to study  
grammar,

And the teacher will have to  
use a hammer.

Band is the best of all, it seems.  
The director screams and screams,  
Because our horns are never quiet.  
We are eager to play day or night.

So, you see dear friend,  
School is nothing but a sin,  
All work and no play  
Is not good, so they say.

**THIS YOUNGER GENERATION**  
One often hears a member of the older generation saying, "Oh, this younger generation! Why don't they take advantage of the opportunities offered them today. Looking at it from their point of view, one would quickly agree.

Older people have had more experience, had more hardships, and had to do without many of the comforts that young people of today take for granted. Many had to walk a long way to get to school, and that included those cold, rainy winter mornings. They didn't get to go on band trips with the football team. They didn't have the modern, easy to use equipment that we have in the science and home-making lab now. Yes, going to school today would seem a pleasure to some of the old timers.

Perhaps the younger generation is not as unappreciative as it may seem, but there are a few opportunities that are simply overlooked. For instance, the library. A single individual usually could not afford to have as wide a selection as the library offers. One has an opportunity to be well read and up to date by putting those magazines to use often, however, one catches one's self turning to the joke section first. But, all in all I think the younger generation does appreciate the many opportunities that we are lucky enough to enjoy.

**WHO'S WHO**  
Have you seen that handsome boy around town or at school if you haven't you sure have

been missing something. You don't know who I mean, but he is none other than our own, Joe Hal England. Joe Hal is 6 feet 2 inches tall with brown hair and eyes. He is 16 years of age and his favorite subject is Science. Mrs. Evans is his favorite teacher while Apple-Pan-Dowdy is his favorite food. Joe Hal's pet peeve is fickle girls. He likes Walter Burns as an author, while his favorite book is "Saga of Billy the Kid." Joe has a favorite movie star, it is June Allyson. When he finishes school he plans to attempt a major in science. In whatever he undertakes we wish him all the luck in the world.

Have you heard the Juniors talking about the Junior-Senior Banquet? Seems as though it's going to be pretty swell.  
Have you seen Jimmy and Suzanne together lately?  
Have you heard Coach got fouled off Thursday night at the basketball game?  
Have you heard how the Inermuel Tournament came out? The Junior boys and girls are Champions.  
Have you heard how pleased the English II classes are over their test?

**WHO'S WHO**  
Have you seen a cute boy in Santa Anna High School. You

haven't well, you just haven't looked at a small senior they call Charlie Joe Harris. He has deep blue eyes that sparkle when a girl looks into them. He is 5 feet 8 inches tall and weighs 130 pounds. He was 17 years of age on December 1, 1949. He has been on the honor roll twice this year and expects to be on it the rest of the time. His interests here must be in projection and tennis, because he belongs to those clubs. He is enrolled in Bentley Draughton's at Ft. Worth for the next year, so I guess that is where he is going to get his degree in "Junior Accounting." We wish Charlie Joe all the success and happiness in the world in the task he is endeavoring to undertake.

**Happenings In The Alamo City**  
By Mrs. A. L. Oder

Now with some good help with my sister, it is possible for me to get about a little more, especially in the afternoon, and see some of the interesting things taking place.

**Memorial Services at the Alamo**  
On Monday afternoon, March 6th, I attended impressive memorial services in the Alamo Chapel, commemorating the 114 years, since the brave souls, within its sacred walls, gave their all for Texas freedom.

Reading of the brave deeds and also the first messages and letters—some inscribed on copper plaques—that some of the men wrote while facing death makes me feel anew the debt of gratitude that is due them.

**Antique Show**  
On the same afternoon I attended an Antique Show and Sale, given in the Menger Hotel.

The affair was given by some club women and half of the entrance fees was given to charity.

This was a most interesting affair. Exhibitors being present from many Texas points, also from other states.

There was a great display of indescribably beautiful china, silver, old time furniture, jewelry, dolls and other things too numerous to mention. In one of the booths I met a very pleasant lady, who used to live at Santa Anna. Her name is Mrs. Ida Calvert Loy and she asked about some old time friends.

**Azalea Show**  
May be I am saving the most interesting thing until the last. The Azalea Show which I attended on Thursday afternoon at one of San Antonio's leading nurseries, was breathtaking beautiful. The advertisements said 2 million blooms could be seen, and I am sure there were many more. They were in all the lovely shades of pink, purple, red,

and also white. Santa Anna is getting to be an Azalea city, many homes here having them in abundance.

**Lions Club**  
The Highland Park Lions Club meeting two blocks from us, in the Recreation building, of beautiful Highland Park is very active.

Seeing a string of cars all around the park and then some I asked a man going to the weekly luncheon, the number of their membership. He said they have about 225 members, being the second largest club in District 2. I believe it was.

I proceeded to tell him about the Santa Anna Lions Club and he said, "I have heard about them and their good work."

Many other things could be told of happenings here, but it will be an item of great interest to me when I can get home and see my friends in Santa Anna and vicinity. The Lord willing that will be soon.

**Local Methodist Church News**  
Because of the weather, sickness and death our attendance at the second Sunday was below normal. The morning service was in keeping with the Day of Dedication, the pastor speaking from the question, "Who then is willing to consecrate his service this day unto the Lord?" Preceding the evening sermon, Mrs. Eberge and two of her Juniors gave the interpretation of "Boy

Christ" after painting by the famous Christian artist, Suttman. Workers in the Children's Division are already making plans for the Vacation School scheduled to begin Monday, June 12. They will be happy to have the hearty cooperation of others in the community who may not be planning similar schools.

Our Youth Division is to be hostess to the District M. S. F. Tuesday evening, March 28th. A full attendance of our local youth is expected. A beautiful program is being arranged with our local president, Pat, Bauder, presiding.

The exchange next Sunday evening is to be the Steward and Trustee. If you are a member of either group you are asked to be present, and bring something with you.

Our deepest sympathies and love are extended to our bereaved members.

Let us not forget that the date set for our special revival services is April 2-9. You are cordially invited to all our services.

Mr. and Mrs. William Shifford and daughter, Janice, of Ft. Worth, visited Sunday in the home of Mr. and Mrs. J. E. Howard.

## It's the Great American Habit

Flipping switches is The Great American Habit. Even children have it. And it's a habit that has given America the world's highest standard of living.

In the home, electric service is just about the smallest item in the budget, what else makes life so easy, so healthy, so comfortable?

In industry, electricity lends the employee the strength of giants. Electric motors multiply his muscular strength by dozens or even by thousands—making it possible for him to produce more, better, faster—to earn more.

Electricity is certainly a vital part of our American life yet, oddly, this country spends less than 2% of its vast income for electric service. Such a bargain in efficiency didn't happen by accident, of course. Business-managed electric industry—progressed and expanded because of investors with faith and vision, employees with skill and experience.

There are still broad fields of electric living yet to be tapped. Business men can do the job better than tax paid bureaucrats. That's always been the secret of America's progress.

The Living Faith

Lesson for March 19, 1950

MANY a funeral sermon has been preached over the Christian church, but somehow the corpse never stays put. What keeps it going? All sorts of explanations have been given by unsympathetic outsiders. The church, we are told, is an upper-class hobby, or a lower-class opiate, or a social club. It is a spiritual society, it panders to pride, or it is a perverse form of self-love. It is kept alive by a well-run organization. Such explanations do not explain the truth as it is. The truth is quite simple. The church is kept alive by faith. What is Christian faith, the faith of the church? A study of the Scripture for this week, or a broader search through the New Testament from end to end, will convince any impartial reader of the falsehood of some of the notions about what Christian faith is.

Dr. Foreman

Some have claimed that it is nothing but faith in the Fatherhood of God and the brotherhood of man. Let the reader try to find this in the New Testament if he can.

If you had said this to an early Christian, he would have replied along this line: "That is just the problem—how can we become sons of God? How can men achieve brotherhood?" Others tell us that faith is belief in a series of doctrines.

Let the reader search the New Testament and see if he can find there anything about faith in a creed. Sometimes this notion takes another form—that faith originally was a belief that Jesus' beliefs were true. In other words, that faith is accepting the "religion of Jesus."

Now the church from the beginning believed that Jesus' thoughts were true thoughts, but faith was never a simple second-hand acceptance of any one's creed, not even that of Jesus. The faith we find in the New Testament is none of these things. Still less is it faith in the saints, in Mary, or in an "infallible" church.

Faith: Not About, But In...

THE FAITH that broke out in glorious light in those early days of the church, and has continued shining down through the centuries, was not belief about any thing or anybody; it was belief in Some One, and that Some One was Jesus Christ.

There is a simply astonishing variety of ways in which he is spoken of in the New Testament. He is Son of Man, he is teacher and healer, he is the first-born of many brothers; he is Priest and Sacrifice, he is the Propitiation, the Reconciler of men to God; he is Master and Lord, he is the Word—that is, what God has to say to us; he is the Son of God, he sits on the throne of the universe, he will judge every man.

To put it quite bluntly, the church believed (and still believes) in a supernatural Christ and not only in a human Jesus. They believed in him as a teacher, as the Teacher indeed; but not merely as one whose teachings had been interrupted by an untimely death. They did not "play down" his death, on the contrary they played it up.

Christ crucified for us is always strongly in their minds. But they were far from leaving him as it were on a crucifix.

Any form of Christianity that thinks of Jesus chiefly as a Christ-mas baby; or a starchy-eyed idealist; or as a pathetic figure hanging on a crucifix is a perversion of New Testament ways of thought. Everywhere in the center is the Christ who "was dead and is alive forevermore."

There Is No Other

A YOUNG MOSLEM who became a Christian and is very happy about it, was asked what it was that changed him, for Moslems are hard to change. It was not an argument, he said, it was the lives of some missionaries in Iran whom he knew.

He wanted what they had—it was as simple as that. And he went on to say this: "Christianity doesn't have much in theology that Mohammedanism

From where I sit... by Joe Marsh. Handy and Easy Are Both Wrong. Handy Peterson and Easy Roberts got in quite an argument the other day over at Fred's Garage talking about the best spot to fish up at Green Lake. "Opposite the old sawmill is the best spot," says Handy. But Easy "poo-poo's" him. "I've seen the biggest fish caught off Cedar Point," says Easy. "I've been catching them there for years." Then Fred goes into his office and brings out the biggest mounted rainbow trout you ever saw. "Bet that was caught at the sawmill," comments Handy. "Cedar Point," says Easy. "Well," says Fred, "you're both wrong. I caught this baby right out in the middle!" From where I sit, there are always two (or more) sides to every story. Let's live and let live in the true American tradition of toleration. Your opinion is worth a lot, but so is the other fellow's—whether it's on politics, the best fishing spots, or whether he likes a temperate glass of beer and you like buttermilk. Joe Marsh

At the evening hour a sound picture will be shown entitled, "Not in Vain." The evening service begins at 8:00. It is preceded by the Training Union at 7:00 p. m. Last Sunday evening Kenneth Haynes was buried in the beautiful symbol of Baptism. The church is conducting a Visitation Program each Sunday afternoon between now and the Revival, April 16-23. Each one who can help in it is asked to meet at the church at 3:00 p. m.

Dr. Joe Green To Purdue University

Dr. Joe W. Green, son of Mr. and Mrs. George O. Green of Coleman County, has been admitted to the Graduate School of Purdue University majoring in Veterinary Science.

Dr. Green's appointment was one of four in the United States which allows an employe of the Bureau of Animal Industry to follow graduate studies. He will be in charge of the Brucellosis, or bangs, testing laboratory while going to school.

The graduate studies follow Dr. Green work in the Mexico foot-and-mouth disease campaign. After his return to the States recently, he was permitted, along with two other men, to apply for appointment at Purdue.

Upon completion of the requirements for the degree of Master of Veterinary Science, Dr. Green hopes to be assigned to one of the Animal Disease Research Units in Texas.

Mr. Elgean Shields recently returned home from Dallas, where he was transacting business.

### Dr. Geo. L. Strathman Chiropractor

Dr. Geo. L. Strathman, Chiropractor has his office at 1300 Ave. C in Brownwood. Phone 2-8355 for an appointment.

For more than 50 years chiropractic has been accomplishing wonderful things. That it has endured for that length of time is proof of its worth and merit. It has saved thousands of individuals from premature grave and has put millions on the road of health and enabled them to become useful members of society.

The practice of Chiropractic is based on the principle of correcting the cause of disease in the body. Disease is an effect and every effect must have a cause. Chiropractic contends that the disease in the body is the vertebral subluxation which creates pressure upon nerves and interferes with the normal transmission of vital nerve energy. The Chiropractic objective is to locate the place in the spine where nerve pressure exists, due to vertebral subluxation, and by proper adjustment, to restore the subluxation vertebra to its normal position. Correct adjustment releases the pressure on nerves and thereby removes the real cause of disease in the body.

If Dr. Geo. L. Strathman cannot help you he will tell you so.

### House Flies Cause Many Illnesses

AUSTIN, TEXAS.—Millions of flies help to cause the illness and death of thousands of children and adults each year in the United States. Hundreds of these casualties may be in the State of Texas this year if residents fail in their responsibility for developing the best possible sanitation measures in the area where they reside. Typhoid fever, summer complaint, and other

intestinal diseases can be traced to the common housefly as the carrier of infection.

Dr. Geo. W. Cox, State Health Officer, speaking in this connection recently said, "Be sure that your windows and doors are tightly screened so stray flies from a careless neighbor will not endanger your family. Be sure that flies are kept away from food, drink, and utensils used in the preparation of food. Make sure, if you live in rural districts, that outside privy vaults are tightly covered so as not to permit the entrance of flies. Infections from this source can be picked up and spread to human beings through contact with food, drink, and utensils. Keep all garbage covered until collected or buried. Eliminate all breeding places for flies and you will be helping your community in its work of controlling communicable diseases and preventing unnecessary illness."

Dr. Cox said that the State Health Department would furnish upon request a pamphlet outlining safe and practical methods recommended for use in fly control.

The war created an extra drain on the soil.

### Fourth-year Course For On-farm-training Approved By V. A.

Dr. George T. McMahan of the Veterans Administration Center, Waco, Texas, has announced that he has today received information from Veterans Administration Central Office, Washington 25, D. C. to the effect that a fourth-year course of institutional on-the-farm training will be allowed for eligible veterans for the course within the terms of Public Law 377 and who meet the standards established by the State Approval Agency of the State of Texas.

### Barbara Bruce Makes 30 Grade Points at TSC

Stephenville, Texas, Feb. — Barbara Bruce, of Santa Anna, was one of several students who made 30 or more grade points during the fall semester of 1949-50 at Tarelton State College in Stephenville.

Barbara, who is majoring in agriculture, made a total of 30 grade points.

### Spiritual Awakening

A new Spiritual Awakening can come to people who believe that God can and does reveal Himself and His will to people today. Illustrations of this experience are so numerous in church history that they need not be enumerated.

God is anxious and willing to give a repetition of these experiences in our day. "Try me—prove me—He that is willing to do my will shall know," are statements of God challenge us to step out on His promises.

Two million Southern Baptists in 8,500 churches, West of the Mississippi River are daring to take God at His word. They are planning to seek the face of God afresh, at one time: April 9-23. They desire the support of all God-fearing people in this movement, that the tides of death may be turned back from America and that Christ may be enthroned as Lord of life. "May the Spirit of the Master lead all God-fearing people of our community to join in this crusade."

makes an A. Thus, a student taking 16 units of work has a possibility of making a total of 48 grade points.

### The Former Miss Nancy Morgan

MISS NANCY MORGAN

Miss Nancy Morgan, daughter of Mr. and Mrs. Leon Morgan, was married to Clarence Mack Ross in a double ring ceremony at 4:00 p. m. Sunday, March 5, at the First Baptist Church at Brownfield. A former pastor, Rev. A. A. Brian officiated. The bride was given in marriage by her father.

A reception was held in the home of an aunt, Mrs. Ida Burton, following the wedding. After a wedding trip to Colorado, the couple will be at home in Waco, where the groom is attending school.

Those attending from here were: Mrs. Ray Stockard and Leroy and Miss Cleo Rushing. Miss Beverly Stockard and Juanell McFaddin of Abilene also attended the wedding.

### Garden Club Has Regular Meeting

The Mountain City Garden Club met in the home of Mrs. J. R. Gipson Friday afternoon, March 3. Twenty members were present, with each bringing a guest to enjoy the special treat provided by the program chairman.

The highlights of the afternoon were the lecture on Horticulture, by Mrs. L. P. Johnson of Abilene, and picture slides, shown by Miss Eudora Hawkins, also of Abilene. Miss Hawkins operates under the auspices of the West Texas Utilities Co., and is always available for entertainment and culture of all women's clubs. She promised to return at an early date, with some very interesting pictures.

Mrs. Johnson spoke on the different phases of both flower and garden culture, with emphasis on indigenous plants for our area. She stressed the idea of specializing of flora, such as

Amaryllis, her choice, or roses or iris, each as an absorbing hobby to know our individual yard, where a certain plant might flourish, and another die.

The latter part of the lecture was devoted to soils and soil building by means of compost and fertilizers, and a study of the type of the soil in our own yards and the required elements for the plants we want to grow.

Refreshments were served of St. Patrick's green Shamrock on white icing cake squares and coffee.

The picture slides were of Holland in Bloom Again, showing the beautiful fields of tulips of many breath-taking colors, now recovering from the ravages of World War II.

Also lovely pictures of gardens in England, another country that devotes their peace-time efforts to beautifying their country homes and the countryside.

Soil is our greatest natural resource—save it.
