## Dr. W. F. Benson Of Brownwood To Replace Dr. E. D. McDonald In Hospital

Dr. W. F. Benson of Brownwood will replace Dr. E. D. McDonald in the Sealy Hospital, effective May 1, 1950. Dr. Benson has been practicing in the Medical Arts Hospital for the past several months. He plans to continue the operation of the Sealy Hospital and Clinic in the same manner Dr. McDonald has been operating them. Dr. Benson served in the military forces during the recent war, and after his discharge practiced medicine in a Brady Hospital, before going to Brownwood.

He plans to move to Santa Anna within a few days.

Further information concerning Dr. Benson will be carried in next week's paper. Since it has been definitely decided that Dr. Benson would replace Dr. McDonald, he has been so busy completing arrangements, that

he has not been available for an interview. However, we assure our readers that Dr. Benson comes to Santa Anna very highly recommended.

Dr. McDonald will move to Dallas shortly after May 1st. As of yet he has not made any definite plans for the immediate future. The move is due to circumstances over which Dr. McDonald has no control.

Dr. McDonald worked in the hospital with the founder, Dr. T. R. Sealy, before his death. After Dr. Sealy's passing, Dr. McDonald took the hospital and has been operating it for over 10 years. He was assisted in the operation of the hospital for a number of years by Dr. R. R. Lovelady.

During the time Dr. McDonald has operated the hospital over 5,000 patients have been admitted for treatment.

## Santa Anna Oil News

By Elgean Shield

The Fred Pool Well, 330 ft. out of the NE corner, on the J. G. Copeland land, which tested 3-1/3 M cu. ft. of gas per day, is still shut in. Fred Pool moved his rig Wednesday and it is rumored that he has sold his interest in the Santa Anna field and will contract a well near Abilene.

Mr. Bill Griffin owns a considerable acreage that was taken in the original block and it has been said that the lease have drilling obligation that will necessitate the drilling of a well by the 10th of May.

The Shield Oil and Gas have applied for a Railroad Commission permit to drill on the Charles Ball land. It is understood that this well will be spudded in by the 6th of May. The Shield Oil and Gas have also applied for permit to drill two more townsite wells.

The H. C. Lessenger on the Grady McIver land looks like a very good well. They have drilled to 1017 ft. and were drilling in and testing Tuesday.

The Westates on the Mae Flores land appears to be a dry hole.

The National Cooperative Refining Association on the E. L. Woodward land, No. 27, Mary Ann Fisk survey, Section 630, was drilling Tuesday and it appears to be another good well.

Horace E. White et al. has given notice to drill his No. 3 well, on the W. R. and Lola Terry land, in the Ogdan Mabey field.

The National Cooperative Refining Association, on the Woodward land, well No. 16, completed 3-22-50, potential 51 barrels per day of 38 gravity oil. Top of the pay at 1490 ft., total dept 1509 ft., Allowable 20 barrels per day.

W. E. Stepp and L. J. Maxwell et al. announce their well No. 3 on the Paul Riddle land. They also announce their well No. 3 on the Mrs. George Sparkman land. Both of these wells are in the Samuel Crooks survey, No. 736.

The Westates Petroleum Corporation announce their well No. 3, on the C. C. Burrough, A lease, E. E. R. Survey, Section 2, Block 1, in the Templeton field.

The following wells are all located in the Green McClure field, 14 miles south of Coleman. Sloan Wells is now drilling at around 575 ft. They expect to complete this well this week end.

Sloan Wells No. 1 well is now complete and is making 24 barrels per day. In this same field, they were acidizing their No. 2 well Tuesday.

The Dr. Bryan well No. 2A, is now complete and is making 11 barrels per day.

Mr. D. C. Smith of Monument, New Mexico, spent a short time with his parents, Mr. and Mrs. Turney Smith.

## Salvation Army To Observe "Prison Sunday"

The Salvation Army Corps of Texas and Salvation Army groups throughout the U. S. will join April 30 in the observance of "Salvation Army Prison Sunday."

The organization will devote the day to special religious services for men and women behind bars in jails and prisons throughout the state. Lt. Col. John A. Morrison, Texas divisional commander, announced.

"We have always considered it one of our duties to work with the prisoner in the rebuilding and maintenance of faith and courage against the day of his release and return to normal life," Colonel Morrison said, "and our year-round work in jails and prisons has long been an important part of our welfare program."

The Salvation Army is the largest volunteer parole agency in Texas today, and more than 1,000 ex-prisoners are under its guidance.

The Salvation Army is represented locally by a Service Unit Committee with Miss Ruby Harper as Chairman.

Support for its local and state-wide program is received from the Annual Campaign for funds.

Rev. Lamar Smith of Mineola, and a Senior at T. W. C., Fort Worth, is scheduled to preach at the local Methodist Church Sunday morning. It is hoped that we have a full attendance to hear him.

## Joyce Rowe And Billy Joe Scott Place At Regional

Joyce Rowe, who placed first in the District typing contest, placed second in the Regional Class B Typing contest, held in Brownwood last Saturday. Lou Ann Deal of Mertzon placed first with a speed of 138.54.

Billy Joe Scott placed second in the discus throw at the District meet, and also placed second at the Regional meet, also held in Brownwood.

All first and second place winners in the literary and track events will advance to the State finals in Austin, early in May.

R. D. Hartman, Duane Moredock and Charles Scarborough also entered events at the track meet, but failed to place.

## Boy Scouts Spend Night On River

Twenty-four of the local Boy Scouts, under the direction of Scoutmaster Bill Adams, left Friday afternoon to spend a night on the river. They went to the George Hunter place, near Whon, and returned Saturday afternoon.

The new Assistant Scoutmaster, Bill Day, and Explorer Scout Leader, G. T. England, also accompanied the boys.

The boys and their leaders practiced in several Scout activities and fished during their stay on the river.

A number of the Scouts will attend the Jamboree at Camp Tonkawa, near Abilene, this week end.

## High School Band To San Angelo Contest Friday

On Friday, April 28, Band Director, T. K. Martin will take the High School Band to San Angelo. There they will participate in the Interscholastic League Band Contest.

Judging will be on playing, marching and solos.

Those from Santa Anna playing solos will be, Geraldine Lowellen, Annette Johnson, Margaret McCaughan and Don Davis.

Santa Anna is proud of the band and believe they will give a good account of themselves at San Angelo.

A large number of members of the club have good records, and have received various awards for their contributions to the Lions Organization. The president, Hardy Blue, has a perfect

attendance record for over 13 years and received his ten-year perfect attendance pin about three years ago. He served eleven years as secretary-treasurer of the club and is a Key member. He also served on the Board of Directors all during the time he was an officer in the club.

The Club has two Master Key members. They are Neal Oakes and George Johnson. A Master Key is given for getting ten new members in the club. Several others are working toward perfect attendance records.

Approximately 250 members, their wives and other guests are expected to attend the Anniversary program Tuesday night.

**Acquire That Sun Tan Slowly**

Austin, Texas—Summer weather is just around the corner and many Texans will try to acquire a sun tan as quickly as possible. Dr. Geo. W. Cox, State Health Officer today released a statement concerning the danger of over exposure to the sun.

"Sun Stroke is not thought to be due to the heat of the sun, but to certain direct effects of the sun on the human brain. It is likely to occur after the sun has shone excessively on the back of the head and neck," Dr. Cox explained. "This can be prevented by protecting the head and back of the neck from sunshine," he added.

Dr. Cox asserted that exposure of the skin to the sun has some virtue since the action of the sunshine tends to kill the germs on the skin. Further sunshine produces vitamin D from the fats in the skin and this product is absorbed and used by the body.

"In general the good effects of sunshine are not due to the heat rays but ultraviolet rays," Dr. Cox stated. "It must be remembered, however, that it is these same rays which burn the skin and extensive application of direct sunshine to the skin may produce painful and severe

**THE POWER YOU NEED IS HERE**

Mr. Businessman, Mrs. Housewife, Mr. Farmer, Mr. Industrialist... the low-cost, dependable electric service you need is here! In West Texas you know the power you need is yours to command... even before you need it.

That's because the West Texas Utilities Company, for 38 years, has been building ahead. New generating equipment, new power lines, new substations... all are here when West Texas needs them.

This policy of building for the future has been a major factor in the economic development of the area we serve. Today we are building for tomorrow's needs... so that the power you need will always be here.

burns which actually may endanger life." The State Health Officer advises those who wish to obtain an extensive suntan to get it by exposing small portions of the skin to the sun for a short period of time. When tanning is established, exposing a greater area for a longer period of time should prove safe and comfortable.

**SENIOR CALENDAR OF EVENTS**

The Senior Class attended the Baptist Church as a group on Friday, April 21, which was designated as Senior Night. After the services we were entertained at the annex by the Ladies' Missionary Society.

On Monday, April 24, we were asked to be the guests of McMurry College in Abilene, and to be admitted free to the annual concert of the McMurry Indian Band. Another invitation which we received was to visit the Hardin-Simmons University on Field Day, Saturday, April 29.

The first Sunday in May, the Methodist Church will be host to the Senior Class at a social preceding the regular services.

Plans for a return Senior-Junior Party are under way. Friday night, May 5, is the date set for this event.

All the Seniors are anticipating a great and wonderful Senior Trip. This year we intend to venture to the great sea-coast city of Galveston where we shall spend two enjoyable days. On the third day we shall journey to Houston to visit the many sights of interest, among which are: The Shamrock Hotel, The Battleship Texas, The San Jacinto Monument and Park. Sunday night we shall return home and on Monday, thrill our friends with our many tales of wonder and excitement.

A Class Party is planned for May 19 and on the 21 of May we shall have our Baccalaureate Service at the High School Auditorium. Then on May 23, the great and final step of our High School career, our graduation, will take place. As yet, most of us Seniors are undecided about our plans for the future.

**"JOHNNY ZERO"**

"Tell me why" you haven't written lately?  
"I wonder, I wonder, I wonder," "Who" have you been "Slipping Around" with now. Could it be "Dinah" or "Ida"? "I wonder Who's Kissing Her Now?"

"Oh, Johnny" why didn't you tell me you were coming to see me last week. "If I Knew You Were Coming I'd a Baked a Cake." We could have gone "Strolling Through the Park" or gone "Cruising Down the River" ("Old Man River" or "The Swanee River") or even taken a ride on the "Mule Train" or the "Jackass Caravan." We could have listened to the "Cry of the Wild Goose" or gone riding in "My Merry Oldsmobile."

"Dearie" "I Miss You So" "Because" "My Foolish Heart" is "Yearning for You." "I Don't Know Why I Love You Like I Do" I guess I love you "Because" you are "Five Foot Two, Eyes of Blue."

I saw "Charlie, My Boy" the other day on the "Streets of Laredo." When you are around him "Smoke Gets in Your Eyes" "Because" he "Just Gotta Have Another Cigarette."

I went dancing the other night with "Bill." He was "Whispering" "Let Me Call You Sweetheart." When I dance so much to "Music, Music, Music," I feel like a "Ragmopp."

I shall "Now" go "Through a Long and Sleepless Night" "Until" see "You again."

"Love and Kisses,"

"Margie!"  
P. S. "Is It True What They Say About Dixie" and "Ichabod?" Tell all those "Dear Hearts and Gentle People!" "Hello" for me. But "Now Is the Hour" to say "Goodbye." May you "Always" "Remember Me" as you did "When You Were Sweet Sixteen."

**FRESHMAN NEWS**

LLM & CONCHO - COLEMAN

Flotlands got back on the front pages last week when a House Committee reported a bill...

would confirm the title of Texas and other coastal states to the mineral rights under the immediate coastal areas. The House will probably get a chance to vote on the issue again before the session ends this summer.

On two occasions in the past the House has overwhelmingly favored bills confirming title to the tidelands in the respective states. The first bill passed by the House was adopted by the Senate, too, but was vetoed by President Truman. We didn't have enough votes to override. Then two years ago the House repeated, but the bill did not get to a vote in the Senate. Now, for the third time, it looks like the House will get another whack at it.

Actually, this effort is but a gesture and expression because there are none who believe the President would sign a bill if we passed one and very few think there would be anything like enough votes to override a veto. In fact, the State's righters had more friends in the 80th Congress than in this one. Only 29 voted against the tidelands bill then but there will be considerably more when a vote is taken this year by the 81st Congress.

In the meantime, action is pending before the Supreme Court on the issue, the Federal government having filed suit against Texas, claiming title to all minerals under all coastal submerged lands. If Uncle Sam should prevail in this claim, the school children of Texas would lose an estimated \$2 billion in present potential wealth. Under Texas laws, the income from these tidelands goes into the school fund.

TEXAS CLAIMS it has a special right to its tidelands under the terms of the annexation agreement. Here, briefly, is the basis for this contention.

Texas was an independent nation from 1836 to 1845. As such it fixed its boundaries three leagues from shore in the Gulf of Mexico. That was done by the Texas congress in 1836. With those boundaries defined, the United States and other nations recognized Texas as an independent republic.

In fact, the United States specifically recognized our boundaries in the Treaty of Guadalupe Hidalgo, the Guadalupe purchase, and the International Boundary Agreement with Mexico.

And then when we entered the Union in 1845, Texas made it a point to keep these boundaries just as they had been established. At least we have a contract to that effect in our Annexation Agreement. Only a year before, Texas had been so anxious to become a part of the Union that it offered all the school land and agreed to convey to the United States all its unsold lands if the United States would take us in and assume the \$10 million debt of the Republic, the Texas State Teachers Association has pointed out.

A treaty to that effect was actually signed, but it was defeated by the U. S. Senate. If it had passed we would have those claims to our tidelands today. Then, the following year the U. S. Congress passed a resolution offering Texas annexation if it would pay its own debts and keep its lands. That was an offer, and the Texas congress accepted. Texas proceeded to adopt a new constitution which provided that titles to all lands should remain the same after annexation as they existed under the Republic. This constitution was approved by the United States Congress.

Today our property rights, thus acquired and long recognized, are being challenged by the Federal government.

**SCRAP IRON TO MEXICO**

A number of people have from time to time asked me about the ultimate destination of the scrap iron that during the past year or so has been shipped in considerable volume into Mexico. I have been assured very little if any of it would get out of our neighboring country. Recently I requested a report on this from the Secretary of Commerce. In his answer the reports:

Only limited amounts have been allotted for such export. Thus far this year approval has been given for the shipment of 53,454 short tons of iron and steel scrap to Mexico. Of this, 40,000 tons are going to the various steel mills in northern Mexico and 8,000 tons to American-owned operations down there. The remaining 5,000 tons go to various consignees approved by the Department of Commerce.

"It should be noted," the report continues, "that Mexico is traditionally an importer of American ferrous scrap upon which it is largely dependent to make up its chronic deficiency between consumption and domestic supply. The possibility of re-export of U. S. scrap is therefore very small."

Mr. and Mrs. Morris Farris and two children, from San Angelo, Mr. and Mrs. Roy Hyatt and two sons, from San Saba, and Mr. and Mrs. Bill Hyatt and their three children of Santa Anna, were Sunday dinner guests of Mr. and Mrs. Rufus Farris and Nancy.

**Whon W.M.S. Has Meeting**

The Whon W. M. S. met Monday, April 24, at 2 o'clock in the church auditorium for Bible Study and Royal Service Program. Due to bad weather, the W. M. S. was unable to meet last Monday.

Mrs. Gill had charge of Bible Study, studying Easter, 9th Chapter to Job, 12th Chapter. Mrs. Alberts had charge of the Royal Service program on "Press of Work for God."

The W. M. S. will meet Monday, May 1, for a social with Mrs. O. Lovelady and Mrs. L. Lovelady. Those present were Mmes. Alberts, Gill, Turney, McFarland, Base, O. Lovelady, Hexi and Miss Billie McFarland.

**H. D. Club Has Good Attendance**

The Santa Anna Home Demonstration Club, which met in the home of the president, Mrs. John Perry, Friday, April 1, was attended by 24 ladies. Among the members were five visitors, Miss Mary Jo Garland, Mrs. L. Gene Hensley, Mrs. Clark Miller, Mrs. Richard Smith and Mrs. W. L. Campbell.

Mrs. Jim Lovelady and Mrs. Bill Lowry, were welcomed as new members. Mrs. Marvin Rouse gave a good council report.

Mrs. Sam Grant, was elected council delegate, taking the place of Mrs. Rouse, who resigned the position at the previous meeting. The subject for the afternoon was, Bedroom Improvement, Floors and Rugs.

Mrs. Doug Moore discussed Suitable Floor Coverings for Bedrooms. Easy Floor Finishes, was Mrs. A. L. Oder's subject and Mrs. John Lowe told Points to Observe in Buying Rugs.

Following the program, Miss Garland gave a very interesting demonstration on Aluminum Foil Cookery. In 20 minutes she cooked pork chops, slices of Irish and sweet potatoes, and green pepper.

Also baked apples in another foil container.

Those present got to sample the food, thus prepared after which the hostess served ice cream. Miss Garland also showed a number of pictures of outdoor living rooms.

The next meeting of the Club will be a family night on May 8, at the lunch room.

**Shield H. D. C. Met Thursday**

The Shield Home Demonstration Club met Thursday afternoon, April 20, in the club room, with Mrs. Ben Carroll leading the program on "Bedroom Improvement." Others taking part on the program were Mrs. Claude Beville and Mrs. Rector Evans. They spoke on floors and rugs for the bedroom.

During the meeting, plans were completed for the out-door cooking demonstration, to be given by Miss Mary Jo Copeland, Thursday evening, April 27. Members also did some plan-

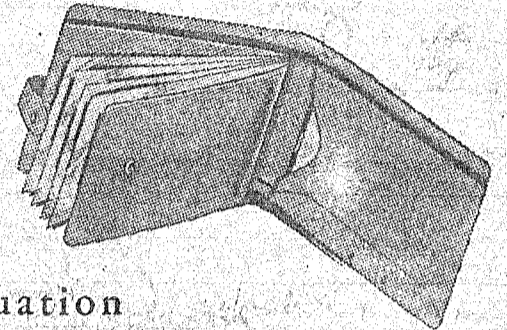

ning for the "Family Night" program, to be held Friday night.

Mrs. Ben Carroll lead the recreation and Mrs. Aubrey Scarborough served refreshments to fourteen members and several guests.

**Mrs. A. Turner At Class Reunion**

Mrs. Arthur Turner, accompanied by Mrs. R. V. Kimmel of Lubbock, left Monday for Houston, for a reunion with friends, in the home of Mrs. Hines H. Baker. There they were joined by Mrs. Karl Wallace of Fort Worth; Mrs. Joe Robertson of Austin, and Mrs. Joe Boyd of San Antonio; all former classmates and residents of Santa Anna.

Elder C. H. Richards went to O'Brien, on Wednesday of last week, where he visited, and made the acquaintance of a new great grandson. At the week end he was in Fort Worth, for a preaching appointment.

Feather-bedding scheme of Firemen's Union to put an additional fireman on diesel locomotives has been

# CONSIDERED TWICE!

Fact Finding Boards appointed by Presidents Roosevelt and Truman have said these demands were "devoid of merit" and they were

# REJECTED TWICE!

Now the Firemen's leaders seek to paralyze railroad transportation to compel the railroads to employ a wholly unnecessary additional fireman to ride on diesel locomotives. This scheme is plain

# FEATHER-BEDDING!

LEADERS of the Firemen's union have called a nationwide strike starting with four great railroads on April 26. These railroads are the New York Central, Pennsylvania, Santa Fe, and Southern.

The union claim that a second fireman is needed on grounds of safety is sheer hypocrisy. Safety has been dragged into this dispute only in an unsuccessful effort to give a cloak of respectability to vicious feather-bedding demands.

After a careful study of the first demands of this union, a Presidential Fact Finding Board on May 21, 1943, reported to President Roosevelt that there was no need for an extra fireman on diesel locomotives.

Again, on September 19, 1949, after a second hearing on the union leaders' demands, a second Board reported to President Truman that: "there presently exists no need for an additional fireman... upon either the ground of safety or that of efficiency and economy of operation."

Safety Record of Diesels is Outstandingly Good

Although the railroads accepted the Board findings, the union leaders have brazenly rejected them. They represent that an

extra fireman is needed for "safety" reasons. Here's what the Board had to say on that point:

"The safety and on-time performance of diesel electric locomotives operated under current rules have been notably good...

"Upon careful analysis of the data submitted on safety, we have concluded that no valid reasons have been shown as a support for the Brotherhood proposal under which a fireman would be required to be at all times continuously in the cab of road diesels. The proposal must be rejected."

The real reason behind these demands is that the union leaders are trying to make jobs where there is no work. In other words, a plain case of "feather-bedding."

The railroads have no intention of yielding to these wasteful make-work demands.

### "The Safety Record of Diesels is Outstandingly Good..."

PRESIDENTIAL FACT FINDING BOARD REPORT  
Read these excerpts from official reports of Presidential Fact Finding Boards:

"The safety record of Diesels is outstandingly good, and it follows that the safety rules now applicable have produced good results."

"The safety and on-time performance of Diesel-electric locomotives operated under current rules indicate that Diesel-electric operation has been safer than steam locomotive operation..."

Remember! These are not statements of the railroads. They are just a few of the many similar conclusions reached by President Truman's Fact Finding Board which spent months investigating the claims of the union leaders.

### Local Methodist Church News

Among the several out-of-town guests Sunday were the young Golstons, who have just returned from Japan. Mr. M. J. Norrel, another former resident and faithful member of our church years ago, gave an inspiring talk to the Adult Division. The pastor spoke about "This Day," an ageless subject, yet most timely.

The threatening weather interfered with the evening attendance. In answering the question, "How Much Do I Owe?" our debt to God, ourselves, the church, the community, society, and especially to children and youth was discussed.

A large group was present for the last fellowship supper, at which time reserved places were provided for the young people and the men. Mr. Tom Hays and Mrs. Smith were the birthday honorees. The Church was the

theme for the evening's entertainment. If there are any who did not live during the day of shouting Methodists, we would suggest that you see O. L. Cheaney for a demonstration. At least one Bible-centered game is always a part of the program. "Score-keeping" also adds to the amusement.

A full program has been outlined for May. Among the early activities are the Men's Breakfast, Wednesday morning, May 3; the quarterly general assembly of the entire Sunday school the first Sunday, at which time an unique skit is to be given by Miss Elsie Lee Harper and Mrs. Smith; and the time for honoring the high school graduates and faculty Sunday evening,

May 7, at 6 o'clock. An outstanding attendance record has been established at Sunday school and the morning church services. Let all work to keep this up.

If there is any service we can render, please command us.

Mr. and Mrs. Herbert Bankhead and son, of Brady, where he is temporarily stationed, and Miss Edwina Schrader of Austin, were week end visitors here with their parents, Mr. and Mrs. Edd Schrader.

Mr. and Mrs. F. A. Parsons and Muriel left Monday afternoon, for a visit of several days, with their son and brother, N. K. Parsons and family at Big Lake.

From where I sit... by Joe Marsh

### His Punch is His Signature

Was on the train up to Central City the other day and when the conductor came around, I asked him why their ticket punches make such odd-shaped holes in the ticket.

"Every conductor in the country has a different design for his punch," he tells me. "Some even show up a fellow's preferences. Now take mine. The hole it makes looks like a beer goblet."

Sure enough! Then he went on to say that the punch is just like the conductor's signature. Makes it easy to trace tickets... to check up if something happens.

From where I sit, even though your ticket is punched differently from mine, it still gets you where you're going. Just like people with their opinions. You might like coffee, another person, tea—and I'll settle for a temperate glass of beer. But what does it matter, so long as we respect the right of the other to have tastes and opinions? We're all trying to go in the same direction — towards a friendlier, more pleasant world for all of us.

## Southern Baptist Convention To Meet Outside Traditional South

The Southern Baptist Convention, which has nearly eight million members in 22 states, will meet this year for the first time outside of the traditional South. The annual meeting will be held in Chicago, May 9-12, and will be attended by 15,000 messengers elected by the churches.

Baptists are unique in that their annual convention is primarily a body representative of the churches and not a minister's group. The convention is constituted of "messengers" rather than "delegates" from the churches, in that no one carries authority to bind his congregation back home to the decisions of the convention.

The theme for this year's convention, over which Dr. Robert G. Lee, Memphis, Tenn., will preside, is taken from the fourth stanza of "America" — "Freedom's Holy Light." Southern Baptists are expected to consider several important social and religious questions facing America today. Among these are separation of church and state, the race problem, what to do about missions in communistic China. The closing service of the convention will be an evangelistic rally in the Chicago Coliseum, in which the Baptist churches of Chicago will join.

Southern Baptists are expected to go with their convention to San Francisco, Calif., next year, a departure from the practice of the past, looked upon as being even more radical than their meeting in Chicago.

Mrs. O. B. Owen and Mrs. John Gregg and children visited Mrs. Owen's mother, Mrs. Mary Gore, in the Shield Community Friday afternoon. Mrs. Gore returned home with Mrs. Owen and remained until Sunday.

### College Hymn

ABILENE. McMurry College students have chosen as the college hymn, "The Call, Can Not Be Lost Nor Stayed."

Composed by Kristian Ostergaard, the hymn was picked in a student election conducted by the Volunteers, a student religious organization.

Mrs. Lorena Conley of Lubbock was here on Wednesday of last week to attend the funeral of Nat Conley, and remained until Friday, abiding with her daughters, Mrs. J. D. D. Sha and Mrs. Myron Pratt.

## When Worship Is Wicked

Lesson for April 30, 1950

DON'T THINK for a moment you could stand before some Recording Angel, with a memorandum in your hand showing the number of times you had attended church last year, and expect to see the angel break out into a beaming smile. "Fifty-two trips to church, 52 Good Deeds!" you would smile confidently at him. But he might freeze you with a look of complete contempt. "Fifty-two sins!" he might say. "Next case!"

Dr. Foreman

## Can It Be a Sin To Go to Church?

Church-going is not necessarily a good act. Worship may be a quite wicked deed. Most people are slow getting that into their heads. They think that one act of worship on Sunday will somehow make up for a lot of bad behavior Monday through Saturday inclusive. But it is not so. The first person in history to see and to say that worship need not be good and can even be very bad was none other than the prophet Amos.

The Israelites to whom he spoke were what we would call a church-going people; they were certainly temple-going. They followed the same ritual that was used in Jerusalem; they offered tithes and sacrifices, they kept the Sabbath, they attended the feasts and they observed the fasts and they sang the sacred hymns.

Yet Amos denounces the whole business, and compares the worshippers as guilty sinners. What was wrong?

## It Looked All Right

READERS of the Old Testament will remember that at Bethel, where the Israelites had their principal temple, golden calves had been set up in the temple to replace their God. Amos can imagine the people worshipping the calves, surely it would be a sin to worship him in the form of an animal.

The form of their worship was all wrong, nothing further wrong than any form of Christian worship is today. Yet Amos did not condemn them for worshipping in this mistaken way. He never once anywhere does he say a word about the golden calves. And he does not say anything about the golden calves. Still he does have anything severe to say about less important departures from "good form" in worship.

He does not condemn the people for having the wrong hymn-book, or for not having a good choir. He hasn't a word of blame for non-attendance at worship; indeed he comes down hardest on those who do attend. Apparently church attendance in Bethel was excellent—that was not their trouble.

Again, he has no fault to find with the Israelites because their "services were uninteresting." Maybe they were; but on the other hand they were probably full of color and of pageantry, something to see as well as to hear. Yet Amos was not impressed. Further, he makes no complaint about poor sermons.

## What Was the Trouble?

THE TROUBLE with those people, the thing that made their worship sinful, was not some defect in the act of worship itself. There was nothing they could do, Amos can think of nothing they could do, to "improve the worship program" as we would say.

The trouble with those people was not in church at all. It was on the outside. Almost alone in his time, a voice in the wilderness—for no one paid him any real attention—Amos, speaking for God, told the Sabbath-keeping, church-going, hymn-singing, tithing citizens of Israel an important truth.

Religion, in short, cannot be shut off from the rest of life, as nearly everybody then thought and as too many people now think. Worship is simply no good if it is not lived up with a good life, a life good by intention and effort.

## No Easy Road To Abatement Of Insects & Rodents

Amos 7:1-17. There is no easy road to the abatement of insects and rodents, says Dr. C. W. Cross, State Health Officer. Frequently people get the idea of the elimination of the insects and rodents that infest their property by means of a machine that rolls through town spreading an insecticide. The insects will be killed instantly and peace from the insect nuisance will remain forever. This is an erroneous and, unfortunately, bad practice because it creates an unwarranted sense of security.

Before any killing is anticipated, a thorough clean-up of the community should be carried on. This means cleaning up the rubbish and garbage and eliminating all insect feeding and breeding places. It might mean the draining of filling in of wet areas for destruction of the mosquito larvae. When this is done,

Jesus underscored this same point. If you are at the very altar of God, in the act of offering him a gift, and remember that your brother has something against you, go and make matters right with your brother before you offer the gift. See your brother before you see God! Or else God will not be at home to you.

one will be surprised how few insects are left to become a nuisance and, perhaps, a public health problem.

Following this, it is suggested that insecticides be sprayed manually to those places inhabited by the insects. Experience has shown that a 2 per cent to 5 per cent solution of DDT is still the most effective insecticide to use for general sanitation. This is spread to form a thin coat on the surface where it can remain for future destruction. A spray that will just moisten the surface is sufficient to be effective. Spray only those areas where you know the insects gather.

## Here's Way To Meet Your Calcium Needs

CHICAGO. How to get more out of food for the family table calls for a lot of nutrition sense. At the University of Illinois, Dr. Janice Smith, Head of the Department of Home Economics, reports that cocoa may be added to milk for drinking without changing the calcium value of milk, the principal source of calcium. Milk supplies 75 percent of the calcium in the food consumed by persons.

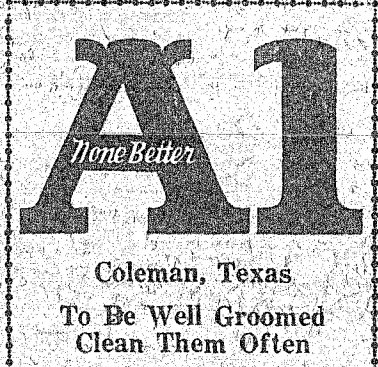

In Dr. Smith's study a group of university women served as experimental subjects. They were fed varying levels of cocoa on both a high and a low calcium intake. Their calcium retention was measured during eleven different periods, extending over a

school year. Even on low calcium intakes, Dr. Smith found no significant differences in calcium retention when cocoa was or was not present in the diet.

In commenting on the study, sponsored by the dairy industry, Milton Hult, president of the National Dairy Council, Chicago, stated the body needs milk for growth and maintenance of strong bones and teeth and for general health. If children and adults like milk better than cocoa, serve it in that manner. It will be utilized by the body effectively either way.

## Use Of Iodized Salt Recommended

COLLEGE STATION, March. Many people think of iodine as a brown liquid and a mighty good disinfectant rather than an essential food. Small but steady quantities of iodine are needed

by the body for normal growth and development, healthy skin and hair, mental alertness, physical as well as a preventative for goiter. The simplest, most practical and least expensive way to make sure that all people, especially growing children, have the iodine they need is the use of iodized salt, says Louise Mason, extension foods and nutrition specialist of Texas A. & M. College.

She points out that fruits and vegetables grown on iodine-rich soil, seafoods and some drinking water contain iodine but many people lack these sources. There are many large areas in the nation that are deficient in iodine and it must therefore be supplied by other means.

Ever since the depression days of 1930 when the city fire department had to save money and still save homes from the ravages of fires, NTSC has organized the pumps and attached the ladders while earning a part of their college expense.

Today the city employs 12 college students on a full-time basis and six on a volunteer basis. On duty 12 hours a day the regular firemen spend their studying, sleeping and swimming the year. They earn \$50 a month, plus lodging.

**FHA Chapter To Attend State Meet**

Approximately 6,000 Future Homemakers of America, Texas Association, are packing their bags for a trip to their annual state meeting in San Antonio, April 27, 28 and 29. Representing 352 chapters, boys and girls from the homemaking departments of junior and senior schools in Texas will participate in the three-day session. The Texas Association is sponsored by the Homemaking Division, Vocational Education, Texas Education Agency. The theme of the meeting is Future Homemakers Ahead Toward New Horizons. Opening event Thursday is a Play Night of recreation and get-acquainted. Under the direction of Dr. Hiawatha Crosslin, students of the Department of Physical Education, Southwest Texas Teachers College, San Marcos, will lead Future Homemakers through an evening of fun.

Future Homemakers will meet in general session at the Municipal Auditorium Friday. Honor guest is the national president of Future Homemakers of America, Betty Ruth Etheridge, Crosssett, Arkansas. Her talk, "The Wheel Of FHA," will describe the operation of the state associations within the national organization. Betty Jo McDonald, State FHA President, Rosenberg, will speak to the group on "The Hope of Tomorrow." Another guest speaker will be Mrs. Joe A. Westendorff, Member, State Board of Education, Richmond. Her subject is "What I See from Where I Sit."

Highlights of the afternoon session is a film and panel on Democracy of Future Farmers of America, and the past-president of the Texas Association of FHA will be panel members. Panel leader is Dr. Bernice Milburn Moore, Consultant, Home and Family Relations, Homemaking Division, Vocational Education, and The Hogg Foundation for Mental Hygiene.

A barbecue and floor show is scheduled for Friday night in Municipal Auditorium. Saturday's meeting of the House of Delegates will conclude the three-day meet. Newly elected state officers will be installed at that time.

Members of the Santa Anna Future Homemakers of America who will attend this meeting are Betty Ruth Goen, Lanetta Watson, and Mrs. Earl McQueen. Homemaking sponsor, Betty Goen will be the evening delegate. They will leave Thursday morning and come back Saturday afternoon.

Southwest State Teachers College at San Marcos has invited all the FHA members attending to a tour of the college and a swimming party on Saturday afternoon. The group plans to attend this tour.

**Local Baptist Church News**

Large crowds were present for the closing services of the Revival at the First Baptist Church. The largest attendance in years was reported for Sunday School and Morning Services. The Sunday School goal had been set at

400, the registered attendance was 379. The folding doors in the rear of the auditorium had to be thrown open in order to take care of the overflow crowd. The auditorium was filled for the evening hour with 111 present in Training Union. During the week's revival there were 11 additions, 4 for baptism and 7 by letter. In addition to these, was another conversion and a great number of re-dedications.

Artie Irby and Glynn McClure will be ordained to the office of deacon at the First Baptist Church Sunday, April 30, at 3 o'clock. Pastors and deacons from other churches will be present to assist in the ordination. At the evening hour, 8:00, there will be a Baptismal Service. The public is invited to witness these services.

The members of the First Baptist Church are being urged to support the regular church program as they so graciously did the special revival effort.

**"You Are The Other Fellow"**

AUSTIN.—"You are the other fellow!" That's the pointed slogan adopted by the Texas Department of Public Safety to emphasize the 1950 traffic safety program. The brief statement, says Colonel Homer Garrison, Jr., Director of the Safety Department, gives the lie to the false assumption held by many motorists that "it's the other fellow you have to watch to avoid accidents." That the assumption is false is emphasized by statistics compiled by the Department showing that 61% of the rural fatal accidents during 1949 involved but one vehicle and one driver.

N. K. Woerner, Chief of Statistical Division of the Texas Department of Public Safety, has predicted an over-all increase of 6% in Texas traffic fatalities for 1950 which, if fulfilled, will set an all-time high for the State. Incomplete figures for March, 1950, shows a death toll 39 greater than the same month last year and the first three months of 1950 reflects a 15% increase over January, February and March of 1949, with the current year's figures not yet complete. These same figures show that the trend of one-driver fatal accidents is still holding true to form with 60% of the rural fatal accidents through March, involving a single driver.

"One phase worthy of a second glance in the 1950 picture, thus far, is the problem presented by motorists in small towns and villages and on unnumbered rural roads. In towns and villages with a population under 2,500, an increase in traffic deaths of 55% is noted and the unnumbered rural roads shows an upward trend of 34%. This compares with a 50% increase on rural numbered highways and a 11% decrease in the larger urban areas.

"One thing is made perfectly clear by these rural and one-driver figures," says Garrison, and that is that speed is still the greatest threat to life and prop-

erty in the field of traffic safety." He further pointed out that there are on increase of 69% in the rural fatal accidents so far this year which carried the mere notation "ran off roadway." In these cases, "the other fellow" was the man at the wheel!

**Gene Pritchard, Ford Rinne are Married April 8**

Mr. and Mrs. W. A. Pritchard of Slaton are announcing the marriage of their daughter, Gene to Ford Rinne, son of Mr. and Mrs. O. H. Rinne of Wilson.

The couple was married April 3 in the Methodist Church in Portales, N. M., and they were accompanied by the bridegroom's sister, Miss Doris Rinne, also of Wilson.

Wearing a light blue summer wool suit with navy accessories, the traditional something old, something new, something borrowed and something blue was carried out in the bride's wedding costume.

The bride is a graduate of Slaton Public Schools and has been employed for the past year with the City Drug Store. Mr. Rinne attended the Wilson schools.

Following a short wedding trip, the couple is now at home at Route 2, Wilson, Texas.

Mr. and Mrs. W. E. Vanderford, and Mrs. Marion Pritchard, of Santa Anna, are grandparents of the bride.

**Chevrolet Proposes 10-Point Safety Program For Autos**

"Check Your Car, Check Accidents." With this as the slogan, Chevrolet is urging its 7,000 dealers to get behind the Nation-

al Safety Council's drive to promote safety in May.

By the use of newspaper advertisements, banners, window posters and special displays inside dealers showrooms and service departments, and direct mail announcements to the homes of Chevrolet owners, dealers are expected to draw attention to the importance of mechanical inspection.

Chevrolet proposes a 10-point program for safer cars. Checks cover brakes, steering gear, tires, wheel alignment, exhaust system, windows and windshield, rear vision mirror and windshield wiper, horn and lights.

"If every motorist will see that his car gets this ten-point check-up during May it will be a definite contributing factor toward safety on the highways and streets," said E. L. Harrig, director of the service and mechanical department, Chevrolet Motor Division. "We believe that Chevrolet dealers will do their part in promoting this worthy

drive of the National Safety Council."

Miss Ellen Richards, Mrs. Marvin Rouse, Mrs. Doug Moore, Mrs. John Perry and Mrs. A. L. Oder, attended the Annual Convention of Home Demonstration Clubs of District Seven, in Abilene, on Thursday of last week. The sessions, which were held in the Abilene Christian College, auditorium, were largely attended.

Mr. and Mrs. George Collins of Athens, visited last week-end with her brother, A. B. Carroll and family.

Mrs. Paul James of Houston, visited from Friday until Monday with her parents, Mr. and Mrs. Rex Golston.

Mrs. Ruth VonHuss and children, Jerry and Sharon, of Brownwood, visited her mother, Mrs. O. B. Owen, Sunday.
