Mrs. Wigger is in Waco this week participating in a G. A. House Party at Baylor University. Several of our young people are planning to attend the District 16 Camp at Lake Brown-wood, June 26-30.

The pastor will use as his sermon subject Sunday morning, "Near to the Heart of God!" A group of our young people will bring a special message in song. Bro. Wigger was the main speaker at the Concho Valley Associational Workers' Conference at Big Lake last Tuesday.

The remarkable and unique little book of Jonah is perhaps the most misunderstood book in the Bible. Nobody knows how much ink has been wasted on the whale (which, incidentally, was not a whale but a fish!), whereas the real message of Jonah is not about whales at all, It is about taking the message of God to the most unlikely places in the world; it is the story of how the very people who ought to be doing it, sometimes won't do it.

This is often too true. People will protest about foreign missions: why send preachers and doctors and teachers, and money so far away? Aren't there plenty of heathen right at home? Of course; but you won't often find the objector to foreign missions doing much about it.

If God is good and merciful, why should we bother about gending missionaries anywhere? Won't he save every one anythow? Isn't God too good to Judge the world?

Jonah overlooked the fact that God had mercy on the Ninevites because they repented. Nowhere in the Bible is there any encouragesment to believe that God has mercy an the unrepentant. To all who turn to him, God is gracious; and the job of the missionary, whatever else he does, is to persuade people to turn to God, "Be ye rec-conciled to God," said, Paul, the rest: Christian missionary: 18
