## Coleman County To The Voters Of

As this campaign closes, I want to express my appreciation to my good friends who are supporting me and urging others to support me for County Judge.

If I have not seen you and solicited your support it is my desire to do so before next Saturday, however, if I fail to see you, I assure you your support given me will be appreciated in the same manner as though I had.

Yours for a sound business administration,  
Carl Lohn,  
Candidate for County Judge.

**NOTICE**  
Due to the large amount of political advertising this week, we have had to leave out a number of local items. We will attempt to print them all next week.

—The Editor

Mr. and Mrs. Floyd Herring and Phil and Janice of Austin, came Sunday afternoon for a visit with her mother, Mrs. A. L. Oder. Monday morning they left on a trip to the Carlsbad Cavern and the Big Bend Country.

## To The Voters Of Coleman County

I am pleased to state that my recent illness, which interrupted my duties as county judge, is ended and I am steadily regaining my strength. I have improved to the extent that I am now able to be about town and I have today returned from a trip to visit my friends in Rockwood. I have been assured and I am confident I will regain my full strength and I plan to return to my official duties immediately after the primary election.

To bring information and facts on the so-called extra expense my illness and absence from office may have caused the county, I wish to state that

First, for the more than seven years that I have served this county as judge I was entitled to the services of a private secretary at a salary of \$125.00 per month, and I have never spent a dollar for such services, which has been an aggregate saving to the taxpayers of \$10,500.00. In so far as I have been able to ascertain this is the only judge's office in the entire surrounding area that does not have a full time secretary.

Second, for the more than seven years that I have served this county as judge I have never taken the two weeks vacation that is allowed, which, even if no monetary value was involved, did not leave the office without someone to serve during that time.

Third, in 1945 the State Legislature passed a law raising salaries, 25% in this county, and other counties in the same population category. Mindful of the obligations already made for all tax money I did not accept this opportunity to raise in salary. Later in 1949, the State Legislature again passed a law raising salaries another 15%, which I again did not accept, a total possible salary of \$4,200.00 against the \$3,000.00 which is now paid.

The only way I realize that these salaries could be paid would be an increase in the tax valuation of over \$2,000,000.00 to raise sufficient funds, or to vote to re-allocate tax money from other fund, where it is no doubt needed more than we need the increase in salary. I have opposed the increase in salaries, and so has the commissioners court with which I work, and the reason I do so is that it would cost the taxpayers of this county too much money and as I see it the county officials are making as much money now as they could make at any other occupation.

Upon my record as county judge, I solicit your support.  
Respectfully,  
Leman Brown.

## Show Your Part As U. S. Citizen By Casting Your Vote

All is in readiness for the first primary election to be held Saturday, July 22. Every eligible voters should go to your respective voting places and cast your vote for the ones you desire to serve you as a public official for the coming years.

Thus far this political year has been very slow. Most people and candidates also, are not saying very much in regard to the coming election. The war in Korea seems to put a little more of a damper on the election talk than it should.

Actually we feel that this year should be one of utmost importance to all of us. We have all felt the sting of heavy taxes during the time since the last war was over. We have heard all the big politicians cry out to lower the taxes and reduce Federal and State spending, yet how many of them really seem to want the tax burden placed on the normal citizens of the United States reduced.

We think the people of Texas expressed their views in the right manner when they voted down 8 of 10 proposed Constitutional Amendments last fall, most of which were to increase State spending. We hope and feel that the people of Texas will again express their views the same way in the ones they elect to offices this year.

Most of the major candidates have economy in government in their platform in some manner. Some of them, we wonder how they can have economy in mind and then make some of the wild promises they make. We feel that every citizen of the United States should give every candidate proper consideration and then when you have decided who is the best qualified to fill the position, vote for him.

We could take the list from Governor down and tell you who our choice for each office is, but we do not intend to tell you who to vote for. This is a free country and everyone has the privilege of expressing their views. The ones elected to office this year will be the ones the majority of the people want in office, provided they think enough of expressing their views that they will go to the polls and vote.

The local voting boxes will be in the North Ward and in the South Ward, with the South Ward polling place located in the Roy Stockard building at the corner of Wallis Avenue and 2nd Street and the North Ward polling place will be at the City Hall. Roy Stockard will be in charge of the South Ward and Ford Barnes will be in charge of the North Ward.

An election board will be put up in town.

The group, including all of Mr. and Mrs. Jim Owen's children, enjoyed the two days get-together very much.

**To The Voters Of Coleman County**

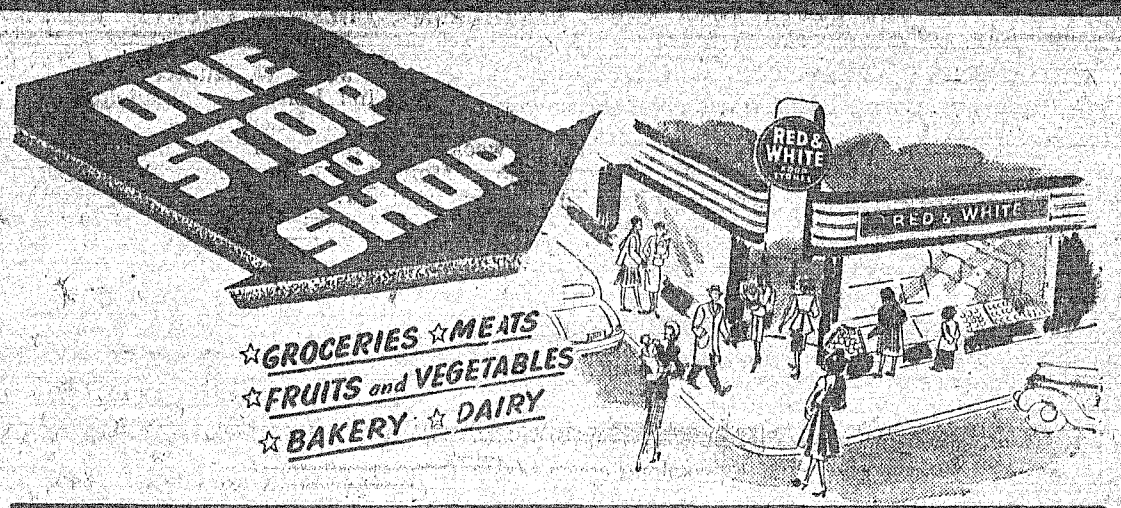

I want to take this opportunity to thank the citizens of Coleman County for the splendid support you have given me in past elections. I want to also express my sincere appreciation for the cooperation you have given me in tax problems of the county.

I would liked very much to have been able to see each of you, and solicit your vote, personally but my work as your Assessor-Collector has prevented me from doing this. When I was first elected to this office I promised you that I would devote all of my time, energy and ability to the job and I have tried, above all, to keep this promise and will continue to do so, so long as I am your Assessor-Collector.

If I am re-elected to this office I can only promise you a continuation of the same kind of service which you have had during my administration and that I will at all times have the best interest of the tax-payer in mind. If you think the service we have given you merits your continued support, I will appreciate very much your vote in Saturday's election.

Sincerely yours,

First of the Fine Cars in Value

**This one Telescopes your Timetable**

Of course you recognize it. Who doesn't know that those four Ventiports, that graceful sweep of fender-chrome, mark ROADMASTER—best of all the Buicks, unquestioned "big buy" of the fine-car field? But have you tried it?

Have you matched this sweet-stepping bonny against the tall hills, and the call of the straight-away?

Ever tooled it across town—and seen how Dynaflo's quick surge and smooth take-off slip you through traffic with minimum of

foot-motion and maximum of timesaving?

Ever known the good feel of a light and easy wheel, swinging almost at a finger's touch—the soul-satisfying lift in a big 152-hp Fireball engine just waiting for the release your toe-pressure gives it?

Ever sampled that famous Buick ride—steady, level, unperturbed, soft with the special gentleness of coil springs on all four wheels, sweetly restful in both front and rear seats?

There's no reason, really, to wait longer for such satisfying experience.

There's a Buick dealer near you. He delights in showing off ROADMASTER. He'll arrange—unless all his demonstration cars have been snatched away from

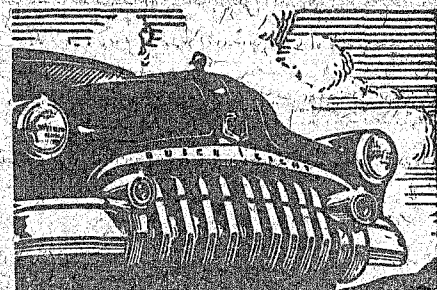

him by eager buyers—to put you behind a ROADMASTER wheel.

Why not see him now—to find out what's finest in today's fine cars, and how little it takes to buy one?

Only BUICK has  
**Dynaflo**  
and with it goes:

- HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER model.)
- NEW-PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders, "double bubble" taillights
- WIDE-ANGLE VISIBILITY, close-up road view both forward and back
- TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius
- EXTRA-WIDE SEATS cradled between the axles
- SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube
- WIDE ARRAY OF MODELS with Body by Fisher.

Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

**FOUR-WAY FOREFRONT**  
This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Many-Gifted Man

Lesson for July 23, 1950

IF A MAN can do one thing well, he can usually find his place in the world. Life being as short as it is, and the possibility of misfits being what it is, it may also be fair to say that many a man who does one thing well could have done something else better, if he had had the chance. In Grey's "Elegy," you remember the line, "Some mute inglorious Milton here may rest."

That is, in a country church-yard may rest the bones of some pined man who, if he had had another kind of start, might have been a world-famous scholar and poet like John Milton.

Triple-Threat Men

WHAT in football is called a "triple-threat man" is to be found off the gridiron, sometimes. In real life, once in a great while there arises a man who not only "could have done" more than one thing well, but who because of special circumstances and opportunities actually does many things well.

Such persons are rare, and far above the average. Ordinary men take such a long time becoming experts in one line that they simply don't have time in their lives to be expert at other things too. But there are geniuses with many sides, or perhaps men gifted with many talents plus an extraordinary capacity for hard work.

In our times there is Albert Schweitzer, outstanding not only as a scholar but as a musician, doctor and missionary. The President of Harvard at the present time is a noted chemist as well as a distinguished executive. Robert E. Lee was a brilliant soldier who also, as an educator, left his mark on his native state to this day. Leibnitz was a diplomat and philosopher; S.B.F. Morse not only invented the telegraph but was a painter of unusual ability; the man who thought up the idea of savings banks was a minister of the Gospel; King David was a poet, musician, general and monarch.

Mrs. Mildred Harris returned from Monday from Brady, where she had been since Tuesday of last week with her daughter, Mrs. L. L. Hubbard, who is a reported there.

Mr. and Mrs. D. O. Shugart of Bequinn visited with her niece, Mrs. John Gregg and family.

Green manure crops increase crop yields.

Samuel the Versatile SAMUEL, Judge of Israel, was another such man. "Jack of all trades but master of none" does not describe him, for he was master of whatever he did. He has gone down in history as a prophet—what in our times is called a preacher; but this was by no means all. He served his generation in other ways as well.

He was the chief executive of the people, king without the title. Though possessed of dictatorial powers, when during a wave of unpopularity he resigned, and dared his critics to produce one single case of dishonesty or graft, none was brought against him.

He was a circuit judge, going from one city to another dispensing justice. He acted as a priest, indeed as the high priest of his people. We know of one occasion when he led his people in battle, and he was as successful as if war had always been his business. He was a king-maker, for God entrusted to him twice the delicate mission of selecting Israel's king.

Times and the Man

TWO thoughts strike one who reads the story of Samuel. One is the way his great and many-sided powers were used for public service. Put into modern terms, he could have made a fortune if he had "stuck to private practice" and used his talents for himself. But at no time and in no way did Samuel work for Samuel. He worked for God and his country, and he died a poor but honored man.

One of the greatest needs of the nation today is men of Samuel's calibre, triple-threat men.

We have plenty of small-calibre bureaucrats, and we have plenty of large-calibre men who are quite selfish. How few unselfish large-calibre men there are! The other thought is that the times and the man go together. A man's greatness comes in large part from his opportunities.

John Milton helped make England—but England also helped make him. Samuel helped make Israel, but at some other stage in history, he might have lived and died a country priest!

Let no man think himself self-made; not even a great man. Without the God who endows him with his gifts, without the times that call forth the gifts, even the most gifted shrink to little or nothing.

The shield H. D. C. met in the club room Thursday afternoon, July 13, instead of the regular meeting date of July 20. In order that Miss Mary Jo Garland might meet with the club and give a demonstration on "Finishing Floors, Walls and Woodwork." The demonstration was very interesting and helpful.

There were five members present and two visitors, Miss Garland and Miss Anna Bell Elliot. The next regular meeting will be August 3.

Wilson served as Assistant Attorney General under Gerald C. Mann and Grover Sellers. He is now completing his second term as Dallas District Attorney. He was a combat veteran in the last war, being awarded the Bronze Star for gallantry in action. He is the only veteran in the race.

"As Dallas County's District Attorney, Wilson has attracted nation-wide attention for his racket-smashing," says Lyerly, the candidate is stumping northeast Texas this week in behalf of his campaign.

### Edwina Schrader, Richard Sheldon Take Nuptial Vows

The marriage of Miss Edwina Gwendolyn Schrader and Richard VanNess Sheldon was solemnized in a double-ring ceremony July 8 in the First Baptist Church in Austin.

The Rev. Carlyle Marney officiated.

The bride is the daughter of Mr. and Mrs. Edward Albert

Schrader of Santa Anna. She was graduated from Santa Anna High School and attended Nixon-Clay Commercial College in Austin. She has been employed at the State Department of Public Welfare for the past six years.

The bridegroom, who is the son of Mrs. A. A. Sheldon of Delmar, New York, was graduated from the Bethlehem Central High School in Delmar. For two years he has been stationed with the U. S. Air Forces at Bergstrom Field.

Paul Kennard played the traditional wedding music for the ceremony.

Given in marriage by her cousin, O. D. Brown Jr. of Austin, the bride wore a ballerina-length dress of imported pink Swiss organza over pink taffeta. It was designed with an off-shoulder draped neckline, fitted bodice and full skirt. She also wore pink lace mitts. Her headdress was a garland of pink roses and tulle. She carried a white Bible topped with Eucharist lilies.

The bride's only attendant was Mrs. Evelyn Cardwell of Austin, who wore an aqua linen dress with a halo of aqua ribbon and veiling and white accessories. Her shoulder corsage was of white carnations.

J. Wellmar Johnson of Austin attended the bridegroom as best man.

Following the ceremony, Mr. and Mrs. Sheldon left for a wedding trip, after which they will reside at 500-E. West 13th.

For traveling the bride selected a turquoise Salyna suit, natural straw hat and bag with blonde leather shoes and white gloves.

The newly weds visited here in the home of her parents, on Friday and Saturday of last week and attended the Coleman rodeo Friday night. Mr. and Mrs. Herbert Bankhead and Eddie, of Valley Mills, were also guests in the Schrader home at the time.

Subscribe for The News.

Mr. and Mrs. Fayne Henderson and members of their family, Charles and family, Fayne Jr. and family, and Doris Jane, who was home from Abilene, went to Albany Sunday where they attended the Oldham family reunion.

Mrs. Laura Graham and her son-in-law and daughter, Mr. and Mrs. E. A. Stewart, Pat Stewart and a friend, Clyde Dawson, of Washington, Iowa, came last

Friday for a visit until Wednesday in the home of Mrs. Graham's daughter, and Mrs. Stewart's sister, Mrs. D. H. Moore and family.
