Santa Anna Travels To Cross Plains For 2nd Conference Game; Wins Over May

The Santa Anna Mountaineers will journey to Cross Plains this week end to put their undefeated record on the line against the undefeated record of the Cross Plains Buffalos. In season play both teams have three wins and one tie. In conference play Cross Plains has won two games, winning over Gorman last week by a score of 34-0 and two weeks ago they won over Bangs 7-0. Santa Anna has only one conference win, downing the May Tigers last week to the tune of 32-6, in their opening conference game.

The Santa Anna-May game was a bruising affair for both teams. Every down was a hard one and a number of players on both teams received minor injuries. However, at mid-week the Mountaineers seem to be coming out of it and are having hard work-outs in preparation for the Cross Plains game.

The Mountaineers, predicted at the first of the season to be near the bottom of the list, is this week leading the season standing in District 12-B and is tied with Cross Plains and Rising Star for top honors in the district standing. The Mountaineers are showing more cooperative spirit this year than in the past few years and when yardage is gained, eleven men are in there helping. There are three Mountaineers, R. D. Hartman, fullback, a four year letterman; Billy Joe Parish, right halfback, a three year letterman; and C. W. Stephenson, right guard, also a three year letterman, who are making their bid for all-district places this year.

There is not much paper comparison between the Mountaineers and the Buffalos, but this game is considered the top game in the district this week. Other games will be: Bangs at May; Rising Star at Gorman; and Blanket at Early.

The season standing for District 12-B is:

Team	W	L	T	Pct.	Pt.	Op.
Santa Anna	3	0	1	.875	83	12
Cross Plains	3	0	1	.875	53	6
May	2	1	0	.667	68	38

Gorman	0	2	2	.250	26	79
Bangs	0	3	1	.125	6	60
Early	0	3	0	.000	38	65

The district standing is:
Rising Star 2-0-0 1000 87-0
Cross Plains 2-0-0 1000 41-0
Santa Anna 1-0-0 1000 32-6

WINS OVER MAY

The Mountaineers had been picked to lose to the May Tigers last Friday night, but the outcome was some different from the predictions. Santa Anna won by a score of 32-6, with Billy Joe Parish making the first Mountaineer counter mid-way in the first period; R. D. Hartman scoring in the third period and Hartman, Parish and Charles Scarborough scoring in the fourth period. May's only counter came in the first period when R. P. Driscoll intercepted a Mountaineer pass on the 45-yard line and crossed the goal line standing up. The second period was marked by penalties and incomplete passes with very little yardage gain on either team. However, May did get inside the 20-yard line one time, but lost the

Ward School Game Date Changed To Thursday, Oct. 19

Announcement was received this week that the game scheduled between the Santa Anna Ward School and Early Ward School for Thursday night, Oct. 12, has been postponed until Thursday night, Oct. 19. The date was changed due to the annual Coleman County Teachers Banquet to be held on Thursday, Oct. 12.

ball on downs.

What the coach told the boys during the intermission will most likely never be known, but what it did to the boys begin to show up soon after the third period kick-off. May kicked to Santa Anna and it was the Mountaineers game from then on. Early in the quarter Hartman broke loose for a 28-yard run and a score, then kicked the extra point. The rest of the quarter was played in the Santa Anna end of the field, with the Mountaineers threatening on two occasions. During the fourth period the Mountaineers went wild and scored three times in the matter of a few minutes. First downs were 10 for Santa Anna to 9 for the Tigers.

LAST WEEK'S RESULTS

Results of games played by members of District 12-B last week are as follows: Santa Anna over May, 32-6; Rising Star over Bangs, 41-0; Cross Plains over Gorman, 34-0; and Blanket over Rochelle, 6-0.

Art Exhibit At High School Gym October 16-20

The Ward School is sponsoring an art exhibit at the Santa Anna High School Gym starting Monday, October 16, through Friday, October 20. The hours of the exhibit will be from 3 to 5 p. m.

The Ward School children are selling tickets to the exhibit and the proceeds will be used to purchase pictures for rooms of the grammar school.

If you do not get a chance to buy an admission ticket before you get a chance to go to the exhibit, you may pay your admission as you go in.

There will be about 150 fine art masterpieces on exhibit.

Bill Pritchard and family moved last week to the home they had purchased from Mr. B. G. Smith. The house was formerly known as the Lane apartments, but in recent months the building had been made into a one story house.

Editor Goes To Hospital After This Edition

Your editor has been hit with an attack of the appendicitis, and as soon as this paper is in the mail, he will go to the hospital for the removal of same. It is hoped that he will not have to be out of the office for more than 4 or 5 days.

With the help of some printers from out of town, we hope to be able to get the paper out on time next week, but if it is late, we hope that you will understand.

Your editor will appreciate the cooperation of the people of the town during the time he is in the hospital. The office will be kept open and the advertising representative will continue to call, as usual.

Cemetery Entrance Work Progressing

The materials for the entrance to the Santa Anna Cemetery are about all on the grounds. The Mountain City Garden Club is sponsoring this worthwhile project, and funds to pay for labor to continue the work, are badly needed.

The beautiful entrance is being built of Austin stone, and when complete will be something of which everyone in this vicinity may well be proud.

With the cemetery being kept in a better condition than in former years, and the completion of paying to it several months ago, the erection of this beautiful entrance will be the crowning achievement.

Those interested in the furtherance of the work, are asked to see the finance committee or leave money at the bank for the Garden Club.

7th Grade Officers

The Seventh Grade pupils met in session Monday morning, Oct. 9 and elected the following officers: President, Wess Wise; Vice President, Janice Donham; Secretary and Treasurer, Ruth Milligan; and Reporter, Jerry Scarborough.

The duchess they selected to represent them at the Halloween Carnival was Carolyn Woods. The Seventh Grade consists of 67 students.

From where I sit... by Joe Marsh

Ought To "Polish Up" Her Traffic Manners!

Spent most of yesterday over at the Court House. "Tiny" Fields, the biggest and fastest-talking of our three policemen, was holding forth about his "traffic troubles."

"Women drive just as good as men do," Tiny said, "and just as bad. For instance, a girl in a convertible today. She started a three-block tie-up all by herself."

"She's creeping down Main Street—left hand stuck out and sort of waving around. Never turns right or left, never stops. But, of course, everyone behind her thinks she's signaling about something. Nobody dares to pass. When I stop her and ask what's up, she smiles sweetly and explains that she's drying her nail polish!"

From where I sit, that girl's typical of certain folks who are so wrapped up in themselves, they never notice they're not being fair to others. Our neighbor has a right to drive in safety—just as he has a right to enjoy a glass of beer. Let's all respect the other fellow's rights.

Our Nation was founded on the principle that Freedom must be paid for—and is well worth paying for.

The American people have made great sacrifices in payment for liberty.

But they have refused to sacrifice liberty for promised "security" ...to trade freedom for the spurious "safety" of State Socialism.

This firm is proud to be part of a community and a country where each American is free to worship as he chooses—and grants that same privilege to his neighbor...where a business is free to create a better product, and to compete in the open market for patronage.

Unfettered by political controls, American medicine has made this the healthiest, strongest Nation in the world. Socialized medicine would endanger our physical health, our economic welfare and our political freedom.

With American medicine, we say...

THE BIBLE SPEAKS

By DR. KENNETH J. FOREMAN

DEVOTIONAL READING: Luke 24: 27-32.

Using Your Bible

Lesson for October 15, 1950

THE BIBLE must be approached in three ways: with the head, with the heart, and with the will. With the head for understanding, the heart for appreciation and reverence, and the will for obedience. That was the first question Philip asked the Ethiopian: "Do you understand what you are reading? Not do you enjoy it, or do you believe it, but do you understand it? If not, then the reader can neither fully believe nor rightly enjoy it."

Dr. Foreman

The King James Version

THE BEST and simplest help in understanding the Bible is to read it in the language we speak. Now unfortunately it was not written in that tongue, but in Hebrew and Greek. We have to read it in translations. There are scores of translations in English alone.

The most widely sold of these is the one known by various names: the King James, or the Authorized, or the 1611, version. This was first published in 1611, being essentially a revision of the Bishop's Bible, a still earlier translation. The name "authorized" is misleading, however, for it never was authorized by church or state. It is a noble example of 17th century English and has had a wide influence wherever English-speaking people have gone.

The fact is, however, that people today do not speak 17th-century English any more, and very few of us even read it. Consequently the Bible, in this King James version, has a quaint Shakespearean sound, and the difficulty of the language is one of the main reasons why the average American today finds it hard to read.

Furthermore, the King James is inaccurate in many places. At the time it was published, the translators were working from Greek manuscripts which are now known not to be either the earliest or the best available. For these reasons, fresh translations of the Bible were greatly needed.

20th Century Translations

THESE modern-English translations of the Bible haven't changed the Book; they are simply helping the reader to get back to the ideas of the original apostles and prophets; they are putting the Bible again into the language people actually speak.

Some of the more important versions may be noted here. Practically all the churches of Protestant North America have been co-operating through the International Council of Religious Education, in producing what is called the "Re-

Used Standard Version of which the New Testament is already out, and very popular too. The whole Bible in this version is due to be off the press by September 1952.

This is an excellent version, for church or liturgical use, as it keeps close to the King James rhythm wherever it can; for the King James version, whatever its faults, has a rhythm about parts of it (notably the Psalms) which has never been surpassed.

Two other translations have been before the public, and have won many friends, for a score of years now: Moffat's, and the American Translation by Goodspeed, J.M.P. Smith and others. (This latter includes the Apocrypha, to which most Protestants are strangers).

At One Sitting

THE average reader, used to talking his Bible in snippets of a verse or two, or a chapter at most, at one time, will find that he can sit down with one of these modern translations and just read, on and on, fascinated by the book he has discovered for the first time.

One of the "hardest" yet most important parts of the Bible, for instance, is the Epistles section of the New Testament. Every one of these epistles is a short letter, but how few persons ever read one straight through! Let the reader who is puzzled by the Epistles get a copy of "Letters to Young Churches," a translation by J. B. Phillips, and he will find that dark part of the New Testament simply opening up and shining.

The work of translating will go on and on as long as language keeps changing; let us thank God for all those who in our time have been making the Word of God again an open book for all men.

Wet Cotton

Farmers are urged to bring their cotton to the gins dry. Government tests show that farmers lose money when they have their cotton ginned wet. Farmers can help themselves by helping their ginnery men to turn out smoother and better cotton. The Texas Cotton Merchants and Ginnery men are anxious to assist in improving the farmers market for cotton.

We are pleased to place our name beside those of other liberty-loving Americans who throughout the Nation today reaffirm their adherence to the principle of traditional American enterprise and initiative. We believe firmly that in all fields—from industry to the arts... from agriculture to medicine—America has proved to the world that

the Voluntary Way is the Way to Liberty and to Freedom.

Pritchard's Phillips 66 Service Station

Who Runs America?

RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own country. Others have been quick to step in—first with promises of "security"—and then with tanks and guns—to run things their way. The evidence is on every front page in the world, every day.

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it. They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up, to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organ-

izations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today, among the 10,000 great organizations on record against "Compulsory Health Insurance" are:

- General Federation of Women's Clubs
- American Farm Bureau Federation
- National Grange
- Veterans of Foreign Wars
- National Conference of Catholic Charities
- American Protestant Hospital Association
- American Legion
- National Association of Small Business Men
- United States Chamber of Commerce
- National Association of Retail Clerks
- National Retail Dry Goods Association
- American Bar Association

Doctors of this Nation are grateful that they refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. And the thing they stand ready to fight for—is sacrifice far to the left—is not the alien way of life of Socialism, but the proudest security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY!

Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. Today in America—70 million people are protected by Voluntary Health Insurance! Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

Nothing FOR Something

It's an old trick of the curbstone pitchman to offer you Something for Nothing

"Tell you what I'm going to do, Ladies and Gentlemen, I am going to give you, absolutely free..."

Yes, it's an old trick. But it's still a popular one. Salesmen of Socialism use it the world over. Yet when analyzed, their Something for Nothing always turns out to be—**NOTHING FOR SOMETHING!**

That isn't the way America became the greatest, healthiest Nation in the world. American business has reached its present stature because it believes in giving the customer his money's worth.

Through healthy competition, and the will to serve, American medicine has created the finest system of medical care in the world.

Through ingenuity and free enterprise, American citizens have higher incomes, better education, better health and more freedom than citizens of any other great Nation on earth.

Freedom is America's heritage, and Americans cherish it deeply—for themselves and for the entire world. In exchange for this good way of life, the political pitchman offers us the quack remedy of Something for Nothing...of "free" medical care, doled out by politicians.

AMERICA JUST CAN'T BUY THAT!

 Christian Church
 Well Attended**

The home coming services held at the Christian Church Sunday were quite well attended, both locally and by those coming from other communities.

The eleven o'clock service, with Bro. Wylie presiding, was given

over to reminiscences, the reading of the early history of the church by Mrs. Preston Bailey, the article being written by her father, Dr. Jason Tyson, one of the founders of the church.

The church was meeting as a small group before 1893, and their sacrificial efforts led to the erection of the church edifice,

now in use, which was dedicated in the Spring of 1901.

CARD OF THANKS

We wish to express our sincere appreciation to our neighbors and friends for their kindness and sympathy at the death of our infant son and grandson. May God bless each of you. Mr. and Mrs. Robert G. Halmon Mr. and Mrs. Carl Buttry. p

Cecil and Allen Freeman of Coleman, in their reminiscences told of the revival services held in connection with the dedication, at which time they and a number of other boys were baptized, among them Lovell Richardson, Paul Tyson and others. It seems all, or nearly all, have remained faithful — Tyson, a nationally known football coach and athletic director, remained loyal to his boyhood faith until his recent death.

Quite a number of warm hearted messages were received from former members.

At the noon hour a very bountiful dinner was served in what was formerly used as the parsonage.

After all appetites had been satisfied, there was enough good food left for another crowd of the same size.

After services in Coleman, Bro. Charles Mallotte and his wife and little son, Leonard, came and had dinner with us.

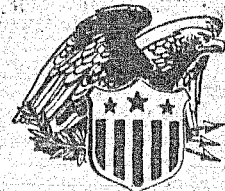

In the afternoon, others from out of town came, including Mr. and Mrs. Preston Parish of Coleman and Mr. and Mrs. Wes Gas-

slot of Valera. These helped greatly with the singing. Many short talks were made and Bro. Mallotte, who recently held our good revival meeting, gave a fine address on "Go Forward". He and family will soon be leaving for Manila, P. I., where he will assume a new pastorate.

The following in addition to the above mentioned, attended from other places: Mrs. W. F. Gipson, Coleman; Mr. and Mrs. Sam Everett, of San Saba, and their daughter, Mrs. Jennie Everett Speer, of Waco; Miss Kathryn Baxter of Waco; Mrs. Leo Driskill and children of Brownwood; Mr. and Mrs. Will Richardson of Brownwood; Mrs. G. K. Stearns and Sherman of Trickham; Mrs. Basil Gilmore and Tom of Fort Worth; Mr. and Mrs. L. E. Mountain and Lovera, of Burkett; M. Sgt. and Mrs. O. T. Stacy and Jane of San Angelo.

There may have been others from out of town whose names we did not get, and there were a number of local visitors.

What's Wrong with FREEDOM?

Our business is selling merchandise—the best we can buy—at the most economical price to you. It's a good business, and we like it.

But being in business in America is more than skillful buying and selling. It's the exercise of a fundamental right—freedom to venture, freedom to plan, freedom to succeed by serving best.

All freedoms stand or fall together. That's why we take our stand today, with the doctors of America, for the Voluntary System. At home and abroad, it's worth defending!
