Citizens Asked To Cooperate With City Officials

The City Officials of Santa Anna request that persons having business transactions to be presented to or discussed with them, to meet with them on their regular meeting nights and present the matter to the entire council, rather than to discuss your problems with them on the street.

The City Officials are business men of our town, and have their businesses to look after during the day. They are serving in the capacity as City Officials and have their meetings at night in order for it not to interfere with their regular business. Also one man cannot give any person much information on a subject until it has been presented to the entire body of six men.

It is deemed a waste of the officials time and also your time when you attempt to discuss matters with your officials outside their regular meetings. When you present your business to the council while they are in session, they can take action on it, and give you your answer.

Piggly Wiggly Reveals 1950 Local Expenditures

A frank statement from the income tax return of the Santa Anna Piggly Wiggly store reveals the amount of money spent locally by the store in 1950. This statement appears as a part of the regular Piggly Wiggly advertisement on page eight of this newspaper.

Piggly Wiggly was established in Santa Anna in 1926 with the expressed purpose of carrying a lively hood for the owners. The owners realizing that for a business to grow and prosper must sell quality merchandise at a price the general public would approve of, and at the same time sell it at a price where they could realize a fair margin of profit. The owners also realized that a portion of their income must be returned to the community in order to help the community grow and prosper, to make Santa Anna and territory a better place in which to live.

Throughout the years this has been the policy of the Piggly Wiggly.

In order for the general public to see how Piggly Wiggly is returning a part of your food dollar to the betterment of Santa Anna and territory, the store is publishing figures from their yearly income tax statement.

*A prayer for
our Soldiers*

BY MAJOR GENERAL ROY H. PARKER
Chief of Chaplains, United States Army

Almighty God, the Creator and Preserver of all mankind, we commend Thy special care and keeping those serving in our Army. Though they be in the midst of dangers, do Thou send Thy angels for their protection. Walk beside them as they go through the valley of the shadow of death.

Knowing that all good things come from Thee, grant them courage and loyalty, through a firm faith in freedom's cause, in the present conflict. When sacrifices are called for, let them be made in the knowledge that Thou art the rewarder of Thy servants. Enable them to live valiantly and serve nobly, in the full realization that no man liveth unto himself. Grant them clear minds, strong bodies, resolute wills, and pure hearts free from hatred and bitterness, renewing them each and every day with strength, like strong men of old, who against entrenched wrong stood with confidence and courage.

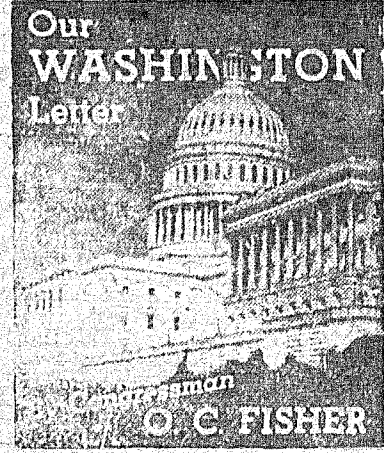

Awaken in them a lively faith that will keep them close to Thee. Enable them to rest their cause upon Thy Word that though the foe be strong, yet knowing the cause as they battle for the right, they can never fail. Fill their hearts with the assurance that with Thee nothing is impossible and that all things work together for good to them that love Thee.

If it be Thy will that injuries be sustained, let them experience the touch of Thy healing hand and do Thou bless the means and the ministries employed for the restoration of their health.

In these difficult times, when the forces of evil are running rampant and many hopes seem about to be crushed, fill their hearts with an abiding sense of Thy reality and the certainty of Thy continual presence. Enable them to look to Thee when loneliness and longing overtake them; fulfill their yearnings by granting them Thine own companionship and fellowship. Enable them to realize the full meaning of Thy promise, "Lo, I am with you always."

Thou who are the Protector and Helper as well as the Giver of victory, grant unto them every good gift of body and soul and unite us with them in faith and love-unceasing. Amen.

Reprinted from GOOD HOUSEKEEPING MAGAZINE

With prospects for a bumper cotton crop in 1951, weather permitting, farmers are already worrying about the problem of getting it picked. Adding to the usual picker shortage, the Wage and Hour law was amended to prohibit children under sixteen

from doing agricultural work while schools are in session. That means the large Mexican families which customarily leave their South Texas homes in the fall to pick cotton as it opens to the north, run into difficulties when schools open in September. Last fall many of them folded up and drifted home, leaving many white fields unharvested.

Actually, this law is a disservice not only to the farmers but likewise to the itinerant pickers. By working the children, these Mexicans have for years made a lot of money during the rush seasons. This income enabled them to return to their homes, pay their debts, buy clothing and better food and many have in that way kept off of public charity.

At the same time, the children were enabled to get in the required schooling after the picking season ended.

But the change in the Wage and Hour law make it uneconomical for many of the grown-ups to pick if the children are not allowed to do so. The overhead is too much and they are often better off to leave the fields and go on home.

The Wage and Hour Division has insisted on enforcing the letter of the law, and that means an amendment is imperative.

When the Wage and Hour Act was amended last year, the House voted to leave the child labor provision exactly as it had previously been. But the Senate put the proviso in outlawing work by children in the fields during school time. And, when finally passed the Senate amendment was kept in it.

I have introduced a bill to remove the Senate amendment referred to and return to the old law which permits children to work in the fields provided they get in the amount of schooling required by State laws. Similar bills have been introduced by others.

These measures are now before the House Committee on Education and Labor, where hearings will soon be held. Relief will be difficult to obtain, but a concerted effort will be made by a number of us from the cotton country.

- SPEND, but do not waste. This means the careful use of money, of materials, of time and energy.

Mr. and Mrs. Gene Smith

Venita Joye Allison, Gene Smith Weds Sunday Afternoon

The double-ring ceremony was used at the marriage at the First Baptist Church Sunday of Miss Venita Joye Allison, daughter of Mr. and Mrs. W. B. Allison, and Pfc. Gene Smith, son of Mr. and Mrs. Richard Smith, all of Santa Anna.

The Rev. H. C. Wigger, pastor of the church, officiated. An organ prelude was played by Miss Elsie Lee Harper, who also accompanied Miss Sandra Shields as she sang "Because" and "All My Love".

Given in marriage by her father, the bride wore a dress of embossed nylon over taffeta, made with tight fitting bodice, high neck line and covered buttons down the front. The very full skirt was floor length, and the fingertip veil was attached to an openwork coronet of pearl and crystal beads. She wore elbow length mitts of the nylon which came to points at the wrists. Her white satin prayer-book bore the bouquet, which was a white orchid with white satin streamers. The tradition of something old, new, borrowed and blue, and the lucky penny,

were observed. Miss Herma Jean Corder, cousin of the bride, was maid of honor and wore a gown of ice blue taffeta with a stole of blue net. Her colonial bouquet was of pink carnations with pale pink ribbon.

Glenn Smith was his brother's best man, and Lynn Pittard and Eigean Shield, II were ushers.

The vows were said in a white arch which was twined with fern and ivy and had a garland of white gladioli tied with a bow of blush pink satin. Floor baskets also had white gladioli and fern, and the pulpit and choir-rail were adorned with Mexican palms tied with pink ribbon.

Following the wedding, a reception was held at the home of the bride's parents. The tea table was laid with white satin, and centered with a white pottery bowl holding an arrangement of white gladioli and pink satin ribbon. The 3-tiered white wedding cake was edged with pink rosebuds and was topped with a miniature bride and groom under a silver bell in a tiny white arch. Mrs. Glenn Smith served pink punch from a crystal bowl and after the bride and groom cut the first piece, Mrs. A. D. Donham served the

cake. June Parker was at the register, and Mrs. W. R. Bonds of Abilene, cousin of the groom, showed the gifts. Others in the house party were Mrs. T. H. Corder of Coleman and Mrs. Paul Arnold.

Leaving for their honeymoon to south Texas and Monterrey, Mexico, the bride wore a pale-blue gabardine suit with pink hat and pink and navy accessories. On their return, the bride will be at home in Santa Anna, pending the groom's military assignment.

The bride is a student in Santa Anna High School, has been for two years pianist for the Men's Bible Class at the Baptist Church, is in the Choral Club and the high school band. She is a member of the FHA, and was Santa Anna's first Christmas Queen, in 1948.

Following his graduation from the Santa Anna schools, the groom studied voice at Howard Payne College and attended Draughan's Business College at Abilene and has been in Coleman until his entry into the armed forces.

Out of town guests who attended the wedding were: the bride's maternal grandparents, Mr. and Mrs. G. O. Welch and Mr. and Mrs. John Geer and family, Mrs. C. P. McCormick, and Mr. Morgan French, all of Bangs; Mr. and Mrs. Wallace Geer, Mr. and Mrs. Morion Smith and Mr. Wiley Smith of Brownwood; Mr. and Mrs. Ira Simons, Mr. and Mrs. Chester Engdohi of Melvin; Mr. and Mrs. W. R. Bond of Abilene; Mrs. Travis Smith, Mr. and Mrs. Thelbert Seals of San Angelo; Mrs. Wiley Seals and Barbara, Mrs. Clifford Seals and Dorothy of Coleman.

HONORED AT SHOWER

Miss Venita Joye Allison, bride elect of Gene Smith, was given a gift-tea on Friday, February 16, in the home of Mrs. F. Z. Payne, Sr., assisted by Meses. A. D. Donham, Jr. and Bill Day.

In the receiving line with the honoree were Mrs. Day, Mrs. W. B. Allison, Mrs. Richard Smith and Mrs. Herman Corder, aunt of the bride to be, from Coleman. Presiding over the guest book was June Parker, Mrs. Payne and Mrs. Donham were in the gift room and Misses Joyce Rowe, Annette Johnson, Evangeline Mulroy of Santa Anna and Herma Jean Corder of Coleman were in the dining room. Misses Carolyn Lovelady and Shirley Lewellen said good-bys.

The pink lace covered table was centered by an arrangement of pale pink moss roses with lace fern and white cathedral tapers in a crystal bowl. In front of this was a pair of pink china love birds. White cake squares with pink rose buds, pink and white mints, nuts and hot spiced tea were served to guests.

SCRIPTURE MARK 10. DEVOTIONAL READING Matthew 20:20-26

Interruptions Lesson for March 4, 1951

PEOPLE ARE making your life shorter every day. For time is the stuff of which life is made, and you never do have a full 24 hours a day. After taking out what has to be spent in sleep, eating, and so on, and taking out what has to be spent on your job, what is left is, there still ought to be a few hours to call your own. But if you are like most people, you live from one interruption to another. If it isn't the telephone, it's the door-bell. The more important you are, the more you are likely to be interrupted. Once there was a teacher who became president of the college where he had taught. A year later he returned the chair. "It seems to me," he said, "I never get a consecutive half hour any more to think about anything. No day is ever what I planned. Life has become one long series of interruptions."

Unscheduled Stops THE LIFE of the Master himself, to judge from what we read in the Gospels, was a long series of interruptions. The tenth chapter of Mark is a good example. Jesus himself at this time had one great thing in mind: the Cross. He was going up to Jerusalem not to talk to beggars or to listen to lawyers' arguments or to hold interviews with puzzled young people. He was going to die.

A man on his death-road might be spared interruptions. He could not be blamed if he said to interrupters one and all: "Sorry, I can't be bothered. See my assistants if there is anything you want done."

But Jesus did not say anything of the kind. He did not fume over the unscheduled stops on his life's highway. He took time to clear up misunderstandings; he took time for little children when, even his best friends thought he ought not to be disturbed; he took time to answer the question of the rich young man; he did not brush off James and John when they came to him with their ill-considered petition; he even took time to take care of a beggar's need.

Ministries by the Wayside JESUS DID not always take the initiative in every situation, though indeed he controlled every situation. When the Pharisees asked him about marriage he did not say, "Let's not talk about marriage; let me suggest the topic of salvation instead." When the young man ran up to him, Jesus did not ask: "Did you have an appointment for an interview?" Jesus not only did not resent other people's initiative. He never seems to have resented an interruption in his life.

Mr. Howard Lee Lovelady, Co.

Does this example of Jesus mean that we ought not to plan our days ahead of time, or that we ought never to try to "budget" our time? Must we never plan any project, but always wait till other people suggest what we are to do?

Not at all. The example of Jesus means that if and when interruptions occur, if we share his spirit we shall not be irritated by them or resent them. For what Jesus did, always, was to make use of the interruption. Each one was turned into a "Wayside Ministry." Indeed, a large part—some would say the larger part—of Jesus' life was made up of just such by-the-way ministries.

Life's By-the-Ways

HOW MANY of Jesus' teachings we would never have had, if no one had interrupted him or asked him questions! How many of his miracles would never have been done if he had refused to perform any but those he planned and scheduled himself! It is what we do "by the way" that makes up life's service for the most part.

In Jesus' story of the Good Samaritan (the doubt an incident from real life) we are not told what were the original errands of the priest, the Levite and the Samaritan. Very likely the first two were on time for their appointments.

But the priest and the Levite missed a wonderful chance. Just because the poor beaten traveler was not, so to speak, on their agenda. The Samaritan was delayed, and maybe bothered, by what he did for the man in trouble. But what he was willing to do by the way, something he had not planned for at all, won him the immortality of the Master's praise.

Use Scarce Building Materials Wisely

If everyone uses scarce building materials wisely, more building can be done in Santa Anna and Coleman County during the emergency, according to O. J. Albro, local manager for Burton-

Lingo Co., and member of the Public Affairs Committee of the National Retail Lumber Dealers Association.

"Because of production restrictions adopted to meet the needs of the rearmament program, supplies of certain building products, such as nails, pipe gutters and downspouts, metal lath and reinforcing steel, are likely to be restricted for some months to come," Mr. Albro said.

"By not using those scarce products unless absolutely necessary, using no more than is required for safe construction, and avoiding waste in their use, the available supply can be made to stretch over a larger amount of construction work and benefit a larger number of local people.

"There should be plenty of lumber, wall board, cement, brick and other non-critical building materials in the months ahead, but the amount of building that can be done will be determined largely by the care with which materials containing critical metals are used in building.

"With the virtual elimination of copper and aluminum for construction purposes, steel now is the material which must be carefully conserved in building until such time as expanded production makes it possible to meet both defense and civilian needs."

Whon Home Dem. Met With Mrs. D. Deal

The Whon Home Demonstration Club met in the home of Mrs. Dick Deal. The president called the meeting to order. There was a song by the group and the pledge and prayer were repeated.

We had an enjoyable Heart game, directed by Mrs. Darwin Lovelady. Mrs. Gill had high score and won a prize.

Our years project will be to improve the school house so it will be a more desirable place for our club meetings and community get-togethers. A committee of five has been selected to look into the matter, with Mrs. Nick Buse as chairman.

Our skit was written by Mrs. Turney and Mrs. Gill and Mrs. Turney enacted it.

We had fun in exchanging our white elephants. Mrs. Deal played the piano while the ladies stood in a circle. There were only two packages passed around the circle at a time. When Mrs. Deal stopped playing, you kept the package you had in your hand. As the circle grew smaller, and the attractive packages showed up, the more excited the ladies became.

One visitor, Mrs. Don Gray and four children were present.

The centerpiece was a cluster of beargrass in a silver vase. A slip of each grass blade there were red and white hearts with each guest's name. They were our plate favors. The children had smaller hearts pasted lower down on the grass.

Farm Bureau Fights Graham Bill, H. B. 226

Emzy Brown, president of the Coleman County Farm Bureau has called on members of the local organization to contact Representative W. R. Chambers in Austin and register their views on action of the state legislature in referring the Graham Bill, H. B. 226, from the Committee on Highways and Roads to the State Affairs Committee.

Last week, Walter Hammonds,

president of the Texas Farm Bureau Federation said, Farm Bureau representatives and county judges and commissioners from all over Texas appeared in Austin before the committee on Highways and Roads in opposition to the Graham Bill, which would take thousands of dollars out of the counties here before used for rural road building purposes. The bill was killed in committee by a vote of 15 to 3.

Mr. Hammonds said, Unknown to the opponents of the bill, a member of the legislature appeared before the Committee in opposition to H. B. 226 and attacked Mr. Graham's integrity and made caustic remarks against his character.

the House for attacking another "house talk" action which the committee could not in any way be considered as punishment to the party, but would result only in penalizing all of the people in Texas who are interested in a rural road program. The Bill as reported by the committee should not be altered because of personal remarks as between members of the legislature Mr. Hammonds charged, and is requesting that all members of the Coleman County Farm Bureau contact their representative requesting that he use his vote and influence to have H. B. 226 referred back to the Committee on Highways and Roads.

The exclamation point is gradually going out of use. People aren't surprised at anything any more.

When there are teen-agers in the house the living room is a misnomer. It should be called the living room.

America's money has saved the world before, but then it wasn't out of the Highways and Roads done with 58c dollars.
