SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, MAY 25, 1951

NUMBER 21

## Cloud Burst Drops 5.55 Inch Rain Mon.

The heaviest rainfall in the memories of the old-timers of Santa Anna fell here Monday afternoon when 5.55 inches fell in the period of less than an hour. The water fell in sheets, dropping visibility to less than the distance across main street, and a large amount of small hail accompanied the rain, with the wind blowing at a high rate of speed.

Considering the amount of water that fell and the way the wind blew, very little damage was reported. Some hail damage has been reported in the north and eastern parts of town. One plate glass window in the Griffin Hatchery was blown out. Most roofs leaked some water not necessarily due to bad roofs, but because of the wind blowing the water. For a period of almost one-half hour water ran down the main street, with the high water mark on the sidewalk being measured at 7 1/2 inches. Water ran in the News Office, the Blue Hardware Co., Specks Barber Shop and Overby Tailor Shop after it came up over the curb. However, very little damage was reported in any of the stores.

It seems that the heavy flow of water stopped up the storm sewers and ran all the water off the mountain right through the main section of town. Reports indicate that traffic was stopped where the Santa Anna Branch crosses the Rockwood Highway, just south of the city limits, and some fence line was washed out. Traffic was almost stopped at Liberty, near the Vernon Penny place.

Mr. and Mrs. Vernon Yarbrough were returning to Santa Anna from their farm south of town, and attempting to cross the draw near the J. L. McCaughan home, their car was washed down stream several yards. The car had to be abandoned and they went to the McCaughan home to get out of the rain.

Emzy Brown reported that he got 2 1/2 inches of rain on his place seven miles south of town and W. T. Stewardson reported that he got one inch, Monday night, but did not get any rain Monday afternoon. Reports from east of town run from five inches to slightly over six inches with what little crops were up either beat into the ground or washed away.

Over one inch and one-half rain was reported Monday night, bringing the total fall to 7.42 inches for the day. The Monday night rain was slow and most of it soaked into the ground. With no more damage than has been reported, the rain has been just what we have been needing in this part of the country for more than ten years. As far as we can learn, the rain covered most of the state and the southwest. It should give the farmers the moisture they have been needing to get their row crops planted.

Latest reports indicate that Lake Sealy, the new lake, caught 6 feet of water and Lake Santa Anna caught five feet.

The Rain Committee of the Community Chamber of Commerce has been working on a good rain for several months, and it appears that they have got the desired results. However, we did not notice any of them coming around and offering any help to keep the water they ordered from running in some of our stores. Maby now, the Community Chamber of Commerce had better appoint a committee to take care of things of this nature. The drought has been broken and we are all happy about it, and we know of no one who needs the credit any more than the Community Chamber of Commerce.

Mr. and Mrs. C. T. Conley visited last Wednesday in Talpa with Mr. and Mrs. Whit Tabor.

## "What I Have To Be Thankful For"

JAMES RICE

The following article, composed by James Rice, was published in "Young America Speaks" by the National Essay Association, of Los Angeles, Calif.

### WHAT I HAVE TO BE THANKFUL FOR

The main thing that I have to be thankful for is America. Here in America, no one chooses the profession I must follow after I leave school, but me. I can go where I please, without having to ask or get permission from any governmental official. I can say or write what I please about anyone without fear of prison bars. When I am old enough, I will have just as much to do with the choosing of the leaders of this country as the richest man in the nation. Where else can a person get so good an education for so low a price? Everyone is given the chance and encouraged to learn as much as possible about our history and government. The United States wants everyone to learn as much as possible about anything we care about, whereas other nations try to limit the education and shield certain facts from its citizens to keep them from finding out what kind of government they are really ruled under. This is, indeed, a grand nation in which we live and to whom every citizen should give his or her fullest thanks.

James Rice—Santa Anna, High School, Texas. The article was composed in less than ten minutes time, and is receiving national recognition. Rice is the son of Mr. and Mrs. James W. Rice Sr., of Santa Anna.

## Sen. L. B. Johnson Is Being Considered For Vice President

Senator Lyndon B. Johnson is being mentioned in Washington as the choice for Democratic vice-presidential candidate in 1952.

An article about the senator remarked: "I'd rather do business

in the current issue of The Saturday Evening Post says, "He has, in fact, the perfect personality for Capitol Hill: a grass-roots hominess blended with just enough city sophistication."

His personal charms has won him many friends on both sides of Congress. Recently Republican Floor Leader Kenneth Wherry, yielding to Johnson's persuasions in connection with a bill to save West Texas long-staple cotton, remarked: "I'd rather do business

with you than anyone else on your side."

The greatest part of Johnson's success is attributable to his tremendous capacity for work and the willingness with which he uses it.

"Besides looking out for the Lone Star State," says the article, "Johnson functions as a Democratic whip in the Senate, a post in which he acts as assistant majority leader. He is also a member of the strategy-planning Democratic Policy Committee in the Senate, and of the Interstate Commerce and Armed Services committees."

"To these he recently added another important job as chairman of the powerful Armed Services Sub-committee on Preparedness. Until the outbreak of the Korean War Johnson was content to limit his speeches on the Senate floor and win votes in the cloakroom, observes the article, then he made several penetrating and timely talks in the Government's makeshift mobilization."

He beat the other Senators to the punch by proposing the establishment of the preparedness-investigating committee and was appointed its chairman.

To his credit it can be said that he maintains the unique practice of calling government officials into closed committee sessions before attacking them in a report, to give them a chance to rebut the charges if they could.

### Environmental Sanitation Stressed By Health Dept.

Environmental sanitation is the public health term for clean, safe housekeeping whether it applies to a private home and its surroundings or to towns and cities. Among other things, it insures safe drinking water, proper garbage and sewage disposal, the safe service of wholesome food including milk, rat and insect control, and general cleanliness of the premises. However, for environmental sanitation to be effective, it is essential that not only public health officials but the citizens living in their respective homes or operating establishments serving the public cooperate wholeheartedly, declared Dr. Geo. W. Cox, State Health Officer.

"Consider, for example, the

seasonal housefly hazard. It has been determined that 120 eggs are laid by a single female at one time and that a generation is produced every ten days at summer temperature. Thus, the possibility of reproduction during the warm months of a single runs into millions. While the housefly does not bite, it is dangerous because it breeds and feeds upon both filth and food.

"Again, rats are the source of several diseases of man including plague, typhus fever, infectious jaundice, and trichinosis, to mention some of the more important ones. Homes can be made comparatively ratproof by removing rubbish and garbage accumulations, and by closing avenues of access. Approved poisons and traps should be employed when a real problem presents itself.

"Removal of containers of stagnant water such as tin cans and barrels will do much to eliminate the mosquito for householders. The householder needs to devote more seasonal attention to mosquito eradication than he is today if this is to be properly controlled.

"In general, good and thorough housekeeping, inside and out, is the personal and civic duty of every home dweller. It not only adds to the pleasure of living and removes disease hazards, but increases the appearance of one's surroundings."

### H. O. Norris Named To Membership of Hereford Association

Kansas City, Mo., May 9. (Sp1) — H. O. Norris, of Santa Anna, Texas today was named to membership in the American Hereford Association, the world's largest purebred registry organization, with headquarters in Kansas City, Mo.

Two-hundred and ten Hereford breeders were placed in the Association's official roster during April to boost the total membership to an all-time high of 12,248. Members represent every

state in the nation.

The Hereford Association last year registered a new world's record of 426,971 purebred calves, an increase of 56,973 over the record established during the previous year. White-faced calves registered last year were nearly three times the total registrations of all other breeds.

**Today's Home Builds Tomorrow's World**

By Mrs. Floyd Morris

When the Whon Home Demonstration Club was organized, un-

der the guidance of Miss Gertrude Brent, Mrs. Ava Lovelady was made it's president. Since then she has served in most of the offices of the club, and in several more than once. She has

helped other club members and friends with their problems of homemaking, giving information on better gardening, for increased food production. She learned and showed others efficient food preservation.

Such things as the pressure cooker came into use since our clubs organization.

Then came electricity and all kinds of mixers, gadgets and other machines. We have learned through club leaders to use them to our advantage.

Many rural women who were once so timid and tongue-tied or murmuring under their breath, rise today and speak out with smiling assurance.

They take the job that is handed them and do it completely and in a orderly manner.

Home Demonstration Club Women realize that family relationship is vital in building better homes. The family life leaders have done much to bring better understanding to families, communities, states, the Nation and the world. Each state association has sponsored a program on international understanding. Each district has selected a foreign country for study our foreign country is England. We have adopted a program for corresponding with a foreign neighbor of our own selection.

Home Demonstration Club Women are also interested in their countries budget and other country affairs. Studies have been made and given to their clubs on State Laws and The United

Nations. Home Demonstration Club Women have the destination of being the best organized group of women in the nation. Club women in Whon have been responsible for clean-up campaigns which have made our neighborhood safer, improved rural hospitals, school, lunch rooms and recreation centers are usually the work of Home Demonstration Clubs, therefore we younger women are grateful today for leaders like Mrs. Ava Lovelady, Mrs. Louise Gill and Mrs. Hettye Turney. They are charter members of the Whon Home Demonstration Club. The club has been active since its organization except for two years of World War II. It has been through their guidance and that of our County Agents that we learn to build a better world tomorrow through better homes.

**Our WASHINGTON Letter**

**THE HOUSE CONTINUED** its economy drive last week when it passed the Agriculture appropriation bill for the ensuing year. The President had requested \$820 million to run that sprawling department, but when the House got through with it, the total had been cut down to \$717 million. After approving funds for car-

rying on the Soil Conservation Service, the House disapproved an amendment to cut money for the various range practices and fertilizer program. The bill provided \$225 million for that purpose and an amendment to trim that figure down to \$150 million lost by a narrow margin. The committee had previously cut \$60 million from the President's budget request for that item, and if the floor amendment had been adopted an additional \$75 million would have been whacked.

In joining with the advocates of this cut (including the American Farm Bureau) I pointed out that the various range practices have been very desirable but that because of the financial condition of the country during this emergency I felt that we must reduce wherever possible. During the debate, I stated:

"It is often said that economy is a good thing if it is applied to the other fellow. Here is a chance

to apply it across the board — The people down where I come from are genuinely alarmed about the magnitude of the public debt. They are disturbed about the solvency of this Nation, and they want to make necessary sacrifices in order to put our house in order."

**SEEING WASHINGTON** for the first time last week were Mr. and Mrs. John Barton of Ballinger. Mr. Barton, the veteran and popular Runnels County Agent, was invited to the Capital to receive a Distinguished Service Award for 40 years of service to the cause of Agriculture and rural life.

**OF REAL CONCERN** to our area was the action of the House Rules Committee in refusing last week to clear the Mexican Labor bill for House Action. The Committee may change its mind later, but the future of the legisla-

tion is now uncertain. The Senate passed a companion bill on the subject recently, but it included an objectionable amendment by Senator Douglas of Illinois which would make it a crime for an employer to hire a worker illegally in this country if he should even have "suspected" that the worker was a wet-back. The House bill contains no such provision and I feel confident the House would never consent to the Douglas amendment.

The purpose of the Mexican Labor bill is to provide some necessary funds and set up machinery to put the U. S. - Mexican labor agreement into effect. That agreement was made in Mexico earlier this year. It provides for processing, with processing stations to be located on our side of the Rio Grande. It would remove a lot of the red tape that employers have been faced with in obtaining immigrant workers in

the past. But, as indicated by the action of the Rules Committee, right now we don't know if Congress will assist in putting the agreement into effect or not.

Wayne Walters is here on a 15 day leave from Lackland AFB, San Antonio, and is visiting here and with his mother, Mrs. Maggie Walters, who recently moved to Brownwood. Mrs. Walters and her little granddaughter, Lucretia Vinson, were attending to business and visiting in Santa Anna Tuesday.

Mrs. H. M. Smith had as visitors at the week end Mr. and Mrs. Louis Jordan and daughter of Hamilton, Mr. and Mrs. Bob White and children of Ft. Worth, and Mr. and Mrs. Noah Stacy and children of Santa Anna.

Mr. and Mrs. Billy Joe Harvey and son have moved this week to the Smith house on Ave. B, recently vacated by the Wallace

Adams.

Mr. and Mrs. I. V. Spann and daughter, Rebecca Ann, of Fort Worth, were week end visitors with her parents, Mr. and Mrs. Buster Woodard.

Members of the family visiting last week end in the home of Mr. and Mrs. Homer Burden were: Mr. and Mrs. W. C. Burden and daughter, Jennie Carroll, of Lubbock; Mr. and Mrs. G. E. Burden, Georgia Marie and Christine Ann of Marble Falls; and Mr. and Mrs. John Clark, Anna Ethel and Michael. The Clarks are moving from Corpus Christi to Sanford, Fla., where he will be stationed.

Mrs. Mark Davis and Patricia and Mr. and Mrs. Tom Bryan of Rockwood, visited Sunday with the Bryan's daughter, Mrs. Scoot Black and family at San Angelo.

Displaced Persons Lesson for May 27, 1951

"D.P.'s" are no 20th-century novelty. This displaced person has for centuries dotted the international landscape. We can define a displaced person as one who, unwillingly or unintentionally, is a long way from a home which no longer exists. A D.P. would usually go home if he could, but he can't. His home has been bombed out, or perhaps his whole home town destroyed. Perhaps he and his neighbors have been forcibly moved out by a government that wants some one else in that place.

Dr. Foreman

The D.P. usually at first goes in the name of the case, a foreman when he is, sometimes a migrant even a laborer, but to no avail. To say nothing of a home town. Perhaps the most tremendous uprooting of people in recent times has been in Korea, where our victims have had to move out by the million.

The Innocent With the Guilty BUT THE story is not a new one. Back in Bible times many of the Hebrews became D.P.'s. After the downfall of Israel and Judah, thousands of Jews were taken to the country along the Euphrates and Tigris rivers, here to fend for themselves as best they could.

The Bible writers always looked on that experience as a punishment of the nation, and so it was. But the experience illustrates a number of things. One is that the innocent often suffer with the guilty.

Not all those who were forced into those long death-marches had been to blame for their country's wrong-doings. Bad decisions of king and council resulted in personal disasters to thousands who had had nothing to do with their king's bad policies or their aristocrats' debauched lives.

D.P.'s Taking Root ANOTHER thing to be noticed in the Bible story of these Hebrew D.P.'s is the way they took hold, wherever they were, and helped to build up the country and help themselves at the same time. They took root, in short, and even when later on their descendants were free to go "home," relatively few ever went back to Palestine.

From that time to this, the Jews have been scattered over the wide world, living (where it has been possible) as local citizens of whatever lands they call their own. We can still read Jeremiah's letter (ch. 29) to the D.P.'s from Judah, urging them to buy land, to lay out vineyards and plan houses and generally make themselves at home in Babylon.

Rockwood News By Mrs. John C. Hunter

Bro. Edwin Broadus, minister from Abilene, preached at the Church of Christ at both Sunday services. He was a dinner guest of Mr. and Mrs. Dave Coffman.

The Rev. G. W. Childers, pastor, filled the pulpit at the Baptist Church at the Sunday services. He and Mrs. Childers and son, Melvin, were dinner guests with Mr. and Mrs. John Steward and family.

The Rev. V. E. Hankinson preached at the Methodist Church at morning and evening services.

Mr. Bostick, father of Mr. Jack Bostick, died suddenly Monday morning. Burial services were at Lampasas, but were incomplete at this time (Monday), pending arrival of sons from other states.

Recent guests with Mr. and Mrs. Luffel Estes and family were Mr. and Mrs. Walter Boatright of Dublin, Mrs. Sam Alexander and children and James Estes of San Angelo, Mr. and Mrs. Orville Slate and Vernon of Gouldsburg and Mr. and Mrs. James Sluder.

Mr. A. L. Crutcher is on the job list this week. Visitors to the teacher home were Frank Bryan, Friday evening. Sunday Mrs. C. J. Mullis and Mr. and Mrs. Joe Andy Hodges were guests. Bostick received severe burns last Thursday when he was knocked down by a car in the town of Rockwood.

The Rev. and Mrs. V. E. Hankinson, Mrs. Jack Bostick, Mrs. M. J. Johnson and Mrs. J. C. Gersonson attended a District Officers Training Day at the Methodist Church in Brownwood last Thursday.

Mr. and Mrs. John Straughan and Shirley of Houston, came this week end to bring his parents, Mr. and Mrs. Bob Straughan, home after making an extended visit in Houston with their children.

Psy. Clinton Estes, who is stationed at San Antonio, spent the week end with his parents, Mr. and Mrs. Drury Estes, and his wife, Joyce Estes.

Mrs. Joyce Estes left Sunday for the Straughan family for her home in Houston, having assisted in the Drury Estes home since Clinton has returned to the Army.

Other Sunday visitors to the Estes home were Mr. and Mrs. Lee Mankin and family, Mrs. P. L. ... Phyllis of Coleman.

Mr. and Mrs. Bob Ambley of ...

...

...

We read of an Eshack owning a home and settling down in Babylon. We find Daniel the boy as a page in the royal household of Nebuchadnezzar, and a man rising to prominence and power. Many of the D.P.'s look their places among the best citizens of their respective adopted lands.

D.P.'s In American History SO it has often been since, The United States alone owes a great deal to D.P.'s. The famous statue of Liberty is a welcome sign to such people. The Pilgrims who came over in the Mayflower were D.P.'s, already twice uprooted. The Huguenot protestants, driven from France by official persecution, became top-level successful citizens in England and America.

Revolutionary troubles in Europe a hundred years ago brought to American shores Carl Schurz, for example, a fugitive from the police of two countries because he was a revolutionist; here in America becoming a top success in many fields; general of the army, minister to Spain, Secretary of the Interior, prosperous business executive, editor of great city newspapers, writer and orator of international fame.

Not all D.P.'s become famous; but many thousands of them, throughout the troubled ages, have been a blessing to the lands that sheltered them.

So it may be in our time, that as God has before now brought good out of evil, he may in our troubled world bring even from the cruelties of deportation and homelessness again new understandings, fresh beginnings, and an interweaving of many strands of humanity into a stronger fabric than before.

with Mr. and Mrs. Fred Shuford. Mrs. Ray Steward was hostess to the H. D. Club at her home last Wednesday, when members enjoyed a covered dish dinner and painting Bee.

Mr. and Mrs. John X. Steward and family attended a family reunion at the Brady Park on Sunday.

Mr. and Mrs. Lee Miller are in Coleman for several days visit with relatives.

Mr. and Mrs. R. E. Johnson had all of their children with them Sunday, except Jack, who lives in Houston.

Rites For Frank F. Irick Held On Sunday Funeral services were held at the First Methodist Church in Santa Anna at 2:30 p. m. on Sunday, May 20, for Frank F. Irick, 76, who died at the home of his daughter, Jean Irick, in Brownwood on Thursday morning, after a long illness.

Services were conducted by Rev. W. F. Smith, pastor of the church, assisted by Rev. Harry C. Wigger and Rev. M. L. Womack. Mr. Irick was born July 9, 1874, in Allen County, Ohio, and was married to Miss Emma Angeline Waters in 1896, in Ohio.

Mr. Irick and family moved to Santa Anna in 1917, which continued to be the family home until they moved to Brownwood in recent years.

He was a member of the Methodist Church and a retired oil field worker.

Other survivors besides the daughter, are: a son, Earl Irick, of Santa Anna; two brothers, Arthur, of North Adams, Mich., and Steve Irick of Spencerville, Ohio; four grand children and three great grandchildren.

Pallbearers were: Jack Bates, Lovell Richardson, Charlie Evans Ray Owen, Ernest Bland and Melvin Lamb.

Burial was in the Santa Anna Cemetery.

Henry Goodwin, Jr., from Camp Chaffee, at Fort Smith, Ark., visited his parents, Mr. and Mrs. Henry Goodwin last week. From here he left for Pittsburg, Calif., from which place he is billed to leave for Japan. His wife, who visited with him here, has gone to Valley Mills to make her home with her parents.

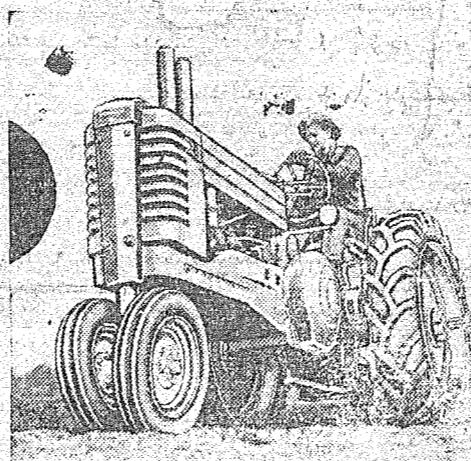

Mrs. Seth Risinger returned home Tuesday, from a week end visit with her sister, Miss Kate Lewis in Coleman. Their other sister, Miss Verde Lewis of Bangs also visited with them.

Randolph Young, Jr., steward, who has been home on a 10-day leave, visiting his sister, Mrs. Wallace Collins, left Tuesday for California, where he will be stationed at the Alameda Naval Base.

Mrs. Addie French, who makes her home with her sister, Mrs. Fred Turner, suffered a stroke on Wednesday morning, of last week, and continues very ill.

### First Baptist Church News

It was decided last Sunday evening to proceed with building the Santa Anna Camp building at the Baptist Encampment Grounds on Lake Brownwood.

The building will be 36 feet by 40 feet with two porches, two baths, an assembly room, and kitchenette. It will be a frame building with a concrete floor.

This building will be used by church groups during the encampments, for local church meetings and outlines, and by individual church members, who desire a clean, Christian place for outings.

The First Baptist Church Vacation Bible School will be held May 28 - June 6. Registration will be on Monday, May 28, following the closing of school. The Beginner and Primary Departments coming at 2:30 p. m. and the Junior and Intermediate Departments at 3:30 p. m. The children are asked to come from school to the church to register. Refreshments will be served. On Tuesday, May 29, the program will start at 8 a. m. and will close at 11 a. m. each day through June 6. It will not meet on Saturday.

**Survey Reveals Average Jury Box**

Austin — Of the twelve men in the average jury box, three resent service and have tried to be excused, two others serve reluctantly, eight are losing money by it, and at least one admittedly does not know what is going on in the courtroom. But all twelve agree that jury service is of paramount importance.

What these men think as they sit on the jury was revealed in a survey made by the Texas Press Association and the State Bar of Texas in connection with a "Jury Service Month" project. Eight of the twelve believe that women should be serving with men on Texas juries, and agree that groups which ought to be exempt are mainly doctors, lawyers, and clergymen. On this average jury panel, two men are entitled to exemptions themselves, and decline to accept them. Half the jury is between 35 and 50 years of age, two men are under 35, three are between 50 and 60, and one over 60. Each has been called for jury service about four times in five years.

Whatever they may think before serving, the survey shows that only three of the twelve find jury service unpleasant. The reasons offered for this are waste of time in the courtroom, lack of explanation of legal terms,

difficulty of getting twelve men to agree, and too much intimidation of the past of the lawyers. Secretary of State John Ben Sheppard, chairman of the Bar's American Citizenship Committee explained that the "Jury Service Month" project is being conducted in May in an effort to re-awaken the public to its responsibilities in maintaining free courts by being willing and able jurors. Sheppard stated that the primary objective of the month is that no Texan will ask to be excused from jury service during May.

He pointed out that Texans who serve on juries are members of what he called "an exclusive group". Only seven percent of the more than seven million people in the state are called for jury service in a single year. Thirty percent of these are exempt by law, and 16 percent more are excused because of personal hardship. Thus less than five percent of the total population serves on the jury. Unfortunately it was pointed out, methods of choosing jurors and public antipathy to jury service cause these few people to be called repeatedly.

Jurors who participated in the survey suggested correction of the public apathy as the principal measure to be taken in improving the present jury service system. Other suggestions were that jurors be paid more, that juries should be allowed to separate and return home except in capital cases, and that more instruction should be given to

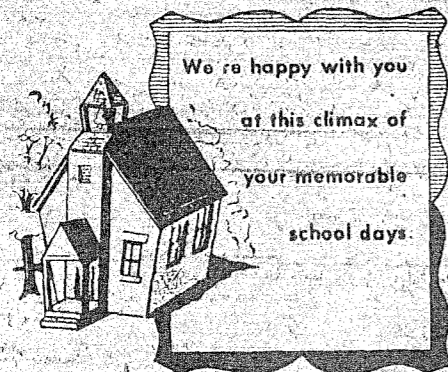

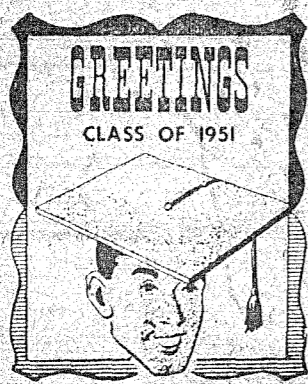

jurors in the process of a trial. Questionnaires similar to those sent to laymen over Texas were sent to more than 500 county judges, county and district attorneys, and lawyers in private practice, by the American Citizenship Committee. Of the half million persons called for jury duty each year, these revealed, 115,000 ask to be excused. Approximately 18,400 are released. Persons of the higher income bracket asking to be excused outnumber all others three to one. Businessmen offer excuses most often, farmers and craftsmen next, and laborers and white collar workers least often. Most common excuses offered are pre-occupation with business, illness,

and physical disability. Methods of making jury service more attractive to the people were offered by judges and attorneys, and included allowing for a verdict of ten men in case of the death or incapacity of one or two jurors, providing for voluntary waiver of jury in cases

less than capital, and establishing pre-trial hearings to contest the legality of indictment. Some of these remedies are proposed in a bill now before the legislature.

## Report Of 1951 Senior Trip

Thursday, May 17, the Senior Class of Santa Anna High School left for the first part of their journey to Eureka Springs, Ark. Our first stop was at Stephenville. Here we were interviewed over the radio station. We ate lunch in Dallas. During the rest of the trip to Texarkana we stopped at several other places. The class and their sponsors stayed at a tourist court on the Arkansas side of Texarkana the first night.

Friday we left early to continue our journey. We ate breakfast at Ashdown, Ark. Later in the morning we stopped at Mena, Ark. We had lunch at Ft. Smith. Some of the towns we viewed were Fayetteville, Springdale and Rogers. About eight miles before entering Eureka Springs we stopped at Lookout Tower and viewed the Ozarks.

Saturday we spent the day horseback riding, swimming, shopping, motor boat riding, bowling, playing pool, and viewing the sights. We had a picnic lunch at Lake Leatherwood, which is one of the largest lakes in the state of Arkansas. That night there was dancing, shuffle board and ping pong to enjoy on the roof of the Basin Park Hotel.

Early Sunday morning we began our homeward journey by way of Oklahoma. We also went a few miles into Missouri, mainly to say we had been there. Our stops were Poteau, Atoka, Denison, Ft. Worth, Stephenville, and at long last, Santa Anna.

The sponsors for the trip were Mrs. Earl McQueen, Mrs. Louis Parks, Mrs. Vernon Parker, R. K. Green and A. D. Pettit. This was an educational, as well as interesting trip, for all.

## Local Methodist Church News

Sunday school attendance the third Sunday was back to normal, however, the absence of several familiar faces was noted. Let's keep up the good attendance through the summer. "My Place in God's World" was the subject for the morning worship hour. In observance of "Aldersgate" the altar arrangement included a triptych of Wesley behind the globe encircled with his statement, "The World is My Parish". His famous motto and some other pictures were on display. Sunday evening in the absence of the pastor, who was preaching the baccalaureate sermon at Mozelle, Rev. M. L. Womack preached for us. Good reports regarding the service have

been received.

A large group of women were present Tuesday afternoon when the W. S. C. S. sponsored a meeting for all the ladies of the Church. Following a most appropriate devotional by Mrs. Tom Hays, which included a fitting solo by Mrs. Arch Hunter, Mrs. Hardy Blue reviewed an interesting book in her own capable way. After the program a social hour was held at the parsonage with Mrs. Elberedge presiding at the tea table. The various committees are to be congratulated for such a successful afternoon.

Our Youth Division was represented at the Sub-District Meeting at Trinity Methodist in Coleman last Tuesday evening.

More than sixty were present for the last Fellowship Supper when the High School Seniors, their Sponsors, and Teachers were guests. A table had been arranged for the honorees. It bore sweet peas, the class flower, in silver containers on a blue runner, futher accenting the Senior colors of blue and silver. Favors were miniature Seniors in traditional caps and gowns of white. After the bountiful meal a "School Party" was featured, which included registration, selection of courses, various classes, etc. Due to the fact that several of the Seniors had yet quite a bit of preparation to make for their trip, the program was cut short. Miss Sandra Shields, accompanied at the piano by Miss Evelyn Oakes, sang in her most charming way. A prayer for the Seniors, concluded with the Lord's Prayer by all, brought to a close an enjoyable occasion for everyone present.

Members of the W. S. C. S. attended a district meeting at Brownwood recently. Closing a most successful year, plans are already outlined for the new year beginning in June.

Rev. H. B. Loyd our district superintendent, is to be with us Tuesday evening, the 29th, at urged to be present, members are invited, and visitors welcome. The fourth Sunday will conclude the year's work, however, the annual conference does not convene until June the 6th.

Vernon Campbell and family have moved to the house formerly owned and occupied by the J. J. Gregg family. Mrs. H. O. Blair, who has been sick for some time, was taken from the Overall Hospital on Sunday, for a stay of two weeks in the home of her son, Floyd Blair, at Goldthwaite. Floyd and family came for her.

Week end visitors in the C. T. Conley home were: Mr. and Mrs. Winston Conley and daughter of Dallas and Mr. and Mrs. M. C. Doan of Houston.

## OPS Regulations Extended to Some

Fort Worth — Office of Price Stabilization regulations were extended this week to commercial and personal businessmen.

"Businessmen in this category include barber shops, beauty parlors, auto repair shops, laundries, dry cleaners, plumbing service calls, and many others of a like nature," said Ellis H. Boyd, Fort Worth District OPS director.

Although this regulation is not expected to reduce service prices, it will establish ceilings above which they may not rise, according to OPS.

Here are the four things service organization must do to comply:

1. File a statement by June 16 of prices in effect during the base period December 19, 1950 to January 25, 1951. This will be the ceiling price.

2. If pricing is done from a

manual - as in the case of some auto repair shops or any other type business - the title and edition of the manual must be given. If pricing is done from a printed list, the date of the list must be given, as well as its origin.

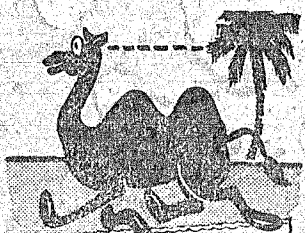

3. By June 16, ceiling prices must be posted clearly visible to the customer.

4. A duplicate copy of the report must be kept by the person making the report.

According to a book publisher, only a person who has suffered can write a modern novel. If that's true, then we'd say that anyone who has read a modern novel can write one.

**Eastern Star Elects Officers For Year**

At a slated meeting of the Order of the Eastern Star Monday night, May 21st, officers to serve the organization for the coming year were elected as follows:

Worthy Matron, Bernice Parmer; Worthy Patron, Vernon Penny; Associate Matron, Doris Jane Bell; Associate Patron, Edd Bartlett; Associate Conductress, Virginia Shields; Conductress, Faye Mobley; Treasurer, Blanche Grantham; Secretary, Lillian Herndon.

The annual Memorial Program was given by members present.

**U. D. C. Has Program On Texas History**

The Sam Davis Chapter of the United Daughters of the Confederacy met with Miss Dora Kirkpatrick on Tuesday afternoon, May 22, when a program

on Texas History was given. There was a general discussion of Texas Historians, Thrall, Yoakum, Pennybacker and Bolton. Miss Kirkpatrick gave a very good financial report and Mrs. C. D. Bruce read the minutes of previous meeting. She also told of recent activities of the organization.

Mrs. Ollie Pearce Weaver, as head of the committee, read resolutions of respect for Mrs. Henry Campbell, who before her recent death, was the treasurer of the chapter, and for several decades, a most faithful member.

The president, Mrs. F. Z. Payne conducted an interesting quiz on Texas.

Mrs. Seth Risinger concluded the program with the annual memorial feature, giving two readings, one of which was the old favorite, "The Blue and the Gray".

The hostess served lovely refreshments of home made cake

and punch. Others present besides those mentioned above were: Mrs. J. R. Banister, Mrs. R. C. Gay, Mrs. G. W. Teagle, Mrs. A. L. Oder and Mrs. R. D. Kirkpatrick.

We were very glad to see Mrs. Kirkpatrick, who celebrated her 90th birthday last autumn, holding her own so well. She continues mentally alert and fairly well physically.

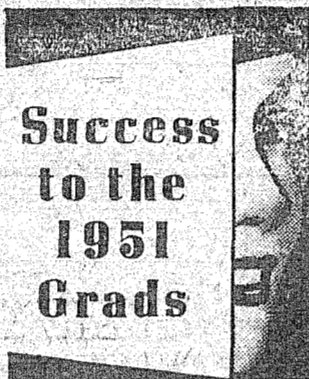

Mr. and Mrs. Ira Hudler of Monahans came on Thursday of last week, and remained as visitors in the home of her mother, Mrs. M. D. Eubank, and with Mrs. Jim Daniell, who is not doing so well.

Mr. and Mrs. Glenn Russell of

3012 40th St., Lubbock, are announcing the arrival of a daughter, Glenna Yvonne, May 17, weighing 7 lbs., and 4 oz. Mrs. Russell is the former Yvonne McClintock.

Mr. B. G. Brown was taken to a hospital in Abilene on Thursday of last week, and had surgery there, on Monday morning. Members of his family were with him. Mr. and Mrs. Coy Brooke returned home Monday night and reported that Mr. Brown stood the operation alright and was getting along quite well.

Beverly Stockard and Janelle McFadden of Abilene, visited over the week end in the Roy Stockard home.

**Mrs. R. L. Markland Receives Honorable Mention in Contest**

Mrs. Robert L. Markland was

listed among the ones to receive Honorable Mention Awards and \$50 prize in a "My Living Room" contest sponsored by McCall's magazine.

The contest was divided into two divisions: the amateur class and the professional class. The first, second and third prize winners were all from out of the state. Mrs. Markland and a lady from Fort Worth, Texas were the only Texas winners.

In commenting upon the outcome of the contest, Mary Davis Gillies, McCall's Houses and Home Fashions Editor said, "This was not an easy contest to compete in. It required a great deal of time and effort on the part of every contestant. The fact that more than 22,000 women completed the entry blanks and sent them to McCall's points up again the fact that American women are intensely interested in home decoration and in bettering their homes. I wish we could give 22,000 prizes."

Based on the widespread interest in the "My Living Room" contest, McCall's has already announced plans for second decorating competition, "My Kitchen Contest", details of which are outlined in the current issue of McCall's magazine.

**Pedestrian Often Own Worst Enemy**

Austin — Summer is here, and boys and girls will soon be out of school. More people usually drive in summer than at other times. There are more ball games and opportunities for chasing the ball into the street to regain it. These, and many other summer situations, call for added caution to keep people safe says Dr. George W. Cox, State Health Officer.

According to statistics, 9,900 pedestrians were killed in motor vehicle accidents in our country in a year, and 230,000 persons were injured in a single year. These figures would indicate that both the drivers and the pedestrians have much to learn.

The pedestrian is often his own worst enemy. Ignorance of the rules of road, failure to understand the problems of the driver, and carelessness about

reading signs and observing safe walking habits are the cause of many pedestrian accidents.

Children interested in a game, or absorbed in a certain activity, are apt to run out into the street from the walk, or from behind a parked car and pay dearly for this action. People do not want to make children fearful, but understanding safe practices, they want them to be confident and responsible for themselves.

Those who ride bicycles are the cause of certain types of accidents. A few safety rules for them are: ride close to the right curb or to the right side of the highway; obey all traffic rules; refuse handle bar rides; and refrain from hitching to autos, buses or streetcars.

When walking on a highway at night, wear or carry something white. This should be worn or carried as low as possible so that car headlights, which are directed downward will pick it up.

Mr. and Mrs. Jack Thigpen of Fort Worth, visited over the week end with his parents, Mr. and Mrs. Frank Thigpen.

Mr. and Mrs. C. L. Henderson of Summer Lake, Oregon, are visiting his parents, Mr. and Mrs. Lee Henderson. This is the first time he has been home in ten years and the first time the family has been together in about 12 years.

Mrs. A. R. Brown returned home Sunday night from Ft. Worth, where she was called early last week by the serious illness of her sister, Mrs. A. C. Hefner. Mrs. Hefner suffered a brain hemorrhage. She seemed somewhat improved when Mrs. Brown left. Her other sisters, Mrs. Frank Adams and Miss Ruby Volentine of Austin, were with her at the week end.

Mrs. E. E. Blanton and children were accompanied by Mr. and Mrs. Eddie Beal of Coleman, to

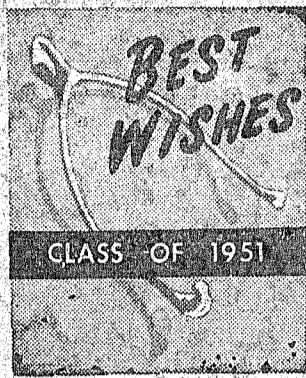

Abilene Sunday, where members of the family had a surprise party for Mrs. Blanton's mother, Mrs. Doyle Wright, in Cobb Park.

Mrs. E. D. Huggins, 90, who gave up her apartment in town some time ago because of illness, and is now living with her daughter, Mrs. Roy Bledsoe in the country, is visiting this week with her son and daughter-in-law, Mr. and Mrs. Thomas Huggins. Her condition is somewhat improved.

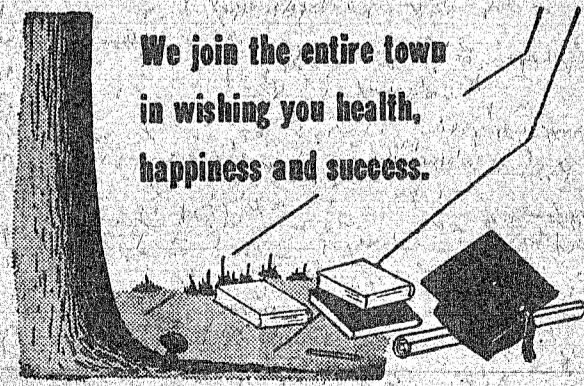

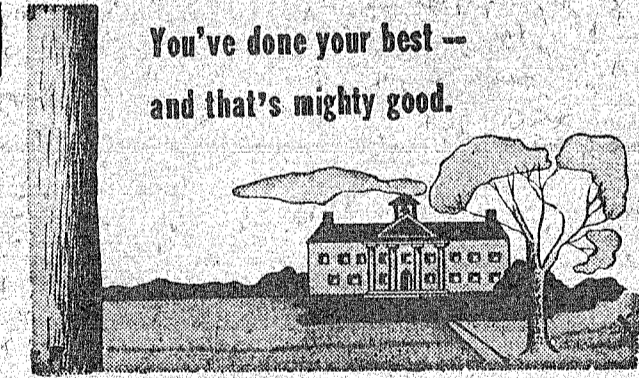

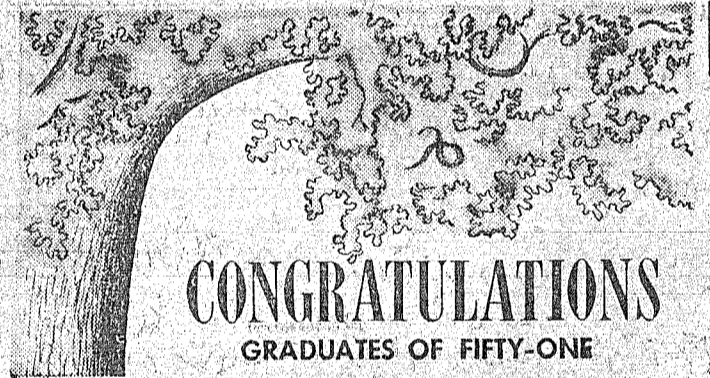

Mr. and Mrs. Alford England of Abilene, were week end visitors with her parents, Mr. and Mrs. Collin Price.

Mrs. M. D. Finkerton and David spent Mother's Day in Junction, with her parents, Mr. and Mrs. H. D. Henderson.

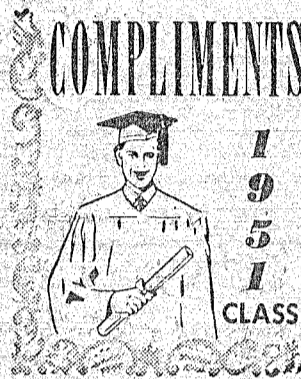

Mr. Jim Harris was in Odessa at the week end, and brought his grandson home with him for an indefinite visit.

# Oil Activities IN COLEMAN COUNTY

United North & South Development Co. No. 2 O. O. McWilliams, G. W. Hanchett Survey 313, offset five miles northeast of Talpa has been completed.

The well had a potential of 244 76 barrels of 45 gravity oil per day. Completion was through 13-64 choke with 1,100 pounds of flowing pressure on casing and 700 pounds on tubing from 50 perforations at 3,476-99 feet. Gas oil ratio is 625-1. Casing was set at 3,547 feet.

Coleman Gas and Oil Co. No. 1 Mrs. R. C. Stuart-Courtney, Blk. 4, Martinez Survey 751, has been completed as a gas well gauging 2 to 4 MCF gas per day through perforations at 2,121-34 feet. Casing was set at 2,147 feet.

Miller and Banks have staked an offset location one and one-half miles west of Santa Anna. That well will be the No. 6 Ozro Bernard, 450 feet from the east and north lines of Subdivision 2, Section 665, Jonathan Scott Survey. Projected depth is 1,900 feet with rotary.

An offset has been located six miles northeast of Coleman 150 feet from the east and south lines of the west half of Lot 13, Lewis Johnson Survey 480. It will be the Creston Oil Co., et al No. 1 Weaver Estate "B". The try is slated for 1,900 feet with rotary.

Hill & Donagan & H. J. Summy No. 1 W. W. Rae will be an offset three and one-half miles northwest of Talpa. Slated for 3,300 feet with rotary, the well will be 2,800 feet from the east, and 2,230 feet from the south lines of Section 309, G. W. Morgan Survey.

Davis & Calvin will drill the No. 2 C. D. Bruce, et al, two and one-half miles northwest of Santa Anna. The offset will be 1,485 feet from the north and 832 feet from the west lines of Block 6, J. Scott Survey 666. It will be 326 feet northwest of the No. 1 well. Contract depth is 1,975 feet with rotary.

A failure in Coleman County is the C. L. McMahon, Inc. No. 1 Survey 246, wildcat three miles southeast of Pisk. It was abandoned at 2,430 feet and drilled with cable tools.

Republic Natural Gas Co. No. 1 D. M. Hawkins, et al, Section 2, El. Survey was abandoned at 4,000 feet. That well was located four miles southwest of Nost.

Lone Star Producing Co. No. 2 P. L. Lucas, Subdivision 13, M. Martinez Survey 751, offset five miles southeast of Santa Anna, has been completed as a gas well. It gauged 1,897 thousand cubic feet gas through choke from perforations at 2,112-20 and 2,130-49 feet.

Another failure in the county is the Anzac Oil Corp., et al, No. H-36, J. P. Morris Estate, Section 73, HT&B Survey, offset 16 miles northeast of Coleman.

There was a show of oil at 2,121 feet. It tested three barrels of oil at 2,123 feet and no fresh water was encountered. Drilled with cable tools, the well was abandoned at 2,735 feet.

In the area seven miles southwest of Santa Anna, Anzac Oil Corp. and Louis Franklin, et al, are to drill the No. 1 C. B. Rendleman, 1,750 feet from the south and 1,500 feet from the east lines of Section 275, M. Hunt Survey. Permit depth is 1,900 feet with rotary.
