"He Profits Most Who Serves Best"

VOLUME LXVI

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, JULY 13, 1951

NUMBER 28

## Ex-Texas Rangers Annual Meeting Next Week

The annual meeting of the Texas Ex-Rangers Association will be held in their home in Ranger Park Wednesday and Thursday, July 18 and 19. Their home is located on the east end of the historic Santa Anna Mountains, from where the old Rangers formerly had a look-out post.

To date only two of the remaining three original members have said they were coming. Noah Armstrong, 98, of Coleman, the oldest living Ex-Ranger, and Sam Graham, 90, of San Antonio have indicated they would be here. W. H. Roberts, 89, of Big Springs, has not indicated whether he will be here or not.

These old-timers love to get together and re-live their Ranger days. They have interesting tales to tell. They love to have visitors and everyone is invited to go by and visit them while they are here.

The historian of the group, Col. M. L. Crimmons of San Antonio, will not be able to attend this year due to an argument between a saw, a knot on a tree, and him standing on the top of a ladder. Col. Crimmons lost the argument when he fell, and has had to spend a number of days in the hospital.

The meeting will open at 2 p. m. Wednesday afternoon, with Col. James Padgett, Captain of the Association, of Coleman, presiding. Guest speakers will be Judge R. C. Crane and Judge Simmons of Sweetwater. Mrs. John R. Banister and Col. Padgett.

Thursday, July 19 will be Old Settlers Day, with a basket-picnic lunch served at the noon hour. The American Legion will be in charge of the proceedings and will prepare the meals for the old Rangers.

A special invitation is extended to all old-timers to be present on the 19th, and old fiddlers are especially invited. Plans are to have an Old Fiddlers Contest during the afternoon.

## Local Boy Awarded Bronze Star in Korea

WITH THE SECOND INFANTRY DIVISION, U. S. ARMY, June 21 — Cpl. Olin G. Brooks, of Santa Anna, has been awarded the Bronze Star for meritorious service in Korea.

Brooks, son of Mr. and Mrs. L. L. Brooks, is a member of the 15th Field Artillery Battalion of the Second Division. He distinguished himself in military operations from May 15 to 26, 1951.

## Drivers Warned About Following Fire Trucks Mon.

The Santa Anna Fire Department staged a fake fire Monday night for the sole purpose of catching drivers who are in the habit of following and obstructing the fire trucks while they are on the way to a fire. In recent years the fire department has had a lot of trouble with drivers of this sort and warnings had been published, but it seems they had been of no avail. So it was decided to stage a fake fire and catch these drivers when there was a chance to warn them personally.

The Deputy Sheriff gave several tickets and issued warnings to some others who did not get as close as they apparently wanted to. The ones who got the tickets were to report to the City Hall by 10:00 a. m. Tuesday morning and the City Judge, Dick Bass, read and explained the City Ordinance No. 170, to them. This ordinance deals with

## Coleman Annual Rodeo Now In Progress

The two Coleman banks, the Coleman County State Bank and the First Coleman National Bank each invite Santa Anna and Santa Anna territory friends to attend the 14th annual Coleman Rodeo, that will be in progress all through the remainder of this week. Their invitations will be found elsewhere in this issue of the Santa Anna News.

Each of the banks extend you a cordial invitation to visit them while you are in Coleman, and invite you to attend the big parade each afternoon at 5:00 p. m. The rodeo is being held in the new Coleman rodeo arena, located in the south part of Coleman on the Ballinger highway.

## Acres Allotment Marketing Quotas Off '52 Wheat Crop

The Secretary of Agriculture, Charles F. Brannan, announced today there will be no acreage allotments and no marketing quotas on 1952-crop wheat. Department officials stated that the supply of wheat during the 1952-53 marketing year is expected to be below the quantity specified for marketing quotas in existing legislation, and that the continuing need for food in the uncertain world situation makes it advisable not to establish acreage allotments for the 1952 crop. Legislation requires that the determination as to marketing quotas be made before the beginning of the marketing year — July 1.

Since this information has been released by the Department of Agriculture, Coleman County farmers can begin to make plans for buying their seed for planting wheat, and there will be no restriction on the number of acres because of acreage allotments.

Wheat price support at a national average of \$2.18 a bushel to farmers for the 1951 crop has been announced. Last year's average was \$1.99 a bushel. Loans are available from CCC through your FMA office, but due to drought in Coleman County, there was very little wheat produced this year. The Department of Agriculture is urging a large wheat crop for 1952, so make your plans for planting.

Mrs. Karl Knox and little son, Danny, of Carlsbad, New Mexico, visited last week end with Mr. and Mrs. Sid Knox, Mr. and Mrs. Clarence Gilbert and Sonny.

## Arch Hunter Dies Suddenly Wed.

A. D. (Arch) Hunter died early Wednesday afternoon of a heart attack, after suffering a slight stroke on Tuesday.

Funeral services are to be held at the First Methodist Church at 4:30 p. m. Thursday with burial in the Santa Anna Cemetery.

A complete account will follow in next weeks paper.

## Administration Fails To Cooperate In Anti-Inflation

ABLENE — While the Administration has repeatedly appealed to the nation's consumers to help combat inflation by putting off buying whenever they can, Federal government has been making such purchases as 68,000-000 can openers since the start of the Korean campaign a year ago. There are about a million and a half men in the Army.

This is brought out in a recent report by the taxation and legislation department of the West Texas Chamber of Commerce.

The report points out that the President has told business men to avoid piling up inventories, to increase efficiency wherever possible, and to keep prices down; that he has asked employers to conserve manpower and urged all to work harder and longer, and to forego wage increases and more profits.

The Federal bureaucracy obviously does not want to play in the nation's anti-inflation team, the report states.

Some example of Federal purchasing of goods:

Army Ordnance recently purchases 6,000,000 gallons of paint in quart and gallon cans. This was a full year's requirement, but the Army sought delivery in 60 days. This huge order for paint in civilian-size cans, rather than in 5-gallon cans, was criticized by paint suppliers, and admitted as wasteful by the Army.

The Army set up a requirement of 4,636,000 web belts for 1951. This is three belts per man, although only one is issued per man per year. Its 1951 requirement for combat boots was set up at 11,753,000 pairs, although the total consumption was estimated 4,900,000 pairs.

Last January the Quartermaster Service bought 5,000,000 pounds of oleomargarine at 25½ cents a pound. At the very same time, the Department of Agriculture was selling 5,500,000 pounds of surplus butter to Italy at 15 cents a pound.

Reports of the Byrd committee show that the number of civilian employees on the Federal payrolls had jumped 2,184,661 — on December 31, 1950 to 2,409,121 as of April 30, an increase of 224,440 in four months. This means that the Government has been filling new positions at the rate of 1,870 per day, every day in the month.

Recently an official of the new Defense Transportation Administration reported that that agency is "stockpiling" stenographers against the needs of the future.

## Darwin Schrader Returns To U. S.

Darwin Schrader, airman apprentice, USN, son of Mr. and Mrs. Ed Schrader of Santa Anna, has returned to the United States aboard the aircraft carrier USS Bataan.

The Bataan had been in action against the Korean Communists since last December. The carrier's aircraft provided cover for the First Marine Division and the Army's Seventh Infantry Regiment in the historic withdrawal from the Chosin Reservoir last winter.

Stop soil erosion — stop erosion.

## Cases Disposed Of In Local And City Courts Recently

Traffic and other cases disposed of in Justice of the Peace and City Courts recently are as follows:

Mamie L. Cooley, driving on wrong side of road, fined \$10.00

Johnny Williams, no operators license, fined \$10.00

Truman Lee Price, restricted license, fined \$10.00

Leroy Wilkerson, drunk, fined \$18.00

Holbert Dritch, no operators license, fined \$14.00

Billy H. Brown, no operators license, fined \$14.00

Wesley H. Keating, drunk, fined \$38.00

Glenn N. Thompson, reckless driving, fined \$29.00

Felix C. Hernandez, no operators license, fined \$14.00

Sam Jones, drunk, fined \$38.00

Bob McClane, transporting beer in dry area, made bond

W. W. Eggar, driving while intoxicated, fined \$172.20

Mary H. Henry, speeding, fined \$15.00

Monte M. Bradley, speeding, fined \$15.00

## Mrs. John W. Haynes Buried Friday

Funeral services were held at the Mt. View Methodist Church Friday, July 6, at 3 p. m. for Mrs. W. Haynes who died July 4 in a Brownwood hospital from congestion of the lungs. Mrs. Haynes had been in the hospital for about a week. She was a daughter of Mr. and Mrs. L. L. Bledsoe.

Zell Jane Bledsoe was born at Rockwood, Texas December 18, 1928. Later she moved with her family to Shields where she attended the first part of her school years. She graduated from Santa Anna High School in 1945 and attended Daniel Baker College at Brownwood, where she got her degree June 11, 1948. She was married to John W. Haynes and the two taught school for one year at Williams and last year both of them taught school in Fort Stockton Public Schools.

Surviving besides the husband and John W. Haynes and one son, John W. Haynes III, age 2 weeks of Brownwood, the parents, Mr. and Mrs. L. L. Bledsoe of Bangs, two sisters, Mrs. Earl Clark of Brownwood, and Mrs. Alvin Seider, of Indian Gap, Texas.

Friends of the family acted as pallbearers and cousins acted as flower-bearers. Rev. Fred Cox, pastor of the Mt. View Methodist Church officiated, assisted by Rev. S. R. Smith of Brownwood. Interment was in the Greenleaf Cemetery at Brownwood.

Those attending the funeral from a distance were: Mr. and Mrs. O. C. Yancy of Washington, Mr. and Mrs. Claude Dixon and Mr. and Mrs. Morris Sealy of Fort Worth, Mr. and Mrs. Olin Phillips of Odessa, and a large group of friends from Rising Star, where he was raised, and Shields.

## Fellowship Night To Honor New Pastor At Rockwood

A Fellowship Supper and old fashioned pounding will be held at the Methodist Church Thursday evening, July 19, each family to bring two covered dishes. Everyone is invited to be present and meet the new pastor and his wife; the Rev. and Mrs. Don Jopling.

Mrs. Jack Bostick, presided at the business session when the W. S. C. S. met at the Methodist Church Monday afternoon. Mrs. Tom Bryan gave the devotional. Members present were: Mmes. Jack Bostick, J. C. Ferguson, Tom Bryan, Bob Jackson, Fox Johnson, M. A. Richardson, Aubrey McSwane, Don Jopling, Marcus Johnson and Uless Maness.

Sorry land yields sorry crops.

## Our Hospital . . .

For the last six months citizens of the Santa Anna area have known what it is like to be without a hospital. The local hospital was closed just before Christmas last year, and since that time we have had to use hospitals from other towns and a part of that time we have not even had a doctor in Santa Anna.

But this is all changed now. Two weeks ago Dr. Albert J. Love purchased the Sealy Hospital and is now in the process of remodeling and repairing it, and plans to open about the 22 of July with an Open House. He and all the business men of Santa Anna, want every person in the area served by Santa Anna to attend the Open House, get acquainted with the doctor, and then when you need to use a hospital, use the one we have here. The doctor has opened the clinic part of the hospital and is practicing now.

Dr. Love received his degree from the University of Oklahoma in 1941 and served his internship at the Hillcrest Memorial Hospital in Tulsa, Okla. He went into the Army Air Forces and served for three years in the 3rd Air Force Training Command. After his discharge he spent a year in surgical residency at the Hillcrest Memorial Hospital, then nine months residency in O. B. at the Robert B. Green Hospital in San Antonio. He then went to the Emory University Hospital at Atlanta, Ga. for a further study in surgery.

He operated the hospital in Poteet, Texas, near Pleasanton for about 2 years, then entered

## Ray Owen Station Robbed Fri. Night

The Ray Owen Gulf Service Station in the west part of town was entered by unknown persons at about midnight last Friday night. Mr. Owen states that all that was missing was his cash register, the pump and the pump register, and the pump register. The pump register was found in his home on the following day.

The robbery was reported to Deputy Sheriff Raymond Greaves during the time it was being carried out, but the one who reported it failed to tell Mr. Greaves what the location was. They stated it was near the Brady Highway, and the Deputy searched all through the part of town near the Brady Highway before returning home to find another call had been made, telling him where the robbery was in process.

Mr. Owen was also called during the time, and both he and Mr. Greaves arrived at his station shortly after the robbers had left.

Mr. Owens states that he has been robbed several times and the loss has not amounted to much each time, but if who ever is doing it will let him know the next time, he will be glad to leave the lock off the door, as it is getting to where he has not another place to put a new lock.

## F. D. Horton Aboard USS Erben Destroyer

Frederick D. Horton, seaman apprentice, USN, son of Mr. and Mrs. T. E. Horton, formerly of Santa Anna, and husband of Mrs. Ethel Horton of Rockwood, is serving aboard the newly recommissioned destroyer USS Erben.

Before entering the service in January, 1951, he was graduated from the Santa Anna High School.

Significantly, the ship was re-activated and commissioned at the U. S. Naval Station, Long Beach, Calif., on Armed Forces Day. After a post-activation overhaul, the Erben will become a part of the Cruiser-Destroyer Force, U. S. Pacific Fleet.

General Practice at Mathis, Texas, before coming to Santa Anna.

For other than the past six months most of us cannot remember when we have not had a hospital in Santa Anna. These six months have been a dread to us all. Wondering when sickness would strike our family, would we be able to get them to a hospital in time, would we be admitted to whatever hospital we went to when the sickness struck, what kind of doctors would we have at an out-of-town hospital. There are thousands of questions that flash through your mind when you think of taking a member of our families to some unknown hospital.

Since the origin of the hospital here it has been known as the Sealy Hospital. Dr. Love is going to change the name to the Santa Anna Hospital. He feels that in so doing, and we join him in this, that it will impress upon you, that this is your hospital, and that the hospital will be what you make of it.

A hospital is an institution that the citizens served by it can make a growing institution. It is the backbone of the town. Present day doctors are of a type that have received years of training in the prevention and cure of ailments of the human body. In most instances they know what they are doing, and do not have to guess, as many of the doctors of years ago did. Medical science has improved vastly over the past fifteen years, and is still improving every day. Our new doctor comes highly recommended by a number of outstanding physicians in the San Antonio area, who have worked with him and have known him for a number of years.

In our opinion, that is just the kind of doctor we have been looking for since we have been without a hospital. He is young, enthusiastic, and has the cash register, and the pump register, and the pump register. The pump register was found in his home on the following day.

The robbery was reported to Deputy Sheriff Raymond Greaves during the time it was being carried out, but the one who reported it failed to tell Mr. Greaves what the location was. They stated it was near the Brady Highway, and the Deputy searched all through the part of town near the Brady Highway before returning home to find another call had been made, telling him where the robbery was in process.

Mr. Owen was also called during the time, and both he and Mr. Greaves arrived at his station shortly after the robbers had left.

Mr. Owens states that he has been robbed several times and the loss has not amounted to much each time, but if who ever is doing it will let him know the next time, he will be glad to leave the lock off the door, as it is getting to where he has not another place to put a new lock.

## Bank Assets Decrease From Last Statement

The statement of the condition of the Santa Anna National Bank, found in this issue of the Santa Anna News, shows their deposits have decreased about \$140,000 since their last statement. Total assets have decreased a little over \$142,000 during this time. The total assets of the bank on this statement are \$1,837,287.72.

The lack of a good grain crop has reduced the assets of the local bank, but it is still in a good financial condition.

The drop in deposits of the local bank is not uncommon with all the banks throughout this section of the country, as all of them show a decrease in deposits.

**Whom News**  
Mrs. Tom Rutherford

Mr. and Mrs. Osear Lovelady have been at the bed side of his mother who is very ill in the Coleman hospital. We wish for her a speedy recovery.

Rev. Earl Haynes of Brownwood preached at the Baptist Church Sunday and was a guest of Mr. and Mrs. Joe C. Barnes.

Mr. and Mrs. Tom Rutherford and family, Mrs. and Mrs. Ben Smith and Mr. and Mrs. Henry

Smith and Sammy Shields attended the Brownwood Zone Rally at the Brownwood Nazarene Church Wednesday, July 4th.

**Our WASHINGTON Letter**

**COMMUNISM, socialism and democracy** should be defined in such simple terms that every one can understand clearly the difference between them, is the thought of a Librarian of Eldorado as expressed in an answer to one of the questionnaires I sent out. It's a thought-provoker, and perhaps you would like to try your hand at delving into the subject.

"I don't know that you could do anything about this," wrote the Librarian. "I would like to find definitions, explanations and examples of democracy so detailed, yet so plain and simple that every child at least from the sixth grade up could read it with understanding and appreciation. They need to know clearly the difference between democracy,

communism, and socialism. "They need along with all the rest of us, to recognize principles and laws that are democratic or communistic. "I would like to find material just that simple and in quantity for every student at a nominal price. This is a big bill, I know, but we need to work toward it." There are several other suggestions along this same line. I am going to attempt to collect some ideas on the subject, and would be glad to receive any suggestions from interested people. Two or three years ago the House had published a pamphlet entitled "A Hundred Things You Should Know About Communism", which has proven very informative and popular in schools and elsewhere.

In a talk I made at Coleman on July 4 I discussed the preparedness program and our stake in world events as they are shaping up. It has been said that Russia can out-control us but she cannot out-produce us. The Soviets, while lagging far behind us in production capacity and know how nevertheless are making strides in production, particularly of military equipment to which a large part of their man-power and economy is devoted.

A few examples will illustrate some of our own strides in post-war production progress. Our steel capacity is up by 13 percent

and is four times that of Russia. Our proven oil reserves have been upped by one-fourth, and our production is about seven times that of the Soviets.

Our aluminum production will soon be much higher than the peak of World War II. Our electricity production has been increased by 65 percent. Our chemical industry has doubled its capacity.

In agriculture, today we find four million farm tractors in use, compared with only 2 1/2 million at the end of the war. American ingenuity under our system of competitive free enterprise has made our nation the envy of the world. With one-sixth of the population of the world and one-seventh of the land area, we have about one-half of the industrial productive capacity of the entire world.

Many experts believe that the shortage of steel, oil and uranium are the principal reasons why Russia does not make positive war. In other words, she is deterred by our great productive capacity. It is therefore important that we strive to maintain that advantage by progressing ourselves and preventing the Reds from getting to sources of raw materials which she sorely needs if her lagging productive capacity is to be ample to support a global war.

**Farmers In Local Area Improving Homes And Buildings**

Farmers in Coleman County, have been improving and modernizing their homes, barns, and other buildings at an unprecedented rate in the last few months, according to O. J. Albro, local lumber and building materials dealer and member of the Public Affairs Committee of the National Retail Dealers Association.

"In view of the importance of large crops to the defense program, the Federal government has placed no restrictions on farm building, except the credit regulations which apply to homes only, and the high level of farm incomes has permitted a large amount of construction," Mr. Albro said.

"Owing to the controls on housing and commercial construction, the supply of lumber and most other building materials is sufficient to meet all farm needs.

"The defense agencies" in Washington have refrained from limiting farm construction because of the proven fact that farm animals are healthier when housed in up-to-date, sanitary buildings and that losses are reduced when grain, hay, and other crops are stored in sound weatherproof structures.

"Judging by the demand for materials, the last five years have seen the greatest period of farm building improvement ever experienced, locally, together with the greatest increase in home comforts and conveniences on our farms."

**Cotton Insect Damage In 1950 High In Texas**

431,428 bales and 177,142 tons of seed. Total insect losses for the 13 states in the "Boll Weevil Belt" in 1950 were the highest in history, amounting to an estimated \$907,394,000 as compared with the previous record of \$617,874,000 in 1949.

Pests in these 13 states reduced the full yield 26.9 per cent, the greatest reduction in 29 years and the second highest on record. This toll has been exceeded only once and that was in 1921 when the full yield was lowered an estimated 35.5 per cent.

Yield was reduced by the following percentages: Virginia, 64; North Carolina, 56; Oklahoma, 41; Alabama, 35; South Carolina, 34; Louisiana, 30; Georgia, 29; Arkansas, 29; Florida, 25; Mississippi, 25; Tennessee, 21; Texas 19; Missouri, 1.

Shockproof Homes Lesson for July 15, 1951

EVERYBODY who begins a home wants it to last. Nobody really wants a temporary, makeshift home. There have been people who thought they wanted 'trial marriage' but such persons did not want a home at all. What is it that holds homes together and makes them last? Life brings many an earthquake 'shock'. How do you get shockproof homes?

Dr. Foreman

Homes Without Marriage

LET it be said at once that while most homes begin with marriage, and the normal home consists of father, mother and children, there are homes without married couples. The story of Mary, Martha and Lazarus in the New Testament is the story of such a home.

Here were three grown persons, two sisters and a brother, and they had a good home. It must have been a good one, or Jesus would not have enjoyed going there as often as he did.

There have been other homes which have been all under the roof, such as a college group in an orphan's home, or a group of old people living together in one household, even a boarding house may, through the consecrated genius of some one person, become a kind of home, beloved and long happily remembered.

But when all is said and done, all these kinds of marriage-less homes, good as they often are, take as their model the 'normal' home of parents-and-children. And this normal home begins with marriage. If the marriage is permanent, the home will be; if the marriage drifts and wrecks, so will the home.

'Till Death Do Us Part'

AS the present writer has said in 'From This Day Forward' (a small book on the meaning of the Christian marriage service): 'Only the Christian religion sponsors the highest form of marriage in the world. For Christian marriage is permanent. The state does not demand so much, social pressure in most places will not demand it, other religions have lower ways.

But the Christian ideal of marriage is nothing less than the union of one man and one woman, for their lifetime.

No Endurance Test

CHRISTIAN marriage is not a mere endurance test. If that is all, it may be genuine, but not successful. Now a genuine cake is not a pie and not a roast; but not all genuine cakes are successful.

Marriage and a home at their best can be a kind of heaven; but who would want a heaven

Rockwood News

By Mrs. John C. Hunter

The Rev. Don Jopling, pastor preached at the Methodist Church at both Sunday services. The Rev. and Mrs. Bill Parr and son Jimmy of Brownwood were Sunday dinner guests with Mr. and Mrs. Carl Buttry. The Rev. Mr. Parr was guest speaker at the Baptist Church for both Sunday services.

Mr. and Mrs. Bob Halston, of San Angelo, spent the Fourth with his parents, Mr. and Mrs. Carl Buttry.

Mr. and Mrs. Billy Maness, of Brownwood, spent Tuesday night and Wednesday with Mr. and Mrs. Uless Maness.

Mr. and Mrs. J. C. Hunter visited Thursday in San Angelo with Mr. and Mrs. C. F. Nevans. Mr. and Mrs. Jake McCreary went to San Angelo Tuesday to spend the Fourth. Mrs. McCreary remained until Saturday and was accompanied home by Mr. and Mrs. Bob Mobley who visited relatives during the week end.

Mrs. Bernice Drake, of Lorenz spent Saturday and Sunday with Mr. and Mrs. Uless Maness, enroute home after making a tour of the group of teachers, including points of interest in 19 states of the industries, and spending three days each in Washington, D. C. and New York City.

Paula Richardson of Coleman spent the week with her grandparents and Mrs. W. G. Will-

son. Mrs. Charles Porter visited Sunday with Mr. and Mrs. E. D. Beck, Gary, Tex. Mr. and Mrs. W. G. Will-

son, of San Sabo, spent the week with her grandparents and Mrs. W. G. Will-

### Campbell - Dial Vows Exchanged

Miss Wendolyn Campbell, daughter of Mr. and Mrs. K. W. Campbell, of Slaton, and O. D. Dial, Jr., son of Rev. and Mrs. O. D. Dial of Rotan were married recently in the home of the bride's parents.

Rev. Dial read the double ring service before an altar banked with fern and baskets of pink and white gladioli.

Given in marriage by her father, the bride wore a ballerina length dress of white organdy over white eyelet embroidered organdy, fashioned with a rolled collar, fitted bodice and elbow length sleeves with a wide cuff. The dress was buttoned to below the waistline with tiny self covered buttons. Her veil of silk illusion fell from a half bonnet seeded with pearls. She carried a white Bible topped with a white orchid corsage.

Mrs. Charles Meeks served her sister as matron of honor. She wore a dress of pink eyelet embroidered organdy and carried a bouquet of white gladioli.

Frank Jones was best man. Reception is held. A reception followed the ceremony. The bride's table was covered with a hand made lace cloth over pink satin and centered with an arrangement of pink and white asters.

The couple was assisted in receiving by their mothers and the bride's paternal and maternal grandmothers, Mrs. A. E. Campbell of Santa Anna and Mrs. Sue Creamer of Beaumont respectively.

In the house party were Mesdames P. T. Gentry, Iva Huffman and Charles Meeks.

The bride is a graduate of

Santa Anna High School and Texas Tech and has been employed at West Texas Gas Co. in Slaton. The bridegroom is a graduate of Eastland High School and served in the U. S. Navy during World War II. At present he is in the U. S. Army stationed at Fort Rucker, Ala.

### Adams - McClanahan

Miss Marian Adams, daughter of Mr. and Mrs. Glen L. Adams of Spokane, Washington, became the bride of Byron H. McClanahan, son of Mr. and Mrs. A. B. McClanahan of Santa Anna, Saturday evening, June 30, at 6:30 o'clock.

Rev. James Pendleton of the Congregational Christian Church of Toppenish, Wash., officiated at the simple single ring ceremony, before an improvised altar decorated with wedding bells, memory candle, old fashioned rose buds, pink and white carnations. On each side stood tall baskets of white and pink carnations, white gladioli, blue bells and fern.

The wedding music was played by Mr. Rice of Spokane. Miss Jacqueline Gage of Seattle, school friend of the bride, lit the candles and ushered the guests.

The bride wore a white nylon embroidered street length dress over blue, mitts and carried small bag of same material as dress. Her bouquet and head dress was of old fashioned rose buds.

An informal reception was held in the garden after the ceremony. The table was in white decorated with blue and pink maline with nosegays of tiny pink and blue buds.

In the receiving line were Mr. and Mrs. Adams, the bride and

groom and Mrs. McClanahan. Mrs. Adams wore a dark blue lace dress with pink corsage. Mrs. McClanahan wore a dress of coffee lace and pink corsage.

The bride is a graduate of Lewis & Clark High School and the University of Washington. She is a member of Nu Phi Epsilon, music honorary. For past two years has taught in Toppenish Grade school.

Mr. McClanahan is a graduate of Abilene High School and Texas A & M, where he was a member of the Saddle and Sirolo Club.

Following the ceremony the couple left in a trip to Van Cover and Victoria B. C. On their return they will live at Toppenish, Wash., where he teaches agriculture in the high school.

### McCrary Family Reunion Sunday

The Decendants of the late J. C. and Mahala McCrary met Sunday, July 8 at Belton Park

for a family reunion. Approximately fifty persons attended the affair and at noon a basket lunch was served.

Those attending were: Mr. and Mrs. Sam McCrary; Mr. and Mrs. Luther McCrary and sons; Mr. and Mrs. Bill McCrary and sons; Mr. and Mrs. Roy West, Mr. and Mrs. Vernon Campbell and family, all of Santa Anna; Mrs. Nannie Harroll and Mrs. Susie Gray of Holland; Mr. and Mrs. Dan McCrary and Ruth; Mr. and Mrs. C. H. Harroll and family, Mrs. Huettl and Mr. and Mrs. Walter Huettl and family of Belton.

Mr. and Mrs. Dan Harrell and Donna of Austin; Glen Gray of Bartlett; Mr. and Mrs. Jay McCrary and family of Exeter, Calif.; Mr. Cecil Dolberty of Vernon; Mrs. Florence Land of Fort Worth; Mr. and Mrs. John Little and family; and Miss Addie Little of Waco.

Daintiness Stick Deodorant. Generous 2 1/2 Ounce. Size \$1.00. PHILLIPS DRUG.

### Not A Case Of Smallpox This Year

Not a single case of smallpox has occurred in Texas this year, said Dr. Geo. W. Cox, State Health Officer. Unfortunately, the fact that we have had no smallpox does not mean we are immune for all time.

"Smallpox can strike again. For example, in 1947, an infected individual from Mexico innocently carried the disease to New York City. The result was 13 cases and three deaths, the first deaths in 35 years. Service men returning from the Orient caused an epidemic of 66 cases and 20 deaths in Seattle in 1946.

"In spite of Texas apparent freedom from smallpox, vaccination of every child before he is a year old and re-vaccination every three to five years is imperative. This is the only sure way to prevent the disease.

With the speed of present day travel a person harboring smallpox could alight in our midst at

any time. It the public becomes lax concerning vaccination that single case could spread as happened in New York and Seattle. Dr. Cox asks, "When were you and your family last vaccinated against smallpox? Would you and your children be safe is exposed to this disease?"

Delightful Nosegay by Dorothy Gray, Now In Hand Lotion, Four Ounce Bottle Only \$1.00. Also Wonderful For The Body. Phillips Drug.

## Truckers Advised To Heed Mud Guard Law

Austin, Texas, July 12.—Truckers today were put on notice to heed the provisions of a new law enacted by the 52nd Legislature requiring the installation of mud guards or flaps on heavy vehicles.

Homer Garrison, Jr., Director of the Texas Department of Public Safety, pointed out that the law, which became effective on June 21st, requires that mud flaps be installed on any road tractor, truck, truck tractor, trailer or semi-trailer, excepting pole trailers, when operating on the highways when the roadway is wet.

Garrison explained that the guards were required on these vehicles only if they have four or more tires on the rear axle.

The flaps, he said, must be located and suspended behind the rear wheels of the vehicle within six inches of the surface of the highway and must be at least as wide as the tires they are covering.

Construction of the safety guards, according to Garrison, must be such that they will remain in proper place back of the rear wheels, and rigid enough to prevent slush of mud from being transmitted to the windshield of any following motor vehicle within a distance of 100 feet. The flaps may be constructed of metal, rubber, rubberized material or heavy flexible material.

Garrison stated that the law does not apply to those vehicles which are so designed and constructed that the above requirements are accomplished by means of fender, body construction, or other means of enclosure.

# Famed in Texas for fine performance-Texas' own HUMBLE Esso Extra GASOLINE

The extra qualities of Humble Esso Extra gasoline gladden the heart of any motorist. From the time he starts out in the morning until he puts his car away for the night, he enjoys the extra performance that Esso Extra gives his car: extra starting, extra anti-knock performance; and extra power for quick get-away and hard pulls. What's more, he'll value Esso Extra's patented solvent oil—it keeps engines extra clean of soot and carbon.

Stop at the Humble sign in your neighborhood and fill up with Esso Extra, the gasoline that gives you something extra for your money . . . you'll find that Humble service is something extra, too!

HUMBLE Esso Extra GASOLINE  
HUMBLE OIL & REFINING COMPANY

For Texans The Best of Everything

## Do you want the Best?

Change to Humble Esso Extra Motor Oil!

It is an extra quality motor oil that keeps your engine exceptionally clean and well lubricated.

Most important of all, Esso Extra has an extra high viscosity index; it flows instantly in cold weather, stays tough and full bodied for extra protection on the hottest summer's day.

Humble Esso Extra is an "HD" oil that meets every specification for cars with valves operated by hydraulic lifters.

Do you want the best? Stop at the Humble sign in your neighborhood and change to Esso Extra!

SANTA ANNA

**Local Methodist Church News**

The people of The Methodist Church in Santa Anna have set the week of October 26 through Nov. 4 as the period for the UNITED EVANGELISTIC MISSION. This church will be joining hands and hearts with 1,107 other Methodist Churches in three Annual Conferences of Texas in a simultaneous Revival effort. This means that 322,828 members of the Methodist Church will be preaching, praying and witnessing together, at the same time with one mission and purpose - to make disciples for our Lord and our Christ. The United Evangelistic Mis-

son is a period set aside for the beginning of a movement of "Faith and Action" in the local church. Our Faith is proclaimed from the Pulpit - and it is put into ACTION by those who go to witness to their faith in the homes of those whom they visit and invite them to enter into the joy of the Christian life and declare their faith in the living Christ. This Evangelistic Mission seeks to enlist the Prayer Power of the Church - believing that God can do great things through his people when the flood tide of His power comes through open gates of prayer.

This is a CALL TO ACTION of the people called Methodist through the United Methods of

Evangelism: Personal, Public, Pulpit and Visitation Evangelism by terms of laymen! We earnestly urge every member of the Methodist Church now, to circle these dates on the calendar: October 26 through November 4 - reserve these days for the Church in this Evangelistic Mission.

Fifteen young people gathered at the Parsonage for a good time together on last Thursday, July 15. Plans were made for the Methodist Youth Fellowship. Everybody had fun eating home made ice cream.

On Wednesday night, July 25th 8:00 p. m. there will be a meeting of the Board of Education and the Workers Council at the church. This is to be a most important meeting - and all officers and teachers are urged to be present.

The pastor and family have only one word to say: Santa Anna is a great town with great people. SEE YOU IN CHURCH SUNDAY.

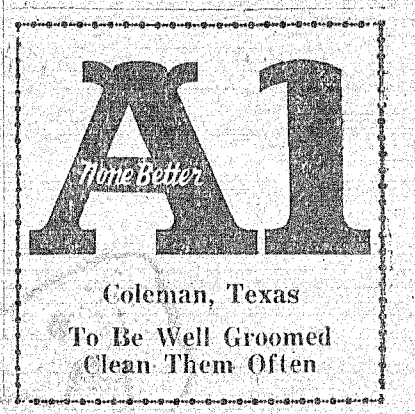

I am convinced, notwithstanding wars, that in some ways, we are more concerned regarding our fellowman than former generations were. There are many organizations that exist wholly, or in part, for the alleviation of suffering, and to render help in time of need.

I am reminded of a Sunday School Class of women, with which my sister is identified though no longer able to attend. This class has a world wide vision. They do many things - a long line of practical Christianity in this city. The class, a rather large one is composed of women past middle age, and some elderly. It has brought to my attention lately that this class, in recent years, has paid

the \$100. entrance fee for three of their women into the home for the aged, our church maintains in Dallas. They are now raising another \$100. to send another of their members to the home - a most excellent woman. Perhaps some other help could have been provided, but these good women chose to do otherwise, and so four of their members, who have no one to care for them, will be sheltered the rest of their days among congenial souls, and there they can be given Christian burial on the grounds.

Lets get our minds off of the sordid and sinful occasionally and look for the good. Maybe my uncle was right when he used to sing, "The World Is Getting Bet-

ter and Better Every Day." Mrs. J. C. Lovelady, mother of Dr. R. R. Lovelady, was admitted to the Coleman Hospital Thursday of last week for treatment.

**From where I sit... by Joe Marsh**

**Might Say  
The Birds Got "Nettled"**

Had dinner with Tik Bradley the other day, and over a frosty bottle of beer I found out about his job with the U. S. Fish and Wildlife Service.

"Now just exactly what do you do?" I asked him. "Shoot birds with a cannon" he calmly replies.

Seems they actually do use a cannon - to shoot out a net over a flock of birds feeding on the ground. The birds start to take off at the sound of the shot, but the settling net brings them back to earth. Then they're banded around the leg so more can be

learned about their migratory habits. Afterwards, they're let loose - and everyone's happy.

From where I sit, it was a good example of how when you learn the real facts, they're often not as bad as they may sound at first. Like with people. Get to really know your neighbor and chances are you'll be more tolerant of his preferences - even though they're not your own. Take a good look, before you jump to conclusions.

*Joe Marsh*

**Echoes From  
The Alamo City**

**GOOD NEWS**  
Well, the best piece of news I have read lately, was the announcement in the June 29th issue, that our hospital is soon to be in operation again. That should be of interest to all the persons in the Santa Anna trade territory and beyond. And now let me urge you to give the young doctor and his family a royal welcome. Give him a chance to treat your ailments from bald heads to ingrowing toenails. Patronize the hospital. I never have been worth anything to the hospital, but members of my family have been treated there, but I have boosted it, and did everything I could considering my limited time, when the hospital auxiliary was working.

Every Success to you Dr. Love, and I hope you and your family will like our little town.

**IS THE WORLD GROWING BETTER?**

Of course you will say, "no, just look at the wars, crime and every kind of sin on every hand". But let us consider the many good things that are happening

### Tom S. Cobb Aboard USS Miller Destroyer

Tom S. Cobb, seaman apprentice, USN, son of Mr. and Mrs. G. C. Cobb of Santa Anna, is serving aboard the newly re-commissioned destroyer USS Miller.

Cobb, who attended Howard Payne College, entered the Navy in service in January, 1951. Significantly, the ship was re-activated and commissioned at the U. S. Naval Station, Long Beach, Calif., on Armed Forces Day. After a post-activation over haul, the Miller will become part of the Destroyer Forces, U. S. Atlantic Fleet.

### It Took A Lot Of Dimes For Polio Victims Last Year

"It took a lot of dimes in 1950 to take care of Texas polio patients," Ralph Frede of the National Foundation for Infantile Paralysis declared recently.

14,105,640 of them, to be exact. County Chapters of the March of Dimes organization spent \$1,410,564 for patient care in 1950, \$65,943 more than was spent for this purpose in 1949.

Assisted directly with hospital and other bills were 1,645 polio patients stricken before 1950 and 1,196 who contacted the disease during the year. Chapters ended the year owing \$306,326 to hospitals and doctors in Texas.

Frede said that total receipts from the 1951 March of Dimes approximately equalled the amount spent for patient care. Figures on expenditures, he not-

ed, did not include money spent by the National Foundation's state and national offices for iron lungs and other equipment, for training of medical personnel and health education, and for other expenses which were applied to patient care.

Also not included in the chapter expenditures are costs of research grants in Texas.

Advanced to Texas Chapters when their own March of Dimes funds were depleted was a total of \$783,161 from the national epidemic aid fund. A big share of this he said, was applied to treatment of old patients, in-

dicating the high cost of continuing care for the 20% of patients having an extensive paralysis.

Noting the low incidence of the disease so far this year as compared with the same period in 1950, Frede expressed the hope that the early trend would be continued through the critical hot-weather period ahead. He pledged that regardless of any emergency which might arise, Texas Chapters of the March of Dimes organization would be prepared to meet the challenge with

equipment and funds, assuring that no patient would be without the best of care.

Barbara and Maurine Reid of Austin are visiting their grandparents, Mr. and Mrs. Ed Jones, while their parents are visiting in Wisconsin with friends, Mr. and Mrs. J. A. Clark and family.

Visitors in the home of Mrs. R. C. Gay last week were: Mr. and Mrs. Sidney Simmons and son, Austin, of La Grange, Ga. While

here they attended the Rodeo in Stanford.

San Marcos - Holland Cheaney, Santa Anna, is enrolled for the summer session at Southwest Texas State Teachers College.

Bill Burden, of Lubbock visited with his parents, Mr. and Mrs. Homer Burden the latter part of last week. The entire family traveled to Georgetown and Manor to visit another son, Evan Burden.
