First Baptist Revival Will Close Sunday

The Revival in progress at the First Baptist Church, Santa Anna, is scheduled to close August 26. The Rev. Harry C. Wigger, pastor and evangelist for the summer Revival, will use as his closing messages, "A Missionary Church" and "The Convictions of A Dying Man."

Good crowds have been in attendance, and record crowds are expected for the last services. The services are conducted each evening at 8:00 on the church lawn. The Sunday School goal has been set for 300 in attendance at 9:45 a. m. Sunday.

The singing has been excellent under the direction of Rev. Maurice Smith. His specials have been highlights in the services.

Baptismal services will be conducted Sunday evening, September 2, at the 8:00 service.

The Annual Brotherhood Jubilee will get underway Monday at the Baptist Grounds, Lake Brownwood. The men will be going down early Monday morning and all day Monday to perform their usual task, barbecuing the beef. Plan to attend the Jubilee Monday and Tuesday, August 27-28. The first on the program is the Barbecue Supper at 6:00 p. m. Monday. Outstanding speakers have been scheduled for the program.

Some 18-Year-Olds Not Registering

Austin. — The number of 18-year-old Texans failing to register under the federal draft law is increasing, Brig. Gen. Paul L. Wakefield, state Selective Service director, said here recently.

State draft headquarters records indicate that registration has been falling off since the end of March. General Wakefield estimated that 2,000 to 2,500 18-year-olds currently are unregistered.

"We've been watching this situation closely since late spring with the hope that the trend would stop," the state draft director said. "We've asked the local draft boards to act under a provision of the regulation whereby a letter will be sent to men in their communities suspected of being delinquent under the law."

General Wakefield reminded males subject to registration of penalties if convicted of failure to comply with the law. He quoted from a section of the law providing maximum penalties of fine up to \$10,000 and imprisonment up to five years.

Under the draft act, all 18-year-old males are required to register with the nearest draft board on the 18th birthday or within five days thereafter.

"It's up to local boards whether or not they want to turn any man over to federal district attorneys for prosecution," the state Selective Service director said. "Our board members are patient, considerate men, and usually give a man better than a fair chance, if he's willing to co-operate."

"If the registration record doesn't improve within the next two or three months, we're going to advise the boards to be a little tougher than in the past. After all, the man who doesn't register on time isn't pulling his share of the load our people are carrying. He isn't being fair to the man who does register on time."

"A man is dealing fairly with his neighbors if he obeys the law just as they do. We hope parents and public-spirited citizens will keep 18-year-old men reminded of their responsibilities under the law" General Wakefield concluded.

Mr. Ely Scarbrough and family have moved to Fort Worth, where he has employment.

Mr. and Mrs. Walter Newman are moving to Fort Worth this week. Winfred Parish went with them on a business trip.

Band Practice Started This Week

Mr. T. K. Martin, Band Director of the local high school, announces this week that regular band practice sessions started this week, with meetings being held Monday, Wednesday and Friday nights until school starts.

Mr. Martin stated that the practice sessions will be held in the Band Hall, on the school campus, at 7:30 each evening.

J. J. Gregg To Abilene Hospital

J. J. Gregg, owner and publisher of the Santa Anna News, was taken to the Hendrick Memorial Hospital in Abilene Monday night. It is expected that he will undergo major surgery about the middle of the week.

Mr. Gregg has been more or less inactive in the newspaper work for the past five years, suffering from a heart condition, and other ailments.

Mrs. Gregg is in Abilene with him.

Rockwood Church Of Christ Revival Starts Sunday

The revival services of the Rockwood Church of Christ will begin Sunday morning, August 26, with Granville Jones, minister, of Bangs, as guest speaker. Every one is invited to attend this series of sermons.

"Guys and Dolls" To Be At State Fair

Dallas — There will be eight matinee performances during the State Fair show, "Guys and Dolls", Oct. 6 through 21 in the air-conditioned State Fair Auditorium. The matinee shows will be each Thursday, Saturday and Sunday during the run.

Mail orders for the sensational Broadway hit are now being accepted by the State Fair of Texas, P. O. Box 7755. Prices, including tax and admission to the Fair Grounds are \$4.90, \$4.30 \$4.00, \$2.80, \$2.20, and \$1.30. Curtain time will be 8:30 p. m. and 2:30 p. m.

The "Guys and Dolls" company for the State Fair show stars Allan Jones, Jan Clayton, Pamela Britton, Julie Oshins and Maxie Rosenbloom.

Lack Of Oxygen May Cause Fish To Die In Hot Weather

Austin. — The Assistant Executive Secretary of the Game Fish & Oyster Commission said some concern is felt for fish life because of the drought's effect on water levels.

He said the danger is particularly acute in ponds and farm water tanks which have been shrunk by the prolonged dry spell.

One instance of fish dying was reported from Jacksboro. A farmer sent in a sample of water. Since the tank was only two feet deep and temperatures had ranged up to 115 degrees, it was determined that lack of oxygen was the cause.

Seasonal decomposition of vegetation is another oxygen-consuming factor hazardous to fish at this time of year.

The Assistant Executive Secretary said one means of temporarily restoring the oxygen supply in shallow tanks or ponds is to churn the water with an outboard motor equipped boat.

He said some fish life loss might be mistakenly attributed to lack of oxygen when pollution, a common menace, could be the cause.

The Assistant Executive Secretary cautioned that some fish losses inevitably will follow when showers finally come. This is because of the sudden change of oxygen conditions and water temperatures.

Local Colored School Opening Set For Monday

Last week we announced that the local Colored School would open for the Fall Semester on Monday of this week, but due to the low average daily attendance last year, authority had to be granted out of Austin for the school to open this year, and the authority was not received until the superintendent went to Austin Monday for it.

Mr. Green announced that the Colored School will definitely open this Monday, August 27.

The local Colored School will have approximately 26 students this year, with 12 of them coming from the Shield area. The State has authorized transportation for them and the School District will run a bus to Shield each day.

In order for the Colored School to operate they must maintain an average daily attendance of at least 15 students. In the past they have had only 16 to 17 students. Last year the ADA was 9.21 and special permission had to be granted for the school to operate. They should not have any trouble maintaining their normal ADA this year. Salaries from the Colored school amount to approximately \$3,200 per year.

Local Showers Monday Will Help Late Cotton

Cotton planted in June and early July will benefit considerably from the nearly half-inch to one inch rain that fell in this area Monday afternoon. The early cotton was not expected to benefit much from the rain.

In the Santa Anna area, 4.1 inches fell and over one-half inch was reported in the Trichham-Whon area. A good shower was reported in the Buffalo-Liberty area.

Estimates on how much the local cotton crop will make run from a bale from 4 acres to a bale from 7 or 8 acres.

Bro. Jack Bloxom To Preach At North Side Baptist Sun.

Bro. Jack Bloxom of Teague, Texas, will fill the pulpit at the North Side Baptist Church at both services Sunday, August 26. Bro. Bloxom had charge of the song service in the recent revival meeting at the church.

The pastor, Rev. C. L. Carroll, is holding a revival meeting at his old home place, near Richland Springs, that will continue through Sunday.

Rockwood PTA To Meet Friday

The Rockwood PTA will hold a business meeting at the lunch room Friday evening, August 24. Everyone is urged to be present, announces the president, Mrs. J. T. Avants.

Calif. Couple Enjoy The News Regularly

Mr. and Mrs. Emmett Woods, of Bakersfield, Calif., former Rockwood residents, write, renewing their subscription to the Santa Anna News and say they look forward to it each week and wouldn't think of doing without it.

They were in Topeka, Kansas during the flood, visiting with their daughter, Wanda and family, who is with her husband stationed there in the Air Corps.

Second Annual Fall Festival Opens Aug. 30

S. S. Representative In Coleman Tuesday

Mr. Ralph T. Fisher, Manager of the Abilene office of the Social Security Administration, will be at the Department of Public Welfare in Coleman at 1:00 p. m. on Tuesday, August 28. Persons wishing assistance with retirement claims or death claims under the Social Security Act, or needing information about their social security accounts, should call at that time for necessary help and information.

Numerous inquiries are being received from self-employed persons as to their status under the 1950 amendments to the Social Security Act. "Self-employed persons, with certain exceptions, have been covered by the law since January 1, 1951," Fisher said, explaining that while earnings from self-employment as a farmer, doctor, dentist, lawyer, optometrist, veterinarian, architect, funeral director, and a few other professions are still excepted from old-age and survivors insurance protection, Fisher explained that the self-employed do not report themselves in the same quarterly social security tax returns they file for their employees but will make a social security report once each year as part of their income tax return.

The social security office, 308 Post Office Building, Abilene, Texas, has a free booklet which explains the coverage of the self-employed, and also contains a full list of the professions that are still excepted from coverage as self-employment, and will mail this booklet to anyone, upon request.

High School Students To Register Aug. 31

Mr. R. K. Green, Superintendent of the Santa Anna Public Schools, announces this week that all school students will register at the high school building Friday, August 31, between the hours of 9:00 a. m. and 4:00 p. m. Every high school student is requested to register on Friday.

Mr. Green stated that if it were impossible for the student to get to the high school on Friday, that some of the teachers would be there Saturday, and would register them at that time, but to avoid confusion, he requested all possible to be there Friday, August 31.

Rev. and Mrs. J. W. Burgett of Denton were visiting friends here and their daughter, Mrs. Laws in Coleman, Monday.

The Second Annual Coleman County Fall Festival, under the direction of the Rodeo Association and the Coleman County Breeder-Feeder Association will get underway Thursday, August 30, at the rodeo grounds at Coleman. Opening hours of the Festival will be 10:00 a. m. each day. The Festival will continue through Friday and Saturday.

Outstanding professional acts will be presented in the rodeo arena each of the three nights and no extra charge will be made for this extra entertainment. A central booth is being arranged in the center of the fair building and entertainment will be broadcast from this booth throughout the three days, with towns and communities from all over the county taking part in the activities. The sweethearts selected from county communities will also be presented on their respective days from this central booth.

Sandra Shields, daughter of Mr. and Mrs. Jack Shields, has been selected as Santa Anna's sweetheart to be presented on Thursday evening. Miss Shields is a top student in her class and has a fine voice. She will participate in a program presented from the central booth, during the first evening. A senior this year, she will serve as editor-in-chief of the Mountaineer annual. She has served as drum major for the past two years was elected the most beautiful girl in high school in 1949-50 and was treasurer of her class last year.

Miss Delores Wise has been selected as the sweetheart from the Rockwood area. She was FFA Sweetheart in 1950-51. She was

National Guard Left Sat. For Summer Training

The local unit of the Texas National Guard, the Heavy Tank Co., 142nd Infantry, of the 39th Division, departed here about 11:30 p. m. Saturday night for their annual summer training camp. This was the first time since 1938 that the Texas National Guard units were moved by train.

The boys were to depart from Brownwood at 2:30 a. m. Sunday, on a troop train with units from Stephenville, San Angelo, Ballinger and Coleman. They were to arrive at Camp Polk, La., Sunday night. This is also the first time the Texas National Guard has gone outside of Texas for their summer training.

The local unit will return here Sunday, Sept. 2.

ATTEND CHURCH SUNDAY

Football Practice Starts Monday

The Santa Anna Mountaineers will begin practice Monday, August 27, under head coach D. W. McBride, and for the first time will have a regular assistant coach, Raymond Cowan. Due to changes in the Interscholastic League rules, Santa Anna will be in Class A football for the first time in three years. They are included in District 7-A, which is composed of Santa Anna, Bangs, Rising Star, Cross Plains, DeLeon Clyde and Wylie.

The Mountaineers have a ten-game schedule with no open dates during the season. The first four games of the season are non-conference; the other six all being straight conference games.

At a recent meeting of the prospective football players for

the coming year, 25 boys attended and several others are expected to be ready to start practice before school starts on September 3. At the present time there is at least one letterman returning for each position, with several one-year men that have several games experience.

The schedule for the Mountaineers this season is as follows: Sept. 14 - Rochelle, here Sept. 21 - Richland Springs, here Sept. 28 - Baird, there Oct. 5 - Early, here Oct. 12 Bangs, there* Oct. 19 Clyde, there* Oct. 26 - Rising Star, there* Nov. 2 - DeLeon, here* Nov. 9 - Wylie, here* Nov. 16 - Cross Plains, here* * Denotes conference games

also a majorette for the high school band for three years.

Miss Marcia Miller, daughter of Mr. and Mrs. T. L. Miller, will represent Coleman; Miss Patsey McKinley will represent Novice; Miss Barbara Golston will represent Burkett; Miss Doris Stone will be on hand to represent Talpa; and Miss Betty LaNel Gassiot is the Centennial Sweetheart.

It is expected that a number of other communities will have sweethearts present on their days at the fair.

Plans are to make this a bigger and better show than the one last year, which was considered a high success. Everyone is assured a very pleasant evening of entertainment at the Coleman County Fall Festival.

Santa Anna Band To Participate In Parade Thursday

Mr. T. K. Martin, local band director, announces that the Santa Anna Band will participate in the parade at the opening of the Second Annual Fall Festival in Coleman Thursday, August 30. The parade will start at 5:30 p. m.

The band director also states that they will give a short concert in the Rodeo Arena on the same night.

Mr. Martin states that for the band to get all their plans complete for this affair, every band member must be present at the meeting Monday night at the Band Hall. The uniforms will be issued this night and plans and instructions will be announced.

All band members are especially urged to be on hand at the Monday night regular meeting.

Highest Polio Cases Reported in State

The state last week recorded its highest polio incidence of the season, but it was still far below of the record set last year.

Ninety-seven cases of the virulent disease were reported by the State Department of Health for the week ending August 11, bringing the year's total to 374. Last week's report braced the previous week's incidence of 92 cases by five.

"Even one case of polio is too much," State Health Officer George W. Cox said, "but I'm mighty glad we don't have polio in wholesale lots like we did last year and the year before."

"Of course we still have to get through September and October — they can be mean for polio too," he cautioned.

Last year Texas suffered 2,355 cases for the entire season. There were 210 deaths for the entire year. State Health Department statistics show, 88 of them occurring during the first six months. Through June of this year 29 polio deaths have been recorded.

Counties heaviest hit last week were Dallas, 17 cases; Tarrant, 10 cases; Bexar, 10 cases; and Harris, 7 cases.

Meanwhile, dysentery, always a leader among communicable diseases, continued its hot weather rampage. Morbidity statistics show 16,775 cases to date. Border counties — principally Cameron, Hidalgo, and Webb — reported the highest number of weekly cases.

"A return to fundamental personal, household, and community sanitation will do more to cut both polio and dysentery than anything else," Dr. Cox asserted. He appealed to parents to take the lead by keeping their own house free of flies, and by demanding that their city officials take steps to "permanently eliminate breeding places."

Health Talks

Calories are not a part of food like minerals and vitamins are. Calories are the potential energy fuel of each food, the means by which you build up steam to get about your daily activities. The more activities you indulge in, the more steam you need, of course, but when you have fuel lying around inside of you that you don't call into use for steam you build up the stored fuel.

Every motion of the body requires some strain or energy, of course, sleeping requires energy and just the beating of your heart and the flow of blood through your body use up some calories. Just loafing around the house necessitates the burning of some of the fuel in the body, requiring more than sleeping or lying quietly in bed but not requiring as much as sweeping, playing hopscotch, or painting the barn.

your stored fuel and reduce your weight at the accepted rate of about two pounds a week.

Such a statement must be considered as an average procedure of course. It won't work that way with everyone, but as a rule, that is the accepted reducing regime. If you would continue to gain weight or fail to lose following such a routine, then you would need a more individual procedure outlined for you. If you believe around inside of you that you don't call into use for steam you build up the stored fuel.

There are averages only because the ages of certain foods will change the caloric value, just as those raised in different parts of the country may have some different count; and the different ways of cooking foods must also be considered in the amount of calories that the body needs. If you have calories stored around on you in the form of fat, then you would need to take a little less than 1650, say around 1500 calories a day, to use up some of the stored fat and thereby reduce weight. If you weighed again and the scientist continued to loaf, you'd still make a note of the water content of the spinach; water has that fat even to give further caloric value. The dry spinach is then placed in a bomb calorimeter which would use up from 2500 to 3000 calories a day, and you would call forth more of

recorded before and after the spinach is burned; the difference in the two temperatures is interpreted as the caloric value of the spinach.

Spinach is 92.7 per cent water, so that 100 grams of spinach would leave only 7.3 grams of solid material which could have caloric value. In addition to water, spinach like all foods contains either protein, fat or carbohydrate or a combination of any of these three things.

There are four calories in every gram of protein and every gram of carbohydrate; there are nine calories, however, in every gram of fat. In 100 grams of spinach there are 2.3 grams of protein and 3.2 grams of carbohydrates. Each of these would be multiplied by 4 and added together to get 22 calories. There is also .3 grams of fat in that 100 grams of spinach; that would be multiplied by 9 to bring the caloric value of the spinach up to 24.7 or almost 25 calories. That is about the average portion of spinach which is served.

All that complicated work is done for you by doctors and scientists who weigh and study food, whether for good health or for special diets.

Completely aside from the caloric count of food, however, is the weighing of food to determine the mineral content and vitamin content. And in a reducing diet these three different

content and vitamin content, must be considered to use up the stored calories you recognize as fat while maintaining the proper balance for the other needs of the body.

The Little Country Paper

There's a little country paper that I love to sit and read—a paper queerly printed and behind the times indeed, with pages small and narrow and ink inclined to spread, and here and there a letter gravely standing on its head. Or quads, a bit erratic, boldly popping into view in unexpected places, and knocking things askew. A real old-fashioned paper from my little native town. Each week I hail its coming, and I never put it down till I read in every column all the local news, you know about the

dear old country folks I lived with long ago. I note whose barn is painted, whose cattle took the prize, and how Uriah Potts has raised a squash of wondrous size. How Farmer Martin's daughter takes the school another year—at this I paused and smile a bit and feel a trifle queer, remembering how in bygone days when life seemed made for mirth I thought this school ma'am's mother was the sweetest girl on earth. And now and then, per-

chance, I read that one I knew is dead, of find again, some boyhood chum the second time is wed. And so it goes and none can know what memories sad and sweet come back to me when'er I read this homely little sheet.

Echoes From The Alamo City

BY MRS. A. L. ODER
MRS. W. C. RUSHING
COMES TO SEE ME

My Good friend, Mrs. W. C. Rushing, who as most of you know, lived in Santa Anna until a year or so ago, came to see me on Thursday of last week. We had quite a nice time together. She was telling me about Cleo's marriage on June 12, to A. H. (Gus) Ortman. I had not heard of the marriage, but knew it was contemplated. Rose Zella will be a senior this coming year. Mr. Rushing drives a truck for a peacan shelling plant and makes long trips into northern and eastern states. All the family likes San Antonio.

"QUIET ALONG THE POTOMAC"

Everything was quiet and restful here for a few days, after we

decided not to sell my sisters home. One of the stipulations was we were to give possession in sixty days, and I didn't feel equal to a big move, added to my other responsibilities, and didn't think the confusion would be good for my sister. She was getting along fairly well, and I had gotten some splendid part time help, and my daughter, Mrs. Floyd Herring, of Austin, had come for a few days.

We noticed on Friday she was getting much worse. We got her into a hospital that night, where she has improved. Her doctor recommended that she can have about the same attention in a good nursing home, where we will likely place her in a few days. The doctor will continue to look after her there.

AMERICAN LEGION CONVENTION

The State Convention of the American Legion, meeting here for several days, closed Sunday. The event drew 500 visitors to San Antonio. It seemed to be a

fine patriotic gathering, with high grade addresses. Coming home from the hospital Saturday afternoon, the bus stopped and we saw the long parade as it rounded the Post Office and continued down South Alamo. There were many fine bands in the parade, and it was heartening to see the respect given our flag as so often it floated by.

MOST RESERVES PHYSICALLY FIT, EXAMS DISCLOSE

More than 90 per cent of the members of the Army's Organized Reserve Corps are physically fit for active duty in event total mobilization becomes necessary. AUTHOR OF "TREES" DIED 33 YEARS AGO FIGHTING FOR THE UNITED STATES

"Poems are made by fools like me," wrote Joyce Kilmer in his immortal poem "Trees". But if Kilmer was a fool, the nation needs more like him, who are willing to protect the God-given rights on which our nation is founded. On July 30, thirty-three years ago, Kilmer gave his life for these principles. He died on the battle-field of France in 1918.

In 1942 an Army camp in his home state was dedicated to his memory, Camp Kilmer, New Jersey. "You will find me less a bookman when you see me now," he wrote in one of his last letters, "and more, I hope, a man." For Americans he became no less a poet but more a symbol of soldierly courage. And for the U. S. Army, an example of unselfish service.

Are You a Citizen?
Lesson for August 26, 1951

LET'S come down home. The official title of this week's lesson is "The Christian's Responsibility in Public Life." That is a big thing, a wide circle, but the center of the circle is you, my friend, and right around you is the community in which you live.

What kind of town is it? Not how big, but how good. It doesn't have to be a town at all. It may be a section of open country, a few miles of farms, ranches or woodland. But it is some kind of community. In New York State the Citizen's Council prepared the following set of questions which can be used to help you rate your community. After each set of these questions write down either 10 for good, 5 for fair, or 0 for poor.

- Rate Your Town**
- 1. Education:** Does your community make modern education available to every child, youth and adult? Are its schools uncrowded, properly equipped, and in good physical condition? Are the teachers highly qualified and well paid?
 - 2. Housing and Planning:** Is every family decently housed? Is there continual planning for improvement of highways and other community essentials? Are parking, transportation problems under control?
 - 3. Religion:** Is full opportunity for religious expression offered to every individual in your community? Are your churches strong and well supported?
 - 4. Equality of Opportunity:** Do people of different races, religions, nationalities have full chance for employment and taking part in community life? Are dangerous tensions kept at a minimum by avoidance of discrimination and injustices?
 - 5. Economic Development:** Are good jobs available? Do labor, industry, agriculture and government work together to insure the sound economic growth of your community?
 - 6. Cultural Opportunities:** Are your citizens' lives strengthened by ample opportunity to enjoy music, art, and dramatics? Does your community have a professionally administered library service which benefits people of all ages? Do your newspapers and radio carefully review the affairs of the community?
 - 7. Recreation:** Are there enough supervised playgrounds and facilities for outdoor activities? Does your community offer full opportunity to take part in arts and crafts, in photography, and in other hobbies?
 - 8. Health and Welfare:** Are medical care and hospitalization readily available? Is provision made for

HENRY WINSTON

The FBI has requested alert citizens and law enforcement agencies to assist in locating Henry Winston, National Organizational Secretary of the Communist Party, U. S. A., who has been convicted of conspiracy to advocate the violent overthrow of the government and who has gone in hiding to avoid being committed to prison. A description of Winston is as follows:

Age 40, born April 2, 1911, at Hattiesburg, Mississippi; height, 5' 11 1/2"; weight 200 pounds; eyes brown; hair black kinky; complexion dark; build stocky; race Negro; nationality American; scars and marks; face pock marked.

Winston resided in Kansas City, Missouri, prior to 1932 and worked at miscellaneous jobs in the Kansas City area. Since that time he has lived in New York City.

He likes baseball and other sports; dresses fairly well and does not speak with an accent. He has worked as a writer, organizer and lecturer.

Winston was convicted on October 14, 1949, for violation of the Smith Act and sentenced to five years imprisonment and \$10,000 fine. A warrant for his arrest was issued by the U. S. District Court, New York City, on July 2, 1951, when he failed to appear in the court for commitment to prison.

Any person having information which may assist in locating Winston is requested to immediately notify the nearest FBI office.

We note that the Chinese used to make 3,000 years ago, so borrowing must be an old, old custom.

Profit by adversity. When fate hands you a lemon, make some lemonade.

There are two kinds of voters: the ignorant ones and the ones who vote for your candidate.

underprivileged children, the aged, and the handicapped? Can families in trouble secure the help they need?

9. Government: Do capable citizens seek public office? Are your officials concerned above all with community betterment? Does controversy stem from honest differences of opinion and not from squabbles over privilege?

10. Community Organization: Is there any organization (community forum or the like) representative of the whole community, working for the advancement of all? Do your citizens have opportunity to learn about and take part in their local affairs? Is there an organized community-wide discussion program?

It's Up to You
NOW add the scores you have put down for each of the ten groups of questions. A total of 100 is fine; 50, fair.

But now look over those questions again. Is there anything you could do, personally, about each of those things? If so, have you done it? Have you done as much as you could? Have you ever tried to get other people interested?

You can make another score sheet and head it: How I Rate as a Citizen. Then grade yourself under each of those ten heads, 10 for doing all you can, 5 for doing a little something, 0 for nothing at all. If you are a Christian, be especially strict with yourself.

If you were out of it, would your community miss you as much as you miss salt when some one forgets to put it on the potatoes? If you left your community, would it seem a bit darker there after you were gone?

Shower Honors Barbara Bruce

Miss Barbara Bruce, bride-elect of Tom Kingsbery, was honored with a miscellaneous shower in the home of Mrs. O. S. Allen Thursday afternoon, August 16, from 4 to 6 p. m. Co-hostesses were Mrs. Allen, Mrs. James Eubank, Mrs. C. W. Antrey and Mrs. Willard Allen.

The table was covered with a beige lace table cloth and centered with a flower sprinkler filled with zinnias. Streamers ran from the sprinkler and on each streamer was a kitchen utensil, the hostesses' gift to the bride-elect. Colors of green and white were used throughout the receiving rooms.

The register was a white leather bound receipt book. Each guest wrote her favorite receipt as she registered.

Refreshments of punch and cake were served to about 30 guests during the hours.

Miss Opal Ann Jay Becomes Bride Of Travis King

In a double ring ceremony performed Saturday evening, August 4, at 8:00 p. m., Miss Opal Ann Jay, daughter of Mr. and Mrs. Vinson Jay, of McKinney, became the bride of Travis King, son of Mr. and Mrs. A. L. King, of Rockwood.

The ceremony was performed by a former pastor and friend of the bride's family. The altar was decorated with baskets of ferns and gladioli. Candles were lighted by Robert Claycomb and Fred Rothermel.

The bride was given in marriage by her father. She wore

white eyelet embroidery ballerina length dress with fingertip veil. Her corsage was white carnations tied with white satin ribbons and she carried a white Bible.

Mrs. Douglas Airhart, matron of honor, wore a yellow organdy dress and carried a bouquet of yellow irises.

The groom was attended by his father as best man.

Mrs. Jay, mother of the bride, was dressed in navy blue and wore a corsage of pink carnations. The groom's mother chose a navy dress with white accessories and white carnation corsage.

Immediately following the ceremony a reception was held in the home of the bride's parents. After a wedding trip to Shreveport, La., and Hot Springs, Ark., they will be at home at 320 S. Kentucky St. in McKinney.

Small Businesses To Get Relief From OPS

Fort Worth. — Small businesses will get further protection of their interests by the Office of Price Stabilization through new policies and standards adopted this past week, says Ellis H. Boyd, director of the district OPS office at Fort Worth.

A National Small Business Affairs Advisory Committee is being set up to provide a means to consider and protect small business interests between government agencies.

The committee is being charged with responsibility for:

1. Development of policies, standard, and procedures to govern small business operations in OPS.

2. Ways and means to meet small business problems in pricing policies and methods.

3. Giving of advice to the director on recommendations that come from the select committees on small business of House and Senate and other government sources.

4. To serve as a clearing point of information and discussion between agencies on small business activities.

5. To recommend ways and means to eliminate delays in actions that might be costly to small businesses.

6. To consider problems referred to it by the director or assistant to the director for small businesses.

"If simpler pricing methods can be devised for small businesses, which have limited clerical facilities, this will be done to the maximum extent possible," the

Queen Of The Pre-Madison Square Garden Dublin Rodeo

Pretty 17 year old, Betty Sue Bradley of Dublin, has been selected Queen of the Pre-Madison Square Garden Rodeo to be held at Dublin, Texas on August 29, 30, 31, and September 1. Last year Miss Bradley was one of the Texas sponsors at the Madison Square Garden Rodeo in New York which is produced by Everett E. Colborn of Dublin, Texas.

OPS district director explained, "OPS is keenly aware of the many problems confronting the operators of small business enterprises, and the special problems of the small businesses will continue to get every possible consideration. One purpose of the district offices is to be sure that OPS is really in close touch with local enterprises."

OPS PROTESTS RISE IN ROUNDTRIP FARES

Continuing its efforts to protect the value of the dollar, and to stop inflationary trends, the Office of Price Stabilization has asked the Interstate Commerce Commission to suspend proposed increases in roundtrip rail fares pending a full public hearing.

the OPS district Office at Fort Worth announces. The suspension is asked pending institution of an investigation to determine whether the proposed increases by the railroads are "necessary, just, and reasonable."

The proposed increases in roundtrip passenger fares published in the new tariffs appear to be arbitrary in nature and may be inflationary in effect," the OPS protest to the ICC states.

PRIVATE BRAND PRICES MADE UNIFORM BY OPS

Retail prices of private brand grocery items in all stores that sell them have been made uniform by the Office of Price Stabilization, the Fort Worth district OPS office says. Previously, it

was explained, prices had varied due to the fact that the Ceiling Price Regulation 16 (retail), and CPR 14 (wholesale), had made it practically impossible for the owner of a private brand to wholesale his brand to other retailers at prices that enable others to retail at the uniform price. Historically private label merchandise has sold at the same price in all outlets. The change in the regulation now makes it possible for every retailer to sell these private label items at the same price.

State Dept Of Public Welfare Needs New Workers

The State Department of Public Welfare is looking for Field Workers and Child Welfare Workers, according to Chas. S. Gardiner, Director of the Merit System Council.

The salary range for both jobs normally is \$230 to \$260. But Gardiner points out that the beginning salary has been raised to \$240 during the present emergency.

Applicants for the Field Worker job must have completed a minimum of 60 semester hours of college work, or 30 semester hours of college work plus one-year of full-time paid social work employment in a recognized public or private welfare agency. High school graduates who have had two years of full-time paid employment in social work in a recognized public or private welfare agency may also qualify for the Field Worker examination.

The Child Welfare position, however, requires applicants to be graduates of an accredited four-year college or university.

In order to get the required number of workers, Gardiner said a system has been worked out to give examinations on the first and second Saturday of each month. On the first Saturday examinations will be given in the following Texas Employment Commission offices: Amarillo, Corpus Christi, Dallas, Fort Worth, Houston, Longview, San Angelo, San Antonio, and Waco. In Austin, the examinations will be held at the office of the Merit System Council and in Texarkana at the Texarkana Junior College.

Examinations on the second

Saturday of each month will be held in Texas Employment Commission offices located at Abilene, Beaumont, El Paso, Galveston, Harlingen, Lubbock, Odessa and Wichita Falls. On the same dates examinations will be given in Laredo at the Laredo Junior College and in Tyler at the Tyler Junior College.

Additional information may be obtained at any local office of the Texas Employment Commission or State Department of Public Welfare.

Mr. Cullen Perry returned to his home in Santa Anna Sunday, after attending a part of the summer semester at the University of Texas at Austin. Mr. Perry is the principal of the Santa Anna High School.

Making Poultry Pay
— THE DR. SALSBUARY'S WAY

Crawling poultry parasites often make birds uneasy and cause damage to plumage. Principal trouble-makers are lice.

To eliminate these pests, use Dr. Salsbury's Vapo-Roost on roosts. Vapo-Roost vaporizes slowly and kills lice while birds roost. It spreads on easily, and it's unnecessary to clean roosts first. Use Vapo-Roost. Kill lice!

BACK TO SCHOOL BACK TO SCHOOL

THE LAST CHAPTER in one of the biggest political upsets in recent years was written last week when a Senate committee reported its findings following a prolonged investigation of the Butler-Tydings senatorial campaign in Maryland.

The report found that Butler defeated the veteran Tydings by the use of skullduggery galore last Fall, but decided there is nothing that can be done about it.

But lessons are learned, though belatedly so far as the public is concerned. The committee found that Butler and his crowd (one of whom has been convicted) engaged in a dirty, shabby political campaign, marked by violation of law, cynical disregard for the truth, pure fakery and flim-flam designed to mislead and confuse the voters.

The report condemns the lies and slanders used against Tydings, and says: "Such campaign methods and tactics are destroying our system of free elections and undermine the very foundation of our government."

One of the deceptions employed was the use and distribution of hundreds of thousands of "composite" pictures of Tydings and Wm. Z. Foster, Communist leader. It showed the two in close pleasant conversation, where as in truth it was photographic trickery by merging pictures of each man, thus showing them face to face. Actually Tydings and Foster were never together and their pictures were never made together.

The Senate Committee, by unanimous approval of both Republicans and Democrats, concluded that while the Butler campaign violated the rules of

ordinary decency, with Senator Butler's knowledge, standards of decency in political campaigns are not defined in Senate rules. Therefore, to make such rules and attempt to convict Senator Butler for their violation now would, the Committee found, contradict the spirit if not the letter of the Constitution relating to ex post facto laws. The Committee then urged the Senate to consider the establishment of some basic rules of decency which candidates for Federal office must adhere to during a campaign or suffer the consequences.

In fact, the report went so far as to suggest that the use of 'defamatory literature' in a campaign should be grounds for disqualifying the winner.

It just goes to show how the innocent public may, by such tactics, be misled and defrauded out of their votes if they don't watch out.

Guests in the home of Mrs. Lula Taylor this week were Mr. and Mrs. Paul Craig of Hoffman, Ill.; Mrs. I. O. Taylor and daughter of Brady; Mrs. Arthur Shelton and daughter of Winters; Mrs. Moore of Winters; Mr. and Mrs. Andy Craig of Abilene; Mr. and Mrs. J. B. Craig of Eastland; Mrs. A. N. McCarroll of Abilene; Mrs. Louise Vandover and son of Electra; Miss Doris Wilburn of Brady; Mr. and Mrs. Lovel Richardson, Mrs. W. C. Sharp of Santa Anna; and Bob Taylor of San Angelo.

Mr. and Mrs. J. Ed Bartlett left early Tuesday morning for Odessa, where they will attend the wedding of their grandson, Clyde M. Bartlett, Jr., of Baton Rouge, La. He will exchange vows with Miss Bettye Louise Thomas, of Odessa, in the First Baptist Church August 21, with the Rev. Arthur DeLoach, pastor reading the double-ring ceremony.

Guests of Mr. and Mrs. Edgar Lee Dossey the past week were Miss Annie Mae Dossey of Lockhart and Miss Joyce Dossey of San Antonio.
