SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, OCTOBER 12, 1951

NUMBER 41

FIRE PREVENTION

—Polaroid One-Minute Photo by The News.
THE EQUIPMENT OF THE SANTA ANNA FIRE DEPARTMENT along with some of the members of the local department are pictured above. From left to right are: Dick Bass, City Manager, and Firemen Ted Walker, Vernon Parker, Charles Wristen, Blossom Owen and Leland Thompson. Other members of the department were not available when this picture was taken.

Members of the Santa Anna Fire Department are all volunteers and do not receive any pay for their services. They render a service to the citizens of Santa Anna that save the town many a dollar on fire insurance rates and in many other ways every year.

A new fire truck has been purchased and all the latest fire fighting equipment is now being installed on it. It is expected that the new truck will be ready for use around the first of the year. When this truck arrives we will be one of the best equipped small towns in Texas for fire fighting equipment.

The fire department asks your cooperation in preventing fires. There is very seldom a fire that the cause cannot be traced back to some preventable cause, mostly carelessness. These boys are on guard every hour of the day and night and when a fire breaks out they take time from their jobs or their sleep, and risk their lives to do what they can to save your property, but they do not like to fight fires. They do it because of some careless mistake someone else has made.

This is Fire Prevention Week. We suggest that each of you go through your home, business, barn, garage, etc. and check for fire hazards, and when you find one — remove it immediately. Then rather than observing one week in the year as Fire Prevention Week, make every week Fire Prevention Week, by keeping fire hazards removed from your property. You will be saving yourself a lot of money and maybe your life, the same as you will also be saving your neighbors a lot of money in insurance premiums, besides saving the time these boys spend in fighting a fire.

Cooperate with your Fire Department. Do all you can to prevent a fire, but when one breaks out — call them as soon as you can and they will do their best to save your property. When a fire breaks out you can do a lot for the firemen by staying away from the immediate area where the fire is and by keeping the roads to the fire open. These men are trained in fire fighting, and do not need the help of outsiders.

Good Attendance At Turkey-Poultry Meeting Tuesday

The attendance was so large at the Turkey and Poultry meeting held Tuesday night, that the meeting place had to be changed from the Lions room of the Service Cafe to the auditorium of the high school. Approximately 125 persons were in attendance and a lot of interest was shown. Most every community in the county was well represented.

County Agent Huckabee spoke on chicken egg production in Coleman County and showed color slides demonstrating proper ways of culling flocks from day-old chicks to the day of egg production.

George P. McCarty, director of research for Universal Mills, spoke in turkey production and turkey egg production. He told of the changes that have been made in the turkey industry and to changes to come in the future. He stated that flocks should be increased in size in the future and profits made on volume. He brought out the various ways in which the National Turkey Federation has encouraged the consumption of turkeys in cafes and hotels.

During the past ten years the consumption of turkey per person has been doubled. He said Texas will produce 5 million pounds of turkeys this year and next year in order to keep up with demands, over 6 million pounds should be produced.

About 40 per cent of the turkey eggs produced in Texas come

from within a radius of 100 miles of Santa Anna. He stated that the quality of the eggs produced in the Santa Anna area are the best, and that Coleman County is the ideal location for Turkey egg production. The climate and geographical location is ideal for production of quality meat and eggs.

It is planned to hold other dairy and poultry meetings in the future and plans are being made to hold a meeting concerning sheep, cattle and hog production. Exact dates of these meetings have not been set, but expert men in their fields will be obtained for speakers for each meeting, and every interested party is invited to attend each meeting.

Announcements of the dates of these meetings will be made through the columns of this Newspaper.

MRS. J. W. PARKER HOME FROM HOSPITAL

Mrs. J. W. Parker was carried to her home Monday from the Santa Anna Hospital, where she has been for the past several weeks. Reports indicate that she is progressing nicely at her home and that she is able to sit up for short periods at intervals during the day.

If all the land of the earth were covered with the salt of the sea, it would make a layer 400 feet deep.

Wreck Friday Puts L. G. Bobo In Hospital

A head-on collision at the corner of Avenue B and North 1st Street Friday at noon caused George Bobo to have to be carried to the Santa Anna Hospital, where he remained until Monday afternoon. Bobo reportedly suffered some broken ribs.

Bobo was turning the corner to his right and was met head-on by Noah Stacy, driving one of the City Pick-ups. Stacy was not injured. It was estimated that \$175 damage was done to each of the vehicles.

Charges were filed against Stacy for driving on the wrong side of the road. The accident was investigated by Deputy Sheriff Raymond Greaves.

Stacy had been serving as Water Superintendent for the City of Santa Anna for the past several years, but had handed in his resignation that morning, to accept a job with an oil company in Rankin.

Simpson Seed Store In New Location In Coleman

The Simpson Seed Store and Hatchery of Coleman, announce this week that they have moved to their new location at 206 West Live Oak Street in Coleman. Mr. C. W. Simpson, owner, states that he has purchased the building from the REA and is fixing it up for a permanent business home.

Simpson opened his seed store in Coleman in 1922 and entered the hatchery business in 1937. They will specialize in hatching baby chicks, also field and garden seed sales and will carry a complete line of hatchery supplies.

The store is now located just west of the REA office and new incubators and other store equipment has been installed.

Mr. Simpson invites all his former customers and new customers and friends to visit his new store when in Coleman.

Mrs. H. D. Speck returned from Austin Sunday, where she visited several days with her mother and other relatives. Hubert and the cat were both glad to see her back home.

Mrs. Blossom Owen returned last week from a visit of several days with her son and family, Mr. and Mrs. Bennie Cecil Estes and family of Columbus, Ohio.

Russia appears to be looking at the world through rose-colored glasses, but with blood-shot eyes.

The Catskill Mountains were so-named because of the number of wildcats originally found in that region.

Lions Den

The program committee had Misses Rilda Stephenson and Anette Johnson to take charge of the program for the day at the regular meeting of the club Tuesday. Miss Stephenson told of her experiences in the "Make It With Wool" contest and Miss Johnson told of her experiences at the State Fair last Saturday. Both were interesting talks. The same Lions, Rex Golston and Zeb Payne, also promise another good program for next Tuesday.

In the business session, the Lions Club voted to enter an agreement with the city to purchase four streamers for Christmas decorations for the town. Discussions covered the decorations and also suggestions were made that each store purchase some decorations, and plans were started to have as many of the local homes decorated in the Christmas fashion this year as possible.

Mountaineers Open Conference Season Friday; Win Over Early

The Santa Anna Mountaineers will begin conference play this Friday night, when they journey to our neighboring city of Bangs to clash with the Dragons. This will be the third conference tilt for the Dragons. Game time will be at 8:00 p. m. and admission prices will be 75 cents for adults and 30 cents for students.

The Dragons have played five games this season, winning three non-conference games and losing both to Clyde and Wylie in conference tilts. They have played some stellar football this season, and their two losses do not indicate they are by any means a weak team. Clyde and Wylie, along with Cross Plains, are the top contenders for the District 7-A crown, according to the guessers. Santa Anna has been in the also ran column for the past three weeks and Bangs has been rated as being in 7th and 8th place during this time. However, paper statistics mean very little when Santa Anna and Bangs meet on the football field.

We are guessing the Mountaineers and the two coaches have a few tricks in the bag that they have not shown us yet, and we feel confident that the Mountaineers will bring home their first conference victory this Friday night.

Two years ago the Mountaineers played to a 13-13 tie and last year the Mountaineers beat the Dragons some 65-0. However, the Dragons are in much better shape this year and most of their first string men have had considerable more experience than they had last year.

Boyd French suffered a fracture of the right leg Monday afternoon during practice. It is feared that he will be out for the remainder of the season. French was the reserve center and also played some at guard. The first string center, Gary Patterson, was suffering a sprained ankle Monday, but is expected to be ready to start the game Friday night. The coach is expected to have the same starting line-up as last week, with Teddy Gene Clifton at left-half and Jay Stewart at right end. This combination did well last week, especially as far as Clifton is concerned. It was Clifton that broke up several of the Longhorn's passes and he also showed up well as an offensive blocker. Stewart also played a good game on defense, but had some hard luck on receiving passes. However, after the workouts this week both boys are expected to make a much better showing than they did last week.

For a complete line up on both teams for Friday night see the page ad on page six. The Mountaineer backfield will average 142 pounds while the Dragon's backfield averages 150 pounds. Bangs will have a 167 pound line and Santa Anna will have a 155 pound line.

MOUNTAINEERS WIN OVER EARLY

The Mountaineers staved off two threatening pass attacks from Early in the second half last week to win a brilliantly played 13-6

non conference grudge battle. Alert pass defenders on both sides played a leading role in holding down the scoring, with interceptions coming at a dime-a-dozen rate in the fourth and most hectic period of all.

It was in this final period that Early manufactured its lone TD, after the Mountaineers had built up a 13-0 lead in the first two periods. Longhorn Quarterback Walls connected with Halfback Sudderth two times, the last for nine yards and their only score.

The Mountaineers opened the touchdown cage in the initial quarter when Melvin Pollock plunged through the line for six yards to climax a 35 yard drive. Dean Bass converted and the Mountaineers took a 7-0 lead.

During the second period, which was marred by penalties on both teams, Pollock again scored by a 11 yard smash right over center. The try for extra point failed and the half-time score was Santa Anna 13; Early 0.

A fumble in the third period kept the Mountaineers from invading paydirt for the third time. The series of plays started when Clifton intercepted a pass on the Santa Anna 22-yard line and returned it to the 30. Ground plays worked the ball down field to the Early seven where Pollock fumbled and Early recovered on the five. A fumble in the fourth period started the Longhorns on their way to their score.

Mid-way in the third period McCullough, Early FB, broke loose for a 22 yard gain that put them in Santa Anna territory for the first time during the game. It was the next play when Clifton intercepted their pass.

Then came the hectic fourth, when Early, desperate for a score started throwing passes right and left. Clifton and Charles McClellan stopped two of their drives by interceptions and the Longhorns Dixon took one of the Mountaineers pass attempts.

Santa Anna made 12 first downs to three for Early, and gained 195 yards rushing to 46. Early kicked six times for 233 yards and Santa Anna kicked 3 times for 65 yards. The Mountaineers tried 7 passes and failed to connect with any of them and Early completed 2 out of 17 tries for 25 yards.

DISTRICT GAMES

Wylie was the only team in District 7-A to take a rest the past week end. Conference games saw Clyde rip through the Bangs

Dragons 32-7, and DeLeon fell to powerful Cross Plains 26-6. Non-conference games saw Rising Star come to life and roar over Gorman 20-0 and Santa Anna beat Early 13-6.

All games this week end will be conference and will see Santa Anna at Bangs; Rising Star at Wylie; and Clyde at Cross Plains in a game that will go a long way in determining who the district winner is going to be.

Oil Activities IN COLEMAN COUNTY

Harry Todd No. 1 A Burkett will be a 1,990-foot rotary wildcat one mile northeast of Echo, 5-400 feet from the east and 1,650 feet from north lines of J. W. Hicks Survey 265.

J. H. Dunn is to drill No. 1 Glen Cove School, et al, as an offset in Glen Cove townsite, 225 feet from the north and 694 feet from the east lines of Section 11, T&N O Survey. Slated depth is 3,800 feet with rotary.

Fulwider & Hughes Drilling Co., Abilene, No. 1-C Cope Heirs has been spotted as an offset five miles southeast of Novice in the Templeton Field.

Drill site is 990 feet from the south and 330 feet from the east lines of a 160-acre tract and being 990 feet from the south and approximately 2,070 feet from the west lines of the north 300-acre in Section 1, Block 1, EL Survey. Contract depth is 3,600 feet with rotary.

Two miles west of Valera, operator is to drill a rotary type at 2,000 feet in the Templeton field. It is to be drilled by the C. A. Crum, et al, Block 2, Survey 277.

Operator is to drill a rotary type at 2,000 feet in the Templeton field. It is to be drilled by the C. A. Crum, et al, Block 2, Survey 277.

Top of the Morris Sand was struck at 1,963 feet. No. 1 Miller is making an estimated eight to ten barrels of oil daily.

Aszar Oil Corp., et al, No. 2 C. A. Crum & C. A. Crum, et al, Block 2, Coleman CSL Survey, is drilling below surface and slotted to 2,250 feet. It is an offset five miles southeast of Coleman.

Operator at last report was using the Morris Sand at Louis Franklin No. 1 Myrtle L. Trent, et al, W. Hicks Survey 265, offset seven miles northeast of Coleman. Operator reported good saturation.

In the Glen Cove area, Bishop Oil Co. No. 2 W. H. Davis, Section 11, T&N O Survey, is drilling below 2,625 feet. Third offset is slotted to 3,600 feet.

In the same area, operator had to recent surface pipe at W. C. Wood & N. H. Wheelless Oil Co. No. 1 E. G. Simpkins, Section 10, T&N O Survey. Operator was waiting on cement at 1,563 feet. Contract depth is 3,700 feet.

Five miles east of Novice, Fulwider & Hughes, et al, No. 4-B Cope Heirs, Section 1, Block 1, EL Survey, has been plugged at 3,555 feet in the Lower Gray Sand.

Fred Turner, Jr., Midland, has plugged two projects on the Kelley Estate, Block C. W. Doran Survey one mile southwest of Santa Anna. No. 9 was plugged at 1,824 and No. 10 was plugged at 2,963 feet.

Eight miles south of Santa Anna, A. W. Adkisson, Fort Worth, No. 3 R. F. Crum is to be drilled as a 1,550-foot rotary offset. Location is 800 feet from the south and 1,200 feet from the east lines of A. Mace Survey 277.

Latest wildcat location to be staked in the county is the Louis Franklin of Coleman, No. 1 Ozro Eubank. Location is three miles south-

east of Santa Anna, 1,360 feet from the south and 1,150 feet from the east lines of Block 7, Manuel Martinez Survey 751 and being approximately 1,250 feet from the west and 2,500 feet from the south lines of the survey. Contract depth is 1,550 feet with rotary.

An offset project has been abandoned in the Glen Cove area. It was Bishop Oil Co. No. 1 W. H. Davis, Section 11, T&N O Survey, one-fourth mile southwest of Glen Cove, reaching a total depth of 3,385 feet.

Mrs. Tom Rutherford

Mr. and Mrs. Graham Fitzpatrick are the proud parents of a son born in the Brady hospital Monday morning. The new arrival has been named Don Allan. The Fitzpatricks have a girl, Cheryl, age 5.

Our deepest sympathy is extended to the bereaved over the passing of Grandmother Featherston of the Trickham community.

Don't Play With DYNAMITE!

Home Drycleaning is Dangerous Because

1. A pint of gasoline or cleaners' naphtha has the latent destructive power of a pound of dynamite.
2. Fumes escaping from stored inflammable cleaning fluids may reach an explosive concentration.
3. The friction created by rubbing a garment is often sufficient to produce a static spark that may cause an inflammable product to explode.
4. The daily record of fires and deaths due to home drycleaning demonstrates the hazard of this practice.

OBSERVE THE RULES OF **Safety First**
And Let Us Do Your Drycleaning

Hey! Look how fast you can cook with a modern Automatic Gas range!

EVERYBODY KNOWS a modern automatic Gas range saves more time, gives better results... because only gas can instantly give every shade of heat from super-speed to gentlest simmer. For finest cooking results on the Gas range you buy, look for the "CR" seal—an unbiased guide to cooking perfection.

Coleman Gas and Oil Co.

"THE FRIENDLY BANK"

TWO WAYS TO WEALTH

1. Planned Spending
2. Planned Saving

This matter of being financially independent is no simple proposition. But you do have **TWO CHOICES** in the matter.

PLAN NO. 1 — relates to planned spending. It's for people who are realistic. It's simply a matter of figuring your necessary expense — and then setting aside the big portion of the balance for the things you can't buy now but which you can buy later on. The plan will work too.

PLAN NO. 2 appeals to us even more. It's for those who want to save first, and spend afterwards. Under this plan you set aside a definite amount each month. Just say to yourself, "10% of all I earn belongs to me — and I'm going to pay myself first." Then do just that! Pay your butcher and baker and candle-stick maker out of what is left. This plan makes you live within your income (plus savings) — and your butcher and your baker and your candle-stick maker will see to it that you have enough left to pay them — or else.

Trickham News

By Mrs. Buck Mitchell

We are sorry Bro. Newsom could not come to fill his regular monthly appointment Sunday. His mother had undergone surgery and he thought best not to leave her. Two Howard Payne students, Revs. Jerry Wilson and Robert and Mrs. Foster conducted services here Sunday. They were luncheon guests of Mr. and Mrs. Walter Stacy.

Mr. and Mrs. Lewis Burney and Willie Evans, also Mrs. Wiley McClatchy spent the week end with Jessie Burney and family of near San Marcos.

Mrs. Lee Vaughn spent Saturday afternoon with Mrs. Beula Kingston. Soon after she went home she had a telephone call from Houston saying her granddaughter, Mr. and Mrs. Izzie Proler's home had just burned with everything lost.

We regret to hear that Mrs. John McClatchy of Coleman fell about a week or more ago, bruised her arm and at this writing isn't doing so well, her arm being badly swollen. We wish for her a speedy recovery.

Mr. and Mrs. Hancock of Zephyr, Mrs. Zona Stacy and Mrs. Kingston visited with Mr. and Mrs. Marion Ford Sunday.

Mrs. Oscar Boenicke honored her husband with a birthday supper Thursday night. Those present were: Mr. and Mrs. Carl Harris and their daughter, Mrs. Jeff Fitzgerald and children of Odessa and Mr. and Mrs. Marvin

Whitley. Other visitors Sunday afternoon were: Mr. and Mrs. Raymond Lee Miller of Fort Worth and Mrs. Grady Banister. Friends who might be interested in Mrs. C. F. Shields since she went to Albuquerque, New Mexico. She writes the change of climate hasn't helped her physical condition any.

Last Sunday morning friends were grieved to hear of the sudden death of Granny Featherston. Granny had been in the Santa Anna Hospital two weeks recuperating from an operation following a fall she received about two weeks ago. Sympathy is extended the bereaved.

Mrs. Clara Caudle of Graham writes her brother, Frank Shield, has been very ill. He was carried to a Temple hospital for treatment.

Mrs. Harlie Stearns was hostess to a Stanley party in her home last Wednesday afternoon.

Visitors with Mr. and Mrs. H. B. James last Wednesday were: Mr. and Mrs. C. A. Thompson of Brownwood, Mrs. Bill Jackson of Dexter, New Mexico; Jim Thompson of Fort Stanton, New Mexico; and Vassar Thompson of Roswell, New Mexico.

Mr. and Mrs. Harry Wilson and Mrs. Beula Kingston visited with Mr. and Mrs. R. D. Kirkpatrick and Mrs. Hancock of Zephyr last Thursday afternoon.

Those from this community who attended the Dallas Fair Saturday were: Peggy Ford, Betty Mitchell and Mrs. Cheo James and Roberta.

Mrs. Oscar Boenicke attended a 4-H Club meeting in Coleman last Saturday.

Mrs. John Mitchell of Brownwood, visited with Mrs. A. J. Martin Monday afternoon.

We are happy to report Mrs. A. J. Martin came home Sunday afternoon. Mrs. Martin has been staying with her daughter, Mrs. Tom Cole of Brownwood, for several

days following surgery she had about two weeks ago. She is just doing fine.

MRS. JIM FEATHERSTON

Mrs. Jim Featherston (Irene Boatwright), the last one of our early pioneer citizens of this community, passed away early Sunday morning, October 7, 1951, following a fall she had two weeks before, and breaking her hip. She had undergone surgery and everyone thought she was doing so well, but suddenly she slipped away. Granny, as she was lovingly called, loved to crochet, piece quilts and knit, and she was counting the day when she could get home and finish a crochet bed spread.

She celebrated her 90th birthday June 8, at the home of her son, Mr. and Mrs. Bond Featherston. Some ninety or more friends and relatives gathered to wish her a Happy Birthday. Mrs. Featherston was a life-long member of the Cumberland Presbyterian Church here. Although she had been a shut-in for many years, her home was always open to her pastor and friends. To her family we have selected these lines:

"Our hearts are breaking but we shall not weep; For she was weary and has gone to sleep; but we shall not call it death. No, it is not death, it is only life begun. She has been listening long for the coming angels feet. To guide her over the river and through the golden street; And when he came so gently and took her away. He gave her sunshine, but took all ours that day. We miss her loving presence, amid life's toilsome strife. She left her home so lonely when she went away from life: They miss her, Oh! so sadly, yet they know 'tis all in vain. Tho' she loved her home so dearly, she'll never return again. Some day dear Granny, we hope to meet you in that beautiful home above. Where there'll be no

Get clothes clean as new at the TOUCH OF A DIAL!

Frigidaire washer does any kind of wash automatically

Rayons, Nylons, Woolens

Average soiled clothes

Heavily soiled clothes

Exclusive Frigidaire Select-O-Dial!

Just pre-select the proper washing time on the Select-O-Dial - set it once and the Frigidaire Washer does all the rest. It even cleans itself and shuts off automatically.

Only Frigidaire has Live-Water Action!

Live-Water Action provides surging, penetrating currents of hot, sudsy water that gets clothes really clean - gently! Clothes are in water all the time - not half in, half out. Live-Water Action also rinses twice, each time in clean, fresh water.

New Styling and Convenience!

See how beautifully this new washer fits into kitchens - as well as utility rooms and laundries. Fits close to the wall... new high back-panel puts all controls in easy, safe reach.

Extra-High-Speed Drying!

Frigidaire's Rapidly-Spin gets clothes far drier than most other washers. Many clothes are ready to iron at once. All are lighter, easier to lift and carry.

Porcelain Finish Inside and Out!

Exclusive with Frigidaire! Beautiful lifetime porcelain-on-steel finish, protects against rust, soap or bleaches. Cleans as quickly, easily as a china plate!

Yes Ma'am -

We can deliver your new Frigidaire Washer immediately - I'll be glad to take over your washday chores.

cord established during the previous fiscal year. White faced calves registered last year were nearly three times the total registrations of all other beef breeds.

Ozro Eubank & Sons Named To Hereford Ass'n. Membership

Kansas City, Mo. (SpL) - Ozro Eubank and Sons today was named to membership in the American Hereford Association, the world's largest purebred registry organization, with headquarters in Kansas City, Missouri.

One hundred and eighty-three Hereford breeders were placed in the Association's official roster during September to boost the total membership to an all-time high of 19,197. Members represent every state in the nation.

The Hereford Association last year recorded a new world record of 426,971 purebred calves, an increase of 56,973 over the re-

cord established during the previous fiscal year. White faced calves registered last year were nearly three times the total registrations of all other beef breeds.

LOCAL GIRLS ENROLLED FOR TSCW CLASSES

Denton, Texas. - Miss Julia Ann Bailey, daughter of Mr. and Mrs. A. P. Bailey and Miss Martha Priddy, daughter of Mr. and Mrs. W. V. Priddy of Santa Anna are enrolled for the fall term at Texas State College for Women.

Students at TSCW this term represent 191 out of 254 Texas counties. Also registered are 264 students from 27 other states, and 19 students from nine foreign countries.

Opening of classes this fall marks the completion on the campus of two three-story structures, one an upperclassman dormitory, and the other, the home

of the newly-created College of Household Arts and Sciences.

God's Untuned Harp
Lesson for October 14, 1951

Can the perfect God make use of an imperfect man? He has to; there is no other kind. God is the perfect musician; his melodies and harmonies are flawless; but he has to play these on the harp of humanity, twanging strings as easily broken, never long well-tuned.

Dr. Foreman

One such doubtful string was young Jacob. He improved immensely, later in life; but at the time of the incident described in Genesis 28 he was a very rough diamond indeed. His own home was too hot for him. His father had been bitterly disappointed in him; his twin and only brother Esau had sworn to kill him at the first chance. He was a swindling liar, leaving home on the run.

If he had treated his neighbors with the same lack of conscience he had shown toward Isaac and Esau, there must have been "many a dry eye" when the news went around that Jacob had left town. As a matter of fact, he kept on, for some years after this, being the same sort of sharp trader he had always been.

His dream at Bethel did not convert him, as is sometimes thought; it did, his conversion waited 20 years to "take." If the reader will examine Jacob's vow in Gen. 28:20-22, he can see that it does not express a very lofty view of religion on Jacob's part. Jacob makes his promise to the Lord with a large IF attached; IF the Lord will prosper him, keep him safe, bring him back and so forth. THEN he will give the Lord ten per cent. Who would not pay a ten per cent commission for guaranteed protection and prosperity? No, we cannot say that Jacob at this time was saintly.

God's Purpose

AND yet God spoke to him, made great promises to him. Was this only a conceived dream of Jacob's? It was a dream, of course, as the writer frankly says (verse 12); but was the dream only the kind of thing that psychologists call "wish-fulfillment," with no meaning except to show what Jacob had been thinking about? Or did the dream stand for something real?

The general belief of the church is that God really did have a concern for this man and did speak to him through his dream, even though it was the kind of dream which perhaps only a Jacob could have had.

But how could the perfect God "make a covenant" or come to any terms with such a man as Jacob then was? The answer is probably in the story itself and in what followed it. God had a purpose far beyond Jacob the man. He had a plan for him too; but it fitted into

THE AMERICAN WAY

Power - Drunken Driver

Fire Prevention For Rural People

College Station, Texas — Some 2,500 lives and more than one hundred million in property losses will be the toll for rural fires in the nation this year. The Texas Farm and Ranch Safety Committee, headed by president J. Walter Hammond of the Texas Farm Bureau Federation and E. C. Martin, Texas Agricultural Extension Service, is urging all Texans not only to observe National Fire Prevention Week, October 7-13, but to practice fire prevention every day in the year.

The leaders report that each year there is a sharp drop in the number of rural fires during and immediately following Fire Prevention Week and cite this as evidence to prove that something can be done to prevent fires when people really work at it. The rural fires occur at the rate of one every five minutes and records show that 90 per cent are due to carelessness and neglect and are preventable.

They say one or more of the following hazards is usually responsible for most rural fires: defective stoves and furnaces; clogged and poorly built chimneys; failure to provide a fire escape; failure to protect buildings with lightning rods; improper storage of gasoline and kerosene; sparks falling on flammable roofs; spontaneous ignition of hay; careless smoking habits; overloaded electrical circuits and failure to replace worn electrical cords and defective electrical appliances and equipment.

God's Harp Has Many Strings

ONE of the most remarkable titles for God in the Bible is "the God of Abraham, Isaac and Jacob" (Exodus 3:6). We might expect the first name; we are astonished to hear the other two.

Abraham, of course, was a great spiritual pioneer. He was great in other ways too; a man who would be outstanding in any age, in any place,—one of the great religious geniuses of all time. Of course God is the God of such men, we expect it.

But what about Isaac and Jacob? Isaac was a nonentity, a weak character, far from bright. Even his sins were second-hand. As for Jacob, even after he became a changed man, as in time he did, his old crooked record remained a fact. The Bible does not try to conceal it.

Then can God be the God of the weak and the God of the sinner? Yes, that is the glory of the God who is revealed in his Word. Other religions know of gods who are friends of top-level human beings, geniuses and saints; only the religion of the Bible knows of a God who takes a personal interest in the weak and who pursues the sinner to change him.

Only the Bible knows of a God who draws to himself all sorts and conditions of men, and makes use of them for his great and gracious purposes.

(Copyright 1951 by the Division of Christian Education, National Council of the Churches of Christ in the United States of America, Released by WNU Features.)

fect buildings with lightning rods; improper storage of gasoline and kerosene; sparks falling on flammable roofs; spontaneous ignition of hay; careless smoking habits; overloaded electrical circuits and failure to replace worn electrical cords and defective electrical appliances and equipment.

The members of the Texas Committee point out that the big fire prevention job rests with the individual farm family. Each member of the family should always be on the alert for fire hazards and when one is found, it should be removed immediately. Tomorrow, in this case, may be too late. But they are quick to add that other fire prevention practices can best be carried out on a community or neighborhood basis. There should, they say, be provisions made in each community for pooling all fire fighting equipment. There are many fires such as grass, brush or trash fires that could be controlled before they get out of hand if assistance and a few pieces of equipment were available. The portable spray rigs or even hand sprayers can be used successfully. There is a great need for more fire fighting equipment in most rural areas but that on hand should always be serviced and ready for immediate use.

Keep several barrels of water at strategic spots about the farmstead or better, if water under pressure is available, locate hydrants near the danger spots and see that sufficient hose is on hand to reach all buildings. The committee recommends that families hold fire drills occasionally. By doing this on a family and neighborhood basis, each individual will become familiar

W. M. S. Of First Baptist Re-organized

In a reorganization of the Women's Missionary Union at the First Baptist Church last Monday, the Avis McCullough Circle was organized with 14 members, Mrs. Dovie Chapman being chairman. The group chose as their

with his assignment and fuller use of available equipment can be made in a time of crisis.

The Committee urges every rural Texan, young and old, to make a complete survey of all farm buildings for fire hazards and then see that the necessary steps are taken to remove these hazards. A well kept farmstead with everything in place and a place for everything will help keep fires away from your farm or ranch and will set an example for others to follow.

Junior Class Elects Halloween Carnival Candidates for Queen

The Junior Class met and elected their candidates for the Halloween Carnival Queen, Monday, October 8. Rilda Stephenson and Nanda Hodges were elected.

Two candidates from each class were elected. The voting, on a basis of one cent a vote, will be started Monday, October 15, and one candidate from each class will be eliminated at the end of that week.

Each candidate was asked to choose an escort for the Coronation, who will be run on the same ballot as the candidate who chose them. Rilda Stephenson selected Charles Scarbrough as her escort and Nanda Hodges chose Melvin Pollock. Everyone is urged to vote for their favorite candidate.

In previous meetings, the Junior Class elected the Assistants to the Annual Staff as follows: Rilda Stephenson, assistant editor; Annabelle Price, assistant business manager; Melvin Pollock, assistant sports editor; and Gary Patterson, assistant art editor.

HPC Yellow Jackets To Sherman Saturday

Brownwood, Texas. — The Howard Payne Yellow Jackets are getting ready for their second conference game this week end, when they travel to Sherman to take on the Austin College Kangaroos. The Jackets won last year's game by a 14-6 count, but the Kangaroos, celebrating their homecoming, will be out to get even.

In their conference opener last week, the Yellow Jackets defeated the Texas A & I Javelinas 9-7 in a thrilling photo finish. The Jackets scored first on a safety, when the A & I center made a bad pass, that bounded into the end zone. Howard Payne tallied again, when Melvin Lindsey, defensive linebacker, took a blocked kick 25 yards for a touchdown. As the gun sounded ending the game, an A & I ball carrier was knocked out of bounds just six inches short of "pay dirt". The game was a defensive battle all the way and kept the crowd in suspense throughout the entire fracas.

Farmers Home Administration Is Now Better Able To Care For Farmers Needs

Farmers who borrow from the Farmers Home Administration will be better able to make adjustments in farming operations, increase production and work out balanced farm and home management plans under the newly enacted Public Law 123, John H. Curry, County Supervisor of the Farmers Home Administration, announced today.

The law, amending the Farmers Home Administration Act of 1946, enables the agency to make loans for farm operating expenses up to \$7,000 for an initial loan and places a ceiling of \$10,000 on the indebtedness outstanding at any one time. The maximum repayment period is seven years. Previously the initial loan was limited to \$3,500, the maximum indebtedness to \$5,000 and the maximum repayment period to five years.

"In amending the loan terms, Congress recognized that the costs of farm operating expenses have increased in recent years," L. J. Cappleman, State Director of the Farmers Home Administration, explained. "A farmer who required a \$3,500 loan in 1946 for annual operating expenses and the purchase of machinery and livestock would have required a loan of \$5,900 for the same purpose in 1951."

"The main objective of the Farmers Home Administration is to help family farm operators make the most efficient use of their land and family labor supply."

"The new loan terms will be

First Baptist Church News

Laymen's Day, Sunday, Oct. 14, will be observed in the local church with men in charge of the program and men filling the pews for both services. Every man in the community is given an invitation to attend if not planning on attending elsewhere. The Brotherhood of the First Baptist Church has been active in putting on programs in other churches. Eleven men went to Novice October 1, and two went to Bethel October 8.

The regular monthly meeting of the Brotherhood will be held Tuesday, October 16. The time has been set up to 7:00 p. m., because of another meeting in the community. Part of the program will be the election of the remaining officers and the installation of all the officers.

The W. M. S. has announced their meeting for Tuesday evening at 7:00 p. m., October 16, to be held at the Baptist Parsonage.

The spell of cold weather before the warm weather of Indian summer is called "Squaw Winter"

Grandma, who used to work at the spinning wheel, now has a daughter who likes roulette, too.

watchword, "Work, for the night is coming" and their song, "Take My Life And Let It Be".

A visitation followed the meeting. Mrs. Dovie Chapman will be hostess to the group on October 21 at her home.

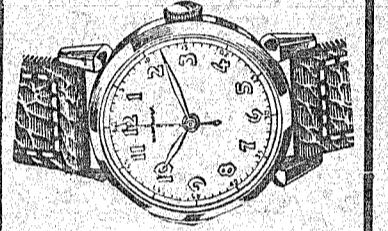

of great help in achieving this goal. In the past we have had to turn down many young veterans and other farmers who came to us for assistance simply because we could not provide them with adequate financing under our previous loan limitations to enable them to work out a balanced farming system."

A sound farm and home management plan is drawn up with each family who receives a loan, and no loan is made unless the plan shows that the family will receive enough income to pay operating and living expenses and retire their debts. Cappleman pointed out.

Loans are made only to farmers who are unable to obtain necessary financing from other sources. Committees of three local farmers approve each applicant. Veterans receive preference

Two Cartoons

R. C. Gay, of giant zennias, coropsis and bachelor buttons in a ruby glass container, featured early American style of mixed bouquets.

Honored guests for the afternoon were the citizens of Santa Anna to receive their awards for the beautification of their lawns and gardens, given by the Chamber of Commerce.

Ten prizes in money and gifts with ten honorable mentions were distributed to the winners.

The outstanding achievement went to Mr. and Mrs. J. Ed Bartlett for the best kept vacant lot.

Feature of the program was presented by Miss Eudora Hawkins of Abilene, showing films of trees and plants, how their roots grew by pushing themselves into the earth, and how they overcome handicaps of hard back soil and rocks, or other obstructions.

The second film was scenes of old colonial homes and their gardens, and the natural growth of flowers, shrubs and trees along streams and mountains of Virginia.

Refreshments of ice cream and white delicate cake was served to forty guests and members.

Miss Beverley Jewell, Dr. Burgess Sealy Wed In Fort Worth

Miss Beverly Jane Jewell and Dr. Burgess Sealy of Fort Worth, were married at 8:00 p. m. Saturday at the home of her uncle and aunt, Mr. and Mrs. Wood C. Moore, of near Arlington. Rev. Allen A. Peacock of the Riverside Methodist Church married the couple.

The bride is the daughter of Mr. and Mrs. George H. Jewell of Fort Worth. The bridegroom is the son of Mrs. T. Richard Sealy of Santa Anna.

Members of the family and intimate friends attended the wedding and a reception immediately following. The Sealys will live in Fort Worth after a wedding trip to Colorado.

Party Honors Vita Rehm

Mrs. Tony Rehm honored her daughter, Vita, with a party on her 10th birthday at her home near Rockwood. The group enjoyed games and the refreshments of pop and cake, which were served to: Patricia and Judy Bryan, LaQuinn and Jo Beth Cooper, Dixie Deal, Susie Wise, Minnie Jean and Janice Jackson and the honoree, Vita Rehm.

ANNOUNCEMENT

We wish to Announce that the Simpson Seed Store & Hatchery is now in new location at 206 West Live Oak Street, Coleman, Texas

(First Door West of the REA Building)

We have installed two new incubators and will hatch chickens only. By specializing in chickens only, we hope to be able to serve the people of this vicinity with better chicks and better service.

We will also carry a full line of chicken equipment, including brooders, feeders, waterers, etc., and will have a complete line of Dr. Salsbury's medicines, as well as garden and field seeds.

We earnestly solicit the patronage of old customers, as well as new ones, and invite you to visit us in our new location. We will be glad to serve you, and book your baby chicks for October, November, December or next spring delivery.

Laying hens are scarce and eggs are high, and will probably be high for some time. We think it is a good time to start that laying flock of pullets for next spring.

Visit the Simpson Seed Store & Hatchery the next time you are in Coleman and let us book you with those baby chicks . . . or any variety of cotton seed or field seed you might need for next spring. Place your order now . . . and be ready.

It has been a pleasure to serve you in the past . . . and we hope to serve you in the days and years ahead, with a more complete and efficient service.

Simpson Seed Store & Hatchery

In New Location Just West of the REA Office

Is Your Car READY

For Frosty Weather Driving?

When temperatures drop, greases and oil thicken. Friction is stronger, and friction, of course, is the cause of all wear on moving parts. Also the car may be sluggish and still with summer weight lubricants.

Now Is The Time To Get Your Car Ready

Bring it by, or call for pick-up, today for a really GOOD job of winterproofing.

THE STATE OF TEXAS
TO: David T. Bennett Defendant, Greetings:

You are hereby commanded to appear before the Honorable 35th District Court of Coleman County at the Court House thereof, in Coleman, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 5th day of November A. D. 1951, then and there to answer Plaintiff's Petition filed in said Court, on the 25th day of August A. D. 1951, in this cause, numbered 7499-A on the docket of said court and styled Ann T. Bennett Plaintiff, vs. David T. Bennett Defendant.

A brief statement of the nature of this suit is as follows, to wit: Plaintiff alleges that she and the Defendant were lawfully married October 31, 1942, and permanently separated on or about January 23, 1948, on which date the Defendant left and de-

serted her for a period of three (3) years with intentions of abandonment, since which time they have not lived together as man and wife. Plaintiff alleges that no children was born of the marriage and prays for the restoration of her maiden name, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Coleman, Texas this 18th day of September A. D. 1951.

Attest:
T. H. Corder, Clerk,
District Court, Coleman County, Texas.

THE STATE OF TEXAS
TO: Robert E. Covert Defendant, Greetings:

You are hereby commanded to appear before the Honorable 35th District Court of Coleman County at the Court House thereof, in Coleman, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 12th day of November A. D. 1951, then and there to answer Plaintiff's Petition filed in said Court, on the 26th day of September A. D. 1951, in this cause, numbered 7511-A on the docket of said court and styled Ada N. Covert Plaintiff, vs. Robert E. Covert Defendant.

A brief statement of the nature of this suit is as follows, to wit: Plaintiff alleges that she is a resident citizen of the County of Coleman, State of Texas, and has resided in said County and State for more than 12 months preceding the filing of her petition. Plaintiff alleges that she and the Defendant were lawfully married in Booneville, Arkansas on March 6th, 1951, and alleges that on or about June 12, 1951, and prior thereto the Defendant was guilty of excessive cruel treatment directed at her of such a nature as to make their further living together as man and wife insupportable. Plaintiff alleges that no children was born of the marriage and no community property accumulated. Wherefore Plaintiff prays the court that she be given judgment of a divorce from Defendant, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Coleman, Texas this 26th day of September A. D. 1951.

Attest:
T. H. Corder, Clerk,
35th District Court, Coleman County, Texas. 39-42c

Gregg Family Almost Has Reunion

Coming in last week for a week end visit with the Gregg family were: Mr. and Mrs. W. E. Schulle and children, Jackie and Willene of Watonga, Okla.; Mr. and Mrs. Burton Gregg and children, Helen and Joe III, of San Antonio; Lt. Col. and Mrs. Joseph J. Gregg, Jr., of Brownwood; who were joined by the local families of Mr. and Mrs. John Gregg and children Darlene, Juanell and John Wayford, and Mr. and Mrs. Dawson See. The bunch enjoyed a buffet luncheon at the home of Mr. and Mrs. J. J. Gregg at 506 Ave. A Sunday at noon, where a well known mulligan stew and fried chicken, with plenty of the necessary trimmings made up the meal. All but two families were present, and if they had known what they were missing, no doubt they would have been here too. Better luck next time.

LOCAL STUDENT PRACTICE TEACHING

Coyita Griffin, senior at McMurry, is among the twenty-seven education students who have received practice teaching appointments for the fall semester, according to Dr. Andrew W. Hunt head of the education department.

Miss Griffin, daughter of Mr. and Mrs. W. B. Griffin, is practicing teaching sixth grade math in Alta Vista grade school.

A dream is often a nightmare without her makeup.

Another name for a giraffe is a camelopard.

Methodist Church Reminds Mem'ship Of Responsibilities

Standing as the anchors of life in the average American community are the churches, inspiring, influential cornerstones which have set the moral standards for many generations. To maintain the place of the churches in modern society each of their members should seriously face their responsibilities; in this disturbed world the churches must again remain at the forefront to hold society on a solid foundation.

In the period preceding the Evangelistic Campaign of the Methodist Church it is hoped each member will recognize his responsibility toward the church. For those who would participate in the activities of the church the present membership holds a responsibility; adequate facilities and a worthy program must be maintained. The Methodist Church in Santa Anna wants to meet the responsibilities of extending its services, to continue to help stabilize the moral thinking of the community, to help maintain the American home on the same firm foundation so evident when the influence of the church is present.

The church must continually extend its influences; it must be prepared to cope with worldly competition of its teachings. In previous communications the membership of the Methodist church have been reminded of the plans for meeting the needs of the church. The budget is a serious part of carrying out the church program. After needs had been determined the goal was set at \$8,644. It is evident that this project cannot be successful if supported by a "faithful few". The responsibility is definite in meeting the needs; the glory shall come in doing even more.

Mrs. Stafford Baxter left Thursday morning for Los Alamos, N. M., where she will visit her daughter, Mrs. A. H. Williams and family. She will also visit her son, Billy Baxter in Oklahoma before returning home.

PROTECTION FOR WOUNDED SOLDIERS INCREASED

Increased protection for wounded soldiers exposed to frigid weather has been developed by the Army Quartermaster Corps in collaboration with the Medical Corps, in the form of a new casualty bag. It serves as a wind and water repellent and is to protect from freezing to 50 degrees below zero.

NO SECOND WINTER IN KOREA FOR TROOPS

No second Korea winter for troops now serving in Korea battle zones, is the order of the day. According to General J. Lawton Collins, the men who faced the frigid weather last year will all be home before this winter starts. Rotation is now underway.

Methodist Evangelistic Advance Service Starts October 25 Through November 4

The All Texas Methodist Revival began Sunday, October 7, in the Houston Area, with the various pastors of the Brownwood District being assigned to preach and direct the visitation evangelism in the churches of the Galveston District. On October 26 and continuing through November 4, the Methodist Evangelistic Advance will be held in this area. A great Young People's Rally will be held in the First Methodist Church of Coleman on Saturday night, October 27th — this will include the young people from all of the Brownwood District, which includes three counties. The Rev. Alton Jones, from the Galveston District of the Methodist Church will be the visiting preacher in the Santa Anna Methodist Church during this week of Revival effort. Every

Methodist Church of the Brownwood District will be holding simultaneous Revivals.

This Evangelistic Advance will be climaxed by a gigantic Mass Meeting in Memorial Hall, Brownwood, on Sunday afternoon, November 4th. It is expected that 5000 people will be in attendance at this great Rally, with Dr. Robert E. Goodrich of First Methodist Church, Dallas, as the inspirational speaker.

Garrison Reminds Of Driver's License Fee

Austin, Texas. — Homer Garrison, Jr., Director of the Texas Department of Public Safety, announced recently that a survey conducted at the end of the first week of the increased fees for driver's licenses indicated that

48% of the applicants for renewal of operator's and commercial licenses failed to include sufficient money.

This, Garrison pointed out, was in spite of the fact that newspapers and radio stations cooperated wholeheartedly in publicizing that the cost of both of these type of licenses were doubled by the 52nd Legislature and became effective Sept. 7.

The Public Safety Director again reminds Texas motorists that the fee for an Operator's License is \$1.00 and for Commercial License, \$2.00. The price for a Chauffeur License remains at \$3.00. As before the Operator's License is valid for a period of two years and the latter two for a one year period each.

Remitting of the proper amount with your renewal application will expedite a more prompt return of your new license, Garrison said.

Don't insist on your rites — drive carefully.
