## Santa Claus To Arrive Here Dec. 5th

### Rising Star Tilt Thursday Nite

The conference game between Santa Anna and Rising Star has been set up one day — to Thursday night, October 25. The game will be played at Rising Star and will start at 7:30 p. m.

The officials from both schools agreed that from the financial standpoint, it would be better to play the game on Thursday night. Friday night is when the two top ranking teams of the district meet and due to the place they are playing, it is not felt that the Santa Anna-Rising Star game would draw the crowd it would on Thursday night. Cross Plains and Wylie, both 3 game winners in district play to date, meet at Cross Plains Friday night. This will be the top game of the district so far as determining who the district winner will be. All other teams in the district have at least one loss chalked up against them.

The Mountaineers will journey to Rising Star Thursday night for their third conference game. Rising Star has two conference defeats and two non-conference wins to their credit. They lucked out on Early to win 12-8 and won over Gorman. They lost to Valley Mills and Baird in non-conference play and forfeited to Clyde and lost to Wylie in con-

ference play. Santa Anna is predicted to win this game by a good margin, but again the old rival spirit will be playing as in some other Santa Anna games. Last year the Mountaineers handed Rising Star a 24-14 defeat when the Wildcats were predicted to, and expected to, win. So, the Wildcats will be out to (Continued on Back Page)

### Mrs. T. T. Perry's Handiwork Wins Three Prizes at Fair

Mrs. T. T. Perry, long-time resident of Santa Anna, entered four hand-made articles in the Los Angeles, California, County Fair recently and of the four entries, she received three prizes. The entries, all hand-made, were: a quilt, a knitted beaded bag, tuck work, and crochet work. She was notified of her awards and received her prize money last week. The fair closed the last of September.

For several years Mrs. Perry has been sending entries to the California Fair, and has won a number of prizes in the past, but this is the first time she has ever received the recognition she did this year. There were well over 1,000 entries.

The News, along with other friends, extends our congratulations.

Mrs. Perry stated that even though she was not able to get out much anymore, she did not just sit around the house doing nothing. She said her fingers are busy most of the time and that she enjoys her hobby very much.

### Mrs. Gene Rinne Joins News Staff

Mrs. Gene Rinne, daughter of Mr. and Mrs. W. A. Pritchard of Santa Anna, this week joined the Santa Anna News staff.

Mrs. Rinne will act as society editor, local news reporter and also work in the advertising department.

At present she does not have any experience in any of the above departments, but will have the opportunity to learn as time goes along. Any help that can be given her will be appreciated and when you have items of local visitations, please call for her.

### W. T. Jones, Jr. Buys Simpson Turkey Hatchery

Mr. W. T. Jones, Jr., of Coleman, announces this week that he has purchased the Simpson Turkey Hatchery and that he is now owner and operator. He has been a partner with Mr. Simpson since the beginning of operation of the hatchery.

The hatchery will remain in the same location and will continue to operate under the same name. Only turkey eggs will be hatched in the future.

Mr. Jones expressed his appreciation to the citizens of this area for the patronage they have enjoyed in the past and stated that he would appreciate the opportunity of serving old and new customers in the future. He also purchased the entire interest of the Lone Star Turkey Hatchery and the Lone Star Turkey Farm.

The Simpson Turkey Hatchery will hatch only turkey eggs and will sell Broadbreast Bronze and Beltsville White turkeys. They also handle a full line of commercial feeds and turkey medications.

### F. A. Parsons Elected Sexton of Cemetery

F. A. Parsons was elected sexton, or caretaker, of the Santa Anna Cemetery, at a meeting of the members of the Cemetery Association Tuesday afternoon, in the Santa Anna National Bank building. Parsons succeeds the late Claud Conley.

Mrs. C. T. Conley was elected to the Board of Directors as Secretary. Other business matters were discussed at the meeting with the President, Emzy Brown, and members Clinton Lowe, Mrs. J. R. Gipson, Sam Collier and J. J. Gregg, being present.

### Holidays For Local Merchants Announced

The Community Chamber of Commerce this week announced that the local merchants will observe Monday, November 12, as Armistice Day and Thursday, November 22, as Thanksgiving Day.

November 11, Armistice Day, falls on Sunday this year, and as it is one of the five holidays chosen by the business men, to observe, they will take Monday as the holiday.

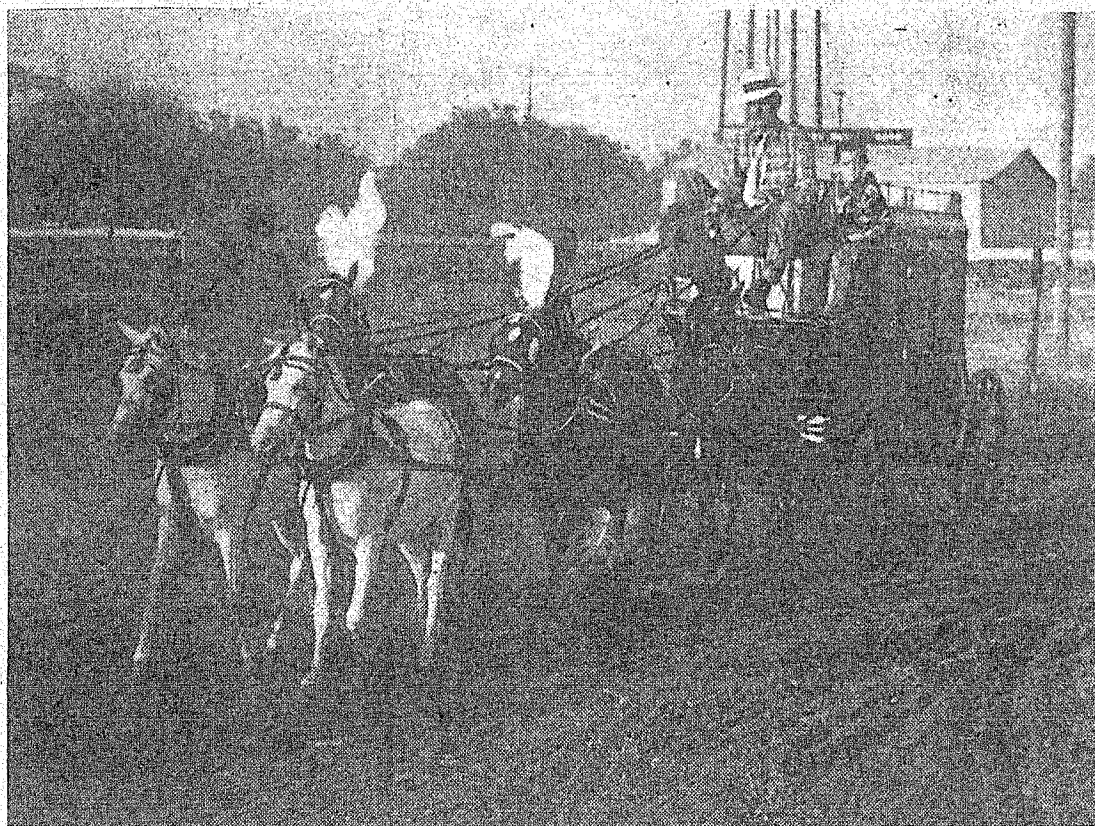

You are requested to keep these dates in mind and conduct your business accordingly.

### County Service Officer Here Each Wednesday

The County Service Officer, Mr. H. H. Williams of Coleman, will be in Santa Anna each Wednesday, beginning Wednesday, November 7, from 10:00 a. m. until 4:00 p. m.

He will be at the Justice of the Peace office, across the street south from the City Hall, and his services will be free to all who need them.

### THE SANTA CLAUS STAGE

PICTURED ABOVE IS THE MINIATURE STAGE, that Santa Claus will arrive in Santa Anna on. He will be here Wednesday, December 5 from 2:30 until 4:00 p. m. and all the children and grown-up of this area are invited to be in Santa Anna to visit and talk with Santa Claus and to witness the grand parade that will start at 2:30 p. m. About 12 other wagons and small shetland pony-drawn vehicles will be in the parade.

### Methodist All Texas Revival Begins Here Sunday

The Rev. J. Alton Jones, from LaMarque, Texas, will be the visiting preacher for the revival beginning Sunday in the Santa Anna Methodist Church. Services will be held each evening during the week, at 7:30. The revival in this section will be climaxed with a gigantic Mass-Rally at Memorial Hall in Brownwood, Sunday, November 4th, at 3:30 p. m.

Beginning each evening at 6:00 p. m., teams of Lay-Visitors will meet for instruction and go to the homes of prospective members, at the same time the services are being held in the church. Combining the two methods of Pulpit and Visitation Evangelism, the Methodist Churches of the Southern and Eastern half of the State, received commitments from 10,854 people. As this great movement continues in the Churches of the Northern and Western half of the State, thousands of additional commitments are expected for Christ and His Church.

This Evangelistic Advance is really a "Lay Evangelistic" Advance — for it is the effort on the part of the Visitation Teams of Laymen and Laywomen, that produces the new commitments to the Christian Life.

A great Youth Rally, Saturday, October 27th, at 8:00 p. m. in the high school auditorium at Coleman, marks the beginning of the Evangelistic Advance for the Youth of the Churches of this area. A mass Choir of 100 Voices will provide the music for this Rally. Miss Sandra Shields of the Santa Anna Methodist Church will be a soloist with this choir. The Rev. Kermit Hollingsworth, from the First Methodist Church, Galveston, will be the inspirational speaker for this Youth Rally.

Everyone is most cordially invited to the Revival Services, each evening at 7:30 p. m., at the Santa Anna Methodist Church.

Mrs. Artie Irby, Mr. and Mrs. Wiley Seals and Mr. and Mrs. M. A. Millers of Knoxville, Tenn., spent the week end in Lubbock with Mr. and Mrs. H. W. Seals and Mr. and Mrs. Loren Seals.

### Ford Barnes Master Of Ceremonies At Diamond Jubilee Celebration Saturday

The Community Chamber of Commerce and the Coleman Board of Community Development are sponsoring the Diamond Jubilee celebration of Coleman County, to be held at the old Camp Colorado replica in the Coleman Park on Saturday, October 27. Ford Barnes, secretary of the CCofC has been named as Master of Ceremonies.

Registration will start at 10:00 a. m. Saturday morning and will continue until 1:30 p. m., Barclay Martin will be in charge of registration. During this time the old-timers will have an opportunity to get together and talk over old times.

The actual program will get underway at 2 o'clock when the MC introduces James Padgett. Padgett will give the history of Coleman County. Following this an invitation will be extended to old timers to relate parts of the county's history that they recall. A time limit of ten minutes will be given each one. Following the history of the county, everyone present that was in the county in 1876 or earlier will get together to have their picture made: then everyone present who was in the county between 1876 and 1885 will get together to have their picture made.

At 3:00 p. m. awards will be given to the first man and first woman in Coleman County, who are present at the Jubilee.

The Old Fiddlers Contest will follow and will be under the direction of Ovide White. Awards will be given the winners immediately following the contest.

Several hundred former and present residents that were in the county before the turn of the century, have indicated that they plan to be present for the affair. A number who plan to attend indicate they were in the county in the 1870's and 1880's, with three, John Jones, Mary Wood and George McNamara, indicating they were in the county in 1876.

If there are others in the county who were here at that time, you are requested to write the Board of Community Development, Coleman, Texas, as soon as possible, in order that you might be included in the group. Any old-timers who were in Cole-

man County before 1900 who has not already been listed with the BCD are requested to also write them as soon as possible. Any pictures that were taken before 1900 are also needed and they will be returned soon after the jubilee. Pictures should have bi-lines with them and the owners name and address should be on the back of the picture.

### Good Rains Fall Monday Night

Reports from over the county indicate that the county was covered with good rain fall Monday afternoon and night. Reports from south of town indicate that a little over two inches fell and from north of town combs reports that over an inch fell. One and one-quarter inches fell in Santa Anna.

### Results Of Junior Sheep Show At State Fair

Donnie Oakes, Sharon Garrett, and Billy McClellan each took their part of the honors at the State Fair of Texas last week in the Junior Sheep Show, judged Wednesday, October 17.

In the first division of Fat Lambs, including Southdown or Shrophshire Purebred, Sharon Garrett took 10th and 16th of 25 places awarded.

In Class Three of Fat Lambs, including Rambouillet or Delaine-Merino Purebred lambs, Donnie Oakes took 4th place and Sharon Garrett took 6th and 13th places out of the 25 awarded.

In Class Four Fat Lambs, Cross Bred, Donnie Oakes took 1st and 2nd places and Billy McClellan took 3rd place, of the 25 places.

Mrs. Vera Shield will leave Saturday for Larsen, Wisconsin, to spend the winter with her son-in-law and daughter, Mr. and Mrs. J. A. Clark and family.

Winning an argument is the best way to lose a friend.

Santa Claus will officially open the Christmas Season in Santa Anna on Wednesday December 5, when he arrives in Santa Anna by stage coach at 2:30 p. m. A big parade is being planned with the Santa Anna Band and most of the school children participating. Bands from the neighboring towns will also be invited to take part in the parade and some contests are being planned for the children to participate in.

John W. Norman, owner of the Lazy N Stables of Winters, will have charge of the principal part of the afternoon festivities. Mr. Norman will be the stage driver, which will be pulled by 6 shetland ponies that are not but 36 inches high. The stage will be a miniature reproduction of the early American coach, which took months of planning and research to build. It took more than a year to match the ponies and a lot of effort has been put into their training.

The two-year old white fillies in the lead hook-up will be dressed in blue trimmed harness and will wear red plumes on their bridles; the middle pair will be three-year old red sorrel fillies wearing harness trimmed in white with white plumes; the wheel horses are blue-roan and wear harness trimmed in red with blue plumes on their bridles.

A number of other miniature "horse and buggy" day vehicles will also be in the parade, all pulled by small shetland ponies.

Plans are being made for one of the shetland ponies to be given away on Christmas Eve. Be sure to ask your merchants about this.

### Mrs. H. O. Blair Buried Wednesday

Funeral services were held at the First Presbyterian Church Wednesday, October 24, for Mrs. H. O. Blair, who died at her home on Tuesday afternoon.

Born January 20, 1876. Mrs. Blair was 75 years, 9 months and 3 days old. She had been a resident of Santa Anna for many years and for the past several months has been in ill health. Interment was in the Santa Anna Cemetery, under the direction of Hoshel Funeral Home.

A complete obituary will be carried in next week's paper.

Mr. and Mrs. W. R. Mulroy and Evangeline visited the State Fair in Dallas Sunday. They brought his sister, Miss Mary Rose Mulroy of New Orleans, home with them for a weeks visit.

### Lions Den

The regular meeting of the Santa Anna Lions Club was dismissed early this week in order that the members could go to the high school and listen to a talk by Dr. Edward Taborsky, a professor of the University of Texas, who has been in Communist dominated countries most of his life. A good crowd was present to hear the very interesting talk.

Lion McBride gave a report on the forthcoming football games and Lion Pettit gave a report on the results of taking three FFA boys to the State Fair in Dallas, which report will be found elsewhere in this newspaper.

Guests present were Rev. Henry Jongema of Ness City, Kan., brother-in-law of Ted McCaughan; Bruce Stark and Dr. Taborsky were guests of Lion Barnes; and Ted Stewardson was a guest of the Tallwister, Lion Oakes.

The president appointed Bruce Snodgrass and F. C. Woodward as the program committee for next week.

### ARMY NEEDS CLERGYMEN

The Army has asked 300 clergymen of all faiths to volunteer for the Armed Forces. They are needed at once. Chaplains who are appointed as commissioned officers will receive 60 days notice before reporting for duty. The initial assignment will be the Chaplains School, Fort Slocum, New York. Initial appointments will be in the rank of First Lieutenant. The American soldier, everywhere, looks to spiritual guidance and interested applicants are invited to write to the Office of the Chaplains, Department of the Army, Washington 25, D. C.

### "I AM ALIVE" LETTER NO LONGER NEEDED

Retired personnel of the Armed Forces no longer are required to inform Washington every month that they are still alive. The Armed Forces has worked out a plan whereby retired personnel can have checks made out to themselves and be mailed directly to a bank by giving the bank a limited power of attorney

From where I sit... by Joe Marsh

### Guess They Felt Pretty "Sheepish"

My wife and I went to Central City Saturday for the football game and it was a top-notcher. But I began to wonder if it was worth the trouble when we got in a traffic jam coming home.

Traffic makes me mighty impatient. When I came to a side road that seemed to point towards the main highway, I turned onto it. This road bumps along for maybe a mile, then fetches up short by the railroad—a dead end.

So, I turned around and darned if there weren't twenty cars behind me! One driver had followed

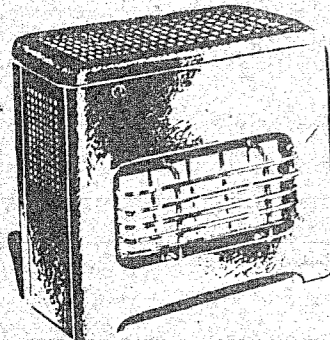

—figuring I knew a short cut—then a whole string of them swung after him, like sheep.

From where I sit, there's no sense in just "following along." Whether it's choosing a road, a movie star, or what beverage to drink at meal time, it's always better to make your own decisions. Personally, I often like a glass of beer with my dinner, but most of all, I like the freedom of making up my own mind about it!

Lucky Car

Renowned as a four-wheel grid talisman is this 1931 model Chevrolet which was brought to the Michigan campus 14 years ago when the football team's slumping fortunes began to recover. The vehicle has been passed from one coach to another and is currently owned by Bill Orwig, shown at the right of Head Coach Bennie Oosterbaan. Superstitious coaches kick the car's tires, pat its fenders or sound the horn before big games.

Perhaps the movies would be better if they shot less film and more actors.

Safety Department To Begin Educational Program In November

Austin, — Homer Garrison, Jr., Director of the Department of Public Safety, today announced his intentions of calling upon the State's newspapers and radio stations to assist his department in putting the "damper" on the false rumors and misinformation that is currently being spread in some circles concerning Texas' new Motor Vehicle Safety Responsibility Law.

Garrison emphasized that the State will conduct a through educational program in November and December to acquaint the public accurately and adequately with the purposes and requirements of the law which will become effective next January 1st.

At the same time, Director Garrison warned the public not to believe statements that the statute is now in effect or that it is a compulsory insurance law. He emphatically pointed out that the law will have no effect upon motor vehicle owners and operators until January 1st and declared that under no condition of circumstances will it compel motorists to carry automobile liability insurance.

According to Garrison, the new regulations bear no resemblance to a compulsory insurance law. He pointed further to the fact that only one state has such a law but that Texas became the 35th state to enact a security-type Safety Responsibility Law. It is true, according to Garrison that, beginning January 1st a motor vehicle owner or operator

Promptness A Necessity

The Santa Anna News

who is involved in an accident resulting in death or injury, or property damage exceeding \$100, must furnish proof of his ability to meet claims up to \$15,000 or have his motoring privileges suspended until he does. Proper insurance may be accepted as sufficient proof of such financial responsibility but the law also offers several other choices of furnishing such proof. Among these are posting a bond with the Texas Department of Public Safety or the depositing of satisfactory security with the Department. Also, under certain conditions, individuals or firms may qualify as self-insurers under the terms of the law.

The alternatives will be clearly set forth by the Safety Department as a part of the education program beginning in November. All such information released by the State will be clearly identified as such, and it will be official, according to

Garrison. In calling upon the press and radio for assistance, Garrison stated: "I am asking the public-spirited newspapers and radio stations of Texas to cooperate with the Department of Public Safety, on behalf of the State, in a plan to give our people all the true facts. I am confident that they will do so. This educational program will begin November 1st two months before the law becomes effective. In the meantime I hope, the people of Texas will not permit themselves to be misled again about the new law, which was enacted for their greater safety and financial protection."

Tenison, Gramad, bookkeeper for the Sand Company, had his tonsils removed last Friday and is expected back at work next week.

**THE BIBLE SPEAKS**

BY DR. D. M. FOREMAN

SCRIPTURE: Genesis 37: 29; 41-47;  
40. DEVOTIONAL READING: Psalm 105: 12-24.

**When Life Gets Hard**  
Lesson for October 28, 1951

IN an army training center there is plenty of gripe about. Time was, when sundown came, every one was off duty. Now night only begins the trouble. Night marching, night "village fighting," night everything else, in snow and ice and mud all the same, and never with enough sleep. But the army keeps on rubbing those poor boys' heads in the dirt.

Dr. Foreman

Of course the army knows what it is doing. When the boys get through with camp, most of them will be sent to where some real fighting is going on. The enemy, unfortunately, does not confine his activities to the daytime. He fights at night, in the rain, in zero weather, even on your birthday. He picks some very rough hills to fight on. In the roaring confusion of shifting battle lines the soldier does not always get his chow on time, and the nearest hospital may be too far to reach. He is out where he has to be tough.

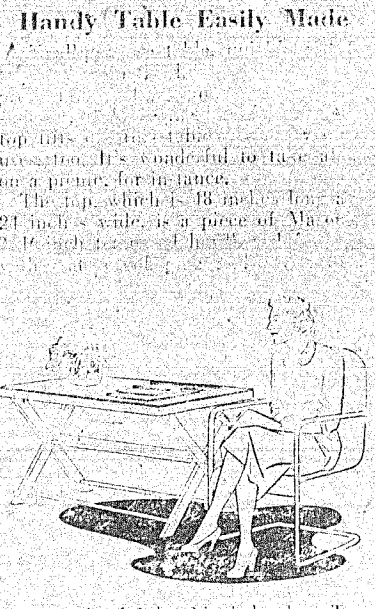

It is not only in the army that a toughening-up course is just what the doctor ordered. In real life it happens over and over again. It is not the boys who had the easiest childhood who rise most often to the top. It is the boys who worked, who had to work somehow for a living, who develop the toughness in mind and muscle to carry them through life's long struggle.

**When Life Gets Hard**  
It is sometimes thought that God should arrange things differently. What most of us want (lazy as we are) is a soft life, something pleasant, big pay and no work if we can help it. When life is easy for us we think, if we are religiously inclined, that God has blessed us; but if life gets hard, we think God must have forgotten us. Quite the contrary.

There is an almost forgotten verse in the New Testament: "The Lord disciplines the man he loves, and scourges every one whom he receives." (Heb. 12:6, Moffatt's translation.) The man who is undisciplined never grows up, he is a perpetual boy. For the same reasons, no one ever became God's man except through God's discipline.

**Forge For A Sword**  
THIS is as true of nations as of individuals. The story of the Hebrews in Egypt is one case in point. They had it hard, about as hard as any people who ever lived. They became slaves, and remained slaves for hundreds of years. Humanly speaking, God's total plan would not have succeeded unless the Hebrews had gone through that "furnace of affliction." If Jacob and his family had stayed on in Palestine, there never would

**Handy Table Easily Made**  
This table is made of lumber. The top is 1 by 2 inch lumber. Two supports of the same size lumber should bridge the long sides of the framing at intervals of 16 inches. The cross-ends, also of the same dimension lumber, are joined at the tops and bottoms by half-inch dowels and at the center by a dowel of 3/4 inch diameter. To hold the legs in the extended position, the craftsman will nail a strip of lumber across one set of legs so that the maximum opening at the floor is 20 inches and the height of the legs in this position is 20 inches. With the exception of the center ones, the dowels may be glued. This table may be attractively finished with a primer and two coats of exterior quality paint. It may be used not only on the porch, but out-of-doors, in the lawn, the laundry and other work and recreation areas of the home.

**Social Security For The Self-Employed**

Editor's note: This is the first of a series of three brief articles on Social Security for the self-employed. These articles are based upon materials furnished by the Social Security Administration, Abilene, Texas. They are designed to answer the businessman's questions, as to how the new Social Security law affects him and what he should do about it. The second article will appear soon.

**WHAT SELF-EMPLOYED PERSONS ARE INCLUDED?**  
If you operate your own business, or are a partner in a trade or business, the 1950 amendments to the Social Security law affect you. If your net earnings for the year 1951 amount to \$400 or more you will pay Social Security tax for the year, and thus will have Social Security credits. Operators of practically all types of commercial businesses are included. For example, oper-

ators of stores, filling stations, barber shops, laundries, tourist courts, etc. are included. Also included are such self-employed persons as writers, photographers, private teachers, sign painters, and independent contractors.

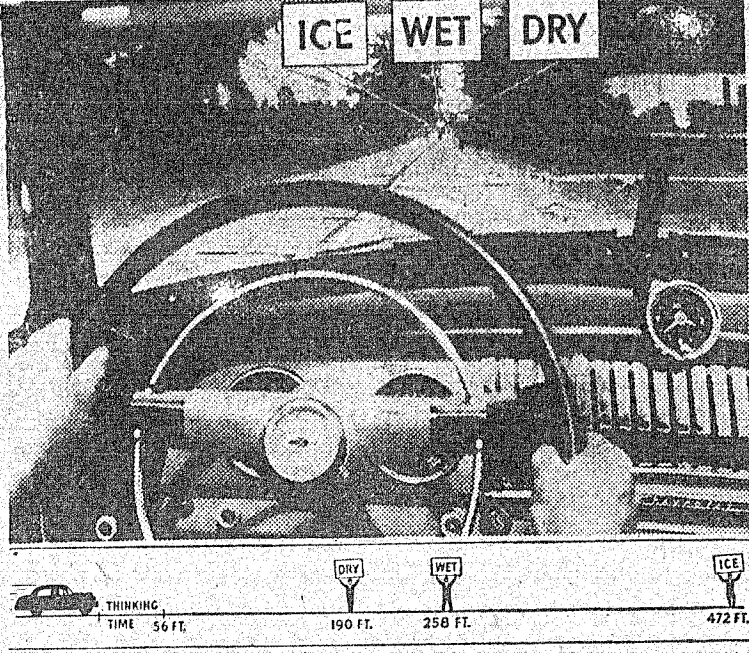

Not included are self-employed farm and ranch operators and self-employed persons in the following professions: physician, lawyer, dentist, osteopath, chiropractor, optometrist, naturopath, veterinarian, architect, full-time practicing accountant, Christian Science practitioner, professional engineer, and funeral director. The second article in this series, which will appear soon, will tell you about the tax rate for self-employed, how reports are made, etc.

**Life Goes On**  
THIS is not the whole story, of course. Life, even the hardest kind of life, is not merely a preparation for battles to come. It can be worth living for its own sake. The trainee may find friends and happiness even in a very tough camp. And down in Egypt, in all the years of Hebrew hardship, life went on. People fell in love and were married, children were born, were brought up somehow, were taught the difference between right and wrong, were taught about the true God.

People nowadays are sometimes jittery about the prospect of "life as we know it" being destroyed. Well, maybe it will be; who can deny that we have it coming to us? But life will not be destroyed. Under the harshest of circumstances, life will go on, and those who will accept life's troubles as the sending of God will find a blessing even in what at the moment hurts the most.

**Safe Braking Margin Varies**

Importance of driving in accordance with highway conditions is illustrated by this diagrammatic view prepared by Chevrolet in the interest of traffic safety. Standard braking tables reveal 190 feet is required for a stop at 50 miles an hour, allowing three-quarters of a second for a driver's reaction to an emergency. When the pavement is wet, however, the distance increases to 258 feet. On icy pavement 472 feet will be covered before a car brakes to a complete stop.

**BAND BOOSTERS CLUB MEETING**

Approximately 40 members of the Band Boosters Club met in Service Cafe Tuesday, Oct. 9. The purpose of the meeting was to discuss buying new uniforms for the band members. A committee was selected to investigate designs and prices, which they will give a report on at the next meeting.

## Fetterman - Zablasky

Miss Joyce Fetterman, daughter of Mr. and Mrs. Louis Mudd, of San Antonio, became the bride of Sgt. Calvin D. Zablasky, son of Albert Zablasky of Palestine, Texas.

The candlelight ceremony took place at the Gill Ranch, in the ranch home of Mr. and Mrs. T. J. Adkins, of Whon.

Rev. Maurice Smith, pastor of the Whon Baptist Church, read the ceremony, after Miss Sandra Shields of Santa Anna sang "Always".

The bride wore a blue linen suit with matching accessories and carried white gardenias on a white Bible.

After the ceremony cake and punch were served to twenty guests.

The couple will make their home in San Antonio, where Sgt. Zablasky is stationed. He has recently returned to the United States after a tour of three years in Japan and one year of active duty in Korea.

Mrs. Marion Martin was installed as Adah and Mrs. Sylvia McBride as Martha, by installing officer Retta Bartlett and installing marshal Carmen Donham.

After the chapter was closed, delicious home-made coconut cake and ice cream were served by Mrs. Lora Rollins and Mrs. Hallie Williams.

## McCullough Circle Met With Mrs. Dovie Chapman Monday

"It's Happening Now" was the title of the topic given by Mrs. Ed Jones; "Looking for a Treasure" by Mrs. Jim Dunn; "Sweet Potatoes and Prayer" by Mrs. J. L. Boggs; "We Need a Trained Negro Minister" by Mrs. Louis

Newman; and "Pirates, Coconuts and Baptists" by Mrs. Dovie Chapman, when the McCullough Circle met in the home of Mrs. Chapman Monday, October 22, at 2:30 p. m.

Nine members and Mrs. Harry C. Wigger, president of the W.M.S., were present.

The next meeting of the McCullough Circle will be October 31, at 2:30 p. m. in the home of Mrs. Louis Newman.

## Mrs. J. R. Banister Has Birthday

Mrs. John R. Banister was honored on her 80th birthday last Saturday, when Mrs. C. D. Bruce, her daughter, was hostess to a few friends in her home.

Each guest brought a picture of herself as a child or young woman, and a contest was held to guess their identity. Several dozen old pictures from the collection of Mrs. Banister's were displayed, of people and buildings of Santa Anna in the nineties. Old-time ballads, folk-songs and square dance tunes were played on the piano.

A refreshment plate was serv-

ed, the hostess being assisted by Mrs. Tom Kingsbery and Mrs. Grady Banister. Others present besides the honoree were Mrs. J. L. Stewardson, Mrs. Sam Collier, Mrs. Fred Turner, Mrs. W. E. Wallace, Mrs. T. R. Sealy, Mrs. F. C. Woodward, Mrs. J. R. Gipson, Mrs. Earl Watkins, Mrs. R. C. Gay, Mrs. Dovie Chapman and Mrs. Kitty Walker.

## Mrs. Cecil King Honored With Tea

Mrs. Cecil King, who until her recent marriage was Miss Tommie Sue Holmes, was honoree at a gift tea given by Mrs. Charles Wristen and Mrs. Vernon Herring in the Herring home Saturday.

Receiving with the hostess were her mother, Mrs. Kate Holmes, of Brownwood, Mrs. Willard Allen registered the guests in the white-leather bride's book.

The tea table was laid with a white hand-crocheted cloth over chartreuse. The crystal punch-bowl was on a reflector and surrounded with pink hollyhock blossoms and ferns. Mrs. Charles and daughter, Betty, of Van-

Wristen presided at the tea table and Mrs. Elmo Eubank displayed the gifts.

About 25 were present.

### Winter Preparation Should be Done Now

Preparation of the cooling system for cold weather is an important part of automobile maintenance too often overlooked, advises E. L. Harrig, manager of the service department, Chevrolet Motor Division.

"Car owners usually see that oil is changed, lubrication performed, tires inspected and brakes and batteries checked," Harrig says, "but often neglect the cooling system until overheating develops."

Harrig points out that overheating does not develop suddenly. Causes of overheating build up over a period of time, during which the efficiency of the engine gradually is reduced. Iron rust particles in the water form 90 per cent of the material

which clogs the cooling system, with water-scale and grease also contributing. In hard-water areas, water-scale is a more formidable consideration.

"A small amount of rust — enough to fill the top quarter-inch of the water tubes — will cause serious restriction of flow," Harrig explains. "To prevent this formation, a suitable cooling system cleaner should be used."

"Washing soda and other alkalis, or kerosene and other organic solvents are not entirely successful. They cut grease and loosen rust, but do not dissolve the rust nor remove it from the radiator core, block or head. New cooling-system cleaners have been developed which contain

both a liquid and a powder. The liquid dissolves the grease which holds rust and scale together. The powder emulsifies the oil and grease, allowing it to be flushed out with the loosened rust particles."

To prepare the car further for winter driving, the battery should be checked, brakes adjusted, lights inspected and wheel alignment examined. Be sure the heater, defroster and windshield wiper are in working order, Harrig says, and replace windshield wipers that are cracked, because of interference with vision. Smooth tires are a menace on slippery streets or roads. Continue lubrication and oil-change on regular schedule.

Mrs. Charles Hogue and boys and Mrs. Darwin Watson, Jr., visited with friends and relatives in Boerne and San Antonio recently.

## IN A TRACTOR THIS SIZE

The CA Tractor is actually a new size in the Allis-Chalmers line. Here is a two-plow tractor with all the snap and power you could ask for.

Watch the way it handles its Two-Bottom plow in all kinds of soil. It hustles every job with extra traction and reserve power.

Ten-inch tires on ten-inch rims put more of the tire in contact with the ground — for increased traction. Slower low gear and optional Two-Clutch control give unusual power take-off capacity.

You ought to see this tractor work. Give us a ring and we will let you try it in your fields.

# A WORD OF APPRECIATION

For a number of years the Simpson Turkey Hatchery has enjoyed a nice patronage from you, as a partnership between W. T. Jones, Jr., and C. W. Simpson, and we have appreciated it very much.

Recently the interest of Mr. Simpson in the Simpson Turkey Hatchery, Simpson Turkey Farm and Lone Star Turkey Farm was sold to W. T. Jones, Jr., and the business is now entirely owned by him.

The same operation we have had for these years here will continue from the same location we have occupied since we started — producing better Broadbreast Bronze and Beltsville White Turkey Poults — and solicit your continued good patronage.

## Turkey Poults

**Broadbreast Bronze      Beltsville White**

We handle only U. S. Pullorum clean poults, properly hatched in our U. S. Pullorum hatchery, where no baby chicks or chicken eggs are hatched. We are now booking Broadbreast Bronze and Beltsville White poults for 1952 delivery, and would like to talk to you about your next seasons operations.

## LARRO FEEDS

Complete line of General Mills turkey, chicken, dairy, hog and rabbit feeds. We have one of the best Poults and Feed Finance plans, being used successfully by some of our best turkey raisers.

We carry a complete line of Dr. Salsbury's poultry medications, and have a laboratory trained man to help you with your turkey and chicken problems.

**Overweight Is Health Problem**

Austin, Texas. — "Obesity" is a classy word meaning hefty, overweight, or plain fat.

Over 25,000,000 people in the United States are overweight. In Texas the number is probably close to 100,000, causing what State Health Officer George W. Cox calls "a significant public health problem".

Obesity, the doctor declares, brings on a predisposition to diabetes and high blood pressure, and adversely affects arthritis. He says diabetes occurs two and one-half times as often in obese persons as it does in people of normal weight. High blood pressure occurs three times as often.

The answer to obesity? Reduce. But do it right, Dr. Cox cautions. This is what State Health De-

partment nutritionists recommend as a good reducing diet:

A daily quart of skim milk or buttermilk, taken during or between meals. Milk is high in protein, mineral and vitamins, and helps prevent a hungry feeling.

One serving of lean meat each day, cooked without added fat. Eat liver frequently for its high nutritive value and low calorie count. Fish and poultry can be used for variety, if prepared by steaming, broiling, or baking to avoid excess fat.

One egg daily, preferably more. They can replace some of the lean meat, but be sure to cook them without fat.

Vegetables, the leafy green, calorie-short type, should be used generously for their bulk, seasoned with vinegar, lemon juice, chopped onions, and cabbage — both cooked and raw — are beneficial, too.

Citrus fruits and tomatoes are the best food in the fruit department for the heavyweight. Eat them unsweetened.

All cereals and bread should be of the whole grain, enriched var-

ety. Three servings daily are safe, eaten without cream, butter sugar or gravy.

Tea or coffee may be used as beverages, provided no sugar or cream is added. Skim milk could be used, however, and saccharin makes a good substitute sweetener.

Deserts, the doctor says, are O-U-T for the conscientious reducer.

Mr. and Mrs. J. A. Maxwell of Big Lake, visited Mrs. Nell Lock and Mrs. J. B. Lowe over the week end.

Mr. and Mrs. A. B. Little and girls and Mr. and Mrs. Derriell Warnock took Mrs. M. A. Pritchard to San Angelo Sunday to spend a few days with Mr. and Mrs. J. V. Gilbert and boys.

Mr. and Mrs. H. P. Teague of New Braunfels, spent the first of the week with Mr. and Mrs. A. Hefner and Jeanne.

Mr. and Mrs. Derriell Warnock of Brownwood, visited her parents, Mr. and Mrs. A. B. Little, over the week end.

avenge themselves for that loss. The Mountaineers are expected to win this game and after the game at Clyde last week, there should be no doubt about it. The Mountaineers have shown a big improvement during the past 2 games and with their improvement expected to continue, they are likely to be contenders for one of the top places in District 7-A. Santa Anna has beat Early and Rising Star beat them also, but Baird handed Santa Anna a 34-13 defeat and last week handed Rising Star a 14-13 defeat, but paper statistics are not worth very much. So we will be expecting the Mountaineers to return home with their first conference victory Thursday night.

Most of the boys were in excellent condition the first of the week. Gary Patterson is still suffering a sprained ankle, that is healing slowly and Royce McIver did not get to work out Monday and Tuesday because of a sprained ankle. However, both boys are expected to be ready to start the game Thursday night.

As usual, the Mountaineers will be outweighed on the line and in the backfield again this week. The Wildcats have a line average of 161 pounds and a backfield average of 151 pounds. The local averages are on the line 155 pounds and in the backfield 143 pounds. For a complete line up of both teams turn to the football page advertisement elsewhere in this issue of the paper.

**THE CLYDE**  
Until last Friday night not one team in District 7-A had a tie chalked up against them. Santa Anna was predicted to lose to Clyde by at least two touchdowns, but the Mountaineers lit the fuse in the early part of the game and continued to carry it right on through the entire game.

The Mountaineers took the kick-off and picked up three yards on their first play from scrimmage. The next play they were penalized for backfield in motion, as they were on most all their other spectacular plays of the evening. After an exchange of the ball the Mountaineers received a fumble on the Clyde 33 yard line and started a drive that carried them to the 6-inch line before losing the ball on downs. The Mountaineers recovered another fumble early in the second period on the Santa Anna 47-yard line, later were forced to kick with the ball going to the Clyde 17-yard line. A loss of almost 17 yards on the next play left Clyde on their 1-foot line. They kicked out with the ball coming to rest on their 21, and four plays later Melvin Pollock pushed the ball over from the 4 yard line. Pollock also kicked the extra point and the half-time score was Santa Anna 7, Clyde 0.

Early in the third period Santa Anna started a drive on the Clyde 27-yard line and pushed the ball down to their 14 yard line and 3 passes failed to click and the ball went over. Three plays later the Mountaineers recovered a fumble on their 19-yard line, attempted a pass that was intercepted and was carried to the Clyde 14 before being brought down. Clyde fumbled the ball and it rolled to the 1-yard line before it was recovered by the Mountaineers. Early in the fourth period the Mountaineers fumbled on the Clyde 39 and Clyde started their TD drive from there. Later the Mountaineers received another of their backfield in motion penalties that cost them about 50 yards (they would have had the ball on their 5-yard line had the play been allowed to stand) and they kicked to their 3-yard line. Clyde made a desperate effort to score again and pushed the ball down to their four-yard line as the game ended.

This was by far the best game the Mountaineers have played this year. Every man on the team played his best every down and there was no let up, as there has been in some of the other games.

## First Baptist Church News

Rev. Harry C. Wigger, pastor of the First Baptist Church, is away this week attending the Texas Annual Baptist Convention, now in session at Houston. It is a time looked forward to by Baptist leaders all over Texas and surrounding states. Over 15,000 had registered for the opening Tuesday night. Some 10,000 denominational leaders met there Monday for the two-day sessions of Baptist Brotherhood of Texas and the Woman's Missionary Union. Each of these is an auxiliary to the Baptist General Convention of Texas.

Sunday will be highlighted at the church by honoring the Junior Department. Mrs. Vernon Rowe is the efficient Superintendent of this department. We are anxious to have every Junior teacher and pupil present on this day.

The various Missionary Organizations report enthusiastically of their meetings this week.

The McCullough Circle met at the home of Mrs. Dovie Chapman Monday afternoon at two o'clock. As chairman, Mrs. Chapman had planned an interesting program from the Missionary periodicals. Several of the members gave parts. There were ten members present.

The Oliver Circle met with Mrs. J. Ed Bartlett, at which time organizational plans were made and the work outlined for the year was discussed. Mrs. J. C. Matthews led in Scripture questions and answers. Mrs. John Brown gave the devotional. Eight were present.

The Pool Circle met at the Church Tuesday evening at 7:30 with six in attendance. Mrs. Richard Horner presided over the meeting. Mrs. Vernon Rowe taught the Guide to Community
