Texas Farmers Lead In Comfort

The average Texas farmer has it all over his neighbor in other states for efficiency and comfort.

Texans, with the largest number of electrified farms in the nation, are reaping the benefits of the equivalent of three dozen robot servants in mechanical conveniences and power facilities, estimates Minneapolis-Honeywell researchers.

For example, in a special study they found that Texas leads the nation in the use of automatic heating systems, warming themselves with more than 194,150 modern gas space heaters alone. Gas ranges are in use in 45,000 homes and some 39,352 homes have automatic water heaters, again putting the state among the pacesetters in use of such

work-saving equipment. Furthermore, they pointed out that other automatic aids to living comfort as deep freezers, automatic dishwashers and laundry equipment are virtually standard items in the homes served by the rural electrification system.

Texas, with the most farm homes using electricity — 265,195 to be exact — is out front in making rural life more comfortable than city living was ten

years ago.

Oil Activities
IN COLEMAN COUNTY

Ranger Oil Co., Abilene, will drill No. 1 J. S. Laughlin as a wildcat two miles southwest of Trickham. Location is 1,500 feet from the north and 2,400 feet from the west lines of Stewart Perry Survey 194. Projected depth is 1,200 feet with cable tools.

W. C. Parsons, et al, No. 1 T. N. Evans is to be Fortenberry Gas Field project three and one-half miles north of Santa Anna. Slated for 2,990 feet with rotary, it will be 3,600 feet from the north and 330 feet from the west lines of Section 47, T&NO Survey.

James L. Young No. 2 Mrs. Gussie Wise, et al, Buenita Aldereta Survey, wildcat 12 miles south of Santa Anna, has been abandoned at 1,490 feet.

The area seven miles north of Coleman gained a Morris Sand discovery well with the completion of L. H. Choate & Bankline Oil Co. of Cisco No. 1-4 Mrs. Josephine Ballard, E. H. Williams Survey 4.

Daily potential was 57.40 barrels of 39 gravity oil and five per cent water. It is pumping from 40 perforations at 2,449-50 feet. Casing was set at 2,464 feet, total depth. Operator requested that the discovery be named the Ballard Field.

Three and one-half miles southeast of Santa Anna, Louis Franklin and others of Coleman are to drill the No. 2 J. L. Boggus. Slated for 1,550 feet with rotary, drillsite is 690 feet from the south and 1,115 feet from the east lines of Block 7, Manuel Martinez Survey 751.

In the Northwest Santa Anna Breneke Sand Field, two and one-half miles west of Santa Anna, Davis and Calvin of Olney No. 6 C. D. Bruce, et al, to be drilled to 1,975 feet with rotary. Drillsite for No. 6 Bruce is 250 feet from the south and 150 feet from the west lines of a 66.8 acre tract and being 1,450 feet from the north and 4,850 feet from the east lines of J. Scott Survey 665.

A. W. Gregg of Houston No. 2 E. McEntire is to be drilled one and one-half miles northeast of Talpa in the North Talpa Serratt Field.

Drillsite is 330 feet from the north and east lines of W. L. Bruce Survey, and 330 feet south and west of the southeast corner of F. Owen Survey 310. No. 2 McEntire is contracted for 2,500 feet with rotary.

In the Glen Cove Jennings Sand Field, one-fourth mile north of Glen Cove, E. B. Fletcher of Dallas No. 2 J. M. Futrell is to be drilled.

Slated for 3,800 feet with rotary, drillsite is 330 feet from the north and west lines of Section 4 T&NO Survey.

One mile north of Glen Cove in that same field, E. B. Fletcher No. 1 T. E. Yates, Section 7, T&NO Survey, has been plugged at 3,562 feet.

A Morris Sand discovery well was in prospect Saturday for the area six miles north of Novice, at the Bay Petroleum Corp. No. 1 Unit 1 Dunman Section 47, GRR Survey.

Operator topped the Morris at 3,140 feet. There was a show of oil at 3,140-45 feet. A drillstem test was taken at 3,139 feet.

Tool was open 30 minutes. Gas estimated at 3 to 5 million cubic feet per day surfaced in one and one-half minutes. Recovery was 70 feet of oil and 10 feet of oil cut mud. Shutin pressure was 1,280 pounds. Flowing pressure was 870 pounds.

Operator then took a core at 3,146-51 feet. Recovery was 47 feet of porous saturated sand.

A drillstem test was taken in the zone at 3,146-51 feet. Tool was open one hour. Gas, measured at 3 million cubic feet per day surfaced in two minutes. Oil flowed at the surface in 10 minutes. Recovery in the pipe was 200 feet of oil and two feet of slightly salty water. Shutin pressure was 1,260 pounds and flowing pressure was 900 pounds.

Casing was run to 3,150 feet. Operator then perforated the section at 3,146-49 feet with four holes per foot. Swab was pulled three times and the well kicked off and flowed 25 barrels of oil the first hour.

Potential was due to be taken this week end.

New Chevrolet On Display Saturday

A brilliant array of smart, new colors, a richness in passenger compartments never before achieved in the low-price field, an easier ride and readier power response headline an impressive list of advances in the 1952 Chevrolets.

Distinguished in styling and performance, the new Chevrolets meet in every respect the exacting standards that have won the company its dominating position in the automobile industry. In 1951 Chevrolet sold more cars than any other make for the twelfth consecutive peacetime year.

Specifically, the new models on display tomorrow (January 19) at dealer showrooms offer:

Greater comfort through radically re-engineered power mountings and a re-design of shock absorbers.

Improved performance under extreme operating conditions through refinements in carburetion.

A wide variety of solid and two-tone color exteriors combined with harmonizing interior fabrics that give the customer an amazing 129 choices when he buys a Chevrolet.

The models to be shown at the Earl Morris Chevrolet Co., in Coleman, represent eleven body types comprising the Chevrolet passenger car line for 1952. Again this year, the company will produce two series, the Special and DeLuxe. Ranging from the ultra-practical business coupe to the swank Bel Air, the line affords an unusually complete assortment in bodies, appointments and accessories.

In eye-appeal the latest Chevrolets present a balanced beauty of design. A new radiator grille, fresh ornamentation and bright metalwork impart a lower, longer appearance.

Bodies by Fisher retain the same spaciousness of a year ago, but more than ever before in-

teriors possess an atmosphere of custom coachwork. In the "harmonic interiors" of De Luxe sedans, for instance, two-tone upholstery is furnished in gray, blue or green. Instrument panel colors correspond to upholstery material.

To the passenger, the added riding comfort of the newest Chevrolets will be noteworthy. As a means of eliminating vibration in the passenger compartment, engineers devised a new method for engine mounts. Known as "Centerpoise Power," this has involved the substitution of three-point mountings for the previous mountings at five points in the frame.

The new mounting includes softer rubber members with greater vibration damping characteristics so that less vibration is transmitted from the engine to the car, giving a softer feel. Increased stability in the driving

controls is another advantage. Chevrolet's popular automatic transmission, the Powerglide which over the last two years has proved its value in the hands of more than a half million owners, again is listed as optional equipment on De Luxe models. The performance of the Powerglide models will be even further enhanced by an automatic choke in 1952. This device assures top power efficiency by automatically controlling the carburetor choke in accordance with engine load and weather conditions.

Because plgs, especially white ones, can get sunburned, agricultural authorities recommend the use of sunburn lotion on them.

Blue Bonnet Club Has Regular Meeting

The Blue Bonnet Club met January 16th in the home of Mrs. Leroy Curry with Mrs. Solan Wilson, the club president for 1952, in charge. Plans for the clubs part in the stock show was one of the main issues discussed.

Roll call has been an interesting part of Home Demonstration Club work. Each member answers with a bit of information on a chosen subject. This year the members will draw, at three month intervals, for subjects until all suggested subjects have been used. Here are a few of the suggested roll calls: (1) "Think It Over"; (5) "Scripture"; (10) "Clothing Tips"; (15) Home Demonstration News From Other Countries"; (20) "House Cleaning Made Easier" (25) "Information on Atomic Warfare".

Minutes of the last meeting and the treasurer's report was read by Miss Thelma Casey.

Mrs. Woodrow Wilson gave the council report and as she is chairman of the sandwich committee for the stock show asked the following members to help with the sale of sandwiches: Saturday, Mrs. Woodrow Wilson and Mrs. E. D. Bouchillon; Sunday, Mrs. Solan Wilson and Mrs. Erwin Casey; Monday, Mrs. Leroy Curry and Mrs. Archie Tucker; Tuesday, Mrs. Rube Lobstein and Mrs. J. D. Williamson.

The club officers for 1952 are: Mrs. Solan Wilson, president; Mrs. John Laidler, vice-president and reporter; Miss Thelma Casey, secretary-treasurer; Mrs. Erwin Casey, parliamentarian; Mrs. Woodrow Wilson, Council Delegate; Mrs. Rube Lobstein, Council Alternate.

Chairmen of the Exhibit, recreation, 4-H and Finance committees read their recommendations for 1952. All were accepted by the club.

A cereal training meeting will be held at the R E A building January 28th at 2 o'clock.

The club is to sponsor a food

sale at the school on the evening of January 26th, for a March of Dimes benefit program.

The hostess served refreshments to Misses E. D. Bouchillon, Erwin Casey, Pat Casey, Leroy Curry, Solan Wilson, Woodrow Wilson and Thelma Casey.

The next meeting will be January 24th with Mrs. Erwin Casey as hostess. Program for the day will be on Soil Testing and Health Records.

Rev. Wigger Speaks To FHA Chapter

Rev. Harry C. Wigger, speaking at the meeting of the Santa Anna FHA Chapter Thursday, January 10th, reminded his listeners that a home is not just a house. The question "what is a home?" was asked and answered by comparing it to baking a cake, listening to the news, minding a baby, and ironing. He stated that a home reflects on the personality and actions of the people involved.

Rev. Wigger showed a considerable knowledge of the FHA Chapter by repeating its meaning and purpose. He stressed the value of cooperation and obedience in the home. His closing point was that a home is the basis of society.

Rev. Wigger, pastor of the First Baptist Church, was invited to speak at this meeting by the members of the Future Home Makers of America Chapter of the Santa Anna High School. His subject "The Importance of Worthy Home Membership" was interesting and educational to all.

Rilda Stephenson, vice-president of the Chapter, introduced Rev. Wigger after the regular business meeting under the direction of the president, Billie Matthews. The FHA Chapter, under the direction of Mrs. Earl McQueen, will have its next regular meeting January 24th.

Garden Club Met With Mrs. Blue

The Mountain City Garden Club met in the home of Mrs. Hardy Blue January 9. The rooms were decorated with pot plants. A winter arrangement of spruce, star-jasmine, and nandina high lighted the decorations in the house.

Legends of Birds was beautifully given by Mrs. Otis Bivins, a plan for outdoor living by Mrs. Ford Barnes. Since Mrs. F. Z. Payne was out of town, her subject, Planting for Privacy, was conducted by Mrs. Culver in the form of a round-table discussion with all present taking part.

Roll call was answered by each one giving hints of feeding of birds.

The enthusiasm of the club regarding the project work will spread until the present work is completed.

Rev. Carroll Speaks At PTA Meeting

Rev. C. L. Carroll, pastor of the North Side Baptist Church, spoke on "Teamwork Can Do The Job" at the regular meeting of the Santa Anna PTA Tuesday afternoon. Mrs. James A. Harris, Fifth Grade had charge of the afternoon program.

The minutes of the last meeting were read and approved and Mrs. Clyde Haynes gave the Treasurer's report. The room count prize was won by Mrs. Odum's Fourth Grade.

The next meeting will be Tuesday, February 15. Miss Eudora Hawkins is scheduled to speak on "Looking Back and Looking Forward".

Duane Moredock At Sheppard Air Force B.

Sheppard Air Force Base, Texas. — Cpl. Duane Moredock, 19, son of Mrs. S. K. Moredock of Santa Anna, has entered the Airplane and Engine Mechanic's School at Sheppard Air Force Base, the home of the largest technical school of this type in the world.

During his 22-week course as a student at Sheppard he will receive intensive training designed to provide him with the thorough knowledge and the basic skills required in servicing, inspecting and maintaining every type of aircraft currently used by the USAF.

Upon graduation he will be awarded the rating of Airplane and Engine Mechanic and probably will be assigned to one of the major Air Force commands for on-the-job experience.

He was graduated from the Santa Anna High School in 1950 and entered service May 25 the same year.

SCRIPTURE: Matthew 9:9-17; Luke 8:1-35

DEVOTIONAL READING: Matthew 18:21-22

About Face

Lesson for January 20, 1952

TAX collectors and customs officers in these days are highly respectable men. They are not (officially) popular; but every one knows they are necessary. What they collect is fixed by law, and they get no commission on their collections. They live on a salary also fixed by law. If any one feels "gouged" by taxes he never accuses the collector, the fault is somewhere else.

Dr. Foreman

Now in Palestine, in the time of Christ, it was different. Throughout the gospels the name "publican" or, as translated in present-day English, "tax-collector", is evidently a name for a mean man. Jesus himself used publicans as examples of the lowest level of society. The reason was this: In the Roman system of tax collection, the privilege of levying taxes in a given district was "farmed out", that is to say, offered at auction. The highest bidder was given the franchise, and then he, or men he hired, would proceed to collect all the traffic would bear.

Palatine at that time was under the Romans, and the Jews had the army of occupation with them year after year. What the tax collectors did was to turn over to the Romans what the Romans wanted, and everything over and above that amount went into the collector's strong-box.

A Christian's Job

ONE day Jesus just said "follow me" to one of these men, named Matthew, and the man got up and followed him. So far as we know, he never set foot in his office, again. Very likely, as a great preacher has suggested, this was not the first time Matthew had seen Jesus. Possibly they had had conversations before, out of business hours. The preacher goes on to suggest that Matthew may have come to loathe his job, but never have seen just how he could leave it.

Be that as it may, Matthew understood quite well that he could not be both a publican and a follower of Jesus. This raises a question: Are there occupations today which a true Christian cannot follow without sin?

There was a dope peddler one night sitting on a stone wall outside a New England church. Somehow the Spirit of God blessed the singing that night, for one of the hymns sang its way straight into that man's heart, and that very hour he threw his packet of dope away and became a Christian. He never went back to that business. We can all see that he was right; but are there other businesses also that cannot have the blessing of Christ upon them?

Whom Do You Follow?

THE story of Matthew suggests also that every one is some kind of follower. Some people just "follow their noses", that is, they just keep on in the routine of their lives, doing today what they did yesterday just because they have the habit of living in this way. Others follow an ambition, others a desire for revenge, others follow pleasure, others attach themselves to a leader (political, social or what not) and follow somebody else's band-wagon.

The tragedy of the Christian church is that although every Christian, or rather every church member, has solemnly promised to follow Jesus Christ, they don't all follow him, by any means. They go right on following habit, or pleasure, or ambition, and they do not ask (as Matthew must have asked) whether these things are such as Christ can bless, or not.

In spite of Jesus' plain statement: You cannot serve God and Mammon (the god of money), people go right on serving Mammon in spite of their Christian profession.

About Face!

THE word "conversion" means simply "turning around". It means turning all the way around. When the sergeant says "About Face!" it won't do for the rookie to twist his face around, or to turn one foot. It's all the way or nothing. Yet when Jesus said "Conversion"

or gives the command "About Face!" how many Christians barely move a muscle! The church is too well loaded with half-converted people. They are turned around enough to go to church, but the rest of the week they are headed just the same way the world is headed. What we need is more Matthews, converted 100 per cent.

By Congressman
O. C. FISHER

PRESIDENT TRUMAN, General Eisenhower and Winston Churchill vied with each other for front page space in Washington last week, as Congress convened, politics buzzed, and Anglo-American problems were given a going over.

The President's annual State of the Union message, required by the Constitution, was pretty much a rehash of the one a year ago. It reviewed world events, promised a liberal amount of welfare for most every one, but was more conciliatory in that it did not dwell so much upon civil rights and the Fair Deal program. With Mr. Churchill and Anthony Eden looking on from the gallery, Mr. Truman talked for 35 minutes to a packed gallery and House chamber. The Prime Minister is scheduled to make a formal address to the House and Senate on January 17.

Everywhere up here these days politics is in the air. It is strictly an election year atmosphere—which is not given to much progress in constructive legislation. But the session will probably be a comparatively short one, with both sides grinding themselves for the big political battles of the summer and fall. Both House and Senate are due to get down to work with but little delay, and the "must" legislation will be taken up earlier than is usually the case.

GENERAL EISENHOWER'S entrance into the Presidential campaign is claiming a lot of attention, as would be expected. In the cloak rooms, restaurants, in taxicabs and on Washington street corners, people are scenting a possible grassroots upsurge in public clamor for a change in the White House when the November election comes around. And they wonder if Eisenhower can withstand the hard knocks of political realism. Even President Truman jovially suggested that the General would find out a lot about himself that he never knew before.

Under Army regulations a soldier is not allowed to actively campaign for public office. He can run but he cannot issue political statements or make campaign speeches. That means that the Eisenhower race will be in the hands of friends, with about everything the General has ever said in print being pulled out, dissected and all sorts of interpretations placed upon them.

On the other side of the picture will be the choice of a Democrat to carry the torch for the Party that is being challenged. You can hear about everything on Capitol Hill, but there seems to be a few who think Mr. Truman will run. But he is the unpredictable type, and that cannot be overlooked.

The average dopester seems to

think the President would become a contest with Senator Taft but doesn't cotton up to the idea of fighting it out with Eisenhower, if the Republicans nominate him. If he is nominated he would then be relieved of his Command in Europe and would return home for an active campaign. That might happen even before the Conventions.

General Eisenhower is a Kansan, but by accident is a native Texan, having been born near Denison. In 1944 when a small group of Congressmen were on a mission in England, the General heard about it and invited the group to visit him at his then secret headquarters near Paris. That was in September. Bob Poage of Waco and I were in the group, and we had the privilege of talking with the Allied Commander for two or three hours. I recall that Poage called the General's attention to his Texas birth.

"That's true", replied Eisenhower, "but grasshoppers were to blame for it! You see, the grasshoppers ate my father's crop up over in Kansas and he moved temporarily down to Denison where he could get a job. While the family was living at Denison, I was born. And so I guess you

can blame the Kansas grasshoppers for my being born in Texas?" But he said he took pride in his Texas birth, and had high praise for the courage of Texas troops.

Mrs. Stella Johnson and son, Milton and family, moved from their farm recently to Santa Anna. Mrs. Johnson is staying with the children here, while Milton and wife are employed in Fort Worth, to which place they will all move later.

Mrs. C. W. Stephenson, Sr., and her father, Mr. George Richardson, visited his brother, Will Richardson, in Rising Star last week.

Mrs. W. A. Shelton and grandson, Charles Ball, returned home from Dallas Saturday, where they have been visiting with Mrs. Shelton's daughter, Mr. and Mrs. William L. Akers. They were accompanied home by the Akers, who spent Saturday night with them and Mrs. Clem Ball.

Mrs. E. G. Crye of Coleman and Mmes. Cordella Walton and Galie Dees, were called to Houston Friday to attend the funeral of a brother J. D. Nicholson, who formerly lived here with his family.

Mr. and Mrs. A. H. Schriber of Mason, visited friends here Sunday.

Sgt. and Mrs. Albrus Little of San Antonio, spent the week end with his parents, Mr. and Mrs. A. B. Little. Other visitors in the Little home were Mr. and

Mrs. Derriel Warnock and son from Brownwood.

Mr. and Mrs. O. T. Stacy of San Angelo, visited friends and relatives here over the week end.

Plans Being Drawn For Filtration Plant To Be Located At Pump Station

The Leach Engineers of Coleman are in the process of drawing plans for a new filtration plant for the City of Santa Anna. Preliminary sketches were approved at the regular meeting of the City Council last week. The blueprints are expected to be completed in about 60 days.

It is expected that the City Council will authorize the building of the plant after the plans are completed. The plant is expected to cost between \$40,000 and \$50,000 which will include cleaning all the main water lines from the filtration plant to the city and all the lines in the city. It is necessary that the lines be cleaned in order to improve the water here.

The plans have been in the process for about 2 months and if the plan is approved and the plant built, it is expected to be in operation by around the first of July.

The plant will be located at the present location of the settling tanks. It will be built in such a manner that if in the future more water is needed, it can easily be built on to. The present plans call for a capacity of 400,000 gallons per day, which is approximately double what the normal consumption is during the summer months.

Provided the City Council approves the building of the plant, the \$50,000 tax bonds voted for water improvement during the time the water line to Lake Brownwood was being considered will be used. At present these bonds have not been sold, but can be sold immediately if they decide to use them.

Aunts Of Local Man Killed Saturday

Double funeral services were held at the Tuscola Baptist Church for two sisters, Miss Ad-

die Neoma McMillan, 60, of Abilene and Mrs. Chester T. Adams, 54, of Ovalo, who were killed instantly in a car-truck collision near Ovalo Saturday. Mr. Adams, a farmer, received treatment in an Abilene Hospital for rib fractures and cuts. The three were returning to their farm home near Ovalo when the accident occurred. Miss McMillan had been employed at the Abilene State Hospital since 1944.

The women were the sisters of Mrs. D. D. Aldridge of Lawn and the aunts of Mr. Warren P. Aldridge of Santa Anna.

Trickham News

By Mrs. Buck Mitchell

Rev. Cox, the Methodist pastor, preached here Sunday.

There was a meeting at the church last night to decide about the digging of the graves in the Trickham Cemetery. It was decided that each family will be responsible for the digging of their graves through their undertaker, or in any way they see fit.

Funeral services were conducted here last Wednesday afternoon for Carl Wells. Hosch Undertakers of Santa Anna were in charge.

Relatives and friends were grieved last Wednesday morning to hear of the sudden death of Mrs. T. H. Vernon. Mrs. Vernon had been in ill health for some time. Burial was in the Marion Cemetery at Waldrip, with Davis-Morris of Brownwood in charge.

The youngest son of Mr. and Mrs. Jack Dockery spent several days in the Santa Anna Hospital last week. He is reported to be alright at this writing. He was suffering from a virus infection.

Mr. and Mrs. Otis Calcote and son of Fort Worth visited with their parents over the week end.

We congratulate Wilma Bradley for winning a blue ribbon on her lamp she entered in the stock show, through the 4-H, held in Coleman last week.

Also John and Lou Featherston came out with a handful of ribbons on their sheep they had at the show.

Mrs. Oscar Boenicke, Mrs. Harry Wilson and Mrs. Buck Mitchell assisted with the food concessions at the stock show in Coleman last Saturday.

Mrs. Boenicke, local chairman for the March of Dimes, was out yesterday afternoon. If she failed to see you, kindly get in touch with her or mail in your contribution to the Coleman County March of Dimes, Coleman. The drive will continue through the rest of this month.

Mr. and Mrs. Buck Mitchell and Betty spent Sunday with Mr. and Mrs. John Mitchell and Lea of Brownwood. Mrs. John Buse returned home with them and spent Sunday night. Mrs. Buse went to her daughters', Mr. and Mrs. Tom Bowden yesterday

morning, in a few days visit.

Mr. and Mrs. H. B. James and Wanda visited Sunday with Mr. and Mrs. Nat Randles of Waldrip

Sunday afternoon visitors of Mrs. Zona Stacy were: M/Sgt. and Mrs. Owen T. Stacy and Janie of San Angelo, Sgt. Del Ray Stacy and Cpl. Floyd Bryant from Sheppard Field Air Force Base, Mr. and Mrs. Joe Stacy and children of Brooksmith, Mr. and Mrs. Walter Stacy and Mrs. Lewis Burney.

Mrs. Mae Rutherford, who has

been ill in a Brownwood hospital has been moved to her daughters home. She seems to be some better at this writing. Why not send her a get-well card. Also she will have a birthday January 19th. Her address: % J. Y. Seward, Pioneer, Texas.

Mr. and Mrs. Clark Miller were bedtime visitors with Mrs. Kingston last Friday night.

Mrs. Kingston spent Friday afternoon with Mrs. R. S. Stearns and Mrs. Gifford.

Mrs. Alice Daniels and her

daughter, Mrs. Judy Sewell of Santa Anna, visited in the Laughlin home Sunday afternoon.

Mrs. Oscar Boenicke, who visited her mother at Amarillo last week, returned home Wednesday. Her brother Bryan Eshel of Albuquerque, New Mexico, brought her home. Bryan was here attending to business.

Mrs. Beula Kingston returned home last week from a visit in Abilene with her cousins, Mrs. Flora McDaniel and Mrs. Etta Gardner.
