O. C. Fisher Seeks Re-election To U. S. Congress

CONGRESSMAN O. C. FISHER

A letter from Congressman O. C. Fisher this week requests The Santa Anna News to make a formal announcement of his intentions to seek re-election as Congressman of the 21st District of Texas.

Congressman Fisher, of San Angelo, a rather central location in the large 27-county district, has made intensive studies of this area of Texas and during the time he has served in this capacity, has sent questionnaires to the people of the district, letting their answers influence his actions in the United States Congress.

The Congressman will probably be back in the district before the primary in July and will make several appearances in his behalf. Fisher is a life-long Democrat, interested in Texas and the Southern part of the United States. He has teamed with the larger part of the other Representatives of Texas and the South and has been instrumental in seeing that some of the proposed Socialistic measures presented in the National Congress, has not passed, such as the FEPC and other similar legislation.

Congressman Fisher will likely have further announcements later concerning his candidacy.

Ira Galloway Seeks Seat In U. S. Congress

IRA GALLOWAY

Coleman, Feb. 20. — Judge Ira Galloway, County Judge of Coleman County, this week announced his candidacy for U. S. Congressman to represent the 21st Texas Congressional District.

The 29-year-old public official pledged himself to serve in Washington as a "practical, hard working, positive Congressman" who will "tend to business and get things done for the people of this district".

Judge Galloway said: "In these critical times, we must have vigorous, alert, energetic leadership. We cannot follow the leadership of men who are merely against a few things and say nothing, do nothing, accomplish nothing. "Can't do" Government won't do any longer. It is time now to change.

The widely-known civic leader added that "those men who have been in Washington cannot escape blame for the condition we are in now with taxes at an all-time high, spending going on unchecked, waste and corruption rampant everywhere, all while our finest young men die in a war which seems to have no end."

"Those who have been supposed to represent us have been either grossly negligent or hopelessly ineffective," Judge Galloway declared. "It is time to change now, while there is still time to set our country on the Christian course of honesty, integrity and courage."

Judge Galloway announced that he will undertake a vigorous campaign in all 27 counties of the 21st Congressional District. He promised to "hit hard" on the issues.

In announcing his candidacy, Judge Galloway pointed to the accomplishments of his administration in Coleman County, emphasizing that during his tenure the county government has been put "in the black".

"We have balanced our budget, paid off our debts, cut down on unnecessary expenses, and we are now operating on a sound financial basis", Galloway reported. "What we have done on the county level can be done, too, on the national level, if the people's representatives are willing to work hard enough, long enough."

Galloway was elected County Judge in Coleman County in 1950. In that election he received 9 out of 10 votes cast by voters in his community—the men and women who know him best.

Galloway was born at Glen Cove. He finished high school at Talpa. In 1941, 8 months before Pearl Harbor, he enlisted in the Air Corps and served five years. He married Sally Baxter of Ft. Ona in 1942, and they have three children: Jerry, 8, Cindy, 5, and

Craig, 2.

A busy civic leader in West Texas, Judge Galloway was selected as one of Texas' "Five Most Outstanding Young Men" in 1951. This award was presented to him in January by Governor Allen Shivers.

Among his many activities, Judge Galloway is president of his Sunday School class and a member of the Board of Stewards of the First Methodist Church of Coleman; he is past president of the Coleman Junior Chamber of Commerce, member of the executive board and the Board of Directors of the West Texas Boys' Ranch at Tankersley, a trustee of the Overall Memorial Hospital in Coleman, and he is active in Boy Scout, Red Cross, and similar working organizations.

His leadership as a county official has been recognized by his fellow County Judges of West Texas who chose him, at the age of 28, to be secretary-treasurer of the West Texas Association of County Judges. This position is a stepping-stone to the presidency of the group. He also serves as an Executive Committeeman in the State County Judges and Commissioners' Association.

COFFEE FIENDS OR ???

—Polaroid One-Minute Photo by The News

PICTURED ABOVE are three of the local coffee drinkers, with coffee cups indicating their coffee wants: at left, Neal Oakes owner and operator of Piggly Wiggly and his half-cup; center is A. D. Donham pouring coffee into the giant-sized cup belonging to Rev. Carroll Thompson, pastor of the local Methodist Church and, right, the baby-sized cup belonging to Rev. Harry C. Wigger, pastor of the First Baptist Church. Wigger was at the table, but for some reason the camera failed to catch him.

These cups, each presented the coffee drinkers by the one and only Cliff Herndon, remain in the Service Cafe for the benefit of these good Santa Annans. We can see how the cafe might come out on the small and half-size cups, but the coffee drinking Methodist is likely to have to take up donations to pay for his coffee.

S. S. Representative In Coleman Tuesday

Mr. Ralph T. Fisher, manager of the Abilene office of the Social Security Administration, will be at the Department of Public Welfare in Coleman at 1:00 p. m. on Tuesday, February 26. Persons needing information or assistance in connection with old-age and survivors insurance matters are invited to call to see him at that time.

This applies to all persons who are under the age of 75, who are drawing retirement or survivors payments, and who have net earnings from self-employment averaging more than \$50 a month for the year. These reports are in addition to any income tax returns or other tax returns that are due; in most cases, they must be filed before March 15, 1952.

Further information about these annual reports, and blank forms for their preparation, can be secured from Mr. Fisher, or by writing the Social Security Administration, Abilene, Texas.

From "I sit..." by Joe Marsh

Jiggs Gets Four "Hot-Foots"

Cappy Miller's bought himself a new car. We won't be seeing his old jalopy bouncing over the back roads any more. I'm going to miss it, too.

Many a morning Cappy and I drove off in that rattletrap for a day's hunting or fishing. We'd pile rods or guns in back, and prop open the trunk compartment—so Jiggs, Cappy's pointer, could jump in and go along.

They say when Cappy brought the new car home he opened up the hood to show off the engine—and poor old Jiggs hopped right

in! Figured it was the trunk. He hopped right out in a hurry, too. That cylinder head was mighty hot.

From where I sit, old habits are hard to shake, once they get a hold. Like, for instance, too many people are still in the habit of trying to run their neighbors' lives—telling them how to act, what to wear, whether or not to enjoy a refreshing glass of beer. I say that kind of thinking's out-moded... ought to be turned in for a new model!

Blue Bonnet Club Visits Grosvenor Club

The Blue Bonnet Club met Thursday, February 14, in the home of Mrs. Woodrow Wilson with Miss Marialice Smith, the County Home Demonstration Agent as guest. Miss Smith accompanied the club members to the open house given by the Needle Craft club of Grosvenor.

Mrs. Solan Wilson, the club president, called the meeting to order and asked Mrs. C. R. Lowe to lead the club pledge and prayer.

Mrs. John Lauder gave a preview of the club skit.

Mrs. E. D. Bouchillon reported that the Buffalo School Trustees approved the clubs use of a vacant class room as a club room.

From Council Mrs. Woodrow Wilson reported that:

Each club is expected to send a delegate to the district Texas Home Demonstration Association meeting to be held at Colorado City on the 18th day of April.

As a part of a civil defense program a first aid course is being planned and each club is urged to send a representative. There is a wealth of informa-

tion in the Extension bulletins and a large number of them are available at the County Agent's office.

Miss Smith gave her talk on the "Art of Good Banking". She gave pointers on making out a deposit slip, writing a check and the proper way to endorse checks. She stressed the danger of signing a blank check as it might get lost and if found by a dishonest person he could fill it out and draw out the full bank account of the person who signed it. Miss Smith also said that it is desirable to have a family bank account deposited to Mr. and Mrs. John Doe. If the account was listed as John Doe, if Mr. Doe should die, Mrs. Doe could not draw a penny of money from the bank until John Doe's estate was settled, which might be a long time.

The following members attended the Open House given by the Needle Craft Club of Grosvenor: Miss Marialice Smith and Thelma Casey; Mmes. Leroy Curry, J. D. Williamson, Erwin Casey, E. D. Bouchillon, Archie Tucker, Rube Lobsteln, Woodrow Wilson, C. R. Lowe, John Lauder and Solan Wilson. The Blue Bonnet Club members vot-

ed it an interesting, educational and entertaining visit.

The club's next meeting will be on February 28, at 2 o'clock, in the home of Mrs. Rube Lobsteln.

Trickham H. D. C. Has Regular Meeting

"Checking Account", was the subject presented to the Trickham Home Demonstration Club by County Home Demonstration Club Agent Marialice Smith at the regular meeting Monday, February 18, at 2:00 p. m. The meeting was held in the club room.

Mrs. Oscar Boenicke and Miss Smith led the club in two songs, "Let Me Call You Sweetheart" and "Down By The Old Cherry".

Mrs. Harry Wilson had charge of the business meeting. She also led the club pledge and prayer.

Roll call was answered with different things and some very interesting helps were given at this time.

Mrs. Albert Dean gave a good Council report.

Mrs. Wilson led the recreation with a Valentine game everyone enjoyed.

The hostess, Mrs. Lige Lancaster and Mrs. Delburn Rice arranged a very pretty Valentine table and served red jello and whipped cream and cookies, sandwiches, coffee and cold drinks to the following ladies: Mmes. Harry Wilson, Marvin Whitley, Bernice McIver, Buck Mitchell, Oscar Boenicke, Albert Dean, Bond Featherston, Misses Ruth Dean, Marialice Smith and Lyn Rice.

The next meeting will be February 27, at 2:00 p. m. at the home of Mrs. Oscar Boenicke. She and Mrs. Lancaster will give a demonstration on "Batter Rolls".

Miss Smith at Local H. D. Club Meeting

Miss Marialice Smith, county Home Demonstration Agent, met with the local club in an all-day meeting Friday, February 15, at the home of Mrs. Arthur Talley.

The morning was spent in working on a beautiful flower garden quilt. Lunch was served from 12 noon to 1:00 p. m., with each one in attendance bringing a covered dish.

One room of the house was reserved for the display of handwork. Club members cooperated 100 per cent and many practical, as well as dainty, aprons were exhibited.

Before the regular meeting in the afternoon, a short memorial service for Mrs. R. W. Douglas was held. Mrs. C. W. Stephenson, Sr., offered a prayer and "Precious Memories" was sung by five ladies.

After roll call by Miss Ellen Richards, a short business meeting was held. Then the program was turned over to Miss Smith, who brought a lesson on "Checking Accounts". According to Miss Smith, most everyone writes and endorses checks improperly.

The meeting was adjourned at 3:45, but several of the ladies remained and quilted until five o'clock.

Mr. and Mrs. Rip Mayo and boys of Coleman, visited the W. P. Aldridge family Sunday.

Secret of Courage
Lesson for February 24, 1952

There are different kinds of courage. One is physical, either enduring pain or enduring the prospect of it. Another is moral, enduring ridicule and slander, or the prospect of it. Some occasions call for both kinds. Just as there are different kinds of courage, so there are different causes of it. Physical courage may be in some cases no more than the result of ignorance.

Dr. Foreman

A passenger on a boat during a storm said to an old salt: "I'm not a bit afraid." The old Irish seaman sniffed. "Them as knows nawthin' fears nawthin'," he said.

Men who have been in combat can recall some character who lacked all the virtues but one; he was never afraid. Physical courage can even be instilled by drugs or by rum. But moral courage cannot be induced by drugs, alcohol or otherwise.

It takes more than a tough nervous system to stand up against slander, hatred and ridicule. Some men who can take a razor-blade and calmly operate on themselves for snake-bite, cannot stand the sight of human snakes who try to hiss them down.

The Inner Circle

JESUS was always on the lookout for brave men. Indeed, he made brave men.

There were three men in his innermost circle—Peter, James and John. They were men of quite different temperaments; tradition reports that they differed widely in age also. But for whatever reasons, Jesus treated these men differently from the other nine.

That is, he kept them close to him on certain occasions when the rest were left behind or shut out. These three were his only companions at the mount of transfiguration. They were the only three he allowed in the room where he brought Jairus' little girl back to life. They were the three he took with him into the garden of Gethsemane to share his agony. They failed him there—they failed him at other times as well. But the point is that Jesus kept on with them, he did not give them up as hopeless cowards; he gave them more of himself than he gave to any other mortals in his time.

It was as if the Master had said to himself, these men, at least, shall know me. And though they failed him, the time came when they did not fail.

Our story in Acts shows how these men stood up against odds; against all the weight of popular opinion, all the force of law, all the attack from the leaders of society, these men stood up with a simple courage. They showed both physical and moral courage at the same time. And even their enemies, surprised and baffled and blind as they were, understood the secret of their courage: they knew that they had "been with Jesus."

Heroes Without Medals

NOT all heroes wear medals. To this very day there are Christians who show the same kind of courage made famous by Peter and John. When a minister in Louisiana or Kentucky speaks out against the gambling which has become an octopus in his community; when he not only risks a dynamite bomb on his front doorstep from the gambling lords, but the name of "crackpot" from his neighbors; when the ministerial association of Gary, Ind., dares to stand up against powerful business interests in that city in the name of decent housing for the poor; when a Frank Graham of North Carolina dares to stand for Christian fairness to the Negro even when it means continual slander and political defeat; when Kefauver dares to stand up against corruption; you can be sure that the secret of such courage is the old one: these men have been with Jesus.

The story of Christian missions is full of such things. More than fifty years ago a heathen mob was about to tear a missionary named Pitkin to ribbons. They asked him if he had anything to say first. "Yes," he

said, "tell my son to come out here and finish my work."

They killed him; but the son did come. And one of his first converts was a man who as a boy had seen the elder Pitkin die. He had never been able to forget that kind of courage.

In our own time another missionary, with the axe literally above his head, was asked: Aren't you afraid?—Afraid of what? he said. If you kill me I shall go straight to heaven.

Coleman County Included In History Book

The following article, taken from The Handbook of Texas, is presented for reader interest. If readers wish to report inaccuracies, they should write to the Managing Editor, The Handbook of Texas, Texas State Historical Association, University Station, Austin 12, Texas.

It is hoped that The Handbook of Texas, a two-volume work containing approximately fifteen thousand articles dealing with every phase of Texas life from the primitive Indian to the present time, will be available for purchase late in 1952. As a reference and general information book, this publication will be a basic starting point for information and bibliography on practically every person, place, thing, or event of significance in Texas history.

COLEMAN COUNTY
Coleman County, bounded on the south by the Colorado River, embraces an area of 1,290 square miles in the so-called Central Denuded Region of West Central Texas at the southeastern corner of the Great Plains. The surface, of rolling plains and numerous valleys and wide bottom lands, is broken by a succession of hilly limestone ridges with a steady northward trend. The altitude varies from 1,700 to 2,500 feet. Annual rainfall is 27.56 inches, and the mean annual temperature is 65.1 degrees. Santa Anna and Bead Mountains and Robinson Peak are the chief topographic features. Timber includes mesquite, live oak, willow, post oak, and walnut; pecan crops from the trees along the streams furnish considerable revenue. Early farmers in the level valleys raised corn, cotton, and grains; peanuts, sweet potatoes, alfalfa, clover, fruits, and vegetables are also produced.

Lush prairie grass and running streams made the area a fine range for mustangs, antelope, and buffalo before the advent of the permanent settlers who found the upland areas excellent for their stock. Part of the county is now devoted to large-scale ranching and produces purebred cattle and horses of many breeds, from Percherons to Palominos. Hog production is better than average; poultry raising flourishes; both goats and sheep find ideal pasturage on the hillsides.

The oil industry of Coleman County was pioneered by F. W. Turner, who drilled the first well four miles below Trickham in 1903 and later secured contracts from major oil companies. Oil fields extend over the greatest part of the county. Natural gas is found in abundance and furnishes the chief fuel. Santa Anna Mountain yields glass sand, 99 per cent pure, in commercial quantities, as well as building stone and limestone. Coal and

The county, named for R. M. Coleman, was created out of Travis and Brown Counties in 1858 and joined to Brown County for judicial purposes. The county was tentatively organized in 1862 with the county seat at Camp Colorado, a military outpost established on Jim Ned Crtek in 1857 and occupied successively by federal troops, Confederate troops under J. E. McCord, and Texas Rangers. Final county organization was effected in the summer of 1876. Original settlers who bought state lands in the county were the surveyors and the men from Camp Colorado. D. A. Sinclair, an army officer, was the county's first lawyer.

"Once a trail, always a road," seems to be a valid statement about the thoroughfares of Coleman County. Early buffalo trails were later followed by the milit-

ary road marked out by Earl Van Dorn and by the "Jinglebob" trail of John S. Chisum. Modern Federal highways follow the Jinglebob and Van Dorn trails. An extension of the Santa Fe Railroad, from Temple to San Angelo, crossed the county in 1886, and business began to boom. Another line of the Santa Fe, the Pecos and Northern Texas, runs to the northwest.

Population in 1940 was 20,571 but dropped to 15,407 by 1950. Coleman is the county seat, and Santa Anna is the chief marketing point in the eastern part of the county.

O. C. FISHER

TEXAS, AND THE NATION — for that matter — will be a bit worse off as a result of the decision of Rep. Tom Pickett of Palestine not to seek reelection this year.

In the tug of war that goes on year-after-year up here, the courage and sound judgment of men like Pickett are recognized and appreciated. There is a natural tendency among a few Members to count the favor of Party Leadership in order to get more patronage rights, more publicity, more petty favors. They are whipped into line.

Actually, the vast majority of southern members buck that pressure and put the welfare of the country first. That has certainly been true in the case of Mr. Pickett. And during his eight years in Congress the folks in his district never wavered in their support when attempts were made to defeat him.

THE WOOL OUTLOOK was considered at a meeting called by Senator O'Mahoney of Wyoming last week. With all segments of the industry represented, the causes of the present stagnant domestic wool market was explored. Among others in attendance were Fred Earnwood of Sonora and Ernest Williams of San Angelo. Gene Ackerman of the Wool Bureau, Byron Wilson of the Wool Council, Wm. H. Stelwer, President and Casey Jones, Secretary of the National Wool Growers Association, were there. Many others representing growers, mills, top-makers, etc, were included, and there were a dozen Senators and a half dozen Members of the House on hand.

Recognizing a market slump of several months duration, the causes pointed to included:

1. Abnormally high "dumping" of Argentine and Uruguay wool tops into the U. S. market in recent months
2. Continuing imports of Australian and New Zealand wools at lower prices.
3. Reduced consumer demand in this country due to the excessive "scare" buying of clothing following the beginning of the war in Korea, and the buyer resistance that followed.
4. Reduced procurement orders

for military purposes. Of these contributing causes to the price slump, the most damaging was believed to be the excessive imports from South America. The Argentine government in its craving for American dollars has been, in effect, subsidizing their top-makers who sold their products in the U.S.A. Wool tops, which mean raw wool after it has been initially processed, can be sold at prices lower than the raw wool can be sold for by Argentine and Uruguayan growers. Yet, in this country it costs about 48c per pound to manufacture wool tops.

In other words, the same importer will buy Argentine wool at \$1.43 per pound when tops made from the same wool can be imported for \$1.42 per pound.

POSSIBLE REMEDIES that were suggested included a realistic "anti-dumping" law, whereby countervailing duties would be imposed to compensate for such subsidizing by foreign governments.

Another suggestion was that the President impose a quota program, something like he did in the case of long staple cotton, wheat, etc. Chances for this form of relief are admittedly remote.

Early announcement of military orders to meet foreseeable needs was suggested.

The growers recommended a program by the Department of Agriculture whereby growers could obtain loans of 90% of parity on current production, to meet the present emergency. This was preferred over the purchase method used in past years. The Secretary of Agriculture is expected to announce a decision on this within the next month.

World Day Of Prayer

The annual observance of the World Day of Prayer will be held locally again this year, with the First Christian Church, Mrs. O. J. Abro, chairman in charge of publicity, prepared the following article and will also prepare another article for next week's paper.

1952 THEME
"CHRIST, OUR HOPE"
Friday, February 29, — 2:00 p. m.
REBIRTH OF THE OBSERVANCE

The observance began in 1887 when Mrs. Darwin R. James, president of the Woman's Board of Home Missions of the Presbyterian Church in the U. S. A., called on all Presbyterian women in the United States to gather in their own communities on a specified date to pray for home missions. The response was so great that a day was set apart annually.

In the early nineties, under the leadership of two outstanding Baptist women, Mrs. Henry W. Peabody and Mrs. Helen Barrett Montgomery, a day was designated for unity prayer for foreign missions. For many years home and foreign mission groups observed days of prayer separately, but in 1919 they came together.

In 1920 the women of Canada joined them when the first Friday in Lent was chosen as the day of prayer for missions, home and foreign, and promoted by the Council of Women for Home Missions and the Foreign Missions Conference of North America jointly. Missionaries spread the idea of a day of prayer and at the request of many friends in other lands, it became a World Day of Prayer in 1927.

Since 1942 the planning, printing and promotion of the program in the U. S. has been the

task of the World Day of Prayer Committee of the United Council of Church Women, now the General Department of United Church Women of the National Council. The Service will be sent out to 104 countries by the Division of Foreign Missions, formerly the Foreign Missions Conference of North America. The service was held in 17,000 communities in the U. S. A. in 1951 with the offering of \$288,000.

THE OFFERING
The offering is divided equally between the Division of Foreign Missions and the Division of Home Missions who allocate it for interdenominational work.

THE PURPOSE
The purpose of the observance is to unite Christians around the world in prayer, and in the United States to make an offering to support interdenominational missions at home and abroad.

Lions Den

Plans were completed at the weekly meeting of the Lions Club for the annual football boys barbecue, to be held at the high school gym Monday night, March 10, at 7:00 p. m. Mr. McAdoo Keaton, assistant coach for Southern Methodist University, Dallas, will be the principal speaker and he will bring the color film of the SMU-Notre Dame football game played last year.

The barbecue will be for ladies as well as the Lions and football boys. Tickets will be on sale by next Tuesday and will be \$1.50 each. The Lions Club will sponsor the admission of all the football boys, high school and ward school.

The Program Committee, composed of D. W. McBride, Cullen Perry and Neal Oakes, got the speaker. Other committees appointed this week to complete arrangements were: Food Committee, A. D. Pettit, Bill Stiles, and Jesse K. Barton; Arrangement Committee, Ford Barnes, R. K. Green and D. W. McBride; Ticket Committee, W. V. Priddy, Tom Stewardson and John Gregg.

Thirty-nine members were present for the meeting and no guests. Making plans for the barbecue took too much time and

the program committee, composed of Neal Oakes and Ted McCaughan, did not have time to present their program. It was voted to have the program next week, with R. K. Green being the principal speaker and F. Z. Payne Jr., and Cullen Perry being the program committee.

ATTENTION LIONS: Those of you who have been missing the meetings lately have been missing a real opportunity for an hour of relaxation and fun that is worthwhile. With the coffee drinkers, the Tail Twister, the pie eaters and others all putting on a big show each week, you really ought to be present and enjoy the fun. Some good programs have been put on lately and others are in store for the Lions. Let's pick up the attendance and all will enjoy each meeting more.
